"The Photographer in your town."

OBITUARY

OLIVE GERTRUDE JOHNSTON.

The many friends of Mr. and Mrs. Bruce Johnston, North Monaghan, will sympathize with them in the death of their eldest child, Olive Gertrude, aged fourteen years, who passed away this morning, after a lingering illness. On November 5th of last year she was badly injured by being run over by a wago , and she never recovered from the effects of the accident, death finally ensuing. She was a bright, lovable child who was popular with her school mates and with all who knew her.

The funeral announcement will be made later.

MARION GERTRUDE McMANUS.

The death of Little Miss Marion McManus occurred last week in the Hospital for Sick Children in Toronto. Marion was four and a half years old, and the youngest daughter of Mr. and Mrs. T. B. McManus, 175 Lisgar Street, Toronto.

The funeral took place last Monday, October 23, from the family residence to Mount Hope Cemetery for interment.

HUGE SHIPMENTS OF WESTERN GRAIN

Number of C. P. R. Cars Loaded in Saskatchewan District 25,500.

MOOSE JAW, Sask., October 27.—Special.)—Out of a total of 44,817 cars of grain loaded at country elevators on the Canadian Pacific lines in the three prairie provinces between September 1 and October 14, 25,500 cars were loaded in the Saskatchewan district. In other words, 56.24 per cent. of the cars of the grain loaded in the three western provinces have been loaded in Saskatchewan district.

The total quantity of grain shipped on the Canadain Pacific lines up until October 14th was 65,219,498 bushels or an average of 1,455 bushels per car. It is thus easily seen that the total quantity of grain handled by the Canadian Pacific out of Saskatchewan this year is 37,192,500 bushels.

Two weeks ago it was estimated that 50 per cent. of the threshing had yet to be done in a large area with the enormous movement of grain that has taken place in these districts of the Canadian Pacific the elevator capacity has been gradually taken up and during the past week there have been reports from several towns that there was no room left in the elevators.

The grain is being rushed into the elevators in this district at a tremendous speed. When the Examiner representative visited the district it was found that every available man was being used on the threshing outfits, and that the grain was being marketed by the women and children. On the first three miles north of the horizon two weeks to-day, nine loaded grain wagons were passed and only one was being driven by a man and another by an adult woman. Boys and girls, seven and eight years up to about 15 years were the drivers of the loads—sturgy begrimed little youngsters, who acknowledged the traveller's salute with a happy shout, a wave of the hand and flash of white teeth in contrast with a dust-laden cheek. It was a most inspiring sight, when topping a rise of the ground, to see the fields of golden stooks stretching in all directions.

Dotted here and there were the threshing outfits, while along at what seemed a snails pace on every artery leading in the towns where little black dots representing a team with a wagonload of grain.

Some idea of the enormous increase in the quantity of grain handled this year up until October 14th, by the Canadian Pacific as compared with the amount handled during the same period in 1919 and 1921, can be obtained from the following figures :

Year	Cars Loaded	Bushels Marketed	Bushels Shipped
1915	32,336	46,840,000	43,006,880
1921	31,644	52,781,871	43,870,422
1922	44,817	84,959,194	65,219,496

It will be seen that the average number of bushels per car has greatly increased this year, over both last year and 1915. The average number of bushels per car handled up until October 14 of 1915 was 1,330 bushels and the average for the same period in 1922 was 1,386, while for this year the average has been 1,455 bushels per car.

The Canadain Pacific shipped 37,102,500 bushels or approximately that amount out of Saskatchewan, so far this year. The difference between the total quantity of grain marketed and the total quantity shipped in the three western provinces, on October 14, was approximately twenty million bushels. Saskatchewan has contributed 56 per cent. of the grain shipped.

FIVE MEET DEATH

HOLGATE, Ohio, October 27. — Canadian Press. — Two girls, Cecilia Royal, aged 14, and Thelma Seimet, aged 17, and three boys, Frank Royal, aged 17, Virgil Brown, aged 18, and aHrry Schwab, aged 17, were killed when an automobile in which they were driving was struck by a Baltimore and Ohio freight train at the crossing near here last night.

The new freedom enjoyed by Turkish women has caused increased exports of lipsticks from the United States.

Social Calendar

Mr. and Mrs. Ernie Brownscombe, who have been visiting in the city, returned to their home in Sharbot Lake yesterday.

Mrs. A. McIntosh, Cedar street, and Mrs. Joseph Mills are sub-convenors for the bazaar to be held soon by the Peterborough branch of the Ladies 'Auxiliary to the G.W.V.A.

The Catholic Women's League announce a card party to be held on November 2nd, in St. Alphonsus Lyceum.

Mrs. Chas. Quinlan and daughter Helen, and Miss Mary Gallagher have returned home from visiting friends in Toronto.

Mr. G. Pacey spent the week-end with Miss M. Gallagher.

BIRTH

McAULEY.—On Thursday, October 26th, 1922, at St. Joseph's hospital, to Mr. and Mrs. T. J. McAuley, a son.

IN MEMORIAM.

HOGAN. — In loving memory of Patrick Hogan, who died September 27th.

In loving memory of days gone by,
And a sigh for a face unseen,
A constant feeling that God alone
Knows best what might have been.
What would I give to clasp his hand,
His cheery face to see,
To hear his voice, to see his smile,
That meant so much to me.
—Sadly missed by his loving wife and little son.

THE ITALIANS FACE ANOTHER NEW ELECTION

Present Government Issues Proclamation to the People to Remain Calm During Crisis.

FASCISTI ACTIVE

ROME, October 28. (Canadian Press—The Italian Cabinet in a proclamation issued to the people to-day says that seditious movements having manifested themselves in certain provinces, the retiring government will maintain law and order "by all means and whatever cost, to the fullest extent," in order to safeguard the citzens and free constitutional institutions.

It exhorts the people to be calm, and to have confidence in measures taken for their safety.

Giant in Three Years.

The Fascisti, founded in April, 1919, by Benito Mussolini, editor of the Popolo d'Italia of Milan, has become the most powerful organization in the Italian nation. Its strength is such that for many months it has been dictating to the government and the government has not been able to resist.

Some weeks ago Sig. Mussolini informed the nation that there were actually two governments in Italy, one the official and the other the Fascisti. One had to go, he said, and as the Fascisti was the stronger, it would have to be the other. He virtually told the government that if it did not dissolve parliament and order new elections by November, he would do so himself.

Convention in Naples.

Since the beginning of October the Fascisti have been more and more insistent in their demands that new elections be called and that their members be given the most important portfolios in the Cabinet. Finally at the great convention of the organization at Naples on Oct. 24, Sig. Mussolini informed a large audience that the government had agreed to accept the Fascisti's conditions for participation in the government. These conditions were the granting of the portfolios of foreign affairs, war, navy, labor and public works to Fascisti members.

The Fascisti has a membership of more than 1,000,000 young men who fought in the Italian armies during the world war. It was formed at a time when the nation appeared to be drifting speedily to Bolshevism. Factories were being taken over by workers who hoisted the red flag and proceeded to run the works to suit themselves.

Up Come Fascisti.

Shortly after its formation in April 1919, the first group attacked the Socialist newspaper Avanti in Milan. The Socialists were routed. Then from all over Italy the men who had saved Italy during the war flocked to the Fascisti colors. They were determined that the gains for which they had paid so heavy a price in blood and treasure were not to be lost through the machinations of Red agitators.

The first moves were against the Socialist and Bolshevist newspapers and organizations, especially in North Italy. Then local groups put an end to strikes and other disorders engineered by the radicals. The most notable achievement in that line took place last August when labor called a general strike. It proved a flat failure through the efforts of the Fascisti who maintained railroad, street car and othre public services interrupted by the strikers.

After Old Glory.

The aim of the Fascisti is to restore Italy economically and to restore to the nation the glory and power that was anceint Rome's. Its spirit is entirely nationalist and in the short space of time since its inception it has rejuvenated the nation which appeared to be slipping towards Red chaos as a result of the dark days caused by the war. The Fascisti programme calls for maintaining the national fighting strength binding securely the territory gained through the war, keeping Italy to the fore among the great nations of the world, and the inauguration of great public works. And the Fascisti, it is asserted, has won over more than a half of the nation to its side.

THE WEATHER

I have received the following from Mr. Dan Whetung, Senior, of the Chemong Indian Reserve, as regards the weather for the coming fall and winter: "We are going to have rough weather this fall. I think it will be a long rough fall. We are going to have lots of snow this coming winter." While this forecast is rather non-committal he has promised to write again, and perhaps will go into more details the next time explaining the why and wherefore of his belief.—W. P.

WONDERFUL GRIT OF THE MEN OF NORTH ONTARIO

Their Bull Dog Courage Should Stimulate Peterborough to Over-the-week-end Increase Its Cash Donations to a Total at or Beyond $1000 Mark

It is evident that the people of Peterborough are again waking up to the terrible needs of the people of Haileybury. The $110.00 left at The Examiner office yesterday to be forwarded to the fire sufferers raises the total collected through this office to $611.00. A good spurt over the week-end would bring the sum to $1,000, a figure which would look much more respectable after Peterborough's name than the ones that have been standing for the past three weeks.

This is the season for Hallowe'en parties and other festivities. At a masquerade held in the city last evening by the Caledonian Club, Mrs. John Hurry, as Gipsy Queen, a fortune teller, raised $8.10 by the application of her art. This morning the proceeds were forwarded to The Examiner office, with instructions to turn them over to the Northern Ontario fire sufferers.

It is not hard to find evidences and examples of the wonderful fortitude of these great people in Northern Ontario. A despatch received from the scene of the disaster only yesterday tells us in the plainest of language that no pessimism exists in Haileybury to-day, but rather a wonderful spirit of optimism, redolent of the pioneer days, pervades the whole devastated town.

It is significant of the wonderful grit and bulldog Canadian courage shown by these people that not one citizen of Haileybury has thrown up the sponge and quit on account of the fire. Not one resident has left the city. That fact alone speaks more than volumes. Building is going ahead with feverish activity in order that there may be sufficient roofs raised before the full force of winter sets in, to shelter the people.

Haileybury is now rising phoenix like from her ashes. The very spirit of her citizens was welded together with ties that can never be broken by the fire that made them homeless, and the wonderful fighting spirit with which they took up the challenge, will go down in the history of our nation to glorify them for generations to come.

Money spent now to help build the homes and in other ways take measures to prevent some of the suffering which is bound to come, will mean a saving of many dollars over what will be necessary if we wait until the most acute suffering of the winter arrives. If we wait, many lives will be lost which would otherwise be saved and many needless hardships will be experienced. Neither Ontario nor Canada can afford to lose citizens of this type. These are the men and women who build, with wonderful foresight, not for to-day, but for the great future of our nation.

Contributions left at The Examiner Office will be duly acknowledged and forwarded immediately. The need is urgent. GIVE, AND GIVE NOW!

POLICE OFFICERS SUSPENDED WHEN BANDITS ESCAPE

Lt.-Col. Rattray, D.S.O., Commissioner of the Manitoba Provincial Police, Under Suspension.

TO INVESTIGATE.

WINNIPEG, October 28 (Canadian Press). — Lieut.-Col. J. C. Rattray, D.S.O., Commissioner of the Provincial Police, along with three subordinates, Inspector James Bain, Inspector W. R. Clarke, and Sergeant Ross, the latter in charge of the Brandon detachment, were suspended by the Provincial Cabinet in Council yesterday

The decision followed with sudden rapidity the failure of the police to capture the bank bandits who attacked the Royal Bank branch at Pipestone early on Wednesday morning, although they had been advised of the impending robbery on Tuesday night.

Simultaneous with the announcement by the Hon. R. Craig, Attorney-General, of the four suspensions, Mr. Craig stated that Chief of Detectives George Smith, of the Winnipeg Police Force, would take over the administration of the Provincial Forces, pending investigation of the Pipestone affair.

Colonel Rattray refused to discuss the matter for publication. It is expected he will make a written report to the Attorney-General later for the investigation, giving his side of the story.

Colonel Rattray had a distinguished war record On the outbreak of war he took command of the 10th Battalion, which he led in France. Attached temporarily to the First Division Headquarters, he rejoined the battalion soon after at Festubert. In the fall of 1916 he took command of his terrtorial reserve battalion at Bramshott. He was awarded the Distinguished Service Order in January, 1916.

It is understood the Attorney-Generals Department will give each police official concerned every possible opportunity of proving that all was done which could have been done before calling for his resignation.

In the event of Colonel Rattray's resignation being asked for, E. J. Elliott, former Chief of Provincial Police, is mentioned by the Tribune as a probable successor. Mr. Elliott was retred by the late Government after 27 years' service.

Obvious Drift of The British Again Toward Coalition

LONDON, Oct. 28.—(Canadian Press).—Arrangements between the Conservatives and the Coalition Liberals not to oppose one another's candidates in certain constituencies is given a big play in to-day's newspapers. As they have it, agreements for co-operation are spreading with an obvious drift toward reinstating the Coalition Government. It is the contention of Free Liberals that this situation reveals that the country is being shepherded back to its old policy.

On the Tory side extreme diehards are restive over this supposed tendency, and their attitude was summed up yesterday in the speech of a die-hard candidate in Yorkshire,s when he said he "would rather vote for the devil than for any Coalition."

BAND CONCERT SUNDAY EVENING

By kind permission of Col. A. W. MacPherson, the band of the Peterborough Rangers, under the direction of Capt. R. Gliddon, and assisted by many well known vocal soloists, will render the following programme in the Opera House on Sunday evening at 8.30 p.m.

A silver collection will be taken, and the proceeds forwarded to the Haileybury Fire Disaster Fund.

The King
March, 'Under the Stars'—Weiss.
Overture, 'Lustspiel'—Kela Bela.

Cornet Solo, 'The Garden of Your Heart' (Dorel)—(Corp. Layfield.
Intermezzo, 'Lyrique'—Vale-Lane
Selection, 'The Bohemian Girl'—Balfe.
O, Canada.

GRAPE FRUIT FROM AFRICA AT A SAVING

Unexcelled in Brand, the South African Product Would Cost $3.00 Less Per Crate.

FRUIT FOR EMPIRE

QUEBEC, Oct. 28.—A prominent citizen of South Africa, in the person of Sir J. Percy Filchard, K.C., M.G., was a passenger on the Canadian Pacific Empress of Britain when she docked here. He is accompanied by his son, D. C. Filchard, of Johannesburg, South Africa.

Sir J. Percy Filchard, who was born in South Africa,of Irish parents and is the author of a book, "Tracel Within," was said to have influenced the South African war. He was in the Jamieson raid and taken prisoner, when he served six months indurance vile and only released at the conclusion of the war.

He is no stranger in Canada. At the outbreak of the world war his second son was a student at the Agricultural College, Guelph, Ont. He enlisted for the war and was killed in action.

Large Land Owner.

Sir Percy Filchard, who is to-day one of the largest land owners in South Africa and engaged extensively in the fruit growing business is one of the best known and most respected citzens in the present day residing in the South African Free State. In the course of an interview Sir Percy said he was on his way to Callfornia to study the business methods in that American State in regard to the handling, packing and export of fruit. He will return to Canada in connection with business interests and will endeavor to propagate his industry in regard to concrete piping which takes the place of steel, and according to his idea far superior for shipping and construction work in building.

Fruit For the World.

Speaking of his South African interests he said that South Africa is destined to become a great fruit growing country. There were no such a thing as cold weather, it was an everlasting summer. On his farm he grew an abundance of fruit, his specialties being oranges, grapes, fruit and apricots and said it is the desire of all business interests in South Africa to trade within the British Empire, especially in Canada, where they were now buying largely and naturally wanted reciprocation in trade. Speaking of his fruit farm products Sir Percy said that the grape fruit growing in South Africa was equal to the best in the world, and that to-day all fruit growers in that country have been incorporated into a national association with an exchange which will enable them to export their products to the market of the world.

Saving For Canada.

He said they could sell to Canada grape fruit for less than six dollars a case that was now costing, he was told, importers in this country nine dollars per case, and he would guarantee his fruit to be of the highest order in nourishment and furthermore, he required no cold storage for its preservation.

NARROWLY ESCAPED DEATH ON CROSSING

Automobile Struck by Train of Cars at Port Hope.

PORT HOPE, Oct 28.—Stewart Glen and David Fox, of Cobourg, and two young ladies of this town, had a miraculous escape from serious injuries. They were driving in a car and approaching the Dorset street crossing from the east. At the same time the cars of the 10.20 train from the north were being shunted down on the siding and the car reached the crossing just as the baggage car came along. Fortunately the baggage car was moving verly slowly, otherwise the occupants of the motor would have been killed. As it was, the automobile was struck with sufficient force to drive it quite a distance and it was thrown up against the semaphore. The car was completely smashed; the radiator was crushed in, both rear wheels knocked off, the engine base on both sides broken, the lamp fenders and running boards torn off. And through all this smash up the occupants escaped without a scratch and the windshield of the car was not broken.

The party claims that there was no person either at the switch or crossing to offer any protection.

CHAMBERLAIN ISSUES ELECTION MANIFESTO

Says Struggles of Parties Must be Subordinated to Safety of Nations

BIRMINGHAM, Eng., Oct. 28.—(Canadian Press.)—In an election manifesto to his constituents Austen Chamberlain, former government leader says that he stands as Unionist and has been leader of Unionist party for past 18 months. "No difference of principle separates me from Unionist party or from its present leader", says Manifesto." I hope to give M. Bonar Law the same support that I would have expected from him if recent changes had not occurred but from beginning of war, I have felt that struggle of parties must be subordinated to safety of nation".

WILHELM PICKS WEDDING TEXT

Also Chooses Simple Menu For His Nuptial Breakfast on November 5.

BERLIN, Oct. 28.— "But the greatest of these is love."

When these words will have been spoken at Doorn by the venerable court clergyman, Dr. Vogel, on Nov. 5, the ex-Kaiser will have married for the second time, and the charming Princess Hermine of Reuss—almost 30 years the bridegroom's junior, and mother of five children —will be the successor to former Empress Auguste Victoria. She will be the successor, not in point of pomp and prestige, but in a union more durable than crowns, to the "Empress of Sorrows."

Chooses Own Text.

At the former Kaiser's own request the scriptural lesson dealing with the union will be from First Corinthians, XIII, 13. This was the identical passage used when he married Auguste Victoria, 41 years ago.

A curious feature is that this particular passage from the Corinthians is a translation by Martin Luther, great German religious reformer. It is different from the English translation, the English text saying "charity" while the German text says "love."

The program as ordered personally by the ex-Kaiser will be in strange contrast with the first nuptials of the pomp-loving ruler. The arrangements are even simpler than any person thought they would be.

The most striking illustration is the menu for the wedding breakfast, given to the printer.

Nuptial Breakfast.

Here is the fare as scribbled by William on a piece of paper.
Boullon in cups.
Salmon in aspic.
Ham with Cumberland sauce.
Shauderoid of fowl .
Roman punch .
Fruit .
Deserts.

This menu will be printed on the back of attractively colored post cards bearing a view of the exiled monarch's home at Doorn.

The wedding guests will reach Doorn on Nov. 4. On the evening of that day, the bride to be will reach Doorn bringing with her little "Princess Sunshine" — her daugheter, Henrietta, four years old who is the only one of her children to be present at the wedding. Two others Ferdinand and Carmo, will come to Doorn to live later, but will not reside with their mother.

Still Another

Peterboro, May 24th 1921.

'About three years ago I was taken suddenly ill with inflammation of the Bladder and Gravel. The pain was terrible. The doctor said an operation was the only cure. A friend brought me a bottle of Gallagher's Blood Puifier and two of the Kidney Remedy. I at once got relief and have had no return of the trouble since."

Yours truly,
T K. B.

The name and address of the above party, whom you can get over phone will be supplied you by The Gallagher Remedy Co., Limited, Peterborough. 1d 103

LOCAL MARKET QUIETER TODAY THAN OF LATE

But Plenty of Fowl Were Offering, Also Half a Dozen Turkeys at 45c. Pound.

EGGS 50c. AND 55c.

There was not as big a market as usual this morning in the open-air section, although the upstairs building swarmed with the usual crowds of buyers and shoppers, the former with full bags or baskets, the latter with inquiring expressions and inquisitive fingers.

Quantities of fowl were on sale this morning; chickens, hens, ducks and geese, with a half-a-dozen turkeys. Chicken was selling, according to its age, anywhere from 25 to 35 cents a pound; turkey at 45 cents; ducks from 27 to 30 cents and geese at 25 to 30 cents. These foolish birds were everywhere; fat and lean, with concave and convex forms, with and without their wing feathers, adorned with bits of parsley and in one instance, with scented geranium leaves.

Eggs Plentiful.

Eggs were more plentiful than on last Saturday's market, going to-day at 50 and 55 cents a dozen, with one woman offering her last few dozen at 45 cents. Butter was selling from 3 5to 40 cents per pound, with a goodly amount available.

Potatoes this morning were 75 and 80 cents per bag, and turnips, parsnips and carrots were plentiful. Onions were 40 cents a peck, turnips 25 cents a peck; green pears 35 cents a peck ,and there were many different varieties of apples. Number Three culled Spys were selling at $2.75 per bag, another dealer offering his under-grade Spys at $1.75 a bag. Snows were 30 cents a peck and McIntosh Reds 35 cents. The large red Wolf Rivers were 35 cents a peck also.

Downstairs, honey was selling at 15 cents a pound for the clover variety ,the dark brand asking 10 and 12 1-2 cents. Upstairs, in pint sealers, the clover was 30 cents, the dark in quarts selling at 40 cents.

A Weighty Decision.

Crabapples in small quantity were 40 cents a peck. Wild grapes at one corner were 40 cents a basket. One man had two loads of cabbages, selling from 25 to 60 cents per dozen, according to size. A diligent little lady buyer was making her third or fourth trip to his section. With a mind divided between the respective merits of the two loads, she prodded and poked the hard-headed vegetables, and revised her decision from time to time. The Peter Bell attitude of mind with regard to the primrose, as being nothing more than a primrose, was evidently not hers. She saw in those cabbages, although they looked much alike to the casual observer, qualities that led her to spend much time and thought on a wise choice. Her final if any, decision, was still a matter of doubt when she was last seen, her fascinated gaze still viewing the loads of green, curled vegetables.

Pork in several conveyances was selling at 18 and 20 cents a pound, and little pigs on the hoof at $15 per pair.

OBITUARY

MRS. JOHN McCREA.

The death of Mrs. John McCrea occurred to-day at her home in Omemee.

The late Mrs. McCrea was ninety years of age, born in Ireland, and has lived in Omemee for the last sixty-one years. Her husband predeceased her about twelve years ago.

She leaves to mourn her loss, four daughters, Lady John Eaton, who is visiting in Europe at present, Mrs. R. J. Mulligan of Lindsay, Miss Anna McCrea of Toronto, and Miss Ellie at home; three sons, John and Arthur of Toronto, and William of Winnipeg. The late Harper McCrea was also a son of the late Mrs. McCrea.

The funeral service will take place from the late residence to the Omemee Cemetery, on Monday, 30th October. Rev. Mr. Stillman will conduct the service.

MRS. JOHN A. HARTLEY.

The funeral of the late Mrs. John A. Hartley took place from her late residence, 52 Murray Street, yesterday afternoon at 2.30 o'clock. Rev. Harold Young was the officiating minister. The interment took place in the Little Lake Cemetery. A large number of friends attended the service.

DIED.

GRAY. — Died at Lindsay, William Gray.

Funeral will take place from the residence of his son, F. A. Gray, 218 Aylmer street., on Monday afternoon, at 2 o'clock. Private.

Temperance Leader Here in Canada To Get a Prescription

MONTREAL, Oct. 28.—(Canadian Press).—The resentment of Premier Tascherau's recently published remarks about him and his temperance tour in Canada was expressed by Dr. C. W. Salesby, chairman of the Executive of the World's League Against Alcoholism, at the conclusion of a temperance lecture here last night.

"Premier Taschereau has suggested that I have no business here," said Dr. Salesby. "He says to me: 'Physician, heal thyself.' Well, the physician has come to Canada for a prescription. Next month representatives from all over the world are coming to Canada for the same purpose, and we expect to heal ourselves with prescriptions obtained from seven dry provinces of this country."

AIR PASSENGER SERVICE GROWS

London Is Planning For Opening New Routes Next Spring.

LONDON, Oct. 28.—(Associated Press)—The London-Berlin airway, the first section of which,—that between London and Holland—was opened recently, completes an aerial service of eleven planes leaving London daily for the Continent. The popularity of the airways among tourists during the past summer has led to plans for routes to be opened in the spring which will connect London by air with all of the principal points within a radius of 500 miles.

These plans included daily trips to Scotland, Deauville, Denmark, Ireland and Luxemberg. It is proposed also to keep several plans for trips a feature of travelling which has proved popular with American tourists. The cost of these journeys is about four pence (eight cents) a mile.

The new London-Berlin route is being operated by an English company, and a double service will be run in each direction from Rotterdam daily until the route is completed. The trip will take two and a half hours, and will be made for £4, or little more than 3½d a mile. The second stage of the journey will be opened about October 30, when the route will be from London to Hamburg and Berlin.

At the present time five planes are making eight trips daily between London and Paris, carrying an avcrage of three persons on each trip. The routes to Rotterdam, Brussels and Antwerp are constantly filled in advance and carry a full capacity of freight.

LOUIS' CAFE TO OPEN WEDNESDAY

On Wednesday next, November first, there will open at 194 Charlotte street next to the New Central Meat Market, Louis' Cafe, said to be the most expensively fitted restaurant in the district. It will be operated cafeteria style and no pains or expense will be spared to give patrons the best of service.

The public is invited to inspect this thoroughly modern and up-to-date establishment, and to note the sanitary fittings.

A feature of the new cafe in addition to its elaborate and tasteful decorations will be a electric toaster and pancake grill which will be installed in the window.

WAS NEGOTIATING TO REORGANIZE COMPANY.

The sudden death from heart failure of Mr. Byron Lederer in the King Edward Hotel, Toronto, last Monday night temporarily suspended the negotiations which he had been conducting for the reorganization of the Birmingham Motor Company. It is understood that Mr. Lederer had reached an encouraging stage in the new plans for the company, and that they are now being carried on by other Birmingham officials.

MATCHED WITS AGAINST CHIEF LAND IN GAOL

Chief Newhall and His Assistants Proved Too Astute for the Hill Brothers.

LAWLESS NATURES

In the criminal course the Hill brothers, William and Davis, of Dummer Township, have deliberately followed during the last ten years, they matched their wits against Chief Newhall and his assistants, and invariably they lost. To-day they occupy separate cells in the penitentiary at Kingston, whose bolts and bars are symbols of their servitude and their utter defeat in the conflict they have waged against society as represented by their unoffending and peaceable neighbors. They were united last week behind the prison walls in consequence of the conviction of Davis Hill for poisoning two cows belonging to his sister-in-law, Mrs. Russell Hill, and his sentence to two years by Magistrate Langley. William Hill is serving a term of five years for poisoning in 1921 eleven cattle owned by William Davis, whose ranch is close to the Hill farm.

"In my recollection there hasn't been one season that we weren't out there for something or another," is Chief Newhall's testimony to the callous disregard of these two young men for the rights and property of others, and their propensity to lawlessness and the annoyance of neighbors. Chief Newhall could furnish an interesting volume of his detective experiences in the retracing and solving of crimes in which these brothers have been implicated. And the more intricate the plots that had to be pieced together and reconstructed, the more brightly they reflected the skill and success of Chief Newhall and his police associates.

William's History.

William Hill's record could be easily padded for narrative purposes into a lengthy recital by reference to the court chronicles, but in the casual recollection of the police he served thirty days for fraud, and another three months in jail in 1913 for stealing a fur-lined coat. In 1916 he was sentenced to two years in prison for stealing cattle from William Davis, and was released, apparently fixed and set in the way of transgression. In 1921, for poisoning eleven head of cattle that also belonged to William Davis, he was sent to penitentiary for five years, of which he has still three to serve.

Brother's Crime Sheet.

The police remember Davis Hill's first particular involvement in the affair of the stolen coat in 1913, for which he was charged with "illegally receiving." Former Magistrate Dumble gave him the benefit of a doubt, and set him free. But in 1916 he was convicted on four separate charges of cattle-stealing, and the annals of the court relate that he was committed to prison for five years.

Brother Davis had barely returned to the old homestead when, in 1921, he and William were arrested on charges of poisoning William Davis' eleven head of cattle.

"Through his brother William taking all the blame on his shoulders,"

Northumberland Liberals Defer Naming Candidate

Mr. J. N. Stone Re-elected President of the East Riding Association at Its Annual Meeting Held at Warkworth Friday—G. N. Gordon's Address.

PREPARE FOR ACTION.

WARKWORTH, Oct. 28.—The opening gun in the campaign by the Liberals of East Northumberland for representation in the Provincial House at the next election was fired yesterday at an organization meeting held in the Town Hall at Warkworth, at which were present G. N. Gordon, K.C., M.P., and J. D. Peck of Toronto, Secretary and Organizer of the Ontario Liberal Association.

Although the representation, on account of inclement weather, was not considered sufficient to justify the nomination of a candidate, the general tone of the gathering showed a desire to get into the fray in earnest. On motion, it was decided to adjourn the meeting at the call of the Executive, who will organize in their several districts at once, and report later, when a candidate will be chosen.

Elections for the Liberal Association of East Northumberland resulted as follows: President, (re-elected by acclamation) J. N. Stone, of Campbellford; Secretary-Treasurer, (re-elected by acclamation) F. W. Brintnell, of Colborne. The Vice-Presidents from each municipality were: Township of Percy, Harry Aylesworth, of Norham; village of Hastings, John Collins; town of Campbellford, D. J. Lynch; township of Seymour, Marshall West, of Campbellford; township of Brighton, Wesley Harrington; township of Murray, W. A. Smith, R. R. No. 1, Trenton; township of Cramahe, Clarence Massey, of Morganston; village of Brighton, Edward Bates; village of Colborne, J. F. Wilson.

The President, J. N. Stone of Campbellford, occupied the chair, with the Secretary-Treasurer, F. W. Brintnell of Colborne, G. N. Gordon, K.C., M.P., of Peterborough, J. D. Peck of Toronto and Dr. W. G. Armstrong of Colborne on the platform.

G. N. Gordon's Speech.

Mr. Gordon prefaced his address with an allusion to the two schools of thought—the Conservative and the Liberal—the former believing that no reforms are necessary unless there is a pressing need for them, and the latter believing in gradual reforms by the will of the people. He referred to the agitation of the Tories at one time against the introduction of public schools, on the ground that their children would be associated with the common people, and said that the really great men of the country had all come from public, "or what is akin to the public, the separated schools."

The Tories were always prominent in war time, because times of war almost necessarily required concentration of action and movement and control in the hands of a few, but the Liberal form of government, which was a reference to the will of the people, came into its own in peace time. He said "there are only 50 Tories out of the 235 representatives in Ottawa, and if you look at them you can see that rigor mortis has already set in in the party." He considered that the movement in 1911 against trade of raw products in the United States resulted in the falling of prices today that made it impossible for the farmer to realize a true profit on his labor. It was impossible for Canadians to consume the surplus of 300 millions of bushels of wheat that the country produced over and above its own internal needs, but the tariff of 38 cents a bushel against Canadian wheat imposed by the United States made it impossible for the Canadian farmer to market his grain at a profit.

Mr. Gordon reviewed the growth of the Progressive party, which he regarded as having been caused by the lack of sympathy with the aims of the farmers which the tillers of the land apprehended in their fellow-citizens.

Liberal Record.

"The Meighen Government went out," said Mr. Gordon, "after a billboard campaign which had for its slogan, 'After Meighen, What?' We can give the answer to that question now, 'After Meighen, Decent Government.' The Meighen Government's attempts to keep money in circulation through its friends was instanced in a reference to the extra and unnecessary session called by it 'to ratify the peace treaty,' a ratification which was useless and for which the country paid over a million dollars. Mr. Meighen never understood the rights of the common people, because he was brought up in the school of special privileges."

Mr. Gordon referred to the good work done in the brief tenure of existence of the Liberal Government; in the reductions in tariff on many of the necessities of life, the 5 per cent. increase in the British preferential tariff, the cloathing, boots and shoes "which have become cheaper" for the simple reason that there is now opportunity for competition and the Canadian manufacturer must now meet the consumer on a basis of fair dealing.

The Canadian dollar is now at par, and in some places in Canada

PROTESTS OF THE FORD ARE THROWN OUT

Bluenose Awarded the Cup But Left Gloucester With Flag at Half Mast For One of Her Crew Is Dead.

WAS GOOD RACE.

GLOUCESTER, Mass., Oct. 28.—(Canadian Press.)— The victory of the Bluenose, the Canadian defender, over the Henry Ford, American challenger, for the North Atlantic fishing vessel championship, was sustained late yesterday by the International Committee. Its decision was unanimous that fair play calls for the award of the Cup to Captain Angus Walters and his men, winners of the last two races.

Almost at the same moment that the committeemen disposd finally of the protests against the Bluenose win of Thursday, the schooner slipped out to sea in the dusk, flag at half mast, the men not knowing of the award. Skipper Angus, a man of sorrow, stayed behind, to go back with the body of Captain Bert Demore, of Lunenburg, N.S., his nephew, and a member of his crew, who fell overboard from a wharf during the night. Death was due to accidental drowning, it was certified, but an inquest was called to complete the formalities.

Captain Clayton E. Morrissey, of the Henry Ford, attached his name to the protests against the Bluenose yesterday that they might have a hearing, but the said to Captain Angus that they had a good race on Thursday and that there was no hard feeling.

When word came that a member of the Bluenose crew was dead, he went at once to the wharf where she lay with flag at half mast, to extend his regrets.

In the review of the protests, the International Committee found evidence only on two of the four points. There was no United States observer on the Canadian boat on either of the last two races, it was agreed, but it was found that there was no mandatory provision in the deed of gift for such an official. It was agreed, too, that there had been a change of staysails on the Bluenose, but there was no evidence to show that the sail area was increased and Captain Angus Walters filed a formal statement that the substituted sheet was part of his working equipment. The charge that ballast had been shifted on the schooner in the absence of an official observer, was not supported, and Captain Walters in this connection signed a statement saying that ballast was not changed during the race. The complaint that the set of sails with which the Bluenose raced was not that with which she fished, was met with the skipper's assertion that they had seen service on the fishing banks.

As a separate proceeding the United States members of the International Committee met and agreed that the Sailing Committee, its subsidiary body, erred in declaring the first contest of the series on

(Continued on page 5.)

England Almost Swamped With Flood of Election Talk

Herbert Asquith Delivers His First Campaign Speech at Peterborough — Lloyd George in Glasgow.

CHURCHILL IN BED.

LONDON, Oct. 28.—(Associated Press.)—The election campaign has now reached a stage where there is such a number of political speeches and pronouncements that it is becoming almost a physical impossibility for the newspapers either to report or follow them.

Herbert H. Asquith, former premier, and Winston Spencer Churchill, Colonial Secretary in the Lloyd George Cabinet, were the two principal figures engaging attention yesterday. Mr. Asquith, who had been rather slow in getting into action, delivered his first important campaign speech at Peterborough. His address was devoted chiefly to criticizing the Coalition Government's shortcomings and the new Bonar Law ministry.

"We have to-day the usual spectacle of two authors of coalition, Lloyd George and Bonar Law, writing rival epitaphs to carve upon its tomb," declared Mr. Asquith.

The speaker described the two wings of the coalition and hitherto in the same stable, as now separated, but still neighing wistfully over the temporary paling separating them. He alluded to Reginald McKenna, former Chancellor of the Exchequer and now director of the London City and Midland Bank, as the sixth party in the election and declared he was surprised to find him on a Tory platform. Bonar Law's policy was characterized as "when not negative, gelatinous." Referring to the Laborite manifesto, Mr. Asquith said that Labor on many questions spoke almost with the same voice as the Liberals, but their ultimate purpose was gradual accomplishment of organized control of enterprise by the State over a greater part, if not the whole, of the industrial field.

Voices in the Wilderness.

His own party, Mr. Asquith described as "few in number—voices crying in the wilderness—derided in debate and overwhelmed in the division lobbies." But, he added, they fought on and challenged any other party with their record.

Mr. Churchill is still confined to bed in consequence of an operation for appendicitis and although recovering, he has been obliged to entrust his campaign in Dundee to others. To-day is issued a manifesto, considered in political circles the most breezy that has yet appeared, containing biting phrases at the expense of the Conservatives who smashed the Coalition. Notable in the manifesto is Mr. Churchill's declairation that a centre party, such as his chief, David Lloyd George, is credited with aspiring to create, is, in his opinion, needless.

Churchill a Liberal.

Mr. Churchill declares himself a Liberal and Free Trader, but says he is willing to co-operate with Progressive Unionist elements if this should be necessary to counteract what he terms the predatory and confiscatory policy of the Socialist Labor Party.

A reference is made by Mr. Churchill to the fact that the Bonar Law miinstry is the first pure Conservative ministry since Salisbury's administration in 1885. It was during this period that secession of a part of the Liberal Party occurred over Gladstone's Home Rule for Ireland Bill, and since that time whenever a Conservtaive ministry has been in power it always has had an infusion from those seceding Liberals, called Liberal Unionists.

Lloyd George yesterday delivered addresses while on his way to Glasgow. He was given an ovation by the University students and crowds of people at the station at Glasgow, where, to-day he will deliver a speech, Austen Chamberlain, Chancellor of the Exchequer in the Lloyd George Cabinet, spoke to his constituents in Birmingham last night. He defended his course in the Coalition Government and during the recent crisis. He said there was virtually no difference in the Bonar Law programme and that of the Coalition.

IS LONG TIME SINCE PARTY WAS IN POWER

LONDON, Oct. 28. — (Canadian Press).—In a letter written from a sick bed to his constituents in Dundee, Hon. Winston Churchill points out that the present is the first time since 1885 that a purely Conservative Government is in power. But whereas the Govern in 1885 was represented by the whole genius of the Conservative party, the present Government is short of many of the ablest and most experienced Conservative leaders.

He declares it absurd to pretend that Bonar Law has vitality, resourcefulness or constructive capacity superior to that which Lloyd George is endowed, or that Lord Salisbury has poise and sagacity which Lord Balfour lacked.

PRETTY WEDDING IN CENTREVILLE.

Daughter of Mr. and Mrs. George Berry Becomes the Bride of J. Chester Fisher.

CENTREVILLE, Oct. 28.— One of the prettiest weddings ever celebrated in Centreville Presbyterian church took place at high noon on Thursday, October 26th, when Helen Marie, youngest daughter of Mr. and Mrs. George Berry, 4th Line, Cavan, became the bride of J. Chester Fisher, son of the late ex-Reeve Robert Fisher, and Mrs. Fisher, of South Monaghan. The bride, who was unattended, was given away by her father, and wore a beautiful dress of white duchess satin, veiled in radium lace, her veil being daintily arranged coronet fashion, and her bouquet of Ophelia roses with maiden hair fern. The church was handsomely decorated for the occasion, white ribbon streamers separating the guest pews from the remainder of the auditorium, which was filled with friends of the bride who had gathered to do her honor. Rev. A. H. McConnachie, pastor of the church, officiated, and the bride's sister, Mrs. J. B. Lang, played the wedding march, and presided at the piano throughout. Previous to the ceremony, Mr. Foster, of Orono, sang the solo: "No Rose in All the World," and during the signing of the register, Mr. Gamsby, of Orono, also sang. The ushers were Mr. James Finney, of Monaghan, a cousin of the groom, and Mr. George Berry, the bride's brother; the latter, with Miss Mary Dawson, also a cousin of the groom, witnessed the signing of the register.

A reception was afterwards held at the home of the bride's parents, the newly-wedded couple standing under an arch of white bells and ribbon bows, Mrs. Berry and Mrs. Fisher, Sr., receiving with them. About fifty guests were present, including only the immediate relatives and intimate friends of both families, and a dainty buffet luncheon was served following the reception Mrs. D. H. Evans, Miss Mary Dawson, Miss Lottie Earl, and Messrs. J. Finney, J. T. C. Lang, and G. Berry assisting. The wedding cake, which was an especially handsome one ,occupied a place of honor upon a separate table in the dining room, white ribbon streamers being caught at the four corners of the table from a large white bell overhead. The bride placed the knife in the cake, according to the time-honored custom, before it was cut, and served to the guests.

The happy couple left on a motor trip to Niagara, and other points, the bride travelling in a navy blue poiret twill suit, and black velour hat ,with silver trimming.

On their return Mr. and Mrs. Fisher will reside in South Monaghan. The presents, which included a number of cheques, were numerous and costly, testifying to the popularity of the bride as well as to her host of relatives and friends. The groom's gift was a substantial cheque, and the present from the bride's father was a handsome piano from one of the best firms on the market. The guests from outside points included: Mr. and Mrs. J. T. C. Lang, of Peterborough, Mr. and Mrs. D. H. Evans, of Warkworth, Mrs. D. N. Sayles, of Oak Heights, Mr. and Mrs. R. J. Doak, and Mr. and Mrs. S. E. Eakins, of Millbrook, Mr. and Mrs. T. H. Aikins, of Fallis Line, and Messrs. Foster and Gamsby, of Orono.

PASSED CENTURY MARK

S. Lockhart Died at Cobourg Aged 101 Years.

COBOURG, Oct. 28.—The death occurred here of probably the oldest resident of this county, in the person of Samuel Lorkhart. Deceased was 101 years of age, and had resided here for some years, coming here from Warkworth. Deceased was an old employee of the Grand Trunk Railway and had received a pension from them for many years, as the result of losing an arm in the company's service. He was a bachelor and had no relatives in the county, as far as is known. He was born in the old country, but had resided in this country most of his life. The remains were taken to his former home at Warkworth on Saturday for interment.

MANY FSIHERMEN LOSE LIVES IN ATLANTIC STORM.

ST. JOHN'S, Nfld., Oct. 28. — (Canadian Press).—Twenty-two men were lost with twenty-six dories from a Portuguese fishing vessel, name unknown, during a North Atlantic gale of three weeks ago, according to the French steam trawler Fleurus here from the Grand Banks. The trawler stated that the news reached here indirectly.

$3,009 CASH IN BOLD HOLD-UP OF POST OFFICE

Postmaster at Galilee, Sask., Held Up By Auto Bandits Who Ransacked Office.

OVERLOOKED $2,500.

MOOSE JAW, Oct. 28.—Armed highwaymen held up J. Wilson, storekeeper and postmaster at Galilee, on the Canadian Natoinal Railway thirty-five miles south of Moose Jaw on Wednesday night and made a getaway with $3,000 in cash. An envelope containing $2,500 which was in the store, was overlooked by the robbers in their haste.

Mr. Wilson, who lives above the store, was awakened about midnight, when a big automobile stopped in front of the store and a demand for gasoline was made. Mr. Wilson dressed and went downstairs through the store. He went to the gasoline pump and in doing so saw that there were three men in the car. Just as he made ready to fill the gasoline tank, one of the men flashed an lectric torch in his face and called "Hands up." One man was left to guard Wilson while the other two ransacked the store. When the robbers had found the $3,000 they came out and ordered Wilson back into the store. They left town travelling north.

Post Office Inspector McNaughton has received word from Galilee that none of the post office documents and money was taken. The provincial police have been engaged in a search for the robbers all day Thursday and yesterday, but as far as can be ascertained, no trace of them has been found.

The only way to have a friend is to be one.

United States Ships Cannot Carry Booze

NEW YORK, Oct. 28.—(Canadian Press.) — United States steamships cannot carry or sell liquor in any part of the world, Federal Judge Hand held yesterday in a decision dismissing the suit of two United States' steamship companies to enjoin enforcement of the Daugherty prohibition ruling.

The ruling was laid down in a decision supplemental to the one rendered on Monday, dismissing the application of foreign ship lines attacking the validity of the Daugherty holding that no ship should enter or clear from a United States' port with liquor on board.

GETS JUDGMENT BALANCE WAGES

Action By W. Johnston Against E. S. Duggan and Others to Recover $250.

This action, being one brought by Willis Johnston of Chandos, against E. S. Duggan, J. S. Beatty and W. L. Burnand, for $250.00, balance of wages for services rendered as caretaker and cook at the lodge of the defendants at Loon Lake, was tried before His Honour Judge Huycke yesterday at a special sittings of the County Court.

Mr. J. A. O'Brien appeared for the plaintiff, and Mr. J. M. Forgie of Toronto, for the defendants. Judgment was given by His Honor for the plaintiff for the amount claimed and costs. The defendants disputed hiring of the plaintiff, and denied that there was any agreement to pay. However, his Honor found that there was an agreement to pay the plaintiff $100.00 a month from July 11 to November 17, 1920, and gave judgment accordingly.

MANY CHANGES ARE COMING IN U. F. O. CIRCLES

Resignations Are Mooted and the Shareholders and Club Members Await Annual Statement.

NO DIVIDEND.

LONDON, Ont., Oct. 28.—Middlesex shareholders of the United Farmers' Co-operative Company are awaiting the close of the year to see the statement of that company's affairs.

The opinion here is that the company has not had a successful year and this is helped out by reports in the Oshawa paper now edited by the former editor of the Farmers' Sun, that the losses in the Co-operative have again occurred and that a dividend is unlikely again this year.

The methods of financing are believed to be the feature of the coming annual statement, but where the interest of Middlesex shareholders seems to be is in the fact that several have intimated the intention of moving for an entirely new Board of Directors.

It is pointed out that R. W. E. Burnaby is President both of the United Farmers of Ontario and also of the United Farmers' Co-operative Company.

Rev. W. A. Amos of Palmerston, it is said, is a director of the company, but at any rate is a director of the Farmers' Publishing Co., which controls the Farmers' newspaper, the Sun.

W. C. Good of Brantford, as the head of the Brant Co-operative Co., whose affairs are said to be unsatisfactory, is another director of the U.F.O.

J. J. Morrison is Secretary of the U.F.O., the Co-operative, and, along

Get the FREE Quaker Cooker to Cook Your Quaker Oats

QUAKER OATS cooked in the ordinary way are good—cooked in the Quaker way they are more appetizing, more nourishing and more readily digested than any other cereal.

To cook Quaker Oats the Quaker way, you need a double boiler.

To make it easy for every user of Quaker Oats to get a good double boiler, we are giving coupons with Quaker Oats, in exchange for which we will send you, free of all charge, a two quart (wine measure) cooker made of the finest aluminum. Every carton of Quaker Oats contains a coupon, and each coupon gives full particulars of the plan for procuring this splendid premium. The Quaker double boiler is 99 per cent pure aluminum made by a Canadian manufacturer of national repute, and is guaranteed for ten years.

Quaker Oats, the finest oats in the world, are the most nourishing of all breakfast foods. *And they cost less than one cent per serving.*

Buy Quaker Oats—Save the Coupons—Get the free Quaker Aluminum double boiler—and make Quaker Oats porridge the Quaker Oats way.

Take the first step to-day. Ask your grocer to send you a package of Quaker Oats—and look for the coupon.

Quaker Oats

In Sealed Cartons Only

QUAKER MILLS
PETERBOROUGH AND SASKATOON

Also makers of Quaker Flour, Puffed Rice and Puffed Wheat, Tillson's Health Bran, etc. of the same high standard as Quaker Oats.

The Quaker Oats way to make Porridge.

Stir slowly one part of Quaker Oats into two parts of freshly boiled water. Remember to salt the water to taste before adding the oats. Cook in a double boiler for half an hour. No further stirring is necessary as the double boiler prevents burning.

Our five minute plan is a convenient way of having Quaker Oats always ready for breakfast. Cook Quaker Oats at any time during the day according to the above recipe and when cooked leave in the double boiler, but set aside until the next morning. Five minutes is then sufficient to heat it for breakfast.

SATURDAY, OCTOBER 28, 1922.

THE DIVISION COURT CLERKSHIP.

A brother-in-law of Mr. Tooms, Provincial member for West Peterborough, has been appointed, it is announced Clerk of the local Division Court, a fairly lucrative position.

Doubtless, so far as qualifications are concerned, the appointment is safe from criticism.

But there will be some surprise that among Peterborough's returned soldiers there could not be found some veteran quite capable of administering the duties of the position.

The ex-service men have certainly a right to expect that in appointments of this kind the Province in which they enlisted and to which they returned will not fail to give them at least a chance.

The local veterans, like the local labour leaders, seem to have been passed over entirely in connection with the Division Court vacancy.

It seems evident that nepotism is sometimes more potent than the ordinary brand of patronage.

THE FIRE INQUIRY.

The desire of the people of Haileybury that they should not be bothered with a fire investigation until they have made sure of shelter for the homeless before winter sets in, is easily understood and will be generally sympathized with.

There is no time to spare and every hour will be needed to ensure comfortable housing for those whose homes were destroyed.

At the same time, however, it is difficult to see how the Fire Marshal's inquiry can be postponed.

To ascertain as soon as possible the causes of the terrible fire and to prevent if possible a repetition of such a conflagration would seem to be a pressing duty.

There is something bigger than the distress of the people of Haileybury in this disaster.

That is the question of providing better protection for the whole Northern Ontario district, of eliminating fire hazards so far as may be possible and of saving other sections from the terrible experience through which the Haileybury district has passed.

If the Fire Marshal's investigation can accomplish these things or help to do so it should be proceeded with at once, annoying as it may be to those who are racing against time to get a roof over their head before winter's grip closes firmly upon the Northland.

WHERE THE SHOE PINCHES.

The consumer who pays what he believes to be a ridiculously high price for a basket of fruit often listens in wonderment to a producer complaining that there is no money in the business for the man that grows the fruit.

The trouble lies in the cost of distribution.

A New York State country weekly throws some light upon the handling of farm produce—light that perhaps will enable the consumer to see that the producer may be quite right in his complaint.

A fruit grower has been for some years shipping a number of baskets of fine pears to Baltimore. For the last three years he has been paid at the rate of 15c per basket.

For transporting and handling these same pears the express company and the commission house shared $1.40 a basket.

When the fruit finally reached the consumer he paid more than $1.55 per basket, for the retailer's profit had to be added in.

A spread of $1.40 on one basket of fruit between producer and consumer seems to be all the traffic can bear.

The cost of production is not at fault: the cost of distribution is the chief cause of trouble.

TOMORROW NIGHT'S CONCERT.

The band of the 57th Regiment has made it possible for many people to contribute to the Northern Ontario Fire Relief Fund.

With commendable desire to be of assistance in this splendid cause, the band has arranged to hold a concert in the Grand Opera House tomorrow night, the proceeds derived from which will be donated to the Relief Fund.

A collection will be taken at the door, thus affording an opportunity for many citizens who have hesitated to send in small subscriptions to the fund to do their bit on behalf of the thousands of homeless and destitute people in the fire-swept area.

The concert will commence at 8.30 o'clock, an hour that will not conflict with the church services, and the Grand should be crowded to the doors.

Peterborough has not done as much as a community as she should do for the fire victims, but the total should be materially increased as a result of tomorrow night's concert which has been arranged by the members of the band on their own initiative and in the sole desire to help along a cause that they regard as in every way worthy.

There is need of every dollar that can be raised, and the citizens of Peterborough should welcome the opportunity that has been afforded them by the band of the 57th Regiment.

HERE IS ONE CAUSE FOR APATHY.

Several Ontario newspapers have been devoting some editorial space to the subject discussed in a number of articles in these columns this week, the apathy of the Canadian electorate as exemplified by the bye-election held in Russell and in South-east Toronto.

In Russell only one-third of the electors cast their ballots, while in Toronto the showing was even worse, not more than one-fifth of the total vote polled, and with not a single vote registered in several polling subdivisions.

The Ottawa Journal, discussing this aspect of the bye-elections, gives its theory in regard to the failure of the electors to take an interest in the campaign.

"There are probably several reasons," says the Journal, "but the main one, we think, is this: An appalling sterility of ideas, policies, or aims, on the part of all the candidates. The public is wearied to the point of disgust with the old clap-trap politics. It is sick of hearing politicians indulge ancient threadbare platitudes, sick of discussions and controversies that have no relation to realities, sick of pussyfooting, sick of trickeries that lack even the merit of originality, sick of hoary appeals that no longer possess meaning. There was no real issue in either South-east Toronto or Russell. With one exception (Col. Currie there was nobody much worth while and little worth while to vote for. Whichever way the elector balloted, he was powerless to do good.

Nor are Russell and South-east Toronto isolated exceptions to the rule. On the contrary—the fact is becoming more and more evident with time—the calibre of men desirous of parliamentary honours has suffered a serious decline. Instead of seeking careers in the public service, our best men embark upon commercial pursuits and take small interest in affairs. The Browns, Blakes, Merediths, Whitneys, Mowats, and Cartwrights have left few successors; even the rank and file has gone down.

The situation is a serious one. It is serious, because a high scale of public service, public interest, and public intelligence is essential to a democracy's success. Apathy, indifference, lack of vigilance, are the breeding grounds of inefficiency, and corruption.

LABOR ENTERS THE ARENA.

The Labor party of Britain has given proof of its astuteness and the cleverness of its political strategy. Austen Chamberlain threw down the gauntlet to the Labor party at the Carlton Club when he charged its followers with favoring doctrines of communism and extreme radicalism. Labor has no recriminations to hurl back, but it issues a blanket manifesto that is spread like a net to catch every possible vote among what are called the "lower classes." If Labor is to have a larger representation than the seventy odd seats she held at the dissolution of Parliament, she must draw an appreciable number of working class votes which are now polled in favor of the old political parties. She must tempt the worker with pledge and promise and the bait must be most cunningly prepared.

If Labor had issued a flamboyant document with nothing but the advanced doctrines of Communism and the Third Internationale in its paragraphs, it would have alienated that large body of moderate Trades Union sentiment that two months ago repudiated Bolshevism at Blackpool. If she had talked nothing but generalities and reiterated the catch-words of Socialism, she would have heard from her Communist wing with a notice to quit. So Labor—the party that the older politicians but a few months ago were declaring was unfit, through inexperience, to govern—shows that it is a pastmaster in political manoeuvring by putting forward a manifesto of such breadth that it appeals not only to the rank and file with its variegated shades of opinion, but also to those who stand hesitant on the brink of the party.

In its main aspect the document is a class appeal. Throughout its clauses, there runs the effort to solidify the ranks of the workers by pitting them against Capitalism. This may be good politics when Labor has got to fight Toryism at the hustings, but it is unsound and dangerous. It may be good strategy in the weeks before an election to set the two great partners of industry against one another by rekindling the fires of past differences and by resurrecting the old shop-worn and discredited slogans about Capitalism, but it is playing with fire and it will tend to undo the good work towards the accomplishment of better relations which the past two years have done so much to bring about in England.

Not a voter in Britain save a few visionaries believes that if Labor went into power tomorrow there would be that cataclysm in industry which the policy of State nationalization of industry would effect. Labor talks glibly of the levy on Capital, but experience has taught that her professions of the past are not always sincere and there is not always the desire to transmute wild yet vote-catching doctrines into practice when opportunity offers. The talk of levy on Capital and of State nationalization is put into the manifesto to lure the Communist vote, to pacify the followers of the Third Internationale after the hard words of Blackpool just as the promises of reduction of taxation for the poor and increase in taxation for the rich, better cottages, increased hospital facilities and larger opportunities for recreation, are inserted to appeal to the Moderates, the large body of Constitutionalists who want some change, but want it by the channel of the polling booth rather than the soap box, by reason rather than by passion—Montreal Star.

EDITORIAL NOTES AND COMMENT.

It looks as if the Henry Ford developed tire trouble on Thursday.

Lloyd George is now dubbed the hero of the cinemans. Well, the moving-picture fans all have votes.

Premier Drury's speech at Arthur sounds like the first gun in the political campaign proceeding an Ontario Provincial election. And from the tone of his remarks, the fight is likely to be a merry one.

Apparently Capt. Angus Walters has carried off all the honours for sportsmanship as well as for seamanship.

Bonar Law declares that what Britain needs is less legislation. And that certainly is true of Canada as well as of the Motherland.

Ontario's jewel mines did not last very long. The supposed "rubies" discovered near Drayton turned out to be garnets, not of gem quality.

De Palma, motor car racer, has gone to jail for ten days for speeding, whereas when he drives a motor car at 100 miles an hour on a track, he gets paid for the performance. The London Advertiser thinks that motorists with the speed mania might find in this the suggestion that when they want to speed they should run up the nearest race track.

CANDIDATES FOR SEATS IN LONDON

Labor Party Has Many Candidates in the Field—Four Women Will Run.

LONDON, Oct. 28. —(Canadian Press).—Practically a full list of candidates for the London constituencies was published yesterday by the Times. John Burns, the famous Labor leader who resigned from the Asquith Cabinet as a protest against the war, will run as an independent in his old constituency of Batterseas. Bertrand Russell, philosopher and writer on political science, who was refused a British passport, to go to the United States during the war, is a Labor candidate for Chelsea.

Colonel Arthur Lynch, who fought with the Boers in the South African War, is a Labor candidate for the costituency of Hackney. Four women, none of whom are known nationally, will run for the London Boroughs. Lord Fermoy is the Unionist candidate for Lindsey. Major John Jacob Astor, brother of Lord Astor, and the new proprietor of the Times, runs as the Unionist candidate for Dover.

Gwilym Lloyd George, son of the former Prime Minister, will be a Liberal candidate from the district of Pembroke, Wales.

H. G. Wells, the author, will run on the Labor ticket for the University of London.

There are two Communists running in Scotland, William Gallacher, who is opposing Winston Spencer Churchill in the Dundee district, and Mrs. Helen Crawford of Glasgow. There are altogether 29 women candidates excepting Lady Astor and Mrs. Margaret Wintringham, the two lady members of the last House of Commons. Very few of the 29 are well-known, most of them belonging to the Labor Party.

Mrs. Burnett Smith, which is the novelist writing under the name of Annie S. Swan, will be a candidate for one of the Glasgow constituencies.

There are three clergymen candidates, two of them on Labor tickets. T. P. O'Connor, father of the House of Commons, will run against as an Irish Nationalist for a Liverpool constituency.

Ulster will have 13 members in the new House.—The candidates have not yet been announced.

While the Times states that John Burns will run, the Star says that the veteran Labor Leader has decided not to run as an independent. The Star regards their information as one of the most interesting of all the political developments.

THANKSGIVING DAY.

A large number of people each year take advantage of the long week-end holiday provided by Thanksgiving Day to visit relatives or take a trip to some place of interest. The Grand Trunk are expecting heavy travel this year on account of the holiday, and provision has been made accordingly. Additional equipment, coaches, sleeping cars and parlor cars have been arranged for in anticipation of this traffic and extra sections of regular trains will be operated from Toronto on November 4th in order that convenient accommodation may be provided for all passengers.

First section of Train No. 45 will leave Toronto 4.30 p.m. for Barrie or beyond if necessary.

First section of Train No. 189 will leave Toronto 4.45 p.m. running through to Palmerston.

First section of Train No. 15 will leave Toronto 5.45 p.m. to London.

Above trains will make same intermediate stops as regular trains and first section of No. 15 will also stop at Ingersoll.

The service of the Grand Trunk Railway, (the double track route) to such points as Montreal, Ottawa, Toronto, London, Detroit and Chicago, is particularly convenient and attractive. For full particulars of service and all information, apply to Grand Trunk Ticket Agents.

THE MYSTERY MIND

Arthur B. Reeve and John W. Grey

(Continued from yesterday)

XI.

THE MYSTERY MIND

In the interval of waiting for the attack of the head hunters, inflamed against Bronson by Evil Eye, there were questions, and explanations, and many tangled threads to be unravelled.

"When Doctor Sutton was compelled to leave me," Bronson concluded, finally, "he rightly thought I was dying. He had given me an antidote for the poison, but it seemed to be doing me no good. He could not wait any longer, because I had entrusted him with your baby self" —patting Violet's hand, resting in his— "and with the portrait of Stuart Steele, which was in reality the map to the treasure, and all my papers. The friendly natives were ready with their boat. It would have been fatal to delay."

"My mother—" suggested Violet softly.

"I think it killed her to find she had given me the posion, even though she knew she was under the hypnotic influence of Steele. She had died that very morning; had been buried underneath a knoll within sight of the tent."

"And Steele——" This was from Dupont, sitting with Violet in the darkness of the cabin, listening to her father's narrative.

"He was seized by the hostile head hunters and carried off to be a sacrifice to their devil god at the very moment when the friendly blacks aided Doctor Sutton to escape to the lake and down the Orinoco to Angostura. Other tribesmen, sent by the chief Doctor Sutton had befriended, came to get my body, believing me dead, and not wishing the head hunters to deprive me of decent burial. When they found I was still breathing they called in their medicine man. I don't know what sort of miracle he worked, but—well, here I am"

"Father" Violet was suddenly insistent. "Why did you stay away all these years? Why have you never come to America?"

Bronson sighed. "One of the natives tricked me. I guess he was influenced by fear of the devil worshippers. At any rate, he was the only one of the blacks to return, of those who went with Doctor Sutton. He reported that Sutton had been killed in the rapids, together with my baby, and that the portrait had been swept away by the river. I went down and across to Port of Spain until I regained my health. There was nothing but memories for me in the United States, so I crossed back to Venezuela and aided in the opening of many miles of rubber country. Always the thought of the treasure up here fascinated me. Finally I decided to return, to seek and find it alone. Without the map I have had no success."

Violet was silent, awed at this amazing recovery of a father. Dupont, seated with the two, wondered at the strange trick of fate which had kept them apart for nearly a score of years. Bronson himself probably thought of the wasted time, of the wealth of warm childish affection of which he had been deprived.

All at once Randolph interrupted the various reveries, calling from his post of observation at the door.

"Here they come" he whispered, loudly, "They're crawling up"

A moon well in its last quarter had risen high enough to cast a feeble light across the clearing, revealing from a dozen to two dozen moving shadows. Dupont and Randolph drew their revolvers, while Bronson grasped his rifle.

(To Be Continued)

Expecting nothing is an excellent way to get nothing.

GRAY-DORT

Here are FACTS

No man need purchase the Approved Gray-Dort on hearsay. Facts like the following can be obtained from Gray-Dort owners everywhere.

"I am running a taxi business, and it is very necessary that the car I drive be in service continually. My first Gray-Dort was driven over 25,000 miles. My present car, a Gray-Dort Sedan, has been driven 7,000 miles and I am thoroughly satisfied with its performance both for city and country driving," says Walter Lethbridge of Chatham.

Aren't these some of the qualities you want in YOUR car? Let us show you how the Gray-Dort excels in them.

DRUG KING ESCAPES.

TORONTO, Oct. 28.—(Canadian Press).—Nicholas Lanni, described as "King" of the drug ring in Toronto, made a sensational escape from the police patrol van last night. Arrested in a raid with several others, Lanni was first placed in the van, and while the police were bringing the remaining prisoners from the house he escaped through a trap door in the bottom of the wagon.

Bank Accounts for Farmers

Farmers find that doing business through The Bank of Nova Scotia has many advantages. It enables a farmer to keep track of all his dealings. His bank book is a handy record of all moneys received or paid out.

By depositing milk, grain and other produce cheques he has a complete record of receipts.

By paying all bills by cheque he has a record of all payments and runs no risk of loss by carrying money in his pocket or keeping it in the house.

In short, a Bank Account is a necessity in the conduct of farming operations on a business basis.

MANY CHANGES

(Continued from page 1.)

with J. Z. Fraser of Burford, Vice-President of the Co-operative, dictates the policies of the Farmers' newspaper.

These interlocking directorates, it is argued by the Middlesex shareholders and members of the various clubs, leave the farmers entirely in the hands of a few men down in Toronto, which control is altogether detrimental to the best interests of both the business of co-operation, the business of politics and the running of a newspaper for the farmers.

It is definitely stated that there will be real changes in the directorate this year, and it is mooted that a well-known Middlesex farmer will run for the presidency of the U.F.O.

Reasonable in Price

If you want an attractive roof for your home that will give complete satisfaction at a very moderate price, use

Brantford Crystal Roofing

Quality and surfacing are exactly the same as that of the famous Brantford Asphalt Slates. The colors are harmonious and never fade. It is a permanent, safe, fire-resistant roof. (Made in two widths—18-inch and 32-inch.)

VICTIM OF SHOOTING NEAR CAMPBELLFORD HAD PLAYED WITH COMPANY FOUR YEARS

Wife Was Also a Member of the Troupe—Will Be Buried in Belleville on Sunday — Campbellford News of Interest—Board of Education Held a Meeting.

CAMPBELLFORD, Oct. 28. — Duke Anderson, from South Carolina, playing with Harvey's Minstrels, billed for Campbellford Friday evening ,was accidentally shot and killed yesterday afternoon in Stephens' woods, while out rabbit hunting with five of the other members of the company. The unfortunate man was found lying over a log with his face terribly shattered, and apparently death was instantaneous. The scene of the accident was right opposite the Hydro-Electric power house on the east side of the river, near Campbellford. The accident happened about three o'clock. Coroner Loucks was immediately notified, and after viewing the body, ordered the remains to be taken to Watson's undertaking rooms. Anderson was a married man, his wife being also a member of the company. Great sorrow was felt by the members of Harvey's Minstrel Show when news of the death of Duke Anderson was received, as he was one of the leading comedians. His home was in Gafney, South Carolina, but he had been living in St. Louis lately. He had been a member of the company for the last four years. The company have made arrangements to hold the funeral in Belleville on Sunday, and members will attend in a body.

Co-operative Dairy Products.

There will be a meeting in the Opera House on Wednesday, 1st November, to discuss the ways and means of obtaining better prices for dairy products. The Hon. Manning Doherty, Minister of Agriculture, and Mr. Aaron Sapiro, of California, will be the principal speakers.

Voters' List.

Town Clerk John F. McGregor calls attention to the fact that the lists regarding voters for municipal and Legislative Assembly elections are completed. If entitled to a vote, make sure that your name is on the list.

Curlers, Attention.

There will be a meeting of the Curling Club at the Rink on Monday evening, 30th October, at 7.30, for the purpose of electing officers for the coming season. All members and others desirous of joining are requested to be present.

Police News.

Chief Duncalfe issues the warning —"That any person found guilty of destroying property, or otherwise creating a nuisance in the town of Campbellford on Hallowe'en Night will be severely dealt with." Special constables have been added to the force for this particular night.

Owing to the first Monday in November falling on Thanksgiving Day, the regular meeting of the Town Council will be held on Thursday, 2nd November, at the Public Library.

Hallowe'en Party.

The Willing Workers of Christ Church will hold a Hallowe'en party at the Parish Hall on Monday evening, 30th October. A number of visitors from neighbouring towns are expected.

Board of Education.

At a meeting of the Board of Education held in the Public Library on Thursday evening, Dr. Neelands and Miss Willoughby, of the Department of Education, addressed the Board on the question of medical health inspection in the schools. It was decided that Campbellford would take up the work, providing that the necessary number of schools (thirty) adopted the plan, Campbellford being the centre.

This will mean that a nurse will be appointed to give her full time to the medical inspection of the pupils for the prevention of contagious diseases. Each pupil will be examined and a report sent to the parents, so that the chart can be referred to the family physician.

Lacrosse Club Dance.

The Lacrosse Club are giving a dance on Monday evening, 6th November, at the Opera House.

Mr. and Mrs. Chris Keller, of Healey Falls, received word that their daughter Gertie was seriously ill in Cleveland, Ohio, and left immediately.

A New Addition.

Mr. James Kerr, of St. Lawrence Hall, has added another dog to his kennel, in the shape of a very fine Russian blood hound, which is receiving great admiration from the local dog fanciers.

Personal Mention.

Mr. and Mrs. George S. Hay, with Mr. and Mrs. Chas. Milne of Burn Brae, were visitors in town on Friday.

Mrs. Frank Beaudoin has returned to town after a pleasant visit with relatives in Hastings.

Mr. and Mrs. Neil Morrison have returned home after a pleasant visit in Toronto, where they attended the Metropolitan banquet held at the King Edward hotel.

Mr. W. Runnels of Orillia, is a visitor in town ,staying with his uncle, Mr. Wm. Runnels, of Sebastopool street.

Mrs. M. J. Baker of Hastings, is a visitor in town, the guest of Mr. and Mrs. Thomas A. Baker, of Front street.

The engagement is announced of Mildred E., daughter of Mr. and Mrs. Walter Scott, of Wellman's Corners, to Fred T. Hulin, of Stirling.

Shipment of Pianos.

Shipment of Heintzman and Co. Pianos just arrived, including the popular miniature style O in walnut. This is a beautiful instrument. Inspection invited. For full particulars see H. Coxwell at the Examiner Office, Loucks' Block, Front Street. 3d-101

IN MILLBROOK AND DISTRICT

A Series of Educational Meetings Held Throughout the District.

MILLBROOK, Oct. 28. — The series of Institutes on Religious Education held on Tuesday, Wednesday and Thursday of this week at Bethany, Bailieboro, and Lakefield, though not as well attended as their importance to leaders, and those training for leadership in young people's work, would warrant yet proved sources of both information and inspiration to those who were interested enough to attend. The institutes specialized on the mid-week sessions of 'teen age boys and girls classes, and of the young people's group. Rev. C. S. Reddick, of Lakefield, district secretary of religious education, presided at each of the gatherings, his opening address on "The Religious Education Program of our church", being a most comprehensive review of the changes made by the recent General Conference in regard to the young peoples' work, and of the manner in which the church has now wakened up to her obligation toward the younger generation. It is one thing to save a child, and quite another thing to reclaim a mature soul, and in mapping out her program in the past the church had forgotten the fact that methods in meeting the needs of young people must of necessity differ essentially from those employed in reaching an older class of people. Not with a thoroughly organized Department of Religious Education, and a secretary for the same, at headquarters, and also in each conference, district, and local church, the program aims to provide for the training and development of each individual life from the cradle to the grave.

The Speakers

The speakers who followed, and whose subjects included talks on the Canadian Girls in Training, and Canadian Standard Efficiency Test, for 'teen age boys and girls, and for the Young People's League (18 to 25), given by Misses Estelle Hetherington, Pearl Burnham, and Rev. S. T. Tucker, showed that the mistaken idea that the church had no concern with the receational life of her young people no longer prevailed, and gave more in detail what is now being done, not only through the Sunday teaching but through the mid-week training and activities as well, to link up all four sides of the nature, physical, intellectual, devotional and social, with the church, the Kingdom, and with God.

The evening addresses were inspirational in character, and were given by Rev. W. R. Tanton, of Janetville, who spoke at Bethany, Rev. A. J. Langford, of Peterboro, who spoke at Lakefield, and Rev. P. H. Neville, of Bridgenorth, who was the speaker at Bailieboro; the latter summed up the essential things in all Christian leadership as being definiteness of aim, humility of spirit, unselfishness of service, courage, instruction in the faith, enthusiasm, and adaptability, and all the speakers emphasized the supreme importance of remembering that this work of training for service is a life and death matter, and can not be dallied with because we are dealing not with material things, but with spiritual natures, and the results are eternal.

Speakers and delegates were most hospitably entertained for tea in the churches at Bethany and Lakefield, and in the homes at Bailieboro, a delightful social time being enjoyed while gathered round the tables. The Institutes will find their culmination in a Convention on Young People's Work which will be held in Trinity church, Peterboro, on Friday, November 3rd, with two sessions beginning at 2 and 7.30 p.m. respectively. A banquet will be served in the Reid street S.S. Hall, under the auspices of the Young Peoples' Societies of the Peterboro Methodist churches, at which addresses will be delivered by Rev. W. H. Young, M.A. and Rev. S. T. Tucker, B.A. B.D., this forming the evening gathering. The afternoon speakers include Rev. A. J. Langford, C. E. McKee, Rev. J. R. Becket, F. Alhorn, Rev. R. M. Paterson and Rev. C. S. Reddick.

Aerial time-tables, giving prices and time of all European air lines, have been published in Germany.

What was probably the first public library in the United States was started in 1749 in Charleston, S. C.

The polka dot tie is one of the fashions that has not changed for decades.

WHAT CAUSES SO MUCH SICKNESS

Constipation Responsible for 90% of Disease

"FRUIT-A-TIVES" Corrects It

It is generally recognized among the medical profession that *Constipation or Insufficient Action of The Bowels, produces more disease than any other one cause.* Constipation is responsible for at least 90% of the disease in the world today—because Constipation is responsible for the Indigestion and Dyspepsia—the nervousness, Insomnia and Rheumatism—the Eczema and other skin troubles—the Headaches and Backaches.

Why is this?

As you know, it is the duty of the bowels to carry off the waste matter in the system. If the bowel muscles are weak or the liver inactive, then this waste matter remains in the body and poisons the blood. As a result, every organ in the body is poisoned by this waste.

"Fruit-a-tives" has been wonderfully successful in relieving Stomach Troubles, Nervous Troubles, Liver Troubles, Kidney Troubles, Skin Troubles and Blood Troubles, because "Fruit-a-tives" positively and emphatically relieves Constipation.

"Fruit-a-tives" will always relieve Constipation, even though the trouble has been chronic for ten, fifteen and twenty years. Thousands of grateful users proclaim "Fruit-a-tives" the greatest remedy for Constipation that the world has ever known.

50c a box, 6 for $2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

NORTHUMBERLAND LIBERALS DEFER

(Contined from page 1.)

the American dollar is under par. The city of Peterborough, in the ten years after 1896, grew to the extent of 65 per cent., but from 1911 to 1921, when the Meighen Government was in power, it grew only 15 per cent. "It really means that the more you interfere with trade, impose high tariffs and interfere with business generally, the less business you have," said the speaker, going on to advocate a tariff for revenue, rather than for protection only.

Drury Government.

Mr. Gordon, in speaking of the record of the Drury administration, considered that their errors in judgment had been the result of inexperience, rather than of intention. Their extravagance in expenditures came in for some criticism, particularly the item of educational expenditure in one year of $1,600,000, which fell partially on the shoulders of the townships and municipalities. The speaker considered that rural school boards should be allowed to use their own judgment in the matter of proper salaries, and considered that the sum of $1,200 per annum as a salary for a young girl of eighteen just out of Normal School was more than the ordinary run of inexperienced teachers was worth. "I taught school in the township of Brighton in my time and received $300 a year for my work, and I am quite sure that the trustees thought it was almost too much at that time," he said.

"During war time we got into the habit of spending money," said Mr. Gordon, "but now we have come to the point when we realize that there must be strict economy exercised in public expenditure, and we must all move toward that end. Every man, woman and child in the Province today has a debt of $450, which he or she is obliged to meet in some way."

Conservative Policy.

Mr. Gordon asserted that the Conservative policy, as announced by J. A. Currie in Northeast Toronto, was tantamount to a return of the bar, and wondered how the Conservative candidate in East Northumberland, Major Belford, a minister of the gospel, would reconcile this policy with his vocation. The speaker asserted that he sympathized with the Attorney-General in his attempts to enforce a piece of difficult legislation in the Ontario Temperance Act, and concluded with a plea for toleration of the principles of other parties, which he maintained had always been a part of the policy of the Liberal party.

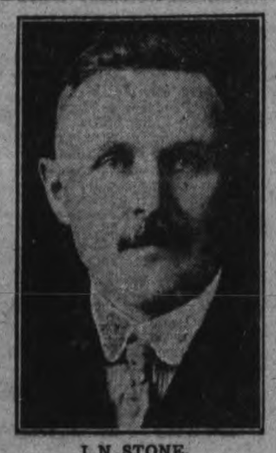
J. D. Peck of Toronto.

J. D. Peck of Toronto, Organizer and Secretary of the Ontario Liberal Association, spoke briefly on the procedure for organization in Liberal matters. The Conservative attitude, he said, was that of sitting on the tail of progress and yelling "Whoa!"

Need Women's Help.

Dr. W. G. Armstrong of Colborne gave a short report on the reception accorded the committee which had canvassed the riding in the interests of the Conservative party. He said that the time had gone by when the "loyalty" or "race" or "religion" cry could make Liberals swerve from their allegiance to their party, and felt that the Conservatives had one strong point in their favor, their ability to stick with a campaign and carry it through to the end. He thought that the Liberals sometimes made poor fighters, an assertion to which Mr. A. Blade of Peterborough took exception. He cited the case of Peterborough, which had carried through two difficult elections in one year, with victory for the Liberals on both occasions, and recommended strongly the inclusion of women helpers in the forthcoming campaign, alluding to their invaluable assistance in the recent Peterborough elections.

After deciding to adjourn the meeting at the call of the Executive, three cheers were given for the King, and three hearty rounds for Mr. Gordon.



J. N. STONE.
President of East Northumberland Liberals, who was again chosen by acclamation as leader of the party in that riding.

PROTESTS OF FORD

(Continued from Page 1).

October 14, won by the Henry Ford, "no race." It was this fiasco, a race fought out from start to finish, but without sanction of the committee as the result of a misunderstanding over starting signals, that injected the element of protest and controversy into the series.

The United States members of the Committee who took this action were Wilfrid Lufkin, Collector of the Port of Boston, Chairman, and Captain John A. Mackinnon, and Captain John A. Dahlmer. The two latter were made members by Goveronor Cox yesterday to replace members who resigned because of illness. Mr. Lufkin himself offered to resign that the way might be cleared for a fresh consideration of the points at issue. The Canadian members of the committee who joined in the unanimous vote which gave the Cup to the Bluenose were J. J. Kinley, of Lunenburg, N. S., and F. W. Baldwin, of Baddeck, N. S.

RICHARD HALL & SON LIMITED

SHOWERED WITH USEFUL GIFTS

Miss Mary Lonsberry, of Baileboro, the Recipient--Bailieboro News.

BAILIEBORO, Oct. 28. — The Sunday School Institute Convention was held in the Methodist church on Wednesday afternoon and evening. Delegates who came from a distance were billeted at th homes of the ladies of the Sunday school for supper.

Miscellaneous Shower.

Members of the Methodist Sunday school presented Miss Mary Lonsberry, who has for some time been an active member of the school, with a miscellaneous shower at the home of Mr. and Mrs. F. Jewson on Thursday evening. A large number gathered for the event and the gifts were numerous and useful.

Tuxis Boys Social.

The Tuxis Boys held a social evening at the home of Frank Dawson on Thursday evening. There was a goodly number present, and the boys spent a very enjoyable time. Lunch was served by Mrs. Dawson and before the boys retired to their respective homes, a hearty vote of thanks was moved by the Mentor, R. S. Nichols, to both Frank and his mother, for their hospitality.

It is estimated that the dog has been man's companion for about 7000 years.

This Furnace costs nothing!

In a few years the saving in fuel will easily pay the price of a Findlay Pipeless and in addition it will give you comfort in the home such as you thought impossible.

Findlay's Pipeless is without equal in efficiency and economy. Install one and you will have a house that is warm and well ventilated in every corner of every room—your cellar will remain cool for the storage of vegetables.

Guaranteed! We guarantee the Findlay Pipeless Furnace not only as to materials but as to results

Findlay's pipe and pipeless FURNACES burn coal, or wood

Thousands of satisfied users endorse the Findlay Pipeless. Mr. Ernest Payette of Quebec writes :—

"I do not hesitate to recommend the Findlay Pipeless Furnace for satisfactory heating, my entire building being heated to 70 degrees temperature in extreme weather. The Findlay is economical on fuel and absolutely dust proof."

We would like to send you our illustrated booklet and testimonials, also guide sheet which will enable you to furnish sketch of your home from which we will supply plan and submit estimate suited to your need. STERLING RATES.

MONTREAL, October 28. — Canadian Press. — Sterling exchange rates were quoted here yesterday as follows

Demand: 4.4549.

Cables, 4.4574.

CASH GRAIN.

MONTREAL, October 28. Canadian Press. — The demand from local buyers for grain en route and for shipment from Fort William was much quieter than lately. Local prices for spot supplies were very firm. A large business continues to be done in domestic and country account in the flour market.

The demand for millfeed continues good and the prices were firmly maintained at the recent advance in rolled oats.

Business in baled hay is rather quiet.

An active trade prevails for eggs, but potatoes were five cents per bag easier. The market for the finest creamery butter was quieter. Cheese prices were advanced 1-2c to 3-4c per lb.

WINNIPEG WHEAT.

WINNIPEG, October 28. Canadian Press. — Wheat, No. 1 Northern $1.06 3-4; No. 2 Northern $1.05 3-4; No. 3 $1.02 5-8; No. 4, 95 1-8; No. 5 89 5-8; track $1.06 3-8.

Oats — No. 2 C.W. 45 1-8; No. 3 C. W., and extra feed 40 7-8; No. 1 feed 38 5-8; No. 2 feed 34 5-8; rejected 31 5-8; track 43.

Barley, No. 3 C.W. 52 1-2; No. 4 C.W., 47 1-2; rejected and feed 43 1-2; track 52 -12.

WINNIPEG CATTLE.

WINNIPEG, October 28. — Canadian Press. — Receipts were 1080 cattle and calves, 350 hogs and 125 sheep and lambs.

Trading was more active on the cattle market and most classes and graded were in fairly good demand. Top butcher cows ranged from $3 to $3.25; good to choice killing steers $4.50 to $5; desirable feeder steers $4 to $4.25.

The hog market was again steady at $9.25 for selects.

The sheep and lamb market continued firm. Good lambs changed hands at $10.50 to $11, and most of the mutton sheep at $6.

EGG MARKETS.

OTTAWA, October 28. Canadian Press. — The local egg situation remains pretty well unchanged but some uneasiness is manifest amongst holders of storage eggs due to the lack of an export market and the weakness of the United States markets.

Toronto unchanged. Specials 55c to 60c; extras 50c; storage extras 40 to 42; firsts 37 to 38; seconds 30.

Montreal firm and unchanged.

Winnipeg unchanged.

Saskatchewan dealers quoting country shippers 30 loss off delivered jobing storage extras 38; firsts 28 to 30; seconds 25. A car of storage firsts rolling Saskatoon to seaboard for export to Glasgow.

Alberta receipts reported heavier with the prices unchanged.

British Columbia local fresh firmer 62, country points, with 64 offered for specials. Jobbing specials 70, extras 68, pullet extras 50, local storage first 45, seconds 40.

CHICAGO WHEAT.

CHICAGO, Oct. 28. — Canadian Press. — Wheat made a decided jump in price yesterday, as much as 3 3-8c a bushel on some transactions. Big European buying was chiefly responsible. The market closed unsettled, 1 1-8 to 3c net higher, with December $1.14 5-8 to $1.14 3-4 and May $1.13 1-4 to $1.13 3-8. Corn gained 3-4c to 1 1-2c to 1 5-8c and oats 3-8 to 3-4c. In provisions the outcome varied from unchanged figures to 15c decline.

CHICAGO CATTLE.

CHICAGO, October 28. Canadian Press. — Cattle receipts were 6000; closing very slow; quality generally plain; no strictly choice native beef steers here, market on short fed beef steers, fat she stock and bulls largey on catch as catch can basis, decline in spots of 25c and more being in evidence on beef steers, beef cows and heifers; top beef steers, $11.50; several loads fairly well finished kind unsold, with the bids sharply lower; veal calves steady to 25c lower; stockers and feeders slow, spots lower on heavy feeder steers.

Hogs, steady, receipts 16,000; opened around steady, closing like Thursday on lights and butchers, with heavy packing sows dull, fully 15c lower; bulk 160 to 240 pound average $9 to $9.10; few late sales $8.90; most underweights the same; top $9.10; bulk heavy packing sows $7.25, and $8; pigs strong, mostly $9, estimated hold over 8000.

Sheep receipts 6000, fat native lambs opened about steady; closed 15c to 25c lower; top paid early $14.65 to shippers and city butchers, $14.40 to packers; bulk $14 to $14.25; culls $10 to $10.50; desirable fed western averaging about 80 lbs., $14.35; others come backs $14.25; one load 105 pound fed yearling wethers $10.75; clipped lambs $13.10; feeders quiet; no morning sales; sheep steady; heavy fat ewes $4.50 and $5.50; lighter weights upward to $7.75.

NEWS FROM APSLEY AND THE DISTRICT.

Body of Mrs. John Taylor Brought Home From the West — Donation to the Apsley Mission.

APSLEY, October 28 — The body of the late Mrs. John Taylor, whose death occurred in Saskatchewan last week, was brought to Apsley on Saturday last. The funeral took place on Monday, service being conducted at the home of her parents, Mr. and Mrs. W. Hales, by the Methodist minister, Rev. E. McTavish, and interment being made in the cemetery. A large crowd attended the ceremony, testifying to the esteem and respect in which the deceased was held by the community.

The members of the Apsley Anglican Mission desire to acknowledge with many thanks, the kindness of Mrs. Devey and Mrs. W. E. Conway, Peterborough, who have donated six dozen cups and saucers to the Mission, thus supplying a long-felt want.

The A.Y.P.A. at St. Stephen's, Chandos, met in the school house on Tuesday evening, and held an interesting debate on the subject, "Is the man's work on the farm more pleasant than the woman's." The debate was overwhelmingly in favour of the affirmative twelve taking that side against one lone champion of the negative.

The annual Hallowe'en masquerade party will be held in the Parish Hall on Tuesday next, when prizes will be given for the best fancy costumes.

By competing a flying trip from San Francisco to New York in a postal airplane, Miss Lilian Gatlin becomes the first woman to make the transcontinental flight.

Braving rainstorms and muddy roads, day and night, Suzanne Koerner, a 15-year-old American girl, recently competed in a five-day motorcycle race in Germany against a field of 12 men. Suzanne is the daughter of the manager of the American Steel and Engineering Association in Berlin.

Home-made, but Has No Equal for Coughs

Makes a family supply of really dependable rough medicine, Easily prepared, and saves about $2.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and you want quick help try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes 16 ounces of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

E. B. WAYTE

Newly Appointed District Manager for the Mutual Life Assurance Company of Canada, with Head-quarters at Peterboro, Ont.

BENEFIT CONCERT

The benefit concert in aid of the Well Babies' Clinic, arranged by Mrs Dorothy Allan Park, and given last evening at the Conservatory of Music Hall, was a complete success in every way, both from the point of view of attendance a.d of finacial returns, the sum of nearly one hundred dollars being realized for the work of the Clinic.

The Programme was excellent, the various artists contributing their selections in a finished manner that brought hearty applause after every number. The Imperial Male Quartette, composed of Messrs. E. Humpage, M. Park, John Smith, and D. D. Brown, gave several numbers, including the "Po' Little Lamb" selection and a humorous number in "The Baby on the Shore," which elicited much enthusiasm. Mrs. Park sang "Angels Guard Thee," the lovely Berceuse from "Jocelyn" and "Summer;" Mrs. Ford Turner gave "One Morning very Early," and sang in duet with Miss Ina Allen, "Hear Me Norma." Miss Allen sang very sweetly "Daddy's Sweetheart." Mrs. Gerald McClelland contributed several readings in her well known fine style, and Miss May Perry's aesthetic dance, "Pierrot Dreaming" was much enjoyed. Mrs. M. B. Hoyland in two violin numbers, Mr. W. Layfield's cornet solo, from "Samson and Delilah," and Mr. Leslie's Unitt's pianoforte selections were added attractions to a well balanced and pleasing programme. Mr. Unitt also acted as accompanist for the evening.

During the intermission, Dr. N. H. Sutton gave a brief explanation of the work carried on by the Well Babies' Clinic. At the conclusion of the programme hearty votes of thanks were moved by Mrs. R. Harstone and seconded by Mrs. M. A. Morrison, to Mrs. M. H. Park and the assisting artists; to Mr. and Mrs Gliddon, who kindly provided the hall free of cost, to the Heintzman Company, Limited, for the use of piano and for programmes, to the Evening Examiner for press notices, and to the Major Bennett Chapter I.O.D.E. who acted as ushers for the evening.

HALLOWE'EN CONCERT

Yesterday afternoon the Commercial pupils of the Peterborough Collegiate Institute held a Hallowe'en entertainment in the South Central school building. The committee in charge of the concert, decorated the study room with Hallowe'en drapery symbols and lanterns. The decorated tables were laden with candies and cakes of all kinds.

The concert, which started after school was dismissed, was carried out in the form of contests by teams and individuals. The feature of the evening, however was the "peanut hunt" which was won by Vern Skitch's team, who captured the prize of a box of candy donated by Miss Murphy of the Collegiate Commercial staff.

A dainty supper was then served to the pupils in the study room.

On Thursday evening of this week a number of young people, nearly forty altogether, members of the Gospel Hall, met at the home of Mr. and Mrs. A. Hartshorn, Stewart Street, on the occasion of the homecoming of Evangelist Sam. Taylor and Mrs. Taylor, when the new arrivals were presented with some beautiful gifts, including linen, silver, cut glass and china. The evening was spent in the singing of hymns. Mr. Taylor gave an inspiring address on the marriage feast, taken from the second chapter of John.

It will be remembered that Mr. and Mrs. Taylor had been married only two weeks when they lost everything in the Haileybury fire.

CALEDONIAN CLUB.

Last evening, the local Caledonian Club celebrated Hallowe'en with their annual masquerade, which was a complete success in every way. Nearly 200 people attended, all in costumes that ranged from the sublime to the ridiculous, and that made the occasion a hilarious event. Many of the older members, adherents for years of the Caledonian Club, were noticed.

The proceedings commenced with a grand parade, led by James Brown, as "It," followed by a number of small children, all in fancy costumes. Messrs. Hamilton and Edwards acted as judges, and awarded the prizes (a fancy wicker basket and a tie) to Mrs. John Hurry as a "Gypsy Queen Fortune Teller," and to Mr. Stroyan Leith, as a "Coon" in blackface outfit. The prizes for the best-dressed children went to little Isa Thompson, as a witch, and to Arthur Dick, as a clown.

Two especially clever costumes were worn by Mrs. Jackson, as "Miss Canada," with maple leaves covering her dress, and by Russell McMillan, as a gypsy.

The proceedings lasted until nearly two o'clock in the morning, with games of all sorts, including a Cinderella Dance, when the ladies threw their left shoes in a pile, the lights being then put out, and the gentlemen compelled to choose a shoe for a partner. Scotch Reels and the Highland Fling also were indulged in, with a constant supply of refreshments served by the ladies of the Executive.

Mesdames Hyde and Pickle presided over the piano, with Mr. Gilmour at the accordeon and Mr. Dunlop at the drums.

Mrs. Jno. Hurry, the gypsy queen fortune teller, sold fortunes at ten cents aniece, the proceeds, amounting to $8.10, to be devoted to the fund for relief of the Haileybury fire victims.

A mock marriage ceremony was one of the most laughable incidents of the evening, Miss J. Patterson taking the part of the bridegroom, with Mrs. Jas. Brown as the bride, and Messrs Clark and Wyllie acting as clergymen.

PARTY AT Y.W.C.A.

An enjoyable little Hallowe'en party, attended by nearly 250 children up to the age of twelve years, was held this morning at the Y.W.C.A. when prizes were given for the best dressed children, who all wore the regular Hallowe'en costumes and took part in the Grand March. Little Jean Robertson performed the High land Fling, and Bertha Loban with Mary Dulop did the dainty little interpretative dance, "My Lady Goes a-Walking". Games and little dances entertained the children during a jolly hour, after which refreshments consisting of cocoa, cake and home-made candy, were served.

Among those who received prizes for costumes, were Jean Brundrette as a bear, dressed entirely in furs; Winifred Bethune as a gypsy; Hilda Sullivan as Kate Geenaway, and Lillias Grierson as a witch. Prizes went also to a little Dutch girl, a clown; a Spanish dancer, a Geisha girl, and Little Boy Blue.

A Hallowe'en party for Senior gymnasium girls will be held at the Y. W. C. A. on Monday evening.

A EUCHRE PARTY

The young ladies of Section Number Two in the parish of The Immaculate Conception held an enjoyable euchre party last evening in the Parish Hall, with an attendance that filled 35 tables. Good prizes for cards were won by Mrs. M. Murphy and Mr. Martin Guerin. The committee in charge was composed of the Misses Irene, Kathleen, Lottie and Geraldine Hogan, Josie Conroy, May Sullivan and Leona Hummel.

57TH REGIMENTAL CHAPTER

A meeting of the 57th Regimental Chapter I.O.D.E. was held in the officers' quarters at the Armouries on Thursday afternoon of this week the Regent, Mrs. Joseph Mills, presiding. Mrs. Mills gave an interesting report of her attendance at the recent meeting of the I.O.D.E. held in Kingston.

Mr. H. G. Jackson, of Toronto, representing the Canadian National Institute for the Blind, was present, and appealed to the Chapter for aid in the forthcoming campaign in the interests of the Institute. He explained the work of the Institution A committee composed of Mesdames Joseph Mills, W S. Merrill and Miss Revell, was appointed to interview the other chapters, of the I.O.D.E. in the city, and decide if a public tag day would be the best method of giving assistance to the cause.

It was decided to hold the annual bazaar of the Chapter early in the month of December, and also to procure sufficient poppies from the G.W.V.A. to decorate with crosses the old 57th Regiment flags hanging in St. John's Church, for Armistice Day.

A CARD PARTY.

The Zion U. F. W. O. Club, Otonabee, held a very successful card party on Oct. 24th, in the Foresters' Hall, Zion, in aid of the Northern Ontario fire sufferers. The proceeds which amounted to thirty-eight dollars, have been forwarded to them.

DON'T LOSE ANOTHER HAIR

35c "Danderine" Saves Your Hair—Ends Dandruff! Delightful Tonic

Don't lose another hair! Don't tolerate destructive dandruff. A little Danderdine now will save your hair; thicken and strengthen it; double its beauty.

Falling hair never stops by itself! Dandruff multiplies until it forms a crusty scale destroying the hair, roots and all, resulting in baldness.

Your druggist will tell you that "Danderine" is the largest selling hair saver in the world because it corrects and tones sick, ailing hair of men and women every time. Use one bottle of Danderine, then if you find a single falling hair or a particle of dandruff, you can have your money back.

Twelve Months in Two Hours

A Year's Pleasure in an Afternoon's or Evening's Entertainment at the AUTUMN FETE AND BAZAAR, held in the Y.W.C.A. GYMNASIUM, NOV. 1, 2, 3.

You will find a whole year spread before you when you enter the Hall. Each Month of the Year will be exemplified by a Booth, fittingly decorated to represent the month for which it is named.

JANUARY will have its snow shoes and furs, its skates and toboggans, and a Bazaar.

FEBRUARY is the month of hearts and Valentines.

MARCH with St. Patricks, green and white, and oh joy! an Irish stew, Cork gravy and Murphys with their jackets on.

APRIL, the beautful month of Easter, bringing sunshine and Spring.

MAY, with the May Pole and dancing.

JUNE is the bride's month, the month of roses, old shoes, confetti and flowers, and the Brides' Bazaar.

JULY, the best month of all the year—it's Made in Peterborough.

AUGUST is an outing month, but the Booth is full.

SEPTEMBER, the harvest home, candle lights with afternoon tea.

OCTOBER is Hallowe'en. "The frost is on the pumpkin," but not on the Pumpkin Pie you will find there.

NOVEMBER is the hunting month—a good place to hunt for supper.

DECEMBER brings Christmas and ushers in the "jolly old Winter, the King of the seasons all."

As you stroll from booth to booth, and recognize the months, the time will pass so pleasantly, you will think you are virtually stepping from one season to another. There will be a Radio Concert two evenings. There are positive rumours of a Fish Pond in the June Booth, as brides' month it's necessarily somewhat of a lottery. There's a Programme of Music and Dancing each Afternoon and Evening ,and the admission is only Ten Cents. If you don't remain to Supper, you will miss the best part of the year.

COME FOR AN OUTING AND STAY FOR THE YEAR!

93 YEARS OF AGE, ATTRIBUTES HEALTH TO BATHING INTERNALLY

People who are losing flesh, whose appetites are failing, and who are losing their health and sleep due to constipation, headaches, or biliousness, should throw pills and laxatives away at once and start Bathing Internally.

The letter from Mr. Amos Ganter, of 57 St. James street, St. John, N. B., is only one of thousands from men and women of all ages, in nearly every walk of life. He writes:

"Dear Mr. Tyrrell: I believe the J. B.L. Cascade is one of the greatest inventions for sound health in the world. For years I was troubled with constipation. My food was poisoning my whole system, and I was losing flesh. Purgatives failed to have any effect upon me, but acted more like a poison; I would take a burning itch in my hands—a most distressing feeling—and purple spots would come out on the back of my hands. Everyone thought I was nearing the end because of my old age. But I can thank Dr .Tyrrell and the J.B. L. Cascade for restoring me to health. I am now perfectly healthy and regular and never use drugs."

The J.B.L. Cascade is shown and explained at Warmo Drug Co., Ltd.

Ask for free booklet, "The What, The Why, The Way of Internal Bathing," or write direct to Tyrrell's Hygienic Institute, 163 College street, Toronto, Ont.

WOMAN GUILTY OF SHOPLIFTING

Stole Wearing Apparel From Local Dry Goods Store.

A young married woman of nineteen years pleaded guilty in Police Court this morning to shop-lifting, and was remanded for sentence until next Saturday. She admitted having stolen a dress last June and a coat in September from the same store. When the goods were discovered missing by the proprietor he formed certain suspicions, and when the woman entered the store yesterday he notified the police. Inspector Reid interviewed the woman, and although at first she denied having taken the apparel, she soon changed her protests of innocence to admissions of guilt. She was wearing the stolen coat when arrested.

SITUATION IMPROVING

LONDON, Oct 28.—(Canadian Press).— Owing to an improvement in situation proclamation issued today bring martial law into effect in all parts of Italy, has been withdrawn according to Steffani semi-official news agency.

GREECE TO BE PRESENT

ATHENS, Oct. 28.—(Canadian Press).—Greece will be represented at Lausanne Peace Conference on Near Eastern affairs by former Premier Venizelos and Greek ministers to London and Paris. It was learned her to-day.

FORMER PREMIER GAVE AN ADDRESS

Lloyd George Explains the Political Situation to Five Thousand People

GLASGOW, Oct. 28.—(Canadian Press.) — Former Premier Lloyd George, addressing an audience of five thousand people, who gave him an enthusiastic reception here this afternoon, paid early attentnon to breaking up of Colaition Government.

"The world is in such trouble," he declared, "that you cannot afford to indulge in party bickerings and quarrels until the nation is on a firm rock again."

"Die-Hards" are not the only people who are calling for a change. They are not the only people in a democratic country who have the right to call for a change," said the Premier. "They call for change; there are millions calling for another change." This is not the time for moderate men of like mind who think of security of state to fall out among themselves. There is a menace to the left, menace to the right, menace to the front. The nation is surrounded with menacing clouds and darkness."

Mr. Lloyd George asserted Premier Bonar Law has said it was better to split the nation than to split the party. I deeply deplore this decision," he said. "And all my friends and I can do is to do our best to avert the worst evils of a bad blunder—and that is what we propose to do. If partisan victory were snatched out of this election that is not the end. The Socialist party is a new party and a great alternative. It has fought one election, it is going to fight a second election and it will fight third. I do trust that nothing will be done in this election that will make it difficult, and certainly not things that will make it impossible, for men of like mind who believe in keeping the country steady, from pulling together in the boat and preventing it from capsizing."

Referring to the Conservatives, the former Prime Minister said: "I trust their negative policy is only phrase. Negative policy is not the way to get through your troubles."

D. C. COLEMAN MARRIED

NEW YORK, Oct. 28.—(Canadian Press.—Marriage of D. C. Coleman, vice president in charge of Western Lines of Canadian Pacific Railway ad Miss Florence Louise Lynch, daughter of W. F. Lynch, patent office, Ottawa, is to be celebated in rectory of church of St. Ignatius Loyola here this afternoon.

IN MEMORIAN.

FAGAN—In loving memory of Mary Ann Fagan, who died Oct. 28th, 1918.

The depth of sorrow we cannot tell,
Of the loss of one we loved so well,
And while she sleeps a peaceful sleep
Her memory we shall always keep.
Her smiling face to us so dear,
Her gentle footsteps no more we hear;
Her willing hands and face so sweet,
In heaven some day we hope to meet.

Inserted by her Husband, Brother and Sister.

IN MEMORIAM.

LEBAR. — In loving memory of Cecil Lebar, who passed away on 28th October, 1921.

His weary hours, his days of pain,
His troubled nights are past.
His ever patient, worn-out frame
Has found sweet rest at last.
Folks may think that we forget you
When at times they see us smile,
But they little know the heartache
That our smile hides all the while.

—Mother, Father, Sisters and Brothers.

SHANNON. — In loving memory of my dear husband, Charles Shannon, who died on 29th October, 1920.

Gone, but not forgotten.

—His Wife and Family.

DOCTORS HONORED.

Special Train For Hunters.

The open season for hunting deer and Moose in Northern Ontario is rapidly approaching. South of the French and Mattawa Rivers, Nov. 5th to Nov. 20th inclusive; north and west of these rivers, Oct. 25th to Nov. 30th inclusive. North of the Transcontinental Railway line the season is from Sept. 15th to Nov. 15th inclusive.

The Canadian National Railways traverse the finest hunting territory in this country. This fact with their special and regular train service makes "The National Way" the premier line for the hunter. The hunting grounds are so vast there is game for everyone.

The selection of grounds is a most important matter and one which requires careful study. The territory reached by the Canadian National lines north of Parry Sound is already a favorite one, but the new country east and west of Capreol is as yet comparatively little known to the hunter and should, therefore, be highly attractive to the follower of the deer and moose.

The Canadian National Railways are providing special train service, which, with regular trains, will meet all demands. Special trains will be operated as follows: Leave Toronto Union Station 11.15 p.m. Oct. 31st for Capreol and intermediate points, and 11.15 p.m. Nov. 2nd, 3rd and 4th for Key Jct. and intermediate points. The usual ample accommodation of sleeping cars, baggage cars and coaches will be provided.

The Annual Hunters' Leaflet issued by the Canadian National Railways is now ready for distribution, and may be obtained on application to any agent of the Company, or write General Passenger Department, Room 607, Royal Bank Bldg., Toronto. 5d-18-21-25-28-30

TO STOP SMUGGLING SILKS INTO CANADA

Special Force of Customs Officers Established.

OTTAWA, Oct. 27.— (Canadian Press.)—Referring to a special force of customs officers which has been established along the International boundary to stop smuggling, Hon. Jacques Bureau, Minister of Customs, to-day stated that his department was determined to stop the illegal practice. "Women seem to be the worst offenders," he said, "with smuggled silks and ribbons. There are reports also of smuggled matches, drugs and cigarettes.

I believe we have enough confiscated silk to dress the whole civil service," he said.

CROOKS ROBBING THE POSTOFFIC

Have Been Raising Money Orders—Investigation Started.

OTTAWA, Oct 28. — (Canadian Press.) — Crooks have been raising money orders on such a scale as to necessitate general warning by Federal Postal Departmnt.

"Public are warned that money orders should not be cashed for unidentified strangers, particularly orders made payable at other places," the Department advises.

In majority of cases frauds have been perpetrated through crooks purchasing money orders for small sums such as 25c., afterwards raising the amounts and obtaining payment through business firms cashing orders.

Post Office Department officials are conducting investigations to ascertain the exact extent of frauds.

RIPPLING PAINS OF RHEUMATISM

Cannot be Banished by Liniments—Is Reached Through the Blood.

Thousands of men and women suffer severely from rheumatism. Crippling pains in the muscles and joints make every movement a torture. Many people think rheumatism is due to cold or wet weather and they try to banish it by rubbing the painful parts with liniment. This is a great mistake; the rheumatic poison is in the blood and liniment and rubbing cannot do more than give temporary relief. If you are a victim of rheumatism or lumbago the way to rid yourself of it is by making the blood rich and pure, for only in this way can the rheumatic poison be driven from the system. To enrich and purify the blood, Dr. Williams' Pink Pills should be taken. They act directly on the blood, making it rich and red, and in this way the trouble disappears. Thousands of people have proved this, among them Mrs. H. King, Croydon, Ont., who says:—"I was attacked with rheumatism in my right arm and shoulder. It pained me so that I could not raise the arm to comb my hair or feed myself. I commenced taking Dr. Williams' Pink Pills and after taking three boxes I seemed all right again. About six months later, however, the trouble came on again, this time in my left arm. Again I took Dr. Williams Pink Pills with the same beneficial results, and since then I have had no return of the trouble. Now I recommend Dr. Williams' Pink Pills whenever I get a chance."

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

MR. FRANK YEIGH

who will address the Congregation at St. Andrew's Presbyterian Church Sunday evening.

The services in St. Andrew's will be of quite an exceptional nature on Sunday morning and evening the service throughout will be conducted by Ladies, who will occupy the pulpit and take up the offering, the occasion being the annual Thanksoffering of the Women's Missionary Society. The address will be given by Mrs. Mason of Bowmanville, who is a most interesting speaker.

At the evening service Mr. Frank Yeigh, of Toronto, who is admittedly one of the ablest lectures in Canada and has toured Canada again and again as well as the United States and Great Britain will give an address illustrated with lantern slides on "the work of the Presbyterian Church".

The Presbyterion church is spending over a million dollars a year in missionary educational and benevolent work and this address will visualize what is being accomplished. Come early.

TORONTO THE KEY POSITION OF C.N.R.

But General Headquarters of Railway Will Be at Montreal.

OTTAWA, Oct. 28. — (Canadian Press).—According to plans said to have been approved by the Board of Directors of the Canadian National Railways, but awaiting the endorsation of Sir Henry Thornton, new head of the system, general headquarters of the railway will be in Montreal. Toronto will be the head of the central division, Winnipeg of lines west of the Great Lakes, and Moncton of the road formerly known as the Inter-Colonial. The central division will include all Ontario lines of the Grand Trunk and Canadian National, all Grand Trunk lines outside Canada, and Canadian National lines in Quebec.

It is also considered almost certain that Sir Henry Thornton's offices will be in Ottawa. If this plan is adopted Toronto will hold what is really the key position, with command of all roads in the two most populous provinces.

BOY FATALLY INJURED, STRUCK BY MOTOR TRUCK.

TORONTO, Oct. 28.—(Canadian Press). — Eleven-year-old Stewart Wilson was fatally injured when struck by a motor truck on the street near his home last evening. His mother witnessed the accident and collapsed. The boy died a few hours after being struck.

DYED A SWEATER AND SKIRT WITH DIAMOND DYES

Every "Diamond Dyes" package tells how to dye or tint any worn, faded garment or drapery a new rich color that will not streak, spot, fade or run. Perfect home dyeing is guaranteed with Diamond Dyes even if you have never dyed before. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. For fifty-one years millions of women have been using "Diamond Dyes" to add years of wear to their old, shabby waists, skirts, dresses, coats, sweaters, stocking, draperies, hangings everything!

THE FAVORITE IN AUSTRALIA AS IT IS IN ALL CANADA

The Heintzman & Co. Grand Piano.

The product of the Heintzman & Co. Piano factory is to be found in every corner of the Dominion, known to all as Canada's much-loved Piano. In Canadian homes—one generation following another—this piano is treasured and is a source of constant and increasing pleasure.

Sister Colonies throughout the world know its worth. A Style E. Grand; shown in today's illustration, was purchased by Madame Melba, Australia's Queen of Song, on her last visit to Canada; and today this graces the music-room of her beautiful Australian home.

The Magnificent tone of the Heintzman & Co. Piano, gives it a distinctive place among the world's greatest pianos.

PAY TRIBUTE TO GODDESS OF BUTTS.

Freak Stunt of College Men to Win Rugby Game.

CRAWFORDSVILLE, Ind., Oct. 27.—Thirteen Wabash College students at one minute before 12, Friday night, will gather in one room in this city, turn out the lights, bar the door, each light a cigarette, kneel, bow five times to the "Goddess of Butts," take several puffs, put the cigarettes into a jar, cover it and silently wait for the court house clock to strike 12.

When the last stroke sounds the 13 men will give five rahs for "Old Wabash" and hope for a continuation of success to the Little Giant football team which meets Butler College at Indianapolis Saturday. This superstitious custom originated here before the Purdue-Wabash football game last fall. It was held before the Depauw grid game, the two Depauw basketball games and the final Purdue basketball game last year.

And it has yet to fail.

"The human anatomy is a wonderful bit of mechanism," observed the Sage.

"Yes," agreed the Fool. "Pat a man on the back and you'll make his head swell."

POLICE BATTLE TRIO IN STOLEN MACHINE.

DETROIT, Oct. 28.—A running revolver fight between three alleged automobile thieves and a squad of Lincoln Park police led to the arrest of Walter Hanson, 24 years old, a former, complaint clerk at the Detroit Detective Bureau, and Charles Tracey, 26 years old, 2851 Van Dyke avenue, at midnight, Wednesday. They are held at Wyandotte while police of all downriver villages are searching for their companion.

According to officers, the three young men drove through Lincoln Park late in the evening in a machine that had been stolen earlier in the day from Donald P. Gray. A Lincoln Park patrolman recognized the car. He called to other officers, who manned an automobile and followed firing volley after volley. The men in the stolen machine, which was found later at Ford village, riddled with shots, answered the fire, but did not hit the police.

Hansen who was driving, and Tracey, were caught at the outskirts of Wyandotte, but the third man disappeared and police believe that he was wounded. Hansen was discharged from the clerks' office at police headquarters here, two months ago.

CASCARETS 10¢

For Constipated Bowels, Sick Headache, Sour Stomach, Bilious Liver

The nicest cathratic-laxative in the world to physic your liver and bowels when you have Dizzy Headache, Colds, Biliousness, Indigestion, or Upset, Acid Stomach is candy-like "Cascarets." One or two tonight will empty your bowels completely by morning, and you will feel splendid. "They work while you sleep." Cascarets never stir you up or gripe like Salts, Pills, Calomel, or Oil and they cost only ten cents a box. Children love Cascarets too.

LYRICS AND THEME TRULY DELIGHTFUL.

Those who witnessed last spring the production of "The Message of the Bluebird", Mr. Asa Huycke's original light opera offering, will be pleased to hear that its repetition is staged for the 1st of November, on Wednesday night of next week, at the Grand Opera House. That a prophet without honor in his own country is the usual trend of thought but Peterboro's theatre-loving public attended Mr. Huycke's production in satisfying numbers last spring, and doubtless the one-night showing will be well patronized. The lyrics and theme are delightful, daintily handled, with effective and tuneful choruses and the best soloists the city can offer. With a background of original composition throughout, the co-operation of Mrs. A. A. Perrin and Miss Margaret McCabe and Mr. J. H. Renwick in the music and staging, it is a pretty and worth-while offering.

Winter Lectures

The Womens' Canadian Club is opening its winter season of lectures next Wednesday afternoon at 4 o'clock in the Public Library, with a lecture by Prof. Sandwell, of McGill University, Montreal. As next week is Canadian Book Week, there is a special fittingness in the presence of Prof. Sandwell, who is editor of "The Canadian Bookman" and honorary secretary of The Canadian Authors' Association. He will speak on "Why We Need Canadian Books."

ASPIRIN

UNLESS you see the name "Bayer" on tablets, you are not getting Aspirin at all

BAYER Genuine

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

Colds	Headache	Rheumatism
Toothache	Neuralgia	Neuritis
Earache	Lumbago	Pain, Pain

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Hallowe'en

A novel invitation is easily made at home by cutting a piece of yellow paper twenty inches long and four inches wide, writing one of the following lines in each inch.

Now what on earth
Do you suppose
Is in this
Little folder?
Just keep right on
And you'll find out
Ere your're a
Minute older.
A few more turns
And then you'll know.
Oh, Gee Aren't you
Excited?
We entertain
On Hallowe'en
And this means
You're invited.
Name .....
Place .....
Date .....
Please Masquerade.

Then begin at the bottom and fold the paper up inch by inch. Fasten the last turn-down with a spooky gummed sticker, slip the invitation into a little envelope put another sticker in the upper left-hand corner, a stamp in the upper right, address and mail it. (Stickers of ghosts, black-cats, witches, etc., may be purchased in any stationery store or the art department in a department store.)

When the guests arrive, have a ghost escort the ladies to a room where they are to hang their wraps; and a witch escort the gentlement. Or the wraps may be taken at the door by a witch or ghost. Usually guests like to add a last touch of makeup, etc., before appearing before the assembled guests.

Or the guests may be received at the door by two grotesque figures. One is very tall, and the other very short and fat. Select for first part the tallest man you know and have him prepare a jack-o-lantern on a pole or broom stick which he holds above his head. The entire figure is draped with sheets, holes cut for the eyes of the person so that he can manage to see where he is going. He is given a glove which is stuffed with wet meal, and each guest is forced to speak to this tall figure and shake his hand; when they scream with surprise at the wet gloved hand that grasps their own, the little fat figure, who is a very small man, padded to look still shorter and fatter, dances up and down and laughs in fiendish glee.

The hostess can add to the merry-making of the evening by providing a black cambric cap for each gentlemen. This is accomplished by simply taking a piece of black cambric and painting eyes and nose on one side with oil paint. A piece of pink flannel or ribbon is sewed on in place of a tongue and black linen thread used for whiskers. Pointed ears should be provided, of course. After the guests dons this hat, with the fac of the cat on the back of his head, a small hole is cut carefully for each eye, the nose and mouth. This gives the effect of the cat walking backwards. The effect can be accentuated by having them reverse their collars, ties and coats.

Telling fortunes is an indipensable feature of the Hallowe'en party. An easy and effective way to contrive a fortune-telling booth it to utilize an archway between two rooms. An ordinary folding clothes-horse is draped with sheets, which form the back and the sides, while the front is draped with black crepe paper dotted with ghostly figures. A witch presides over a caldron in which pieces of folded paper contain some of the following verses. As the witch reaches into the caldron and spears a fortune on her fork, she chants these words:

Last night I climbed
Up the side of the moon,
And danced on top
With a leering loon.
And the loon told me
This fortune true
To bring tonight
And give to you.

Fortunes in prose or of verses like these may be on slips of paper and folded tightly together:

As sure as the moon
Is made of cheese
You'll live to hang
On the gallows trees.

You like to teach arithmetic,
And say it is great fun;
But there is one who'll teach you
Quick that one and one make one.

The caldron may be a big cooking pot covered with black paper or a light shaped frame made of light weight fire, and this may be covered with cheesecloth. Sticks may be arranged under it in the floor, and red and green crepe paper cut into flame-like tongues may be pasted to the sticks and all up the sides of the caldron. Some of the crepe paper flames may be wired to lick up over the top of the caldron and stand out in the air about it. Inside of the caldron incense may be burning to send up smoke and hidden among the sticks and red crepe paper flames may be the bulbs of an electric battery system such as is used to light a Christmas tree. This makes a wonderful glowing witch's caldron. The witch's costume may be made of white crepe paper or a robe made of an old sheet. She should wear a pointed red crepe paper hat and a white mask with red eyes and cheeks. Her long wand may be covered with white crepe paper tipped with a wire fork, the prongs of the fork wrapped with red crepe paper and rubbed with phosphorus.

Another way to tell fortunes is by a strange little woman who is a real witch. She is made by this method. Have a table covered, that is a sheet draped around the legs so that no one can see beneath it. The little witch is two girls, one of them stands behind the other with her arm under the arms of the other girl. In this manner her hands and arms are the hands and arms of the figure. The girl in front wears shoes on her hands and places them on the table in front of her, these are the legs and feet of the witch. When the false face and wigs of the witch are put on the girl in front and she is dressed in what appeared to be a dress the effect is grotesque. There is a complete little woman, very small and weird looking. The girl behind is hidden by another sheet stretched between the two girls but which allows the girl behind to get her arms under. The little old witch tells fortunes in a high, thin voice in keeping with her size.

New System of Fat Reduction

Here's a new way for all fat people to laugh together at that old bugaboo—Obesity. The saying that there is nothing new under the sun does not now apply to fat people any more. Here is something new for them—a new sensation, a new pleasure, a new and graceful figure, easily found by anyone who is passing beyond the limits of slimness. Everyone has heard of the Marmola Prescription; that harmless combination of fat-defying elements perfected by one of the foremost physicians. Now from the same high authority there comes another idea—the idea of condensing these same pure, harmless, ingredients into a pleasant little tablet. Taken after eating and at bedtime they help the stomach to dispose of all fatty foods, converting them into compact, solid flesh, muscle and energy, without dieting or exercise. Marmola Prescription Tablets regulate the entire system—do for you what bodily exertion and self denial can not do, and the fat, once routed, is gone for good. You can prove all this at a trifling cost. Marmola Prescription Tablets are sold by all druggists or sent postpaid by the Marmola Company, 4612 Woodward Avenue, Detroit, Mich. A case—sufficient to bring results—is but one dollar.

THE "LIFTUP"
(Patented)
The "Liftup" a patented invention with non-slip elastic inside belt, gently supports the abdomen and is very beneficial for use after an operation involving an abdominal incision. Most effective in relieving those physical ailments from which many women suffer. *Write for the name of a Bias Corsetiere near you.*

THE FALL WEATHER HARD ON LITTLE ONES

Canadian fall weather is extremely hard on little ones. One day it is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps, and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds, and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

PROPOSED PLAN FOR PLUMBING

Property Committee Presents Recommendation of the Board of Health Charging Cost to Taxes

To further the installation of sanitary plumbing, the Property Committee of the Council last night recommended to the Council the adoption of the Board of Health's plan whereby householders who are unable to pay for the work in a lump sum shall be assisted by the city. Under this plan the Board may direct certain work to be done, providing the owner is unable to pay for it at once, and the cost shall be paid out of the city's treasury and charged in the taxes against the property in five equal annual payments. The Council's approval must be given to each recommendation from the Board of Health for such work.

The resolution by Ald. Holloway, seconded by Ald. Turner, is as follows:

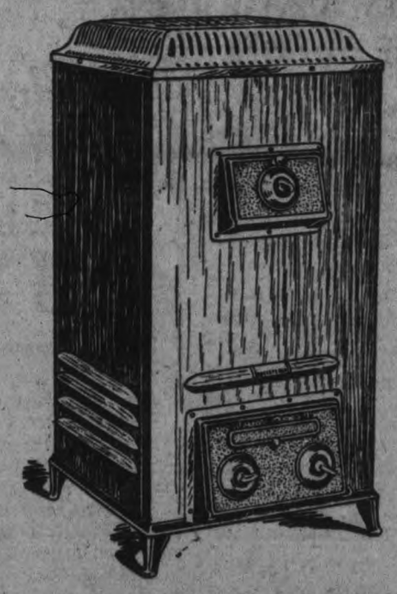
"That a by-law be passed to provide in cases in which the Local Board of Health recommends that sanitary conveniences be installed in buildings, and is of the opinion that the owner of the premises is unable to pay at once the expenses entailed, that the city instal the plumbing at the expense of the owner upon such recommendation being approved by a resolution of the Council, and that upon such approval the cost, including interest at the rate of six per cent. on the deferred payments, be paid by the owner in equal successive annual payments extending over a period of five years; and further, that such annual payments be added by the clerk to the collector's roll and collected in like manner as municipal taxes; and also that upon the adoption by the Council of such recommendation the Board of Health be authorized to have the plumbing installed and the City Treasurer be authorised to pay the cost on the order of the Board."

Equip New Houses.

Another resolution by Ald. Holloway, seconded by Ald. Turner, proposes that all persons erecting new houses upon streets on which there is a sewer shall be required to instal sanitary plumbing, consisting at least of a sink and closet, and that a by-law be prepared embodying this regulation.

Cover Garbage Waggons.

Moved by Ald. Turner, seconded by Ald. Holloway, that the garbage by-law be amended to provide that the garbage waggons shall be covered with tarpaulins or heavy canvas, that the said waggons shall be flushed with water periodically, or as directed by the Sanitary Inspector and that the contractor shall collect garbage on holidays, or otherwise collect on the following day garbage that should have been collected on a holiday; and also that householders must drain garbage before putting it out for collection.



SOUVENIR SUPERHEATER

It's a Furnace

The SOUVENIR SUPERHEATER looks like a costly mahogany cabinet, but it's a real Furnace, and heats every room in a medium-sized House.

Designed on the lines of the Pipeless Furnace, the SUPERHEATER operates with the lowest possible consumption of fuel.

Installed in one of the living-rooms, the SUPERHEATER keeps the whole house warm. It will heat 4 to 6 connecting rooms better than the ordinary Stove heats one.

The SUPERHEATER will burn hard coal, soft coal, and wood with perfect results.

POOR OLD CLARENCE, HE'S TO BE PITIED!

The following letter explains itself. The writer, in a separate epistle, explains that this letter has been sent to everyone named "Clarence" in Canada, and "is a serious attempt to put an end to a senseless defamation of an honourable name."

It now only remains for the Percys and Willys to organize similar campaigns, or for the Pats and Mikes, the Sandys and the Ikeys who figure so prominently in the work of the jokesmiths, to don the armour and take up the cudgels in defence of their various initial handles.

The letter, which the author thereof asserts was sent to every Clarence in Canada, (the reader with a lively imagination who can picture the time spent in looking them up and the money spent in postage might be pardoned for suggesting that an easier way out of the difficulty might be to change the author's front name), says:

Dear Clarence:

When Lionel, second son of Edward III of England, had the good sense to marry the heiress of Clare, a town in Suffolk a dukedom was created for him. This dukedom was called Clarence in honour of the town of Clare and Lionel became the first Duke of Clarence.

Owing to Lionel's popularity, the good people began to name their baby boys "Clarence." For many years this honourable name has been the butt of silly jokes in the newspapers and on the stage. This sort of thing should be stopped and I am asking your co-operation in forming a "National Canadian Clarence Anti Defamation League."

All the Clarences I have ever known have been good fellows and it is high time that something was done to stop this senseless ridicule

Therefore, for the good of the Clarence clan and yourself in particular, I urge that you sent a letter exactly like this to EVERY Clarence you know at least four or five. This is the only method we have of spreading the good news.

Sincerely yours,
Clarence Smith.
166 Jarvis Street,
Toronto.

MOTHER!

Open Child's Bowels with "California Fig Syrup"

Hurry mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child to-morrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on the bottle. Mother! You must say "California" or you may get an imitation fig Syrup.

MATCHED WITS

(Continued from page 1)

Chief Newhall relates, "Davis Hill was discharged, although a package of strychnine and salt was found in the pocket of a smock in his own house and away from William Hill's house, William swore he had lent Davis the smock, and said the mixture of strychnine and salt was to poison ground hogs."

In 1921 Davis Hill was charged with having made threats against Russell Hill's wife, and last week he was again sentenced to the penitentiary, this time for two years, under conviction of poisoning two cows belonging to Mrs. Russell Hill.

14 Years in Prison.

The combined penalties imposed on these two brothers in the last decade aggregates fourteen years' imprisonment. Provincial Constable Cookman was actively engaged in this last case with Crown Attorney Hatton as prosecutor, and was also identified with Chief Newhall in some of the previous round-ups.

Those self-styled experts who profess ability in physiognomy might find criminal marks or lines in the face of Davis Hill, but to the ordinary person he bears no striking indications of the evil he has planned and done. With industry and the desire to live in harmony with his neighbors, it is said that both he and his brother might be quite prosperous farmers: but, after ten years of intermittent litigation and the lost intervals in prison, followers of their ill-starred and disastrous careers are wondering to what extent their property is entailed by the cost of their trials and all the productive time they have lost.

On the other hand they have furnished numerous, even annual, occasions and opportunities for the employment of Chief Newhall's talent in ferreting crime. Practically every entry in the list of crimes for which they have been convicted stands out as a real achievement for Peterborough's present Chief Constable, who knows the Hill houses and countryside as well as do the misguided brothers, whose folly and malice have served to help Chief Newhall to fame as a detective that is more than local.

THE BLACK CANDLE AND DRUG ADDICTS.

Mrs. Arthur Murphy, better known as "Janey Canuck", or Magistrate Emily F. Murphy, of Edmonton, speaking on "The Black Candle" at the Allen Theatre, last week, said "A very large percentage of drug addicts become criminals, because it takes from $3 to $30 a day to keep them in drugs. They cannot earn the money, so they become thieves. If a drug addict holds you up on the street, don't argue with him. Give him your money; he must have it.

Mrs. Murphy dealt with the illicit drug traffic in all its phases and scored those members of the medical profession who use "the profession as a cloak for second-hand murder." She stressed the fact that the drug scourge threatens the foundations of Canadian society. "In 1919, Canada has the dire distinction of leading the world in its per capita drug consumption." The speaker quoted figures from different countries showing that 90 per cent of drug addicts are English speaking and 90 per cent. of the peddlers of foreign extraction. In Austria the consumption of narcotic drugs is less that 1 grain per capita per year; Italy 1 per cent; Germany, 2 per cent; Portugal, 3 per cent; Holland, 3 per cent and the Continent of America 72 per cent. Last year Germany used 17,000 pounds of cocaine and the United States a total of half a million pounds. This does not include the amount smuggled into the Republic, which more than quadruples that amount.

Mrs. Murphy asserted that Chicago was not the distributing center but that it was formely located in Edmonton and latterly in Montreal She said that the alarming increase in the use of drugs was not due to prohibition, contending it was much easier to smuggle drugs than liquor, and the profits were greater. "Women have told me that when there is nothing in the bottle the next morning they sober up on cocaine. Until production is curbed the drug ring will continue doing business in every part of the world."

COWAN'S COOKERY COLUMN

Cocoa Walnut Cake

2/3 cup butter
1 cup sugar
Yolk 3 eggs
½ cup milk
⅛ teaspoon cinnamon
5 tablespoons Cowan's Cocoa
1¼ cups flour
2½ teaspoons baking powder
Whites of 2 eggs
½ cup walnuts (chopped)
1 teaspoon vanilla
½ teaspoon salt

Method:—Cream butter, add sugar gradually. Add beaten eggs yolks and beat vigorously. Mix and sift dry ingredients, Cowan's Cocoa, flour, baking powder, cinnamon and salt three times. Add alternately with milk; add vanilla and fold in whites of eggs beaten stiff. Add chopped and floured walnuts. Turn into a greased and floured pan and bake in a moderate oven 45 minutes. Cover with cocoa icing and decorate top of cake with walnuts.

COWAN'S Perfection Cocoa comes packed in tins and thus retains its delicious flavor.

Examiner Road Race Thanksgiving Day--Other Sport News

Entries Coming In For Examiner Road Race

Runners From Both City and County Have Signified Their Intention of Taking Part in Big Race.

THE COURSE.

Entries are already coming in for the annual Examiner Road Race, which will be the big feature of Thanksgiving Day (6th November).

In addition to a number of contestants from the city several names have been received by the committee in charge from the country districts.

It is hoped that there will be more out-of-town entries this year than in the past, and for that reason steps have been taken to simplify the course over which the race will be run.

The only city streets which will be traversed are the two main thoroughfares, so there should be no confusion for any of the runners.

The course will be:

Start in front of the Y.M.C.A., and run south on George Street to Charlotte Street, west on Charlotte Street to the Boundary, and then straight out the Gravel Road to the turning point and back over the same route to The Examiner office, where the finishing point will be.

A number of local runners have taken jaunts over the course, and report it in the best of condition all the way.

The turning point for the juniors will be two and a half miles and for the seniors five miles from the starting point. The trip there and back will make the races five and ten miles respectively. Point men will be stationed at each turning point to check the runners.

Good prizes will be offered for each class, and will be placed on display in Grant & Thorpe's window next week.

The officials who will be in charge of the affair will also be announced next week.

THE FINAL GAMES IN SENIOR SERIES DREW BIG GATES

Season Too Late to Play For Dominion Championship — May Play Next Year.

AFTER WILLIAMS.

The Ontario senior amateur baseball championship rests with Galt. The challenge from Ottawa is not received with any great enthusiasm among the Galtonians and the Ontario association is not inclined to urge them to play. Ottawa figures outside the jurisdiction of this Province in athletics; they belong to the Ottawa Valley Amateur Union.

The original intention was to stage a Dominion championship this fall with the Provincial title-winners playing. The West withdrew from the plan early in the fall and that settled that scheme.

At any rate with Ontario settling its honors only this week, a further series to decide the Dominion title would run into weather suited more to hockey. In future years provision should be made for much earlier closing in Provincial circles.

It goes without saying that the O.B.A.A. never had a more successful play-off. The Galt-Belleville struggles are recent enough to require no further comment beyond the fact that at Guelph they drew around $3,500 at the gate without counting the extra for the grandstand which was given to the Haileybury sufferers. At Brantford earlier, a gate of $4,600 was taken in one of the semi-finals. St. Thomas drew splendidly, as did the several towns concerned in the East.

"Knotty" Lee was at Guelph looking over the Indian pitcher, Williams of Belleville, again. Even if Toronto secured him it would be to farm him out for a year or more.

S. HAMILTON WINS THE CHAMPIONSHIP

Defeated Percy Bond in the finals—Both players turned in a good game

By defeating Percy Bond in the final 36-hole match, Sam Hamilton upheld the golf traditions of the Hamiltons by adding another championship to the many already won in the past by other members of his family. Both players played a very steady game and turned in good scores considering the issue at stake

The first eighteen holes were played by Hamilton in 42-38 for an 80, while Bond had 41-41 for an 82, making Hamilton four up, match play which advantage he carried along with the 32nd hole, where the match finished 6 up and 5 to go.

The story of the long grind is told in the following score:—

Morning Round

Hamilton	5	6	3	5	5	3	4	5	6—42
Bond	6	5	4	6	3	3	5	5	4—41
Hamilton	5	4	3	6	3	3	5	5	4—38
Bond	4	5	4	6	3	3	6	5	5—41

Afternoon Round

Hamilton	4	4	3	5	5	4	6	6	4—41
Bond	5	5	4	6	3	3	5	5	5—41
Hamilton	5	4	4	5	3	x	x	x	x—21
Bond	4	5	4	5	4	x	x	x	x—22

R. GRANT WINS MACDONALD TROPHY

Defeats W. C. Ackerman in an exciting 18 hole final for the championship of the second section.

By running down a put for a birdie 2 on the 15th green "Jock" secured a lead of one up, at an important stage of the game and made the match "dormie" in the next hole, finally winning on the 17th 3 up and one to go.

To beat "Bill" Ackerman in a game of golf where there is "some thing at stake" is a real contract and "Jock" deserves all the credit in the world in winning from such a strong match player in a final trophy match.

Glue and varnish are made from certain seaweeds.

The greatest shaving advance in your lifetime

Until the advent of the new Improved Gillette there has been no improvement in device or method of shaving since the original Gillette was invented twenty years ago.

Now the New Improved Gillette has made a big step forward in shaving service and satisfaction.

No matter how tough your beard or tender your face, the New Improved Gillette will give you the finest shave you have ever experienced.

Those dealers who are in touch with the public say it is the only razor they ever sold that meets and overcomes the skeptical men who are hard to suit on shaving.

Have you asked your dealer about the New Improved Gillette?

The New Improved Gillette Safety Razor

Patented Canada July 31, 1920

UNCLE SAM TAKES A TRIMMING WITH VERY POOR GRACE

Too Much Gambling on the Outcome of International Fishermen's Race Will Ruin the Sport.

MAY PROTEST.

GLOUCESTER, Mass, October 28 (By C. H. J. Snider). — Great in defeat is your Uncle Samuel. A minute after Ford's topmast went on Thursday, Captain George Peebles, chairman of the International Sailing Committee, was in receipt of this message from Mr. McInnis, of the Gloucester Committee:

"I appeal to you on behalf of our disabled vessel."

The "disabled vessel was coming along faster and making better weather of it than she had been before the spar went out.

"What are you going to do about that wireless Captain Peebles was asked.

"Frame it," said the captain

Put Guineas on Watch.

After the Ford had been soundly thrashed, her crew leaned over the side and pointed out the long greenish-white ribbon of foam trailing off under her keel. This is something always observable in a deep draught vessel driven at high speed and inclined to a sharp angle.

"I tell you there's something foul of our keel," was repeated a dozen times. "We'll put a hundred Guineas on to watch her to night and have her hauled out and see what's to be done to her. The Guineas are so keen on it, they promised to pay the expense themselves of having her taken out."

The "Guineas" are the Portuguese inhabitants of the harbour front where the Ford lies.

No Scrutineer.

The culmination was the announcement at midnight or later that the American sailing committee was protesting the grand victory of the Bluenose on the ground that she had not carried an American scrutineer or official observer. The rules provide for one observer in each ship. The American official observer, Mr. Russell Smith, resigned after the race on Monday.

Captain Charles Nelson was said to have been appointed to the Bluenose as Ameriran observer, but did not make connection with the vessel on either race day.

Captain Walters, of the Bluenose, could not go out and Shanghai the first American he found on the dock. It was up to the American race committee to provide a man and have him on the job. Besides, if they were going to protest, why did they not protest after Wednesday's race, instead of leaving it until Bluenose had won the Cup on Thursday?

Late at night it was announced that the Bluenose would race the Mayflower on Monday. There is a strong feeling among the Canadian contingent that this should not be permitted. The Mayflower is just as much a yacht now as she was when the millionaire syndicate of yachtsmen behind her had her built as a "mug-hunter." Bluenose is entitled to rest on her well-earned laurels as a fisherman. Bluenose may go to Boston to-day to be hauled out in preparation for th contest.

Ruined by Gamblers.

"Politicians' aspirations and gamblers' greed are ruining a good clean sport," declared a level-headed follower of the schooner races. "The motive behind this latest race proposed between Mayflower and Bluenose is not to determine which is the better vessel, but to make a pot of money for a lot of men who never put their lives in peril on the sea.

The amount bet on the Bluenose-Ford series is said to range from $85,000 up to hundreds of thousands. That is the cause of all the hard feeling and the attempted corner cutting. The other feature is the political ambitions of men who expect election on account of the amount of noise they make."

TIGERS LACK TRIPLE THREAT.

In modern football it is an accepted theory that no team can be successful unless it has a triple threat.

The Princeton team of this year seems lacking in that respect. That is one reason why a lot of the experts figure the Tiger is in for a tough season.

Last year the Tiger eleven had a great little star in Quarterback Lourie. He could run, kick and hurl the forward pass.

There is no Lourie at Princeton this year. Bergen at quarter doesn't measure up to his class. Cleaves, whose great run saved the day for the Tigers against Colgate, surely can run and is the best of the Princeton punters. However, he cannot throw the ball nor drop kick, so that he lacks two of the essentials of a triple threat player.

SMOKE WILL RUN IN HAMILTON RACE.

HAMILTON, Oct. 28.—The entries of Jimmy Dellow of the Gladstone A. C., Toronto, and Albert Smoke, the Peterborough Indian, were received yesterday for the annual Herald road race to be run on Thanksgiving Day. Smoke, last year's winner, promises to shatter the record of 1.46.15, made by the late Jimmy Duffy in 1912, and Dellow expresses confidence in his ability to defeat Smoke. It ought to be a pretty race between the pair, but there are other high-class runners entered who may upset the calculations of both.

Many Champions Lose Titles in 1922 Fall of Ruth the Outstanding Feature

Top row, left to right: Marion Hollins, Morvich, Mrs. Mallory. Bottom row: Walter Hagen, Georges Carpentier, Johnny Buff, Babe Ruth.

By BILLY EVANS.

The year of 1922 will go down in the annals or sport as a jinx season for champions.

Although two months of the current year remain, champions in practically every line of sport have lost their titles.

Perhaps the biggest upset in sporting circles was the absolute failure of that great race horse, Morvich.

As a two-year old Morvich was unbeaten in 12 starts. He was placed in the same class with Man o' War. No one disputed his right to the two-year-old championship of the turf.

What would Morvich do as a three-year-old. It has been the history of the turf that many a great two-year-old fails to perform consistently as a three-year-old.

Morvich won his first start, the Kentucky Derby, in impressive style. The Kentucky Derby is generally regarded as the classic of the running game. True, Morvich didn't face a strong field in the Derby, but he ran a great race.

The critics were ready to hail Morvich as the peer of all three-year-olds. Then something went wrong. In every other start during 1922 Morvich was badly beaten, Favoured to win every race he started, he failed dismally each time out.

Unquestionably the absolute collaps of Morvich as a champion was the outstanding feature of 1922 from a sport angle.

Another decided reversal of form was the defeat of Mrs. Mallory, American woman tennis champion, by Mademoiselle Lenglen. In their previous meeting Mademoiselle Lenglen had defaulted early in the match after being apparently outclassed. She gave as the reason, illness, but American tennis critics acused her of quitting cold.

The result of the clash caused much ill-feeling in French and American tennis circles. Mrs Mallory invaded Europe to prove that her victory was not a mere fluke as claimed by Mademoiselle Lenglen.

The outcome was a decisive victory for Mademoiselle Lenglen and a terrible jolt for Mrs. Mallory and American tennis.

Gene Sarazen, by his defeat of Walter Hagen, must be regarded as supreme in golfdom.

Hagen won the British open. Sarazen the American title. Recently the two met in a little golf world series and Sarazen emerged the victor.

While no actual title passed, still Hagen for the time being lost his right to be classed as the greatest money player in golfing circles.

Marion Hollins, who held the woman's golf title in America, was succeeded to the throne by Glenna Collett, the sensational Providence R.I., player.

In boxing circles the defeat of Georges Carpentier, world's light heavyweight titleholder, was a decided shock. The fact that Carpentier was beaten by a comparative unknown, Battling Siki, made the result all the more startling.

Johnny Buff, by the way, was the heaviest loser of titles. Buff held the flyweight and bantamweight titles at the start of the year. Joe Lynch is now bantamweight champ and Pancho Villa the flyweight title holder.

In baseball the fall of Babe Ruth was a tragedy. Home-run king for three years, monarch of all he surveyed in swatdom, Ruth was jolted from his throne by Rogers Hornsby.

All of which merely proves you can never tell what's going to happen in sportdom.

Johnny Dundee One of the Best in the Lighter Divisions

Little Scrapper is After the Lightweight Title Now Held By Johnny Kilbane — Dundee Holds the Junior Title.

By BILLY EVANS.

Johnny Dundee is unquestionably the most versatile boxer in the country when it comes to making weight.

For years Dundee has been making weight for any number of opponents. When not making weight Dundee was giving away poundage to lightweights and near-welters.

Dundee at present holds the title of junior lightweight champion. Johnny himself says that the junior title means little or nothing. He is shooting at the real lightweight title held by Benny Leonard.

Incidentally Dundee is more than eager to get a chance at the feather weight title held by Johnny Kilbane. Recently Kilbane agreed to meet him at Jersey City in a no-decision bout. The match was practically a certainty until the New York Boxing Commission stepped into the picture.

Kilbane is under suspension in New York state. It seem Kilbane has disobeyed every mandate of the boxing body looking after the sport in that state. For making light of the commission's decisions he is under suspension.

Dundee is a big favorite in New York. He draws down any number of big purses during the winter. The commission informed Dundee that if he met Kilbane in Jersey he would also draw a New York suspension. Dundee called off the match.

[illegible] the recent world series in New York I had a talk with Dundee. Johnny is perfectly serious in his desire to meet Kilbane.

"I held Kilbane to a draw when Johnny was at the top of his game. If I ever meet him again the featherweight title will be held by Dundee," said Johnny.

"Kilbane has been idle for practically two years, with the exception of an occasional soft fight. On the other hand I have been fighting constantly and have met the best in the business.

"I am in better shape than Kilbane. A fighter cannot remain idle and keep his condition. While I recognize Kilbane's great ability, still I am confident that I am his master.

"The weight isn't going to bother me as much as Kilbane. Making 126 pounds will be easy for me if Kilbane sets that mark. If he insists on 122 he is going to have much more trouble than me in making the low weight.

"In my bout with Frush, when I won what is known as the New York state featherweight title, I weighed 124½ pounds.

"I really believe I am much stronger at that weight than when I enter the ring four or five pounds heavier.

"Bring on Kilbane and there will be a new featherweight champ. Neither am I passing up a chance to meet Benny Leonard if some promoter likes the idea."

The defeat of the clever Dave Shade at Boston recently by the veteran Eddie Shelvin came as a great surprise to fight fans all over the country.

Shelvin for years has been a favorite down New England way. Seven or eight years back his admirers thought he had a chance to win the lightweight title. However, Eddie proved a bit of an in-and-outer, and the impression prevailed that he was on the downward grade.

Several years ago he practically gave up the fight game as a livelihood. He took a position as instructor in boxing at Dartmouth College and was referred to by the student body as "Prof." Shelvin.

Boston decisions are not always in keeping with the work of the fighters. Some time ago a referee retired because his decision caused such a rumpus among the experts. Possibly Shade deserved a better fate.

Shelvin's victory over Shade is only the second time that the California has been on the short end of a decision since he started boxing over four years ago.

Frankie Schoell, a Buffalo welter, was the other boxer to get the award over Shade.

CANADIAN TELEPHONES USED IN AUSTRALIA

OTTAWA, Oct. 27. Canadian Press —"Made-in-Canada" telephones will be used in Australia in carrying out the programme of new works and aditions outlined by the Commonwealth Postmaster General. In addition to 14,459 telephones in arrears, it is anticipated that 28,498 instruments for new subscribers will be made available during the present financial year.

Princeton and Chicago to Battle For Honors Today

To-Day Will Probably See the Last Gridiron Meeting of These Two Colleges — Chicago Shows Great Strength.

Defeat always riles the Princeton Tiger. That is why Chicago is certain to see Princeton at its best when these two elevens meet at Chicago today.

Football enthusiasts the country over await with much interest the clash between these two teams. Both will be at the top of their game. It should prove a real exchange of football greetings between the east and west.

Last year Chicago rather upset the football dope by defeating Princeton, 9 to 0. A short forward pass and a field goal by Romney turned the trick. It was the first time the Tigers were ever defeated on their own gridiron by a western eleven.

The meeting at Chicago this year finished a two-year contract between the two universities. It is hinted that Princeton does not care to continue football relations with Chicago. The reason is the Chicago game makes the schedule a bit unwieldy. In other words, the competition Chicago is able to offer is greater than Princeton expected or desired.

I have it on pretty good authority that there will be no new agreement. Since Princeton seems determined to sever relations in football, the Tigers naturally would prefer to do so after a victory. For that reason Princeton is certain to put forth every effort to triumph over Chicago.

While western critics believe that Chicago has an excellent chance to repeat its victory over Princeton, the Tigers are equally confident of reversing the score of 1921. Chicago will have no Romney this year, but somehow Stagg always manages to turn out a star performer—in the back field.

True, Princeton didn't look very good against Virginia. A 5 to 0 score was the margin of the Tiger victory. The fact that Princeton wasn't able to cross the southerners' goal line doesn't seem to worry Coach Bill Roper. He says his team has great promise and that he doesn't want it to come too fast.

Both elevens will be minus a number of the star performers of last season. Despite this, both Roper and Stagg claim the 1922 elevens are superior to those of 1921. Neither coach is inclined to be boastful, so it seems certain that western football enthusiasts are in for some real football when Princeton meets Chicago.

Roper is specializing in the kicking game. Stagg is also devoting much time to that department of play. It wouldn't be at all surprising if the toe of some athlete played a prominent part in the outcome of the game.

LAFAYETTE IS CRACK TEAM.

Last season Lafayette was regarded as having one of the best football teams in the country. This year's aggregation seems to be an even better one.

Lafayette showed its worth in the game with Pittsburg, which was won by a score of 7 to 0. It followed this victory by a win over Muhlenburg College 62 to 0.

Lafayette hasn't suffered a defeat on the gridiron since November, 1920, when the Easton eleven lost to Pittsburg. The team has 14 straight to its credit.

Despite the fact that Lafayette lost several of its outstanding stars of last season, Coach Sutherland seems to have acceptably filled every vacancy. It is a team that will finish among the select in football circles.

'HANDSOME JACK' DINES 12 EX-SWEETHEARTS

LOS ANGELES, Oct. 27—"Handsome Jack" Hirsch, New York hair net chief, is as great a hero to-day as ever was produced in any peace time.

For yesterday "Handsome Jack" single-handed entertained, dined (and would like to have wined) 12 beautiful women — all sweethearts 35 years ago when he was a free, devil-may-care youth of 20. And as Hirsch sat down at the head of the long table vague memories of "parties" of yester-year flashed through his brain. He's soon to leave for China.

Several society women in New York city have formed a radio club so that they may become more enlightened upon the subject.

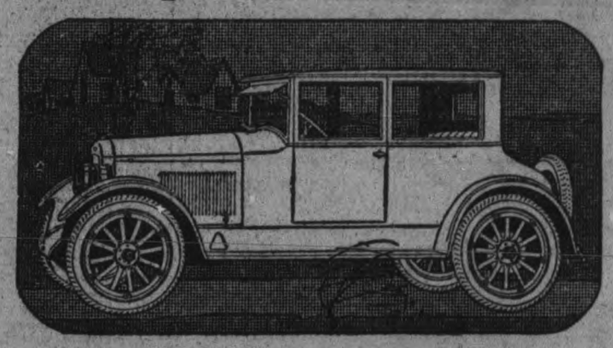
A 50 Horsepower—6-Cylinder Coupe



Panel Steel Body — Seats Four — $2250

A year ago you could not have bought an enclosed car that could match the Jewett Coupe in quality for $3500. Today this Jewett model is yours for $2250 f. o. b. Windsor—tax paid.

The Jewett Coupe body is made of panel-steel. Four passengers ride in comfort—the driver in an easy individual seat, with two passengers in the broad 36-inch main seat, while a well-padded arm chair unfolds to welcome the fourth.

The mighty rush of 50 horsepower is yours in this Jewett Coupe whenever your needs require it, yet that rush is modified to a whisper by the perfect six-cylinder balance of power impulses that overlap. This power plant is installed in a chassis of excess strength.

Set your expectations high. A call at our salesroom and a ride in the Jewett Coupe will justify every ideal you have conceived of this striking motor car value.

The complete Paige-Jewett lines of six-cylinder passenger cars offer a selection of eleven models priced from $1525 to $5280. The complete line of Paige trucks meets every haulage need. They are sold and serviced by Paige dealers everywhere.

Worth Millions to People Who Are Not Well

Acts on Every Organ of the Body, Stomach, Liver, Kidneys and Bowels.

Those of us who are used to feeling tired and dull when we rise, headache, foul breath, sick stomach or after eating a bloated heavy feeling, indigestion, constipation, kidney trouble, nervousness, can instead both look and feel as fresh as a daisy, enjoy ourselves when in company, laugh, enjoy jokes, and life will be so easy, by flushing the poisons from the stomach, liver, kidneys and bowels with Tanol Calomel Tablets. Doctors recommend you to take one tablet before meals or two at bedtime, to flush the previous day's indigestible waste, sour bile and poisons from the system before more food is put in the stomach. These Tanol Calomel Tablets are wonderfully invigorating, with no bad after-effects, and no salts, seidlitz are necessary to remove it from the system as they are self-eliminating. This gives you a good appetite and is only a little while until the muddy color goes from your face and a fresh rosy complexion appears. Try this and you will sure look and feel better in every way. Tanol Calomel Tablets are sold at Weber's Drug Store, Charlotte street.

ALMA RUBENS, featuring in "the Valley of Silent Men" at the CAPITOL, first half of next week.

At The Theatres

GRAND—"The Bat," by the same company as playing in Toronto. Has broken theatrical records in every State in the Union—world's greatest mystery play.

CAPITOL — Harold Lloyd in "Grandma's Boy," his first five-part feature; also balance of Capitol high-class programme.

ROYAL—High-class feature comedy "Too Much Business," also Larry Semon in "The Stage Hand," and a great Western feature drama.

Capitol Entertainment

A THRILLING PICTURE

A picture which combines magnificent scenic beauty with a thrilling story is "The Valley of Silent Men," adapted from James Oliver Curwood's famous novel of the same name as a Cosmopolitan production, and released by Paramount.

Those familiar with the novel, which ran serially in Good Housekeeping Magazine in 1920, will recall that it is a story of the Royal North West Mounted Police, with the Rocky Mountains for a background. It is a picture of tremendous power, baring as it does the souls of five men and a woman who tures Alma Rubens at the head of ley.

For the purpose of imparting this realism to the screen, the entire company went to Banff, in the Canadian Rockies, and there practically every foot of the action was enacted and photographed. The result, apart from the dramatic value of the production, is a picture of unsurpassed scenic beauty.

The picture, which was directed by Frank Borzage, and which feautuers Alma Rubens at the head of a small but powerful cast, is coming to the Capitol Theatre next Monday for three days. It is well worth seeing.

AT THE GRAND.
THE BAT.

With thrill after thrill, surprise after surprise, climax succeeding climax until almost at the final curtain, comes the astounding denouement. "The Bat," the sensational mystery play by Mary Roberts Rinehardt and Avery Hopwood, which appeared at the Grand last night, held a large audience spellbound from start to finish. It is not difficult to understand why this thrilling production is called the champion play of the world or why it has had such a record run in New York and phenomenal success wherever it has been seen. Mrs. Rinehart and Mr. Hopwood have built up such an ingenious and well sustained element of mystery about the action of the play that playgoers are gripped tightly and the tension does not relax until after the final curtain. Even then it is to be imagined that the majority of the audience find a fascination in tracing the story of "The Bat" backward and viewing each sta ic the new light furnished by the revelation which comes just at the end.

The programme requests that those who see the play should keep the secret from others so that their enjoyment may not be spoiled when they themselves go to see "The Bat." Newspapers, of course, are expected to do the same, and the Examiner therefore will not attempt to outline the action of the plot. Suffice it to say that there is not a dull moment, that hardly anyone in the cast is immune from suspicion in connection with the crimes around which the action swings and that the final disclosure of the master crook is a surprise such as few plays have sustained. The best advice we can give is that every theatre-goer who did not see "The Bat" last night should not miss the opportunity offered by the fact that the production will be staged again to-night. It is difficult to recall a play that held such a series of thrills as "The Bat" provides.

The presentation of the mystery leaves nothing to desire. The cast is a remarkably adequate and well-balanced one with not a weak spot anywhere to mar the effectiveness or interfere with the realism of the story.

One is inclined to award the palm to Kate Blanke, whose conception of the part of Cornelia Van Gorder in whose rented Long Island home the action takes place, is a fine demonstration of effective acting. Miss Blanke is the patrician to the life and her enunciation and accent are in thorough keeping with her part. Relief from the intensity of the mysterious developments of the play is provided by Lizzie, the maid, a comedy role full of rich possibilities that are effectively used by Marietta Craigs. Rodney Ranous is the typical stage detective, his work being a very substantial contribution to the success of the production. An unctous performance is given by Frederick M. Conklin as Dr. Wells, and Antoinette Crawford is convincing and effective in the role of Dale Ogden, a part that calls for some emotional scenes in which Miss Crawford scores heavily The other parts are in very capable hands and the scenic and lighting effects are in keeping with the general excellence of the presentation.

If you have not already seen "The Bat," don't let to-night's opportunity slip away or you will have missed one of the outstanding features of the theatrical season .

DANNY SIMONS COMING WITH "BRINGING UP FATHER."

The joy of living, which we are all trying to solve, seems to have found a receptive chord in the new vehicle exploiting the genius of Geo. McManus, the noted cartoonist, and which is to be the next attraction at the Grand for two nights, Friday and Saturday, October 3 and 4, with matinee on Saturday. The latest stage version based on the famous comics of Mr. McManus, "Bringing up Father," is entitled "Father on his Vacation." In this most entertaining of the "Father" series offered thus far Jiggs Mahoney, the beloved Celtic, who as a husband and dad, has made such a sorry failure, hits upon a new idea to get away from the turmoil of his baneful existence. He seeks refuge from the nagging and henpecking of Magie his wife, who although good at heart, believes in the policy of domination with the result that Jiggs is never given a moment's respite. But Father" manages to "get even" and just how he accomplishes this seemingly impossible end forms the foundation of one of the merriest snappiest and laughter-provoking contributions of the year. Special music, exclusive scenic investiture, beauty, screams, novelties, surprises and innovations, are promised and as those sponsoring this unique production as theatre goers are aware invariably keep their compacts.

BROAD SLUMP IN LAST HOUR'S TRADING.

(By Stuart P. West.)

NEW YORK, October 28. — All of the markets were dull today. The better tone exhibited in the investment bond list and the check given to the downward movement in the United States government issues was of some consequence. Liberty bonds and the new treasury 4 1-4s went somewhat lower at the start but subsequently recovered, the first sign of real recovery which they have had all week. The evidence of at least partial revival in the investment demand had no particular effect upon the stock market of to-day which was still mainly interested in the question of whether or not the readjustment called for by recent speculative excess had been completed.

No very definite answer was given to this question in the two hours' trading. At the start prices continued the rally which has set in Friday afternoon but buying orders refused to follow up the rise. Midway through the session the market became quite dull, then in the final hour slipped off all around.

In the commodity markets there was the same narrow and uncertain movement as in stocks. The foreign exchanges showed no disposition to continue their recovery but were steady with the exception of francs which sold off.

There was very little feature in the stock exchange dealings, even in the operations in individual stocks. Studebaker, Baldwin Locomotive, American Can. and other active favorites, all opened higher but later more than lost the gain. The optimistic view of steel trade conditions expressed by Chairman Gary at the meeting of the steel institute found very little reflection in the steel shares although Wall street saw in the address additional corroboration for the opinion that the recent downward turn in stocks did not foreshadow any unfavorable change in the business outlook.

Special weakness in allied chemicals appeared to be a belated show of disappointment that the talk of higher dividends had not been borne out.

STRONG APPEAL FOR NORTHERN SUFFERERS

That unless a continuous supply of money and supplies was forthcoming keen hardships would be endured by the people who lost everything in the Northern Ontario fire zone, is the report brought back by Dr. C. A. Hodgetts, honorary secretary of the Northern Ontario Relief Committee who went up to investigate and make a report. Dr. Hodgetts reports that relief arrangements have been well systematized in the north. Peterborough is expected to give her share in contributing to the relief fund. The Examiner acknowledges subscriptions. Please send them to this office.

"MESSAGE OF THE BLUEBIRD"

"Peterboro has a natural born, nature-endowed musical creator." — Toronto Telegram.

This is what the musical critic of the Toronto Telegram said about Asa Huycke and his work, his light opera, "The Message of the Bluebird," which will be produced here next Wednesday night, will be a performance far superior to the previous ones. Director J. H. Renwick expressed himself as highly pleased with the rehearsal last night. Never before has a Peterboro amateur production had such an array of well-known singers and actors. The cast of principals are as follows:

Mrs. A. A. Perrin, Dorothy Allen Park, Ida G. Sanderson, Greta Lebarr Kit Picard, Arnold Everett, Robt Brown, Dr. J. G. Graham, Carmel Legendre, Asa Huycke, Chas. Perry, with a splendid chorus of 60 voices. Augmented orchestra. The dress rehearsal is on Monday night at the Opera House. Plan opens on Monday morning at 10 o'clock

FRENCH CONVERSATION.

Madame Bounaure Walsh is organizing a splendid class in French Conversation for those who cannot attend the afternoon classes, Wednesday evening, at 8 o'clock. For information phone Conservatory 355. 2d102 6305

"The Photographer in your town."

GOSPEL HALL.

Sam Taylor, of Haileybury, will hold four meetings in Gospel Hall, commencing Sunday night. Don't miss the first one and come to each of the following.

Mr. Taylor had the misfortune to be in the midst of the great fire in the north and had many narrow escapes, but was able to assist in bringing many from sure death if left. He is a Scotchman with a Divine message for all men. All are invited.

A VAST IMPROVEMENT.

The Family Herald and Weekly Star of Montreal starts its fall and winter campaign for subscriptions a vastly improved paper over what previously looked like perfection. To those who have read that great weekly for years it would seem impossible to make improvements. Nevertheless the publishers seem determined regardless of cost to make the Family Herald better value than ever before. Every Department is being strengthened and new features added. In fact the Family Herald and Weekly Star during 1923 will be of such value that no Canadian home can afford to be without it.

LABOR CONFERENCE.

GENEVA, October 28. Canadian Press. — Despite assertions by Hon. James Murdock, Canadian delegate to the International Labor Conference, and President of the Amendment Commission, that there have been no resignations from the commission and that it will meet as usual this afternoon, five of the delegates say that they have presented their resignations in consequence of the controversy over the election of vice-presidents of the Labor Bureau, and that they will maintain their resignations unless they obtain satisfaction.

QUEBEC WILL NOT CONTROL BEER SUPPLY.

QUEBEC, Oct. 28. — (Canadian Press).—Premier Taschereau this morning stated that it was not the intention of the Quebec Government to take over control of the brewing of beer, as had been suggested by Hon. A. G. Amyot, of the Quebec Legislative Council.

Social Calendar

Miss Reta May McCrudden, daughter of Mr. and Mrs. James McCrudden, of Westmount, Montreal, whose marriage to Mr. Lionel W. Scott, of this city, takes place at half-past six o'clock to-night, was entertained at tea at the Ritz-Carlton, Montreal, on Tuesday afternoon of this week, by the Misses Irene and Mildred Clark. Mrs. Howard Fraser and Mrs. Ernest Rowlands gave a recipe shower on Wednesday afternoon for the bride-elect.

Mr. Danny Simons, Peterborough's popular comedian, will be in town on Friday and Saturday of next week, as Mr. Jiggs in "Bringing Up Father." Danny is making a big hit with Father's role, and is described as being a "scream" in the part.

Mrs. J. M. Wilson, of this city, left to-day on the noon train to spend the winter in New York City

Lorne Cann, B.Sc., Mrs. Cann and daughter Claire have returned to Montreal after spending two weeks' vacation with Lorne's parents, Mr. and Mrs. Fred Cann.

Samuel Cann, of Winnipeg, has returned home after spending a visit with his brother, Fred Cann, this city.

Among the out-of-town guests present at the recepton of Mrs. Arthur McKenty were Mrs. Myrtle Loveless, of Marmora, and Miss Gladys Brewster, of Havelock.

Mr. J. Leslie Moore and little daughter Bess, of Parry Sound, are visiting Mrs. E. Morrison at the Y.W.C.A.

Miss Violet Deacon, of Marmora, is spending the week-end with Mrs. Arthur J. McKenty, 211 Reid Street.

Mr Cyril J. Devey, of the Bank of Toronto staff, Newmarket, is visiting his parents, Mr. and Mrs. R. J. Devey, Park Street.

Mrs. (Rev.) Langford will receive on Wednesday, Nov. 1st, from 3 to 6 p.m., at Trinity parsonage, 302 Reid street. 2d-102-6288.

Mr. Gordon Grahame, winner of the $2,500 prize for the best Canadian novel, is spending a few days in the city.

Mrs. M. H. Park is in Toronto for the day.

MAY DECIDE RACE DURING THE WINTER.

NEW YORK, Oct. 28.—(Canadian Press).—A special to the Tribune from Gloucester says: "There is still a possibility of the Mayflower-Bluenose race. It was hinted that Capt. Larkin and Capt. Walters might agree during the winter to a match race to be sailed in Nova Scotian waters." Meanwhile the Mayflower's owners announced that they would render their challenge for the international trophy next year, and Captain Ben. Pine came out with the statement that he would build next spring another Burgess-designed Puritan to challenge for the cup. Pine's first cup possibility was wrecked on Sable Island last summer.

THE TRIBUNE COMMENTS ON CANADA'S VICTORY.

NEW YORK, October 28 (Canadian Press). — "Fair Canadian Victory" is the heading under which the Tribune this morning comments upon the result of the International Fishermen's series. "When it came to racing, the Canadians had the better of it," says the paper. "Bluenose won—and that is that."

The Tribune pays a tribute to the sportsmanship of the Canadian skipper and the members of the Canadian committee, but finds that there was ground for the resentment on the part of the Gloucestermen because of the committee's failure to determine accurately the amount of sail that the Ford could carry, and for their indecision in regard to the voided races.

THE PHILLIPINES WANT INDEPENDENCE.

MANILA, Pi., Oct. 28.—A resolution was introduced in the Phillipine House of Representatives today, asking the United States to recognize the right of the islands to independence. The resolution was referred to a committee.

Peterborough — 0 runs, 0 hits, 0 errors.
Lucan—2 runs, 2 hits, 0 errors.

LADY ASTOR STANDS BEHIND LLOYD-GEORGE.

PLYMOUTH, England, October 28 (Canadian Press). — Returning thanks to the Conservatives of the Sutton Division of Plymouth for choosing her as their candidate at the coming election, Lady Astor told them that if they wanted her to join those who were howling at Lloyd-George, Balfour, and Chamberlain—"Who steered us through the war, who signed the Washington Conference Treaty, don't come to me. The country owes a deep debt of gratitude to these men."

THROWN 40 FEET, STILL LIVES

ST. CATHARINES, October 28.—Canadian Press. — Brown 40 feet when a Grand Trunk work train wrecked his auto at Schwenker's Crossing, just west of St. Catharines, Harvey Hallett of Louth township, was declared by the doctors at the General and Marine Hospital to-night to have a good chance for his life. His injuries were confined to his head.

YOUR SCARF.

When you launder your wool scar fat home do not hang it on the line to dry, as this often pulls it out of shape. Stretch it out into its natural lines and dry between two towels.

BIG DIVIDENDS

in health, strength and productive energy come to those who take Chiropractic Spinal Adjustments. For those who are weak and run down they are a veritable God-send.

WEALTH

is handy to possess, but what is a million dollars to a man who cannot enjoy a square meal; who is crippled with rheumatism half of the time; who cannot sleep at night, and who cannot walk up a flight of stairs without wheezing like a hippopotomus? Many a wealthy man at the present time would be glad to go back to the old log cabin, if he could enjoy a natural sleep again.

CHIROPRACTIC OFFERS A LOGICAL WAY TO HEALTH.

SALESMEN!

Here is an opportunity for a salesman of character, aggressiveness, ability and good references to represent our Company in Peterboro in surrounding territory. Our line is mechanics', automobile and household tools. We eliminate the wholesale distributor, and go direct to the retail hardware stores and garages. Preference will be given to a man who has an established connection with this class of trade, and who wants an additional line to handle. One covering territory by automobile would be more efficient with our line. Exclusive territory will be given the right man. State age, territory regularly covered, lines now handling, and references.

RING CALLS ON MUSSOLINI TO FORM MINISTRY

Fascisti Leader Has Accepted, and Already Has a Number of His Cabinet Selected.

A BLOW FOR FREEDOM

ROME, Oct. 30.—Canadian Press—After refusal of former premier Antonio Salandra to organize a ministry, the King called upon Mussolini, the Fascisti leader, to assume the task. It is understood that Prof. Mussolini has accepted and has a number of his cabinet already selected.

Is Acclaimed

Benito Mussolini, leader of the Fascisiti arrived in Rome, this morning and received an enthusiastic welcome from great crowds at the railway terminal. He left immediately for the quirinal, where he was received by the King.

It is believed that the new ministry will be constituted in the course of to-day. On his way to Rome thousands of the Fascisti and citizens greeted Mussolini. In expressing his thanks he exhorted them to remain calm.

BRITISH PRESS DIVIDED

LONDON, Oct. 30.—The Press of Britain is divided in appraising the Fascisti Movement in its hour of triumph. Newspaper sympathetic to the purposes and accomplishments of the black-shirted army in Italy look upon the victory of Mussolini as "a blow fro freedom which has shown that a nation can protect itself against foes within its own household." Another section of the Press secs in the rise of Fascisti elements of danger that may lead to chaos.

C. P. R. REFUSES ACCEPT CALLING OF WAGE BOARD

MONTREAL, October 30 (Canadian Press). — The Canadian Pacific Railway has refused to accept the recent calling of the Conciliation Board that there should be no reduction at present in the wages of the clerks, checkers, freight handlers and other grades of men employed by the company.

The findings of the Board of Conciliation were returned last week, the majority award was returned by the men's representative and chairman, while the minority report was returned by the company's representative.

The former award stated that there should be no reduction in the wages at the present time.

The reductions in question went into effect on 19th July last, but were suspended by the company until the Board's decision was made known.

It is assumed that the reductions will automatically go into operation again.

The company pay-roll shows that 1,500 men are affected on the Eastern lines, while 2,500 are affected on the Western lines.

LINEMAN KILLED.

TORONTO, October 30 (Canadian Press). — When he touched an electric wire carrying 2,200 volts, while on a pole on Sunday morning, William J. Smith, aged 35, was so badly shocked that he died on his way to the hospital. He was a lineman employed by the Toronto and Niagara Power Company.

AUTOMOBILE TRAGEDY.

OGDENSBURG, N. Y., October 30. — Canadain Press. — Harold Main of Guelph was instantly kiled yesterday near Manotick, when a closed car in which he was driving with his fiancee Violet Swann aged 20, of Prescott, overturned on the Ottawa-Prescott highway. She was driving at the time of the acident.

DEFENDS DR. ABRAMS BEFORE OSTEOPATHS.

Detroit Physician Urges Critics To Await Results.

DETROIT, Oct. 30.—Dr. George B. F. Clark, of Detroit, defended the Abrams theory of diagnosis and healing, at the closing session of a two-day convention of the Michigan State Osteopathic Association in the Hotel Statler. Dr. Clark, who is statistician of the association, recently studied the Abrams system at Kirksville, Mo.

"Whatever you hear or read about the Abrams system," said Dr. Clark, "I request that you withhold your judgment and await results. You may save yourselves from criticizing something that may be of great value to the public and to the profession.

"I will not say that Abrams is right, and I am not going to say he is wrong. I took the course with an open mind, and I still have an open mind. But I do feel, with the others who have studied his work, that he is partly right, if not entirely so. There were 50 persons in my class, I don't think that all 50 could have been deceived all the time. But at the end of a year I will be better able to say what the system is worth.

"It is our belief that it will detect all infectious diseases, and that it is 50 per cent more efficient in diagnosis fthan any other method."

Dr. Clark explained briefly the the method by which Dr. Abrams tests blood for disease Then he answered a series of questions. He described the Abrams system as Ostepathy car-ried to the infinitesimal.

News Briefs

HAMILTON, October 30. Canadian Press. — Kenneth Harvey, of Woodstock, is in the hospital here suffering from what is feared to be a fractured skull following a collision on the highway near Burlington on Sunday. He was driving in a coupe and when rounding Filman's curve, collided with a passenger car. The broken glass struck him on his head and his condition is reported to be critical.

SENT MESSAGE THANKS.

LONDON, October 30. — Canadian Press. — According to Greek quarters in London, Lieut. General Harington, the British Military Commander in the Near East, has sent a message of thanks and congratulations to General Nider, commander of the Greek army on completion of evacuation of Thrace.

WESTERN PRAIRIE TRAGEDY

CALGARY, October 30. Canadian Press. — W. Dean, a miner, at Drumheler, is dying of a wound in his stomach and Elizabeth Dean his wife is under arrest on a charge of attempted murder following a quarrel on Saturday evening when she is alleged to have emptied the contents of a shot gun into her husband's abdomen.

DESTROYED BY FIRE.

WOODSTOCK, October 30. Canadian Press. — The livery stable and equipment and six horses were destroyed by fire which broke out early yesterday morning in the barns of Dr. Roy Riddle, in Norwich village. A horse and buggy owned by W. Thompson, Delhi, stabled in the barn, was also burned.

MAY DIVERT GOLD STREAM.

NEW YORK, October 30. — Canadian Press.—There is a possibility that the present premium on Canadain funds in New York may divert to Montreal some of the gold shipments which have been coming to this market, from the Old Country, says the Wall street Journal.

BOXING PROMOTER DEAD.

NEW YORK, Oct. 30. Canadian Press. — Sam Fitzpatrick, noted boxing promoter died yesterday in an hospital here. He piloted Jack Johnson to the heavyweight championship of the world. He also guided the fortunes of Peter Jackson and Kid Lavigne. He is said to have made and lost seven fortunes.

TWO MINUTES SILENCE.

OTTAWA, October 30. Canadian Press. — Two minutes of silence will by the express wish of King George be observed throughout the British Empire on Armistice Day, November 11th. A cable to this effect was sent of Premier King on Saturday by the Duke of Devonshire and was first official message sent to Canada by the former Governor General by virtue of his post of Colonial Secretary in the Bonar Law Cabinet.

ST. LUKE'S A.Y.P.A. HALLOWE'EN MASQUERADE AT THE HOME OF MR. FRANK PATTERSON, CORNER SMITH AND GEORGE STS., TUESDAY, OCT., 8 P.M. FULL ATTENDANCE REQUESTED. 1d 102 6324

GAVE FAREWELL DINNER IN THE FACE OF DEATH

Victim of German Gas Gives Up Losing Fight and Makes Merry With Friends.

ILL FOR MONTHS

NEW YORK, Oct. 30.— George P. Evans, 30, who lives alone in the home which his parents left to him at 248 Main street, East Orange, realized a few days ago that his fight againt tuberculosis, which he had been carrying on ever since one night in France when the Germans sent over a cloud of was, was as good as lost, and that, even if he was lucky, he could live only two or three more weeks.

So Thursday night he called some of his old boyhood friends and a few of his war comrades about him and presided at his own farewell dinner.

Evans, who has been known to his friends as "Percy Evans" ever since he wore knee trousers about the streets of East Orange, was one of the first dozen men from the Oranges to volunteer when the United States declared war on Germany.

He served with the engineers and went through the war as a private. He returned an invalid, and for several months he stayed at the Essex Mountain Sanitarium at Verona, N J.

Failed to Keep Up Cure.

Somehow Evans believed that no amount of fresh air and no amount of taking care of himself would save his life. He had an income, so when the restrictions of the sanitarium began to get on his nerves he moved back to his old home, in Main street, East Orange, and began living out his days as cheerfully as he could.

Six months ago he told some friends who went to see him one afternoon that when he was pretty sure the fight was up he would give a dinner party. The first of this week fifty of his friends received invitations.

The fifty friends went early on Thursda ynight into the blue room of the old clubhouse of the Washington Society, which was the headquarters of the old Orange Club. They gathered about the table, and just before the clock struck 7 a taxicab rolled up to the front of the clubhouse. Percy Evans got out slowly, and, supported by two friends, walked up the steps and into the blue room. He was pale, but he was smiling, and he wore a bright red flower in his buttonhole.

Puts No Limit on Guests.

They propped him up at the head of the table in a big easy chair, with three pillows back of him, and then everybody sang "For He's a Jolly Good Fellow." He put up his hand.

"You can go the limit to-night," he said. "Nothing is barred. I only ask you not to wreck the place. I told the Washington Society when I rented this room that we would be careful, and I'm responsible for damages.

The guests sat down and they went through with the dinner, the orchestra playing merry music, and Percy himself frowning on everything that smacked of melancholy. Those at the party said it was as jolly an affair as ever was held in the old days when the steins on the wall were filled with foam and nobody thought of war or death.

Thomas Cudire, Democratic leader in the Oranges, was toastmaster. He made a little speech and gave Evans a silver loving cup and a cane, while everybody sang some more an dthe orchestra played old drinking songs. Then there were more speeches. Joseph Finneran, a professional ballplayer, who used to play with Percy when they were boys on the sand lots in East Orange, spoke of other times with only the slightest trace of sadness, And then they prevailed on Percy to speak.

Expects Bell to Ring For Him.

The orchestra stopped, and Evans, leaning weakly with his hands on the blue checked table cloth and swaying ever so slightly, began.

"I'll try not to be sentimental," he said, "but I know I have only a few more and the orchestra played old ers who have what I've got inside here"—he tapped his chest—"we go along getting worse and then some day it comes on us suddenly and it's all over. I know it won't be much longer, that's why I wanted to have you here. The old bell in the church down on the corner, the Church of Our Lady Help of Christians, will be ding-donging for me, like I've heard it ding-donging for a lot of other fellows, though most of them were older than I.

"Come to think of it, there isn't anything I wanted to say to you tonight, except, maybe, that I appreciate your coming to see me when I was flat on my back. I simply wanted to have you with me and hear you sing and laugh again before the old bell——"

He slumped back in his chair, grinned and waived his hand toward the orchestra, commanding:

"Something jolly, please."

YOUR EYES WILL TELL YOU!
If your eyes are laboring under an undue strain you must be conscious of something wrong. With normal sight you are never aware of "trying to see" the eyes performing their function without effort. Have us examine your eyes. W. H. Lacey, Optometrist, 410 George street. 'Phone 1160.

"A PERFECT MAN," AND HE ADMITS IT.

Doesn't Drink, Smoke, Chew or Swear, He Testifies.

OKLAHOMA CITY, Okla., Oct. 30.—J. Emmett Buckley, attorney admitted here, he is "the perfect man."

"I neither smoke, chew, drink nor swear," Buckley testified as a witness in disbarment proceedings against State Senator Ross N. Lillard and J. W. Burns, attorney. "I have never violated a moral law or a law of God", the "perfect man" testified.

"I went into partnership with Senator Lillard to give his firm a standing and to reform Lillard."

"You admit, then that you are a "perfect man?" the defence counsel asked.

"I do—as nearly perfect as man can be," Buckley answered.

TURKEYS WILL BE PLENTIFUL

A Few Pessimists Cannot See Anything But a Turkey Famine Ahead—Peterborough Prices.

From as long away as Detroit comes a prophecy that turkeys will be plentiful this fall, and that the Thanksgiving, the Christmas, and the New Year dinner tables will not lack the royal bird to make a first-class celebration.

"It's been turkey weather," said a wholesaler. "Turkeys, you know, are great walkers. They thrive best on stretches of meadowland, where they may wander all day feeding. There's been a long warm fall, and that means a large supply of turkeys, providing the grasshoppers don't kill them off."

"What do you mean, grasshoppers?"

"Turkeys are awfully hard to raise. They can't stand anything. If a grasshopper lights on a turkey's head, the bird will topple over, stunned. Chances are he won't get up again."

However, Detroit is a far cry from Peterborough, and in this district, the raisers of the lordly gobbler hold out no very strong hopes for a mammoth turkey harvest. With one accord, they seem to be of the opinion that there won't be any more turkeys on the market this year than in other seasons, and they are all extremely unanimous in declaring that this member of the barnyard family is as hard to bring to maturity as in other years. Although no reference was made here to grasshoppers, the finicky and fragile constitution of the turkey has not apparently undergone any change in the last twelve months.

Don't Coddle Them.

"They do better when you leave them alone," said one woman. "The more you coddle them and look after them, the quicker they drop off. The very best way is to let them run wild, but then, of course, you run the risk of the foxes getting them."

Another woman, who has only lost eight so far out of a starting flock of 47, considered that a good method was to start with a certain sort of feed and continue straight through, without changing. She also advised against coddling. Evidently the turkey is an independent bird, and thrives best in an atmosphere of freedom from restraint.

Turkeys, live weight, are quoted at from 35 to 50 cents a pound in the Detroit markets. Here, last Saturday, there were a few on the market at 45 cents a pound, a lower opening price than that of last year.

CONCERT FOR THE FIRE SUFFERERS

Well Known Artists to Take Part—Announcement Later.

Mr. Leslie Unitt announces that he is arranging for a concert to be given, it is hoped, on Friday, Nov. 17th. The proceeds arising from the concert, other than the actual expenses incurred, will be forwarded to the Northern Ontario Fire Sufferers' Fund.

The concert will take the form of a song-piano recital, and the artists who will assist in the programme will be: Dorothy Allan Park (soprano), Frank Oldfield (baritone), Maurice Park (tenor), Leslie Unitt (pianist).

A further notice giving full particulars of date and place will be issued in a day or two.

FOUR INJURED PINNED UNDER UPTURNED CAR

Five Broken Arms and Internal Injures to Two Members of the Party Were Major Casualties

TWO SERIOUSLY HURT

LINDSAY, October 30. — Four employees of the Standard Paving Company were injured, two of them seriously, late Saturday night when their automobile turned upside down on the road between Lindsay and Fenelon Falls, pinning them all beath it. One man both arms broken, and his three companions each suffered a broken arm. Two of them have internal injuries and are reported to be in a serious condition, and the whole party were cut and bruised about their heads and bodies.

The Standard Paving Cmpany is engaged in paving the main street of Fenelon Falls, and on Saturday night these four employees motored to Lindsay, and set out rather late on their return. The accident happened just as they were turning off the main highway into a side road.

FARMERS OUT OF RETAIL BUSINESS

United Farmers Co-operative Co. Closes Toronto Store.

TORONTO, October 30 (Canadian Press). — On Saturday the United Farmers' Co-operative Company closed its Toronto store.

As far as Toronto is concerned, the farmers have gone out of the retail business, but it is planned to carry on a jobbing trade at the head office fo the company.

LLOYD - GEORGE HAD A TRIUMPHAL JOURNEY.

CROWDS ALONG THE LINE DEMANDED A SPEECH.

Addressed Several Meetings.

EDINBURGH, Scotland, October 30 (Canadian Press). — Lloyd-George's journey from Glasgow to Edinburgh on Saturday in his special tarin was as triumphant as the remarkable receptions given him in Glasgow, where an enormous crowd saw him off.

At the first stop, Falkirk, he was awakened from sound sleep to speak to the clamouring thousands at the station.

All along the route of the train, the people assembled.

At Linlithgow another large crowd gathered and demanded a speech.

When he reached Edinburgh, the enthusiasm there knew no bounds. There were wonderful scenes of welcome; the streets were thronged with men and women and children, shouting and cheering themselves hoarse.

In Princes Street, Edinburgh's Royal thoroughfare, the citizens went wild with enthusiasm, and his triumphal progress was checked time and again by thousands who surged toward his car.

He spoke in several suburbs of the city to admiring supporters, and then left for Whittingham, the Earl of Balfour's country seat.

TOO MUCH ORATORY CANDIDATE CLAIMS

LONDON, Oct. 30. — (Canadian Press).—Addressing a meeting of his constituents at Worcester Saturday, Hon. Stanley Baldwin, the new Chancellor of the Exchequer, admitted that there were some men outside of the Ministry who would have added lustre of it; nevertheless it possessed plenty of ability to do the work demanded of it. He said he believed that his countrymen were "tired of too much eloquence" and "too many promises." He was positive in affirming that there were no hopes of an early reduction in taxation and admitted that Sir Robert Horne had made great efforts at economics. He was also positive that protection must be ruled out.

POULTRY THIEVES BUSY IN SOUTH OPS TOWNSHIP

LINDSAY, Oct. 30.—Poultry thieves are on their rounds and reports have been received from different parts of the country of thefts During last week the farms of Mr. J. Clancy and Mr. Welsh, in South Ops, were visited The thieves made a good job of it by carrying off all their chickens and ducks. The loss is a serious one. Farmers in that section are keeping an eye on their coops and a warm reception is promised those who are guilty of the thefts should they pay them a visit

A FASCINATING AMERICAN GIRL WEDS SEVEN TIMES

Detroit Maidens of Marriageable Age Wondering Was It Blye Swan's Fiery Mop of Bobbed Hair That Attracted Husbands

DETROIT, Oct. 30. — Detroit maidens of marriageable age and inclination will heave a sigh of relief when they hear that Blye Swan, with her fascinating ways and her fiery mop of bobbed hair, is safely bestowed in the Detroit House of Correction, where she can make no more inroads into the supply of prospective husbands.

Blye, who is 24 years old, about a year ago was sentenced to the House of Correction for two years, after being convicted of theft. She was shortly paroled, but the parole came to an end this week, when she was returned to the prison to serve out her sentence.

The reason is the girl's predilection for husbands. Before her conviction, she had four. Since her release, she has accumulated three more. William H. Venn, parole agent, thought it wise to confine Blye before she cornered the entire supply of eligible youths.

Call the Roll.

Here is the roll call of Blye's private regiment of spouses true:

1. Edward Sims, of Flint. They parted at the altar.
2. William Swan, a farmer in Northern Michigan. Blye didn't like the farm.
3. Edward Johnson, of Detroit, a tailor. Blye just found someone she liked better.
4. Howard Earl, of Ionia. They were parted when the prison doors closed on Blye.
5. Harold DeWing, a sailor. They got tired of each other.
6. Samuel Forest, a western ranchman. Sam. didn't like the East.
7. George Miller, an engineer. "I like George," says Blye. But whether two years hence, she will still like George—well, that remains to be seen.

A MAN CANNOT WIN AT RACING

Persistent Gambler "Abnormal" if Not Insane, Verdict of Alienists.

WINDSOR, Oct. 30.— The man who plays the race track as a regular occupation and with the belief that he will beat the system may not be insane but he is "abnormal," according to statements of alienists made to-day —and the average layman who attempts to draw a line between the abnormal and the insane will find himself sadly puzzled.

The statements followed the hearing of Robert Creighton, Windsor, before Magistrate W. E. Gundy in police court on a charge of non-support. Testimony showed, and the prisoner admitted, that he had left his family without the necessities of life because he had spent all his money on race track bets. Dr. G. R. Cruickshank, of Windsor, who had Creighton under observation for sanity, reported that the only evidence of insanity on the part of the prisoner was his belief that he could beat the races.

"He's Crazy."

"A man who goes to the race tracks to make bets expecting to beat the game and make money is crazy," said Dr. Cruickshank. "He may not be insane from the medical viewpoint but he is crazy from the generally accepted sense of the word."

"When a man abandons his family for the race tracks I should say that he is abnormal," declared Dr. A. L. Jacoby, city psychiatrist, when asked his opinion of the case. "Gambling, like other vices, may become a habit and while ordinarily it cannot be regarded as a symptom of insanity, when the habit causes a man to cast aside his family and everything else he is then abnormal. Gamblers, as a type, are usually restless and easily bored with the humdrum of life. Once started they are unable to break the habit and in time it becomes a mania with them to such an extent that nothing else appeals to them. It then becomes a problem how to break the habit as well as how to remove the cause."

In Wife's Custody.

Creighton was found guilty and sentence was suspended. He was placed in the custody of his wife. He evidenced signs of returning normality when he declared:

"It was all because of the race tracks. I tried to beat the horses but I have found I cannot It can't be done. I've learned my lesson."

After the hearing Mrs. Creighton said:

"If I had my way, there wouldn't be a race track n Windsor, nor anywhere else in the world. They are the damnation and ruination of too many people; and break up more homes than anything else.

"We were geting along nicely when my husband became infatuated with the races, thinking that he could pick up some 'easy money,' and then we began to go behind in the payments on our house, because he lost all ou rmoney at the tracks."

A PRESENTATION FOR STAN. LOWE.

Gets Smoking Cabinet on Leaving Canadian Packing Co.

On Saturday the office employees and the travelling staff of the Canadian Packing Company, Limited, assembled at the Packing Company's plant, to present Stanley Lowe wtih a handsome smoking cabinet.

Mr. Lowe, who resides in Mount Pleasant, has been employed on the travelling staff of the firm for the past eleven years, and is now going into the employ of Mr. John Fligg, confectioner.

Mr. Gordon Matthews made the presentation and spoke briefly. Mr. Lowe made a suitable reply.

Blindfold everyone and let them hunt thumb tacks barefooted.

Enjoyment is added if they carry lighted candles in both hands.

Hide and seek is fine. Seek to pull someone'es flowers and hide.

Farmers Will Ship Car Load of Grain To North Ontario

The United Farmers' Association of Peterborough County has made arrangements to ship a car of grain to farmers in the devastated districts in Northern Ontario.

Any farmer wishing to contribute is asked to get in touch with any member of the following committee: Messrs. B. Savigny, W. Garbutt, R. B. Rogers, W. Shields and Jas. Thompson.

At the band concert given in the Opera House on Sunday evening by the band of the Peterborough Rangers, the sum of $79.33 was collected for the Relief Fund. Of this amount, $11.50 was contributed by the stage hands.

WAS FOUND DEAD HAMILTON HOTEL

Strange Looking Weapon Found With the Body of F. N. Mee of Toronto

HAMILTON, Oct. 30.—(Canadian Press).—F. N. Mee, of Toronto, who registered at the Royal Connaught Hotel Saturday, was found dead in his room this morning. Coroner Rennie is investigating. There was a bullet wound in his head.

Mee, it is believed, had been dead for some time, probably since Saturday, as maids were then unable to gain admittance to his room, but they did not report this fact. A weapon, which is neither a rifle nor a revolver, was found behind the body. It is about a foot long, has a spring which occupies about ten inches, leaving a barrel of two inches. It fires 22 calibre bullets, many of which were found on the bed. There is some suspicion of murder. No one around the hotel heard a shot being fired.

FAMOUS SOLDIER TO GIVE ADDRESS.

Major-General Sir Archibald MacDonnell to Speak at Memorial Service.

The Peterborough branch of the G. W. V. A. have been successful, with the assistance of Mr. G. N. Gordon, M.P., in securing the presence of Major General Sir Archibald MacDonell, commandant of Royal Military College, in connection with the memorial service to be held at the Grand Opera House on Sunday afternoon. Major General MacDonell, who will be the principal speaker, commanded the 1st Canadain Division overseas and is one of Canada's best known soldiers.

It has been arranged that the decoration of the cenotaph, originally scheduled to take place on Monday morning, will be held on Sunday afternoon at 2 o'clock, when all the friends of Peterborough's soldier dead are invited to place wreaths at the foot of the cenotaph. The veterans will then parade to the Grand Opera House, where a memorial service will be held.

On Saturday poppies will be sold on the streets, and on Monday there will be a dance in the G.W.V.A. Hall.

THE FASCISTI IS IN SADDLE

ROME, October 30 Special to The Examiner). — Mussolini, the Fascisti leader, is in power to-day, and is forming a Cabinet.

Race, chewing opposite string ends ,stops chewing the rag.

In the chewing match always give the men a two-foot start.

REPLENISH THE WINE JAR FOR WINTER'S USE

Six Tons of Grapes Converted Locally Into Grape Juice, With or Without a Kick.

TEACHING THE ART

The lady who used to go marketing for so many baskets of grapes in the autumn time, and spend hours thereafter in her task of crushing and seeding the fragrant dark bulbs for the juice that made the attractive-looking and attractive-tasting grape jelly, now has more than a little assistance afforded her by the master of the house, in many instances, for the grape has other uses besides the one that converts it into jelly.

A local authority on the subject computes the amount of grapes that have become wine so far this season as somewhere around six tons, with an added four tons of the wild variety and of chokecherries, which are also useful in the sub-cellar activities required to replenish the wine-jar for the winter season.

There is an art in the proper making of wine from grapes but there is no lack of experts in tuition in the ancient art of converting the grape into the fermented product. The unfermented grape juice is injurious, so it is said.

For Making Jelly.

From one city comes a record of 30,000 bushels of grapes bought during the 1922 season, ostensibly for making jelly. The Catawba grape, which no housewife in the old wet days could buy for jelly purposes, so great was its demand for making the amber-coloured wine of the connoisseurs, has found new market now in the increasing demand for it in "jelly-making" activities. One bushel of Catawba grapes makes four gallons of juice. The grapes retail at from $3.25 to $3.50 a bushel, which doesn't make such an expensive wine, in these days of Prohibition. The Concord grape is also very popular, making a richer, and darker, product, and locally the Black Roger, somewhat hard to get, is much in demand.

Wild grapes, also "forfor making jelly," have been on sale here for some time past, and chokecherry trees have been carefully watched over this year.

Juniper berries have their uses also; but require a stronger foundation to convert them into the gin that they help to manufacture.

BAND CONCERT TO-NIGHT

Special Progam—Skating Until 10:30 To-morrow Evening.

The skating contest held last week was most successful a large number of fine skaters went into the finals, and there was a big crowd of spectators present, who enjoyed the contest immensely as the skating was unusually good. Messrs. W. Barringer, J. Browne and Hector Neil, the judges in the finals had a difficult time to name the winner in the Ladies skating which eventually went to Miss Gilman a very popular win. Mr. Corsy won the gentleman's prize by general all round good skating.

There will be a band to-night and to-morrow Hallowe'en will see one of the best programs of the season. Skating until 10.30 o'clock.

THE BANKRUPTCY ACT

Notice to Creditors

In the Estate of Bert A. Farewell, Authorized Assignor.

Notice is hereby given that Bert A. Farewell, of Peterborough, did on the 11th day of October, 1922, make an authorized assignment to the undersigned.

Notice is further given that the first meeting of creditors in the above estate will be held at my office, 15 Wellington Street West, Toronto, on the 7th day of November, 1922, at 2.30 o'clock in the afternoon.

To entitle you to vote thereat proof of your claims must be lodged with me before the meeting is held.

Proxies to be used at the meeting must be lodged with me prior thereto.

And further take notice that if you have any claim against the debtor for which you are entitled to rank, proof of such claim must be filed with me within thirty days of this notice for, from and after the expiration of the time, I shall distribute the proceeds of the debtor's estate among the parties entitled thereto, having regard only to the claims of which I have then notice.

DATED at Toronto, this 27th day of October, 1922.

E. G. CLARKSON,
1d-102. Authorized Trustee.

WRITS ISSUED FOR ELECTIONS IN FIVE DOMINION VACANCIES

Appointment of Onesiphore Turgeon to the Senate Causes Vacancy in New Brunswick.

TEST OF STRENGTH.

OTTAWA, October 30 (Canadian Press). — Writs were issued late on Saturday afternoon for the holding of bye-elections in five vacant constituencies. These are Lanark, Ont., vacated by the death of the Hon. J. A. Stewart, former Minister of Railways and Canals; Jacques Cartier and Megantic, Que., the former made vacant by the death of D. A. Lafortun and the latter by the appointment on Saturday of Lucien Pacaud, sitting member, as Secretary of the Canadian High Commissioner's office in London; Halifax, which became vacant with the death last week of Dr. Edward Blackadder; and Gloucester, N.B., vacant through the appointment of Onesiphore Turgeon, sitting member, to the Senate.

Nomination day in each case is 29th November, and the voting on 4th December.

The announcement of the dates was made by the Prime Minister on Saturday evening.

Onesiphore Turgeon, appointed to the Senate vacancy for New Brunswick, succeeding the late Senator Thompson, has been prominent in Canadian politics for over twenty years. In 1896 Mr. Turgeon was an unsuccessful candidate for election, and in 1900 he first came into the House of Commons as member for Gloucester. He was re-elected in the four succeeding Federal contests by acclamation, and in the last general election had a majority of 5,000.

Two of the Hon. Mr. Turgeon's sons have figured very prominently in politics in Western Canada. One was Attorney-General of Saskatchewan for some years, and another a member of the Alberta Legislature. A third son is a prominent British Columbia lawyer.

Hon. Mr. Turgeon is editor and proprietor of a newspaper in Bathurst, N.B., in addition to his other interests, and is a popular member with those sitting on both sides of the House. He was born at Levis, Quebec, 74 years ago.

The seat in Megantic, Que., became vacant through the appointment of Lucien Pacaud, the sitting member, as secretary of the Canadian High Commissioner's office in London, succeeding W. L. Griffith, who was appointed on 1st March, 1903, and who is being superannuated. Mr. Pacaud will act as joint secretary with Mr. Griffith for a short time until the latter official's supperannuation becomes effective. The position is equivalent to that of Deputy Minister of a Government department.

This appointment was declared to be in line with the announced policy of the Government, which was to appointe representative Canadians to the High Commissioner's office for the carrying out of Canadian business overseas.

The same procedure will be followed in similar cases, the Prime Minister stated in making his announcement.

Mr. Pacaud received a large part of his education in England, and his wife is an English lady, daughter of Joseph M. Buckmall, of Liverpool, England. Mr. Pacaud was first elected to the Commons in 1911, and held his seat during the 1917 and the 1921 contests.

During 1920, when the Right Hon. Mr. King, then newly appointed leader of the Liberal Opposition, toured Western Canada, Mr. Pacaud was one of the French members of Parliament chosen to accompany the Liberal leader.

In making his announcement, the Prime Minister stated that the Government was in this case following out the policy it had declared when in Opposition, that vacancies in representation of the Commons should be filled as soon as possible after they occurred, and also that whenever more than one contest was to be held, the bye-election should be on the same day if possible.

The five contests coming together will be the first test of strength since the present Government took office, and will, therefore, be of more than usual interest. With one fight in each of the Provinces of Ontario, Nova Scotia, and New Brunswick, and two in Quebec, the contests take on the complexion of a miniature general election, and constitute a test of strength throughout the entire Eastern Provinces.

WEDDING BELLS

CASEY—AYOTTE

A very pretty wedding was solemnized at St. Joseph's Church, Douro, on Tuesday morning, October 24th, when Miss Catherine Casey, daughter of James Casey, was united in the holy bonds of matrimony, to Henry J. Ayotte, by the Rev. Father M. J. McGuire.

The bride wore a travelling suit of blue tricotine, with hat to match, Miss Margaret Casey, sister of the bride, was bridesmaid, and the groom was supported by Mr. Charles Townes. During the ceremony, Mr. John Sheehan sang Ave Marie. Following the ceremony at the church, a reception and dinner was served at the home of the bride.

Gifts to the young couple were numerous and costly.

An dance in the afternoon and evening completed the festivities of the day. Out-of-town guests included friends from Peterboro, Lakefield, Lindsay and nearby towns.

Mr. and Mrs. Ayotte left on the evening Grand Trunk train for Lindsay, Toronto and Rochester, N.Y. Upon their return they will reside in their own home at Douro.

PROBABILITIES.

Moderate north-east and east winds; fair stationary or a little higher temperature.

CHICAGO WHEAT.

CHICAGO, Oct. 30. Canadian Press —All grains averaged lower on Saturday, wheat easing off during the last hour as a result of a little week end profit taking. At the finish wheat was 1-8 to 3-4 lower, with December $1.14 1-2 and May $1.12 5-8 to $1.12 3-4. Corn was 3-8 to 1 and 1 1-8c off; oats were down 1-4c to 1-2c, and provisions unchanged to 12c higher.

STERLING RATES.

MONTREAL, October 30. Canadian Press. — Sterling exchange rates were quoted here on Saturday:
Demand 4.4518.
Cables, 4.4543.

CASH GRAIN.

MONTREAL, October 30. Canadian Press. — Prices remained firm on the local cash grain market Saturday under a good demand. There was an advance of 30c a bag in flour under the stimulus of stronger feeling in the western markets. The millfeed market was without further development while that for rolled oats continued steady at the recent price advance. Demand for eggs remains steady with a firm undertone to the market. The total receipts since May 1 to date have been 27,319 cases in excess of the same period in 1921.

The market for butter is strong. The total receipts since May 1 to date have been 165,000 packages in excess of the corresponding period of 1921. The export trade in cheese is very active with domestic account strong.

The total receipts from May 1st to date have been 368,149 boxes less than in the same period of 1921.

WINNIPEG CATTLE.

WINNIPEG, October 30. Canadian Press. — Receipts on Saturday were 480 cattle and calves; 19 hogs and 622 sheep and lambs.

There was a comparatively light volume of trade transacted on the cattle market Saturday and the few sales completed found prices holding mostly in line over the close of Friday.

The handful of select hogs were weighed up at $9.35.

the few sheep and lambs which changed hands up to 11 a.m. sold at firm prices.

FOUR BOYS KILLED.

SOMMERVILLE, Mass., Oct. 30.—(Canadian Press)—Four boys were killed by the explosion of a gasoline tank in the rear of Union Square late yesterday. The police expressed the opinion that the boys had been playing with matches near the tank.

Ex-Premier Bewildered By "Wanton Act of Sabotage"

Lloyd George in Fighting Speech at Glasgow Ridicules Action of Unionists—Is Waiting For Bonar Law to Declare Change in Principle of Policy of Previous Government.

GLASGOW, Oct. 30.—(Canadian Press-.—Lloyd George's speech in full was as follows:

"The last time I had the privilege of addressing an assembly in this hall I was the head of a coalition government engaged in the task of directing and organizing the energies of the nation for the purpose of achieving victory. That victory has been achieved. We achieved it because we all worked together, without distinction of race, creed or party. It was a united effort on the part of a united people.

"There were difficulties after the war—great difficulties, serious difficulties, and it will take a long, lone time to travel through them. We will not travel successfully through them except with wisdom, with care, and with as great a measure of unity as we can command.

"But the great combination which held us, which was gradually getting us through the difficulties after the war by its united efforts, has been broken up. And, when I arranged to address a meeting today in Glasgow, I was under the impression I should have had some reputable explanation of a wanton act of sabotage.

"I neither saw nor heard anything. So I was more perplexed than ever; and I think the nation is perplexed. Where was there a difference in principle? Where was a challenge on policy? These things are generally reflected in Cabinet meetings.

"When I come to a country which is famous for its political training and insight, I find people just as bewildered here as to the reason why. Parties and political combinations are like every living thing born of time. There have been splits among parties and political combinations have fallen under as in the past, but there has always been deep, moving and explosive reasons. In the last century parties were split in twain. A coalition was formed, and then came a tendency to reform agitation. The Tory party was torn by the Corn laws, and Liberal parties were torn by the Home Rule controversy. But even in all these cases there was a worthy motive. There was something that went to the consciences, hearts and intelligences of the people. There were differences.

"Could anybody tell me why, or where, there is a difference of opinion or a change in policy? These things are generally reflected. In this division I think there are ten eminent ex-Cabinet Ministers. Four went one way and six went my way, and it's no reflection upon any of that the ablest and most experienced Ministers have come out. In fact, it is creditable to them. They were men of great ability and experience. Why? I have heard it was a question of policy.

"I have waited to see what Bonar Law's explanation of the situation is. The heaviest expenditure was up to 1921, and Bonar Law was with us to that date. Since then, by one means or another, there has been the most drastic, the most ruthless retrenchment effected. Horne was, with the help of the Geddes Committee, able to cut down very considerably. The present Chancellor of the Exchequer was a member of the Government, and, my recollection is, was a member of the Finance Committee. I have never recalled any suggestion he made which would effect any further reduction.

"Then, there is my old friend, my present friend, and, I sincerely trust, my future friend, Bonar Law. I am fighting no personal battle. I should be ashamed if I were to invite the verdict of 21,000,000 electors upon a personal tissue. I won't do it. I waited for Bonar Law's explanation. I am more puzzled than ever.

"I cannot find that he pretends there was any difference of opinion on any question of policy. He does not arraign our policy or our administration. He talks about economy. Yes; but no man at the Exchequer has ever worked harder for economy or achieved more economy than the late Chancellor of the Exchequer, Horne. He worked hard, he worked continuously and he worked successfully. It was to effect still more economy, and any business man knows you must go slow in effecting economy. It is not a question of putting a knife through the ledger. It has to be done gradually and carefully. When you commence cutting a corn you must be careful not to cut into the blood. It is gradual business, and it being done. I don't know of anyone who is left us who has rendered very conspicuous assistance.

"I cannot recall a single case which would evoke any sentiment of gratitude in the minds of the Chancellor of the Exchequer and myself. Certainly, in economy there was no quarrel.

"I find a good many vague phrases about a negative policy. A negative policy is a quiet life. We all like that—some better than others. I was fated never to enjoy it. But I'm looking out for concrete proposals that justify the shattering of that great combination—the divided Conservative party. What is there? Two concrete proposals. The Cabinet secretariat is to be taken from Whitehall to the Treasury Chambers. There is to be no Pensions Minister. I shall have something to say upon this great achievement in the face of many dangers.

"Six great sons of Conservative Ministers are to be driven out. What for? In order to put Sir Maurice Hankey in the Pantechnicon van and transfer him from one side of the street to the other—and in order to decapitate the Pensions Department and send it running headless around the Treasury yard.

"Extraordinary things are done by people who don't know where they are. There was a meeting of shareholders—the majority of whom were preference shareholders. It was held in a West-End club, and without consulting the rest they decided to wind up the concern and take it over themselves. Why? Well, they said they wanted to make great changes in management. The ablest and most experienced old servants were to be dismissed and there were to be promotions in the out-kitchen. And then, there was the managing director. They said some nice things about him. They said he was an excellent man for pulling the business out of difficulties, but no good in quiet times.

"He was always wanting to move and they wanted to lie down. They wanted to adopt a negative attitude —wanted someone else to push and go. To use the golfer's phrase, they saw he was very good with the niblick—excellent at getting the ball out of the rough—but on the green he was too energetic. They wanted somebody with a feebler stroke. That is not for me to say. It's not for me to say if they got it.

"But are we really out of the rough? That's the question I want to ask. Go to the Glasgow shipyards for the answer. Look at the numbers of unemployed; then read the Labor manifesto, and then ask the question, 'Are we out of the rough?' It was a manifesto issued to people trussed with taxation and sore with the wounds of the Great War, exhausted and worried with anxieties about their daily bread.

"We are not out of danger. It is a formidable challenge and it will appeal to millions. The 'Die-Hards' aren't the only people who are calling for a change. They are not the only people in a democratic country who have the right to call for a change. There are millions calling for another kind of candidate. This is not the time to nominate men who will fall out among themselves. With menace to the left, menace to the right and menace to the front—when we are surrounded by menaces and are trying to extricate ourselves from the pitfalls with which we are surrounded—this is no time to quarrel among ourselves.

"I have waited for an explanation from Bonar Law. The explanation he has given is that the trouble is not a national one. He said it was better to split the nation than to split the party. That's a bad reason for any government to give to come to the country. The world is in such trouble and in such a condition that you cannot afford to indulge in party bickerings and squabbling until the nation is on a firm footing. I deplore the danger, and all my friends likewise. All we can do is to try and avert the worst evils of a bad blunder and that is what we propose to do.

You must remember that the great upheavals in the past did not take place because of the strength, but because of the dissensions and distractions amongst the resisting force. Every great upheaval has occurred that way and men who introduce the element of division, of dispersion of the central force upon which we must depend for resistance, are helping the subversive and revolutionary elements that are attacking.

"Now that I have said all that I could find in Bonar Law's speech, insofar as concrete proposals are concerned, there were two or three matters so trivial they could not possibly be seriously considered. As to the rest, there are a good many vague and obscure phrases. There are two or three things there which give me much misgivings, and I think I'm bound to call attention to them.

"The first appears to be a matter of no importance. Believe me, it is. It is a proposal to get rid of the Pensions Ministry. Where was there a Minister not so overburdened that he could possible exercise direct supervision over the affairs of that important department? They are overwhelmed with letters calling attention to delay and failure, which are inevitable in the work of any department. Unless these matters are attended to these poor pensioners and their families will inevitably suffer. And still more; in the end it will cost the State more, and so far from saving money, money will continue to be squandered, because you cannot exercise supervision unless there is someone at the head to direct it.

"I now come to the second matter, which gives me still greater misgivings, so I must speak frankly. It is the composition of the new government. The situation of the country is such that it requires the services of the ablest man available. An act of government—of a successful government—is to secure the ablest and best brains and most experienced minds to direct the affairs of the country. What has happened? It has to be discussed. In consequence what has happened in the last fortnight? Many of the ablest men, whose services were placed at the disposal of the State, are not available to the new government.

"I need not mention them at any great length, but do you know them? There is Balfour, one of the most brilliant and distinguished men

(Continued on page 7.)

ANTRIM CASTLE DESTROYED BY A SERIOUS FIRE

Maidservant Perished in the Flames—Others Have Narrow Escapes—Lyndican Castle Also Burned.

BY ARMED MEN

BELFAST, Oct. 30.—(Canadian Press.)—Antrim Castle near Lough Neagh, the home of Viscount Massereene, Parliamentary Secretary of the Prime Minister of Northern Ireland, was completely destroyed by fire this morning.

Viscount Massereene is a descendant of the Speaker of the Old Irish House of Commons. A maid servant perished in the flames, and others of the household had narrow escapes.

Miss Grace D'Arcy, daughter of the Most Rev. Charles Frederick D'Arcy, Protestant Primate of All Ireland, was forced to leap from a window to escape the flames. Among other guests of Viscount Massereene was Major General Cameron, commanding the force in Ulster.

Antrim Castle was built by Sir Hugh Clotsworthy, an officer of Queen Elizabeth.

Lydican Castle, in County Galway, built in Cromwellian days, also was destroyed by fire set by armed men Saturday. The men kept the family occupying the castle under armed guard in an outhouse during the fire. Republican forces who came on the scene helped to save some of the furniture in the castle. The fire is also said to have been due to trouble between agriculturists and the owner of the estate.

NEWS WARKWORTH AND THE DISTRICT.

WARKWORTH, Oct. 30. —Mr. Geo. Carlow and his son Gordon, also Mr. Jack Drewry, are spending a few days in Toronto.

Mr. A. Chapman of Hastings, was in town on business Friday.

Mrs. M. Osborne of Colborne, was in town one day this week.

The chicken pie supper that was given by the Women's Institute in the Council chamber on Wednesday evening, was considered a success, the proceeds amounting to sixty-nine dollars.

Miss Nettie Ames of Codrington, called on friends in town on Friday.

Mrs. Bruce Puffer of Havelock, is the guest of Mrs. Thos. Allen.

U.S. Asked to Help Capture Bandits

OTTAWA, Oct. 30.—(Canadian Press)—Communications from the Manitoba government have been received by the Government here it is understood urging that the United States government be asked to institute a campaign against rum-breakers who operate across the Canadian line from North Dakota, but so far as can be learned no official communication in the matter has yet been forwarded to Washington. The representations of the Manitoba government in the matter, it is understood are likely to be forwarded to Washington shortly.

WAR WORK TO HELP POLAND REWARDED

ST. CATHERINES, Ont., Oct. 30.—(Canadian Press)—Acting on behalf of the government of Poland, Dr. Stefan Dzierzawski, Polish Consul General, has conferred upon Mrs. L. S. Ascher, of Niagara-on-the-Lake, the Polonia Restitutia for faithful work for the mother country during the great war, when Polish troops were trained by the Allies at Niagara. The presentation took place under the Auspices of the Newark chapter I.O.D.E., of which Mrs. Ascher is the secretary. Several officers of the Polish army were present. The award was accompanied by several gifts from Polish organizations in Buffalo.

CAMPAIGN MANAGER.

DUBLIN, Oct. 30.— (Canadian Press)—A. W. Cope, Assistant Under-Secretary for Ireland and the official mainly responsible for the Anglo-Irish Treaty, has resigned his office and left the civil service, to accept the post of chief organizer of the electoral campaign of David Lloyd George.

CALLS FOR HELP.

BOSTON, Oct. 30.—(Canadian Press)—A radio message from the Coast Guard cutter Acushnet picked up here yesterday said that the steam lighter Lizzie D.A. was calling for assistance. The Acushnet was unable to go to her aid because she was towing the schooner Dorothy Palmer and also was short of coal.

The lighter, with thirteen men aboard, had been missing for nine days. She was last seen 50 miles east of Fire Island, drifting southwest.

SLUMP IN ACD

NEW YORK, Oct. 28.—Renewed selling came into market. ACD slumped 3 1-2 points selling reflected undoing of a speculative position built up on hope company intended to increase dividend of $4 before this time. This weak spot encouraged professional element to test other sections of list and industrial leaders again turned reactionary.

The Mistake
That millions have corrected

As most folks know, brushing teeth in old ways proved most disappointing. Teeth still discolored, still decayed. Beautiful teeth were seen less often than today. Tooth troubles came to 49 in 50.

Millions of people, nearly all the world over, have found a better method. The glistening teeth you see everywhere now show one of the results.

All due to film

Most cloudy teeth and most tooth troubles are now traced to film. Film is that viscous coat you feel. It clings to teeth, gets between the teeth and stays. Food stains, etc., discolor it, then it forms dingy coats. Tartar is based on film.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea. No ordinary tooth paste effectively combats film. So, despite all brushing, very few escaped those film-caused troubles.

Two new methods

Then dental science, after long research, found two film combatants. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities proved those methods efficient. Then leading dentists everywhere began to advise their use.

A new-type tooth paste was created, based on modern research. The name is Pepsodent. Then these two film combatants were embodied in it for daily application.

ment and that this punishment will last until they are sent "home" again. The agricultural and industrial settlements are so administered that many of the boys and girls begin to feel for the first time that there really is such a place as home. They are taught self-reliance; they are made to feel that they are trusted, that there is such a thing as honor among boys and girls, and that they are not being punished, but being helped to become useful and influential citizens of a free country.

CARING FOR THE PARKS.

The suspension of work upon the city's parks for the season seems an opportune time to bring forward for discussion a suggestion that it is high time that Peterborough had a parks commissioner in whose hands the care and maintenance of the various local parks would rest.

No feature of a city makes such an impression upon visitors as do the parks.

If they are well kept and immaculate they form a splendid advertisement; on the other hand, if they are shabby and show lack of care they send visitors away with a very poor idea of the progress and enterprise of the community.

Peterborough has for some time adopted the plan of advertising for tenders each year for the care of her parks.

There can be no continuity of policy under that system, nor is there any assurance that if, as often happens, the lowest tenderer gets the contract that the work will be done efficiently and thoroughly.

The Council practically gambles every spring over this question of park caretaker.

The time has surely come to get away from that haphazard policy and appoint a permanent commissioner who would not only see that the parks were properly cared for and developed, but who could also take care of the city's shade trees and see that they were pruned and thinned out properly, a work that is very necessary.

The Council has been lucky in its choice of caretakers in the past two seasons, but there is no guarantee that coming Councils will be equally favoured by Fortune, and it would seem to be good business to secure the permanent services of a qualified commissioner.

It might cost a little more, but the results would justify the extra expenditure.

AN OVERSEAS EXAMPLE.

It should be of stimulating interest, particularly in view of the growing campaign for forest conservation to learn of the success which has been accomplished in Scotland in growing some native American timber trees, which has been undertaken and carried on under the auspices of the Royal Scottish Arboricultural Society. The demands of the war greatly depleted the timber supply of the Old Country. When the fighting was on the supplying of the needs of the army was the first consideration, and the tremendous cutting which took place in the forests during that period was the means of bringing home to the people the fact that not only conservation of the timber supply, but reforestation was an imperative necessity.

A policy was recently developed by the British Government whereby it hopes to accomplish reforestation of waste lands, partly through the creation of public forests and partly through private endeavor, in which the Royal Commission which has charge of the programme co-operates. In carrying out this policy trees have been transplanted from American forests and, according to the report of the Royal Scottish Arboricultural Society, are doing well in the old land. This society is aiding the public authorities in creating an intelligent interest in this great undertaking, and at a recent meeting of the society a visit was made to two of the older plantations in the Highlands near the River Dee, not far from Aberdeen, far north on the east coast. Here Silka spruce and Douglas fir from our Pacific slope were found growing thriftily.

Evidently much is expected from the spruce in the newer plantations because of the excellent growth that has been made on the tracts under observation. In Strathgyle Woods, a large plantation of Silka spruce, five hundred feet above sea level on peaty soil, set out forty years ago, was found to have attained an average height of fifty-nine feet. Another plantation of the same species, which has been growing for forty-three years on the exposed northeast slope of a moorland nine hundred feet above sea, had made an average height growth of fifty-eight feet. At the present time Great Britain is planting approximately ten thousand acres a year to forest, and already the commission has secured enough land to keep up this programme for nearly ten years. This will be considerably augmented by the plan for co-operation with private owners, under which the Government pays a substantial part toward the cost of planting, and in some instances toward the clearing of scrub where that process is essential.

There is no need for importing planting stock in this country. There is an abundant native supply. The Boston Transcript gives an example of what even a small plantation of native white pine means as an investment is ginaed from the results obtained from a little three-acre patch of rocky ground, too poor for pasture, in the hills of southern New Hampshire. About forty-five years ago the farmer who owned that land somehow conceived the idea that it would grow pines. He dug seedlings wherever they could be found and set them out. When the job was done he figured that land and labor stood him about $35. Twenty years later his widow sold the plantation for $300 cash. After fifteen years more the purchaser sold it for $1,000. Today the trees alone are estimated to be worth $1,500.

Testimony as to the value to the Government of forest preservation is given in a statement by the Federal Forest Service of the United States that the White Mountain National Forest in New Hampshire and Maine is now producing a revenue to the Government, and that under the law a fixed percentage of the returns is being paid to the States named, this year nearly $4,000, for the benefit of their roads and schools. As the forest develops under careful handling and protection, its store of timber, it is pointed out, will afford a steadily increasing supply of raw material upon which industries can depend with confidence from year to year, and as sales of timber expand the States will themselves derive larger and larger annuities as their share in lieu of taxes.—Brockville Recorder and Times.

EDITORIAL NOTES AND COMMENT.

It will be a sad time for radio fans if the politicians decide to fight the next election by broadcasting their speeches.

The Peterborough C.G.E. ball team have given Peterborough some valuable advertising by reason of their Provincial honours. That fact should be officially recognized.

The members of the 57th Band are to be congratulated upon their public spirit in arranging last night's concert on behalf of the fire victims.

Correct this sentence. "Don't play with that nice little Jones boy any more," said the mother; "I'm afraid you'll teach him bad habits."

SPURNS WAR CROSS; CENSURES FRANCE

PITTSBURGH, Oct. 27.—Christ A. Meletis, of Pittsburgh, who served in France with the Twenty-eighth Division and was wounded six times, has sent back to President Millerand, of France, the Croix de Guerre and citation which had been conferred on him by the French government.

"A good bit of me is left in France; but the wounds I received from the enemy were nothing in comparison to the wounds received when I learned that France was helping the Turks," wrote Meletis in a letter which accompanied the decorations.

"I am doing this to express to you and your government my personal disapproval of the policy of France in the Near East."

Meletis is vice-president of the Greek-American World War Veterans, recently organized here.

PETERBORO EXHIBITION PRIZE WINNERS

Centre Piece.

White solid embroidery—1 Mrs. G. Spence, Lakefield, 2 Mrs. F. Jamieson, 544 Harvey street.

THE MYSTERY MIND

Arthur B. Reeve and John W. Grey

(Continued from Saturday.)

"They have no firearms," Bronson explained, "unless those who brought Violet up the river have modern weapons "Everything was lost in a lower rapids, she gasped, excitedly.

"Then wait till they're close; give them a volley; keep picking them off while they run back for shelter." For the moment, Bronson felt a return of youthful enthusiasm. "Give them a hot enough reception and wild horses will never drag them back to bother us again."

It was slow waiting. In the dim light could be seen the glint of primitive iron-pointed spears. It was evident that some of the men carried a huge log to use as a battering ram against the door. The savages, with no idea that Bronson was ready for them, crawled up to the cabin and gathered about so as to rush in quickly, so as to seize him before he recovered from his surprise.

When they raised the log Bronson gave the word. Pistols and rifle spit out simultaneously. For several moments the savages paused, amazed, frightened, uncertain what to do. Then they broke and ran, back toward the stream and toward the shelter of the woods. In less than a minute it all was over. Randolph counted ten bodies immediately before the hut. They had been taken wholly unawares. It had been little better than a slaughter.

"Thank Heaven it's over " exclaimed Dupont.

At that moment Violet screamed. Almost instantly Randolph wheeled, discharging his pistol. By the girl, quivering in the log behind her, was a poisoned spear. It had missed her hardly an inch. With slipping grasp and an audible groan the figure of a man crashed through the thatch of the roof where he had made an aperture to throw the spear, falling to the floor at her feet.

"Good thing I had one shot left," muttered the adventurer, reloading his weapon in haste. "I'm going out to see if there are any more about."

Dupont turned over the prone victim of Randolph's marksmanship. Then he gasped with surprise. It was Renard, dead. Dropping to the side of the fox with sudden recollection, he tore away the rotting cloth of the man's clothes and found, as he hoped, the portriat of Steele. Without a word he handed it to Bronson.

Violet's father smoothed out the canvas, which had been bent and crumpled, water-soaked and subjected to every conceivable kind of mistreatment. A grunt escaped him. Taking a knife, he trimmed one edge evenly; after which he inserted the blade between the fibres. To the amazement of Dupont, the cloth in reality was two pieces pressed and glued together. Between them was a sheet of tissue paper, so fragile now that Brownson handled it only with the greatest difficulty. But this, placed over the face of Steele, still visible, indicated in rather graphic fashion, by the combination of its lines with the painting seen through from beneath, the secret route to the treasure. Violet was the first to understand.

"His head is the Cavern of the Skull, and this down by his coat is the entrance to the ravine, and—and it shows what it looks like so we can find it, and here—this flower in his buttonhole is the point of observation to get your directions." She clapped her hands. "Am I right, father?"

Bronson nodded, very proud of her.

They decided to start upon their search for the cavern and the treasure at noon. It was dawn by the time Randolph completed his survey of the surroundings. Bronson had arranged his own cot for Violet, while the men had arranged to sleep on the floor, taking turns in three shifts at guard. Randolph had insisted they be prepared, since Vera or Evil Eye, neither among the slain, might be expected to attack them. Dupont had been sure the priest and snake woman would hurry to the Cavern of the Skull, so that he was anxious to follow as quickly as possible.

(To be Continued.)

JUDGE FAUST LOST A NIGHT IN SWAMP.

Rescuers Find Him at Dawn Weary and Lacerated.

DETROIT, Oct. 28. — According to a telegram received by court officers here, Judge John Faust, of the Recorder's Court, was rescued by friends after having wandered all night in a swamp near Lovels, Crawford County, Mich.... Judge Faust is a member of a party of 14 Detroit business and professional men who went north a week ago to do some hunting.

The telegram, which is signed by Edward R. Kerwin, declares that a searching party looked for the judge all night and discovered him at daybreak, after a shift in the wind made shots from his gun audible. When found he only had two shots left out of more than 100. The judge sustained severe lacerations from his night's wandering through the broken swamp country and is suffering from exposure, according to the message.

Some take too much trouble in making pleasure and others too much pleasure in making trouble.

All the pumpkin heads running around won't have candles in them.

Used After Shaving Keeps Skin Soft and Smooth

Many men suffer from irritation of the skin as a result of shaving. With some it assumes a form of eczema and becomes most annoying and unsightly. By applying a little of Dr. Chase's Ointment after shaving the irritation is overcome and Barber's Itch and Eczema are prevented or relieved.

DR. CHASE'S OINTMENT

60 Cents a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto

DUKE ANDERSON BURIED SUNDAY

Company Marched to the Cemetery in a Body—A Tribute.

BELLEVILLE, Oct. 30.—It was a sad minstrel troupe that laid over in Belleville on Sunday to pay their last respects to their departed brother, Duke William Anderson, who was accidentally killed in Campbellford on Oct. 27th, while out hunting.

The entire band was present in Tickle's undertaking parlour, playing Nearer My God to Thee and other suitable selections. The Rev. W. Elliot, of the Methodist church, conducted the service, and made reference to the past life of their late brother as follows:

Duke William Anderson was born in Gafney, South Carolina, in the year 1889. He departed this life Oct. 27, 1922, at the age of 33 years. He was a self-made man, having left home at the age of 14. He joined the Crescent Carnival Co. and later on was connected with the White Stock Co. It was while with the latter company that he was given the name of "Black Duke." He also played with Brown's Tennessee Minstrels and took a great interest in baseball, being a prominent member of the local club. He next joined Harvey's Greater Minstrels, where he met his faithful wife, who was Miss Johnella Gay. They were in the vaudeville world as Anderson and Gay and enjoyed a successful tour with the Waters' Black Swan Co., which closed in New York this past July. They were then engaged with the Black Swan Co. to make phonograph records. After finishing this engagement they entered into vaudeville and were later engaged by Mr. R. M. Harvey as principal comedians and were booked for a number of seasons. Mr. Anderson leves to mourn his loss, his mother and father, two sisters, and a loving wife, and a host of other relatives and friends.

A Tribute.

The members of the company paid the following tribute to their departed brother, Duke Anderson, which was read during the funeral service at Belleville on Sunday:

"We the members of Harvey's Greater Minstrels deeply regret the loss of our dear brother and friend, who the Great God has seen fit to take from us, and little did we think when the little pleasure party was made last Friday afternoon at Campbellford, consisting of Messrs. Griffin, Viney, Burton, Middleton and himself, that we were accompanying our friend to his last resting place. Duke was always willing to console those who were in trouble and also willing to lend a helping hand to those in need. While we sincerely regret that his chair on earth is vacant, we are satisfied that he is gone from us to fill a chair in heaven, and that our loss is heaven's gain. May his soul rest in peace.

CAMPBELLFORD LADY HAD HER HANDS BURNED WITH GASOLINE

Was Cleaning Clothes at the Time—Campbellford News of Interest—Navigation Closed For the Season.

CAMPBELLFORD, October 30.—While cleaning a dress with gasoline on Saturday morning a Campbellford lady had her hands badly burned, and also lost the dry goods. The friction from rubbing caused the gas to explode. Fortunately the job was being done in the back yard; otherwise the loss might have been more serious.

Navigation Notes.

The Bessie Butler, owned by the government and a very tidy little steamer, locked through Campbellford on Saturday morning, heading for her winter quarters at Peterboro. Navigation along the canal will close for the season on Tuesday, October 31st.

Public School Notes.

Inspector Boyes has about completed his rounds of inspection and reports that the county is almost free of any contagious diseases — the only cases that have come to his notice were measles and even they were of a very mild form.

A New Commissioner.

Mr. W. R. Russell has been appointed a member of the Water and Light Commission succeeding Mr. A. E. Wragg, who has resigned.

Off to the Camp.

Messrs. Cole and Meiklejohn of the Wash-Kosh Hunt Club leave for Tory Hill, near Apsley, on Friday next. This club was very successful last season, each man getting his full allotment.

W. M. S. Meeting.

A meeting of the members of the Women's Missionary Society of the Methodist Church, will be held on Tuesday afternoon, October 31st at 2 p.m. for the purpose of sewing and arranging for the bazaar to be held in the near future.

Epworth League.

At the Epworth League to-night the topic will be "The Influence of Home." All young people are cordially invited and each is asked to bring an old snap or photograph of himself or herself, as a pleasant social half hour will be spent.

Presided Yesterday.

Rev. A. K. McLeod of Brighton occupied the pulpit of St. Andrew's church on Sunday morning and evening, and preached two inspiring sermons to large congregations. Rev. Mr. McLeod is an able speaker, and has many friends here. The pastor, Rev. C. F. McIntosh, was taking Mr. McLeod's work in Brighton.

Funeral of Duke Anderson.

The funeral of the late Duke Anderson, who met with such a tragic fate while in Campbellford, was held in Belleville on Sunday, the entire company laying over for the occasion, and marching in a body to the graveside.

Miss Margaret Jackson sang beautifully during the funeral service. The company, although broken-hearted, gave the performance on Friday evening at Campbellford, leaving for Cobourg on Saturday morning. Mr. Anderson's home was in Gaffney, South Carolina, where his mother still lives. He had been a member of the company for the past four years, and one of the leading comedians with Harvey's Minstrels.

Property Transfer.

Wm. H. Dunk has sold his fine cement dwelling on the River Road, in Seymour Township, to Mr. Jack Hay, of Healey Falls, who takes possession immediately.

Property Transfer.

Mr. John Hay reports the sale of the fine brick residence on Front Street, known as the Bonnycastle property, to Mr. Wm. H. Dunk. The deal was transacted by T. L. Diamond.

Personal Mention.

Mr. T. W. Wood of Orillia, is a visitor in town, the guest of Mr and Mrs. J. P. Archer of Booth street.

Mr. and Mrs. George Kelly, of Cramahe, were visitors in Campbellford on Saturday.

Mrs. Wm. Scates, who has been visiting her mother, Mrs. John M. Smith, has returned to her home in Belleville.

Messrs. Cole, Holmes and Meiklejohn motored to Belleville on Sunday to visit friends and relatives.

Mrs. John A. Mitchell spent Friday in Peterborough visiting her sister, Mrs. Douglas, who underwent a serious operation in Nicholls Hospital. She is doing as well as can be expected.

Miss Rosella I. Ainsworth, who was teaching school at Sprucedale, Parry Sound district, has returned home due to the illness of her mother, Mrs. C. D. Lawrence.

Mr. A. L. Malcolm left for Toronto on Friday on business.

Miss Mildred Robertson was in Peterborough on Friday.

Mr. I. A. Humphries is erecting a large addition to his fine bungalow on Booth street, which was occupied by his mother, the late Mrs. Humphries.

Miss Helen Rogers of Codrington, visited her friend, Miss Clemena Ivey over the week end.

Mrs. B. M. Frederick and daughter, Miss Jennie, spent the week end at the home of Miss Sarah Nevin.

Mrs. J. A. McEachern of Calgary, Alberta, announces the engagement of her youngest daughter, Minnie Alice, to Gilbert N. McK. Dinwoodie of Shakespere, Ontario, son of Mrs. Dinwoodie, of Campbellford, and the late Adam Dinwoodie, marriage to take place in November.

Purest of all

Pure cocoanut oil and rich palm oil, from our own plantations, are skilfully blended in Sunlight Soap. It is the purest and highest quality laundry soap and has the largest sale in the world.

Sunlight Soap washes beautifully and as it has no impure ingredients it saves your clothes and makes them wear longer.

Bible for use at the school, also books for the school library.

Mrs. Don Christie left for Toronto after spending the past two weeks with Mrs. Christie, Sr.

IF KIDNEYS ACHE FLUSH WITH SALTS

Harmless Way to Clean Your Kidneys and Help Bladder.

Kidney and bladder irritation often result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Baldder weakness most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast; continue this for two or three days. This will help neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts in expensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad, effects whatever.

Here you have a pleasant, effervescent lithia water drink, which often quickly relieves bladder irritation.

Curious was the matrimonial method of Signor Tasino a wealhty and eccentric old gentleman of Naples, who had one weakness, a passion for macaroni. As he was unable to find a cook sufficiently skilled in preparing this delicacy to his taste, he organized a public competition and gave his hand and fortune to the woman who proved herself the cleverest artist in macaroni.

HAVELOCK AND THE DISTRICT

Betty Brown Tea a Unique and Successful Function—G.W.V.A. Start Moving Pictures — Real Estate Changes.

NEWS OF INTEREST.

HAVELOCK, October 28. — The Praise Guild of St. John's church held their weekly meeting at the home of Mrs. T. W. Quinn, on Thursday afternoon.

Betty Brown Tea.

The Betty Brown Tea which was held in the basement of St. John's church under the auspices of the Women's Auxiliary on Wednesday afternoon last from 3 o'clock until 6, Proved a decided success. The basement was prettily decorated and small tables covered with white tea cloths added much to the attraction. There was also a side table where they sold home made cooking. The proceeds amount to about $35.

Wedding Bells.

The marriage took place in Peterboro last week of Miss Jessie McQuay and Harry Leonard Edwards, both of Belmont township.

On Thursday afternoon last Rev. Mr. Stanley united in marriage Miss Mary Fletcher and William Fred Mumby, both of Marmora.

Real Estate.

Mrs. Hamilton of Tinax, Sask., has sold her house on King George street to her tenant, Ernest Dart, for the sum of $1800.

William Forsythe has moved his butcher shop to Squire's block in the store recently occupied by John Balfour. Mr. Bafour is constructing a shoe shop on his lot on Ontario street.

Moving Pictures.

The G.W.V.A. of Marmora and Delora who have leased the hall for every Friday night and the first Monday in each month, showed their first picture on Friday night, the feature being of Fennimore Cooper's famous story, "The Last of the Mohicans." The G.W.V.A. has spent $1500 in equipping the hall here for first class movies.

School History Prizes.

The cash prizes of $5 each generously donated by the I.O.D.E. for the pupils ranking highest at the departmental examinations in history at the Entrance, Junior Normal and Middle Schools, were won by the following: Entrance Examination, Rheta Buchanan. Junior Normal Entrance, Helen Fennell and Edna Bulied obtained equal marks.

Middle School, Doris Hay, Donald Buchanan was a close second, both he and Doris having obtained first class honors.

Athletic Association.

A meeting of the Havelock Athletic Association will be held in the council chamber on Tuesday night of next week, November 2nd, when the business for the past season will be wound up.

Personal Mention.

Ted Larmer of Milbrook was in town on Friday.

Miss Mary Melville of Campbellford was in town last week.

Mr. John Covert of Peterboro was in town on Thursday.

Mr. and Mrs. R. F. Covert attended the funeral of Mr. W. Brown of Warkworth on Friday.

Miss Gladys Young of Cordova, was in town on Friday.

Mrs. R. Jones spent Friday in Toronto.

Mrs. Alex. Innis of Toronto, visited friends in town this week.

Miss McWilliams of Toronto, who was the guest of her sisters, Mrs. Clarke and Miss M. McWilliams for a few days, has returned home.

Dr. Neal of Peterboro was in town on Wednesday.

NEWS OF NORWOOD AND THE DISTRICT.

Miss Smart, of Toronto, is the guest of Mrs. J. E. Thompson.

SUFFERED YEARS WITH ECZEMA

"Fruit-a-tives" Cleared Her Skin

POINTE ST. PIERRE, P.Q.

"I suffered for three years with *terrible Eczema*. I consulted several doctors and they did not do me any good.

Then, I used one box of "*Sootha-Salva*" and two boxes of "Fruit-a-tives" and my hands are now clear. The pain is gone and there has been no return.

I think it is marvellous because no other medicine did me any good until I used "Sootha-Salva" and "*Fruit-a-tives*", *the wonderful medicine made from fruit*".

Madam PETER LAMARRE.

50c a box, 6 for $2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

The wires may be down. Lenin hasn't died for several weeks.

Foot Troubles?

Then by all means visit our store this week—Dr. Scholl's Demonstration Week—and have an examination made of your stockinged feet, without charge.

Our Practipedist, trained in Dr. Scholl's methods, will suggest the Dr. Scholl Appliance or Remedy which will be most beneficial, which will relieve your specific foot troubles and give you foot comfort once more.

Come in—without fail—this week. Bring the coupon below—and receive Free the valuable items listed.

SPECIAL COUPON—FREE

This coupon will entitle the holder, when signed and presented at our store, to:

1. Dr. Scholl's Corrective Foot Exercise Chart
2. Booklet, "Treatment and Care of the Feet."
3. One sample of Dr. Scholl's Zino-pads and, if desired by the undersigned, a complete foot and shoe trouble analysis and demonstration.

The Greatest Phonograph Value in Canada

This is the first time we have ever been able to offer a genuine Brunswick Console Model Phonograph for $200--$100 less than any Brunswick Console Model has ever been offered for before. To introduce this beautiful instrument, just fresh from the great BrunswickCabinet-making plant we are making a---

Special INTRODUCTORY OFFER

Features of This Model

1. Stands 34 inches high.
2. 22½ inches wide.
3. 35 inches long.
4. Equipped with the famous ULTONA that plays all records properly.
5. Has the Brunswick exclusive all-wood oval horn.
6. Guaranteed Brunswick motor.
7. Throat-tone control.
8. Automatic stop.
9. Genuine Brunswick cabinet in mahogany, Adam Brown or walnut.
10. Fully guaranteed, including springs.

of a limited number only on special terms of only $10.00 cash and the balance spread over an entire year, and with many other privileges not usually given on the purchase of a high-grade phonograph. This not only gives you remarkable value, on easy terms, but affords protection against the future should sickness or unemployment make it more difficult than you anticipated to pay the instalments as they fall due.

Only a Few More

Our introductory announcement of this special offer has already resulted in considerably diminishing the number of these instruments that we have set aside for the purpose. Only a few left to be had on these exceptionally easy terms. As soon as these are sold the offer will be withdrawn, and will not, in any event, be kept open after Monday next.

Features of This Offer

1. Genuine Brunswick Console Model for only $200.
2. Cash payment only $10.00.
3. Balance spread over an entire year.
4. Three months' exchange privilege without cost.
5. Partial payments if sick or unemployed.
6. Delivery immediately or any time up to Christmas.
7. One year ironclad guarantee.
8. Free delivery.

Hallowe'en Concert Held in the Schoolhouse — Personal Mention.

TRENT RIVER, Oct. 30.— The Hallowe'en concert given at the school house Friday night was an unqualified success. Miss Viola Craven, teacher, is deserving of much credit for her untiring efforts for the evening's entertainment. The interior of the building was prettily decorated with lanterns made with pumpkins, etc. There were several ghosts present, which made up the amusement of the evening. Mr. I. Lawson acted as chairman. Rev. E. O. Seymour, of Havelock, was present and addressed the children.

The programme was as follows:

Programme.

Contests, (1) eating apples, (2) feeding Jack, (3) Fortune telling.
Song—By six ghosts.
Dialogue, "Brave Boys"—By four junior pupils.
Hallowe'en chorus—By school.
Recitation—By Marion Ellis.
Drill—By junior pupils.
Song, "In Brown October"— By three girls.
Recitation—By Margaret Wilkinson.
Monologue, "Thanksgiving Reminders—Inez McLaughlin.
Recitation—Jack Liberty.
Dialogue, "Merry Maiden's Club"—Senior pupils.
Recitation—Eric Ellis.
Story told by a Ghost.
Dialogue, "The Naughty Mouse"—Four girls.
Recitation—Donald Carnrite.
Recitation—Donald Ellis.
Song, "Flower Lullaby"—Girls of school.

Before singing the National Anthem, the chairman thanked all those who were present for coming out to help the school financially and he assured them the money would be carefully spent. He also gave reports of the money received from the last concert held in the school. Miss Craven purchased a

WOMAN'S WORK NEVER DONE

It Seems So in Many Cases and Good Health is Always Necessary

Viscount, Saskatchewan.—"I took Lydia E. Pinkham's Vegetable Compound for weakness of the female organs. I had pains in the back and bearing-down pains in the abdomen and was in a general run-down condition. I could not sleep, rest or work and was quite unfit to do even slight household tasks. A friend told me about your Vegetable Compound and I in my turn truly recommend it, as my severe symptoms vanished and I am better in every way. I do my own work, look after my children and see to chickens, cow and my garden. I also recommend it for young girls who are weak and run down as my 16-year-old daughter has taken it and is quite her own gay self again."—MRS. FRED. WILEY, Viscount, Saskatchewan.

I Live On A Farm

Upper New Horton, N. B.—"I have taken Lydia E. Pinkham's medicines and they have done me a world of good. Since then I have been able to do my housework and I have a lot of work to do as I live on a farm. Seeing your advertisement in the papers was what made me think of writing to you. I hope this will help someone else." MRS. WM. B. KEEVER, Upper New Horton, New Brunswick.

NEWS WARKWORTH AND THE DISTRICT.

Many Visitors to Village During the Week.

WARKWORTH, October 28. — Mrs. James R. Perry is visiting relatives and friends in Topeka, Kan.

Mr. Samuel Black, who has been confined to his bed for several days on account of a severe cold, is much improved.

Mrs. Jane Weatherson is visiting at the home of Peter Scott, Campbellford.

Mr. and Mrs. T. G. Smith are visiting their daughter in Chicago.

The death of W. J. Brown occurred on 25th September, caused by pneumonia and typhoid fever.

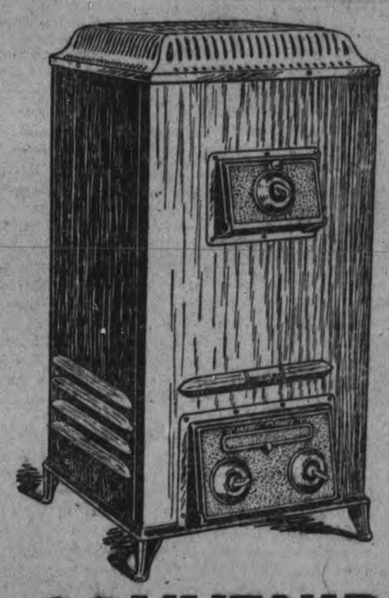
The deceased was a resident of the village for many years, was a good citizen, and well liked by his many friends. Besides sisters and brothers, he leaves to mourn his loss his wife and three daughters.

Mr. and Mrs. Smith Fox attended the funeral of the late W. J. Brown

FASCISTI REPORTED AGAIN ON THE MARCH.

LONDON, October 28 (Canadian Press-. — The Times prints a message from Italy, without naming the source, which says that the Fascisti last night began the march to Rome, and are now masters of some of the chief towns, such as Pisa, Florence, and Cremona.

Very little resistance has been offered the Fascisti so far.



SOUVENIR SUPERHEATER

It's a Furnace

The SOUVENIR SUPERHEATER looks like a costly mahogany cabinet, but it's a real Furnace, and heats every room in a medium-sized House.

Designed on the lines of the Pipeless Furnace, the SUPERHEATER operates with the lowest possible consumption of fuel.

Installed in one of the living-rooms, the SUPERHEATER keeps the whole house warm. It will heat 4 to 6 connecting rooms better than the ordinary Stove heats one.

The SUPERHEATER will burn hard coal, soft coal, and wood with perfect results.

OVER 135,000 MENTAL DEFECTIVES IN CANADA

Constitute One of the Greatest and Most Perplexing Problems.

(Dr. J. C. Shearer).

The mentally defective constitute, by no fault of their own, one of the greatest and most perplexing of social problems. This fact is all too little understood and appreciated.

It is usually estimated that from 1½ to 2 per cent. of the population are below par mentally. On that basis there are in Canada from 135,000 to 180,000 of these unfortunates. Some are idiots, utterly helpless and unable to care for themselves. Others are imbeciles, a grade higher than idiots, but unable to support themselves, and requiring constant oversight and protection. Between the imbecile and the normal are the much larger proportion who because they are not easily detected constitute the greater menace. After they reach adult years they remain mere children in mentality and self-control, yet possessed with all the passions, propensities and desires of adults.

It is easy to see what a menace this combination constitutes to themselves and to the community.

Their sexual propensities are unusually strong, and they have neither mental vision to foresee the consequences of indulgence, nor moral self-control to govern their passions. They multiply twice as fast as normal folk, and always reproduce their own kind, and this quite regardless of whether they are married or not. In the Board of Education offices in Vancouver is a family chart showing that some years ago an alcoholic man married a feeble-minded woman. Twelve children were born. Three fortunately died young. The nine who grew up are all feeble-minded. One of these, a young woman now in her twenties, is the illegitimate mother of five children, all feeble-minded. Fourteen mental defectives, each one a social problem, from one marriage that never should have been allowed.

It is estimated by those best qualified to judge that two-thirds of all prostitution is due to feeble-mindedness. Moreover, a large proportion of the children born out of marriage have feeble-minded mothers. These women living in promiscuous sexual indulgence soon develop venereal diseases, and infect all their male associates. Many of these associates are normal young men who afterwards marry, and infect their innocent wives, and pass on the dread heritage of these terrible diseases to their children. It is estimated that not less than forty per cent. of venereal disease is due to this source.

At least fifty per cent. of all crimes in general are committed by these unfortunates. Their uncontrolled passions lead to assaults, common or indecent, to incendiarism, to murder, to burglary, to banditry, to the demoralization of children of both sexes.

Many of the epidemics of vice in schools is due to the presence of a small group of feeble-minded girls or boys or both. Normal children, especially boys, are by them led into vice, and the evil rapidly spreads. Mischief is thus done that will curse these youths for years, if not for life.

It is false economy not to provide for the care, training or restraint of these deficients. A large part of the enormous cost of administration of justice, police courts, jails, prisons, reformatories, etc., could be saved if adequate provision were made for their segregation, specialized training, and the prevention of the reproduction of their kind. A subsequent article will, however, deal with the remedy for this great social evil.

LECTURED ON OUR CANADIAN AUTHORS

H. Gerald Wade of Winnipeg Gave Interesting Talk at Public Library

The lecture "Our Canadian Authors in Song and Story," given under the auspices of the Canadian Authors' Association, at the Public Library Auditorium on Friday night, was well attended despite the wealth of counter attractions elsewhere within the city.

Mr. H. Gerald Wade of Winnipeg, who has an enviable reputation as a lecturer, and who is life president of the Dickens Fellowship, spoke for over an hour on the subject of Canadian authors and their works, and he ably succeeded in convincing his numerous auditors that Canada ranks second to no other country in the productoin of literary talent. He succeeded in driving the message home that if Canadians would encourage their literary fellow countrymen to write for Canadians they would be spared the humiliation of seeing our best writers write almost exclusively for American consumption. Mr. Wade pointed out that Canadians were gradually beginning to realize that their compatriots rank with the best in the United States and that if we are ever to have a national literature we must encourage Canadian writers to write for Canadians first and Americans afterwards.

Mr. Wade, who has been speaking to crowded halls in Toronto and elsewhere during the past two weeks, is well known as a speaker in the west and those who had the privilege of hearing his address on Friday night look forward with keen anticipation to his return to this city at an early date.

CRASH HALTS OFFICER CHASING FORD'S CAR

Passed on Wrong Side of Trolley, Policeman Says.

WATERVLIET, Nc.Y., Oct. 27. A motorcycle policeman's smashup with an automobile prevented the arrest of Henry Ford here. At least that is what the police say.

Motorcycle Policeman William Conners was riding on Broadway when he said he saw a car pass to the left of a trolley car. He started in pursuit, and had gone less thon half a block when he crashed into another car. His machine was wrecked.

When Connors was informed he had been chasing an automobile in which Henry Ford was riding, he said.

"Oh, well, let him go. His Green Island plant will do a lot for this place".

Without knowing he had escaped arrest, Ford continued on to Green Island.

BOYS AND GIRLS

Draw the pumpkin in the window of Giles' Drug Store. The best girls' drawing and best boys' drawing wins a camera. Contest open to all pupils of Public and Separate schools who have not passed their Entrance examinations.

Then the owner of the flowers seeks your hide and tans it.

The ghost really walks for those who get paid on the first.

After All is Said and Done Goblin Boos Are Just in Fun

(By Hal Cochran)

"What is that face atop the corn?" said little Mary with deep scorn. "And is it trying to boo at me so I will start to run? My mamma says that, in the air, are spirits and I'd best beware But, gee, I know that spirits only come to have their fun"

So, Little Mary, you can see, is just as brave as brave can be "Aw, nuthin' over scares me", says this little tiny tot "I've heard about the flyin' witch, but shucks, she never made me twitch." And Mary adds that scary things are really tommyrot.

Say, have you heard the story old, about the sandman brave and bold? Why, he's a fine old fellow; if you doubt it, ask your dad Don't ever let him scare you twice, is Little Mary's sound advice—"He only comes to make you glad."

And then, the funny boogie-boos and folks who live in chimney flues —why Mary really likes them 'cause they're friends of hers, says she. Or travel into fairy land, where mystic things are really grand, and everybody wants to act real nice to you and me.

So, every little tiny mite, should, on this hallowe'en night, take Little Mary's sound advice and keep all fright away. Don't shiver if the pumpkins boo they only want to dance with you. So join the merry witches and the goblins in their play.

THE HUGE SCOPE OF MISSION WORK

Told by Frank Yeigh in Picture and Story at St. Andrew's.

A service of an unusual and interesting character was held last evening in St. Andrew's Presbyterian Church and attended by a large congregation. Mr. Frank Yeigh, of Toronto, the well-known Canadian lecturer, and a leading Presbyterian layman, gave an address on "The Work of the Presbyterian Church in Picture and Story," illustrated with a series of striking stereoptican views that realistically visualized the subject. The scope of the home mission work alone came as a revelation to many. This work is carried on in over a thousand mission stations, and in social settlements, redemptive homes, schools and hospitals, and work among foreigners and immigrants, helpfully touching in the aggregate thousands of lives.

No less informing was the story of the foreign missions, in China, India, Korea, Formosa and Trinidad, which are served by a heroic band of three hundred Canadian missionaries, covering not only evangelistic work, but also medical, educational and industrial.

Mr. Yeigh's address was of a high order, being as illuminative as his excellent pictures.

The Presbyterian Church in Canada is being asked to remove a deficit of $350,000 as a thanksgiving offering, and this objective will no doubt be reached.

Mr. Yeigh will give this lecture in Millbrook Presbyterian Church tonight. Returning to Peterborough to-morrow, he will give a blackboard talk to the Kiwanis Club at noon on "Do You Know Canada," and his travelogue on "The Canada of To-Day" in the Normal School in the evening, to which the public is invited.

"Cascarets" 10c
Best Bowel Laxative When Bilious, Constipated

"To clean out your bowels without cramping or overacting, take Cascarets. Sick headache, biliousness, gases, indigestion, sour, upset stomach, and all such distress gone by morning. Nicest physic on earth for grown-ups and children. 10c a box. Taste like candy.

CATTLE MARKET.

TORONTO, Oct. 30.—(Canadian Press).—Receipts 5,464; trade good. Quotations: Heavy beef steers $7 to $9; butcher steers, choice, $5.75 to $9; butcher cows, medium, $2.75 to $3.25; calves $10 to $11; lambs $12.50 to $13; hogs, selects, $10.

RED PEPPER HEAT STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can not hurt you, and it certainly ends the torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers.

Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

LOCAL TEACHER WINS THE RHODES BURSARY

Coveted Honor Goes to Miss Florence Nicholls

Miss Florence Nicholls, daughter of Mr. and Mrs. A. Nicholls, Water street, who went to London, England, with the Canadian teachers, has won the Cecil Rhodes Bursary, which enables her to continue her vocal studies for another year under the well known teacher, Madame Palchi, of the Rome Conservatory of Music.

Miss Nicholls was formerly a teacher in May's school, North Monaghan, and is to be congratulated on her application to study while continuing to teach during the past year and on her success in winning this much coveted prize.

The following is a copy of the letter addressed to Miss Nicholls from the League of the Empire, under whose auspices the award is made:

League of the Empire.
London, S. W. 1.
"124 Belgrave Road,
"Westminster,
"Otcober 4th, 1922.

"Dear Miss Nicholls:—

"I have pleasure in informing you that the Rhodes Bursary given to Overseas teachers who have undertaken special study at their own expense, has been awarded to you.

"My Committee have been pleased to be able to adjudge this to you, by desire of the Rhodes Trustees, because they know that you have expended much in order to take back to your own Education Service in Canada, larger knowledge and experience for your future work there, as a teacher.

"With our congratulations and good wishes, I am,

"Yours sincerely,

"(Signed) E. M. Ord Marshall
"Hon. Secretary."

"Shepherd's Bush,

A POEM FOR HALLOWE'EN.

It's Hallowe'en, and I must write a poem,
Adapted to the season and the date
So I must mention — though you doubtless know 'em,
Such matters as will seem appropriate.
For instance "jack-o-lanterns, golden yellow,"
And "missing gates that rouse the owner's spleen," and
And "hickory nuts" and "cider rich and mellow,"
It's Hallowe'en!

Of course it's necessary, too, to mention
The "sheeted figures slipping through the dark,"
And obviously I must call attention
To "pranks the youngsters play while on a lark."
And I must speak of "fun that's gay and hearty,"
And note the weather, "brisk and chill and keen,"
And tell of "merry games at many a party,"
It's Hallowe'en!

I'll say a word about the "girl who glances
Into a mirrow by a candle's light,
Seeking her destined hero of romances";
Can't leave that out and have my verses right.
"Pop corn," "marshmallows," "apples" — you'd be cheated
If these wern't listed in my lay, I ween;
So—there they are! And now my job's completed,
It's Hallowe'en!

(Copyright, 192, NEA Service)

Oatmeal —a "new dish"
This has solved the oatmeal problem in thousands of homes.
Stew raisins and mix with the cereal after it is cooked. Add the raisin juice also.
The raisins furnish mineral salts and valuable food-iron.
But best of all, they make oatmeal *attractive* with the lure of healthful sweets.
Ask merchants for
Sun-Maid Raisins

Cost of Living Is Now Much Lower

An interesting article recently appeared in a Halifax paper, giving a comparison of prices on certain articles of food as quoted by a leading grocery concern in that city, and covering the years 1920, 1921, and 1922. The figures illustrate a marked reduction, and are quoted below:

	1920.	1921.	1922.
1 barrel Five Roses flour	$ 16.50	$ 12.50	$ 8.50
1 bag XXX granulated sugar	22.10	8.95	7.25
1 bag corn meal	5.25	2.35	2.10
1 bag middlings	3.35	1.90	1.55
10 pounds rice	1.60	.75	.65
1 bag split peas	8.50	7.75	5.75
1 pail lard, 20 pounds	6.60	4.20	3.80
1 bag rolled oats	6.50	4.25	3.75
1 barrel clear pork	63.00	48.00	34.00
1 bag onions	8.00	4.00	2.75
1 box Surprise soap	10.20	7.50	7.10
1 case canned corn	4.00	3.60	3.40
1 case canned peas	4.00	3.60	3.30
1 bag pot barley	6.50	4.50	3.75
½ chest XXX tea, 60 pounds	39.00	30.00	27.00
	$205.10	$143.85	$114.65

LITERARY LECTURES IN LOCAL PUBLIC LIBRARY

By Rev. Dr. Meyer Every Tuesday Evening.

The second of the series on "Literary Aspects of the Old Testament," which is being delivered every Tuesday evening in the Public Library at 8 o'clock, was given last week. It was shown that just as the earliest Greek literature, the Illiad, and the earliest English and French, the legends about Arthur's Knights and Orlando, deal with warlike deeds of the nation's early heroes, so it is with Israel, whose earliest literature is considered to be the stories of the heroic deliveries contained in the Book of Judges, and the Books of Samuel, and not the stories of the Patriarchs and of the Exodus, which though they deal with earlier events and characters, were written later, and are more idealistic, and less nearly historic in character.

With the exception, however, of the Deeds of Bara': and Deborah, we have not these heroic tales in poetry, but in prose.

They reveal a very crude moral and religious state of society and religious customs closely resembling those of the surrounding peoples.

Of considerably earlier date than these were "The Book of the Wars of Yahmeh," and other poetic collections from which they quote.

The statement that the sun and moon stood still at Joshua's word, in Joshua 13, is among these quotations from poetry, and was at first only intended as a poetic hyperbole, though the writer of the prose story took it literally. We, however, should not feel compelled to follow him. He belonged to a primitive age. Primitive people fail to see the divine in the ordinary course of nature and long for the supernatural but as man developes mentally and morally he finds the most helpful religoin to be that which recoghizes the Divine in the Natural, i.e., in all common things and realizes that miracles, whether true or only the assumption of the childish religious mind, could not make him any better or beget eternal life in him, which is, he knows, the only worthy end of religion.

It was shown from Deut. 32:41-43, Deut. 33:1; Isa. 34:5, 6, Habakkuk 3, II Sam. 22:8-16 (Ps. 18:7-14) that to the Israelite in Solomon's time and later, the national God Yahmeh partook of the nature of a War God, Storm God and God of Pestilence. Extracts of Judges V were read showing their poetic power. The Poetic and Religious Organization of David recognizes Yahmehs presence in the thunder storm as he watches the flock of Jesse on Bethlehem's hills. Psalm 18.

A comparison of Hanah's Prayer I Sam. 2, with the Magnificat Luke 1:46, showed how the latter was modelled throughout upon the former. These poems are all careful literary compositions not really spoken on the spur of the moment. Of especial beauty is David's lament for Saul and Jonathan. II Sam. 1.

The third lecture, to-morrow evening, will also deal with Poetry, comprising the Blessings of the Tribes, by Jacob (Gen. 49), and By Moses, (Deut. 33.)

Illustrating the nature and use of Parallelism in Hebrew Poetry, discussing date and historic reference of some of the Psalms, and explaining a few of the more typical in this Israelitish hymn book.

William can get his ears clean bobbing for apples in a tub.

The Drama of Life

Those of us who remember the pastorate of the Rev. Thomas H. Mitchell at St. Andrew's Church will be interested in learning that he has lately published a book entitled "The Drama of Life"

During Mr. Mitchell's short stay in Peterborough he endeared himself to very many by his kindliness and sympathy and impressed all by his very high attainments in scholarship.

In The Drama of Life all these qualities are very noticeable. The book, as a book, contains nothing that has not been said many times before. It is, as its title indicates, a series of reflections on the different ages man, from infancy to old age and second childhood. But whilst there is nothing to be classed as original in its pages, it evinces a clarity of style and a sympathy and tolerance of sentiment which makes it very pleasant reading.

To those who had the pleasure of hearing Mr. Mitchell's sermons when he was in Peterborough the book will prove very reminiscent, for the same method of treatment he employed in his discourses is traceable throughout the volume. Circumlocution, the bane of so many writers and preachers, is as absent from Mr. Mitchell's book as it was from his sermons. His arguments are brought home with directness and simplicity. There are no rhetorical fireworks.

The book is divided into seven parts to correspond with Shakespeare's Seven Ages of Man, and these are entitled respectively, Infancy, Childhood, Youth, Manhood, Middle Age, Old Age and Second Childhood.

It would be quite outside the scope of this short article to enter exhaustively into the arguments that Mr. Mitchell brings to bear in support of his statements. They are after all, truths that generations of ministers of the Gospel have set forth from countless pulpits and have been expatiated upon by many Christian sages and philosophers.

The proper upbringing of the infant, the value of eugenics, the importance of education and the surpassing importance of having a well ordered and undiversified system of religious instruction in our schools are points that are very efficiently treated. But Mr. Mitchell has also much to say on manhood and old age and it would be as well for any one who is approaching the grand climacteric and for those who are passive through the earlier phases of life to ponder carefully what he has to say.

It is a very comforting book and the influence of the beautiful twelfth chapter of Ecclesiastes is very discernible in it.

Perhaps no more fitting tribute to the merit of this highly commendable work can be given than to quote from the words of the inspired writer.—

"And moreover, because the preacher was wide, he still taught the people knowledge; yea, he gave good heed, and sought out and set in order many proverbs.

"The preacher sought to find out acceptable words; and that which was written was upright, even words of truth."—F. M. D.

A THOUGHT.

"And the work of righteousness shall be peace; and the effect of righteousness, quietness and assurance forever." — Isa 32:17.

Sometimes the things our life misses help more than the things which it gets.—Alice Cary.

LLOYD GEORGE SPENT A QUIET DAY ON LINKS

Delivered a Speech on Saturday Evening to His Glasgow Supporters.

LONDON, Oct. 30. —(Canadian Press.)—Lloyd George spent yesterday with the Earl of Balfour. He attended church in the morning with his host and in the afternoon took part in unique foursome with Balfour, Lord Birkenhead and ex-Chancellor Horne.

To his Glasgow supporters Saturday Mr. Lloyd George delivered a strong, although not bitter attack on the new cabinet. His argument was that the Coalition government was slowly but surely leading the country out of troubles inflicted upon it by war. He declared that the new cabinet was not comparable to his in point of ability and gave Balfour a most colorful tribute, describing his service to the country as immortal. He challenged anyone to advance a sound reason why his government should have been deposed.

Lord Birkenhead, who followed the ex-Premier, said that when Bonar Law read the names of his cabinet in the paper he must have felt like Wellington who, when some recruits were sent to him exclaimed: "I don't know what effect these troops will produce upon the enemy, butthey frighten me."

If you have furniture you dislike just leave it on the porch.

Canada's Greatest Vocational School

FOR Thirty Years, Canadians, in thousands, have profited from the vocational and academic training of this the World's Great Home-Study University.

Clerks have become salesmen, advertising and business managers; mechanics have become foremen, superintendents and engineers; carpenters have become architects, contractors and leaders in construction work; men and boys have risen from nothing at all to places of responsibility, because of I.C.S. Training.

In 1921 approximately 7,000 Canadian Students of this Institution prepared more than 80,000 Recitations and Drawings, requiring more than two million study-hours to accomplish. No single institution can show such a record of educational achievement, nor is any other institution so adequately equipped to provide the commercial, technical and industrial training for the men and women necessary in the commercial life and development of the Country.

With unrivalled texts, easy to study, easy to remember, and easy to apply; with such texts arranged into comprehensive, practical scholarships; with these scholarships conducted by an educational staff trained to help, to criticize and correct—you have training of so practical a character that you can apply it day by day to your advantage and profit.

What are your chances of success? Can you afford to let another priceless hour pass without making your start toward a more scientific knowledge of your work? The Coupon printed below has been the means of bringing advancement and increased salaries to many thousands of men. Read it carefully—mark the work of your choice and get it in the mail today.

IN MILLBROOK AND DISTRICT

Continuation School Held a Hallowe'en Festival—News of the District.

MILLBROOK, Oct 30—All roads apparently, led to the school building on Friday evening when the pupils of the Continuation school held their "Hallowe'en Festival", the three upstairs class rooms, which with the halls, were appropriately decorated with black cats, owls. "grinning pumpkins heads all alight", corn stalks, and autumn foliage, being thronged with guests from 7.30 until 10 p.m. Upon entering the door incoming guests were greeted by three quite real-looking ghosts (in every day life, Misses Marjorie Skitch, Ida Payne, an May Attwooll), who took toll of their pocket-books, to the extent of one dime, giving in return a ticket which afterwards procured a cup of hot coffee in the tea-room upstairs. The light was of that weird, uncertain character usually associated with a "Hallowe'en" occasion, and the two fortune tellers, who were so well disguised that one would never guess their real identity (Misses Francis Turner and Jean Russell, found many anxious inquirers into what the future had in store, and in fact were well patronized all evening. The table of dainty linen handkerchiefs, which was in charge of Misses Gertrude Gray, Thelma Spencer and Alexe Johnston, attracted many customers, while the home-made candy, in prettily trimmed baskets, was all sold out early in the evening, Misses Ethel Falls and Loretta Barnard were capable saleslad-ies at the "sweets" counter. A variety of sandwiches, toothsome pumpkin pies, and other(good things were served in the tea room, quite a bevy of attentive waitresses, including Misses Luella Shaw, Dorothy Armstrong, Alice Armstrong, Thelma Ball, Pearl Lamb, Anna Hawthorne ,and Florence Fallis, being kept busy filling orders from the pumpkin shaped menu card, the tables offering an attractive meeting place, and filling up again and again before the appetites of all were satisfied. Music from an excellent victrola, under the direction of Mr. H. R. Armstrong, added to the pleasure of the evening, and a chorus, "Rio Nights" by Gladys Tucker, Jean Burnham, Marjorie Sayles, and Kathleen Freelove, was also much enjoyed. "The Tatler", the official organ of the Literary Society of the M.C.S. was offered for sale and found many purchasers; the public does not often have an opportunity of seeing what a really creditable little paper, with its bright editorials Alumni news, sports, "sense and non sense"), etc, the pupils turn out.

Before the guests dispersed, beautiful bouquets of big, golden chrysan themums were presented informally to the principal, Miss M. Money and to the assistant principal, Miss G. Hood, by the pupils as an expression of their appreciation of, and regard for, their teachers. The latter are certainly to be congratulated on the success which attended this first social gathering ever held in the school here; when the new wing is added, with electric light installed, and other conveniences arranged for doubtless many concerts, literary meetings, and festivities of various kinds will be held in the assembly hall. The proceeds from Friday evening's entertainment go towards the fund for a new piano for the school.

Attended Convention

Mrs. P. Stinson and Miss Alice Stewart of Millbrook, Mr. Jas. Douglas of Cavan, and Mr. W. Jakeman, of Pontypool, attended the convention of the Provincial Religious Education Council, which met in Toronto this week. Over one thousand delegates were arranged for, and the speakers included several of the most prominent leaders in Sunday School and Young Peoples' work on this Continent. The addresses of Miss Margaret Slattery, who dealt mainly with the training of 'teen age girls, were especially enjoyed.

The A.Y.P.A. of St, Thomas' church held an open meeting in the S. S. Hall on Thursday evening, when Miss Lillie Clarke, gave a most interesting report of the Dominion Council A.Y.P.A. convention held in St. Catharines last week. Miss Clarke was the local delegate, and was repeatedly congratulated upon the number of iiluminating facts from the various addresses which she brought from the gathering. Refreshments were served and a pleasant social hour enjoyed before the meeting was dismissed.

Deanery Meeting

Amongst those from Millbrook who motored to Port Hope on Wednesday to attend the Durham Rural Deanery W. A. Convention were:—Mrs. (Canon) Allen, Mrs. Whyte, Mrs. C. Needler, Mrs. W. J. Hutchison, Miss A. Armstrong, Mrs. C. McNeill, Miss Margaret White, Mrs. H. Thomas, Mrs. R. Lowery Mrs. (Rev.) C. R. Spencer, Miss Gertrude Fitzgerald, Mrs. Weeks, Mrs. Hilton, Mrs. W. E. Russell, Mrs. G. Fowler, and Mrs. W. D. Leach. A number of delegates also went from St. John's Church, Ida, and from Trinity church, (the Marsh. The celebration of the Holy Communion was held in St. John's church in the morning, Rev. Dr. Rigby and Rev. Mr. Elliott officiating. At the afternoon session Miss Thomas, a missionary from South America and Miss Burgess and Miss Summerhayes of Toronto, were the speakers, their addresses providing not only informative and interesting, but inspiring as well. A delightful luncheon was serped to delegates and local workers in the Parish Hall at noon, and also before the visitors left for home. Much regret was expressed that the parish of Millbrook and Cavan which now belongs to the newly-arranged Deanery of Victoria, will be expected to send delegates next year to Omemee, instead of to Port Hope, or some other place in the Durham Deanery, as formerly.

Personal Mention

Mr. and Mrs. George Walsh, of Toronto, and Mr. and Mrs. Dawson of Port Hope, motored out from the latter town on Sunday, and were guests of Mr. F. W. and Miss L. Burton, for a brief visit.

Misses Gertrude and Blanche Clarry, who have been visiting their parents, Mr. and Mrs. L. S. Clarry for some weeks, returned to New York last week where they will resume their duties as trained nurses

Mrs. W. Wilkinson was the guest of friends in Peterboro on Tuesday.

OUGH! RUB BACKACHE, STIFFNESS, LUMBAGO

Back hurts you? Can't straighten up without sudden pain, sharp aches and twinges? Now listen! That's lumbago, sciatica, or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating St. Jacobs Oil. Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back, and out comes the pain. It is harmless, and doesn't burn the skin.

Limber up! Don't suffer! Get a small trial bottle of old, honest St. Jacobs Oil from any drug store, and after using it just once you'll forget that you ever had a backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints, and has been recommended for 60 years.

AT HASTINGS AND DISTRICT

Canvassing For the Navy League Nets $120.25 — Changes in Business — New Store Opening Up.

PERSONAL MENTION.

HASTINGS, Oct. 30.—A canvas of the town was made in aid of the Navy League and the sum of $120.25 was netted.

Waterfront News.

The Bessie Butler locked through here Sunday with a scow loaded with lock gates in route for Peterborough.

Change of Business.

Hylton White has purchased the rural mail route No. —, from Mr. J. C. Wilson.

Real Estate Deal.

David Lobb has purchased the Sam Scott farm in Asphodel.

Mr .Sprague of Cobourg, has purchased the summer cottage of Mr. Archie Stewart on the south side of the Trent river, one mile west of Hastings.

New Business.

The F. Long Co. of Campbellford are opening a store in the Spellman block, one door west of M. J. Baker's.

Miss M. Butler is moving her millinery stock in the store next to the Spellman House.

Song of Years Ago.

The following is a song that Mr. Alex. M. Paton, of Lindsay, but formerly of Hastings, composed in 1886, when the Iron Clads of Hastings won their district:

Assembled as we stand, with lacrosse in hand,
The Iron Clads of Hastings are before you,
We are hearty, strong and spry and we'll get there or die
Don't fail to lose a minute of our promise.
Chorus—
A solid twelve we are, assembled as you see,
This season we expect to be successful,
But if adverse luck we meet, or super we will greet
With all the praise that victors are deserving.
With Butler in the goal, assisted by Wes. Soales,
And Cummings, who appears to be invincible,
With Fowlds and Simpson Jack
We will drive the rubber back
And force it through the goal of our opponents.
We have other players too, without whom we could not do
Hill, Berry and Jack Wilson are among them,
They are rusty checks to meet, on the field or in the street,
And their playing wins the plaudits of the ladies,
When a contest proves a load, we send for Tommy Coad
Who drops the plough and comes to our assistance.
Like Hugh Murray he's the stuff, in the calm or in the rough,
Just as the emergency seems to demand it.
When injuries befall, Doc. Coughlan gets a call,
And skillfully applies the wanted treatment,
He has plasters by the yard, salves and ointments, soft or hard.
He makes repairs so prompt there's no detention.

Personal Mention.

Mr. and Mrs. A. U. Bailey, Miss Margaret and Mr. Paul Bailey, spent Saturday in Peterborough.

Rev. Mr. Hinton has returned home from Coe Hill.

Mr.and Mrs. A. V. German were in Campbellford Friday.

Miss Mary McGurty of Peterborough, spent the week end with her parents, Mr .and Mrs. P. McGurty.

The many firends of Miss Kathaleen Simpson will be pleased to know she is on the road to recovery.

Mr. and Mrs. W. A. Spellman spent the week end, the guests of the former's parents, Mr. and Mrs. A. B. Spellman.

Mr. Frank McGuire of Chicago, is visiting friends in town.

Mr. F. G. Runnels has purchased a McLaughlin car.

Mr. C. Walker has returned home to Peterborough after spending a few days at the home of Mr. F. G. Kunnels.

The many friends of Mr. James West will regret to learn that he is seriously ill in Nicholls Hospital, Peterborough.

Mrs. C. Scriver of Toronto, is visiting friends in town.

Mr. J. J. Collins spent Monday in Keene.

Mr. and Mrs. F. G. Runnels and family motored up to Peterborough and visited friends in Peterborough Sunday.

Mr. R. A. Sutcliffe, relieving manage rat the Union Bank, spent the week end at his home in Stirling.

Messrs. C. Runnels and J. Waye, of Colborne ,spent Sunday at their homes here.

EX-PREMIER BEWILDERED

(Continued from page 3.)

amongst the great statesmen of the world. You know the services he rendered at the Washington conference. I don't know any other man who could have done it. With his special gifts of concentration, with his gift of vision and imagination—the services he rendered, not merely to the Empire, but to humanity—I use the world deliberately—are immortal. (Loud cheers.)

"I wish the Lord Chancellor hadn't been here. And he's not here! I wish Birkenhead hadn't been here. But there's no lawyer in England who won't tell you that the late Chancellor was the most brilliant chancellor the country has seen for a generation. He has had to go. . . I've told what Horne has done. I could tell you in addition, too ,the services he rendered to the Admiralty during the war. Stanley Baldwin is now occupying his place. . (Laughter) . . and so on. I could go through the whole list. Sir Alfred Mond, one of the best business men in the country—and all the others. One name leaps to the lips of everybody. One of the most distinguished patriotic and able men who ever served their country in high office — Alfred Chamberlain. First class brains! There are some people who don't like brains. They're afraid of them. They think they'll go off. They are shunned, believe me, in every business, and statesmanship is no exception.

"It's better to have a first class man than a second rate one. I don't want to say a word about their succesosrs, but I'm entitled to say this: Look at them! (Laughter.) There's not one of them, in achievement, experience or balance —and I'm entitled to say this—whom their best friends would compare with the men they have supplanted.

"And why was this done? And let me call attention to the fact that it is only a few places that have been filled. You really don't know the worst. You may depend upon it that if before the election there is something better, or even something which is equal to the sample, it would have been on the front page of the prospectus. Why don't they produce other men? It is obvious they are not men who will inspire confidence.

"Well, when the nation is in such difficulties, when trade is so bad, with 1,300,000 unemployed, and with great difficulties at home and trouble abroad, you want the best brains the nation can put on board. They are entitled to it. That's why I have misgivings of a serious character. I remember very well the experience I had in office.

"The first thing I ever did, whether in the Ministry of Munitions or the Exchequer, the Board of Trade, or the Cabinet—the first thing I did was to look out for the best brains available and gather them around. That is obviously the thing to do and I wish Bonar Law had followed that example. If he had he would never have formed this administration.

"What is the next point which needs some consideration? I don't like the strictly negative attitude; it alarms me. You cannot maintain perity. I know perfectly well that no measure which the State can devise can wipe out unemployment, bring prosperity to trade and provide customers in every market. There is the war to reckon with, and its consequences.'

This Furnace costs nothing!

In a few years the saving in fuel will easily pay the price of a Findlay Pipeless and in addition it will give you comfort in the home such as you thought impossible.

Findlay's Pipeless is without equal in efficiency and economy. Install one and you will have a house that is warm and well ventilated in every corner of every room—your cellar will remain cool for the storage of vegetables.

Guaranteed! We guarantee the Findlay Pipeless Furnace not only as to materials but as to results.

Findlay's pipe and pipeless FURNACES burn coal, or wood

Thousands of satisfied users endorse the Findlay Pipeless. Mr. Ernest Payette of Quebec writes :—

"I do not hesitate to recommend the Findlay Pipeless Furnace for satisfactory heating, my entire building being heated to 70 degrees temperature in extreme weather. The Findlay is economical on fuel and absolutely dust proof."

We would like to send you our illustrated booklet and testimonials, also guide sheet which will enable you to furnish sketch of your home from which we will supply plan and submit estimate suited to your need. No charge—no obligation. Merely write your name and address on this advertisement and mail to us.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darkens So Naturally That Nobody Can Tell.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

CORNS

Lift Off with Fingers

Doesn't hurt a bit. Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

FROM BETHANY AND DISTRICT

Box of Bedding and Fruit Shipped to Haileybury—Anniversary Services at Methodist Church.

NEWS PARAGRAPHS.

BETHANY, October 30. — A very successful anniversary service was held in connection with the Methodist church here on Sunday morning, afternoon and evening, the special preacher being Rev. Mr. Langford of Trinity church, Peterboro. In the morning Mr. Langford spoke on the 9th verse of the third chapter of 1st Cor. In the evening his theme was "Love." In the afternoon, Mr. Langford spoke to the Sunday school. The choir was ably assisted by Miss Black of Trinity Church, Peterboro, and Mrs. McCarthy, of Toronto. Both these ladies rendered solos at the morning and evening services, while Miss Black favored the Sunday school session with a solo. The male quartette of the church also sang at the evening service. $127 of the $150 asked for was realized.

W. A. Jakeman attended the Provincial Sunday school convention held in Massey Hall, Toronto, last week.

Miss Alice Ryley of Peterboro spent the week end with her parents, Mr. and Mrs. H. H. Ryley.

The Misses Bertha and Edna Fallis of Toronto, spent the week end at their home here.

St. Paul's (English) church members have installed a Coleman quick-lighting system in their church.

A. H. Monk preached at Fleetwood and Yelverton churches on Sunday.

Among those from a distance to attend the Methodist anniversary services on Sunday we noticed Mr. and Mrs. Victor Grandy, Nelson Grandy, also Miss Addie Scott and Miss Gladys McKinnley, Albert Scott Mr. and Mrs. J .Hart, Edward Hart, Margaret Hart of Fleetwood, Mr. and Mrs. Sandy Veals, Mr. and Mrs. Lou Fallis of Franklin, Miss Olive Neals of Clifford, and many others.

Mr. George Dawe of Roseneath, spent Sunday with his brother, Mr. F. C. Dawe.

The W.M.S. shipped a box of bedding and fruit to Haileybury on Saturday.

Rev. J. E. Becket took Mr. Langford's work in Trinity church, Peterboro, on Sunday.

Bruce Ryley of Lindsay spent Sunday at his home here.

We pay policy-holders for letting us protect them

Read the following:—

¶ For 20 years Edwin McLachlin has been insured for $1,000.

¶ He has paid $619.56 for this privilege.

¶ He will never have to pay any more though he will always be insured for that $1.000.

¶ And every five years so long as he lives we will pay him for the privilege of paying that $1,000 in full to whom he may direct at some future date.

Policy No. 8993 Issued 1901 Amount $1,000
Age at issue 35 Premium $36.95

Year	Original Estimate	Profits Paid	Premiums less profits for 5 year Period	Cash Value
1901-05	.....	.....	$184.75	.....
1906-10	$ 20.50	$ 18.66	166.09	.....
1911-15	32.65	35.08	149.67	.....
1916-20	47.50	65.70	119.05	.....
1921	61.25	94.29	.....	$615.00
	$137.20	$213.73	$619.56	

Cash Surrender Value 1921	$615.00
1921 Profit	94.29
Total Surrender Value	$709.29
Total Payments	619.56
Balance to Insured	$ 89.73

¶ If the Policy were now surrendered the Insured would receive $709.29 being the Cash Surrender Value of $615.00 plus the 1921 profit of $94.29. The payments made amount to only $619.56 so that the Insured has received protection for 20 years and would receive in addition $89.73 more than he has paid in. If the policy is continued in force no further premiums are required and profits will be paid every five years during the Insured's lifetime.

AUTOIST BEARS OUT AFFIDAVIT OF 'PIG WOMAN'

Influential Family Said to Be Involved in the Crime—What the Affidavit Tells.

RECOGNIZES CLOAK

NEW BRUNSWICK, N.J., Oct.30.—A man admitted to be "a corroborating witness to the startling story of Mrs. Jane Gibson, eye-witness to the murder," was questioned here by detectives at the office of Prosecutor Stricker.

The man's identity was not revealed, but it is reported that he was an occupant of the automobile which turned its lights on the man and woman seen in De Russy's lane and described by Mrs. Gibson.

The affidavit made by Mrs. Jane Gibson, former circus rider and now a pig rancher, describing the murder of the Rev. Edward Wheeler Hall and Mrs. Eleanor Reinhardt Mills has been exhibited to reporters.

It tells as clear a story of the killing as though it had been enacted in front of a moving picture camera and leaves no doubt of the identity of the person who did the lovers to death and of the woman who accompanied him.

The narrative differs in detail from the sketchy account of the contents of the affidavit related heretofore, but in the main it bears out the vital features.

What Affidavit Tells.

The new disclosures from a reading of the affidavit are these:

Mrs. Gibson saw the murderer and his woman companion before the murder in the full glow of an automobile headlight at a distance of not more than ten feet. She knew the woman by sight and by name. She saw them strike across the field from De Russy's lane into the Phillips farm in a direction which would take them to the knoll on which the bodies of Mr. Hall and Mrs. Mills were found under a crab-apple tree.

By the headlight of the same automobile she saw a second car parked beside the first, dark and empty — and the prosecutors believe it was the car of the letter stealing, eavesdropping spy who piloted the woman in gray and her murderous companion to the lovers under the crab-apple tree.

Recognizes Woman's Gray Cloak.

A moment later she saw the glow of an electric flash lamp on the knoll, sixty feet from the road in which she had stopped to listen, out of curiosity, as to what was going on. By the light of that flash lamp she recognized the gray cloak of the woman she had seen walking into the field a few minutes before.

She heard voices in violent quarrel.

She saw the flash of a shot and heard the report.

She heard a woman's voice in an agony of horror and remorse scream, "O—please—please—please."

She heard four more shots.

Fears to Be Discovered.

And then, dazed in horror, in fright as to what would happen to her involved personal fortunes if members of the influential family of which the actors in the tragedy were members knew she had witnessed that crime, "she put her heels to her Jenny mule and went on home."

The reasons of Mrs. Gibson keeping her secret until two weeks ago are not embodied in the affidavit, but are of a nature believed to dispel every doubt which may have been raised by her silence.

Mrs. Gibson, in the affidavit, fixes the time of the murders at a little after 9 o'clock—as long as it would take her to saddle the Jenny mule, ride it slowly a quarter of a mile down De Russey lane to Easton avenue, and back up the lane a hundred yards to a point opposite the crabapple tree.

Fixes Time By Omnibus.

The time is fixed by the passing of the Millstone omnibus on Hamilton avenue on which her farm fronts, and is verified by her memory of the man who happened to be chauffeur of the 'bus that night. His presence on this 'bus on that trip has been verified.

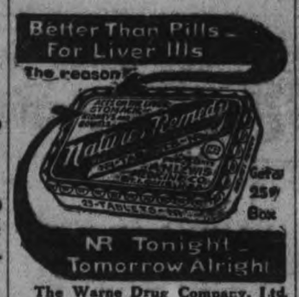
When Clifford Hayes was arrested and charged with the murder the widow's heart would not let her keep silence longer. She went to the prosecutor's office here in New Brunswick and tried to tell what she knew. In the prevailing excitement and irritation the attendant to whom she made her appeal brushed her aside. She went back again and was again told to mind her own business—the prosecutors were too busy to "talk to a pig woman."

But after Hayes had been freed and when the prosecutors were grasping wildly at any method to save themselves from the personal demand of Governor Edwards that they make an application to be superseded, somebody remembered the "pig woman," and County Detective George Totten was told of her visit. He went to the farm on Hamilton avenue and heard her story. He was convinced.

The special prosecutor, Mr. Mott, also has been convinced of her veracity of Mrs. Gibson's story.

Mr. Mott talked with frankness of the progress of the case.

"That is something I cannot answer," he said, when asked whether he had obtained new evidence within the last forty-eight hours. "But I can say that I regard Mrs. Gibson as a credible witness and I believe her story. It is a question of judgment as to whether to make an arrest immediately. I prefer to wait until I have the case clinched. When we act we shall act not on one piece of evidence but on all the evidence."



The Warne Drug Company, Ltd.

CANADIAN PACIFIC HUNTERS' SPECIAL TRAINS.

For accommodation of Hunters, the Canadian Pacific Railway will operate special trains from Toronto to Sudbury, November 1st, 2nd and 3rd, leaving Toronto Union Station 9:30 p.m., Parkdale 9:40 p.m., West Toronto 9:50 p.m., carrying baggage cars, coaches and sleepers.

Special trains will stop on signal at any station to pick up or let off passengers and baggage and will make all camp stops north of Parry Sound to let off passengers.

The Canadian Pacific is this year distributing an eight page folder, containing information the hunter wants; Game Laws, Baggage Regulations; Special and Regular Train Services; besides a large scale map of the district along the line of the Canadian Pacific in Northern Ontario—the places where the big fellows roam. Get your copy now—choose your location.

Any Canadian Pacific Agent will be pleased to assist you in planning a trip and making any arrangements necessary to your comfort and convenience; or you may write, 'phone or call District Passenger Agent, Canadian Pacific Railway, Toronto. 4d-24-26-28-30.

BIG POWER PROJECT IND NORTHERN MINING FIEL

Montreal Group Said to Have Been Negotiating to Carry Out Plans Which Will Bring Electrical Power Into Well-Known Mining Districts

PORCUPINE, Ont., October 30.—Canadian Press. — Some very important power development plans are nearing completion in the north country. Several Montreal and Toronto groups have been in the field for some months, making a survey of the situation, as a result of the important work carried out on different properties in some of the newer districts.

These mining companies have now been in negotiation for power for some time past, as it is essential for them to get cheaper power if they are to be in a position to go ahead and develop their properties. In local mining circles it is now reported that an important group of Toronto, Montreal and New York interests have undertaken to develop certain water powers and that a new company will likely be formed in the near future. According to the present arrangements the entire power to be developed from the first unit has been contracted for by several mining companies, all of which are located a short distance from the power site.

An early announcement of these important plans is looked for and they are regarded as being of special import to the future development of some of the newer sections.

AT KING'S WHARF.

KING'S WHARF, Oct. 28.—Mr. and Mrs. Michael Harrington were guests of Mr. and Mrs. Patrick Perdue, Tuesday evening.

Mr. and Mrs. John Winn spent Sunday the guests of Mr. Michael Fitzpatrick.

Messrs. Patrick Fitzpatrick and A. Scully spent the week-end at their homes here.

Mr. and Mrs. Patrick Fitzpatrick and Mrs. John Delaney of Warsaw attended the funeral of the late Timothy Fynn here.

The many friends of Mr. Michael Fitzpatrick will regret to learn of his illness.

Mr. and Mrs. John Flood of Ennismore were guests of Mr. and Mrs. Jos. Guiry during the week.

The many friends here of Mr. Timothy Herlihey will regret to learn of her serious illness at the home of her brother-in-law, Neil Herlihey.

Patrick Meehan, of Battle Creek, Mich., called on friends here during the past week.

Timothy Flynn.

Residents here were greatly shocked by the death of Timothy Flynn, which occurred in St. Joseph's Hospital, Peterboro, after a short illness. The deceased has lived in Ennismore for a number of years, but formerly was a resident here, where his good-humored disposition was never forgotten by happy friends. He was a bachelor and lived with his brother Cornelius. He is survived by five sisters, Mrs. Maurice Guiry, Mrs. Michael Carroll, Mrs. Jas Murtha and Mrs. John Owens of Rochester, N.Y.; also three brothers, Patrick of Rochester, N.Y., Cornelius of Ennismore and Thomas of Emily.

The funeral was held from the residence of his brother, Thomas in Emily, Thursday morning to St. Luke's Church, Downeyville, and was largely attended by friends from Lindsay, Peterboro, Ennismore, Warsaw and Omemee.

The pall bearere were: M. S. Crough, Daniel Crough, P. Y. Crowley, Ed. Hickey, Jos. Doran, all of Ennismore, and Wm. Hehilhey, Sr., of Emily.

Rev. Father Galvin said Requim Mass and Rev. Father McAuley of Ennismore conducted the services at the grave.

QUIET HOME COMING OF CHAMPION SAILOR

LUNENBURG, N.S., Oct. 30.—(Canadian Press.) — Home-coming of the victorious Bluenose yesterday morning was marked by the deepest silence, in memory of Capt. George Demone, who was drowned at Gloucester Thursday night. The body will arrive to-day with Capt. Angus Walters. There will be no celebration of the Bluenose victory until after the funeral.

PURITY AND QUALITY ASSURED

Sweets for the Nicht o' Hallowe'en

At the party the sight of Moir's brings beams of delight to each child's face.

How they will enjoy the caramels, the crisp nut centers, the fruit juices and other delicious morsels wrapped inside each velvety chocolate coating! Let them eat as much as they like, for Moir's are the essence of goodness.

You won't forget to make this Hallowe'en the best they ever spent by bringing home plenty of Moir's—will you? Their happiness will recall many fragrant memories of your own childhood.

Ask your dealer for the plain 5 lb. box of Moir's XXX Assorted Chocolates. Just the thing for the Hallowe'en party.

MOIRS, LIMITED - HALIFAX

Moir's Chocolates

Mr. Geo. S. Moffat, 166 Adelaide St. West, Toronto, Ont. - Ontario Representative 43

Bethany Personals

Mr. and Mrs. John Westlake of Port Hope were guests of his brother, Mr. William Westlake and wife.

Mrs. McCarthy of Toronto was the week end guest of her uncle, Mr. William Westlake.

Miss Hazel Steer was the guest of Miss Violet Jackson on Sunday.

Mr. and Mrs. Fred Arnott, Mr. and Mrs. Leander Werry and daughter, of Fleetwood, were guests of Mr. and Mrs. Clarence Neil on Sunday.

Mr. and Mrs. Richard Matchett of Cavan attended the service at the Methodist church on Sunday night.

Mrs. Douglas Driver was a business visitor to Peterboro on Saturday.

Mr. Gerald McCartney of Toronto, spent the week end at home.

Miss Pearl Twigg of Peterborough, spent Sunday with her parents, Mr and Mrs. George Twigg.

Yet, as a saxophonist said "It's an ill wind that blows no good."

BACK TO DAYS OF THE DRUIDS AND OLD ROME

Halloween, Hallowe'en or All Hallow Even is the eve or vigil of All Hallows or All Saints' Day, Nov. 1.

But it antedates Christian times. On Nov. 1 the Romans had a feast to Pomona, goddess of fruits and seeds.

Thanks For Harvest.

On the same date, or thereabouts, the Druids held their autumn festival to the sun, giving thanks for the season's harvest.

And they taught that, the night before, Saman, lord of death, called together the wicked souls he had condemned to occupy animals' bodies during the year. It was then that, by gifts and incantations, he might be induced to release these captives.

November, too, was one of the times for these same Druids to rekindle their supposedly sacred fires.

However, the superstitions of pagans and Christians alike agreed that the night of Oct. 31, of all nights in the year, was the time when supernatural influences were strongest.

Weird Powers Abroad.

Wraths of the dead, it was long believed, wandered abroad on this night, together with witches, devils and mischief-making spirits and elves, and in some cases the spirits of living persons were able to leave their bodies temporarily, to join this ghostly company.

Hence, of all nights, it was the night for divination, and particularly for unmarried young people to learn whom their future husbands or wives were to be.

While it only comes once a year it has seldom been known to miss.

It really is All Souls' Day but all the sinners celebrate.

READING THE BILL

(By J. E. Middleton)

When a man gets his municipal tax-paper he does not read it. He merely looks at the total amount charged against him—and then talks quietly to himself about the City Council. Sometimes it is an informative exercise to read tax-papers, and other service bills which from time to time come through the letter-slit in the front door.

Take, for instance, the electric light bill from the Toronto Hydro-Electric System which has just arrived. It covers the period from April 7th to June 9th, practically two months, and the staggering total is $1.94. The house served has nine rooms and 25 lights. A vacuum cleaner is used two or three times a week and the housewife uses an electric iron.

How is the bill made up? First there is a service-charge of 3c per hundred square-feet of floor area per month. On 1,700 square feet for two months the amount is $1.02. The actual amount of power used was 57 kilowatt hours which at a rate of 2c per kilowatt hour makes $1.14. The total of $2.16 is reduced by ten per cent. for prompt payment to $1.94. That is to say the average kilowatt hour cost (including the service charge) is 3.4c. Before the Hydro-Electric system was installed in Toronto the regular charge for electric light was 8c per kilowatt hour with a meter rental of 25c per month. The cost of 57 kilowatt hours used during two months would have been $5.06. Compare that with $1.94 and the popular enthusiasm for "Hydro" and co-operative municipal ownership is fully explained.

The experience of consumers in Toronto is that of Hydro customers in outlying cities, towns and villages. The service provided is very much cheaper than it was under Private Ownership, and in most cases the rates have declined steadily since the "Hydro" service was first installed. The fixed charges are calculated on actual investment. There is no "watered stock" on which dividends must be paid. There is no stock of any sort. As the debentures mature the interest, sinking fund, and Renewals assessments become less, and finally in each municipality the only burden upon the consumers will be to provide operating and maintenance costs on the local and co-operative systems. Every dollar of surplus applies towards the reduction of rates. The actual saving to consumers by reason of the establishment of this great system of co-operative municipal ownership can be counted only in millions of dollars. That this is not an extreme statement is proved by the experience of the small city of St. Thomas where the saving has exceeded $400,000.

IF WINTER COMES!

BY MARGARET ROHE

A minx in mink
Is chic, I think.
Also black lynx
Becomes a minx.
And it were hard to find, methinks,
A minx not ravishing in slynx.

* * *

LONDON, Oct. 30.—(Canadian Press.) — June is the month of brides so August is the month of fur sales as many a poor June bridegroom can testify to his sorrow.

Now that it has come and gone and September is upon us there isn't a sweet woman in existence who, having successfully led her husband father or uncle, through a fur shop in August, isn't just dying for winter to come.

"If winter comes can furs be far behind?" is the moot question and all the lovely capes and wraps of mink, ermine, caracul, sable, squirrel and kolinsky, purchased during the August sales and waiting in cold storage till the first frost flies, are the answers.

Voluminous indeed are the furry wraps this year. Either ankle lengths circular capes or wrap-like coats with Mandarin sleeves. With the usual perversity of the fur-wearing females the more voluminous their choice in fur garments the more minute are the fur-bearing animals they choose to compose them.

Mink, sable, ermine, mole Siberian squirrel—think of the millions that must succumb to the snare to keep the portly persons of Mrs. E. Normous Bulger and her ilk protected from the draughty depths of their opera boxes and limousines.

American ermine is one of the featured furs of the coming season's smart fur fashions. It is simply a case of "pop goes the weasel" into the trap and out comes American ermine.

Care must be taken, however, to pop the weasel in the trap solely in winter time for during the summer months he is an undesirable tan color and only when the winter snows fly does he take on for protection the ermine complexion that proves his undoing.

Sable belongs to that greatly to be described species of thing fittingly described by the phrase, "It's little, but, oh my!" It takes 12 sable skins to make a good sized collar alone and at $150 a skin you can count up the approximate cost of an entire wrap, if you are good at figures.

With your own figure draped in a smart cape of less expensive kolinsky however, you may well rub shoulders of kinship with the millionaires and movie star Russian sable wearers this winter.

For getting right down under the hide of the matter kolinsky is a first cousin of Russian sable, relatively speaking. Japanese sable is kolinsky's common or family name.

In fact, a name goes fur in the fur business. Slynx, for instance, sounds much more intriguing and opulent than just plain lamb, and muskrats envelop the human for infinitely more under their name "nomm de hide" of Hudson seal.

Skunk is an exception to the rule, however, is still going strong under its regular cognomen.

Collaring, wraps of caracul and seal, it combines with the smartest furs of the season, and no doubt by any other name would be in less good odor among the furry fashions

Mrs. Tyron Got Six Knives For Her Minto Tea Coupons

Read what she says:

Welland, Ont.
Enclosed find 18 Minto Tea Coupons for 6 "Daisy" Knives. I find Minto Tea very good, and use no other. Yours truly,
(Sgd.) Mrs. Wm. Tyron.

In every half-pound and pound packet of Minto Tea there is a coupon and a list of handsome premiums in "Clinton" Silverplate that you may secure by saving Minto Tea coupons. Minto Tea is delicious in flavor and abundant in strength. Ask your grocer for it.

MINTO TEA

The Quality Tea With Quality Premiums.

The Straight Line

WHEN a railroad is constructed from one town to another engineers strive to make the line as straight as possible. Because a straight route is shortest, quickest and least costly.

Business furnishes a parallel case—the line between the man who makes something and the man who wants something.

Advertising provides a short cut between the manufacturer and you. Advertisements make it possible to tell you in a few minutes all you want to know about the services or articles you need.

A glance through this paper enables you to sift out the things that interest you, and in a moment you know just where and when to go for what you want.

Figure how many steps, how much needless walking and talking the advertisements save you and your neighbors. Then you will realize the great economy of advertising.

Advertising plays a necessary part in your life. Read it.

New and Interesting Facts from Science and Life

Treating Deafness with a Tuning Fork

A Vibrator in the Form of a Tuning Fork. This Is Attached to One End of a Steel Rod, the Other End of Which Is Insulated and Inserted Into the Ear to Communicate the Vibrations of the Tuning Fork to the Labyrinth in Which the Auditory Nerve Terminates.

ARE you hard of hearing or even deaf? If so, science holds out a new hope to those thus afflicted. This new treatment for deafness is based upon the great effect sounds have upon nerves.

A simple tuning fork is the instrument now used in treating impaired hearing. This method is being used with success by Dr. Isadore Mueller of Vienna, who is recognized as one of the leading aurists of the world. During a recent visit to the United States Dr. Mueller explained the tuning fork treatment for deafness to an association of aurists.

"Few persons realize what a great effect sounds have upon nerves," says Dr. Mueller, "though all nervous persons and many of the blind know it well. I have seen cases of intensely painful toothache in which the application of a low pitched tuning fork to the tooth stopped the pain after five minutes and rendered the nerve of the tooth insensible for a time long enough to permit a dentist to work on it. I have stopped severe attacks of vertigo by applying a low toned vibrator, and I have created them by applying high tones. As vertigo is due to a disturbance in the semi-circular canals, this means that the vibrations tranquillize or irritate the vestibular nerve according as they are low or high.

"Not every case, however, responds to the vibratory treatment, but so many do that it is well worth trying in most cases of deafness.

"We have also learned that all deafness is not hopeless, for many cases can be cured and many more much improved. We know now the things that cause deafness. The most common of these is catarrh, a flow of infected mucous from the sinuses, or bony cavities in the lower part of the skull, which drain into the back of the nose and pharynx. If neglected, the infection spreads up the Eustachian tubes into the middle ear and sometimes into the inner ear.

"In all cases of chronic catarrh, affections of the labyrinth or of the acoustic nerve, I use my tuning fork apparatus. I treat deafness on the specific principle of acoustic treatment for the acoustic nerve. Thus I awaken it, stimulate it, drill it, train it, or soothe it and tranquillize it, as the case may require, using high tones or low tones or graduating from high to low or from low to high.

"Eyes are also examined, for an affection of the retina is often associated with an affection of the nerves of hearing, and when we find the two together we know that the trouble is systemic more than local.

"Until recently, we never thought that it was possible to treat directly the nerves of the ears. Now we are able to stimulate or tranquillize them, as we desire, by means of vibratory treatment. I have devised a vibrator in the form of a tuning fork of a rather special form, actuated and controlled by an electro magnet between the arms. This tuning fork is attached to one end of a steel rod, the other end of which is inserted tightly into the meatus of the ear. This end is insulated with rubber to prevent the electric current from flowing into the ear. As it fits closely in the outer passage of the ear, it communicates the vibrations of the tuning fork to the bones of the skull, the ear drum, the chain of little bones and to the labyrinth in which the auditory nerve terminates.

"The action of this vibration is complex. It is, first of all, mechanical, and this effect is most pronounced when we use a strong current to increase the normal amplitude of the fork. Then we notice the extremely deep penetration of the vibrations. These are so deep, in fact, that they pass quite through the head and affect the nerve on the side opposite that which we are treating. By much experimenting I have found that we can drill or train the auditory nerve.

"Tuning forks give lower or higher notes according to their size; the note corresponds to the number of vibrations, and any note, high or low, may be made loud or soft. Different pitches of tone have different effects upon the nerve. Low tones, corresponding to long waves of vibration, are more perceptible to the patient, but higher tones have more effect upon the nerves. Low tones are soothing. Extremely high tones irritate. You know how intensely irritating, even painful, are certain squeaking sounds—that produced, for example, by pressing a pencil firmly and perpendicularly upon a slate and quickly drawing it down. That is an excellent illustration of irritating a nerve by very high vibrations. And it is possible to produce vibrations so high that they actually kill the nerve. With this instrument we can produce any vibration desired, and maintain its tone and intensity just as long as we wish.

"It is not only the very high and the very low tones that affect the nerve, for the medium tones have similar effects but in slighter degree. In diagnosing a case we experiment with the scale of tones, until we discover to which tones the nerve responds."

How BREAD Is to Be MADE from OTHER MATERIALS Than GRAINS

AN interesting speculation upon food which may be served at the tables of grandchildren of this generation is given in a discussion of "Physical Chemistry as Applied to Foods," by Carl L. Alsberg, director of the Food Research Institute, Stanford University, California. Dr. Alsberg's article appears in the Journal of Industrial and Engineering Chemistry.

"Since agriculture and food manufacture are essentially forms of applied biochemistry, physical chemistry has made possible great advances of immediate practical usefulness," says the author. "Without physical chemistry our present-day conceptions of the equilibria that prevail in soils and in the soil solution would be impossible.

"An increase in our knowledge of the behavior of colloids and of emulsions is destined to influence profoundly the world's methods of food production. For example, wheat owes its pre-eminence as a bread grain in large measure to the fact that it contains a mixture of proteins known as gluten, which, when mixed with water, forms a tenacious, elastic mass. For this reason wheat and, to a less degree, rye alone of all the grains yield dough.

"Because of the physical qualities of gluten—its toughness, its diatensibility, and its coagulability by heat—it is possible to produce leavened bread. These qualities of gluten do not depend primarily upon the arrangement of the atoms in the molecule, but rather upon the physical condition of molecular aggregates.

"It is not too much to hope that physico-chemical research upon colloids will one day enable us to control the colloidal state to such an extent that we can give to a colloid essentially those physico-chemical properties that we desire. If this can be done, and there is no inherent impossibility in the idea, it may be possible to give to other proteins besides gluten the physico-chemical properties of gluten.

"When that time comes, leavened bread will be produced from materials or grains other than wheat and rye. What this would mean to the food supply and the future of the race is obvious. Indeed, before such profound developments take place, it is probable that the application of physical chemistry to the food industries will render them vastly more efficient.

"Today the milling and baking chemists are studying the hydrogen in concentration of milling and baking materials and are coming to realize that this is one of the most important, if not the most important, factor in determining the bread-producing qualities of flours and the behavior of doughs in fermentation.

"It is not improbable that in the milling laboratories of the country the potentiometer before long will be as familiar an instrument as the burst. What is likely to be true in the mill is likely to be true in the bakery, in the creamery, and in the sugar refinery."

Why Pillows Are Used

WHEN you go to sleep your feet automatically become heavier and your brain lighter. This is because the blood drains slowly from the head into the limbs. If you cannot get to sleep at night it is because your brain is too full of blood, and therefore too active. If you get another pillow, Nature's process will be assisted and sleep will come much easier.

It was for this reason that the custom of using pillows arose. Without a pillow, or with only a low one, the blood has to fight its way uphill, as it were, and insomnia results.

For the sleepless a sloping bed is advised, as the upper part of the body being heavier than the lower, it naturally sinks down, and even if you prop yourself up with two pillows your neck is liable to get curved so that the flow of blood is as badly hampered as ever.

Removing Foreign Bodies from Throat

FOREIGN bodies in the esophagus are, as a rule, easy of removal, according to Dr. M. C. Myerson of Brooklyn, who explained the procedure at a recent meeting of the Brooklyn Medical Association.

Dr. Myerson described twelve cases seen in the Kings County Hospital, New York, in all but three the foreign body being removed successfully. The facility of removal is decreased in proportion to the duration of the sojourn and the amount of manipulation and attempted extraction the given case has been subjected to.

The larger the foreign body which is lodged bronchially or esophageally, the more likelihood there is of local tissue changes. These may be slight and negligible or extensive and severe and a serious menace to life according to the nature of the intruder, the point and the duration of lodgment. Digital efforts at removal, unsuccessful attempts which consist usually of blind stabs with a curved grasping forceps or the use of a probang, bougie, or stomach tube to force the intruder down, increase both the local and general morbidity and may well designate the borderline between life and death in a given case.

The administration of castor oil is of no value and may prove harmful. Foreign bodies in the esophagus which are not pointed and not so constructed as to be likely to be impacted will pass through without serious complication. On the other hand, a tack or screw or open safety pin, in fact any pointed object if it has worked its way down to the intestinal tract, will be more prone to impaction and perforation by the increased peristalsis a cathartic induces.

Three of the foreign bodies here reported were not removed. Of these one case terminated fatally and the other two bodies passed through the gastro-intestinal tract. In the fatal case, the patient with an open safety pin in the esophagus probably died as a result of being carried about too much before the time of extraction. Impaction, perforation or laceration creates a grave situation and is a great possibility when the subject is allowed to run about or be actively moved about. Therefore, a patient suspected of having a sharp foreign body should be handled with care and kept in bed.

The objects Dr. Myerson mentioned as being removed include coins, buttons, bones, pieces of meat, safety pins, ordinary pins, while there are several cases of diagnosis of abscesses in the lungs and their cure by medicated irrigation through the bronchoscope.

DRAMAS in the LIVES of INSECTS

THE man who can make a film of the daily life of the insect world will fascinate the public and incidentally acquire a fortune. He will be able to depict upon the screen murder, humor, suicide, love-making, acts of cannibalism and energy among creatures which the average person regards as a nuisance and totally lacking in interest.

He may show, for instance, a couple of scorpions fighting to the death. It is a scene easily arranged. Two white scorpions, whose sting is serious for human beings, and fatal to the scorpions themselves, are placed in the bottom of a glass jar on a layer of sand. Excited with the tip of a straw, which brings them face to face whenever they draw back from each other, the two harrassed creatures, each blaming the other for the annoyance, decide on mortal combat.

The fight does not last long. They rush at one another, the claws and poison-phials, like the blow of two pugilists, clash, and the one who gets his blow in first is the victor.

In a few minutes the scorpion who had received the full force of the other's poisoned weapon succumbs, and for four or five days, almost without a break, the victor nibbles at his murdered comrade.

Such is the scene, vividly described by the late J. Henri Fabre, the great French student and authority on insect life, in his fascinating book, "The Glow-Worm and Other Beetles." It is contended by some naturalists that scorpions commit suicide. By an experiment, M. Fabre proved that they sometimes pretend self-destruction.

A scorpion was surrounded by live embers, and finding it could not escape the circle of heat, appeared to stab itself with its own poisonous sting, lying motionless upon the ground as though dead. But he was only "foxing." When picked up with a pair of forceps and placed on a bed of cool sand, he immediately came to life again.

Can a beetle bury a dead mouse or mole? It does not seem possible. But the Necrophorus, an appropriate name for the Burying Beetle, revels in the job. He discovers a dead mouse in a field. Instantly, with other beetles, he sets to work probing and undermining the ground on which the corpse rests.

Slowly it sinks, while the ground, pushed out from below by the excavations of the beetles, grows around and over the body, which, finally covered, becomes the food of the grave-diggers.

Shrinking into its shell, the snail might be considered immune against attacks by natural enemies. There is, however, an innocent-looking worm, known as the glow-worm, belonging to the beetle species, which knows how to penetrate that shell by mesmerism. With its mandibles or jaws, it gently taps the snail's shell. Half-a-dosen taps are sufficient to deprive the snail of all power of movement or resistance, and he falls an easy victim to the glow-worm. The taps, it would seem, also convey chloroform to the victim and render it powerless.

How COFFEE Is WASHED, PAINTED and POLISHED

WHAT has the paint or chemical manufacturer got to do with the coffee industry? Nothing at all; ninety-nine people out of a hundred will answer without hesitancy. Yet there is such a thing as painted coffee, asserts Robert C. Brown in the Scientific American. The painting is done in Rio de Janeiro. And not only is coffee painted, but it is also washed. Coffee is painted black, blue, green and yellow and is also bleached in some cases to give the desired hue required by the buyer. Then there is also such a thing as polished coffee.

Painted, polished or bleached coffee is not shipped to all parts of the globe for the simple reason the health authorities of some countries have had laws passed to prevent its entrance. Today the majority of this kind of coffee is shipped either to the northern ports of Brazil or to South Africa. Chile still buys some coffee after it has been treated. It is not so many years ago when painted and polished coffee was shipped to the ports in the United States as well as to Europe.

"When orders for painted coffee are received the polishing or painting plants are immediately made ready for the operation," says Mr. Brown. "To paint or polish coffee it is necessary to dump it into cylinders which are equipped with batting paddles. Each cylinder holds 702 pounds of coffee. The man in charge of the cylinders drops in the coloring or polishing material needed to give the desired finish. In painting or polishing, the material is applied a tablespoonful at a time until proper results are obtained. The batting paddles which revolve at a high rate of speed do the rest of the work.

"Some coffee sold to South Africa after it has been treated has a bluish green lustre to make it look like Central American or Porto Rico coffee. Some buyers in South Africa prefer their coffee to imitate Java coffee, which is yellow, and their wishes are gratified with the aid of coloring and machinery. In making black coffee for the northern ports of Brazil, graphite is used to help solve the problem. Others prefer what is known as white, but after treatment it shows up more as a cream color.

"Painting or polishing cylinders hold six bags and it generally takes about twenty minutes for each operation, so working at top speed each machine can turn out approximately eighteen bags of coffee in an hour's time. After the coffee has been treated a trap door on the side of the cylinder is opened and the coffee is run into bags. After sixty kilos have been deposited in each bag, it is sewed up and final preparations are made for shipment.

"The ingredients used in painting or polishing coffee are powdered aluminum, graphite, powdered paints blue and green, carnauba wax, talcum powder and ochre—the latter produces a vegetable paint.

"It is only the natural coffee that is treated. On arrival at its destination and before it is sold for domestic consumption the coffee is roasted. In the latter operation the beans lose the effect of their treatment in Rio. The material used in no way affects the coffee and the majority of people could not tell by the taste that the beans had been treated.

"Painted or polished coffee is a business in itself. If any one firm or individual handled this kind of coffee alone a nice profit would be made on a year's business. About 300,000 bags of this style are shipped annually to South Africa. Coffee is also washed before shipping and the process of washing is held by some as a trade secret.

"Two American firms ship coffee of this type and have their own machinery for the work. In addition to this equipment one company has several separating machines to separate the different sizes and types of coffee as well as two blowers attached to the same machine to take out any sticks, dust and broken beans. In its plant there are also two mixing machines with a capacity of 11,000 bags to make one lot of the same quality of coffee, as well as two automatic weighing machines, which insure the buyer that each bag held sixty kilos when originally shipped.

"When or in what city the coffee painting and polishing process came into use is not exactly known, but it is said the Germans were the first to employ such methods. It is said the coffee buyers from German houses bought coffee in the various coffee growing countries and it was then shipped to Germany for treatment. After being treated and made to look like Java, Central American or Porto Rico coffee it was re-exported to countries where such coffee was required."

Magnesium New Metal for Racing Cars

MAGNESIUM, the only commercial use of which has been, until recent years, in the manufacture of photographic flashlight powder and, in the form of salts, for pharmaceuticals, is rapidly making a place for itself as a light-weight metal. Aluminum, for example, is nearly twice as heavy as magnesium metal.

In the last ten years chemists have made great strides in processes for obtaining magnesium metal in commercial quantities. It is not found in nature as a metal.

In the Journal of Industrial and Engineering Chemistry, John A. Gann, of Midland, Mich., describes the progress of recent work in making magnesium alloys for automotive engine pistons.

"The physical properties of magnesium alloys necessarily vary with the chemical composition and method of treatment," says Mr. Gann. "Pure cast magnesium, for example, has a tensile strength of only 14,000 to 15,000 pounds per square inch. The addition of 6 per cent. aluminum practically doubles this value, that is, it increases the tensile strength to 28,000 pounds per square inch, while it increases the specific gravity only 2 to 3 per cent.

"Heat treatment of these alloys results in up to 25 per cent. increase in tensile strength, while mechanical working may increase the strength 50 to 100 per cent. This strength is nearly equal to that of cast iron."

Mr. Gann adds that "within the last two months a new alloy especially designed for use in high-speed motors and in racing cars has been developed. This alloy has a thermal conductivity nearly 70 per cent. higher than the usual magnesium-rich alloy, thereby insuring a cooler running motor, while the toughness and impact fatigue endurance are fully as high as that of other successful alloys. The excellent results obtained indicate great possibilities in the future development and use of magnesium alloys."

How the COMPASS Was Invented by the CHINESE

THE invention of the compass, which Frank Krause, U. S. N., Ret., describes in a book entitled "Master and Mate," grew out of the phenomena of magnetism and electricity which derive their name from ancient Greek sources.

The lodestone or Hercules stone, a species of iron which gives the property of attracting particles of iron to a steel needle when rubbed against the stone, was found primarily near the city of Magnesia in the ancient province of Lydia in Asia Minor. Hence the name of "magnet" for the magnetized needle.

Amber, the yellow petrified rosin from prehistoric trees, which was highly prized as a semi-precious stone in antiquity, was found in large quantities on the sandy shores of the Baltic and brought by Phoenician traders to the Mediterranean trade centres in Tyre and Sidon; from here it was distributed over the Mediterranean shores together with their manufactures of glassware, which was their own discovery, and their woven cloth colored with purple dyes. The Greek name for amber was "electron," hence the name of electricity given to the property of amber to spark or attract small pieces of paper when rubbed against woolen cloth.

The property of a magnetized needle when freely suspended from a thread or balanced on a cork, to point to the North and South pole, is said to have been discovered by the Chinese and used to indicate direction.

A Chinese dictionary of the year 121 mentions the property of the magnet as a stone which gives direction to a needle.

A Chinese author in 324 says that a "magnet attracts iron; amber attracts mustard seed."

A medical natural history of the year 1112 already mentions the variation of the magnetic needle, that is, its deflection from the true North and South, although, of course, the true cause of this phenomenon was not known to them.

Fifty-Pound BOOTS to Hold Criminals

SHOD with the fifty-pound "Oregon" boot of metal, dangerous criminals have little, if any, chance of escaping by making a desperate dash for liberty, especially while on long railroad journeys in the custody of an officer of the law.

This shackling device is adapted from the old ball and chain, which it is to supercede. It consists of a steel frame work that fits over the shoe in the manner shown in the accompanying illustration. The "upper" is finished off as a fifty-pound collar.

Should the Prisoner Attempt to Run the Fifty-Pound Metal Collar Will Break His Leg.

A prisoner thus shod is able to walk but slowly and with some comfort. However, if he should make any attempt to escape by running, the heavy metal collar of the boot, it is claimed, will break his leg.

C.G.E. Won Intermediate O.B.A.A. Championship--Examiner Road Race--Other Sport

Lindsay Proved Easy For Peterborough Collegiate

Local Boys Showed Great Superiority in Every Department of the Game — Interscholastic Winners.

SCORE WAS 28 TO 2.

Showing a wide superiority in open field tactics and in speed and running ability, the Peterborough Collegiate rugby team won their section of the Interscholastic O.R.F.U. series on Saturday afternoon at Riverside Park by defeating Lindsay, 28 points to 2, in the second game of the series. Only in one department of the game, line plunging, did the visitors hold their own. The Lindsay attack consisted largely of plays through the line, and what gains they made were chiefly registered in this way. On the other hand, the P.C.I. relied upon the speed of their halves and used a passing game that was not only pretty to watch, but that was thoroughly effective as well, especially in the last period when this form of attack was responsible for long gains and for three touchdowns.

By quarters the score was: P.C.I. 6, Lindsay 0; P.C.I. 12, Lindsay 1; P.C.I. 12 Lindsay 2, and P.C.I. 28 and Lindsay 2.

Peterborough's back division monopolized a large share of the limelight. Fanning and Mulholland, who handled all the kicks, did not fumble a punt all afternoon and ran the ball back nicely, while Mulholland kicked splendidly. Bookhout had the feature play of the day when he grabbed a long pass and galloped sixty yards for P.C.I.'s first try. Later on he got away again for another nice jaunt for a touchdown. Howard Young performed splendidly at quarter and twice saved touchdowns by brilliant diving tackles. On the wing line the whole crew did good work, with Stevens' tackling a feature.

Ryley, the centre half, was Lindsay's best back. He caught nicely and did some effective kicking. The wings hit the line hard and held P.C.I.'s bucks in fairly good style, but their high tackling made it difficult for them to break up the running plays of the winners. Mills and Palmer, the outside wings, were the best of the lot so far as tackling was concerned.

The game was well handled by Referee W. Marsden of Toronto and Umpire H. H. Graham of Peterborough.

The line-ups:

P.C.I.—Flying wing, Browne; halves, Fanning, Mulholland, Bookhout; quarter-back, Young; snap, Cowan; inside wings, Fleming, Eastwood; middle wings, Stacey, W. Rye; outside wings, Johnston, Stevens; subs., Menzies, McColl, Parrington, E. Rye.

Lindsay—Flying wing, Percey; halves, Anderson, Ryley, Walker; quarter, Robertson; snap, Fisher; inside wings, Logan, Lockie; middle wings, Hayes, McAlpine; outside wings, Mills, Palmer; subs., Sutton, Cook, Myers.

After Fanning had run back Ryley's kick-off to centre, Lindsay got the advantage of a break that threatened to put them first on the scoring sheet. In a line play Mills broke through, and grabbing a wild pass got clear away for a thirty-yard gain, only a diving tackle from behind by Young saving a touchdown. A fumbled punt carried the play back to centre, and for some time play remained around mid-field. Finally on a long pass Bookhout tore down the side of the field, dodging or shaking off half a dozen tackles and running sixty yards for a touchdown, placing the ball squarely back of the posts, and Mulholland converted neatly, giving P.C.I. a 6 to 0 lead.

In the second quarter P.C.I. used their combination runs more frequently and made several splendid gains, only to lose on a fumble or penalty. At last, however, a combination end run enabled Bookhout to get away again and he ran twenty-five yards for a try, which Mulholland easily converted. P.C.I. 12, Lindsay 0.

For the next few minutes Lindsay, resorting to line plunging, forced P. C. I. back on the defensive, and Ryley kicked into touch-in-goal for a single. P.C.I. 12, Lindsay 1.

The local students resumed the aggressive again and drove Lindsay back into their own territory. A funny break came just at the end of the period. Ryley, attempting to punt from behind his own line, kicked the ball against the crossbar and P.C.I. recovered just on the line. A touchdown seemed certain, but half-time was called before Collegiate could buck over.

The third was Lindsay's best period. They not only held P.C.I. scoreless, but they managed to hang up a point themselves and came near getting a touchdown, Young saving the P.C.I. by another brilliant tackle. Lindsay's bucks were usually successful in this period and the visitors finally worked close enough for Ryley to boot one to the dead line. P. C. I. 12, Lindsay 2.

P.C.I. came back to life with a vengeance in the last period. Their passing runs enabled them to make long gains around the ends, and Lindsay fought with their backs to the wall all through. A bit of luck started the scoring. From thirty yards out Mulholland tried to drop a goal, but his kick went wide. Robertson, the Lindsay quarter, tried to return it from behind his own line, but missed the kick altogether, and Young dropped on the ball for an easy try for P.C.I. Mulholland made his record three in succession by converting nicely. P.C.I. 18, Lindsay 2.

From then on it was all P.C.I. Working end runs with an occasional on-side kick, they carried the battle right to the visitors. A series of nice gains enabled Fanning to shoot around Lindsay's right end for a touch, which Mulholland failed to convert. P.C.I. 23, Lindsay 2.

P.C.I. came right back with some more of the same stuff, carrying the ball to Lindsay's three-yard line on end runs, and then Fanning plunged over for another try. Too many men handled the ball and Mulholland was not given a chance to convert. P.C.I. 28, Lindsay 2.

There was no further scoring.

With Legon added to the Collegiate line-up now that the ball season is over, P.C.I. will have a fast, snappy team, and their coming series with Oshawa should proyide the fans with some nice rugby.

"Back in the trenches by Christmas" is Europe's slogan.

ANOTHER O.B.A.A. CHAMPIONSHIP FOR PETERBORO; C. G. E. DEFEATED LUCAN

Errors and More Errors Proved the Undoing of the Irish Nine in the Final Intermediate Championship Game at Galt on Saturday.

"Bun" Frost took the mound at Galt Saturday and hurled the local C.G.E. nine to a 7 to 3 victory and the Intermediate O.B.A.A. Championship in a royal battle with the Lucan Irish nine.

Weir the Lucan blacksmith-hurler deserted his spreading chestnut tree for the day and his horse shoes deserted him. He pitched a great game but was accredited horrible support with no less than nine errors checked up against his teammates. With such backing it is not to be wondered that he showed streaks of wildness. Walking four and hitting one. He fanned five of the local crew and they collected but four hits from his delivery.

Frost was right in championship form. Only one Irishmen was given a free ticket to first and seven were given strike out tickets for the bench. He allowed ten hits, but was at his best when men were on bases. He was backed by his teammates in fist class shape. But two errors were made by them, and neither figured in the scoring column.

Lucan practically gave the game away, for their errors came so thick and fast that they were difficult to keep track of. Of the seven runs registered by Peterboro five were unearned. In the sixth frame the Electricians scored twice without connecting with a single hit, three errors, a walk and a sacrifice accounting for the tallies. Again in the eighth two runs were scored when Frost's easy wallop to left field was badly fumbled.

Lucan started off well in the first frame when they put two marks on the ice to Peterobro's one. The Electricians waited till the third before they grabbed off another to even the score and went into the lead in the sixth with two more. Lucan then got busy and made the game look interesting in the seventh by romping in with two runs to tie the score. They weakened badly in the eighth, however, and the local nine marked up three which clinched the game in good shape.

The game marked the finals for the O.B.A.A. schedule for the season's champions have all been named. Peterboro made bold bids for four titles and wrested two from some of the toughest opposition that has been put up in years.

Ideal weather prevailed for Saturday's game and a crowd of over 1,100 turned out at Dickson's Park to see the contest. A special train brought about 150 supporters from Lucan.

O. Jeffrey of Galt was the plate umpire.

First Inning.

Peterboro— Jackson safe when George dropped his pop fly. McCarney walked. Helson safe when Gibson misjudged his fly. McCarney caught out when he ran Jackson off third. Ross lifted a sacrifice fly, Jackson scoring. Rose grounded out, George to Ross. One run, no hits, two errors.

Lucan—George singled to centre. O'Neil doubled down the third base line. Crawley grounded out to Frost. Hindmarsh struck out. George scored on passed ball. Gibson walked. Weir singled through third, scoring O'Neil. Hindmarsh was thrown out at the plate, Legon to Ross. Two runs, three hits, no errors.

Second Inning.

Peterboro— Frost grounded to Hindmarsh. Primeau fouled to Crawley. Corrin hit to short and was safe on Ross' error. Legon grounded to George. No runs. No hits. One error.

Lucan—Barnes singled over short Ross out on nice catch by Legon. Ward flied to Legon. George out on bunt, Frost to Corrin. No runs. One hit. No errors.

Third Inning.

Peterboro—Jackson out, Weir to Ross. McCarney struck out. Helson hit safely to short. Ross doubled to left field, Helson scoring. Rose grounded to O'Neill. One run. Two hits. No errors.

Lucan—O'Neill grounded to Helson. Crawley safe on Corrin's error and stole second. Hindmarsh struck out. Crawley stole third, Gibson flied to Legon. No runs. No hits. One error.

Fourth Inning.

Peterboro—Frost flied to Gibson. Primeau out no nice bit of fielding by George. Corrin out to Ross, unassisted. No runs. No hits. No errors.

Lucan—Weir fanned. Barnes flied to McCarney. Ross got on, third strike a wild pitch. Ward singled through short. George out on shoestring catch by McCarney. No runs One hit. One error.

Fifth Inning.

Peterboro—Legon grounded out to George. Jackson struck out. McCarney grounded out to Hindmarsh. No runs. No hits. No errors.

Lucan—O'Neill fanned, Crawley struck out. Hindmarsh grounded out to pitcher. No runs. No hits. No errors.

Sixth Inning.

Peterboro—Helson grounded out to Hindmarsh. Ross walked. Ross safe on Geoge's error, Helson scoring when Weir let throw in get through him. Frost hit to Ross, who let the ball get away from him. Rose scoring. Primeau sacrificed. Corrin struck out. Two runs. No hits. Three errors.

Lucan—Gibson grounded out to Helson. Weir flew out to Legon. Barnes singled to second. Ross grounded out to Helson. No runs. One hit. No errors.

Seventh Inning.

Peterboro— Legon walked, out stealing second. Jackson fanned. McCarney popped to Hindmarsh. No runs. No hits. No errors.

Lucan— Ward singled through second. George sacrificed. O'Neil tripled to left-centre, scoring Ward. Crawley hit to Rose, who threw to the plate, but O'Neil was safe, the throw being low. Hindmarsh struck out. Gibson flew out to Legon. Two runs. Two hits. One error.

Eighth Inning.

Peterboro—Helson flew out to Gibson. Ross walked. Rose hit by pitched ball. Frost singled to left, Barnes fumbling, Ross and Rose scoring. Primeau hit to George for fielders choice, Frost hit in back going to third. Corrin lined to Hindmarsh. Legon hit safely to second, scoring Frost. Jackson grounded out to Weir. Three runs. Two hits. One error.

Lucan—Weir out to Corrin, unassisted. Barnes fouled out to Helson. Ross grounded to Frost. No runs. No hits. No errors.

Ninth Inning.

Peterboro— McCarney safe on Ross' error. Helson bunted down third bas line and safe on O'Neill's bad throw. Ross thrown out. Crawley to Ross. Rose struck out. Frost struck out. No runs. No hits. Two errors.

Lucan—Warde drove into Helson's hands. George flew out to McCarney. O'Neill singled to center. Crawley singled to right. Hindmarsh struck out. No runs. Two hits. No errors.

Jimmie Cockman of Guelph officiated on the bases.

The box score:

C.G.E.	AB	R	H	PO	A	E
Jackson, 2b	5	1	0	0	0	0
McCarney, m	4	0	0	3	0	0
Helson, 3b	4	1	1	2	3	0
Ross, c	2	2	1	8	0	0
Rose, ss	3	2	0	0	0	1
Frost, p	5	1	1	0	5	0
Primeau, lf	3	0	0	0	0	0
Corrin, 1b	4	0	0	9	0	1
Legon, lf	3	0	1	5	1	0
	33	7	4	27	9	2

Lucan	AB	R	H	PO	A	E
George, ss	4	1	1	0	4	2
O'Neill, 3b	5	2	3	1	1	1
Crawley, c	5	0	1	7	2	0
Hindmarsh, 2b	5	0	0	3	3	0
Gibson, m	3	0	0	3	1	1
Weir, p	4	0	1	0	2	1
Barnes, lf	4	0	2	0	0	1
D .Ross, 1b	4	0	0	13	0	3
Ward, lf	4	1	2	0	0	0
	37	4	10	27	13	9

By innings:

C. G. E. .... 1 0 1 0 0 2 0 3 0—7

Lucan ..... 2 0 0 0 0 0 2 0 0—3

Three base hit—O'Neill. Sacrifice hits—Bob Ross, Primeau, George, Helson. Struc out—by Frost 8, by Weir 6. Bases on balls—off Frost 1, off Weir 4. Wild pitch—Frost 1. Passed ball—Ross. Hit by pitcher—by Weir 1 (Rose).

Peterborough's New Champions

The Canadian General Electric team deserve the congratulations of every ball fan upon their exploit in winning the Ontario intermediate baseball championship, thus giving Peterborough two championships out of the four series in which Peterborough teams competed this season.

The record of Ontario titleholders is as follows:

Senior—Galt.

Intermediate—C.G.E., Peterborough.

Junior—Guelph.

Juvenile—Moss Park, Toronto.

Midget—Maple Leafs, Peterborough.

With the Peterborough Central League team runners-up in their own league to Belleville, who were just nosed out of the senior title, and the Adanacs reaching the semi finals of the junior series, it most certainly has been one of the most successful baseball seasons Peterborough has ever known.

The Canadian General team have played steady, consistent ball all season, their good fielding being perhaps their strongest asset. They captured the local City League honours without a loss, and in the Ontario series have played eleven games of which eight were victories, five of the wins being registered on foreign fields.

Tweed, the Trent Valley League winners, were the first team to clash with C.G.E. in the O.B.A.A. play-off. The first game at Tweed went 17 innings and was won by the Trent Valley titleholders by one run. C.G.E. grabbed the second game at home and then beat Tweed in the play-off at Trenton, coming from behind to turn the trick. The Generals then disposed of Keene, the East Peterborough League winners, in a sudden-death game, and went into the next round against Picton, the double champions of the intermediate series. The Bay of Quinte team won their home game, 3 to 2, but were easily beaten at Peterborough, and in the play-off at Colborne. Then C.G.E. nosed out St. Aiden's of Toronto in a sudden-death game in the Queen City in the semi-finals, and now they have vanquished Lucan, the Western Ontario winners, in the final series for the championship. That is a record upon which the Generals merit the plaudits of the people of Peterborough.

Financially, the season has not been so successful. The C.G.E. team have not been given the patronage their record entitled them to, for reasons which should be forgotten in the splendid feat of winning for Peterborough another Provincial title.

The new intermediate champions, with the exception of "Lefty" McElroy, were either born in Peterborough or have lived most of their lives in this city, so that they are a real home-brew outfit. Six of the winners—Ross, catcher; McElroy, pitcher; Corrin, first base; Jackson, utility; Rose, shortstop, and McCarney, centre fielder—have played senior ball, all but Corrin playing at least part of last season with the Peterborough Central Leaguers. Corrin was with the Petes in 1920 when they won the league honours, while McElroy was with Lindsay that year and with Peterborough last year. The other members of the C.G.E. team—Barrie, second base; Helson, third base; Frost, pitcher, and Legon, Campbell and Primeau, outfielders—are all graduates of the local City League.

The victory of the C.G.E. team means that Peterborough is the only place in Ontario to win two Provincial championships this season. That, and the fact that Peterborough teams spilled three Toronto winners in three series, gives the local fans lots of chance to be jubilant.

ROAD RACE FOR RESIDENTS OF FOUR COUNTIES

Representatives Expected From Victoria, Durham, Northumberland and Peterborough Counties.

MANY ENTRIES.

With a week remaining to get into shape for the big event entries are coming in in fine shape for the annual Examiner Road race which will be held on Thanksgiving Day.

The intention first was to limit the entries to residents of Peterboro county but many inquiries have been received from Victoria, Durham and Northumberland Counties and the committee consequently decided to throw the contest open to any one residing in the district covered by the Examiner circulation. This includes practically all of the four counties mentioned and many good runners are expected from them.

The majority of the entries received so far have been from athletes in the city, though a number of out of town names have also been received, and many more are expected. Some of the local boys have already been over the course and report it in fine condition.

Owing to the kindness of the Y. M.C.A. good warm dressing rooms will be provided where clothes may be changed in comfort and as the start will be from in front of the Y. it will not be necessary for the runners to stand around in the cold waiting for the get-away. They will wait inside till everything is ready. The finishing point will be in front of the Examiner office and after crossing the line each runner will be sent right to the Y. where any attention necessary will be rendered and the change to street clothes can be made in comfort.

An entry blank will be found in this paper which should be filled in and forwarded to one of the places mentioned as soon as possible. If any additional information is desired it can be obtained from the Sports Editor of the Examiner.

Good prizes will be offered for both the senior and junior events and the prizes will be placed on display in Grant & Thorpe's window this week. No entry fee is to be charged.

WOOLLENS FELL TO DE LAVAL JUNIORS

The Separator Gang Had Matters All Their Own Way—Five Brothers on Woollens Team.

The DeLaval Juniors defeated the Canadian Woolens 2 to 0 in a Yeotes Cup game at King Edward Park Saturday afternoon. The DeLaval opened strong and scored in the first minute of play and shortly after Captain Ward went throught for the second counter. They pressed the play throughout and were having much the best of it when the half time was called with the score 2 to 0 in their favor.

The second period was much in favor of the Woolens. Evidently satisfied with a two goal lead the Separator boys strengthened their defence and withstood all attacks.

The Woolens had five brothers playing, every one of who made a good impression.

The teams were:

DeLaval—Frick, Ward, Ashmore, Marchen, Hayward, Cooper, Naish, Smith, Evans, Elliott and Bell.

Woollens—S. Montgomery, Vinet, O'Brien, Connas, Vinet, Sweeting, P. Vinet, F. Vinet, J. Montgomery, Dundas and Vinet.

Ten of the heaviest known elements, arranged in order from the heaviest down, are: Urarium, thorium, radium, bismuth, lead, thallium mercury, gold, platinum and iridium. The ten lightest known elements: in the order of their specific gravity are: Hydrogen, helium, lithium, glucium, boron, carbon, nitrogen, oxygen, flourine and neon.

Hats Off to Canadian General Team

Hats off to the Canadian Generals, Intermediate O.B.A.A. champions, after a long and trying struggle—a struggle in which the victors had to show something more than baseball brains!

To the victorious team the spoils must taste sweet. The team got away to a bad start when the local sporting circles were informed that the club was out after the Intermediate championship of Ontario.

Canadian Generals were the best team in the local city series, ending the race with an unbroken string of victories. The Generals went on, a bit discouraged sometimes when fandom seemed to be paying little heed whether the team won or lost—on to Tweed and victory, then to Picton, utterly vanquishing the club that had won the championship twice in a row!

At the conclusion of the series with Picton, the team had accomplished a big task. But fickle fandom still looked on with indifference. Next cam a sudden-death game with St. Aidan's of Toronto on the enemy's home lot. It was a win for the Generals at a moment when the other fellows were about to lock things up and move into the West. That helped some. Baseball fans will sit up and take notice when a team comes from behind and wins.

Then at last came the final series with Lucan. In the game here, the Generals won some additional attention—and dropped a good many dollars, due to a big travelling expenses bill from the visitors, which far overlapped the gate receipts. But it was a victory. The return game played at Lucan brought a loss, making it an even break on the series. Then the final contest at Galt, bringing with it a long trip and a longer expense account.

It is true that fandom was now in better humour, and the word of victory was received as the most important piece of sporting news that had come over the wires during the biggest and most successful baseball season Peterborough ever saw. To the credit of local fandom, the champions received a reception that made them blink their eyes when they arrived hame after midnight on Saturday. "Mac" McFadden had made good with a vengeance, and his team had won Intermediate honours, making it two Ontario baseball championships for Peterborough.

One of the speakers at the reception to the champions said it right when the early morning outburst was but a sample of what was to come later. That is as it should be. The remarkable triumph achieved by the Canadian General team, and the honours gained by the Maple Leafs make a mighty fine showing in baseball for Peterborough. But that is not all.

Adanacs, winners of the local junior series, and conquerors of the formidable McCormicks of Toronto, and the senior Petes, runners-up in the Central League race, brought fame to Peterborough. All of which goes to show that local athletes are as capable as the best of them.

LAKEFIELD SCHOOL FIELD DAY RESULTS

The annual Field Day of the Lakefield High and Public schools was held on the school grounds Tuesday afternoon, and notwithstanding the coolness of the atmosphere, was enjoyed by all present. The events were entered into by the scholars with a keep spirit. The half mile race was one of the most attractive events, many entering but few finishing. It was again won by Elwood Girven, with Jack Ridpath a close second.

The events were run off by the principal and staff. Owing to the short notice given, and the lateness of the season, there were not the usual number of citizens present.

The principal and staff appreciate very much the generosity of those who contributed towards the prizes given on this occasion. The events were as follows:

Boys, (Miss Charlton's, 25 Yards.

(a)—First, Billie Bolton; second, Clifford Harding; third, Walter Peacock.

(b)—First, Ivan Payne; second, Percy Payne; third, Gerald McFadden.

Girls (Miss Charlton's), 25 Yards.

(a)—First, Mary Hendren; second, Eileen Peacock; third, Viola Murphy.

Boys, 7 to 10 Years, 50 Yards.

(a)—First, Dominic White; second, Robert Stenner; third, Donald Dever.

(b)—First, Clarence Payne; second, Harding Stuart; third, Cecil Northey.

Girls 7 to 10 Years, 50 Yards.

(a)—First, Marie Allen; second, Violet Graham; third, Valeta Carveth.

(b)— First, Zetta Nixon; second, Margaret Tanner; third, Reba Preston.

Boys 10 Years and Under 13, 50 Yards.

(a)—First, Hector Edwards; second, Wilbert Dever; third, Elwood Northey.

(b)— First Ralph Hendren; second, John McFadden.

Girls, 10 Years and Under 13, 50 Yards.

(a)—First, Constance Stuart; second, Alice Dench; third, Isobel White.

(b)—First, Winnifred Payne; second, Velma Carveth; third, Marion Payne.

Boys, 13 Years and Under 15 Years, 75 Yards.

(a)—First, Francis McFadden; second, Enith Wannamaker; third Leo Allen.

Girls, 13 Years and Under 15 Years, 50 Yards.

First, Josephine Allen and Yvonne Stuart (tie), third, Loretta Northey.

100 Yard Race, Boys 15 Years and Over.

First, Jack Ridpath; second, Herman Branch; third, Elwood Girven.

Three-Legged Race, Girls.

First, Mary McFadden and Margaret Allen; second, Alice Dench and Jean Galvin; third, Lillian Stuart and Luella Hamblin.

Running Broad Jump, Open.

First, Jack Ridpath; second, Willie Harvey; third, Herman Branch. (Distance 13 ft. 5 in.)

Standing Broad Jump, Open.

First, Jack Ridpath; second, Willie Harvey; third, Herman Branch. (Distance 8 ft.)

Running High Jump, Open.

First, Herman Branch; second, Jack Ridpath; third, Bruce Charlton. (Distance 4 ft. 2 in.)

Three-Legged Race, Boys 12 Years and Under.

First, Harry Sherin and Jack Brown; second, Gordon Kidd and Clarence Payne; third, Dominic White and George Wannamaker.

Three-Legged Race, Boys 12 Years and Over.

First, Frances McFadden and Harry Stabler; second, Kenneth Junkin and Herbert Lean; third, Glen Wannamaker and Eric Moren.

Half Mile, Open.

First, Elwood Girven; second, Jack Ridpath; third, Frances McFadden.

In the basketball game, Team I defeated Team II by the score of 12-10. Teams were as follows:

Team I		Team II
G. Moore	Forward	H. Burgess
J. Ridpath		A. Osborne
C. Kidd	Centres	A Cox
M. Brown		A. Darling
I. Sutton	Guards	J. Erskine
W. Batten		J. Hendren

The race for girls of the High school for a special prize donated by Elwood Northey will be run off at the first opportunity.

VARSITY SECONDS LOST WEIRD GAME.

OTTAWA, Oct. 30.—(Canadian Press)—St. Brigids of Ottawa emerged victorious from an Ontario Rugby football union fixture here on Saturday afternoon, defeating Varsity second by the score of 14 to 10, after sixty minutes of grotesquely weird play. And yet, like all contests where misplays outnumber the really clever manoeuvres, the game created a wealth of enthusiasm, in the four thousand spectators that has not been in manifest in any of the previous football struggles of the present season. Rheaume's recovery of MacPherson's kick into the scrimmage in the dying moments of play and his spectacular sprint for sixty yards for a touchdown with a flying squad of students at his heels provoked an outburst of cheering and applause that was reminiscent of the days when the University of Ottawa fielded their best formation with the solid backing of a well organized cheering squad and leader.

ENTRY BLANK

EXAMINER ROAD RACE

Thanksgiving Day, Nov. 6, 1922

Name .....

Address .....

Age ..... Jr. Sr.....

Entries must be left with Charles Thorpe, Douglas Loomis, at the Y.M.C.A. or at THE EXAMINER Office Not later than 8 p.m. Friday, Nov. 3.

LOUIS' CAFE

The most expensively fitted Restaurant in this district

Will Open Wednesday

AT 194 CHARLOTTE STREET

(Next to New Centre Meat Market)

The public is invited to inspect this thoroughly modern establishment from end to end, and to note the sanitary fittings.

Those who have not had satisfaction from restaurant service in the past visit us. Prices reasonable. No pains or expense will be spared to please patrons.

QUEEN'S DEFEAT VARSITY 15 TO 13.

Kingston Collegians Outplay Toronto in Their Own Stadium.

TORONTO, Oct. 30.—To-day the Tricolor of Queen's flutters in a commanding position over the Blue and White of University of Toronto on the pennant pole of the Intercollegiate Union. Time was when the local collegians looked upon the annual Queen's fixture here as merely a curtain-raiser to the invasion of McGill, but, by playing one of those football games that is seen but once in a score of years, the Tricolor changed the slogan overnight from "Poor Queen's" to "Watch Queen's." When the final whistle sounded U. of T. were on the lowly side of a 15 to 13 score.

The U. of T. players went through their plays with machine-like precision, but they lacked snap and dash, their efforts seemed sluggish and they were heavy of foot. They appeared to be a team of line-plungers, not open field players. The backfield seemed to have little more speed than the wing men, and here, probably, is the source of the opinion that they are remarkably well balanced. On Saturday they were too well-balanced, and that spelled defeat. They have speed, but it was not used for the simple reason that the Blue and White could not, or would not, get their plays out into the open field.

Guarding the Ends.

Queen's defence on the wing line was weakened to bolster up the ends. Only two men—the inside wings—played within a yard of the line of scrimmage, while the middles played two yards back with the second line of defence. "T" never failed to gain a few yards through this formation, but sooner or later they were called for interfering past the three-yard limit. The interference players, to take a man out of the play, had to travel twice as far to get at their checks, and if the latter stepped back or sidestepped, the U. of T. player was out into the illegal territory. In the first period U. of T. lost 60 yards on illegal interference.

Goals From Field.

Goals from the field played a big part in the game. "Sandy" Somerville started the scoring in the first period when he lifted the ball over the goal posts twice. The first effort was from the 45-yard line, and it brought back memories to the older fans of the mammoth drop kicks of Nick Bawlf, Gordon Southam and Ross Binkley. The second was from 40 yards out. The U. of T. player made two attempts later in the game, but the ball failed to clear the bar. Somerville also punted well and in the final few minutes of play he booted the ball from his fifteen-yard line over Leadley's head and the oval rolled almost over the Queen's goal line before it was retrieved.

"Pep" Leadley also accounted for two goals from the field and they came at a time when they were badly needed. In the third period Batstone worked the ball in front of the posts on U. of T.'s 20-yard line and Leadley hoisted the oval straight and true between the posts.

Leadley shouldered the punting duties for the invaders, and held his own with Somerville. His convert of Harding's try in the second period was a pretty piece of work. Harding crossed the goal about three yards from the touchline, and it was from this awkward angle that Leadley booted the ball over the bar.

The "Big Four."

"Evans-to-Batstone-to-Leadley-to-Harding" is a slogan that will ring in the ears of Queen's supporters as synonomous of their great victory after years spent in knocking at the door. The quadruple passing play time and again sent Harding or Leadley shooting around the ends for long gains. The work of the backfield was spectacular and brilliant, and it was this combination, in the main, that offset U. of T.'s superiority in line plunging. Evans got the ball out fast, and passed to Batstone, who made the play for the other two backs. Queen's had plenty of snap in their formation plays, and several times they caught the Blue and White napping, when the play was started without a signal, and the backs swept out into the open.

TWO SENSATIONAL GRIDIRON GAMES

Princeton Beat Chicago and the Navy Went Down Before the Pennsylvania Attack.

NEW YORK, Oct. 30.—(Canadian Press)—Two sensational upsetas—Brinceton's slashing defeat of Chicago, 21 to 18, and Pennsylvania's brilliant triumph over the powerful Navy eleven, 13 to 7—were the high spots in Saturday's football program, the most colorful and spectacular on the gridiron so far this season.

Sharing the limelight in the East with these two reversals, were the battle between Yale and the Army to a 7-7 tie, before a vast throng of 76,0000 in the Eli Bowl; Harvard's hard-fought victory over Dartmouth, 10 to 3; and a scoreless tie between Penn. State and Syracuse at the Polo Gronuds.

In a contest rivalling the Princeton-Chicago game in intersectional interest, Notre Dame invaded Atlanta and trounced Georgia Tech., 13 to 3, while in other outstanding encounters, in the west, Michigan gained its second straight conference conquest, at 24-0 victory over Illionis; Minnesota upset Ohio State, 9-0; and Iowa, Yale's conqueror, plunged nearer its second championship by overwhelming Purdue, 56 to 0.

FINE WELCOME TO THE CHAMPIONS.

Reception for Canadian General Team Cordial and Enthusiastic.

Greeted by several hundred citizens, a band, and a generous display of fireworks, the victorious Canadian General Electric Co. baseball team, Intermediate O.B.A.A. champions, were given a pleasant surprise when they arrived home early on Sunday morning.

The P.A.A.A. had the assistance of sportsmen from the C.G.E., the City Baseball League executive, and the Peterborough Baseball Club, and the reception was a big success.

Notice of the intended welcome was conveyed to the public through various channels, including a slide announcement at the Capitol Theatre, where the big audience cheered and applauded.

The arrival of the 1.50 a.m. C.P.R. train was the signal for an outburst of band music and volleys of cheers. As the champions stepped to the platform, rockets and roman candles blazed forth, making a fitting setting for the homecoming of the champs.

Mr. G. N. Gordon, M.P., Ald. N. E. Phelan, and others made short congratulatory speeches.

Speaking for the P.A.A.A., Vice-President H. A. Cranfield intimated that Peterboroughs baseball champions would be fittingly recognised.

Messrs. H. T. McFadden and Walter Jackson spoke for the ball team, and thanked the crowd for their welcome.

Motors were provided to take the ball players to their homes.

Ford

Speed Truck

If Hauling or Delivering enter into your Business, you need a FORD TRUCK. We have facts and figures on hauling costs that we would like you to see.

FORD TRUCKS are filling a place peculiarly their own—giving service that only FORD TRUCKS can give — a service that is earning and saving money for every man who owns one.

HOCKEYISTS PREPARING FOR A GREAT TIME THIS WINTER

TORONTO, Oct. 28 — (Written specially for Canadian Press by Bobby Hewitson.)—The cool tinge of fall air makes the thoughts of the fans turn to hockey—the greatest of winter pastimes. From their victories of last season St. Patricks of Toronto hold the Stanley Cup and the Granites of the same city the Allan Cup. But this is another season and perhaps the "mugs" will find new resting places by next spring. For one thing, the advantage is with the West, the reason being that the play-offs at the end of the season will be staged on the prairie and beyond it. When the Canadian Amateur Hockey Association last winter decided to make the Allan Cup competition " one year east and one year west" they did quite the proper thing. But one mistake was made. They should have made it operative in the east during the coming season. As it is now the pro and amateur titles will be decided in the same section each winter. One in the east and one in the west the same season would have been preferred.

The inclusion of the Western Canada League into the pro circuit has just increased the number of clubs angling for star amateurs. Winnipeg was practically riddled of its best last winter. Not much was done in east, where the amateurs preferred to stay in their own company. St. Patricks, the Stanley Cup holders won't be so strong. The owners are out after a practically new team. So far their efforts have not proved successful. The star amateurs they sought refused to jump. Now they have started after star juniors with the idea of working up with this year as an experiment. Reg. Noble is likely to go and about every pro club is after him. St. Pat's want a young team and are prepared to toss away their chances for the title this year to achieve that. Perhaps they may persuade some senior stars to jump—but things do not point that way. Hamilton will be strong and with a nearly new team. Ottawas are going to losc some veteran stars but have young fellows to fill the gaps. Canadiens do not seem likely to cause any great trouble unless Leo Dandurand has something up his sleeve—except his arm.

This Western Canada circuit may surprise and take the Stanley Cup. Their first year's experience has taught them a few things and the activity of the clubs in securing new material is a step in the direction of added strength. The owners have been east and even into the States and have signed some promising boys. In fact the Prairie Circuit seems to have more success in signing amateurs than the eastern clubs. Just what the Pacific Coast League has in view is not known but the Patrick's can be depended upon to provide three evenly matched teams. They are ridding the circuit of the old-timers and are adding youth.

Of course the amateur game carries such a wide territory that to cover it all in a few words is impossible. Granites, the Allan Cup holders have organized and it looks as if they will be even stronger than last year. The team is intact even though the pros have made repeated offers to wile away the stars. In addition Granites are counting on several of the best from the Aura Lee team. Whether the latter will operate is a question. Hamilton has lost some of their best to teams in Michigan and the long list of boys who have been sought by U.S. clubs—and the many who have gone—has just added to the opinion of fans "that all is not as it should be concerning the amateur code across the border." Perhaps public opinion may force a cancellation of the proposed international series next spring. Such a series, according to some, only caters to an increased of "yelled professionalism."

PACKERS DEFEAT COMRADES TEAM

Game at the Oval Saturday Was One of the Best in the Yeotes Cup Series.

The Comrades met defeat at the hands of the C.P.C. line up 2 to 1 in a Yeotes Cup game that was one of the best played of the whole series. The teams met at the Oval Saturday and with the teams very evenly matched great things were expected of them and for that matter the fans were not disappointed. The C.P.C. were handicapped by the absence of Curtis and Shadgett through injuries.

Playing with the wind the Packers forced matters in the first period and bombarded the Comrade's goal continually. Mitchell on the right and Edwards on the left got in some fine shots but failed to score. During a lull in the attack the Comrades took a turn at forcing the play and after a weak clearance by Bradley, Tommy Griffin scored. Half time came with the score 1 to 0 for the Comrades.

On resuming play the Packers went right at it and Haw scored their first goal within a few minutes, which Jimmy Edwards duplicated shortly afterward.

The team were:

C.P.C.—Davidson, Downer, Bradley, F. Ball, Killenbeck, T. Ball, Mitchell, Anderson, Haw, Edwards, and Chambers.

Comrades — Saunders, Edgar, Grant, Wilson, Halliday, Slaughter, Griffin, Edgar, Bradley and Billingsley.

P.A.A.A. DRIVE FOR MORE MEMBERS.

The annual membership drive by the Peterborough A.A.A. opened today with good prospects of success. The Association has demonstrated that it is an organization that can be of great benefit to the community, and the work carried on thus far has had good results.

There are evidences that the Association is about to receive more co-operation from other athletic organizations in the city — just the thing necessary to get better results in all branches of sport and recreation.

MALLEN'S CASE CALLS FOR SOME O.B.A.A. ACTION.

Belleville Interpretation of Residence Rule Cannot Be Allowed to Stand.

Now that the ball season is over and there is no danger of being accused of trying to take advantage of technicalities, it might be well for the Central Ontario League and the O.B.A.A. to take note of the case of Mallen of the Belleville team, who, in accordance with the spirit of the Central Ontario League residence rule, was certainly not eligible to play with Belleville. Mallen's home is in Morrisburg, and he did not arrive in Belleville until the first half of the league race was well under way. He was claimed to be eligible under the O.B.A.A. rule, which permits a player in a town or village where there is no organized amateur ball to play with the nearest affiliated league. That rule was never intended to let a Morrisburg man come as far west as Belleville to play ball, and if it is held that Belleville's contention in the Mallen case is correct, it would simply mean that Belleville, being the furthest eastern O.B.A.A. centre, could bring in a player at any period in the league race from any point between Belleville and the Atlantic seaboard. Similarly, Sudbury could have the whole of Western Canada as a recruiting field and Windsor could command half a dozen American States under the same ruling.

It would be well for the O.B.A.A. to pronounce on the matter before next spring.

STILL CHAMPION

PHILADELPHIA, Oct. 30. — (Canadian Press)—Ralph Greenleaf, of New York, national pocket billiards champion, Saturday night retained his title by defeating Bennie Allen, Kansas City, Mo., former champion, in a three-block match, 450 to 257. Greenleaf, in the third block, made 140 points, while Allen was making 133.

Its origin dates back even before the annual coal shortages.

The Military Maids in "BRINGING UP FATHER ON HIS VACATION," Grand Opera House, Friday and Saturday, No. 3 and 4.

STRONG APPEAL FOR NORTHERN SUFFERERS

That unless a continuous supply of money and supplies was forthcoming keen hardships would be endured by the people who lost everything in the Northern Ontario fire zone, is the report brought back by Dr. C. A. Hodgetts, honorary secretary of the Northern Ontario Relief Committee who went up to investigate and make a report. Dr. Hodgetts reports that relief arrangements have been well systematized in the north. Peterborough is expected to give her share in contributing to the relief fund. The Examiner acknowledges subscriptions. Please send them to this office.

At The Theatres

GRAND— Friday and Saturday, "Bringing Up Father" on His Vacation," with Danny Simons, a Peterborough boy, as Jiggs Mahoney.

ROYAL — Wm. Fox presents John Gilbert in "Honor First." Also Sunshine comedy, "Step Lively Please"; Christie comedy, "One Stormy Night"; Mutt and Jeff in "Stuck in the Mud."

CAPITOL—"The Valley of Silent Men," a Paramount picture as thrilling as the name. In this offering Canada is glorified in a famous story filmed amid the scenic splendors of Banff and Lake Louise.

Capitol Entertainment

BIG PICTURE IS FILMED IN GREAT WHITE LAND

The mystery of a man found strangled with a twisted strand of womans' hair is the motive of "The Valley of Silent Men," a Cosmopolitan picturization of the story by James Oliver Curwood. The scenes are laid in the Canadian Rockies, around Lake Louise, and there the Cosmopolitan company, headed by Alma Reubens and under the direction of Frank Borzage, spent twelve weeks filming the picture.

Lew Cody plays the part of a corporal in the Royal Mounted Police, and together with Miss Rubens faced the perils of snowsildes and accidents in the mountains as well as the dangerous glaciers above Lake Louise and the icy waters of the Kepawa river, which

ALMA RUBENS, featuring in "the Valley of Silent Men" at the CAPITOL THEATRE, To-night.

they were compelled to swim.

The trail led from Banff straight over the mountain passes in the early Spring, before the snow began to melt, and miles of white-clad wastes spread before the telephoto camera. Miss Rubens slipped into a crevasse of the great glacier, and is pictured climbing down precipitous rocky cliffs.

But the story, like the picture, ends in the beautiful Valley of Silent Men, so named from the three snow-clad mountains which guard it.

By this time Spring had come into the mountains, and the vista of the flower strewn meadows is as fair as the future which stretches before the hero and heroine. This is undoubtedly one of the greatest of outdoor photoplays, and Mr. Curwood's thrilling story holds the breathless interest of the spectator until the last scene.

George Nash, Mario Majeroni, Joe King and J. W. Johnston appear prominently in support of Miss Rubens and Mr. Cody, while Chief Powderface, of the Stoney tribe of Alberta Indians, takes an active part in the development of the story AT the grand

AT THE ROYAL.

"HONOR FIRST" IS NEW JOHN GILBERT FILM

With John Gilbert in the star role "Honor First" his latest William Fox feature, will open at the Royal Theatre today. Press reports from other cities where this picture has been shown accord it high praise. Many who have reviewed the feature assert that Gilbert is at his best.

The story deals with the difference in character and temperament between twin brothers, both of whom served in the French Army during the war. Gilbert portrays both brothers. His work as the cowardly brother is said to be especially worth while. This characterisationcalls for extraordinary force in acting.

Not only is the story of the picture intensely gripping and worth while, but the photography and direction are declared to be of the best. Jerome Storm, who is fast becoming one of the foremost directors in the film world, staged the pictue.

Many of the scenes were photographed under extraordinary conditions and are described as masterpieces of photograhpic art.

AT THE GRAND.

JIGGS MAHONEY AND DANNY SIMONS COMING

A production calculated to open a new departure in the way of original musical comedy endeavor is scheduled for The Grand on Friday and Saturday, October 3 and 4 with matinee. It bears the euphonious title "Father on His Vacation" and is based on the internationally-popular cartoons of George McManus "Bringing up Father". All the beloved characters, from the ill-fated, yet ever-welcome Jiggs, down to Dinty, "Father's" nemesis, will be seen in the flesh They will cavort, make merry, and "carry on" as it were through new and fresh adventures, to the tune of lively melodies, witty and laugh-provoking dialogue; screams, surprises, innovations, novelties, infectious fun, completing an entertainment certain to create ansatiable demand for what is best and wholesome in modern amusemet and presented with such a capable comedian as Danny Simons makes the character worth while.

GET READY FOR THE CHASE.

Special Train For Hunters.

The open season for hunting deer and Moose in Northern Ontario is rapidly approaching. South of the French and Mattawa Rivers, Nov. 5th to Nov. 20th inclusive; north and west of these rivers, Oct. 25th to Nov. 30th inclusive. North of the Transcontinental Railway line the season is from Sept. 15th to Nov. 15th inclusive.

The Canadian National Railways traverse the finest hunting territory in this country. This fact with their special and regular train service makes "The National Way" the premier line for the hunter. The hunting grounds are so vast there is game for everyone.

The selection of grounds is a most important matter and one which requires careful study. The territory reached by the Canadian National lines north of Parry Sound is already a favorite one, but the new country east and west of Capreol is as yet comparatively little known to the hunter and should, therefore, be highly attractive to the follower of the deer and moose.

The Canadian National Railways are providing special train service, which, with regular trains, will meet all demands. Special trains will be operated as follows: Leave Toronto Union Station 11.15 p.m. Oct. 31st for Capreol and intermediate points, and 11.15 p.m. Nov. 2nd, 3rd and 4th for Key Jct. and intermediate points. The usual ample accommodation of sleeping cars, baggage cars and coaches will be provided.

The Annual Hunters' Leaflet issued by the Canadian National Railways is now ready for distribution, and may be obtained on application to any agent of the Company, or write General Passenger Department, Room 607, Royal Bank Bldg., Toronto. 5d-18-21-25-28-30

WEDDING BELLS

SCOTT—McCRUDDEN.

At St. Stephen's Church, Weredale Park, at half-past six o'clock this evening, the marriage will be solemnised of Reta May, daughter of Mr. and Mrs. James McCrudden, of Westmount, to Mr. Lionel W. Scott, of Peterborough, Ont., son of Mr. and Mrs. W. D. B. Scott, of Pine Avenue. Rev. Frank Charters will perform the ceremony. The church is being decorated with yellow chrysanthemums and greenery, and the wedding music is being played by Mr Septimus Fraser. The bride, given away by her father, is wearing a gown of white kitten's ear crepe, made in long waisted effect, with sleeves and side panels of Spanish lace. The court train falling from the shoulders, is lined with shell pink georgette, and is embroidered in chenille. The veil of tulle is being arranged cap effect and held in place with a wreath of orange blossoms. She is wearing the groom's gift, a gold wrist watch and is carrying a shower bouquet of pink roses and lily of the valley. Miss Queenie McCrudden will be her sister's only attendant, and will wear a gown of orchid georgette crepe, with side panels, finished with wreaths of silver and purple flowers, and will wear a silver ribbon bandeau in her hair. She will carry mauve chrysanthemums. Mr. Leslie Scott will act as best man, and the ushers will be Mr. Hector McCrudden, brother of the bride, and Mr. George Walsh. Mrs. McCrudden, mother of the bride, will wear a gown of black lace over geogette crepe, with a black panne velvet hat, with uncurled ostrich feather trimming and will carry pink roses. Mrs. Scott, mother of the groom, will wear a Mary blue satin gown with Spanish lace trimming, a black panne velvet hat, and a corsage of roses. Mrs. A. Montague Harris, sister of the bride, is wearing a silver and black lace gown over satin, with a large black panne velvet hat with osprey trimming, and is wearing a corsage of red roses.

After the ceremony a reception will be held at the residence of the bride's parents, 484 Elm Avenue, and later, the bride and groom are leaving on a wedding trip, the former wearing a travelling suit of brown beaver cloth, with hat to match, and an Alaska sable neck-piece.

Mr. and Mrs. Scott will reside in Peterborough.—The Montreal Star, 28th October.

OBITUARY

WILLIAM P. GRAY.

William P. Gray, who passed away in Ross Memorial Hospital, Lindsay, on Saturday morning, had been living for the past eleven years with his son, Captain C. F. Gray, at Sturgeon Point. Prior to that he spent the greater part of his life in Peterborough, where he moved from his birthplace, Ancaster.

He was in his seventy-first year.

Surviving are his wife, one daughter, Miss Mabel, of Lindsay, three sons, Charles of Sturgeon Point, William of Hamilton, and Frank of Peterborough.

The funeral took place from the residence of his son, F. A. Gray, 218 Aylmer Street, this city, this afternoon, to Little Lake Cemetery.

MARTIN ORME.

The death of Martin Orme, son-in-law of Mr. and Mrs. James Collinson, Sherbrooke Street, this city, occurred suddenly last week in Ottawa.

The deceased, who was the youngest son of Matthew Orme, president of Orme, Limited, and was director of the Sparks Street store of the firm, had complained of indisposition three days before his death. He was suddenly seized with an attack of acute indigestion on Monday morning last. After being attended by a physician, he appeared to recover, but a second attack, during which two other doctors were summoned, resulted in his death half an hour later.

Mr. Orme's funeral was very largely attended, with practically every member of the Ottawa Kiwanis Club turning out, and hundreds of Ottawa's prominent citizens, with the Mayor and other civic representatives, present.

Mr. Orme, who was only 31 years of age, is survived by a widow and three children, his parents, one brother and four sisters. The Ottawa Journal comments editorially on his death:

'The late Martin Orme was one of Ottawa's most promising young business men. Alert and courteous, he impressed most favourably all those with whom he came in contact. His place in the firm of Orme, Ltd., will not easily be filled. After some six years in the position of high responsibility, Mr. Orme revealed exceptional qualities of heart and mind. It follows then that that many friends will grieve his passing, and share the sorrow of the loved ones of his family left behind. A native of Ottawa, the friends he made in the 31 years of his lifetime will lay on his grave a tribute of sincere sorrow and proound respect."

MRS. WILLIAM LOUIS EVANS

A life long resident of Peterboro died in the person of Mrs. William Evans, 505 Sherbrooke street, on Saturday afternoon, at 2.30, in the General Hospital, Toronto. The late Mrs. Evans left the city for Toronto last Monday morning to undergo an operation. She was born in Peterboro 39 years ago, where she has resided until her death.

The late Mrs. Evans leaves to mourn her loss three daughters and one son, Gladys, Elsie, Ruby and Charlie, all at home; also one sister, Mrs. A. Webb, of this city.

The funeral services will be held from the family residence, 505 Sherbrooke street, by the Rev. R. B. Grobb, Tuesday afternoon, at two o'clock. Interment will take place at the Little Lake Cemetery.

Hallowe'en is one of the most unknown about celebrations.

"The Photographer in your town."

NOTICE.

The opening meeting of the Women's Canadian Club will be held on Wednesday, November 1st, at 4 o'clock. Speaker, Professor Sandwell, of McGill University. This is a "Canadian Book Week" lecture and of general interest. It is hoped that there will be a large attendance of old and new members. Non-members will be welcome at an admission of 25 cts. 2d-28-31-6274

Y.W.C.A. ACTIVITIES

Wednesday, Thursday and Friday are the big days of the Autumn Fete and Bazaar at the Y.W.C.A. All gymnasium classes and clubs have been cancelled for the week. To-night is the Big Masquerade Hallowe'en Frolic for all senior girls at 8 o'clock and at 7 o'clock all those interested in Home Nursing are invited to come and meet Miss Pike who is taking this class. The Basketry will meet on Wednesday at 8 and the French Class on Thursday at 7 as usual.

At the bazaar to be held this week, Mrs. R. H. Turner in the supper room will be assisted by Mrs. J. P. Chapman. Mrs. G. A. Macdonald and Mrs. B. Gardiner have charge of the Bride's Booth.

GOSPEL HALL NOTES

Mr. Sam Taylor spoke to an audience that filled every available seat and some standing. His message was stirring and instructive dealing with man as a sinner, proven so by nature and Revelation, as stated in Romans I and III, and how God dealt with sin at Calvary so that grace might reign; also justice was met and satisfied; then glory, the ultimate end of this wonderful salvation. Mr. G. A. Bentley conducted a very fine song service prior to the address.

To-night Mr. Taylor will tell of personal experiences in the great fire at Haileybury. On Tuesday night the subject will be "God's Prophets." Wednesday, "The Image of Daniel 2." Don't miss a single message.

"Engagement Rings"

For an Engagement Ring there is no Stone that equals the Diamond.

Our New Settings and Diamonds are to be admired, being mounted in Platinum with 18kt. Gold.

You can select now any Ring you desire, and we will put it aside until called for.

Engagement Rings, $15.00 to $100.00.

We will be pleased to show you our New Settings.

Warne Bros.

349 George St. Diamond Hall

BICYCLES STORED.

If you are not using your wheel during the winter leave it with us, and we will store it, free of charge, until spring. H. T. Millard, 221-225 Hunter Street. 'Phone 234J. 6d-103

DISSOLUTION OF PARTNERSHIP.

(By Stuart P. West.)

NEW YORK, Oct. 30. —(Special.) — To-day's markets went through a series of conflicting price movements.

Heavy selling broke out on the stock exchange again involving two hours or so of very general weakness, succeeded later by home recovery. While stocks were going down the bond market was hardening this being true of both government and corporate issue. Cotton reached a new high for the year at 24 1-2 cents a pound. Meanwhile weakness cropped out afresh in the foreign exchanges.

It was difficult to connect the downward movement in stocks with any change either in sentiment or in facts regarding the general business situation. Quite the contrary, the usual over the week end reports from the manufacturing centres, along with those describing retail and distributive trade, struck a uniformly optimistic note. For speculative Wall street to maintain that stocks were going down because things in the business world were not proceeding as well as expected was sheer pretense.

The two explanations for the weakness in the market lay simply in internal conditions temporarily favouring speculation for the decline. Much has been said about the magnitude of brokerage loans and this undoubtedly is one of the factors which has counted in the trading of the last week. The statement has been made that these loans are larger than they were during the height of the post war boom of 1919. Of course this does not mean the general over speculation which existed then. But it does mean that houses carrying the accounts of large speculators operating in the high priced industrial stocks have had unusual amounts to borrow because of the great rise in the prices of this class of shares.

It may well be that banking sources have sought to encourage liquidation in these quarters, either by bringing pressure to bear to have loans reduced or by withholding support against profcssional attacks on the share list.

How long it will be before the Wall Street position is brought back to satisfactory shape is not an easy question to answer. But with the general run of stocks down 5, 10 and 15 points from their highs of the spring and summer, undoing in many instances the greater part of the entire gain, it is fair to presume that the corrective process is pretty far along.

DOME'S ADVANCE

TORONTO, Oct. 30.—Dome selling 43.00 at 43.50 here they have a vein estimated to contain sixteen million dollars. Vein is 200-feet by 700-feet by 40-feet average $28 per ton.—F. S. Leslie.

DROPPED DEAD AT WORK IN LINDSAY.

Hydro Employee Succumbed Suddenly to Heart Failure This Morning.

LINDSAY, Oct. 30.—T. Kennedy, an employee of the local Hydro-Electric agency, dropped dead this morning while working with a construction gang on William Street South. They were installing new lights in the southern part of the town, when Mr. Kennedy was suddenly stricken with heart failure and collapsed. He is survived by his wife and one son.

FUNERAL OF MRS. HARETLY

The funeral service of the late Mrs. John A. Hartley, took place from her late residence on Friday afternoon from 52 Murray street. Rev. Harold Young was the officiating clergyman. The floral offerings were most beautiful and numerous, and showed the very high esteem and love felt for one who has been taken from our midst. "He will give them back," a favorite poem of Mrs. Hartley's, closed the service."

RECOGNITION OF PREMIER'S WAR WORK.

Conservatives in Wales Decide Not to Oppose Lloyd-George.

CARNARVON Wales, October 30 (Canadian Press). — "In grateful recognition of his war work" Carnarvon Conservatives have decided not to oppose Mr. Lloyd-George in the elections, "upon receiving the assurance that he will loyally serve under Mr. Bonar Law in resisting a Communist attack."

Mr. Lloyd-George is the member of Parliament for Carnarvon District, where as Coalition-Liberal he received 13,993 votes in the 1918 election, as against 1,093 votes for the Independent candidate, his only opponent.

For Carnarvonshire, outside Carnarvon District, the member is Major Charles E. Breese, Coalition-Liberal, who was elected in 1918 with 10,488 votes over the Labour candidate with 8,145 votes and the Liberal candidate with 4,937.

BENEFIT BAND CONCERT DREW CAPACITY CROWD.

About $84.00 Offering for the Haileybury Relief Fund Last Night.

The ultimate seat of the Grand Opera House was occupied last night for the benefit concert in aid of the Haileybury Fund. Approximately $84 was received in the voluntary collection. The programme presented by the 57th Rangers band of thirty instruments was thoroughly enjoyed.

DENIES COALITION. —

LONDON, October 30. Canadian Press. — Sir George Young, chairman of the Unionist party organization, has issued a letter to the chairmen of all the locl organizatoins, denying reports that an rrangement something ike coalition. has been made with the National Liberals. No pact of any kind exists he declares, and unionist executives are free to select whatever candidates they please.

SAYS WILLIE IS KIND HEARTED AND GENEROUS

Princess Hermine Thinks Her Fiance, the Former Kaiser, a Model Man--Looks for Happy Life.

OTHERS JEALOUS

LONDON, Oct. 31. — (Canadian Press).—Princess Hermine of Reuss thinks her fiancee, the former German Kaiser, is one of the most generous, kind-hearted men that ever lived, and she is sure that she is going to be the happiest woman in the world after their marriage next Sunday. That at least is what she told a correspondent of the Daily Express to-day.

"I know I love the Kaiser," she said. "Surely he is not so rich that it can be said I am marrying him for his money."

The Princess added that lots of other women were anxious for the heart of the former German Emperor, and described how mad some of them were with envy and jealousy when her engagement to William got noised around the world by telegraph and cable.

EVENTFUL CAREER OF BYRON LEDERER

Engaged in Oil Business Before Entering Auto Industry.

The late Byron Lederer, whose death occurred with tragic suddenness at the King Edward Hotel in Toronto, on October 23rd, had quite an eventful career in the business world. Born in Milwaukee, Wisconsin, on September 12th, 1874, where he attended the public schools, he first entered the cigar business, later continuing as a travelling salesman in the same line for many years. He was engaged as a promoter in the oil business in Texas, then went into the automobile industry, becoming president of the Birmingham Motors, Limited. He achieved some success as an inventor with a machine for banding cigars.

While in Peterborough, Mr. Lederer made his home at the Munro House. Mrs. Bertha Munro accompanied his remains to Milwaukee.

The deceased is survived by five sisters and one brother: Mrs. Louis Schwarz, Ballston, Spa., New York; Mrs. M. Frank, 545 Farwell Avenue, Milwaukee; Mrs. Joseph Neuwitter, 45 Wendt Avenue, Larchmont, New York; Mrs. A. B. Gradwohl, 974 Madison Avenue, Albany, N.J.; Mrs. L. Rubovits, 974 Madison Avenue, Albany, N.Y., and Mr. Lester Lederer, 334 4th Avenue, New York, and 45 Wendt Avenue, Larchmont, N.Y. Mrs. I. M. Lederer, 396 Lafayette Place, Milwaukee, is a sister-in-law.

ENTERTAINMENT BY THE MISSION BAND

The small members of the Children's Mission Band of St. Andrew's Church gave a very pretty little entertainment in their Sunday School Hall last evening. The room was daintily decorated in the Hallowe'en manner, and the children acquitted themselves in their different charming numbers in a manner that reflects great credit on the painstaking tuition of their instructresses, Mrs. J. A. McKone and Mrs. F. Pakenham. Mr. Dunbar trained the children for the Goblins' Drill.

A Hallowe'en play was an enjoyable part of the programme rendered, with a vocal solo by Miss Grace Allen, a reading by Miss Irene Breckenridge, and Scotch and Irish dances in costume by Miss Annie Logan and Miss Eva Muir, with bagpipe accompaniment by Mr. David Grant. Drills and choruses completed an evening that netted the children nearly fifty dollars for their Mission Band work. Refreshments were served at the conclusion of the programme.

SPECIAL HALLOWE'EN PROGRAM
BROCK ST. RINK TO-NIGHT
SKATING TO-NIGHT 10:30 O'CLOCK

Woman is Lured To a Roof, Then Hurled to Death

NEW YORK, Oct. 31.—Two murders, one of a young woman who was lured to the roof of an office building and hurled to her death, and the other of a man whose body was found bullet ridden and wrapped in a burlap bag and left in the gutter in front of St. Paul's Lutheran Church, are being investigated here.

Aaron Swarburg saw a dark object hurtle past his window, strike several clothes lines, and land in a yard which separates the house in which he lives from a seven-story office building. He found the body of a young woman in the yard.

Detectives found that the office building was locked and that the door leading to the roof was barred. Finger prints of the young woman were found on the coping of the roof, indicating she had engaged in a struggle before she was finally hurled to her death.

NUMBER VIOLENT DEATHS IS LARGE

Thirty Six in Toronto During Month of October Recorded.

TORONTO, Oct. 31.—(Canadian Press).—Violent deaths in Toronto for October reached the high mark of thirty-six. Seventeen of these were due to sudden deaths. Three died from auto injuries, one was killed by train, two died from lockjaw, one suffered by gas, and another was crushed to death. Three died from burns, two from falls, one from an explosion, one from taking drugs, one was electrocuted and three committed suicide.

LORD HARINGE HAS RESIGNED HIS POST

PARIS, Oct. 31. — (Canadian Press.)—Lord Hardinge has resigned his post as British Ambassador to Paris. According to morning newspapers his successor is likely to be Sir George Grahame, now British Minister to Brussels.

TOM MOORE IS TO REPRESENT LABOR.

LONDON, Oct. 31.—(Canadian Press).—Tom Moore, of Canada, is among six worker delegates to the International Labor Congress elected to the governing body of international labor office, says a despatch from Geneva.

TORONTO CATTLE.

ROTARY-ANNES MAKE A HIT ON LADIES' NIGHT

Original and Clever Programme Provided for Most Enjoyable Gathering in History of Club.

AMUSING "STUNTS"

The members of the Peterboro Rotary Club are prepared after the success of last night's Ladies' night to swear that what Kipling really meant was that "the female of the species is more original than the male." The "Rotary-annes" took charge of the whole programme and the result of their efforts is best summed up in the verdict of one of the Rotarians "the best and most enjoyable meeting since the club was organized." It was a memorable night and there was not a dull moment from start to finish. Formality was checked with the hats and wraps and the gathering entered thoroughly into the spirit of one of the songs sung during the evenings:—

"Let other meeting be forgot
Let this one be the best
Join in the songs we sing to-night
Be jolly with the rest."

The affair was held in the Empress dining rom and the ladies took advantage of the Hallowe'en season to indulge in a decorative scheme of witches and black cats and pumpkins and bright coloured festoons to turn the room into a riot of warm colours Each guest found a bizarre paper hat at his or her plate and when these were donned the effect was to say the least striking.

President John Crane of the Rotary Club presided during the first part of the evening but after the enjoyable dinner had been disposed of with interludes of Kotary songs, he turned the meeting over to the ladies and Rotary-anne Mrs. Fred L. Roy took charge for the next section of the programme, which consisted of an unusual toast list in which various well known members of the Rotary Club were lampooned in a manner that was responsible for gales of laughter. These "tributes" were all paid in verse and cleverness had been shown in their preparation.

The second part of the programme with Rotary-anne Mrs. Claude H. Rogers presiding provided a most enjoyable list of vocal and instrument-(al numbers. Mrs. Walter Reesor of Lindsay, a vocalist with a rich and true soprano and a remarkable clearness of ennunciaton, sang two numbers and had to respond to an encore on each occasion. Rotary-anne Mrs. W. R. Widdiss and Rotary-anne Mrs. J. M. McHardy each contributed vocal solos in most excellent voice Rotary-anne Mrs. Peter Westbye elighted the gathering with a piano solo and a violin number cleverly rendered by Rotary-Anne Mrs. Percy Hooper was a thoroughly appreciated contribution. Miss Agnes Logan was the clever accompanist.

Here the ladies showed their keen

Cash Donations For Fire Sufferers Sent to Examiner Reach $770 Mark

The total of Peterborough's offerings contributed through The Examiner Office for the aid of the Northern Ontario fire sufferers last night had reached within a few cents of $770.00. This, of course, only represents a part of the aid rendered by this city, for sums which would aggregate a goodly amount have been forwarded through the various churches, the Red Cross, and other organisations, as well as a large amount of clothing, blankets, boots, food, and other supplies, a great part of which was collected and forwarded through the efforts of the Fire Department.

Peterborough's efforts must not stop here. Every cent that is contributed now will do more good than wo or even three times the amount if given later in the season.

The reason for this is easily seen. Money collected now can be judiciously spent to prevent a great deal of suffering which will prevail in the fire-stricken area during the winter months. If we wait until hardship, suffering, and want have fallen with full force upon these people, we will have to spend a great deal more to relieve their sufferings than it would have cost to prevent them.

The fortitude exhibited by these people in immediately shouldering the task of rebuilding their homes within a very few hours of the time the flames had passed over them that they are a type of people that neither the Province nor the Dominion can afford to lose. Their's is the spirit that has done more toward the building up of the nation than any other single thing. But the fact remains—if we are to keep them, we must help them to get back on their feet, and we must extend that aid immediately.

The Examiner will receive and forward any contributions toward this great cause. If you wish to give and are unable to bring your offering in person, a telephone message is all that is necessary, and a messenger will be sent to get it.

Wealthy Woman Kills Self in An Oklahoma Jail

TULSA, Okla., Oct. 31.—Mrs. Agnes C. Gessell, formerly a highly successful business woman, who accumulated a fortune estimated at more than $250,000 here, shot and mortally wounded herself yesterday afternoon while an inmate of the women's ward in the county jail. She died last night.

Held on a charge of insanity preferred by her mother, Mrs. E. S. Chamberlain, Mrs. Gessell, in a fit of despondency, jerked an automatic pistol from her bosom, placed the muzzle against her left side, and fired.

Mrs. Gessell was taken in custody by the sheriff when her mother reported that "her mind was impaired." The County Lunacy Commission was scheduled to hear the case Monday.

Mrs. Gessell is said to have been possessed of keen judgment in the handling of oil leases, and it was in this way that she accumulated a good sized fortune.

WINDSOR WANTS TO KNOW WHY HYDRO PUT UP CAR FARES

Threaten to Withdraw From the Commission Management If Explanation Refused.

NOW UP TO SIR ADAM

WINDSOR, Ont., Oct. 31.— In a letter forwarded to Sir Adam Beck yesterday, members of the transportation committee of the city council threatened to start a movement in the border cities to withdraw the street railway from the jurisdiction of the Hydro-Electric Commission, if the increase in cash fares scheduled to take effect to-day, is not held up until a financial statement is furnished thet council.

Two weeks ago Sir Adam Beck visited the border and informed municipal representatives that more revenue was required to meet the operating expenses of the street railway. The plan proposed was to charge a cash fare of six cents, but allow regular patrons of the line to continue to ride at five cents provided they bought a dollar's worth of tickets.

When the intention of the Hydro Commission to increase fares was brought to the attention of the city council, a resolution was passed asking that no increase be made effective until a financial statement showing the necessity of increased revenue was submitted.

Sir Adam Beck, Saturday, sent a telegram which was tantamount to a refusal to hold up the rate boost and the committee of the council in special session, yesterday sent a reply which concludes as follows:

"We realize that the Hydro Commission has power to adopt increased fares without reference to the city council, but, in view of the circumstances, we beg to inform that if this is not done our committee at the next meeting of the council will present a recommendation that steps be taken to withdraw from the Hydro management as soon as possible, under the Drury municipal electric railways act."

The border cities street railway system passed under control of the Hydro Commission in April of 1920, when the people voted against renewing the franchise of the D.U.R. and in favor of purchasing the lines.

RESTAURANTS VIE IN IMPROVEMENTS

Dominion Cafe Putting in New Front and Interior

Emulation has broken out among the restaurateurs to the advantage of carpenters and joiners and other tradesmen and the improved appearance of sections of the business streets. Louis' Cafe on Charlotte St., opens to-morrow in all its glory of new appointments and fixtures and the arts of decorators. Yesterday work was begun on the Dominion Cafe on George street, which will undergo extensive alterations including a front of marble, copper and glass, and interior changes which, it is reported, will put the Dominion in a class with the best in this part of the province. The plans were prepared by Mr. Wm. Barry and the new front is being constructed by Mr. T. Ephgrave.

Meanwhile the Home Lunch is sporting a new hardwood floor, and the restaurants as a class appear to be blooming to the satisfaction of the public who in public eating houses quickly respond to all the appearances of cleanliness and good taste, both in kitchens and window fronts.

KIWANIS CLUB WELCOMED THE BASEBALL MEN

Frank Yeigh Was the Speaker of the Day--"Do You Know Canada?" --A Large Budget.

VISITORS PRESENT

At to-day's Kiwanis Club luncheon the officers and members of the Canadian General Electric Company's baseball team were the guests of honor. President Frank Whitehouse presided and handled a heavy budget with skill and despatch. The first item on the programme was an oratorical reception to the officers and members of the C.G.E. baseball team, winners of the Intermediate championship of Ontario. Kiwanians J. Allen and Dr. E. H. Wood did the honors in this connection. Replies were made by Messrs. E. G. Patterson, R. Dobie, H. McFadden, president of the team, and the following players: Ray Rose, Walter Jackson and Bob Ross. The latter attributed the team's success to the harmony that prevailed and the players' ability to stay with the ship in spite of some of the adverse conditions they were obliged to contend with. Mr. E. G. Patterson thought the Kiwanis Club, together with other local organizations, might see that the team got a little better support next year.

Alex. Kay, who is a well-known figure behind the bat, said that Peterborough never won an Ontario championship until this year. Three years ago sixty players were engaged in organized baseball, and last year the number had been increased to two hundred and forty. This year a total of six hundred and fifty players were playing organized baseball, and Peterborough's share of the baseball honors had been two Ontario championships. Next year Mr. Kay has hopes of seeing another league in the ring to be known as the Bantams. He asked the Kiwanis Club to foster one of the teams. The maximum age limit will be fifteen years. Referring to the recent exploits of the Maple Leafs, who won the Midget championship of Ontario, Mr. Kay said it was interesting to note that all the playing members of the team were pupils of the public or separate schools until June 30th of this year, and not one of them exceeded the constitutional age limit. Mr. Kay said he was more interested in the juvenile players than the senior teams, and for this reason he would like to see a Bantam League next year.

Bert Petch, of Toronto, favored the meeting with a recitation that was of particular interest to the baseball fans present. It was something similar to "Casey at the Bat."

Alberta President.

Dr. R. L. King, president of the Kiwanis Club of Prince Albert, and a brother of Dr. D. C. King, of this city, was a guest at to-day's luncheon. Dr. King related some of the exploits of Kiwanis in the Western Province, and said that one of the aims of the Prince Albert organization was a Kiwanis Girls' Home.

Mr. Frank Yeigh, of Toronto, was the speaker of the day. "Do You Know Canada" was the subject of his remarks. With the aid of a blackboard the speaker figuratively illustrated the industrial and financial growth of Canada. The name originated with the Indians and was spelled "Kanada." The word Dominion was taken from Psalm 72. 8, at the suggestion of Sir Leonard Tilley. "Have Dominion from sea to sea." Of the eight million people residing in Canada, the English-speaking section come first numerically, the French second and the Ukaranians third.

It has been freely predicted that within the next ten years, the foreign population of Manitoba will predominate. For the past few years the trend of immigration has been downward. Last year only ninety thousand newcomers entered Canada.

Manufacturing Statistics.

The manufacturing industry of Canada manufacturcs four hundred different lines and goods are shipped to forty different countries. Three and a half billions of dollars are invested in manufacturing. Six hundred thousand men are employed in all lines of manufacture and of this

LOST — VALUABLE GOLD WRIST WATCH. EITHER AT CONCERT IN CONSERVATORY HALL LAST FRIDAY NIGHT OR ON HUNTER STREET; VERY MUCH TREASURED. HANDSOME REWARD OFFERED FOR ITS RECOVERY. APPLY MRS. MAURICE PARK, 587 GEORGE STREET. 'PHONE 1848J. 2d-104

MISCHIEF NIGHT

Hallowe'en, when it started far back in the mists of time, was th enight when evil spirits were supposed to flock out of hiding and roam the earth, marauding and destroying.

After many centuries we see the work of the evil spirits inherited and ably handled by Willie, Tom, Pat and the rest of the youthful "gang."

It illustrates how next to impossible it is to get a custom or superstitition out of the human brain, once it gets there.

On the ancient agricultural calendar, Hallowe'en was a sort of New Year's Day. Harvest was over and the landlord called for his share of the crops raised by tenant farmers.

It was custom for him to arrive late in the evening and make merry at such pastimes as cider drinking and apple bobbing. When the fun was over and the landlord got down to business, it was early morning of Nov. 1.

Probably this is why the first of the month is rent-paying day, instead of the 15th or any other date that would be just as logical.

Time was, when Hallowe'en was less a night of deviltry and more a night of hospitality, good fellowship, roaring fireplaces, good things to eat and drink, and delightful superstitions such as walking down cellar stars backwards, carrying a candle and a mirror, in which "her" future husband's face might appear.

The world never has enough of hospitality and goodfellowship. Let's revive it, this Hallowe'en, and make the night of witches and goblins jovial as well as prankful.

A FLEET OF POLICE AUTOS TO PROTECT PROPERTY TONIGHT

Harmless Hallowe'en Frolicks Will Be Allowed, But Merry-Making Young Folks Must Not Carry Their Pranks Beyond Reasonable Bounds

POLICE CHIEF IN A REMINISCENT MOOD

Five automobiles and a motorcycle manned by policemen will patrol the city to-night to keep the celebration of Hallowe'en within the law. All the witches and other mystic spirits who have been busy for a week past fashioning their symbolic vestments for the annual frolic are assured of reasonable latitude for their fun and pleasure on this occasion.

Chief Newhall emphasized the fact that the motor fleet with which his department are specially provided are not intended to harry and alarm the young folk or to interfere with their amusement, but to protect property and to restrain the more exuberant spirits who may be inclined to carry their pranks beyond the unwritten bonds which every boy understands by intuition and experience.

The motor fleet will enable the police to cover the city thoroughly, and the celebrants are given full and fair warning that misdemeanors and depredations will not be tolerated. Chief Newhall will be most satisfied with a clean sheet to-night, but those who start out to cause trouble and annoyance to residents will run a greater risk of arrest than in other years when the police lacked the mobility which motor cars give them.

Reminiscenses of the Past.

Chief Newhall realizes that the manner of celebrating Hallowe'en has changed vastly within the past decade. In a reminiscent mood he can recall the period when the morning of November 1st presented many temporary changes in neighborhood scenery. That was in the days before Hallowe'en was feminized as most affairs are to-day, and even careless parents considered it dangerous for their daughters to venture out the night before. It simply wasn't done. Girls' place was then definitely in the home, especially on Hallowe'en. However, it is a question whether they wouldn't have been just as safe in the old days as they are now. The affirmative in such an argument could muster a strong case.

Two or Three Chases.

Hallowe'en was a flat and tame adventure ten or fifteen years ago if the "teenage" neighborhood gangs didn't get two or three "chases" during the night, and the supreme achievement was to be kept continually on the run. Some of the gangs especially among the older crowd, performed feats of strength and labour that deserved better employment. It was not unusual for them to hoist a buggy to the top of an electric light pole and hang it by one of the wheels to the iron peg below the seat provided for the light trimmer to sit while changing carbons. A waggon was hauled up to the cottage roof of a two storey empty dwelling, and however difficult must have been the work of getting it up there it was even a harder task to get it down again, and it remained fixed along the ridges until the owner devised a scheme of recovering it intact.

Turned Cattle Loose.

Turning cattle and horses loose and driving them off into the country was another stunt that deserved about 'thirty days,' but lesser offences was the decorating of lamp posts with verandah chairs and other outdoor furniture. A special prank for terraces was to loop a long rope around the knobs of the front doors, and as soon as they were all quietly hitched up the gang knocked almost simultaneously on each door and then hid behind trees enjoying the fun of watching the occupants pulling against each other as they tried to open wide the doors.

Back Yard Activities.

Back yard activities were planned and carried out by the most daring of the gangs, but opportunity in that field has been steadily declining before the inroads of "modern conveniences.' In these latter years Hallowe'en has known comparatively little destruction of property. Fences are no longer in vogue, and cement walks have displaced the stretches of boards, most of them laid in the array of slats, leading to verandahs. Both of these properties invited a heave or yank, "all together and away with it."

The ardent spirits of 1910 and beyond that rarely considered the Hallowe'en parties that will be everywhere in the land to-night. There was too much on foot elsewhere, and this night came but once a year. Since the girls took a hand in it the celebration of Hallowe'en has been "elevated." Where the girls are, "rough stuff" is of course taboo. The proprieties are observed, and the attention of the police are required only for a remnant of unregenerate "loutish boys" who prefer to hive alone on mysterious enterprises. However, they are a diminishing minority, for where the celebrating witches are in these times there you find the majority, with the attendant boys only second-rate imitators. One result has been the emerging of the little folk, elves and pixies to whom Hallowe'en must be indeed an exciting adventure during the short hour they are allowed out.

British Yards Offer To Build Ships at Cost

LONDON, Oct. 31. — Shipbuilding at cost is said to be the basis on which the British yards are willing to work in order to get orders. British owners of vessels, however, apparently do not find the offer so attractive as it sounds, for they declare that because they can place many orders for new steamers the cost of building must come down by 30 per cent. Seventy-five per cent of England's shipbuilding capacity is idle. Prospects seem to be brightening, however, for it is reported that inquiries which precede contracts for new boats are increasing.

BELLEVILLE GIRL AWARDED CROSS FOR SAVING CHILD.

BELLEVILLE, Ont., Oct. 31. — Margaret Blaind, fourteen-year-old daughter of Mr. Ernest A. Blaind, of this city, has been awarded the silver cross of the Girl Guides' Association Canadian Council, for saving a child from in front of a train on the C.P.R. track in West Belleville last June. A public presentation will take place in a few days.

A WAR WIDOW IS PREFERRED IN MARRIAGE MART

Canadian Girls Cannot Compete With State—Dowered Attractions of Victima of Late World Struggle.

READY-MADE HOMES.

One of the matters which is engaging the attention at the present time of those people who consider matters, is the light of marriageable girls whose matrimonial opportunities, so they say, are being prejudiced by the state-dowered attractions of war widows. It seems the widow, already with one notch on her bow, is enabled by state financial support to capture a second husband with appaling ease. Up to June last, in England, nearly a third of that country's war widows had found solace in husbands, and of 236,000 women on pensions, 74,000 had re-married. In Canada, in six years 3,251 war widows from a total of 13,000 have re-married, making the second marriages almost twenty five per cent. of the whole and a contemporary remarks that analysis of the figures might cause more tears among Canadian girls, for 809 of the war widows were from England or the United States.

The romance of the second marriage is removed almost entirely by the declarations of Government officers, who say that the $720 state dowry is the reason why men find the widow's veil more attractive than a "marcelled bob." Each pensioner on marriage receives the amount of a year's pension, and afterwards no more money from the Government.

Then, too, it is argued, practically all the widows have ready-made homes, the marital provision of their first bridegroom.

It is regrettable to relate that most of them rue the second venture. This is discovered from the number who re-open communication with the Government to inquire if they cannot be placed on the pension lists once more. The time that elapses before they repent have been calculated by some cold-blooded statistician to be about the same period when the $720 would have dwindled to zero.

And departmental heads wag wisely at the vanity of woman in passing up an assured income for the advantages which only her eyes can see.

Of course, it is not always so. One woman applied for pension within a day or two of her husband's death.

"At last the brute is dead," she wrote, "and I can now marry the man I have wanted for five years."

FORTIETH ANNIVERSARY OTONABEE LODGE I.O.O.F.

Local Oddfellows Will Celebrate on December 8

The meeting last night of Otonabee Lodge No. 13 I.O.O.F. was of unusual interest, with visitors present from Niagara Falls, N. Y., Kingston, Stratford and Havelock.

Three candidates were advanced, and made full fledged members of the Order, and a splendid luncheon served after the meeting.

Otonabee Lodge will celebrate its fortieth anniversary on December 8.

GENUINE TESTIMONIALS

SNOW FAILS TO HALT PLANS FOR ELECTION CAMPAIGN IN ENGLAND

Women's Vote Is Very Uncertain But Is Sure to Prove a Big Factor in the Elections.

SOME SPEAKERS.

LONDON, October 31. Canadian Press. — Although snow has appeared even as far south as London, open air election meetings in many ridings, especially in the metropolis, start this week.

Yesterday was pretty blank except for surmises. The truth is that election excitement thus far has been confined almost exclusively to the committee rooms and political clubs with of course a big scramble for tickets when one of the leaders is to speak.

Drury Lane Theatre on Thursday, when Premier Bonar Law is to speak there to women could be filled four times over with applicants for tickets.

"Beware of death-bed repentances and promises," is the main line of the women's liberal federation manifesto issued yesterlay which points out that the Conservatives in the last Parliment outnumbered all other parties consequently it was childish for them to plead that they did not have a fair chance under Lloyd George.

If Viscount Grey of Fallodon were in the foreign offices, declare the women Liberals international confidence and belief in Great Britain, which "has been so seriously jeopardized," would return.

The mnifesto is interesting because the women's vote is a most incalculable factor. It is generally supposed that they incline to Toryism.

C. A. McCurdy, the Coalition-Liberal whip in the last Parliament, cautiously describes himself to the Northampton electors as "the people's candidate." It is not expected that a Conservative will oppose him.

H. H. Asquith, leader of the Independent Liberals, went to Paisley yesterday accompanied by Mrs. Asquith, Mrs. Asquith is not expected to participate much in the present contest.

Lord Birkenhead's vehement attack at the big Glasgow meeting on Saturday on the members of the late government who adhere to Bonar Law, has created much discussion in popolitical clubs in London.

Lord Birkenhead is said to have raised a laugh which lasted ten minutes when he related the story about the Duke of Wellington who when reviewing some untrained levies, said —"I don't know what the enemy thinks of them, but by God they frighten me!"

Sir Frank Swettenham, the well-known writer, yesterday questioned whether it is in the best of taste for men going out after a long tenure of office to claim a monopoly of administrative ability and declare their successors to be very poor things. Swettenham wonders what Wellington said of those untrained levies after they had seen active service.

Mr. Poultryman :

Now is the time to decide whether you intend making those hens of yours pay a dividend this winter or not,

Don't blame the hens buy

In any size bags.

SOME FISH STORY

The following fish story, although late in season, was printed in the Shoe and Leather Journal recently in connection with the fish nearly caught at Buckhorn during the past season.

The shoe trade has always been noted for its veracity particularly in connection with fishing stories, consequently in publishing the following report, we must emphasize that Mr. W. A. Babcock vouches for the story only.

It appears that Mr. W. J. Bartlett of W. H. Bartlett & Son, of Brampton, Ont., spent his vacation 'way up in Buckhorn 'mongst the Kawartha Lakes. Shortly after his return an item appeared in the local paper stating that Mr. Bartlett had been fortunate enought to catch a 6¼ pound black bass that measured 23¾ inches long—but it got away. The story seemed to go over fine until some other fishermen arrived home with wonderful tales. Mr. Bartlett was asked how he knew the exact weight and length of the fish when it got away.—"An old fisherman" stated Mr. Bartlett, "is always prepared for such emergencies. I carry a yard rule nailed on the edge of the boat and a set of scales in the rear. Well, the chap I captured on the end of my line fought like a good fellow. Finally he made a run and jumped clear of the water landing on the rule. A quick glance showed me the length—23¼ inches. Another flip and he was on the scales which he tipped at 6¼ pounds Before I had time to grab him he was back in the water"—but it was some fish—story.

LATE SAMUEL DEWELL WAS HONORED IN DEATH.

Representative Citizens Attended Funeral at Manvers.

(Contributed)

On Friday, October 20, there passed to the great beyond, after a long and painful illness, borne with christian fortitude, one of most respected citizens in the person of Samuel W. Dewell.

He was born in Clarke Township, 62 years ago, where he grew to manhood; moving to Manvers in 1875, where he had resided continuously since. He married about 35 years ago Miss Eleanor McMillan, who predeceased him about two months since. Left to mourn the loss of a kind and loving father, is Miss Gertrude, an only child, to whom the love and sympathy of the entire community goes out in a marked degree.

The funeral on Sunday was another striking evidence of the esteem in which the late Mr. Dewell was held; being under the auspices of the Orange Order to which the deceased belonged. Over one hundred members attending.

Following a private service at the family residence the remains were escorted to the Methodist church by Orangemen and relatives. The Rev. Mr. Beckel, pastor, conducted the service, assisted by the Rev. Jas. McMullen, brother-in-law of the departed. The service was a simple and deeply impressive tribute to an honorable man who loved simplicity. The floral offerings were many and beautiful.

The citizens generally feel that a good and upright man has gone from their midst, and his loss will leave a vacant place in the community that will be hard to fill. But—

The stately ships go on,
To their haven under the hill
But, oh! for the touch of a vanished hand,
And the sound of a voice that is still.

Interment took place in Graham's Cemetery.

Missionary Seized By Chinese Bandits

SHANGHAI, Oct. 31.—(Canadian Press.)— A bandit army that looted and partly destroyed the town of Shangtsaihsien, province of Honan, Saturday night, carried off H. E. Ledgard of the China Inland Mission and other missionary workers, according to advices received here from Hankow.

Madam Ledgard and her child eluded the marauders and escaped.

LAST POST FUND IS WELL ESTABLISHED

A Provincial Board With Headquarters in Toronto Will Be Formed to Look After Ontario Matters.

MONTREAL, October 31. Canadian Press. — Considerable progress towards establishing the Last Post Fund, throughout the Dominion has aready been made, as shown in a report made to the executive by A. H. D. Hare, Dominion organizing secretary, who has recently returned from a tour in Ontario. This tour included Toronto, Windsor, London, Hamilton, Kingston and Ottawa and as a result practical steps have been made towards direct representation in various forms.

It is the intention to form a provincial board to assume charge of matters in Ontario and this will be placed in Toronto, where effective steps have been taken towards the organization. There will be a branch in London and direct representation from Windsor. Hamilton will, it is anticipated keep with Toronto.

In Kingston, Major General J. H. Elmsley, General Officer, commanding the military district, has consented to act, and in Ottawa, G. H. Brown, of the Department of Records, will be the representative.

The government has allotted to the Ontario board $1000 for the work and this sum has been placed in the hands of the trustees.

At London the Army and Navy Veterans handed to the care of the Last Post Fund two lots held by them in the Roman Catholic and Protestant cemeteries.

How Fat Actress Was Made Slim

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling fat. One clever actress tells that she reduced steadily and easily by using thisn ew form of the famous Marmola Prescription Tablets several times a year, keeps her weight just right. All good druggists sell Marmola Prescription Tablets at one dollar for a case, or if you prefer you can secure them direct from the Marmola Co., 4612 Woodward Ave., Detroit, Mich. If you have not tried them do so. They are harmless and effective.

SIR GEORGE RHODES MARRIES.

LONDON, Oct. 31.— (Canadian Press.)— Mrs. Diana Morgan Hill, widow of H. Morgan Hill, of Washington, D.C., was married to Sir George Rhodes at noon yesterday, in St. Mary's Catholic Church. Sir George and his bride, after a honeymoon in Scotland, will make their home in London.

Sir George Rhodes, who is sixty years old, is the father-in-law of Ian MacPherson, who was Minister of Pensions in the Lloyd George Cabinet.

AUCKLAND GEDDES DENIES REPORT HE IS RESIGNING SOON

Ambassador Says Certain Sections of the Press Seem to Know More of His Plans Than He Does

NOW AT OTTAWA.

OTTAWA, October 31 (Canadian Press). — That certain sections of the press in several countries appeared to have more information about his plans than he had himself, was the statement of Sir Auckland Geddes, British Ambassador to Washington, during an interview he granted to the press at the Governor-General's office yesterday afternoon.

Sir Auckland was asked as to the report that he was about to resign.

"I have read the statement with interest myself," said the Ambassador. "It appears about once a month, I think. If repeated often enough, it must come true some time, but at present I know nothing about it."

A somewhat similar answer was given to the report that he had opposed the appointment of a direct representative at Washington by the Canadian Government. "I first learned of it in a French newspaper," said Sir Auckland, "then it reached Canada apparently, and was later cabled to the British newspapers quoting Canadian newspaper comments."

Discussion of the British political crisis was taboo. An Ambassador, Sir Auckland explained, was a representative of his King rather than of any Government. At the same time, he represented each of the component parts of the Empire just as directly as he represented the British Isles.

"There is no more reason for me commenting upon the situation in the British Isles than if a similar situation occurred in India or South Africa," Sir Auckland said.

Speaking of the United States regulations governing the seizure of alcoholic liquors aboard ships within the three-mile limit, Sir Auckland pointed out that this was a question of extreme importance to all nations concerned. The Doherty regulation was sub-judice, the matter having been referred to the higher courts, and until there was a definition by the highest legal authority laying down the laws, there was nothing which could be done in the way of diplomatic representations.

Sir Auckland leaves Ottawa tonight, and will return via Toronto, stopping at St. Catharines for a few hours, where his son is attending Ridley College.

Vigorous Steps to Deal With Robbers

WINNIPEG, October 31 (Canadian Press). — Coupled with the announcements that the Provincial Police are to have the close co-operation of United States Secret Service men, Acting Commissioner George Smith, of the Provincial Police Force, announced a vigorous policy in dealing with any further attempted bank robberies, and has issued instructions to his men to "shoot to kill."

A policy of law enforcement has been laid down, stated Commissioner Smith, which will be filled to the letter, and a system of close co-operation with the city, Mounted, and United States police forces maintained.

Beyond stating that the "shoot to kill" order had been issued, he refused to give details of the new policy.

FREEDOM FOR VOTERS.

PLYMOUTH, Oct. 31.— (Canadian Press.)— "I am not trying to take away anyone's beer; I want to give the voters freedom to control the drink trade."

Thus speaks Lady Astor in an election address issued yesterday in which she denies that she desires to impose prohibition on the people by smoe Act or Bill.

AIRSHIPS COLLIDE.

HONOLULU, Oct. 31.— (Canadian Press.)— Lieutenant Thomas V. Hynes and Sergeant Ross Owens, Sixth U. S. Pursuit Squadron, Luke Field, were killed, and Captain T. W. Allen and Lieut. A. F. Hebbard, Schofield Barracks, were injured, when two army airships collided yesterday.

TO SIGN TREATY.

MADRID, Oct. 31. — (Canadian Press.)— A commercial treaty between Great Britain and Spain will be signed this evening. Minister of Foreign Affairs Prida will sign for Spain and Sir E. Howard, the British Ambassador, for Great Britain.

ITALY REPORTS MANY CLASHES WITH FASCISTI

Several Deaths Reported on Both Sides—Postal, Telegraph and Other Government Offices Are Seized.

PACIFIST MOVEMENT.

ROME, Oct. 31. — (Canadian Press.)— Clashes between Fascisti and Communists are reported from various towns throughout Italy.

At Genazzano, during the funeral of a Fascisti killed Sunday by Communists, the victim's comrades recognized his murderer and pursued and killed him with revolvers.

At Palestrina, a fight occurred between Fascisti and Communists, in which four were killed, one of whom was a Fascisti.

Fascisti invaded a railroad men's club at Genoa and later forced their way into the offices of the Prefecture. In a collision with the police four of the Fascisti were wounded, one dangerously.

During a fight with carabineers at Bologna, two Fascisti were killed and one gravely wounded. Later a sergeant of the Royal Guards was killed and another seriously wounded.

From almost all other cities throughout the country come stories of enthusiastic demonstrations upon the occupation of the government offices by the "Black Shirts."

At Faenza, forty Fascisti occupied the Prefecture and took over the postal, telegraph and all other governmental offices. The same thing occurred at Verona where, during the re-occupation of the offices by the military, one Fascisti was killed.

LONDON, Oct. 31.— (Canadian Press.) — British official quarters look for no important change in Italy's foreign policy under the new regime, and are confident that the re-constituted government in Rome will maintain the friendliest relations with Great Britain.

News despatches from Rome have emphasized the entirely pacific character of the movement, the keynote of which is given as loyalty to the throne and devotion to the cause of national reconstruction and prosperity.

The Fascisti element in the new cabinet, it is believed, will be balanced by the inclusion of members of the Popular, or Catholic, Party, and Mussolini's presence in the government is expected to exert a moderating influence upon his followers throughout Italy.

The Turkish peace conference at Lausanne is not likely to be effected by the change at Rome, and the delegates from Italy are expected to be on hand when the meeting opens.

SPLENDID SYSTEM IN MARYLAND.

Patrolmen in Maryland are requested to report to the state Highway Department the location and cause of every accident that occurs on the State roads. This information acquired in this way is used by the department as a guide in the planning of improvements which will reduce the accident hazard. When numerous accidents are found to occur at any point, the dangerous feature is eliminated, even at considerable expense.

Mayor and Aldermen Committed For Trial

VICTORIA, B.C., Oct. 31. Canadian Press. — Magistrate C. Jay, committed Mayor W. M. Marchant and three aldermen, E. S. Woodward, D. S. Leening and R. W. Perry, for trial by a higher court on a joint charge of disobeying a provincial statute. Bail was allowed. They were charged with payment of part of Police Commissioner Stanead's expenses to a conference of police officials in New York.

SEEK CONTROL OF RADIO TELEPHONE

Western Provinces Ask For Transfer of Authority From Dominion to Provincial Hands.

WINNIPEG, October 31 (Canadian Press). — Seeking control of radio telephony, executives of the Western Provinces Government Telephone systems will recommend through the Minister of Telephones to their respective Legislatures, the transfer of authority from the Federal to the Provincial Governments of the enforcement of the Radio Telegraph Act dealing with radio telephony.

The recommendations of the Manitoba, Saskatchewan, and Alberta Government telephone systems are identical, and the recommendations asp for the authority for the issuing of licenses for transmitting or receiving stations for radio telephony to be vested in the Minister of Telephones. Stations would be licensed by the Provincial Governments, and 50 per cent. of the license fee would go to the Dominion Government.

Restrictions of the forwarding of commercal messages by broadcasting stations, and that no commercial licenses be granted except under the charter issued by the Province concerned, is favoured by the executives of the three Government telephone systems.

HEAVILY JEWELED BAGS TEMPT PARIS THIEVES

PARIS, Oct. 31. — (Associated Press)—The latest handbags being carried by ultra fashionable women in French society are well worth the attention given them by the skilled purse snatcher.

One seen at the Casino at Deauville recently was made of fine platinum chain work crossed by eleven parallel rows of diamonds, the frame heavily set with large diamonds.

Platinum or gold frames, with large emeralds or rubies for clasps are common, and all have costly fittings monogrammed in jewels. One model seen was of black moire silk with wide platinum frame incrusted with brilliants, a very large pearl forming the clasp.

TO RELEASE SCHOONER.

NEW YORK, Oct. 31. —(Canadian Press.)—United States Attorney Hayward said yesterday that he had received instructions from Washington to release the British schooner Graze and Edna, seized several weeks ago, eight miles off the Jersey coast, while she was alleged to have been engaged in delivering cases of liquor to the tugboat Micken.

ALL FLAGS FLY AT HALF MAST IN LUNENBURG

The Whole City Mourns As Victorious Sailors Return With Body of Their Dead Comrade.

WAS DROWNED.

LUNENBURG, N.S., October 31 (Canadian Press). — With her flag at half-mast, the Canadian destroyer Patriot arrived here yesterday from Gloucester, Mass., with the body of Captain "Bertie" Demone, member of the champion Bluenose crew, who was drowned at the American fishing port on Thursday night last.

Captain Angus Walters, of the Bluenose, uncle of the dead man, and H. R. Silver, of Halifax, accompanied the body.

The crew of the destroyer stood at attention while the casket, draped with the British ensign, and containing the remains of the late fisherman, was borne ashore on the shoulders of eight of the Patriot's sailors.

It was taken from them by eight members of the Bluenose crew, and placed in a waiting hearse.

The crew of the vessel accompanied the remains to Captain Demone's late home.

All flags in Lunenburg are flying at half-mast.

ALSACE-LORRAINE TALKS OF AUTONOMY

Prepares For International Conference at Early Date.

KOLMAR, Alsace, Oct. 31.—(Associated Press). — Automony and neutrality for Alsace-Lorraine is the moving spirit behind preparations which are being made for an international conference to be held here. It is expected that a number of delegates will come from America, especially Alsatians living there. Friends of the movement are to be invited also from Switzerland, England, Denmark, Italy, Sweden, Norway, Holland, Spain, and other countries.

At a recent meeting in Kolmar of persons interested in the project, it was unanimously decided that the proposition for automony and neutrality should be placed before the League of Nations. The censensus was, however, that support should first be assured in such lands as the United States and England and in countries which were neutral during the world war.

Speakers at the assembly, particularly those coming from agricultural districts, voiced opposition to the French administration. They cautioned at the same time against "sighing for the Prussian spiked helmet."

NUMBER OF AMERICANS IN MEXICO ARE REDUCED

MEXICO CITY, Oct. 31.—(Associated Press)—Spaniards lead in numbers in Mexico City's population with 12,053 as against the French who are second with 2,652. Americans number 2,382; Germans 1,223 and 610 British. It is estimated that there are about 8,000 Americans now in Mexico as compared to 25,280 in 1910.

TUESDAY, OCTOBER 31, 1922.

A PERIOD OF SILENCE.

His Majesty the King has requested that everywhere throughout the British Empire a solemn silence of two minutes, commencing at 11 o'clock on the morning of Armistice Day, shall be observed as a tribute to the memory of the British dead.

That means, of course, on the actual anniversary on November 11th.

Here in Canada, under the mistaken impression that a week-end holiday caused less interference with business, and therefore counted for more in the opinion of the people than mere sentiment, Armistice Day has been telescoped into Thanksgiving Day, and Canadians are supposed to observe November 6th as the anniversary of the signing of the armistice.

The change should never have been made.

Organizations like the G.W.V.A. declare that they are utterly opposed to the celebration of Armistice Day on any other date than November 11th, and the local branch of the Veterans state that after this year they will observe the real anniversary, no matter what date may be selected by the Government.

Canadians should not forget that while Monday next is being observed as Armistice Day, the King's request for a period of silence refers to November 11th, and should be loyally carried out.

It is an impressive and yet simple tribute to the memory of those who gave up their lives for the Empire.

PRICE-FIXING.

The Oshawa Council, although it has troubles enough on its hands in the report of the Government auditors condemning the town's financial methods, has found time to discuss the appointment of a fair price commissioner, finally rejecting the proposal.

It seems there have been charges that Oshawa merchants are charging too much for their wares, as compared with prices prevailing in Whitby and Bowmanville.

That may be quite true, but it is difficult to see how the proposers of a fair price commissioner expected that such an appointment would materially help the situation.

The commissioner would have no authority to fix prices. All he could do would be to collect information and keep the public informed as to what he considered fair prices.

Publicity might, of course, help to cause a reduction here and there, but generally speaking, the consumer would find little relief.

The Oshawa Aldermen, in deciding against the appointment of a fair price commissioner, were hardly consistent, however, for they have asked the Provincial Fuel Controller to fix a price for coal, and that is being done this week.

Coal has been selling in Oshawa at $18 and $20 a ton, and the Fuel Controller is quoted as saying that there is no reason for such prices.

A number of Eastern Ontario municipalities have taken advantage of the Fuel Controller's services, while others have adopted Peterborough's policy of trusting to the honesty and fair-mindedness of the dealers.

THE FLOWER OF REMEMBRANCE.

The French poppy has in all parts of the British Empire been adopted as the flower of remembrance, and everywhere on the unforgetable anniversary of the end of hostilities should be worn by every loyal Briton.

In Canada the Great War Veterans' Association has made it easy for every one to wear at least a replica of the flower, for silken poppies, manufactured by disabled Canadian soldiers, will be placed on sale on the streets, the proceeds to be devoted to relief work among veterans and their families and among the widows and children of the men who did not come back.

Peterborough will have its Poppy Day on Saturday, and the citizens are asked not only to purchase poppies but to wear them on Sunday, when a memorial service is to be held, and again on November 11th, the real anniversary of the signing of the armistice.

There are two great objects to be served. In the first place, the wearing of a poppy will help to keep fresh the memory of the Canadians who form the eternal guards in the battlefields of Flanders in France, and, secondly, a fund to alleviate distress among veterans and dependents is created.

Lord Byng's memorable words, "Remember the dead by helping the living," will be recalled by many on this occasion.

"They sleep, where they fell, at their duty,
And as there's a just God above,
He'll open His arms to receive them
And bless them with infinite love.
And we who remain must remember
We're pledged for the rest of our lives
To care for the widows and orphans
Of these men who gaves us their lives."

PUBLIC APPOINTMENTS.

If the municipal, Provincial and Federal Governments do not set the example by giving genuine veterans a chance to fill vacancies that may occur, private employers cannot be accused of breach of faith if they too fail to realize that the men who fought have claim upon their sense of gratitude, and the veterans themselves have a right to feel that the promises that were made to them when they went away were mere "scraps of paper."

The Examiner called attention to a local case of this kind the other day.

Unfortunately, it is not an isolated one. Municipalities have been just as guilty in this respect, and there is reason to believe the Federal Government would have difficulty in clearing itself of a similar charge.

Complaints are made by responsible representatives of the returned soldiers that the soldiers' preferential clause in the Civil Service Act is more or less of a dead letter.

They declare that at least fifty men have been issued certificates of appointment by the Federal Civil Service Commission, and that the Post Office Department has so far failed to recognize any of these appointments.

The case of the postmastership at Brussels, Ont., is a typical one. Three months ago C. R. Coulter, who lost an arm while on active service, received his certificate of appointment as postmaster. The appointment is still without sanction from the Postmaster-General, despite vigorous protests and the resignation of two female clerks.

Charges of this kind deserve an explanation, for the majority of Canadians feel that where other qualifications are equal, ex-service men should be given every chance in appointments to the public service, whether in the municipal area, under the jurisdiction of the Province, or in the Federal field.

COME DOWN TO EARTH.

From my office window I see five men on top of a neighboring building. They are putting on a new tar and gravel roof. One of the men smears the liquid tar on with a big brush. Another scatters the gravel with his shovel. Two of them are sparring with each other over at one side. The fifth sits on a pile of sacks filled with gravel to keep them from being blown off the roof, I guess. Five are being paid by some one for the work two are doing.

Yet we wonder what's the matter with the world to-day!

* * * * * * * *

The other day I stepped in at one of the clubs in town. Up in a card room seven well-known men were seated around a table, playing poker: two presidents, a vice-president, an advertising manager, and a lawyer. It was half-past 2 in the afternoon.

Yet we wonder what's the matter with the world to-day!

* * * * * * * *

Across the court from my office I see a young typewriter salesman sitting with his feet on his desk, and puffing away at a cigarette. He seems to be meditating. Probably he is wondering where business has gone to. My typewriter is about ready for the junk heap. If an aggressive salesman were to call on me to-day he could probably sell me a new machine.

Yet we wonder what's the matter with the world to-day!

* * * * * * * *

The building across the street is being painted. The scaffold is swung at the third floor. Two painters spend nearly thirty minutes getting ready to go to work. Finally they are comfortably seated. At every sound from below — the honk of an automobile horn, the squeak of somebody's brakes, the call of the nswsboy—they stop work and look down. There is a fat fellow leaning against a lamp post watching them. I guess he is the foreman. Half an hour before quitting time they begin to get ready to quit.

Yet we wonder what's the matter with the world to-day!

* * * * * * * *

A banker passes by at 11.15 each morning. Comfortably enclosed in his limousine he is going in the direction of his place of business. Perhaps he goes each day to call on customers in the outlying districts. Perhaps he thinks it won't make much difference when he reaches his desk. Perhaps.

Yet we wonder what's the matter with the world to-day!

* * * * * * * *

There's a bobbed-hair stenographer in somebody's office across the street. When the boss isn't looking, she fusses with her hair, puts her lips before a little hand mirror, and daubs at her cheeks. When he goes out she doesn't work, she doesn't read, she doesn't knit. She just sits and sits.

Yet we wonder what's the matter with the world to-day!

* * * * * * * *

The day was warm. A young man stopped his car out in front to adjust his carbureter to the marked change in temperature. Within five minutes it was necessary to call the police to clear the street and the sidewalk.

Nearly a hundred people were more vitally concerned with watching a young man adjust his carbureter than with going about their business.

Yet we wonder what's the matter with the world to-day!

* * * * * * * *

A friend of mine has a patented automobile accessory which every one says is a "gold mine." For four years now he has been trying to get some manufacturer to adopt it as a standard equipment.

When I suggested to him that there were already 7,000,000 car owners who were good prospects, many of whom would buy if given the opportunity, he said: "Oh, I know that; but it's too much work."

Yet we wonder what's the matter with the world to-day!

—Frank A. Knapp, in "Trained Men."

EDITORIAL NOTES AND COMMENT.

Wear a poppy on Armistice Day.

Armistice Day is the day of remembrance for ex-service men, and the Flanders poppy has been adopted as the "flower of remembrance." Every citizen of Peterborough should buy one on Saturday.

As a Hallowe'en suggestion, it should be remembered that it may be easier to take the verandah furniture in to-night than find it to-morrow morning.

The world as we see it to-day is largely what politicians and statesmen have made it. Is it not time for the business man to take a hand? is the timely query of C. P. Scott, editor of the Manchester Guardian.

The Canadian General Electric Company is considering moving its various plants from Toronto to locate at Peterborough or some other smaller industrial centre, where taxes are on such a basis as not to stifle successful operations. This should be an encouragement to the smaller cities to keep their municipal finances in shape so that workmen can live on wages which will encourage the location of manufacturing plants and industries will not be taxed to death to finance civic extravagance.—The Financial Post.

Another Provincial election will give the people another chance to show that they don't care whether they vote or not.

It is clear that whatever else he may do, Bonar Law will never succeed in matching Lloyd George in the manufacture of picturesque phrases.

With some marksmen a man who is mistaken for a deer in the woods has a better chance than otherwise.

The man who sends a Palm Beach suit to the Northern Ontario Fire Relief Committee is not the type of citizen who adds much to the community in which he lives.

"Bringing Up Father"

One of the first essentials in the proper "bringing up of father," is to see that he has a good watch.

It is positively hopeless to expect any man who is always too early or too late—always at sea as to "how the time is," to be his best or do his best.

For his sake, your sake, and incidentally our sake, your first duty is to see that he has a "Schneider Bros." watch.

Price should be no serious obstacle—In silver case from $12.00—best gold-filled from $15.00—in solid 14K. from $40.00.

Guaranteed, of course.

If a drunk car driver kills a little girl, that's an accident; if a sober Turks kills one, that's an international incident.

VOICE OF THE PEOPLE

To the Editor of the Examiner:

Sir—The next Provincial election now near at hand as announced by the Prime Minister will be a fight to a finish over the O.T.A. It will be the only issue at this coming election and it would be well for the O.T.A. supporters to get their man ready. The great day is coming when all private rights will be done away with and only the public good considered. Then we will not have people riding around in swell autos while the poor have not enough to eat and to wear which is a far greater crime than the drink evil, and should be treated in the same way. The greatest change in a thousand years is coming soon. Perhaps it is the millennium.

HOLD ANNUAL REGATTA IN BELLEVILLE WATERS

TORONTO, Oct. 31.—(Canadian Press.)— At the annual meeting of Lake Yacht Racing Association, held here, it was decided to hold the annual regatta for 1923 at Big Bay, near Belleville, under the auspices of Bay of Quinte Yacht Club on August 1, 2 and 3. Regatta will be preceded by Freeman long distance cup race from Toronto to Cobourg, starting on July 21th.

"My Heart Would Palpitate, I Had Weak Spells"

Mrs. L. Whiting, 202 King St. West, Brockville, Ont., writes:—

"I took very sick with my nerves and stomach, and seemed to be all run down. At times my heart would flutter and palpitate so and I would take such weak spells in the pit of my stomach that I sometimes thought I would never get better. I had almost given up hope when a friend advised the use of Dr. Chase's Nerve Food. I did not stop until I had taken twenty-five boxes. It has done wonders for me and I want to recommend it to everyone."

DR. CHASE'S NERVE FOOD

THE MYSTERY MIND

Arthur B. Reeve and John W. Grey

(Continued from yesterday)

Violet stole out, rather than sleeping at once, to wash herself. When she was through her hair was floating out, soft and yellow; and in khakki shirt and trousers of her father, and in Randolph's boots, the only ones small enough for her, she looked more than fit for Bronson's inspection by daylight. Randolph, meanwhile, nursed his sore feet and made shift with a pair of the prospector's boots, quite too large. By noon they were off.

The stream now led directly into the mountain pass. Towering peaks were directly before them, the first of which could be reached in a day's journey. The character of the ground changed, becoming rugged and rocky, although vegetation persisted and although there were level, fertile spots at various points along the waterway.

After four gruelling hours spent under the sun in a steady climb, they found the first sign of their quarry, the tiny print of a woman's foot in the sand at the side of a pool where she had leaned over to drink. Before they stopped at dusk to make a camp they discovered a bit of black cloth caught on a sharp point of rock where the path narrowed to a dangerous ledge. Finding a spot where an overhang of granite gave a degree of shelter, they stretched out for the night, sleeping without any attempt to keep or post a guard.

With the first light of dawn they nibbled at their dwindling food supply, which Bronson had been unable to replenish in the haste of their preparation, and pushed on. All day they followed a trail indicated now and then mostly by signs only visible to the alert Randolph.

Just at sunset they caught a sight of Vera silhouetted against the west. She was standing on a point of rock away from the water and to Randolph this indicated their destination. He pushed on ahead, the others compelled to follow more slowly. When Violet was lifted to the top of the shoulder of granite she glanced about, then pointed with sudden excitement to the lines on the map held by Bronson.

"This is the ravine. There it is on the map, and I remember it from my dream. When we get down there we will see the Cavern of the Skull."

The descent was precipitous. Violet insisted upon leading the way, and once she fell and was caught by Dupont, immediately behind her. Finally they stood upon a narrow shelf. Below them was a fissure in the earth leading down to unknown depths. Across was a massive natural formation of stone. There was no mistaking it now. It was a gigantic skull

The entrance to the cavern was reached around the ledge and by a leap of some three feet across the bottomless pit. At first it was impossible to see into the yawning blackness of the cave, but as their eyes became used to the gloom Randolph detected a prone figure near the entrance, and dropped to investigate.

"Good God" The exclamation was spontaneous.

It was Evil Eye, his face revealed in all its gruesome horror. In his side protruded the handle of a knife. He lay in a pool of his own blood. Already his body was cold.

Dupont guessed it to be the work of Vera. As the hypnotist stood, hesitating, he suddenly recognized the distant sound of mocking laughter. It seemed to come closer, gradually, and he realized all at once that he was the only one to hear it. Then, out of the darkness, before his eyes there emerged, slowly and deliberately, an apparition, and he grasped that the others saw it; that this phantom thing was visible to them all, while he along could hear. It was the apparition which laughed, because he could see the movements of the lips. And, too, there was something familiar about the vaporous form of the man, a familiarity which baffled him.

"Stuart Steele" gasped Bronson, drawing back.

"I am the Mystery Mind" recited the phantom. "By my black arts I have held you all at bay and protected the treasure. Even now you have not won"

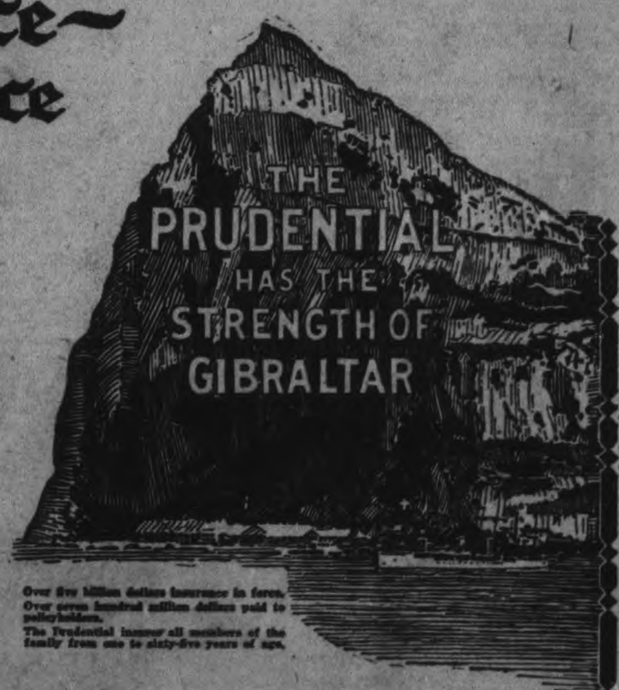
Life Insurance— A noble service



WHEN an insurance agent asks you to sign an application he is doing you a greater service than he does himself.

When you sign the application you do a greater service for those you love than you do for yourself.

Life insurance is service—the noblest service the humane mind of man has ever devised for the protection of dependents.

Life insurance is the expression of love after death.

Let the Prudential service man tell you about plans and rates.

Over five billion dollars insurance in force. Over seven hundred million dollars paid to policyholders. The Prudential insures all members of the family from one to sixty-five years of age.

If every wife knew what every widow knows, every husband would be insured.

THE DAY'S DOINGS AS RECORDED BY THE EXAMINER'S STAFF OF CORRESPONDENTS.

THE HIKERS PASS THROUGH OMEMEE

Are Enjoying Their Coast-to-Coast Walk—Two Prominent Citizens Dead.

OMEMEE, October 31. — "The Hikers," Mr. and Mrs. Saunders, and Mr. Griffin, who are hiking from coast to coast on a private wager, were interesting visitors in our village on Wednesday morning. The men, who are war veterans, were hatless. They started out from Charlottetown, Prince Edward Island, last June, and have already walked 1526 miles. They expect to reach Vancouver in March. The trio are arrived in khaki outfits and even the lady is wearing sensible looking knickers, good stout boots and a jaunty tam. They are not allowed to accept a ride along the way or to go back for anything forgotten. For instance when in the west end of the village the lady was very thirsty and wanted to buy some "lemon sour." She was directed back to the ice cream parlor but said that that would break her wager and she would have to get a drink of water on her way to Lindsay. The party have to obtain the signature of the Reeve of each place passed through, and two prominent citizens of each place. All three appeared to be enjoying to the fullest extent their novel outdoor wager and looked like winners as well.

William Brown, Senior.

There pasesd away at his home here on Wednesday afternoon, a n aged resident in the person of Mr. William Brown, Sr., after an illness of several weeks. The funeral which was held on Friday afternoon to the Emily cemetery, was largely attended. Rev. Mr. Stillman conducted the services. Deceased was a member of the Methodist church and for many years an official of the church. The late Mr. Brown was also a member of the school board for many years.

Left to mourn the loss of a loving father, are two daughters, Mrs. Albert Fee and Mrs. Thomas McQuade; and two sons, William, who resides on the homestead, and Newton who lives in Western Canada; all of whom have the sympathy of a host of friends.

Mrs. T. B. Laidley.

News of the death of Mrs. T. B. Laidley early on Tuesday morning, came as a shock to her many friends in this vicinity. The aged lady had been an invalid for several years past, but death was unexpected; she having slept peacefully away during the night. The deceased was loved by all who knew her and to be a guest in her home was an honor coveted and a memory to be cherished. A loving mother has passed to her reward and two loving daughters mourn her loss. To the bereaved husband, Mrs. Bryson, Mrs.Boyd, her sister, Miss N. Werry, of Peterboro, is extended the sincere sympathy of the community at large.

The funeral, which was by motor, was held on Thursday afternoon. Rev. Mr. Stillman of the Methodist church, conducted the services at the house and at the cemetery. The pall bearers were Messrs. Clarence Laidley of Peterboro; Dr. Clifford Laidley, George and Stanley Werry of Lindsay; L. Werry of Lindsay; L. Werry and Fergus Porter of Manvers.

Many floral tributes of great beauty bore mute testimony to the high esteem in which the deceased lady was held.

One would be mistaken in calling Dempsey's diary a scrapbook.

THIEVES MAKE A BIG HAUL OF AMMUNITION AT CAMPBELLFORD

Stole the Supply That Was Intended For the Public School Cadets — Campbellford News of Interest —Personals.

CAMPBELLFORD, October 31. —Thieves entered by the rear windows of the 4th Class Room at the Public School at Campbellford, and got away with several thousand rounds of ammunition which was stored in Principal Haig's room. The ammunition was intended for the use of the Public School Cadets in target practice.

The thieves made the entrance by breaking the small window with a stone, and had no trouble undoing the locks and swinging the window open.

The discovery was made by Mr. James Massie, the caretaker, early on Monday morning, who at once informed the Police Department.

The work is thought to have been done by amateurs, who have secured inside information as to where the cartridges were stored.

Chief of Police Charles Duncalfe is on the trail.

With the Deer Hunters.

Great preparations are being made by the local hunters for the opening of the deer season. Hounds are being closely guarded. Camp cooks are busy getting supplies ready. The advance parties will hit the trail on Wednesday to have everything in readiness for the opening day.

Seymour Township Council.

A regular meeting of the Seymour Township Council was held in the Ferris Building on Monday, all the members being present. Reeve Van Volkenberg was in the chair.

General routine business was transacted, including the passing of accounts. The meeting was held yesterday on account of the first Monday in November falling on the holiday.

The next regular meeting will be held as usual on the first Monday in December.

Personal Mention.

Messrs. Duncan Kerr and Robert Lowery motored to Stirling on Monday.

Mr. Thomas McMannus, of Toronto, is a visitor in town.

Brock Scripture recently shipped four cars of Ben Davis apples to South Africa.

Mr. Gordon Shearer, of Trent Bridge was a visitor in town on Monday.

Mr. and Mrs. M. O. Donahue, of Rear Street, are visiting at the home of their daughter, Mrs. Frank Fitzpatrick, of Belleville.

Mr and Mrs. W. L. Payne, of Colborne, were visitors in town over Sunday, the guests of Mr. and Mrs. George A. Payne, of Frank Street.

NEW OPEN AIR RINK, HASTINGS

Work Has Already Commenced—A.Y.P.A. Entertained—News Paragraphs of Interest.

HASTINGS, October 31. — Messrs. N. and A. Scriver have commenced work on the new open-air skating rink. This is a move in the right direction, as the town has been without one for a couple of years.

Shipped Hogs.

Mr. R. Walsh, the local dealer, shipped one car of hogs to Peterborough on Monday.

News Paragraphs.

Mr. Joseph Rahal spent Monday in town.

The A.Y.P.A. of St. George's Church, motored over to Campbellford on Monday night, and were the guests of the Campbellford A.Y.P.A. at a Hallowe'en party.

Mrs. W. West, Mrs. A. U. Bailey, Mrs. H. R. Bryden, and Miss Margaret Bailey motored up to Peterborough on Monday.

Mr. and Mrs. R. Dainard spent Sunday with friends.

Mr. E. A. Bull, of Oakville, is spending a few days in town on official business.

The small boy is on the qui vive for the advent of Hallowe'en.

W. Baker expects soon to be installed in the general store recently occupied by N. Said.

J. C Wilson has taken a position as clerk in the store of W. Baker.

Howard Fife and family spent Sunday in Colborne, the guests of Mr. and Mrs. G. R. Beavis.

Mr. and Mrs. E. J. Laing, of Norwood, were in town on Sunday calling on Mr. and Mrs. L. W. Hess.

Fred White, of Toronto, wes in town on Monday.

Several from town attended the fowl supper at Westwood on Monday evening, and report a good time.

T. Chaplin, principal of the Public School, spent the week-end at his home in Campbellford.

Mr. and Mrs. R. Skinkle, of Percy, have moved into town, and have taken up residence in S. Hatherley's house, recently vacated by Mr. and Mrs. Pearson.

Mr. and Mrs. Devitt and family, of Bracebridge, have moved to Hastings and are occupying Mrs. J. Johnson's apartments on Front Street.

Mr. Devitt has accepted a position with the Hastings Tanning Co.

President Harding, distinguished as Chief Executive of the United States, is not permitted by those who look after his personal safety to drive an automobile.

For Acidity or Bile

When your stomach is upset Take

Beecham's Pills act as a splendid tonic to the digestive organs. They remove acidity and fermentation and excess of bile from the stomach and bowels and promote the secretion of the gastric juices. In thus correcting morbid conditions and stimulating the digestive processes Beecham's Pills naturally have an excellent effect upon the general health. If you have lost your appetite or are suffering from nausea, sick headache, constipation, or giddiness

LARGE FUNERAL IN OMEMEE YESTERDAY.

Mrs. John McCrea Laid to Rest — An impressive Ceremony—The Service.

OMEMEE, Oct. 31.— Yesterday afternoon citizens and firends from far and near gathered at "Tully Lark," the beautiful residence of the late Mrs. John McCrea, to pay their last tribute of respect to one of the oldest inhabitants. Mrs. McCrea, who had reached the wonderful old age of eighty-nine years, has been in failing health since August, and despite loving care and professional skill, the aged mother slept peacefully away on Saturday morning.

The late Mrs. McCrea, who was a daughter of the late John McNeely, was born in Ireland, and came to Canada with her family at the early age of four years. For a short time the family resided in Port Hope, until Mr. McNeely had erected the stone residence, west of the village, now owned by Mr. Walter Reids. Here, Mrs. McCrea spent her girlhood days until 1857, when she married the late John McCrea. For about three years after her marriage she lived in Bowmanville, afterwards moving to Omemee, where she has resided ever since.

In 1907 the golden wedding of the aged couple was celebrated, the entire village joining in the festivities. In memory of this notable occasion a beautiful pipe organ was installed in the Methodist church by Sir John and Lady Eaton.

The late Mrs. McCrea was predeceased by her husband thirteen years ago. A beautiful memorial parsonage was erected in his memory.

The service, which was in charge of Rev. J. Stillman, of the Methodist church, opened with the reading by the pastor of Isaac Watt's beautiful hymn, "O God Our Help in Ages Past." Rev. E. R. James of Christ Church, read the scripture lesson, dwelling on the new Jerusalem and the Resurrection of Lazarus. Prayer followed by Rev. Mr. Scott, of St. Andrew's Presbyterian church. Rev. Robert Burns, a former pastor and a particular friend of the deceased lady, then paid tribute to the memory of hisold friend, who was ever an ardent worker for the missionary cause of the church. Rev. S. C. Moore, of Bowmanville, also spoke in glowing terms of the life of Mrs. McCrea. The service, which was very impressive throughout, ended with the reading by the pastor of the following beautiful hymn which was written by John Ellerton:

(John Ellerton's hymn.)

Now the labourer's task is o'er;
Now the battle-day is past;
Now upon the father shore
Lands the voyager at last.
Father in Thy gracious keeping
Leave me now thy servant sleeping.

Rev. Robert McCulloch, a former pastor ,then closed the serivce with the Benediction.

The floral tributes, which were numerous and very beautiful, were held by firends from a distance, who formed an aisle from the house, through which the casket was carried. The pall-bearers were two sons, Messrs. John and Arthur, of Toronto, Dr. Clifford Mulligan, of Lindsay, a grandson, and Messrs. Adam and Robert Reid, of Reaboro, relatives of the deceased.

Left to mourn the loss of a loving mother are four daughters, Mrs. Mulligan, of Lindsay, Miss Ella at home, Miss Anna of Toronto, and Lady Eaton, of Toronto (at present in England), also three sons, Messrs John and Arthur of Toronto, and William of Winnipeg, to whom the sympathy of a wide circle of friends is extended.

Among those from a distance who attended the funeral were: Mr. and Mrs. Dobie, Mr. and Mrs. R. W. Eaton, Mr. R. Y. Eaton, Mrs. Barker, Rev. Robert McCulloch, Rev. Robert Burns, Mr. Lewis, Mr. C. P. Bishop, Dr. Barker, Miss Keel, Mr. Albert Barker, Professor Keys, Mr. H. H. Williams, Mr. Elmer Smith, Mr. McQuigg, Mr. Taft, Mr. Haines, Mr. Bowman and others of Toronto; also Mrs. Macgregor and son of Sarnia, Mr. and Mrs. Lloyd Wood and Lloyd Wood, Sr., of Lindsay, Mr. and Mrs. E .Adams, Miss B. Beatty, Mrs. Staples, Mrs. D. Irvine, Mrs. George Adams, Delbert Adams, Mr. and Mrs. George Balfour, all of Lindsay, Mr. Will Eaton of Hamilton, Mr. and Mrs. Moore of Peterborough, Misses Ventress of Bobcaygeon, Mrs. Dr. Alex. Nugent of India, and many others.

NEWS FROM CAVAN AND THE DISTRICT.

Last of the Potato Crop Harvested—Anniversary Services Next Week.

CAVAN, Oct. 31.—Last week saw the harvesting of the root crop in Cavan completed. Those who had potatoes out in that heavy frost say that only an odd potato which happened to be near the surface, was touched by the frost in October

There was no service in Cavanville Methodist church on Sunday night owing to the anniversary services in Fairmount church. Next Sunday November 5th the services will be withdrawn in Farmount church and Cavanville will have special Thanksgiving serices morning and evening at which Rev. H. M. Manning of Peterboro, will preach These services will be followed on Monday evening by a fowl supper in the basement of the church and a good programme afterwards.

Mrs. Lock of Millbrook, has been staying with her daughter, Mrs. Harry Lang.

Mr. and Mrs. Matchett spent the week end with the latter's parents at Lifford. They attended church in Bethany on Sunday evening, where the (Rev.) A. J. Langford of Peterboro, preachel an anniversary sermon.

The Cavan students of Millbrook Continuation school reported a pleasant time at their Hallowe'en social It ended up with a little dance.

Mrs. Milligan and Master Joe Munroe visited his mother Mrs. Bertha Munroe, Peterboro, over the week end.

Mrs. Syer, Mrs. Mrs. Stewart, Mrs. Staples, Miss Tinney, Miss Hatherly, Meredith Perrin and Gerald Staples were among the Cavan visitors to Peterboro on Saturday.

Mr. and Mrs. T. Carscadden Lind say, visited her mother, Mrs. Syer, Millbrook on Sunday.

The Misses Stark and Mr. John Stark visited at the home of Mr. Wm. Mulligan, Bethany, on Sunday

NEWS WARKWORTH AND THE DISTRICT.

Many Visitors to Village For the Community Ball.

WARKWORTH, October 31. — Mrs. N. D. Richards and mother, Mrs. R. Curtis, are visiting at the home of Mr. and Mrs. L. B. Glover, Campbellford.

Little Jack Buchanan, while climbing over a fence, caught his foot thus causing him to break his leg.

Miss Heena Wartman who has been suffering from a severe cold, and an attack of tonsilitis, for the past two weeks, is improving.

Mrs. Lorne Hutchinson and Miss Beatrice Grills, were the guests of Mr. and Mrs. William Somerville of Morganston on Saturday.

The carpenters who have been engaged by Mr. Charles Bowen, are making great progress with the building of his bungalow.

Preparations are being made for an entertainment to be given under the auspices of the Anglican church. One of the most interesting features is a short play or dialogue in five scenes, entitled "How the Story Grew."

A floor lamp has been purchased by the Girs' Guild as their donation for the Memorial Community Hall. The lamp matches the furniture that was donated by the Women's Institute and was purchased from Mr. F. Quinn of Norwood.

Mr. and Mrs. Oscar Phillips spent Sunday in Hastings as guests at the home of Mr. and Mrs. Albert Brooks.

Mr. and Mrs. James Angus visited at the home of Mr. Robert Brown, Roseneath.

Mr. and Mrs. John Grant and family, were the guests of Mr. and Mrs. William Cuffe, Burnley, on Sunday.

Mrs. J. L. Phillips was the guest at the home of her sister, Mrs. W. Nelson, of Castleton, during the past week-end.

FIRE IN FACTORY.

NEW YORK, Oct. 31.— (Canadian Press.)—One person is reported dead, fifteen missing and 18 seriously injured in a fire which last night swept through a Brooklyn factory. Several persons, trapped by the flames which weer fanned by high winds, jumped from the windows.

It had to come!

Suburban Model, $695.

A Player-Piano you play like a Piano

—That the neighbors WANT to hear.
—That even **Musicians** Endorse.
—That any **Child** can play.
—That **Teaches** you how to play it.
—That cultivates Musical Appreciation.
—That is **Nationally** Advertised and **Nationally** priced.
And—Most important—**Costs No More** than many regular **Pianos.**

FOUR MODELS

There are four models of the Gulbransen. The Player action is practically the same in all, the difference in quality being found in the materials and finish of the piano.

COMMUNITY MODEL— Just the size for a small home or apartment	$598
SUBURBAN MODEL— Full size, in all finishes	$695
COUNTRY SEAT MODEL—	$825
WHITE HOUSE MODEL—	$960

Suburban Model, $695.

The GULBRANSEN

The Player-Piano that has swept away the prejudice and popular misconception about Players. Its popularity has necessitated the largest player factory in the world, with a total capacity of 150 instruments daily—present output almost 100 daily and TWO MONTHS BEHIND IN DELIVERIES.

Like most seemingly marvelous inventions, the basic principles of the Gulbransen are just SIMPLICITY. You simply play it like you would a Piano—use the loud and soft pedals for shading; vary the pressure on certain keys for accenting notes or chords, and play rapidly or slowly as the music requires—nothing more—so simple it seems surprising it was not done by others.

And the wonder of it is anyone can do it—not only musicians or salesmen. In three minutes after you sit down at a Gulbransen we can have you accenting individual notes as though you struck them with your finger. In ten minutes we can prove to you that you can play the Gulbransen and deceive even musicians.

Home Instruction

And, most important, this demonstration does not end at our store. With every Gulbransen is included a set of four remarkable "Instruction Rolls" that teach you at home. If you will practice conscientiously with these rolls for a short time, you will acquire absolute mastery of the player and then you will begin to experience the real thrill of self-expression in music, beside which no other sport in the world can compare.

See the genuine Gulbransen display and ask to have the famous Gulbransen "Ten-Minute Test" at—

Just Hear It Once

Printed claims always sound exaggerated. The only way to really appreciate the possibilities of this Super-Player is to see it, hear it, test it and compare it with anything you have heard before.

Not At All Expensive.

Although the Gulbransen is believed by many to be the greatest Player made, it is also the least expensive. The very simplicity which has increased its effectiveness and durability has also made it cost less, so you can actually save money by getting a Gulbransen.

And, best of all, it is NATIONALLY PRICED! The same price all over Canada. You can send a child to purchase a Gulbransen just as you would a phonograph record, because it is ONE PRICE.

Just a Nice Girl — by Jack Lait

THERE is perhaps no snob as pronounced in the characteristics as one who hates the "lower" classes for being able to do something which the superior one would do but cannot. If this sounds involved, let us illustrate the generality with this specific instance:

Gilda Farnsworth was sure enough "society" by breed and position. But she had a passionate urge for the stage, without any talent.

Pansy Lawford was well intrenched as a theatrical somebody, but she suffered from a crave for society, to which she had not been born and in which she didn't "belong."

Therefore Gilda resented Pansy with a cold contempt for her pretensions and a hot hatred for her accomplishments. And, whereas Pansy couldn't hurt Gilda much in her theatrical ambitions, because they were already beyond the pulmotor, Gilda could still do a little propaganda against Pansy in the walks where the brilliant young prima donna itched to make her way.

Pansy had beauty. Now, beauty is what almost any unthinking girl would name as the first requirement—and almost the last—for getting a girl on and over back of the footlights. Gilda had beauty, too, but it hadn't gotten her far in the arts. Yet Pansy's looks had carried her along into the homes and the gathering places of the elect. One would think that just "looks" didn't count much among the best people, and it is true that if it always did some of them wouldn't be there.

But the truth is that personal charm can open almost any door for a woman except the stage door. On the boards beauty is an asset—but its market value is $35 a week. To go beyond that, one must have ability, talent, and that great indefinable quality—personality.

A man in society may be fascinated by a lovely woman and he may take her in with him, so that she may lean on his prestige and solid standing. But no one can establish a woman in the theatre unless that woman have the combination of requisite faculties, because there the public—millions of impersonal strangers—must be taken in as the umpire, and the populace has a way of picking its own winners, in the face of press agentry, ancestry, every wile and camouflage that may be contrived in support of an ambitious misfit.

Crandall Hall, of the Gramercy Park Halls, had become enamored of Pansy. And that was quite natural, too. She was a willowy, golden-haired angel. Moreover, she had about her all the allure of the theatre, which is irresistible to every one in greater or less degree, and Hall had met her first after seeing her scintillating in a romantic role and thereafter in other leading woman situations made to order to enhance her attractions.

Given the concentrated advantages of devilishly cunning makeup, the expertly blended illumination of intriguing lights, daring gowns or quaint costumes, the central sympathy of some astute problem play or clutching love story, and almost any pretty woman would cause a reaction in almost any human man.

Hall was quite human, though quite rich and "established," and he began pelting Pansy with orchids and invitations. She, being by no means forlorn or lonesome, gave up the attentions of all other men immediately she "met" Crandall Hall, for he spelled to her the only thing that she wanted from any man—social patronage.

Money meant no thrill—she earned more than most bank presidents. Marriage? Maybe. She had been proposed at hundreds of times, but had never gotten hay fever of the heart from anticipatory whiffs of orange blossoms. Love? She must have known a good deal about it, and been able to feel it to a high vibratory current, or she could not have conveyed its intricate modulations with such famous finesse.

Pansy quivered with a desire to shift from the dramatic columns to the society page. The stage had given her all that she had asked of it, and that was all she wanted of it. And now it had given her an entree, by way of the infatuation of Crandall Hall, into the inner precincts which she had thereunto contemplated only in mind pictures this side of the massive and inhospitable doors.

Critics had said that Pansy Lawford was at her best in drawing room plays—she registered a manner. Such "notices" she had cherished in her bosom. She, the daughter of a broken-down old "character" woman who now was getting second-rate "aunt parts," only on the strength of being the mother of the distinguished Pansy, had the "streak."

All that remained was the lucky chance to crash the barriers. And that had come!

Pansy had all but forgotten Gilda Farnsworth, who had come and fluttered and gone out. A year or more had elapsed since she had retired, giving ill health and social exactions as the cause. In truth, Gilda had failed miserably to "catch on," and in three minor parts had drawn brilliant first nights and nothing the second nights.

She had been in one company with Pansy, playing her sister. Gilda had scornfully accepted the supporting role, though obviously incensed that she—a Farnsworth—should be relegated to "feed" a common person like this Lawford woman. After the first rehearsal, when Pansy's practised eye and somehow inborn instinct had made out that Gilda was dramatically impossible; that this schooled and blooded blue-book debutante missed fire portraying her very self on the stage, whereas Pansy could thrill even the holies of Fifth avenue by her rendition of one of them, Pansy got an idea.

She beckoned Gilda to her after dismissal for the day, and hinted to her that her conception of the role wouldn't do. Gilda flared up, despite the two failures she had undergone before. What was this? She—a Farnsworth—was incompetent to portray a society girl? Pansy nodded—just that.

"You're absurd, Miss Lawford," answered Gilda. "My deportment is correct. Yours is specious. Among my people your presentation of an aristocrat would be preposterous."

"And among my people—the people out there—yours will be."

"Very well. I shall thank you to keep your criticisms to yourself. And we shall see."

"We don't have to see. I see now. You're a bust."

"Well! You are crudely frank, to say it mildly. I trust you know that my father owns the ground on which this theatre stands, and I shall go to the especial pains to have you dismissed."

"Don't be a chump," smiled Pansy. "Owning the ground don't get you a thing—or the theatre, either. This piece belongs to a bird who wants to make money. And I make it for him. He thinks you'll draw in a few swells or he wouldn't give you a tumble. You'll get your two weeks' by-by as soon as your personal friends quit coming. It's an old racket, been tried before. I don't have to pull the people I know—millions know me. As a trouper you're a glass-crash. But if you'll listen to a little proposition"——

"What do you mean?"

"You're stage-struck. I know that. You don't need the salary. I know that. I'm willing to be as wide open about myself as I am about you. I'm society mad. I don't need the patronage, but I crave it."

"You? You have social ambitions?"

"Certainly. Say—if you want to be somebody on the stage, I can want to discover the north pole. Now, they say I act society girls better than any other woman on the American stage"——

"On the stage—perhaps; that is, you act the ideas of people who have never seen society as to what society looks like."

"And you act society as it is, but it don't look like it; so you're as far off in my game as I am in yours. I guess we both need a helping hand. I can put you over. You can put me over. Is it a deal?"

"I—I don't quite comprehend. You will help me in my career if I coach you in the ways of real people?"

"Coach nothing. I'll coach you—that's what you need. I'll coach myself. What I want is somebody to take me in—to give me the same crack at Fifth Avenue that you've got at Broadway. I'll make good on my own, once I get my foot past the deadline."

"You think you will. And if you think I will jeopardize my position by introducing you and risk making myself laughable, that alone proves how little you know of the requirements in our set. I am not interested in your offer, thank you."

"All right. You had your chance and you tossed it. I was going to lead you by the hand and fatten you up and ease you by—you'd never amount to anything, but you'd scratch in. As it is, I'm the leading woman of this company, and I'll run you ragged. I'll upstage you and cover you up and drown you and show you more tricks than you ever dreamt could be. I haven't been in this business twelve years—playing seasons in stock and on the road, opposite some of the most expert stage hogs in history, without learning a few twists. Wait till the opening night!"

Gilda gave her an imperious sneer and walked off in a queenly huff. But Pansy made good. Before the opening she took away every bit of "fat" that Gilda might have had in her part by demanding this change and that, this elision and that. And when the curtain rose, Pansy smothered the dizzy society girl, not only with her incandescent personality, but with every known "inside" stratagem that could be worked.

Gilda Turned Her Back As Neatly and As Broadly As Though It Were Quite the Thing to Do.

Gilda was a more dismal disappointment than ever before. The reviewers twitted her. The manager talked to her in brutal candor. The fatal little piece of paper was shoved under her dressing-room door the next Saturday night. And on Monday Mrs. Farnsworth sent out carefully worded notes to the newspapers that her daughter had decided to retire from artistic activities because of the press of social obligations.

A substitute was engaged at less the week than Gilda spent on lingerie, and she played the deb role with satisfactory results thereafter.

It was in this play that Crandall Hall surrendered to his worship of Pansy, which had accumulated until it now went over the top and asserted itself to her. Pansy had discreetly made herself decently difficult, but soon yielded to a luncheon plea, bringing her author (the only woman she could call on who might not spill the social beans and make her palpably ludicrous) as a chaperon. Thereafter, she had been more free, though never improperly lax, with Hall, whose hook squirmed itself more and more deeply into his blue-blooded gills, until at last the great moment came—Crandall Hall invited her to a dance at the Forty Club.

The Forty was known to everyone but had been seen by few. It consisted of forty bachelors of the first families, who once every month entertained formally. Because the hosts were men, unmarried men withal, the restrictions were necessarily even closer than at the conventional functions. Matrons of honor vised the invitation lists scrupulously. And when Miss Lawford's name was presented it was not challenged—because all of us, even those who live by the stage and on it, still are victims of its illusions, and the ladies who passed on Miss Lawford had such pleasant memories of her drawing-room deportment in the parlor plays—they never gave a thought to questioning her, the more since her sponsor was the irreproachable Crandall Hall.

Pansy knew how to dress. Of that she had made a fine study. Her selection in gowns, head attire and pumps was probably more punctilious than that of those who set the standards which she so cannily adopted and adapted.

She arrived with Hall after the theatre, and a buzz of unspoken admiration filtered from the constitutionally unemotional aristocrats. In a rich, simple gown of black that draped precariously over her rounded white shoulders, and a dazzling forehead band of jet that on another brow might have been rococo, she swept in. The introductions and little preliminary ceremonies consummated, she wafted into the first dance with Hall. And what a dancer she was! Society is only beginning to catch the women of the stage at the jazz convolutions and the fox-trots, though it long since sanctioned and admitted them.

Half way through her first trot, Pansy saw Gilda.

And Gilda saw Pansy.

Pansy was by nature of a cocksure disposition. But she felt a little nervous ripple run down into her toes. It was one thing sitting on top of the world and laying down the law to Gilda in a dressing room, but it was quite another to meet her here, where she was on the inside looking out—on her home grounds.

It struck Pansy at that moment that Gilda might know a few tricks, too. Surely, this society racket must have a technique as complex as play-acting. Most surely it must have, for here was this same amateur who had been such a mark in Pansy's game, gliding about and acting anything but the embarrassed boob.

Pansy knew just what she would have done if the cases had been reversed—she had only to think back at what she had done when they were. She had sent Gilda so far up in the air that she had never again come back. She knew that were she Gilda, and were there any way of settling that score with Pansy, she would break her as she had been broken.

Hall was purring some simpering nothings into her ear whenever he could get his lips near enough to it in the violent gyrations—telling her how bewitching she looked, how proud he was of her, how she eclipsed every other woman in the room. Pansy only half heard. She was wrapped up in Gilda.

What would be her attitude? Of course, she would be polite—probably painfully so; usage obviously required that; "scenes" were atrocious form, and proper people always held back any positive emotions. So she was secure against any direct attack. But she must be cautious. Gilda surely would attempt some underhanded double-cross—if she didn't she wouldn't be human. Pansy felt that no refining through the generations could civilize the elemental impulses out of mortals.

When the dance ended, Hall walked her toward the lounge. She came shoulder to shoulder with Gilda. She smiled an overture—and held her breath.

Gilda Farnsworth turned her back as neatly and as broadly as though it were quite the thing to do. The smile froze on Pansy's pretty face and began to thaw and ooze out through the heat of the blush she felt tingling in her cheeks.

Gilda, speaking loudly enough to be heard by a dozen about her, including Hall, snapped forth, without any attempt at concealment of her feelings:

"When they open the doors of the Forty to the riff-raff of Times Square, I think it time to go home. Will you be kind enough to have the doorman call my car?"

"Why, Gilda," protested Hollister Moore, her escort, "I don't understand."

"No? Do you know who that woman is with Crandy Hall?"

A group of dancers had stopped at Gilda's first words. Hall, involuntarily, was one of them, and that held Pansy, too.

"Why, that is Miss Lawford, the"——

"Yes. The what? Miss Lawford—h'm—Miss Schultz. Her father is a scene shifter. Will you be good enough to order the car?"

Pansy felt herself swaying.

She would as soon have expected a kick. She felt the blood run up and down her arms and her fingers twitched to get at Gilda's throat. But she pulled herself together, drew herself up and started for the lounge—alone. Nothing she could have thought to do could have made her more conspicuous. Everyone in view knew by then what had happened.

Gilda, accompanied by Moore, made her way at leisure to the other door, and out.

Hall found Pansy, biting her lips, sitting alone on a wicker bench among the palms. She looked up at him, her face trembled, and she said:

"So—this is society."

"Why didn't you slap her face?" asked Hall.

"How? Among your friends—all these polished people—where I am a guest?"

"Shucks," said Hall. "If it had been a man, I would have knocked him down."

"There—in the ballroom?"

"Anywhere—in the king's palace."

"And that is—that is good manners?"

"Good manners—rubbish. Those people are like any other people. When you please them they like it, when you cross them they burn up. You don't take that stage-society stuff seriously, do you—maintaining your dignity and all that?"

"I—yes, I did."

"Well, forget it. Gilda Farnsworth is as well-bred a girl as I have ever met. Yet she insulted you as bluntly and as coldly as any teamster's daughter could have. Yet she will lose no standing. She is in. Some folks who are in are better liked than others who are in, but those who are in are in. It takes more than eating with one's fork and holding the handkerchief at just such an angle to 'make' society. That might help you on the stage, my dear, where most folks who observe you don't know any better. But here, on the ground, the equations are just as broadly different as they are in a prison or in a brickyard or even in a church.

"Every person is a person, no matter what set he or she travels with. This outfit is about as human as any other. We fight and we fawn; we love and we cheat; we manoeuvre and we try and we succeed and we fail. Don't get any delusion that we are any more polite than—than scene shifters."

"Then—say, I thought I had special talent for this social stuff. You mean——"

"I mean that you are a beautiful woman. You will be rated as such here or anywhere else. Everyone is everywhere by his or her preponderant quality. If you're very rich you get credit for it—or very whatever you may be. You may have special talent on the stage, where everything is highlights and you start and finish it in two hours. But in life—bah! Just be human, and it will get you just as far as you have the fare, be that fare looks or wealth, or power, or influence.

"Did you accept my advances because you admired me? No—because I represented something you wanted. Oh, I'm not peeved over it—that's life. Did I seek you because I wanted to pay tribute to your art, which means nothing in my life? No—because I'm wild about you as a woman, like any other man might be. I wasn't any different than any clerk might have been; I had money for orchids, so I sent them, otherwise I would have offered a ferry ride or a movie. We all fight the same way."

"Then I guess I'm through, socially."

"Nonsense. They'll want you just as much as they did before."

"Maybe. But I don't want them. What's there to it? . . . Will you be kind enough to have the doorman call my car?"

And she made her way, at leisure, through the other door—and out.

SHATTERS DISEASE AND EFFECTS CURE.

Scientific Messiah Lives in a Home of Wonder.

SAN FRANCISCO, Oct. 31.—Does the "most revolutionary discovery of the age" lie hidden behind the walls of a gray stone mansion here?

From every corner of the globe are coming men and women, seeking to answer the question—students, re-searchers, investigators, doctors and ex-doctors, scientists and pseudo-scientists, despondent sufferers from every conceivable ill. Because the question is so vital and far-reaching each comes to see for himself, fearing to believe the other.

The trail leads them to the laboratory of Dr. Albert Abrams. Fabulous and astounding tales have gone forth of the Abrams method of diagnosis and treatment—the "electronic reactions of Abrams."

Upton Sinclair recently hailed him in a book as a scientific Messiah and called his laboratory "the house of wonder." Sir James Barr, distinguished English physician, has rushed to his defense in letters. And yet Abrams is virtually outcast with his American medical brotherhood.

Machine Tells Parentage.

What is this "most revolutionary discovery" as its disciples hail it? I have visited the Abrams' clinic; even seen a "subject" for test. From a drop of blood I have been told accurately and exactly the race of each of my parents. It is this test chiefly that has brought the name of Abrams into the public eye. His claim to establish the parentage of a child has been taken up in several celebrated paternity wrangles. As he explains it the problem is simple; the blood of father and child should vibrate similarly.

But the diagnosis and cure of disease? Vibrations and electrons are the keys to his method.

There are patients, students and graduates alike ready to tell you enthusiastic stories of remarkable cures either witnessed or experienced—at least so they say.

Electrons Classified.

The Abrams method goes back to first principles. Each molecule of matter contains millions of minute electrons. The human body is an infinitely complicated electronic machine.

In his experimentations Abrams looked into the radio-activity of each disease. Each disease, he says, was found to have an invariable rate of vibration; a radio-activity peculiar to itself.

These vibrations have been classified. If they exist they can be found in the blood, he holds; but the blood has vibration rates that reveal race and other secrets as well.

He invented a machine to record the vibration and catch the reaction.

The process is simple: A drop of blood in a box, connected with an electrode; an instrument that halts all electrical manifestations except those of a certain rate; the body of a "subject" into which the vibrations are sent.

This subject is a man stripped to the waist, harnessed to the instrument; the oscilloclast. With the nations of whatever disease is indicated by a blood specimen. The reactions are traced and the diagnosis made.

Disease Shattered.

And the cure? Another instrument; the oscilloclast. With the nature of disease established it becomes a matter of vibration fighting vibration. The oscilloclast merely breaks up an ordinary alternating current into various vibrations set this machine at the same rate of vibration as that of the disease and attach it to the patient. Pour into the body a current vibrating the rate of the disease and you destroy the germ activity; you break up the millions of electrons that constitute a germ and fling them apart—that's the Abrams' theory in a sentence.

MOTOR CAR TURNED TURTLE —ONE IS KILLED.

GLENCOE, October 30 (Canadian Press). — George M. Dally, motor car dealer, of Leamington, was instantly killed yesterday afternoon five miles east of Glencoe, when the car in which he was riding turned turtle, and pinned him underneath. The car was driven by Carmen Paul, of Detroit.

This Will Ward Off And Break Up Colds

Just a teaspoonful of Dr. Caldwell's Laxative Syrup Pepsin removes the congestion

THE two ailments that people generally regard as of the least importance are in reality the cause of most serious illness and of the greatest proportion of deaths. They are constipation and common colds. Many doctors believe that colds, tonsilitis, a touch of malaria will cause constipation, instead of constipation being their cause. The fact remains that you seldom have a cold without constipation, due to general congestion. The only way to avoid colds is to keep up your vitality. You usually catch cold in the winter if you are run down. Therefore in cold weather exercise more; eat more fatty foods; drink four to six glasses of water a day; keep the head cool, the feet warm, the bowels open.

You are also less liable to colds if your system is free from the intestinal poisons of constipation, so empty the bowels regularly with a plain vegetable laxative like Dr. Caldwell's Laxative Syrup Pepsin. At the first sign of a cold, at the first few warning sneezes, take a teaspoonful of Laxative Syrup Pepsin and the congestion will be gone in a few hours. Don't wait until the cold has a grip on you. Mr. R. H. Powell, of Gilbert Plains, Man., considers Laxative Syrup Pepsin the best laxative he ever used, and Mrs. Chas. Lewis, of Winnipeg, Man., uses it effectively for all the small ills of her family, such as constipation, biliousness, headaches, dizziness, and to break up fevers and colds.

Dr. Caldwell's Laxative Syrup Pepsin is a scientifically-balanced compound of Egyptian senna with pleasant-tasting aromatics. It is safe to give to infants, and all children like it. Before you again resort to cold remedies containing narcotics try a teaspoonful of Syrup Pepsin. Any druggist will supply you, and the cost is less than a cent a dose.

ANY FAMILY MAY TRY IT FREE

Thousands of parents are asking themselves, "Where can I find a trustworthy laxative that anyone in the family can use when constipated?" I urge you to try my Laxative Syrup Pepsin. I will gladly provide a liberal free sample bottle, sufficient for an adequate test. Write me where to send it. Address Dr. W. B. Caldwell, 23 Caldwell Building., Toronto, Ont. Do it now!

TAKE DR. CALDWELL'S LAXATIVE **SYRUP PEPSIN** *The family remedy*

CORNISH FISHERMEN WATCH FOURTEEN YEARS FOR MENHADEN

ST. IVES, Cornwall, Oct. 30.—(Associated Press.)— For 14 years two gnarled, hawkeyed fishermen, perched upon a precipitous cliff at St. Ives overlooking the Atlantic, have watched for the return of the pilchard to the Cornish seas. This fish goes by the name of menhaden in the United States.

William Noall and Edward Cothey keep their vigil from dawn until sunset. They never have their meals together—one eats while the other watches for the return of the fish to the bay which was formerly the pilchards' favorite haunt.

Fourteen years ago there was the greatest catch of pilchards ever known, and wealth came to the local fishermen, but since then the fish have only frequented the bay once. On that occasion they came to within two miles of the shore, but the whistling of an engine frightened them away, and possible fortunes were lost.

Steal your own fence and gate and it will help the coal bill.

This is the only way you can give the coal barons the gate.

HOME CIRCLE

EQUAL RIGHTS

A man should not see his wife work harder than himself (of course according to strength), neither should a woman be idle a great share of the time if her husband works all the time. Two hearts must beat together—one must work as hard as the other. In summer a woman ought to have two hours to read every afternoon, for she must work all evening doing up her work, washing the children and putting them to bed, while her husband is reading—equal rights, you know. Then another instance I witnessed. A man buys several articles of machinery which could have been dispensed with, while in the house they do not have a piece of furniture for the sitting room. Now, my husband, don't do that (for, of course, he is the model husband). I get luxuries for the house according to the machinery purchased. I work hard, so does he; some days neither of us have time to read. I know no other way than to meet him with a smile. I live for him and our children, and I am happy. We live within our means but vary our table fare so there is no sameness. I think we ought to study our methods so as to economize time; that is one great help the Home Circle Column is. Let each one give useful recipes, patterns, etc., then we will be a great help to each other as well as a pleasure; for who does not enjoy reading the Home Circle Department of this paper?

A child should be made to feel that his home is indeed a home, the happiest place in the world to him, not merely an outward shelter and resting place, but a center of enjoyment, sanctified and purified by love, the thought and remembrance of which shall be the safeguard of his life as he goes forth into the world, giving strength and proportion to his character, and turning his thoughts to all that may prepare him for the heavenly home when the scenes of earth shall have passed away.

In nearly every case boys who bring sorrow and disgrace upon their parents are those who are allowed to run on the street at night. With the shades of night around to a boy comes the opportunity for bad associations that do not tempt them in the broad light of day. Evil doesn't stalk abroad at noonday, and hence a boy is not apt to come in contact with it with the sun at meridian. Keep your boys off the streets at night, or rather safely sheltered in the home next, where evil influences never enter to lead them astray.

There are some characters who ever bear about the cheerfulness of fine summer mornings; everything about them laughs and sings, even their ears have the luster of a fresh shower. What a blessing are such characters amid the somber things of earth.

"O, think of the home over there," is the sweet refrain of a popular hymn. We don't want to throw any cold water on the honest efforts of this pious poet, but we do wish he had directed his energies to the improvement of the Home down here. When a man or woman thinks of the "Home over there" so much that the home below the clouds gets but little attention, we think that kind of piety is not practical. Think of the home that you occupy, and try to make it better, happier and purer. The won't need your exclusive attention until you get there.

Young man don't forget that your commercial standing is marred by your association with bad men. Don't let anybody fool you with the suggestion that you can lift some rascal into decency by making him your yoke fellow. You can't lie down with a dog and get up without having fleas. You had better listen to the advice of men and women whom you know to be your friends.

Unfortunately, men want their sweethearts to be brilliant and showy and their wives to be domestic and practical. The girl who understands how to sew, cook and nurse a sick child, does not attract single men, and the superficial belle does not attract her husband after marriage. Hence the prevalence of divorce. Either men must become more sensible before marriage, more resigned afterward or mothers must begin to teach their daughters in the cradles the necessity of combining the useful with the ornamental, the practical with the entertaining qualities.

There can be no doubt about it, the small town is the place to bring up children. Every time you pick up a daily paper, you can find instances of childish crime which are almost unbelievable. Sometimes we think our boys and girls are pretty wild, of course, they are far from perfect; but their outlook on life is much broader and purer than the poor children of the city slum districts.

GIRLS' BUYING CLUBS OPPOSED.

Retail Traders in England Declare War.

LONDON, Oct. 30.—(Associated Press.)— The retail traders of the large manufacturing centres of England have declared war on the hundreds of girls' clubs—organized in mills, factories and commercial houses—which undertake to supply their members with candy, silk stockings, underwear and other apparel at much lower prices than asked at the stores. The retailers have lost thousands of pounds yearly through the activities of these clubs, and their trade in many products has been permanently curtailed.

The first legal action against the clubs is being brought by the British Federation of Confectioners, who are seeking to have the confection trade of the clubs stopped as being an unfair form of trading.

"Many of these clubs deal direct with the manufacturers and get better terms and prices than the shopkeepers," said an official of the confectioners' association.

"They are not confined to the factories and mills, but in Yorkshire and Lancashire churches and Sunday schools now have these clubs, and their effect on the retail trade is very serious."

The total amount if money taken in by the clubs is said to be enormous, and it is not uncommon for girls earning two and three pounds a week to spend on an average of ten shillings or more for candy alone.

People naturally hankering for a party can fling one naturally.

A Hallowe'en Puzzle

Here You Are, Kids! Your Shears Will Help You Find Out Who Is In This Picture.

On high she flies, up through the skies,
And 'cross the Milky Way,
To find out who she is, just do As these directions say:

Cut out each of the little drawings and paste on separate pieces of cardboard, of the same shape. Then fit these various pieces together correctly and you will have a picture of a well-known Hallowe'en character.

What Does Rotary Mean?

The following verses from the pen of Rotarian Rev. W. H. Barraclough, are in keeping with the ideals of Rotary.

Playing the boy again, just for a while,
Chumming up, with a merry jest and smile,
Singing the old songs in heartiest style—
That's what Rotary means.

Putting real "pep" into all that you do,
Bucking up, bracing up, when you are blue.
Game, when the fight is on, seeing it through—
That's what Rotary means.

Lending a hand to the fellow that's down,
Giving a word of cheer, never a frown,
Booming and Boosting to help the old town—
That's what Rotary means.

Acting "big brother," wise tactful and kind,
Aiding the wayward, the halt and the blind,
Rendering service, no profit in mind,
That's what Rotary means.

Fitting right in to your place in the task,
Loyally trying to do what you're asked,
Staying right on the job, while it may last— .. ..
That's what Rotary means.

WORK ON CRAWFORD'S HILL NOW COMPLETED.

Road Out of Omemee Made Better and Safer for Traffic.

The road work on Crawfords Hill, on the eastern approach to Omemee, was completed on Saturday afternoon, and the construction gang has been moved to Porters Swamp, on the border of Manvers and Ops Townships.

This latter road is a section of the highway from Lindsay to Newcastle. Crawfords Hill is on the road from Peterborough to Lindsay. Its slope has been reduced somewhat, and the road generally has been improved and made safer for traffic.

Mr. E. Myles is the engineer in charge of these operations.

DISTINCTIVE USE FOR DUVETYN.

There are many things you can do to duvetyn this season to make it distinctive, but here is on of the most distinctive.

The straight line is practically unbroken from the narrow hemline to the high, upstanding collar.

The sleeves are divided to show full undersleeves of white crepe de chine. Silk braid begins at the collar, takes and abrupt turn at the waistline and follows a new course to the hemline.

The gown is navy blue, the braid black.

Do You Feel Like an Old Young Man?

Do You Know That Without Vitamines and Iron You Would Be Dead? Ironized Yeast Builds Amazing Power!

The man with a punch is the man with n any vitamines and much iron. The man of drooping energy and flabby nerves is the man with few vitamines and mighty little iron. Ironized Yeast gives you both. It is not a mere mixture of yeast and iron,

See That Nerve-Powered Flirt? Get Nerve-Power from Ironized Yeast!

but is yeast ironized, which is a substance all by itself. This gives back, restores to the body, materials you have lost, and which you used to have when you were romping around in your 'teens. Ironized Yeast contains, for this reason, Nature's greatest source of brain, nerve and tissue energy. It gives you power plus, quick! It does it in half the usual time. No matter how old you are now, you can get a young man's iron, and a young man's vitamines; a young woman's iron, and a young woman's vitamines. These two things are the twins of human strength, human charm. They mean to you, success—social and business. There is only one Ironized Yeast in the world. Be sure that you get it, and beware of substitutes. Sold at all drug stores at $1.60 a package. Each package contains 60 tablets. Each tablet is sealed. They never lose their power. Harold F. Ritchie & Co., Ltd., Toronto, Agts. Get the "punch" that comes from Ironized Yeast!

Cheaper than buying new clothes

Do you know why your clothes get old so soon—why new underthings, new household linens quickly wear thin and sleazy when they should still be new?

Don't blame it on poor material—those thin spots and broken threads which quickly dissolve into holes are not due to faulty fabric. Instead, charge them up to injurious laundry soap.

Use pure soap, free from corrosive ingredients, and your clothes and linens will give the wear they should. Such pure soap, in the ideal form, is yours in Palmolive Princess Soap Flakes.

Pure, curly white chip flakes

While Palmolive Princess Flakes were perfected for fancy washing—for cleansing delicate crepes and silks and laces without harming color and material, they have proved the ideal soap for general laundry use.

This is because each curly flake is pure, whole soap, with no fillers and little moisture to rob them of cleansing power.

This makes Palmolive Princess Flakes highly efficient soap—soap which makes play of the family washing.

It makes them the practical, efficient washing machine soap. And it makes them a real economy because they go so much farther.

For washing woolens

Whether you are squeezing out a sweater or a pair of leggings and mittens or having a grand blanket washing, use Palmolive Princess Soap Flakes.

No shrinking—no danger of drying harsh and stiff. Instead, everything soft, warm and wooly, just like new.

Convenience and economy

Soap flakes are the most convenient form of soap for general household uses and the most economical. Palmolive Princess Flakes come in handy pound packages.

Once you learn the value of Palmolive Princess Flakes you will appreciate their superiority and economy. You will use them for every laundry purpose and for general household needs.

ENTERTAINED BY L.O.L. OF KEENE.

Wives and Friends of Members Enjoy Happy Evening—Personal News

KEENE, Oct. 30.—On Wednesday evening of last week the members of L.O.L. 494 entertained their wives, friends and prospective members, to the number of forty-five, in their lodge rooms in the town hall. The rooms and Council Chamber were prettily decorated for the occasion with orange streamers, black cats and pumpkin lanterns and the evening was delightfully spent in songs, recitations, readings, and humorous stories. At eleven o'clock the company were invited to the Council Chamber and served with refreshments. At 2.30 the guests repaired to their various homes all agreeing that a most profitable and enjoyable evening had been spent.

Real Good Soap

A Big Bar of Good Soap—Bright, solid soap with fine lathering and cleansing qualities for the family wash and household use.

For use in washing machines shave or slice a portion of the "SURPRISE" bar direct to the machine—It will do fine work.

Three Keys to Woman's Happiness Are Love, Home, Work--And She Must Have Them All

By MARIAN HALE.

"Three keys open the door which leads to women's happiness—love, domestic interest and personal achievement," says Blanche Upright, the San Francisco novelist.

"Many modern women are trying to enter with just one pass key—personal achievement, without taking into consideration the importance of the first two. So we hear much about their restlessness and discontent" she continued.

"I am convinced that women will never find happiness in careers or professions if they select them as a substitute for homes, children and the normal interest of women. Women are essentially homemakers.

"Those brave women who go out to work that they may maintain or help maintain a home for those dependent upon them are greatly to be admired, but those who go into business just to avoid the responsibilties of being a wife and mother are storing up unhappiness later.

"In my study of women and types I find that so many women try to find their happiness everywhere except where it is most easily found—in home life.

"They make the loss of a maid or the desire for things which they cannot have material for tragedy. They are so blinded by triviaities they cannot see the suffering beyond their own immediate vision, and the opportunity to help others."

Mrs. Upright has given much thought to women's problems. Her first novel, which is being dramatized and picturized this year, "The Valley of Content," was based upon the search for happiness. The novel which she is now finishing has to do with women's independence.

Her literary career began at the age of 5, when she dictated fairy tales to her nurse. At 10 she produced a six-act play, and when she las nicely started in her teens, she became associated with a San Francisco paper.

She took her first piece of fiction to Jack London for criticism and he told her to go ahead and be famous

The real ambition of her life is not literary success, but a large estate on the Hudson, to which she

BLANCHE UPRIGHT

may take the little waifs she finds in the slums and give them a chance at a real home and some real mothering.

"Of course, for my fiction, I pick my types all over," she said, "but I find much more that touches my heart among the poor than in the ordinarily comfortable circles.

"I have made it my business to look for the good in people and I have never yet been disappointed.

"I have never known a woman who did not have a beautiful side to her character, no matter what her occupation or circumstances might be, nor have I ever found a child who did not respond to kindness and understanding."

Though her home on the Hudson is still a dream, she has already worked up a great acquaintance with the children of New York's East Side tenements and they are frequently entertained at her suite at the Astor Hotel and sent home happy with new clothes and toys.

Mrs. Upright herself is happy married and has a grown son.

TRANSLATED INTO CHINESE

A letter from Mrs. MacGillivary of Shanghai, China, wife of the Rev. Dr. MacGillivary, President of the Christian Literature Society for China, tells of the translation into Chinese of the little book, by the Rev. R. Pogue, Minister of St. Paul's church, entitled "The Children's Guide to Christ and the Lord's Supper." Mrs. MacGillivary in sending a copy in Chinese to Mr. Pogue writes: "You will perhaps be interested to know that the large character on the inside leaf means "Come" and the three small characters on the top mean "Jesus said" so that the fly-leaf reads "Jesus said come." We hope as a result of this book that many will hear the invitation and accept it. I fell quite sure that you will have a great deal of joy in knowing that you have contributed to the Christian literature of this great country.

DYE BLOUSE OR BABY'S COAT IN DIAMOND DYES

"Diamond Dyes" add years of wear to worn, faded skirts, waists, coats, stockings, sweaters ,coverings, hangings, draperies, everything. Every package contains directions so simple any woman can put new, rich, fadeless colors into her worn garments or draperies even if she has never dyed before. Just buy Diamond Dyes— no other kind— then your material will come out right, because Diamond Dyes are guaranteed not to streak, spot, fade, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.

When the price of gasoline in the United States goes up one cent it means an additional bill of $50,000,000 for motorists.

GIRLS TURNING TO SIMPLER WEDDINGS.

Elaborate Ceremonies Being Gradually Discarded in England.

LONDON, Oct. 31.—(Associated Press)—Old fashioned weddings at church with lavish decorations, gaily bedecked brides and bridesmaids, bell ringing and elaborate ceremonies, are gradually giving way to more sombre and quicker weddings at registry offices.

Statistics show that twenty five percent of the total marriages in this country during the year have been performed at registry offices. In London alone of 50,000 marriages, 16,000 were conducted by the registrar, and throughout the country the number of civil ceremones has grown from 30,000 to 1890 to three times that number.

Among many reasons given for favoring the civil marriage is the desire to avoid publicity by contracting parties, particularly in the cases of dukes, peers, theatrical stars and other prominent persons when remarrying.

English brides of the past generation would have been aghast at the thought of marrying without the proverbial orange blossom wreath and the retinue of bridesmaids, but broadening ideas developed by the present day girl make her prefer the simple ceremony without the "fussiness" of the big church service and army of spectators.

RIVAL'S MESSAGE TO HUSBAND AIDS SUIT OF SINGER.

SAN FRANCISCO, Cal., Oct. 31—The differences between Mme. Margaret Matzenauer, opera singer, and her chauffeur husband, Floyd Glotzbach, which led both of them to seek a divorce, arose over Glotzbach's alleged intimate relations with Lottie Fraties, a resident of Carmel, Cal., according to a deposition made by the singer today in connection with Glotzbach's action here. The deposition was taken in secret in the chambers of a superior judge, but its contents and collateral evidence was disclosed by Mme. Matzenauer's counsel.

Mme. Matzenauer produced a letter purported to have been written to Glotzbach by Lottie Fraties Jan. 19 of this year.

Alleged Letter from Other Woman.

"I have put up with you for nine years," the letter says. "I am suffering. Don't think for a minute that you won't suffer also. Now, if you don't answer this, I will get some one that will. I will not stand any more fooling from you. I will write to your wife. Mind, she will know your life's history if I live."

The letter also mentioned of a visit paid to a doctor by the writer.

Mme. Matzenauer admitted in the deposition that she lost her temper when interviewed in St. Louis regarding the separation and that she wanted Glotzbach to come back to her because she was in a delicate condition.

Denies "Ladies' Maid" Charge.

During the period of their married life the singer gave Glotzbach all of his expenses, bought his clothes and gave him $150 a month additional for spending money, she stated. She denied the contention that she tried to make a "ladies' maid" out of him, but said such charge arose from Glotzbach's demand that they go on their honeymoon alone.

"As a result I gave the maid a vacation," the singer said. "Perhaps I did ask him to hook up my dress occasionally. I never tried to humiliate him at any time, but sought always to make him a man of whom all men would be proud."

AT YOUNG'S POINT AND THE DISTRICT.

YOUNG'S POINT, Oct. 31.—Miss Laura McFarlane is at present visiting friends in Toronto.

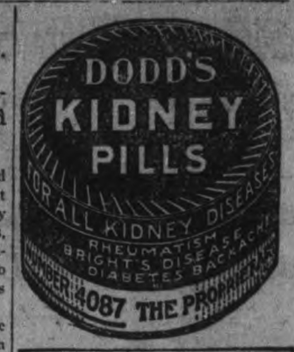
Worth Millions to People Who Are Not Well

Acts on Every Organ of the Body, Stomach, Liver, Kidneys and Bowels.

Those of us who are used to feeling tired and dull when we rise, headache, foul breath, sick stomach or after eating a bloated heavy feeling, indigestion, constipation, kidney trouble, nervousness, can instead both look and feel as fresh as a daisy, enjoy ourselves when in company, laugh, enjoy jokes, and life will be so easy, by flushing the poisons from the stomach, liver, kidneys and bowels with Tanol Calomel Tablets. Doctors recommend you to take one tablet before meals or two at bedtime, to flush the previous day's indigestible waste, sour bile and poisons from the system before more food is put in the stomach. These Tanol Calomel Tablets are wonderfully invigorating, with no bad after-effects, and no salts, seidlitz are necessary to remove it from the system as they are self-eliminating. This gives you a good appetite and is only a little while until the muddy color goes from your face and a fresh rosy complexion appears. Try this and you will sure look and feel better in every way. Tanol Calomel Tablets are sold at Weber's Drug Store, Charlotte street.



EDUCATIONAL BUREAU MAY BE FORMED HERE

Men's Double Cuff Negligee Shirts 89c 3 for $2.55

The material alone could not be procured for much less than this price. Bright attractive patterns, made in coat style with soft double cuffs. Light and medium coloured grounds. Sizes 14½ to 17.

65c Cretonne and Chintz, 47c Yard

Widths 34 to 36 inches.

The GRESSMAN Company Limited

CAMPBELLFORD AND DISTRICT

Death of Miss Jean Donald--Curlers Elect Officers—General News.

CAMPBELLFORD, Oct. 31.—After an illness of several months duration and with suffering borne with Christian fortitude, there passed to her reward, Miss Jean Donald, at the age of 67 years and one month. The late Miss Donald who was born in Seymour township at Burnbrae, the daughter of the late Alexander and Mrs. Donald went when a young women to Detroit, where she graduated as a nurse and where she followed her profession, until a few years ago since which time she has resided at the home of her brother, Mr. A. T. Donald and where she passed away. The deceased was a lady of kind loving disposition, and in all her ministrations to the sick she was ever loved for her cheerful disposition and most unselfish nature. She is survived by one brother Alexander T. and one sister, Miss Janet both at home, to whom the sympathy of all goes out in the loss of a loving sister. The late Miss Donald was a faithful member of St. Andrew's Church and the funeral takes place this afternoon from the family residence to St. Andrew's church, Burnbrae, where service will be conducted by the pastor Rev. Robt. Fry assisted by Rev. C. F. McIntosh of town. The remains will be laid to rest in the family plot Burnbrae cemetery.

Sunday School Gathering

On Thursday afternoon and evening, November 9th the Methodist Religious ad Educational Convention of the Campbellford District will be held in the Methodist Church Camp bellford. The afternoon session will be devoted to Sunday School work and the evening session to the work of the Epworth League. Excellent speakers have been secured and a large number of delegates from the district is expected.

Epworth League

A most interesting and profitable evening awaited the goodly number who attended last evening, the Epworth League. Mr. G. F. Phillips very capably occupied the chair, and an excellent paper was given by the president, Mr. C. A. Wilson, the subject being "Home Influence", a pleasant social half hour was then spent each person having brought a snap or photo of himself or herself These were numbered and a guessing contest was indulged in. The results were highly satisfactory, not only affording much laughter but a large number were able to recognize almost the entire lot of photos. The meeting then closed with the League benediction. The next meeting will be in charge of Mrs. George Thring Vice President of the Christian Endeavour Department.

Mr. and Mrs. Herbert Smith, Thirty-foot Lane announce the arrival on Saturday, October 28th of a baby girl (Helen Elizabeth).

Will Give Lecture

Rev. Piercy, the well known Interpreter of Literature will give his lecture "Jean Val Jean" in St. Andrew's Church on Friday evening, November 3rd. Rev. Piercy is no stranger to Campbellford having given an evening here last year, and all who heard him then will avail themselves of this opportunity of hearing him interpret this old yet most interesting subject "Jean Val Jean".

The choir of the Methodist church will present on Sunday evening(a thanksgiving cantata entitled "Rolling Seasons". This is a bright cantata and Mr. Cowell the efficient leader and conductor is sparing no pains to make this a musical treat. All are cordially invited.

Curlers Elect Officers

At a meeting of the Curling Club held on Monday evening officers were elected as follows:

President—John Gay.
Vice President—P. J. Kelly.
Sec. Treas—E. C. Dolman.
Representatives to O.C.A. — T. A. Brown and John Gay.
Committee of Management — D. W. Douglas, W. S. Wiggins, A. J. Wood, A. L. Riendeau.
Tankard Skips—D. E. Tait and P. J. Sarginson.
District Skips—F. J. Smith and R. H. Cole.

W. E. Carnahan of Toronto was made an honorary member.

Patrons — Mr. and Mrs. T. S. Tait.

The attendance was good and indications point to a prosperous season with increased membership.

General

Tom Powers of Kilties Band fame, has decided to quit the road and has taken over the Queen's Hotel in Belleville. Work of remodeling and renovating this well known hostelry has already begun.

Off the Top

The Bell Telephone gang have cut down to a level with the wires—those unsightly poles which made Front street look like a deserted forest. Another item which may be added to the list of improvements.

Personal

Mrs. Thomas Mills, who has been visiting her daughter Mrs. A. Malcolm of Sebastapool St., has left for her home in Port Perry.

IN LAKEFIELD AND DISTRICT

Mrs. Daniels, of Toronto, Gives Illustrated Talk on Missions—The Methodist Ladies' Aid Prepare For Thanksgiving.

PERSONAL MENTION.

LAKEFIELD, Oct. 31.— Mrs. Daniels of Toronto, Diocesan Junior Superintendent, gave an illustrated lecture in St. John's Schoolroom on Friday evening. There was a good attendance and the lecture was much enjoyed as Mrs. Daniels is an excellent speaker and thoroughly conversant with her subject. The pictures showed the mission work under the auspices of the Canadian Church in mid-Japan, Honan, China and in India, Palestine and our own Canadian northland. Schools, where the children are educated and taught the old, old story of Jesus and His love, were interesting to all and especially the children,

The Eskimo and Indian missions with their bright little pupils were interesting in quite as great a degree as the Chinese, Japanese and Hindoo schools. Special mention was made of the work of Miss Mae MacNaughton in India, in connection with our Maple Leaf Hospital.

Game of the Season.

With the Business Men as winners of the Soft Ball League, one felt that the baseball season which has been much longer than usual, was at an end. Far from it, the Veterans and the Grove clash on Tuesday evening, and one can expect a fast game as both teams play snappy ball. The Business Men will play an exhibition game with an all star team captained by Bob Alford, which will no doubt be the game of the season.

Thanksgiving Dinner.

The Ladies' Aid of the Methodist Church are deep in preparations for their annual Thanksgiving dinner which has been an annual event for many years. On Sunday next the anniversary services will be held when Rev. S. A. Kemp will be the special preacher. On Sunday evening the Presbyterians will waive their evening service and join the Methodists in accordance with the usual custom. There will be an entertainment given on Monday evening in the Methodist church.

Lindsay Defaulted.

The football match, announced for Saturday afternoon between the Lindsay Collegiate Institute team and a combined team of the Grove and Lakefield High School, failed to come off as the Lindsay aggregation did not appear. Considerable interest is being shown in Rugby and there were many disappointed at not seeing the game which promised to be very good.

Good Road Needed.

There is general satisfaction with the effort being made to improve the so-called road to Burleigh and beyond. One does not hear a dissenting voice among those who have bumped over it. Beyond Burleigh Falls, the road is better, as Burleigh township are making a great effort to improve conditions, and from Burleigh Falls to Apsley the road is a very good one, for a country road in a very sparsley settled locality. One hates to think of the length of time between repairs on the "highway" (?) between Young's Point and Burleigh. In many spots the old corduroy is still to good—or rather to the bad. A decent road could be made without any very great expense, and which would repay the outlay in revenue to the township.

Personal Mention.

Mrs. Gordon Northey was in Toronto last week for a few days.

Mrs. Lawrence H. Grahame has returned from a three weeks' visit to friends in New York.

Mr. and Mrs. Hugh Lumdsen of Oakville are week end visitors of Rev. and Mrs. A. W. Mackenzie at "The Grove."

Miss Edna Braden spent Saturday in Peterborough.

Messrs. Madill and Kent of Peterboro were in the village on Thursday.

Miss Blanche Moore of Peterboro was in the village on Saturday.

R. J. Knox of Peterboro was the guest of Mr. and Mrs. Robert Lemay.

Miss Corkery spent the week-end in Peterboro.

Mrs. Daniels of Toronto was the guest of Mrs. W. M. Graham for a few days last week.

Capt. J. A. Dewart of Peterboro attended the Firemen's Dance on Thursday evening.

Misses Agnes Young and Helen Brooks of Young's Point attended the dance given by the Firemen on Thursday evening last.

Miss Vera Botterill was in Peterboro on Wednesday.

Mrs. Robert Watson was in Peterboro on Thursday.

Mrs. M. Hynes, Sr., and Mrs. Michael Hynes and family, who were burned out on Saturday evening last have taken up their residence in the late Wm. Gifford's home on Regent street. They spent the few days succeeding the fire with Mr. and Mrs. B. O. Dench at North Douro Lodge. Mr. Roland Johnson kindly brought Mrs. Hynes to the village in his sedan car.

Kennin Hamilton, who spent the past fifteen months in Quebec, has returned to the village and joined his mother, Mrs. M. G. Hamilton.

Rev. I. L. White returned home on Friday from Toronto, where he attended the conference of the Baptist church.

R. G. Madill, who has spent the past five months in Northern Canada in the interests of the Canadian government, returned to the village last week. Mrs. Madill spent the summer with her parents, Mr. and Mrs. Arthur Jory, in the village. Mr. and Mrs. Madill will shortly return to their home in Ottawa.

Mrs. W. E. Brooks of Young's Point, Mrs. F. G. Young and son of Peterboro passed through the village on Friday en route to Young's Point.

Mr. and Mrs. Fred Wooldridge have moved to the village from Little Britain and have taken up their residence on Bridge street.

Mr. and Mrs. David Finnie, Mr. and Mrs. Lorne Webster, Miss N. Webster, Miss B. Hamilton and Mrs. D. H. Webster motored to Dummer on Thursday last and were guests of Mr. and Mrs. Albert Webster.

Wednesday's Mid-Day Lunch, 50c

Bread and Butter
Pot of Tea or Coffee

The GRESSMAN Company Limited

IN MILLBROOK AND DISTRICT

A Series of Song Services Opened in the Church—Sudden Death of Mrs. Thomas Medd.

MILLBROOK, October 31. — A series of song services on the hymnology of the church was begun on Sunday evening by Rev. S. T. Tucker, a study of Dr. Isaac Watt's hymns being taken up in a most interesting manner. The service opened with the congregational singing of three typical hymns, "Joy to the World," "The heavens declare Thy Glory, O Lord," and "Great God attend while Zion sings." Two numbers were rendered by the choir "Come sound His Praise abroad," and "Sweet is the work, my God, My King," the latter arranged in anthem form. One of the earliest missionary hymns, "Jesus shall reign where'er the Sun," is also by Dr. Watts, and gave opportunity for splendid congregational singing.

The pastor opened his sermon by relating many facts in connection with the life of Dr. Watts, who was born in Southampton in 1674, and lived in the era just preceding the Methodist revolution. He was the eldest of a family of nine children, always of a studious nature, showing a poetic trend from early years, but was an invalid practically all his life. Previous to Dr. Watts' day church singing was confined entirely to chanting the Psalms the exact wording being used, and this had become monotonous and burdensome to the more progressive minds; nevertheless, his introduction of hymns descriptive of Christian experience, and paraphrases of the Psalms introducing New Testament theology nearly caused a revolution among the older and the more conservative church people. Over two hundred hymns were composed by Dr. Watts, the characteristics being simple language, the linking up of God and nature, as in "There's not a plant or flower below, but makes His glories known," the majesty of God, a typical hymn being, "Before Jehovah's awful throne," songs of praise, "Praise ye the Lord, 'tis good to raise your hearts and voices in His praise," and all find their culmination in the outstanding teaching of the Cross of Christ, "Alas, and did my Saviour bleed," being one of the oldest and best known of our church hymns. No reference to the hymns of Dr. Watts would be complete without making mention of perhaps the finest of all, founded upon the 90th Psalm, "Oh, God our help in ages past," which was sung by the congregation; and also "Come ye that love the Lord," before the benediction was pronounced. The fact that Dr. Watts wrote not only hymns but also books on logic, philosophical essays and a history of Scripture, which were considered authoritative in the universities and colleges of the day should be mentioned. He died at the age of 74 and was buried in the Puritan cemetery at Southampton; but so much was his name loved and honored that a monument to his memory has been placed in Westminster Abbey, and a "Memorial Hall" was also erected in his native town of Southampton. Mr. Tucker intends having one of these song services once a month and will take up the hymns of Charles Wesley on the next occasion.

Gave a Concert.

The girls of the "Wide Awakes" C.G.I.T. group gave a Hallowe'en programme for their evening at the Young People's League on Monday night, the basement being appropriately decorated with the usual black cats, owls, pumpkin heads, etc. and the lights dimmed to suit the occasion by having shades of yellow paper round each one. The president Jean Burnham, occupied the chair, and the organist Gladys Tucker, presided at the instrument throughout. The programme was as follows, the hymns chosen being two of those the girls are to study this year as part of their regular work in the group:

Hymn, "Faith of our Fathers."
Minutes and roll call, by the secretary, Bonna Robinson.
Scripture Topic, "A Lost Book Found," II Kings 22 and 23: 1-3.
Prayer by some of the girls.
Hymn, "Jesus calls us o'er the tumult."
Character study, "Guessing who's Who?"
Recitation, "The Race," by Jean Stinson.
Reading, "Witches' Work," by Kathleen Freelove.
Chorus, "Over in the Corner," by three of the girls.
Recitation, "Hallowe'en Witches," by Wilma Fallis.
Chorus, "Hallowe'en," by the group.
Recitation, "We ain't scared," by Elsie Spence.
Group singing from the C.G.I.T., song sheet.
Reading, "Ghosts," by Jean Burnham.
Group "yell" by all the girls.

A social hour was then enjoyed for which two contests were prepared, "The Brown Betty Tea-pot Social," and "Pinning the tail on the Witche's Cat," afterwards homemade candy popcorn and apples were served and the meeting dismissed by singing the national anthem. The C.G.I.T. group provide the program in the league every time there is a fifth Monday in the month.

Died Suddenly.

The entire community was shocked to hear of the sudden death of Mrs. Thomas Medd, which occurred on Sunday afternoon. Mrs. Medd had been spending the summer at the homestead here but intended returning to Peterboro for the winter months on Monday. Two sons survive, Mr. S. T. Medd of Peterboro, being the oldest, and Mr. F. W. Medd, whose headquarters are in Montreal, the other. The date for the funeral has not yet been announced.

ONE OF THE BEST WEEKS IN THE HISTORY OF THE BUSINESS

When the Examiner representative called on the Duffus Motor Sales this morning they informed him of having last week enjoyed one of the largest weeks in the history of the business.

The actual number of machines sold was five Fordson tractors and fourteen Ford cars. Concrete evidence of the wonderful popularity and growing demand for Fordson tractors and also that the Ford car has reached a point of marvelous value, satisfaction and dependability in motor car construction.

The Duffus Motor Sales assert that the problem of getting cars is of greater concern to them than the making of sales, and in order to be in a position to make deliveries they strongly recommend the placing of orders at the earliest possible date. Already they have a large number on file for winter and spring delivery, and expect next year's business will surpass all others.

THRESHER FINED

LINDSAY, Oct 31 — Harry Thompson, a thresher faced Magistrate Bradford recently as a result of a complaint laid by Charles Found a farmer of Mariposa to the effect that the thresher had struck his son An altercation had arisen, it appears when a claim was made that the grain was not being properly taken off the stack. Thompson was then alleged to have struck yound Found

The accused pleaded guilty to the charge and a fine of $5 and costs was imposed. The costs swelled the total to $17.00.

Your visitors will be guests because you guess who they are.

You will know which is witch but can't tell which is which.

Turnbull's—Second Floor.

GEDDES VISITS BYNG IN OTTAWA.

The Usual Halo of Mystery Surrounds News Report of Event.

OTTAWA, Oct. 30.——(Canadian Press).—Sir Auckland Geddes, British Ambassador at Washington is guest of Lord Byng here to-day. He is just paying a visit but it is quite likely that he will take up with Kings' cabinet matters affecting Canada at Washington.

He had not come for discussion of any particular question however, though a number of things would be taken up. Sir Auckland will be the guest of honor at the State dinner at the Government house this evening and to-morrow evening he will be entertained at dinner by Government at Country Club. British Ambassador is leaving Ottawa to-morrow night and it is expected will go to Toronto from here.

Prime Minister and members of the cabinet will meet Sir Auckland at to-night's government house function and it is likely that there will be some discussion as to various matters likely to be further taken up in the conference to-morrow. Matter of Great Lakes disarmament and treaty between Canada and United States are expected to be considered as also is the question of direct Canadian represention at Washington.

Since Viking Days

cod-liver oil, now known to be exceptionally rich in the vitamines, has been a means of health and strength to tens of thousands.

Scott's Emulsion

is cod-liver oil direct from the "Land of the Vikings," made into a form not unlike rich cream. *It helps make and keep boys, girls and grown people sturdy.*

Scott & Bowne, Toronto, Ont. 22-23

ROTARY-ANNES

(Continued from Page 1).

appreciation of the frailities of their husbands by declaring a ten minutes intermission to allow the male of the species to indulge in a smoke.

Then came the "stunt" portion of the evening with Rotary-anne Mrs. (Dr.) M. A. Morrison in charge. The Rotarians sudenly found themselves included in the programme in an unexpectedly and thoroughly amusing manner and Rotary-anne Morrison proved a strict and forcible presiding officer, whose edicts had to be obeyed to the lettet. The result was that Rotarian H. R. H. Kenner had to make a two minute speech with an egg-beater as a subject. Rotarian J. W. McDermid found a medicine glass assigned to him for discussion and Rotarian W. R. Morris, Thos. Barrie and Frank Linton had to speak on the respective merits of a pair of spoons, a lemon squeezer and a poker, while Rotarian Reg. H. Turner was sentenced to tell twelve fortunes. Rotarian Barrie's oratorical effort was adjudged to be the best ond he was awarded the prize, a vanity case.

The laughable "stunt" was followed by the first annual "Kiddie Kar" Derby which had to be run in three heats amid roars of cheers and laughter. There was a remarkable field of entries including E. B. Fowler, B. D. Hall, City Clerk Armstrong, Dr. A. W. McPherson, Dr. M. A. Morrison, Rev. Harold Young, Leon Frazer and J. J. Turner.

Basil Hall proved the ultimate winner showing himself the most expert "Kiddie Kar" chauffeur in the contest and he was awarded the "prize" which was a fine of 25c for being the "fastest" man in the competition.

The Rotary-anne Glee Club contributed a hidden chorus number singing "Carry Me Back to old Virginia" in splendid style and had to respond to an encore.

The charge to a new member entering into the ranks of the Rotary annes was most cleverly given by Rotary-anne Mrs. W. R. Morris with Rotary-anne Mrs. Roy acting as proxy for the baby member. The examination of the applicant produced a series of mirth-provoking questions and equally amusing answers and the obligations that the candidate had to assume were such as to convulse the audience.

Rotary-anne Morris then introduced that remarkable organization the Rotary-anne Jazz Band and incidentally the introduction deserves more than a passing tribute for the number took some time to prepare and madame chairman had to hold the floor in the interim. Her amusing speech was a masterpiece under the circumstances.

The Jazz band in costumes that had to be seen to be appreciated gave a musical version of that favouprite of nursery days "Old King Cole". The children would not have recognized it and a captious musician might have complained of the intrusion of a few "blue" notes. But what of that when the number left some of the Rotarians weak from laughing. The performers were twice recalled before the applause would subside.

This concluded the progamme and President Crane took charge of the meeting for the closing ceremonies. Before the "Prairie Flower" brought a red letter evening to a close Rotarian Rev. Harold Young gracefully expressed the thanks and gratitude of the Rotary Club to the ladies for their most enjoyable programme and the appreciation of the members was demonstrated by their cheers and a tiger.

There was a splendid attenrance and among the visitors were Rotarian and Mrs. Walter Reesor and Rotarian and Mrs. Fred Sutcliffe of Lindsay.

COLLAPSED AND DIED IN TORONTO FACTORY

TORONTO, Oct. 31.—(Canadian Press.)—His son having died a few hours previously, William Swing, 40, yesterday afternoon walked into the plant of the Dominion Radiator Co. to impart the news to the young man's friends, and before he had been there many minutes he collapsed and died. Death was due to heart failure.

MOTHER!

Move Child's Bowels with "California Fig Syrup"

Even a cross, feverish, bilious, or constipated child loves the "fruity" taste of "California Fig Syrup." A teaspoonful never fails to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the sour bile, and undigested food out of the bowels and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup

THE NAME

I say it with a sense of shame,
"How slow we are to speak the NAME!"

We prate of "Providence"; we say
"Almighty Goodness plans our way."

And "The Eternal Heart is kind!"
To speak of this we do not mind.

But 'tis the essence of bad taste
To be too definte; to waste

One's peace. To cast one's holy things
Lightly, to those that have no wings.

Still, on occasion, it may please us
To mention God. But never Jesus.

To do so stamps onself a canter;
A fool, or worse. A brainles ranter.

Oh, no one nowadays can be
Religious in society.

And yet, that Name
Name of a Carpenter, Who meekly came
With neither scrip nor purse;
JESUS, the Name slurred over scornfully,
Is yet to be
The sun and centre of the Universe,

And, oh, we shall be glad to name Him then!
Be glad to claim
Acquaintance with His high exalted Name.
We shall be proud to say:
Yes this is He,
Who helped me in my sad extremity."

We shall speak boldly then of Cavalry.
For this will be a theme
More popular that any flimsy dream
Of wealth, or fame, or mere prosperity.
The Lamb, Who once was slain,
Will be the Song; yes, and the Song's refrain;
Ten thousand times ten thousand tongues shall sing
That JESUS, JESUS ONLY, is their King!
(Shall you join in?
Well, then, why not begin?)

FOUR CONSTABLES TO BE GIVEN THE BOUNCE.

Figured in a Case of Drunkenness and Gun-Play—Shield Names.

TORONTO, Oct. 31.—(Canadian Press).—Alleged to have been the principals in an incident featured by drunkenness and gun-play, four constables operating under the supervision of General Victor S. Williams, Commissioner of Provincial Police, were yesterday suspended from the force. General Williams, while admitting the details, undertook to shield the names of the miscreants. It is alleged that four men under the influence of liquor, went to the Scarboro Waterworks plant last Saturday night and demanded sleeping accommodation at the point of a gun. The daughter of the works superintendent went for the police and they were arrested.

"Woman in Car Faints"—headline. Maybe a man gave her a seat.

Bank Clearings

Clearings for week ending October 31, 1922, $3,190,797.
October, 1921, $3,394,803.
October, 1920, $4,736,793.

'PICKS' A FRIEND INDEED, — — GETS 6 MONTHS IN JAIL

NEW YORK, Oct. 28.—Something new and friendly in the way of hold-ups was staged in New York yesterday.

Marcus Kipness was standing on Broadway when Sam Heller walked up, seized his right hand and began 'wringing' it.

"Don't know you," said Kipness.

"Sure you do,' replied Heller, "wringing" away. "I used to live next door to you. Meet my friend."

Kipness turned to see the friend going through his jockets. Kipness yelled and the friend fled.

Heller, however, was arrested and arraigned.

"Shake hands with the workhouse inmates for six months," said the Court.

FIFTEEN YEARS FOR ROBBING PAYMASTER

HAMILTON, Oct. 31. — (Canadian Press.) — Mike Eloff, found guilty yesterday of assaulting and robbing William Hastings, paymaster of Canada Iron Foundries on April 30th last, was sentenced by Judge Gauld to fifteen years in penitentiary and twenty lashes.

JURY RECOMMENDS HEAVIER PENALTY

TORONTO, Oct. 31.—(Canadian Press.)—In making their report to Justice Riddell in the assizes here yesterday, Grand Jury recommended that drug addicts and pedlars be given heavier sentences as a means o faiding in stamping out the menace to society.

ORDER NOW

The Last Reduction on Ford Cars

Establishes a new low level never before reached. Just how long these cars will remain at this low price is a conjecture. It has been put into effect by the Ford Motor Company of Canada, Limited, in response to the demands of those who want a car NOW at the very lowest possible price. Costs of materials are increasing and if there are not a sufficient number of Cars Sold or Ordered NOW it will be impossible to maintain these low prices; —

VERBAL PICTURE OF GREAT FIRE

Samuel Taylor Details His Rescue-Work Experience in Northern Ontario.

Last evening Samuel Taylor addressed a large audience in the Gospel Hall, telling of his many experiences during the Northern Ontario fire. He went north several years ago to start up a little mission, and witnessed the great bush fire that destroyed the town of Cochrane, on July 29th, 1916. Later he joined the King's forces and went overseas. On his return to Canada he again located in the north to complete his work there.

Mr. Taylor opened his talk last evening by reading a portion of Genesis, 19, 12-29, dealing with the destruction of Sodom and Gomorrah in Lot's time, by fire, because the country was inhabited by very sinful people. The speaker then turned back to the recent catastrophe in Haileybury, and outlined the good work that was being done before the fire.

The Sunday school building in which he started his work, soon did not have sufficient capacity for all the members that would attend and a larger building was needed. A number of Christians then commenced to build a new hall, and were making great progress at the time of the fire. They were shingling the roof in the morning, when they were interrupted by an alarm, notifying them of the approach of the raging bush fire. Going to the outskirts of the town they could see the rapid approach of the flames.

Before many seconds had elapsed, Mr. Taylor said, the heat and smoke were growing extremely intense, and little fires were starting up all around, which the men endeavored to extinguish, but to no avail. Many times they were forced to lie flat on the ground with wet cloths to their faces to avoid being overcome by the smoke and heat. It was evident that they were being defeated, but still they remained at their fruitless task, battling with praiseworthy vigor.

In the course of the afternoon the wind changed and the fire began to back up upon the little town of Haileybury. The smoke became so dense that a man passing his wife on the road could not see her. The town being in great danger, warning was given to women and children to flee to Cobalt, North Bay and other places. To the great surprise of Mr. Taylor, he learned that there were no street cars running, because their cables had been burned down. Then autos took up the great task of carrying women and children to safety, while many boarded trains for New Liskeard.

While Mr. Taylor and his fellow workmen were still fighting the flames, he noticed an aged couple leaving their little home, all they had on thisearth, and trying to escape from approaching destruction. He ran to them and forcing the elderly woman to get on to his back, he then started on a run for the lake, when he was overtaken by a car, which conveyed the aged couple to safety. On returning to his task Mr. Taylor was again interrupted by a man named Lee, who asked for assistance in getting his sick wife to safety. Mrs. Lee, her two days old baby and little daughter were carried to an express waggon, which conveyed them to Lake Temiskaming, where they remained many hours until rescued by a boat.

Mr. Taylor and his companions finally started for Cobalt, and were making good headway along the road until cut off by the insatiable flames. The only thing left for them was to either turn or burn, so they turned back and made for the lake. On the lake shore they saw a motor boat coming towards them, so they hailed its fourteen year old occupant, who picked them out of the water. After some difficulty in starting they headed out in Lake Temiskaming at full speed. This lake is ninety miles long and six miles wide, and with a sixty mile gale blowing its water was extremely rough. Good headway was made until they struck a sunken pier and were dumped again into cold water. Fortunately the boat had suffered no damage and still remained afloat. They righted it and continued their journey.

About six miles from the ill-fated town they ran on to a sandy shore, where they built a large fire to dry themselves. An old Mexican settler appeared and told them of an old shack nearby, so they put out their fire and made for the shack, where they found food and dry tea. After a good meal they laid down and slept and in the morning marvelled that they were suffering no ill effects from their chilling exposure the previous day.

Embarking again on the boat they returned to the ruins of the little town and then journeyed to Cobalt, where they found their wives and families in comparative comfort.

Roast Turkey!

For tender, meltingly delicious and wondrous flavored turkey, you must roast it in an SMP Crystal Ware or Pearl Ware roaster. This roaster roasts as if by magic. It bastes the roast or fowl—the fat dripping down from above. The delicate juices and rare flavor are cooked right in. Nothing is lost. There is no wasteful shrinkage.

When you buy expensive roasts of meat, turkey, or other fowl or fish, you want them perfectly cooked. For from $2.00 to $4.00 you can purchase a splendid SMP Roaster that will positively guarantee the roasting. To ensure the perfect cooking of an expensive 15-lb. turkey, surely it would pay you to use the proper utensil—an SMP roaster costing only one-quarter the price of the fowl! A roaster that fully guarantees perfect roasting!

After the hardest roasting, an SMP Roaster cleans as easily and simply as a china dish. No scouring or hard cleaning. There are styles and sizes to suit every size of roast, fish or fowl. Finished in Pearl Ware, two-coated pearly-grey enameled ware, or Crystal Ware, three-coated snowy-white enameled ware. You can inspect them at any good hardware store.

Vogue of Gowns Set With Gems Grows in Paris

In Paris, gowns trimmed with precious and semi-precious stones are being worn. Perhaps that is why beads are becoming more brilliant and bead designs more bizarre.

Little glass beads, large wooden beads, medium-sized enamel beads, beads of jet, beads of jade, beads in colors you have dreamed of and never thought of wearing are now put on frocks of the simplest lines and makes them stunning.

For evening, for afternoon, ever on the smartest tailleur one finds that beads give their effective note.

GIVE BRIDAL SHOWER FOR MISS E. FOWLER

An Interesting Social Event at the Home of Mrs. E. Huffman, Adaline Street.

A miscellaneous shower was given at the home of Mrs. E. Huffman, 161 Adaline street, in honor of Miss Fowler's approaching marriage.

About forty friends and relatives spent one of the most enjoyable evenings in cards and other amusements.

About 11 o'clock a basket beautifully decorated and filled with many gifts, was carried into the parlor by little Miss Leta Staples and Verna Huffman, who sang as they came, "Wedding Bells," and the company joined in the singing of "For they are Jolly Good Fellows."

Miss Fowler and the groom to be gratefully acknowledged the many presents, which consisted of mostly cut glass, china and linen.

A surprise of the evening came when a darky chef entered and kept the whole party in good spirits with his funny antics, during which a dainty lunch was served.

The party broke up in the small hours of the morning, when an auto came and they all were taken to their respective homes, each one wishing the happy couple long life and prosperity.

The Reason Why
CHASE & SANBORN'S
SEAL BRAND COFFEE
is wanted—is because it is good.
Simple, isn't it?

MUCH INTEREST IN BOXING CLASSES

Large Attendance Marks Resumption of Boxing Activities by P.A.A.A.

A large attendance of boxing enthusiasts marked the opening of the P.A.A.A. boxing classes at the armouries last night. Many of those who took an active part in the sport last spring were on hand as well as a number of newcomers.

It was announced that in local competitions to be held during the coming season, the P. A. A. A. would not be represented. Club representation will be encouraged in all local boxing shows, and prizes will be offered for competition in the various casses.

The Athletic Association want the clubs to feel that all are welcome to take part in the boxing classes. An entrance fee of 25c will be charged and those taking part in the classes must have a card to admit them to the classes. The association will provide amateur cards, as is requested, for the boxers who take part in tournaments.

All boxers who are selected to take part in outside competitions and tournaments will be looked after by the P.A.A.A. and will represent Peterborough.

Private instruction will be provided for those who cannot attend the regular classes.

The next class will be held on Wednesday commencing at 7.30 o'clock. Under no circumstances will small boys be admitted.

LAST OF THE WRECKAGE

A number of sectionmen were busy to-day loading on flat cars last of the iron work that remained from the wreck that occurred near Hamilton's foundry about a week ago. This curve has been the scene of a number of wrecks. A number of years ago a double header left the track a few yards farther west and took the end out of the white roughcast house on Rubidge street. Another run-off occurred later when a freight train took the switch at Fitzgerald's coal sheds. Several other minor mishaps have occurred near this point, not to mention some near ones.

Canada has 500,000 automobiles and trucks, or more than twice the number registered in France.

"For the Home"
Hotpoint

It Rests the Wrist

When using the Hotpoint Electric Iron the thumb rests on a firm projection, thus, entirely eliminating the tense grip, and severe strain on the wrist obtained by using the old style irons.

The Hotpoint Iron maintains its hot point, no matter how damp the clothes may be. Its mirror-like finish causes it to glide over the heaviest material with the slightest exertion.

Afternoon Frocks

In Flat Crepe, Crepe Romain, Satin Canton Lace, Georgette, etc. Priced from $30.00 up to $95.00

And, of course, at informal, friendly affairs in the evening, these Frocks, with their flowing sleeves, and plastic draperies, will appear successfully. Shades of Toast, Ginger, Chutney, Algonquin, Tiger-Lily, Chinese Green, Navy, and, of course, Black. A glint of Topaz, or Amber, in their girdles, a beaded cabochon or buckle adds just "the touch of distinction" so different and fascinating.

A GOWN OF BLACK LACE, skillfully combined with Georgette, has graceful side draperies, and flowing sleeves; a bright touch is given with looped ribbon of silver, and French nosegay, which fastens at the hip. The price $33.00

MOLDED LIKE A CLASSIC ROBE, Toast Shade Canton is draped to one side and caught with beaded cabochon, the sleeves all wide and flowing. The price, $35.00

A CHARMING LITTLE FROCK in Shrimp Shade Shot Taffetta, which follows Lanvin's 1830 line, with full skirt and fitted bodice, just a nosegay of flowers at one side, and its simplicity is untouched. Priced at $29.00

"NATURAL BEAUTY COUNTS," SAYS NATION'S PRETTIEST GIRL

Mary Katherine Campbell, 16, recently crowned "Miss America" in the national beauty contest at Atlantic City, who won the $5,000 beauty prize, brings into prominence a new type of beauty—the natural beauty—a type so rare that it attracted immediate attention.

Her glorious auburn locks are the color nature intended them to be. The flush in her cheeks comes from exercise and health, not artifice.

For this very reason she triumphed over 500 other professional and amateur beauties, representing all parts of the country.

She will give her ideas on beauty to readers of The Examiner in three articles. The first is printed today.

MARIAN HALE.

MARY KATHERINE CAMPBELL.

By MARY KATHERINE CAMPBELL, "Miss America."

Just because I won a beauty contest I don't consider I qualify as an authority on beauty, but I have done some thinking on the subject.

Just what Helen, Cleopatra or Lillian Russell did to be beautiful I don't know, but I suspect they didn't do much but just let well enough alone. That is, they were beautiful for the things they didn't do rather than for what they did.

Seeing the beauties of the country assembled at Atlantic City, and studying them as a whole, I came to the conclusion that it isn't that women don't do enough to be beautiful, it is that they often do too much.

All my life I've heard of the luscious Southern beauties, and the aristocratic looking Easterners. Yet it is a fact that of the 10 prizes distributed, seven went to Middle Western girls.

At Atlantic City you couldn't distinguish the girls that way at all. They were all beautiful and seemed to be striving for a general standard of beauty instead of for individuality.

Seeks To Be Different.

I decided this was because of the makeup many girls use now. They all follow the same technique in putting it on—high color on the cheeks and chin, scarlet mouth, and sometimes beaded eyelashes and shadowed eyes.

Now all women aren't colored similarly. In some women the flush on the cheeks is high, on others it is low, and in others still the whole charm lies in the delicate pallor or in the dark, unrelieved olive tint.

The native expression of the eyes is lost entirely when one blackens the eyelashes to follow a silly fad.

Lose Individuality.

When girls all follow the same school of facial art, and make up after a common pattern, doesn't it seem reasonable to assume that they lose their individuality and become mere copies?

This is my objection to makeup, that it destroys individuality and that beauty lies in individuality.

None of us would attempt to paint a picture without a knowledge of color values, harmony, shadings and the technique of handling the brush.

But any girl who can buy a pot of rouge and some eyebrow stain starts out to redecorate her face, trusting to luck that she'll get the right effect. And you cannot trust too much to luck.

I really believe nature did a better job for me than I can do for myself and I am more sure of her results than of my own.

Besides, I want to cultivate my individuality and be myself.

There are certain health rules, however, which I observe, which I will tell you about in my next article.

J. McVICAR HEADS AMATEUR ATHLETES

Prominent in Rugby, Track and Junior Hockey Circles.

WINNIPEG, Oct. 31.—(Canadian Press).—Jack McVicar, prominent in local Rugby, track and junior hockey circles, was elected to the presidency of the Manitoba branch of the Amateur Athletic Union of Canada at the annual meeting here last night. Fred. Law, of the Police Athletic Union, relieves A. R. Morrison as secretary. The meeting endorsed numerous athletic marks shattered by local athletes in Winnipeg, Saskatoon and Calgary during the summer, and will recommend the acceptance of several Dominion records when the national body meets in December.

STRONG APPEAL FOR NORTHERN SUFFERERS

That unless a continuous supply of money and supplies was forthcoming keen hardships would be endured by the people who lost everything in the Northern Ontario fire zone, is the report brought back by Dr. C. A. Hodgetts, honorary secretary of the Northern Ontario Relief Committee who went up to investigate and make a report. Dr. Hodgetts reports that relief arrangements have been well systematized in the north. Peterborough is expected to give her share in contributing to the relief fund. The Examiner acknowledges subscriptions. Please send them to this office.

Read both halves of the news

LOOKING over all the normal activities of life which hold your interest — your city, your church, your school, your sport, your good works, there is not a single one that has not been promoted and fostered by having public attention focussed upon it in the **Daily Newspapers** of your community.

Facts about personal happenings of this kind have come to be called news; facts about retail business are spoken of as "advertising." There is no actual difference between the two. Read both.

As a consumer you have as much interest in the day's advertising news as any person has in civic, religious and recreational events. How else can you keep informed of what is newest and best to eat, to wear and to use; how can you know who is selling on the best terms and pledging his name and resources to back the quality and worth of his brand and trademark?

Daily Newspaper Advertising is the soil in which new comforts and economies are grown daily for your benefit. It is news of value and interest to every one of us who must spend money daily just to live.

Issued by the Canadian Daily Newspapers' Association, Toronto.

STORY OF BIBLE

—The Revised Version.

Within about half a century of the appearance of the 1611 version there began to be an agitation for another revision, but it came to nought, as did other proposals of this kind for the next two centuries in which might be included the revision projected by the American Bible Society in 1847, on which a committee of seven actually worked for three years and a half.

Certain circumstances, however, made it clear that an authoritative revision must soon come. Great strides had been made in the knowledge of Hebrew and Greek since 1611. Most of the leading manuscripts were then unknown, the Alexandrian only becoming available in 1628, and the Sinaitic not being discovered until the middle of the nineteenth century. Moreover, the English language had undergone a great transformation, so that there were many obsolete and archaic words and expressions needing correction.

The first public move towards a new authoritative revision was made in February, 1870, an motion of Bishops Wilberforce and Elliott. Fifty-four eminent scholars were designated for the work, the same member as King James had appointed for his revision; half for the New Testament and half for the Old Testament. One company met in the historic Jeruslem Chamber of Westminster Abbey where the Westminster Confession had been drawn up and the Prayer Book Revision of 1689 had taken place. It was in this room, too, that Henry IV. had died on the eve of starting for the Holy Land. The other company met in the magnificient chapel of Henry VIII. Arrangements were soon made for the co-operation of American scholars who organized in December 1871, and met at the Bible House New York.

The New Testament was completed and published in England on May 17, 1881, and in the United States three days later. Its reception was overwhelming. Three million copies were sold within a year. The Tribune and the Times of Chicago published the book entire in their issue of Sunday, May 22. The Gospels, Acts and Romans, about 118,000 words, were telegraphed from New York and the remainder was set up from copies received in Chicago May 21. The Old Testament company continued their work and the whole Bible was published May 19, 1885.

The English company now disbanded, but the Americans continued their organization till 1901—nearly thirty years altogether—when the American Standard Version appeared. The American company had previously agreed not to issue an edition for fourteen years.

In the 1885 editon there were still quite a number of antiquated words and phrases that needed modernizing, such as hough, marish, sith, strowed, holpen, etc. The American company also had the advantage of the criticisms passed upon the previous English revision and could also profit from further progress in scholarship as well as from continued excavations in the East. Naturally, therefore, the American Standard Version makes a valuable contribution to Biblical knowledge.

CUTICURA HEALS LARGE ERUPTIONS

On Face, Sore and Disfiguring, In Blotches and Burned.

"Small pimple-like eruptions came first on my face. They were sore and disfiguring, and were also large and red. They festered and came to a head, and they were in blotches and burned.

"I had these on my face for about a month before I used Cuticura Soap and Ointment. I could feel the pimples getting better after a few days' treatment, and I used one cake of Cuticura Soap and one box of Cuticura Ointment when I was healed." (Signed) Miss Florence Thayer, Wright, Quebec.

Cuticura Soap, Ointment and Talcum promote and maintain skin purity, skin comfort and skin health often when all else fails.

Sample Each Free by Mail. Address: "Lymans, Limited, 344 St. Paul St., W., Montreal." Sold everywhere. Soap 25c. Ointment 25 and 50c. Talcum 25c. Cuticura Soap shaves without mug.

LOUIS' CAFE IS NOT SELF-SERVE

The first anouncement of the opening of Louis' Cafe left the impression that the new restaurant would be operated as a self-serve cafeteria. As a matter of fact, the cafe will employ waiters ad give regular restaurant service, although it has caeteria fittings.

A THOUGHT

He giveth power to the faint; and to them that have no might, he increaseth strength.—Isaiah 40:29.

* * *

Dream not of noble service elsewhere wrought;
The simple duty that awaits thy hand
Is God's voice uttering a divine command;
Life's common deeds build all that saints have thought.

—Anonymous.

BIG CONVENTION NEWSMEN MEET IN CANADA, 1923

Examiner Affiliated With International Circulation Managers' Association of the World.

Mr. S. H. Mitchell, Circulation Manager for The Examiner, has been admitted to membership in the International Circulation Managers' Association of the World.

The twenty-fourth annual convention of this association was held in Indianapolis, on June 13, 14, and 15 of this year, in the Claypool Hotel. Subjects under discussion at this convention included addresses on matters of interest to circulation managers, "Rural Canvassing," "What Newspaper Features Bring the Best Rural Reader Response?" "Do the Accrued Circulation Gains Warrant Reduction of Selling Prices to Old Levels?" "What are Good Standards of Circulation Practice?" "Encourage the Carrier Boy and You Progress — Neglect Him and You Decline"; "Radio — What It Will Do For Circulation," were some of the subjects discussed during the three day meeting of representatives from many lands, for the Association numbers in its membership men from newspapers in Ceylon, Mexico, Hawaii, Palestine, England, China and Sweden, with many Canadian newspapers and hundreds of American publications.

The September number of the Official Bulletin of the International Circulation Managers' Association contains a brief account written by the president, J. J. Lynch, of "The Press," Cleveland, Ohio, of the Inter-State Circulation Managers' Convention, held at Pittsburg, on Tuesday, September 12th, of this year. This little publication also contains pithy articles written by experts on the numerous aspects of the circulation manager's work.

The subject which occupies the attention of the association at the present time is a reduction in postal rates, such rates affecting largely the cost of circulation in rural districts. This is a matter which naturally is of moment to all circulation managers, as the cost of newspaper circulation has been materially heightened by the increase of one and a half cents per pound in postage rates. For instance, a sack of papers weighing one hundred pounds and carried ten miles would cost per day $1.50, or in the neighborhood of $450 per annum, which is practically the entire amount received from one hundred of the subscribers in the same district, their rate of subscription being $4.80 per year.

Owing to the efforts of Mr. Argue, of the staff of The Toronto Star, arrangements were made for bringing the 1923 convention to Canada, when the twenty-fifth annual event will be held at the Royal Muskoka Hotel, Muskoka Lake, on June 19th, 20th and 21st.

BIG ORE SHIPMENTS.

SUPERIOR, Wis., Oct. 31.—(Canadian Press.) — Ten million tons of ore, the largest tonnage shipped through Superior since the period of depression following the war, has been sent down the Lakes from the three ore docks here this season, it was announced yesterday.

PATSY WALLACE LOST TO FLY WEIGHT MAULER

PHILADELPHIA, Oct. 31.—(Canadain Press.)— Pancho Villa, fly weight champion, last night defeated Patsy Wallace on points in an eight round bout.

KIWANIS CLUB

(Continued from page 1.)

number last year three hundred and sixty thousand belonged to trade unions. Recent figures show that the number belonging to trade unions at the present time has dropped to three hundred and ten thousand. The speaker said that he was unable to account for the decrease.

Members of Dominion and provincial legislative bodies governing Canada total nine hundred, which the speaker thought was far too many. Canada stands fourth in 34 nations in volume of business.

The Income Tax.

Answering the question, "Who pays the income tax?" Mr. Yeigh said the employees come first with a payment of eleven millions, manufacturers next with eight millions, merchants, including wholesalers, seven and two thirds millions, professional men, two and three quarter millions, and farmers six hundred and eleven thousand dollars.

Tax exemptions in Canada represent a total of one billion dollars. War pensions cost Canada annually thirty three milion dollars and in the past a total of four hundred and eighty seven million dollars has been paid out for this purpose. Of Canada's sixty thousand honored dead, fifty thousand lie o. seas. In all, the war cost Canada two billions of dollars.

At the close of Mr. Yeigh's interesting lecture it was announced that a similar address illustrated with one hundred colored slides will be given in the Normal school this evening by Mr Yeigh. The public is invited to this lecture. Kiwanian James Rollins characterized Mr. Yeigh as an authority on statistics relating to Canada.

HOT CHOCOLATE.

To make a thick chocolate drink, take one square of bitter chocolate —one ounce—add to it one-half cup of hot water or cold, hot for haste, and stir over the fire constantly for fifteen minutes. Add one half cup of hot milk and cook about two minutes. Sweeten to taste. Try it with whipped cream because it is so thick. You can thin it more, but this is like a cup of French chocolate.

NEW ITALIAN CABINET TOOK OATH OF OFFICE.

LONDON, Oct. 31. — (Canadian Press).—Members of the new Italian Cabinet, headed by Dr. Benito Mussolini, Fascisti chieftain, took their oaths of office last night and assumed office, says an Exchange Telegraph despatch from Rome.

A Union Stage Depot for motor bus lines is operated in Los Angeles, Calif., where more than 3,000,000 passengers are handled annually.

FREIGHTER DISABLED.

SEATTLE, Wn., Oct. 31.—(Canadian Press.)—The steam freighter Valdez, operated by the Alaska Steamship Company, was partly disabled in a terrible storm off the Alaska coast yesterday, but was able to proceed toward Cape Spencer, under her own steam, according to radio messages received yesterday.

FOR PEACE CONFERENCE.

CONSTANTINOPLE, Oct. 31.—(Canadian Press.)—Hamid Bey, the Nationalist representative in Constantinople, late last night received a note from the Angora Government for presentation to Allied High Commissioners accepting the invitation of the Allies to the peace conference at Lausanne.

CYLINDER CLASSIFICATION.

Of the American-made passenger automobiles, there are now 37 four-cylinder cars on the market. In the six-cylinder class 94 models are listed. Fourteen eight-cylinders and one 12-cylinder are to be had.

BIG HATS AND SMALL HATS

By MARIAN HALE.

Two extremes of fashion meet in this picture, and both are the last word in style.

The upper one confirms the rumor that hats are going to achieve proportions that will make the old Merry Widow sailor look like a close-fitting turban.

The lower one is an eloquent argument in favor of the straight and narrow.

Of course, we've had big hats this summer, but nothing compared to what we will have when winter comes.

And when a hat has gone as far as it dares go, and still be rated as millinery and not real estate, then the milliner keeps up the good work by widening it with feathers and plumes.

Can you imagine how the above hat would look after a ride home during the rush hour, or after a session at the Friday bargain counter?

Or dwell on the state of mind into which a woman might degenerate if she heard a fraction of the observation made regarding her mentality by frantic strap-hangers yards away, who suddenly found themselves masticating an extra size portion of ostrich feathers?

Or think how annoying it would be to take a stroll with your suitor and finding that you must broadcast your sweet nothings by radio or megaphone because you could not reach each other by any other means or vocal transmission?

Then consider the inconvenience of having to take out a door, or have a hat box hoisted in through the upper windows because your house cannot accomodate such parcels.

But the above is the town hat, not intended in the least for the wide spaces and the open road.

The low country model is the one below.

Aren't fashion designers inconsistent?

The lower one is of brown velvet of a very dark shade, embroidered with gold thread, and bright-colored beads.

FARMER IS THROWN FROM ROLLER, DIES

Sad Accident Befalls John Ryley, Near Millbrook

MILLBROOK, October 31. — As a result of being thrown from the seat of a land roller, John Ryley, an aged farmer of Fallis' Line, sustained a shock from which he never recovered, passing away at two o'clock this morning.

The accident occurred on Monday morning, when seated on the roller, Ryley, Senior, followed his son Harry, who was ploughing.

It appears that the roller struck a large stone, and the seat of the machine broke from the jolt, throwing the father heavily to the ground.

Hastening to his father's assistance, Harry picked him up in an unconscious condition, and conveyed him to the house.

Dr. Turner, of Millbrook, was summoned, but on arriving and examining the patient he could find neither cuts nor bruises on head or body. The stricken man never regained consciousness, and being between 75 and 80 years of age, death is attributed to shock from his fall from the land roller machine.

The late John Ryley had resided but a short time on the Fallis Line near Millbrook.

His remains will be conveyed by the C.P.R. from Cavan on Thursday to near Ottawa, where he previously resided, for interment.

News Briefs

SHOT HER HUSBAND.

DRUMHELLER, Alta., Oct. 31 (Canadian Press), — Mrs. Elizabeth Rae Dean will be arraigned here to-day on the charge of murdering her husband last Sunday morning when, the police say, she emptied the contents of a shot-gun into his abdomen, following a drunken quarrel.

ANTI-UNION RALLY.

EDMONTON, Oct. 31.—(Canadian Press). — A big anti-church union rally was held here last night by local Presbyterians, at which speakers declared the life of the denomination would be preserved at all costs. Strong opposition to the proposed union by Dominion legislation was voiced by all.

A PARIS GOWN.

STOMACH MISERY, GAS, INDIGESTION

"Pape's Diapepsin" Corrects Sour, Upset Stomachs at Once.

ONLY REAL CURE FOR BLACKHEADS.

An authority gives the following advice to those suffering from blackheads:

"The only real cure for blackheads is to remove the cause by keeping the body in perfect health. Do not eat to much rich fatty food, and not too many sweets. Drink at least eight glasses of water each day, but none with meals, and take plenty of exercise in the open air. It is important also to keep the pores of your skin clean by bathing your face each night before going to bed with warm water and a good soap. Do not neglect to rinse in very cold water, which will close the pores again and make the skin firm.

"If you will carry out this programme faithfully, you may use the following lotion for those blackheads you have already have; Boracic acid, 2 drams; alcohol, 2 ounces; rosewater, 4 ounces.

Use with friction twice a day on the skin affected.

DIED ON WEDDING DAY

MONTREAL, Oct 31.—(Canadian Press).—On what was to have been her wedding day Nora Monica Shields aged 22 of Toronto, died late yesterday afteroon of pneumonia with which she was stricken last Wednesday Wedding presents were arriving at the house last night when funeral arrangements were being made. Frank Kennedy her bereaved fiancee will accompany the body to Toronto.

Examiner Road Race on Monday-Other Sport News of Interest

Many Already Entered For The Examiner Road Race

Local Y. M. C. A. Will Provide Facilities For the Comfort of the Runners, Both Before and After the Big Event—Entries From Four Counties.

But a few more days remain to get your entry in for the annual all sport classic of the district, the Examiner Road Race, which will be held on Thanksgiving Day, November 6. Entries have been coming in in fine shape but it is expected that, as usual, the majorities of the entrants will hand their names in in the last couple of days. This entails a lot of extra work for the committeee so all who can are urged to have their names in as soon as possible.

The entry lists have been thrown open to the four counties of Victoria, Durham, Northumberland and Peterboro and it is expected that a large proportion of the runners will be from points outside the City of Peterboro.

Through the kindness of the local Y.M.C.A. every comfort will be extended to the contestants. As the start will be made from in front of the Y.M.C.A. building it will not be necessary for any runner to stand around in the cold waiting for the start. They will all wait inside the building till everything is ready and will then be called out and started off without any fussing around. The finishing mark will be in front of the Examiner office and on completing the course each runner will be sent right to the Y. where every facility will be offered for his comfort.

The course this year has been made as simple as possible. The start will be made in front of the Y.M.C.A. From there the runners go south on George Stree to Charlotte and west on Charlotte to the boudary. From there they will go straight out the Gravel road to the turning point and back over the same course to the finishing line in front of the Examiner office. The course for the Juniors will be five miles and for the seniors ten miles. Both will run over the same course except that the juniors will turn at a point two and a half miles from the starting point and the seniors will go the full five miles out and five back.

The junior event is for those who are under eighteen years old on the day of the race and the senior for those who are over that age. It will be necessary for the junior entrants to bring some proof of their age but a statement signed by any reputable citizen will be sufficient.

An entry blank will be found on another part of this page. It should be filled out and forwarded immediately to the committee in charge. If any additional information is required it may be obtained from the Sports Editor of the Examiner.

Good prizes will be offered for both the junior and the senior events and no entry fee will be charged.

When the eats are served watch the goblin gobble.

King of spades means you needed a king of diamonds.

Says the Wise Old Owl:

It's easy enough to look pleasant
When you shave with the New Gillette—
And no man worth while
Is able to smile
Who hasn't bought one yet

GERMAN BOXERS DEFEND TITLES.

Three Champions on the Same Bill at Berlin.

BERLIN, Oct. 31.—(Associated Press) — Three German boxing champions successfully defended their titles all on the same bill here recently. Urban Grase, the bantamweight titleholder, won in seven rounds because his opponent's skull was so badly damaged in a head-on collision that his seconds threw in the towel. The loser was "Phenomenon" Volkmer, who is more than forty years of age.

Hans Breitenstraeter, Germany's heavy-weight pride, knocked out the Belgian heavy-weight champion, Jef de Paus, in six rounds. Richard Maujocks, the German light-weight titleholder, defeated the Belgian boxer Claes on points, but the decision was not generally approved. Hana, ustria's welter-weight champion, gave up in the sixth round to Ernst Grim, a Berlin fighter.

The bill attracted one of the largest gates ever attending a German boxing program the spectators numbering more than 10,000.

Considerable interest was manifested here in Siki's sensational defeat of Carpentier, boxing fans recalling that Breitenstraeter once battled Siki to a draw.

ENTRY BLANK

EXAMINER ROAD RACE

Thanksgiving Day, Nov. 6, 1922

Name .....

Address .....

Age ..... Jr. Sr.....

Entries must be left with Charles Thorpe, Douglas Loomis, at the Y.M.C.A. or at THE EXAMINER Office Not later than 8 p.m. Friday, Nov. 3.

LOUIS' CAFE

The most expensively fitted Restaurant in this district

Will Open Wednesday

AT 194 CHARLOTTE STREET

(Next to New Centre Meat Market)

The public is invited to inspect this thoroughly modern establishment from end to end, and to note the sanitary fittings.

Those who have not had satisfaction from restaurant service in the past visit us. Prices reasonable. No pains or expense will be spared to please patrons.

Dinner from 11 a.m. to 2 p.m., and from 5 p.m. to 8 p.m.

Family Boasts Three Golf Champs; Father, Mother and Son

LEFT TO RIGHT, MRS. J. W. FELIX, J. W. FELIX, JOHN FELIX, JR.

Does one inherit ability as a golfer?

That such is a possibility, and in one case an actual fact, is pointed out by those who have watched the career of John Felix, 10-year-old golf champion in the juvenile class at Topeka, Kas.

The youngster comes by his golfing ability honestly. His father for several years was state champion of Kansas. His mother is now woman champion of Topeka.

In winning his juvenile title of champion of Topeka the youngster met and vanquished many boys much older. He plays the 18 holes in the nineties and is constantly improving his game.

John Felix is neither tall nor athletic for his age. As a matter of fact he is just a trifle taller than the golf bag that he sports.

At present his mother is just able to nose out the youngster. In another year he expects to have surpassed her game. Having done that he intends to go after dad's scalp.

GUNNERS MARCHED OVER THE KIWANIS

Piercy Turned in a First-Class Game For Winners and Was Well Supported.

The Gunners trotted out a strong line-up and pulled a surprise on the Kiwanis ball tossers by defeating them 13 to 5 in a game of Soft Ball played at the Armouries last evening. Piercey did the heaving for the Gunners and did well receiving good support.

Neil, on the rubber for the Kiwanis was a little wild at first but he finally hit his stride and was going well at the end of the game. His team mates often lagged in their ball-chasing enddeavors, but redeemed themselves with the willow, only fast fielding on the part of the Gunners kept them from piling up a large score.

The teams:

Gunners—Taylor c, Piecy p, Galvin 1b, Gilders 2b, Nicholls ss, Galvin ss, Kendry 3b, Simmons lf, Douros rf, sub Taylor.

Kiwanis — Neil p, Phaten c, Weber 1b, Philips 2b, Hamilton ss, Craig ss, Copping lf, Lacey rf, Dick rf.

Score by inning:

Gunners	..	..	1	2	2	1	3	2	0	2—13
Kiwanis	..	..	1	0	0	0	0	2	0	2— 5

LINDSAY LOOKS FOR LARGER ICE SURFACE

Hockey fans are getting anxious and wondering just what the new management of the Lindsay street rink intend to do this season by way of enlarging the ice surface. For years past Lindsay has always been represented by good teams in the O.H.A., but it has been proven that the further up in the championship race the teams succeeded in reaching that they naturally stepped into faster company. It has been discovered that the teams that defeat Lindsay say are as a rule better skaters, and faster on the ice. It is also believed by many that speed in hockey plays is developed just the same as stick handling or team work, and that speed is developed on larger surface than that which is to be found at the Lindsay street rink every season.

The rink should be enlarged and fans and players were living in hopes that it would be this season. There is room for expansion to the west and to the south.

ENTIRE TEAM WAS ORDERED OFF FIELD.

LONDON, Oct. 31. — (Canadian Press.)—An incident unprecedented in the history of rugby football occurred on Saturday during the match between Paignton and Newton Abbot early in the second half when Paignton was leading by 7 to 0. A Newton player was ordered off and a few minutes later the referee sent the remainder of the Newton team off, alleging indiscriminate and deliberate kicking by the forwards.

EAST IS LOSING SUPREMACY ON FOOTBALL GRID

Western Colleges Have Had Good Coaching and Have Been Quick to Grasp Possibilities of the Game.

YALE WEAK TEAM.

Ten years ago the east was supreme in football. How things have changed.

Ten years ago the defeat of Yale by Iowa would have been regarded as a tragedy, a startling upset.

The 6 to 0 trimming handed Yale by Iowa a short time back didn't cause much more than a ripple of surprise in the sport world. As a matter of fact many of the experts predicted it.

College football is a development of the east. For years the east reigned supreme on the gridiron. Not so many years ago when a football authority set out to pick an All-America team he didn't look much farther than Yale, Harvard and Princeton. To put a western player on the eleven would have been regarded in the light of a huge joke.

How things have changed. The so-called "big three" is a thing of the past as far as superiority in football is concerned. As a matter of fact there are often mord representative teams in the east than any of the trio. While not desiring to take the least bit of credit away from Iowa, Yale is a long way from being the best eleven in the east.

During the recent world series it was my very good fortune to bump into a number of former gridiron stars who were passing up football until the actual close of the baseball season. I had a long talk with a player who ten years ago was one of the most talked about stars of the gridiron.

I asked him how he dope out the rapidity with which the west had advanced in football and the way the east appears to have slipped. His reply was most interesting. To me it seems the most logical one that has ever been offered for the change in the complexion of the football map.

"It's the coaches," said the old star, "they deserve a great share of the credit for the sudden rise of the west on the gridiron.

"Younger coaches prevail in the west. They seem to grasp to possibilities of the new game quicker, having played it. In addition they are willing to take chances.

"The forward pass is really a development of the middle west. At least as far as the deceptive features of the play are concerned.

"The west has also done more with the shift. As a matter of fact the real trick features of the shift didn't emanate from the east. Coaches in the east have been too conservative. Possibly too many of them are from the old school, inclined to stick to straight football.

The argument advanced by the old star looked good to me. The western elevens are more versatile, due to the willigness of most of the coaches to experiment.

Of all the eastern elevens, Yale seems to be the worst victim of ancient methods. In the final minutes of the Iowa game, Yale carried the ball almost the length of the field with straight stuff. That makes it seem the talent is there to do big things with the new game.

Tea grounds in a cup bottom mean it wasn't coffee.

Apple peels shaped like letters show they are not orange peels.

Four aces you will be rich. Five aces, you will be shot.

WOOLLENS DUSTED ELECTRIC SQUAD

"Benny" McLean Allowed But Three Hits and Fanned Nine.

The Woollens defeated the Engineers before a large crowd of fans by a score of 14 to 2 in the second game of the Men's Soft Ball League double-header last evening. The Woollens played smooth, snappy ball, playing the nine innings without an error. They also hit hard and consistently collecting nine hits off Langley, "Benny" McLean, who was on the mound for the Woollens, had the Engineers completely at his mercy, using a fast ball that went in like lightning, and mixing it with a slow one that completely fooled the Engineer batters. He struck out nine, walked one, and allowed but three hits. Legros at first and Hopkins behind the bat turned in some classy playing.

Langley pitched ball that would usually have won any ball game, but he received poor support and his team mates failed to hit. McCarney playing right field for the Engineers caught all the flies that came in his direction.

The Engineers got a run in the first and third. After the third only two runners saw first.

The teams:

Woollens—Hopkins c, Milliard lf, Stuart ss, McLean p, Clarke 2b, Kennedy 3b, Lang rf, Legros 1b, Styles ss, sub Smith.

Engineers—McCarney rf, Burgess 1b, Rutherford ss, Langley p, Metherall c, Fielder 3b, Davis lf, Cruthers 2b. Sub. Jackson.

Score by innings:

Woollens	..	..	2	0	3	3	3	1	0	2—14
Engineers	..	..	1	0	1	0	0	0	0	0— 2

FROM LABORER TO COLLEGE STAR BY ATHLETIC ABILITY

System Prevailed in the United States of Paying the Way of Huskies Through College.

CANADA FREE.

The explanation given by Rev. Bruce Taylor, principal of Queen's University, regarding the policy of the college with respect to athletics will serve to dispel very greatly rumors which have been in circulation regarding the manner in which Queen's has secured a good football team this year. Dr. Taylor makes it plain that money has not been used to entice promising players to the college.

For many years, college athletics in the United States rested under the shadow of a vicious system by means of which wealthy graduates, working together, brought up good athletes and paid them to attend some particular university. Indeed, even today many prominent athletes in Canada can tell of offers they have received from several American colleges where they were invited to come and secure free education with expenses paid so long as they would turn out and play football, hockey or some other game. Countless American professional men received their education in this way.

Amazing Revelation.

The extent to which the American practice went was shown a few years ago by articles contributed to a well-known American magazine. The revelations were amazing. A husky boy would be working in a drain somewhere when a well-dressed man would approach him and suggest his need of an education. The "find" would be subjected to a physical examination and, if he met the test, he would be packed off to college, all decked out in the latest style and with money in his pocket. Some of the greatest football heroes of the times were discovered in this way, including, it is understood, Jim Hogan, of Yale; Heston, of Michigan; Vanderboom, of the same college and a host of others. Heston, [illegible] was able to do the hundred yards in ten seconds [illegible] dressed in football togs.

The story of Jim Hogan is one of the most interesting. He worked for years as a laborer before he was invited to go to college. At Yale, whither he was packed, he was given the monopoly of the tobacco trade at college, and it was no small item. His holidays were spent in travel, to Bermuda in the winter time and wherever else he cared to go. Hogan made good. The Yale crowd still sings a favorite rally song, with the words: "We'll give three Yale cheers for Hogan's men." The men who sent Hogan to Yale picked a sure winner. Hogan came out of college and was given a place in New York as Assistant Street Cleaning Commissioner under "Big Bill" Edwards, the famous Princeton football star. There he died a year or so ago, lifted by athletic prowess to boss a job on which in former days he might have been pleased to act as a humble sweeper.

A Student of Oratory.

Vanderboom, of Michigan, was one of the stars developed by the famous coach, Yost. His feats on the football field have colored the story of American college athletics. He was a huge man, powerfully built, with tremendous strength and enduring power. And at college, it was revealed Vanderboom was taking up only one subject. What was it? Who could guess? Oratory.

The professional coach system at American colleges helped to encourage the practice of selecting new students according to their athletic qualifications. No matter how good a coach may be, he cannot win without the winning material. He cannot reap where he has not sown, and it is the most natural thing in the world for a coach to take steps to sow a few good seeds where they will do the most good. To the help of the American college coaches came wealthy organizations of college graduates, all anxious to see their old universities win out over their rivals. College football became a contest in spending money.

Sport in Colleges.

Against any such system as this the Canadian colleges are to be warned by all who love clean sport in which the best man wins. The little flurry regarding Queen's University shows a healthy state of public opinion. At the same time, the system of purchasing athletes can be credited with having sent a good many men through college that would otherwise have never attained professional standing in the battle of life. Participation in sport is a legitimate part of a college education, as the late Cecil Rhodes believed when he made athletic prowess one of the qualifications for those seeking Rhodes scholarships at Oxford, but the British universities follow the excellent policy of forcing all physically fit students to play games, a policy often contrasted with the American and Canadian systems of limited participation and keen rivalry. Incidentally the lure of Rhodes scholarships has done much both in Canada and the United States in urging college students of the "bookworm" type to engage in sport so that they may qualify under the Rhodes plan.

GRANTED CARD.

The application of Clayton Frechette of Belleville for an amateur card was granted at a meeting of the Registration Board of the Ontario Branch of the A.A.U.C. as no information could be secured to substantiate charges which had been made. Frechette is expected to play with Belleville intermediates this winter.

PRODUCE MARKETS

PETERBOROUGH MARKETS.

Grains—Fall wheat and Marquis, 95c bushel; spring wheat 85-95c; alsike, $5-$6.50; No. 1 peas, $1.25-$1.35; No. 2 peas, $1; oats 35c; rye, 60-65c; barley, 55-60c; flour, half bbl, 3.35-$3.50; pastry flour 24-lb bag 75-90c; red clover, $5-$7 bushel; buckwheat, 55-60c bushel. bran, $23 ton; shorts, $25 ton.

Vegetables—Beets, carrots, parsnips and turnips 25c peck; leaf lettuce, 5-10c bunch; cabbage, 10-15-20c domestic potatoes, 15-20c peck; 75-85c bag; domestic onions 8 lb. 25c; peck, 40c; bag, $2.00; Bermuda onions, 10c lb.; spinach, 20c lb; celery 10c; cauliflower 15-20-25c; vegetable marrow 10-15-20c; pickling onions 25c qt.; sweet potatoes, 2 lbs. 25c; Spinach 70c peck; lettuce 5c.; bunch; egg plant, 15c-20c.

Hides and Wool—Cow hides heavy 10c; light 12c horse hides $2.50-$3; calf skins, veal, 15c deacons 75c to $1.00; kips, 8c; sheep skins 75c to $1.00; lamb skins, 40-50c; shearlings 20-25c; fine wool 18-19c; medium 15-16; coarse wool 12-13c.

Dairy Products — Creamery butter 35-38c; dairy butter 35-37c lb.; oleomargarine, 24-29c; eggs, 42-50c shortening, 15-20c lb.; lard, 17-22c; cheese, 23-30c; old cheese, 35-40c.

Fruits—Bananas, 30-50c doz., 10c lb.; Calif. navel oranges, 40c-$1.20; grapefruit, 10-15c each; lemons, 30c doz.; mixed nuts, 25-30c; cocoanuts, 15c; Smyrna figs, 45-50c lb.; green peppers, 3 for 10c; watermelon, 25 to 50c, each; Snow apples 60c peck; Wealthy apples 40c peck; Red Roger, 60c basket; pickling pear, 50c peck; 65c basket; Duchess pears, 85c basket; Keefer pears, 75c basket; California honeydew melons, 60c each; cranberries, 20c qt.; Wolf River Apples, 30c peck; chestnuts, 60c lb.; California grapes 30c lb; quince, $1.10 basket.

Fish—Pink salmon, 20c lb; white fish, 15c.; haddies, lb., 18c.; boneless 25c; halibut, 30-35c lb.; red salmon, 25c lb.; salmon trout, 20c lb.; kippered herring, 30c lb., oysters, 65c pt.

Hay—Old hay, baled, $20; new loose hay $15 to $16; new hay baled, $17; straw, $12-$15.

Meats—Beef, 10-30c lb.; hens, old, 25c; chickens, 35c; ducks, 35c; live hogs, $10.00; dressed hogs, $17.00; bacon, 37-50c; pork, 24-39c; sausage, 14-20c; veal, 5-30c; lamb, 15-35c.

CASH GRAIN.

MONTRREAL, Oct. 31.— (Canadian Press.)—The demand for cash grain in the local market yesterday from all sources was limited with volume of business small.

There was no change in the condition of the flour market.

Trade in mill feed continues good and the market for rolled oats was very firm.

There was no improvement in the volume of business in baled hay.

Feeling was firm under a steady demand for eggs and there was nothing new in the potato market.

Prices for butter were up 1-4 cent to 1-2 cent per pound, and prices were fully maintained in cheese.

STERLING RATES.

MONTREAL, Oct. 31. —(Canadian Press.) — Sterling exchange rates were quoted here yesterday as follows: Demand 4-4450; cables, 4-4475.

WINNIPEG CATTLE.

WINNIPEG, Oct. 31.—(Canadian Press.)— Receipts 3,300 cattle and calves; 380 hogs and 400 sheep and lambs.

There was a good demand for the better class offerings in the stocker and feeder divisions of the cattle market yesterday morning. Early bidding was steady to strong. The bulk of killing classes were in fair request at unchanged prices.

The sheep and lamb market was firm at 10.50 to 11.00 for good lambs and 6.00 and 7.00 for sheep.

The new hog grading regulations came into effect to-day. Packers were bidding 9.00 to 9.25 for thick smooth hogs with select bacon types selling at a premium of ten per cent.

CHICAGO WHEAT.

CHICAGO, Oct. 31.—(Canadian Press.) — Decreasing supplies of wheat in the United States, together with advancing prices at Liverpool led to something of an upturn yesterday in the wheat market here. The closing was firm at the same as Saturday's finish, to 5-8c. higher, with December $1.15 to $1.15 1-8 and May $1.13 1-8 to $1.13 1-4. Corn finished a shade off to 1-8c. gain; oats 1-8c. lower to 1-4c. up, and provisions varying from 2c. decline to a rise of 25c.

EGG MARKETS.

OTTAWA, Oct. 31.— (Canadian Press.)—There will be several cars of eggs moved for export this week due to the fact that no boat sailed for Glasgow last week. No new business is reported, however. United States eggs continue to arrive, but receipts of these are on the decrease. Receipts of Canadian fresh eggs are very light and prices for specials and extras continue to advance. Storage eggs are moving into consumption and the price for these may go lower depending upon United States market.

Toronto firm, specials jobbing 55 to 60, extras 50, storage extras 40 to 42, firsts 37 to 38.

Montreal firm, specials 56 to 60, extras 48 to 53.

Winnipeg unchanged. Receipts of fresh very light. Fresh extras and specials jobbing 52, storage extras and firsts mixed 40 to 42, seconds 30 to 31.

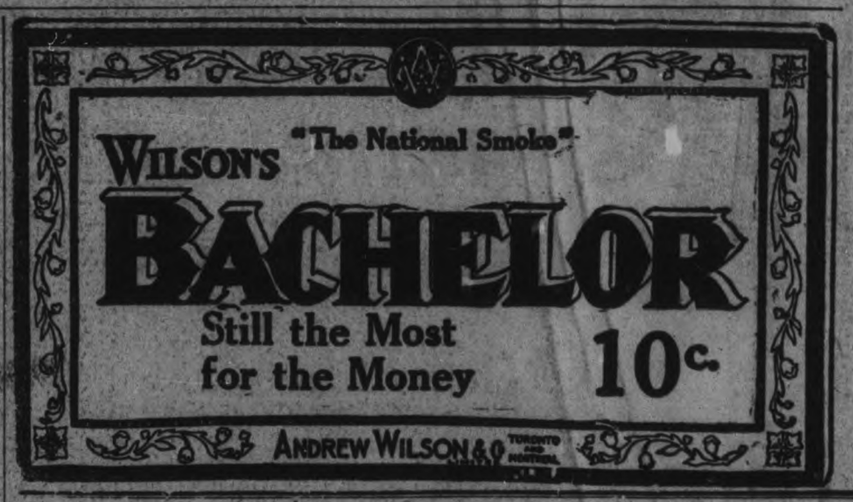
Saskatchewan unchanged.

Alberta receipts of fresh are practically nil, high grade storage eggs in good demand. Wholesale quotations unchanged. Jobbing storage extras 41 to 42, firsts 35 to 37, seconds 25 to 33.

British Columbia local fresh very firm 62 country points with 64 offered for specials.

Halifax market reported flooded with States and Ontario eggs offered at 34 and 37. Up to 43 is being offered for local fresh and 42 is being paid for Prince Edward Island fresh gathered, these jobbing at 48.

Count apple seeds. One with the most proves the early worm late.



Football Scout Plays An Important Part in Game

By "BO" McMILLAN
All-America Quarterback.

The scout has come to play a very important part in modern football.

Ten years ago a team without a coach was just about as hopeless as the present-day team would be without a scout.

It used to be that when a scout was sent out to see a rival team play his main thought was to get the signals of the opposition.

To-day it has developed into a much finer art to properly scout a team, the man doing it has to take many things into consideration aside from the matter of mere signals.

As I said in one of my former articles, football is still in the experimental stage. Because of this fact, the coaches are employing different methods of attack each year. They are trying to develop a new style of play, one that will be distinctly their own, and with which they will be able to spring something new on their opponents.

Small Colleges Dangerous.

This system has been of great advantage to the smaller colleges. Using it, they have demonstrated conclusively that the team depending upon its weight and strength can easily be defeated by a fast passing eleven.

Scouts are sent out each season to note the developments and not only to learn the method of attack and defense of the other team but to get new ideas of their own.

Before I scouted the Harvard game in 1920 I was totally ignorant of the Harvard style of play. I was very much surprised to see their quarterback taking the ball from under the center. Nearly all the teams in our section of the country, the south, used only direct passes to the man carrying the ball. I saw them use only straight plays, but these were highly developed; that is, every available man interfered for the man with the ball.

On my return to Danville I went into the office of our athletic director, Bob Myers, and said: "Chief it is going to be a battle between two systems. If our tricks and passes can offset their weight and knowledge of old-style methods, we will win." I was able to tell our line what to expect and I was positive that our passes and ends would work. I was right in my prediction except the Harvard line gave us a little more than we could stand, and we lost.

A football scout is open and above board with every move that he makes. Those representing most of the larger institutions usually go in and have a chat with the coach of the opposing team before the game.

This year I have sent out several passes to the coaches and the captains of all the teams on my schedule and will be glad to have them visit our field at any of the games during the season.

Eddie Mahan, famous Harvard star, spent about seven days in one camp in 1920. In 1921 Harvard detailed one of their coaches to come to Danville where he spent a week with us before the big game.

Duty of Football Scout

Seldom is a football scout able to get much of a line on any of the deceptive features of a team's offense. Such plays are rarely uncovered in the minor games.

The scout, however, by watching a few games, is able to get a good line on the general style of play. It is also possible for him to pick up any of the unusual features that invariably are a part of every coach's system. Likewise it is possible to pick out the weak and strong sections of the line against certain style of play. The ends can also be sized up for their outstanding features.

Very oten it is possible for a scout to unearth a certain weakness in the play of some individual that is of vital importance.

In baseball a pitcher can constantly work on the weakness of a batter. In football the successful quarterback must do the same with the opposing line. The scout furnishes the dope to work on.

FILMED AMID THE MAJESTIC CANADIAN ROCKIES.

Capitol Entertainment

NOW SHOWING.

Guided to a secret valley in the Frozen North—
The hunter becomes the hunted, an officer of the Royal Mounted, fighting for his life!
If you like Drama and a story that appeals, then you will like this superb picture!

WITH ALMA RUBENS

FROM THE STORY BY JAMES OLIVER CURWOOD

"THE VALLEY OF SILENT MEN"

CAPITOL CONCERT ORCHESTRA—Direction, Florence Gladman.

Norma Talmadge in "The Sign on the Door"

AT THE ROYAL COMMENCING THURSDAY.

ALMA RUBENS, featuring in "the Valley of Silent Men" at the CAPITOL THEATRE, To-night.
At the Grand

At The Theatres

GRAND— Friday and Saturday, "Bringing Up Father" on His Vacation," with Danny Simons, a Peterborough boy, as Jiggs Mahoney.

ROYAL — Wm. Fox presents John Gilbert in "Honor First." Also Sunshine comedy, "Step Lively Please"; Christie comedy, "One Stormy Night"; Mutt and Jeff in "Stuck in the Mud."

CAPITOL—"The Valley of Silent Men," a Paramount picture as thrilling as the name. In this offering Canada is glorified in a famous story filmed amid the scenic splendors of Banff and Lake Louise.

Capitol Entertainment

A fine dramatization for the silver screen of "The Valley of Silent Men" is the feature picture at the Capitol Theatre for the first half of this week. Filmed in the great white land of the North, its snow scenes are magnificent. The interest centres about the mystery of Kedsty's death, and the girl who has been secreted in his house. Marette Radisson ,the heroine, is played by Alma Rubens, and Lew Cody has the role of Jim Kent, her lover, and the suspected murderer who is hunted by the R.N.W.M. police. There are strong moments in the scenes following the murder, in those that picture the two lost in the snowy wastes among towering mountains ,and in the final episodes where the mystery unrolls itself.

There is plenty of excitement and several thrilling situations in Curwood's story, and the film version has taken advantage of every angle of an interesting tale to make a beautiful picture.

AT THE GRAND.

JOHN GILBERT MAKES HIT IN NEW PICTURE

Yesterday marked first showing here at the Royal Theatre of a picture replete with scenes of sunny France and full of the thrills familiar to the land of the Tricolor. John Gilbert portaryed with remarkable skill the dual role of Jacques and Honore Dubois, twins in the William Fox production, "Honor First."

Diametrically different in type and character, Gilbert's performance of the two parts marks him as one of the foremost screen artists of the day. Produced in true Fox fashion, the picture tells the story of two brothers, both of whom are serving in the French army, one as a private, the other as an officer, during the World War. Jacques, who leads his brother's company to the attack when Honore becomes panic-stricken and flees wins a vital victory but is mistaken for the deserting brother and honors are heaped up on him in the other's name.

It is at this point that serious complications begin to develop, resulting in a romance of stirring power and interest.

"Honor First" is an appealing story, well acted, well directed and well photographed. Renee Adores is Gilbert's leading woman.

AT THE GRAND.

DANNY IS COMING.

If one is looking for the unconventional and the unusual in musical comedy especial reference should be made about the new and triumphant offering underlined to hold the boards at the Grand theatre Friday and Saturday, November 3 and 4. The new piece, which is in three acts, is based on the ever-popular and ever-green cartoons of George McManus, "Bringing Up Father". Here we are to have Jiggs Mahoney, Father, solving the greatest and most important problem of his career. If you will recall, that is if you have been a faithful and consistent devotee of the other "Father" plays, Jiggs is at the beck and call and mercy of Maggie, his termangent wife. Maggie still henpecks Jiggs as of yore and like the proverbial worm Jiggs has decided to turn. Therefore, whatever he does to upset all Maggie's plans and calculations must need help to supply one of the most diverting and withal most original entertainments seen hereabouts in seasons. In addition to a large and well-selected company other features will be in evidence such as special musical numbers; a bevy of pretty women, unique costumes and other inimitable ingredients. The new play bears the title of "Father on his Vacation", with Danny Simons, Peterboro's favorite comedian, as Jiggs Mahoney.

"Chu Chin Chow" is really coming. If a five year record in London, two in New York, and the guaranteed metropolitan production and cast, the same that has played Boston, Chicago, Philadelphia, San Francisco, Washington and all the other big-time cities, mean anything at all to the theatre-lovers of Peterboro, then this city is about to enjoy a festival of music and spectacle, or drama and comedy, which it will remember for many years to come.

Not in this generation has a production of such magnitude and interest been seen here. It is as if the good old days of the theatre were with us once more to read the important names in the cast; To know that the fourteen massive scenes and the nearly nine hundred beautiful costumes, are the exact duplicates in design and fabric (for this famous extravaganza of the Orient is gowned anew every season) with those that London created, that New York copied, and that all the other representative American cities have praised and glorified until the book of adjectives was exhausted; and above all to realize that F. Ray Comstock and Morrig Gest, its generous producers, have conceded our city her rightful place on the theatrical map, with promise of other great things should we prove ready to receive them.

Everyone will see "Chu Chin Chow". It's first visit among us will be its last, and the opportunity is one not to be missed. Due notice will be given of the box office sale, though mail orders will be received now, to be filled in order of their receipt.

Enliven Your Eyes through the daily use of Murine. The alluring sparkle of youth quickly returns to eyes which have become dull and lifeless. Used safely for many years. Sold by druggists everywhere.

MURINE for your EYES

ONTARIO SECURED MOST OF PRIZES

TORONTO, Oct. 31.—Canadiao Press).—Cable to department of Agriculture states that Ontario secures most of the prizes in Imperial London fruit show in overseas section open to growers and to exporters of fruit in any part, of British Empire other than Britain and Ireland.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in the head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed up and miserable.

FIERY, ITCHING SKIN IS QUICKLY SOOTHED WITH THIS SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Mentho-Sulphur may be had at any drug store.

Amateurs Take Up Radio Golf

The fastest thing in the world, within the knowledge of science, is radio.

Radio speeds 186,000 miles in one second!

To realize the tremendous velocity of this phenomenon it may be compared with the speed of the voice. Sound travels a little more than 100 feet a second.

A person talking into a radio transmitter can be heard 15 miles off sooner than his voice would be caught by a bystander 10 feet away! In fact, if present-day radio transmission were capable of it, the announcer's voice could be received by radio nearly 200 miles away, at about the same time that the preson 10 feet off would hear it.

The time it would take for the voice to travel these comparative distances would be one ninety-third of a second.

A radio message spoken in New York can be caught in Portland, Ore., in sixty-second of a second. If sound alone were capable to carry the message this distance, it would take nearly four and one-half hours to reach Portland.

In one second, a radio flash could make seven and one-half trips around the earth. It would take that flash only eight seconds to reach the sun, 93,000,000 miles away.

An actual test of the terrific speed of radio is often made by radio operators on ships in the Pacific. They would first tune in on the Honolulu station for its midnight time signal. Immediately and by a quick adjustment, they would catch the noon-time signals from Nauen, Germany!

WOODSTOCK, Ont., Oct. 31. — (Canadian Press.) — Woodstock Collegiate Institute yesterday afternoon won their group of the inter-county rugby league by defeating Woodstock College. The score was 21 to 0.

A Pyramid of Beauty in "BRINGING UP FATHER ON HIS VACATION," Grand Opera House, Friday, Saturday, Nov. 3 and 4.

GIRLS GAVE JOLLY HALLOWE'EN PARTY

Guests Escorted Through Ghostdom at Y.W.C.A.

The senior girls of the Young Women's Christian Association held one of the largest parties in their history at the 'Y' rooms last evening when between 250 and 300 of the young lady members assembled for a jolly Hallowe'en gathering. The large gymnasium was filled with girls in every sort of costume. Greeted at the door by spooky guides, they wert escorted through Ghostdom and finally arrived in the gymnasium, where races and Hallowe'en stunts of every variety were the order of the evening. Three of the girls; the Misses Carrie Littlefield, Phyllis Hall and Martha Kirn, executed a very effective witches' dance and song around the cauldron.

Prizes for costumes were awarded as follows: Funniest man, Gertrude Kirn; Irish boy and girl. Helen Brown and Ethel Heron; Prettiest girl's costumes, Helen Foster and Mary Reynolds; Topsy, Alice Sanderson; Most original costume, Frances Park as Powder Puff. The fat man's race was won by Agnes Horsfield, as a clown.

Decorations throughout were in accordance with the Hallowe'en season, and refreshments of pumpkin pie, coffee and cake were served at the end of a very jolly evening.

TO IMPROVE COURT PROCEDURE, MEXICO

Use of the "Amparo" Will Soon Be Restricted.

MEXICO CITY, Oct. 31.—(Associated Press)—Use of the "amparo" as a legal recourse in Mexico is to be restricted in a bill which the government intends to present to congress. "Abuse of the measure is the reason. President Obregon recently declared that in many instances persons arrested have already provided themselves with an "amparo" which secures their immediate release without bail."

The "amparo" is one of the most generally used and at the same time the most complex procedures to be found in Mexican courts. It is a sort of injunction and writ of habeas corpus combined, and is employed either to restrain a court from acting or to secure the release of a prisoner from custody. Attorneys here admit that an exact definition of the word is impossible, and point to the fact that books have been written about it, with its specific meaning and origin still obscure.

INSTRUCTED IN JIU-JITSU.

BERLIN, Oct. 31.—(Associated Press)—A German policeman has just finished giving instruction in Jiu-Jitsu, the Japanese method of self-protection, to guardians of the public order in Spain.

Harry Wozny, of the Berlin criminal police department returned recently from the engagement, for a brief visit home. Having established a reputation in Berlin as a police instructor, especially in Jiu-Jitsu, Wozny's services were "borrowed" by the Spanish authorities. His commission includes the development of police Jiu-Jitsu teachers at Barcelona, and instruction looking toward the establishment of a Jiu-Jitsu squad in Madrid.

GOT JOB AS WAITER TO STUDY THE FOLKS

MANHATTAN, Kas., Oct. 31.—If you want to understand folks, get a job as a waiter.

That is the advice of J. F. T. Mostert, son of a multimillionaire South African planter and manufacturer, who is a student of agriculture College. Last summer he decided to get the point of view of the working men, so he got a job as waiter at the college mess hall.

"Americans have a queer notion about class distinction," Mostert said after serving as a waiter. While they are eating at your table they will make a pretense at considering you their equal and engage you in conversation, but when they meet you outside they pretend not to recognize you.

When Mostert finishes his work for a degree in agriculture in February, he will return to South Africa to manage a 300-acre farm, which his father has given him.

Mostert's motive in taking a job as waiter was better to learn how to direct men by having served as a workingman himself. Year before last he worked as a farm hand.

CORNWALL LAWYER TAKES NEW OFFICE

TORONTO, Oct. 31.—(Canadian Press).—R. Smith, K.C., Cornwall, was yesterday sworn in as Justice of High Court Division of Supreme Court of Ontario before Chief Justice Sir William Mulock. Justice Orde has been elected to second Divisional Court and Justice Smith will take his place on circuit.

WELL KNOWN JESUIT PASSED AWAY TO-DAY

LONDON, Oct. 31.—(Canadiap Press).—Father Bernard Vaughan one of the most prominent Jesuit priests in world and brother of late Cardinal Vaughan died here to-day. Several years ago he toured through parts of Canada, Alaska and United States and later toured in Japan where he addresed house of peers.

Autumn Millinery Shows Husbands Have Hard Winter Ahead

You can't tell what is going on inside the head of the modern woman, but what is going on outside is immensely interesting.

One glance at the new fall crop of millinery and you experience a sensation of deep sympathy for the fathers and husbands of our land.

They've a hard winter ahead.

The second look braces you wonderfully. You realize women have an unusual opportunity to look beautiful, hatted according to the new modes.

And you have a pleasantly thankful feeling that all the designers got together in a clubby fashion and decided to play no favorites and give everyone an even break.

* * *

Large, medium and small hats—they're all in evidence. Of course the large hat is attracting lots of attention because it is new, but it is in no danger, even temporarily, of totally eclipsing the small turban so becoming and practical.

The tricorn is back, after a period of retirement, softer and more yielding than formerly, but still with its perky, snappy air, gained by stiff feathers, tailored bows and upstanding cockades.

Velvet, satin, brocade, hatters' plush, duvetyn and felt are employed.

For trimmings ostrich might be said to be in the lead, for it is shown very extensively in willow effects and in what milliners call "fancies." Changeable ostrich is a novelty.

Back trimming is a decidely new feature. Big satin bows, colorful embroidery and fancy feathers are placed directly in the back.

Of course, the side trimming is most general because it is most becoming. Nearly every woman favors one side of her face and this type of millinery co-operates to that end.

Trimming is placed low and frequently is permitted to dangle off the brim. Sometimes feathers are wound several times about the crown before this is granted.

Burned peacock is popular trimming; so are hand-made silk and metal cloth flowers. Gold and silver lace are used to advantage to soften the line of the brim as is also the becoming black Chantilly lace.

THREE CONSERVATIVE YET SMART STYLES IN MILLINERY THAT EMBODY THE LATEST TOUCHES. THE MODEL ABOVE IS OF FELT, TRIMMED WITH PHEASANT FEATHERS. INSERTS SHOW THE POSSIBILITIES OF THE TURBAN.

Some fur is seen in trimming, but it is yet too early in the season to say what part of it will play in the fashion drama.

But [illegible] termine the line and type of you[illegible]ks before you buy your hats. [illegible] your hat to your new winter [illegible]

CITY AND GENERAL

The choir of St. Andrew's church were most hospitably entertained at St. Andrew's manse on Thursday evening last, by Rev. James Rollins and Mrs. Rollins. The occasion was a most enjoyable one and the appreciation of the choristers was voiced by Mr. John Crane. Rev. Mr. Rollins paid a tribute to the splendid assistance given by the choir.

THE IMPORTANCE OF "CORRECT DIET."

Dr. Wallace Seccomb of Toronto, speaking to the Local Council of Women last week, on the importance of correct diet, dilated on the importance of natural foods, that is the foods that had not been put through such a refining process as to deprive them of necessary health-giving elements. Bran, cellulose and fibrous foods were recommended, raw fruits and vegetables, or vegetables cooked in such a way that their skins might be used also. "Red Dog" flour, which is considered a low grade product, was described by the speaker as really the high grade flour to use, as it contains more of the necessary vitamines than the first and second patent brands. The extra refined rice, also, was not as good as the coarser type.

Milk was the great desideratum in the matter of diet. It takes 2 and one half cubic inches of cheese to equal the calcium contents of a glass of milk; 2 large cauliflowers; 5 oranges; 11 egg yolks; 24 slices of whitebread; 78 whites of eggs; 4 and one-third pounds of butter would be required to equal the value in this regard of one glass of milk. According to him, and to the majority of those authorties who speak on the food question now-a-days, the simple things are the best, in fact, the foods that lack frills are what one should eat.

Prof. McCollum, of Johns-Hopkins University, recommends a return to the wholesome food of former generations; the vegetable tops, the plebeian beef liver of other days, instead of the frenzied rush for varied diet which will contribute those elusive vitamines to our alimentary tracts.

YOUTHFUL HATS

Youthful hats, trimmed with pompoms or bows of soft satin ribbon, are featured by some of the most exclusive milliners. A black velvet hat has a bow of pink satin and black lace falling over the brim.

IN MEMORIAM.

HOPCROFT.— In loving memory of my dear brother, Tom, who passed away Oct. 31, 1911:

Silently, peacefuly, angels have borne him
Into the beautiful mansions above.
There shall he rest from earth's toiling forever,
Safe in the arms of God's infinite love.

—Always Remembered by Charlie.

VOL. LI., No. 103 PETERBOROUGH, WEDNESDAY, NOVEMBER 1, 1922 PRICE THREE CENTS

LONDON TIMES PLAYING SAFE ON NEW ISSUE

Gives Cautious Benediction to the New Ministry and Otherwise Straddles the Fence.

"ARE RESPECTABLE"

LONDON, Nov. 1.—(Canadian Press.)—Attitude of Times in present political situation is interesting since it has passed from the Harmsworth to the Walter family. The great newspaper is apparently feeling its way but it gives a cautious benediction to the new Premier. Yesterday it spoke approvingly of reticence of the new ministry and to-day it gives its general benediction to the overnight announcement of the new ministry who are eminently respectable and certainly not below the level of those in the late government It adds that "despite alleged excellence to its members" the late government fell because a considerable section of electorate had lost confidence in it.

Continuing it says that if new ministers are men of respectability rather than of outstanding ability there is no need to distrust them on that account: "Self-advertisement is not always surest means of inspiring trust in others", it comments.

CONFESSES TO MURDERING MAN

Prisoner in Woodstock Gaol Says He Killed a Woodstock Druggist in December Last.

WOODSTOCK, Nov. 1.—(Canadian Press.)— H. S. King, prisoner in Guelph Reformatory, has made a confession in which he states that he murdered the Woodstock druggist on December 29, 1920, when in company with the Murrell Bros. of London. He robbed the store. The confession has been sent to local police.

As no hold-up was committed and no one was murdered here at the time stated in the confession, local police do not know what to make of the case. They hold the view that he is suffering from hallucination.

King's confession reads as follows:

"I hereby swear that the Murrell brothers of London, Ontario, are not guilty of murdering the Woodstock druggist on December 29th, 1920. I, H. S. King, went from Hamilton to London on December 28, 1920, stayed one day, and on Dec. 29, at 5.30 o'clock, I met the Murrell brothers at the corner rof Richmond and Dundas streets. We were going to pull er of Richmond and Dundas they said they knew a better place in Woodstock. When we got there one brother stayed in the car, while the other brother and I went into the store to hold up the proprietor. I told him to put up his hands and he refused, so I pulled the trigger and shot him, not knowing that I had killed him. I did not mean to kill him. After I shot him we took the money in the till and got away as fast as we could. What made me go to Woodstock was that my aunt lives there. What made me do it I don't know, so I thought best to give myself up to save the other boys as I remain the guilty man."

The Weather

October was on the whole a very pleasant month. Some warm days were experienced at intervals, and there was but little cold weather. The few low temperatures we had were as usual at night. The warmest day was the 1st, with 85 degrees; the lowest was 18 degrees, on several mornings. The rainfall was lighter than usual, being but 1.54. If the season follows its usual routine we can confidently look for fairly good weather until the last week of the month, when a snow fall usually occurs, preceded by a freeze up about the 15th inst. However the seasons have been erratic of late years and have not followed their usual course. If the beginning of the winter season is postponed till about Christmas week we generally escape with a mild winter, whereas if it sets in early it naturally is long and in addition is apt to be severe. An old gentleman of an observant nature tells me that he never saw the first snow fall to stay unless it came with frozen mud and slush, and rough roads. Watch and see if he is right.—W. P.

Some men delight in telling the truth for the purpose of stirring up trouble.

LAST PAYMENT OF 1922 TAXES WILL BE RECEIVED AT COLLECTOR'S OFFICE AND AT BANK OF MONTREAL ANY BUSINESS DAY UP TO AND INCLUDING NOVEMBER 7TH., AT 4 O'CLOCK 5d 107 6336

Wellesley Won't Let Girls Smoke; Two Take Their Cigarettes and Go

BOSTON, Nov. 1.—When it came to a question of quitting cigarettes or quitting Wellesley College, Billie Burse, of Barre, Vt., and Jean Roth of Stamford, Conn., chose the latter and quit Wellesley last night. They were taking the hygiene course and will continue their studies by entering Dr. Sargent's School for Physical Education. Both are also pupils at the New England Conservatory of Music. Billie is a graduate of Goddard Seminary and Jean of Haywood School. They were freshmen at Wellesley.

The trouble at Wellesley started when Mrs. Campbell, house mother at the Maples, caught the girls smoking in their room.

"I've a good mind to tell the dean," she told them. "You know the penalty, girls—she'd expel you in a minute. Next time I catch you——"

"Why wait?" asked Billie.

"We'll go now," said Jean.

"We're resigning," she said, "as a protest against the antiquated notion that ladies do not smoke. Wellesley is too narrow. They talk here of progress. Why, they do not know the meaning of the word.

"The college does not permit of the new woman. To advance a girl must dare and again dare and dare forever more. The faculty frowns on daring. They frowned on our knickers. They frowned on our ideas. And now, having found our cigarettes, they're frowning again."

"They say nice people don't," said Miss Burse. "That's bunk, plain, old fashioned hokum. Why, as a matter of fact, our great great grandmothers of frontier times smoked corncob pipes. We're only a reversion to type— only we're a little daintier about it. Instead of a smelly old pipe we have our graceful little cigarettes. And most girls look darned attractive with a cigarette held nonchantly in their fingers."

News Briefs

WINDSOR, Ont., Nov. 1.—(Canadian Press).—Frank Bianchi, on trial on a charge of murdering William Fraser on October 1st, was found in his cell this morning bleeding profusely from a small wound, apparently self-inflicted, in his left arm, which severed a vein. The physician announced that the wound was not serious, and that Bianchi would be ready for the resumption of his trial Thursday.

TORONTO HEARS THINGS.

TORONTO, Nov. 1.—(Canadian Press).—A special to Toronto from Ottawa to-day says that there is good ground for belief that the appointment of Sir Charles Fitzpatrick as the first Canadian Minister at Washington has been made, and that the announcement will soon be made public.

"If the appointment has been made I have heard nothing of it," declared Hon. W. L. Mackenzie King, Prime Minister, to-day, when referred to the reported appointment of Sir Charles by a representative at Ottawa.

REPORTS DENIED.

OTTAWA, Nov. 1. — (Canadian Press).—The report that either J. Hungerford or C. A. Hayes, of the Canadian National Railways, will join the Canadian Pacific Railway an early date was given official denial to-day by Vice-President Graham Bell, of the Government system.

MAY TALK STRIKE.

MONTREAL, Nov. 1.—(Canadian Press). — Officials of Number Four, Railway Employees' Department of the American Federation of Labor, are to-day counting what is described as a shopmen's strike or negotiate, the ballot taken to decide whether the men were in favor of further negotiations with the executives of Canadian railways in connection with the wage issue or whether they preferred to strike against cuts put into force.

ALFRED CAPUS DEAD.

PARIS, Nov. 1. — (Canadian Press). — Alfred Capus, a member of the French Academy, died here to-day.

ISMEL PASHA DECLARES HE COULD BEAT ANY ARMY.

CONSTANTINOPLE, November 1. — Canadian Press. — Delivering his first political speech as foreign minister to the National Assembly yesterday, Ismel Pasha declared the Nationalists desired peace, and that their representatives at Lausanne would work to that end.

After extolling the army he said that with such troops as he was proud to command he could defeat not only the Greeks but any other army.

LLOYD GEORGE INDISPOSED.

LONDON, November 1. Canadian Press. — Lloyd George has developed a sore throat and on the advice of Lord Dewson, his physician, has abandoned his engagement to speak at Bristol to-morrow.

Lord Dewson said to-day that the ex-Premier required several days rest.

BROUGHT CANADA AND AMBASSADOR IN TOUCH

OTTAWA, November 1. Canadian Press. — Premier King stated last evening that the conference he had had with Sir Auckland Geddes had served to bring the British Ambassador to Washington and the Canadian governmen: into closer touch. They discussed Canadain representation at Washington, international disarmament on the Great Lakes and matters of an international nature, he added.

SUICIDE SHOT GIRL AND HER COMPANION.

MESICK, Michigan, November 1. —Canadian Press.—Ray Judd, aged 17, last night shot and killed his former sweetheart, Loretta Redman, aged 16, seriously wounding her chum Nettie White, aged 16, with whom she was driving in a buggy on a lonely road near here; then turning the gun upon himself inflicting death.

The shooting according to the authorities occurred after the girl had refused to resume her former role as his sweetheart.

Candy Queen Gives A Cool Million For Benefit of Workers

LONDON, Nov. 1—(Canadian Press).—The entire holdings, estimates to be worth one million dollars, of Mrs. Cornelius Boeke in the cocoa and candy firm of Cadbury Brothers have been voluntarily surrendered by her for the benefit of workers in the plants of the company.

She is a daughter of the late Sir George Cadbury founder of the firm and newspaper proprietor, and in announcing her decision from Amsterdam, where she is living with her husband, she directed that her shares go to the promotion of "home and international activities", she added that capital was responsible for most of the trouble in the world to-day.

A GOLD MEDAL FOR WAR HERO

Captain Evans Rescued 300 Chinese From Watery Grave.

QUEBEC, Nov. 1.—Captain E. R. G. R. Evans, en route from the Orient to Europe, as a passenger on the Canadian Pacific liner, "Empress of Britain," which sailed from here. Captain Evans, who is staff commandant with the British Navy, has had a notable career. He succeeded Capt. Scott in command of the British Antarctic expedition just prior to the outbreak of war, and commanded the famous "Mohawk," which bombarded the right wing of the German army from off the Belgian coast in 1914.

During the last two years he was in command of the British ship "Carlisle" of the British squadron in Chinese waters and made his name famous by his rescue of 300 Chinamen who were shipwrecked on the White Rocks near Swatow in the steamer "Hong Moh."

In recognition of this act the committee of Lloyds have just lately awarded Capt. Evans a spiral gold medal which will be presented to the captain upon his arrival in England.

ROYAL TO SHOW CREAM OF FILMS

Best Picture to Be Shown Starting Tomorrow—New Orchestra.

Commencing, to-morrow, Mr. Pappas, manager of the Royal Theatre, will start showing absolutely the best program in the city. In his fifteen years of experience, Mr. Pappas has learned what Peterborough likes in pictures and because he books independently through all the film exchanges, he is able to give this city the cream of feature pictures, serials and comedies featuring the best stars.

Mr. Pappas has also engaged a new orchestra, with Mrs. Foster as violinist and Miss Hurley at the piano, and from now on the Royal will give one of the best series of pictures Peterborough has ever seen.

Mr. Pappas has the exclusive franchise here for First National pictures whose stars include Norma Talmadge, Constance Talmadge, Harrison Ford, Katherine Macdonald, Charlie Ray, Jackie Coogan, Richard Barthelmess and Will Rogers, also for Fox Pictures, whose stars include, Shirley Mason, Tom Mix, Charles (Buck) Jones, John Gilbert, Barbara Bedford Eileen Percey, Johnny Walker, Edna Murphy, and Eva Novak. Comedies to be seen at the Royal include Torchy Comedies Larry Semon, Toonerville, comedies, Jimmy Aubrey, Clyde Cook, Sunshine Comedies, Christie comedies, also the Royal will show Universal and Vitagraph pictures.

Showing to-morrow the first chapter of the million dollar serial, "In the Days of Buffalo Bill", also Norma Talmadge in "The Sign on the Door". Don't miss it.

Mr. Pappas is booking many pictures ahead of the big theatres in Toronto.

SAY AMERICANS FOUGHT BECAUSE HIDES IN DANGER

Alleged That Ambassador George Harvey Affronted Every U.S. Soldier and Individual Citizen.

BITTER ATTACK

CHATTANOGA, Tenn Nov. 1.—(Canadian Press).—Former Governor James Cox of Ohio, last night bitterly attacked the Republican administration and its attitude on the Turkish situation. He also had strong condemnation for George Harvey, United States Ambassador to Britain, because of his public statements in England. The present administration, he said, had violated the priciples of good government. He charged that certain privileged interests had been given the government at conferences. During the regime of Ex-President Wilson, he said America had its greatest prosperity, while to-day it was suffering from its greatest depression.

George Harvey had scarcely warmed his seat, continued Cox, when he made a statement that carried an affront to every soldier and every American citizens. He said that "we fought in the world war because we were afraid not to go and because we were afraid our own hides were in danger". Harvey, he said, should be sent to one of two lands—either one where nations did not understand his language and where there was no cable communication so that his nonsense could not get back to America, or else to a land where prohibition laws were strictly enforced.

OYSTER FISHER WAS DESTROYED BY FIRE.

NEW YORK, Nov. 1.—(Canadian Press)—The steamer H. C. Rowe, an oyster fisher, was destroyed by fire in Peconic Bay yesterday. John Adams, of North Edgecomb, Maine, the engineer, was severely burned before the crew was rescued by the steamer Peconic.

The Rowe had twelve oyster dredgers at work when the fire broke out. The hoisting apparatus was destroyed and the weight of the dredges, acting as anchors, held the steamer in a fixed position. The whistle also was broken and the crew were making frantic efforts to summon aid when sighted by the Peconic.

The burned vessel was in charge of Captain Benjamin Leek, of New Haven, and owned by the Rowe Oyster Company of that city.

TREVER MAQUIRE, LABOR HEAD, GUILTY OF SEDITION

Declared in Speech 'Vampire' Better Name for British Empire.

TORONTO, November 1. Canadian Press. — Trever Maguire, D.C.M., Labor candidate in the recent bye-election in South east Toronto, was last night convicted by a jury in the assizes on the charge of seditious utterances; a strong recommendation to mercy was added.

In the May day celebration the police stenographer quoted Maguire as saying in a speech:

"In looking round this British Empire, 'Vampire' would be the better name, we find it haas committed untold trocities in India, Egypt and ther countries, including Canada and against Soviet Russia."

THE CATTLE MARKET.

TORONTO, Nov. 1.—(Canadian Press.)—Cattle market receipts 1,031. Trade draggy. Quotations: Heavy beef steers, $7 to $8. Butchers' steers, choice, $6 to $6.30. Butcher cows medium, $2.50 to $3.25. Calves, $9 to $10.50. Lambs, $11 to $12. Hogs, selects, $10 to $10.25.

How to Pronounce Fascisti and What The Name Implies

The word "Fascisti" is pronounced "fah-chees-tee," with the empahsis on the second syllable.

The Fascisti movement started as an organized campaign against Communism in Italy. The present leader, Mussolini, was formerly a Socialist, of a moderate type. The present movement includes many of the more conservative forces and has made a powerful appeal to non-radical working men.

YOUNG MEN TO FORM SECTION

Organization Meeting to Be Held on Friday Evening—Will Elect Officers

The announcement was made today by Mr. Jos. J. Duffus, President of the Chamber of Commerce, that arrangements have been completed by the committee in charge, under the chairmanship of Mr. J. J. Turner, for the organization meeting of the Young Men's Section of the Chamber of Commerce to be held on Friday next, November 3rd, at 7:30 p.m.

The committee in its report unanimously agreed that properly organized this section should prove a lasting asset and an educational medium for the young men of our city.

The primary aims and objects as proposed for the section will be for the encouragement of a broader knowledge on all matters pertaining to citizenship and the advancement of the commercial, industrial, agricultural and civic interests in the city of Peterborough and district.

Temporary officers will be elected on Friday and a committee will be appointed from those present to draw up the constitution. The Executive Council of the Chamber of Commerce have recommended that the section shall have the privilege of electing at least two representatives annually from their numbers to the Executive Council.

All young men not executive heads of business will be cordially welcomed to the meeting on Friday and their attendance will in no way oblige themselves to the Section or Chamber.

YUCATAN LASHED BY TERRIFIC STORM.

MEXICO CITY, Nov. 1.—(Canadian Press)—An urgent call for help was received by the Federal Government yesterday from the Governor of Quintana Roo, eastern province of Yucatan, who telegraphed that the entire coast has been lashed for the last week by severe storms which have destroyed property and crops, and caused some loss of life.

The islands of Mujeres and Cozumel, of the Quintana Roo coast, have been swept bare, said the message, and the natives are suffering from hunger.

Newspaper despatches from Yucatan say several small vessels have foundered in the gales sweeping the Gulf of Yucatan for the last 72 hours.

OIL ENGINEERING.

BIRMINGHAM, Eng., Nov. 1. — (Associated Press).—A chair of petroleum and oil engineering, the first to be instituted in England, has been opened at Birmingham University. The first course offered to students is confined to general mining and technical engineering; the second and third years will include oil well drilling, pumping and refinery construction and operation.

This new department of the university has been made possible through money provided by leading men in the oil industry in England.

Fire Victims in Northern Ontario Still in Need of Money and Clothing

Local Efforts Are Beginning to Slump Off Again just When Help is Most Needed—Even the Weatherman is Trying to Help the Fire Sufferers

The total of Peterborough's contribution to the fund for relief of fire victims in Northern Ontaro has reached a fair total, but much yet remains to be done. The Fire Department has sent a goodly number of boxes of clothing and accessories which might be of use to the sufferers; the Red Cross, through its own fund, has financed numbers of affiliated societies who have been busy for weeks in making garments for women and children; and many private individuals have done splendid service in the cause.

The spirit that rallied in war time to concrete expression of sympathy and compassion has been abroad in Peterborough, as elsewhere, during the weeks that have intervened since the Fire God took his latest toll of life and property during Fire Prevention Week in Canada.

With a spirit that rivals that of the pioneers of Canada, the men and women of the North are proceeding to rebuild their shattered homes.

The encouragement that was not lacking to the boys at the Front should be extended to these brave citizens of Canada.

CHEESE JUMPS 2 13-16c. ON LOCAL BOARD

Whole Board Went to Geo. A. Gillespie, for Peterborough Milk Products at 21 1-8c.

BIDDING KEEN

Ten hundred and sixty-nine cheese boarded at the local Cheese Board this morning went to Geo. A. Gillespie for Peterborough Milk Products, Limited, at 21 1-8 cents the pound. This is an advance of 2 13-16 cents over the highest price two weeks ago—18 5-16 cents—and district cheesemen expressed satisfaction that cheese had now reached a fair price level.

The buyers present to-day were: T. Thompson for A. A. Ayers of Montreal; W. S. Cook for Cook & Sons, Belleville and Geo. A. Gillespie for the Peterborough Milk Products, Limited, this city.

Cook started his bidding with 20 1-4 cents and ran up to 21 1-8 cents for selections. Gillespie opened with 20 cents and his final price of 21 1-8 cents for the whole board being the last bid, was satisfactory to all boarders and he took the whole offering. Thompson made but one bid, 20 9-16 cents and then quit. Bidding was keen throughout.

The following cheese were boarded:—Warminster, 115; Selwyn, 140; Villiers, 120; Warsaw, 260;; Young's Point, 125; Lang, 77; North Dummer 85; East Emily 30; Cedar Dale, 90; Norwood, 145; South Burleigh, 37; Killarney, 105—Total 1069.

This was the last meeting this year of Peterborough Cheese Board, which adjourned to the call of the Secretary next May.

OFFICE BOY TO HIGH POSITION

W. M. Kirkpatrick Becomes General Foreign Freight Agent C. P. Ocean Lines.

MONTREAL, Nov. 1— R. Mac Innis Vice-President of the C.P.R. has made public the following changes in the freight department of that line effective November 15.

W. B. Lanigan, freight traffic manager, of the company's rail lines, consumes the duties of general freight traffic manager all lines, rail and ocean. E. N. Todd, general foreign freight agent, becomes freight traffic manager of rail lines. W. M. Kirkpatrick, assistant freight traffic manager, becomes general foreign freight agent of Atlantic and Pacific ocean lines. George Stephen, who received his training with the C. P. R. and was for many years in the employ of that company, returns to the service in the capacity of assistant freight traffic manager of the company's Western lines,, with headquarters at Winnipeg.

Mr. Lanigan who thus assumes managership of both rail and ocean traffic, is perhaps the best known freight man in Canada. He has been before public eye on many occasions as representing the C.P.R. in freight rate arbitrations, both before the Board of Railway Commissioners and in Parliamentary enquiries. Mr. Lanigan was born in Three Rivers, Que., in 1861 and is a graduate of St. Joseph's College at that place.

W. MacPherson Kirkpatrick, who is perhaps as well known as the result of his war services as of his long connections with the C.P.R. joined that company in 1892 as an office boy, was transferred to the freight department at Toronto in 1898 as clerk. Later he returned to Montreal, but in 1903 became general freight agent at Vancouver. In 1905 he was appointed acting export freight agent, Montreal; in 1907 he became general freight agent at St. John; he again went to Toronto as general freight agent, and in 1911 assumed the same position at Montreal. The same year he became assistant traffic manager, Montreal.

DENY STORIES OF GRAVE ROBBERIES

No Reports of Activities by Ghouls in Leeds County.

BROCKVILLE, November 1. Canadian Press. — Both the Provincial police and the Crown authorities for Leeds county discount stories of alleged grave robberies in this district, which appeared in the Toronto morning papers.

County Crown Attorney H. M. Brown said to-day that there had been no reports made to him of any interference with bodies, nor had there been intimated to him that any precautions were being taken in rural cemeteries to guard against activities of ghouls.

Bird of Passage Partial to Steak And Men's Fingers

There is a live bird of passage displayed in the window of the Gibson House, Campbellford, just now, that is attracting a great deal of attention and of speculation as to its exact nature among those who know something of bird life.

One onlooker called it a parrot, another thought it was an eagle, although not of the bald-head variety, as this bird sports a top-knot. Mr. F. S. Keller, the manager of the hotel, says it is a full sized hen hawk, which is often exhibited when killed and stuffed, but has hardly ever been caught alive. He states that as he was driving along the road the bird fell from overhead, after striking the telegraph wires, the accident stunning it sufficiently to allow of its being captured. He also asserts that the birds is very fond of beef steak, and he can testify to the strength of its beak from personal experience, being compelled recently to use a pry to loosen his finger from its

A GOOD WINTER FOR THE STOVE LEAGUE.

Even Jack o' Lanterns Can Turn Out Good Whiskey — Wild Grapes Getting Wilder.

Harvest time in this city and district indicates that the O.T.A. has done a lot for various products of this section, including the humble cider apple, the elderberry, wild grape, tomato, dandelion, white clover, rhubarb and pumpkin.

While the wild grape has been growing wilder and the cider mills have been working overtime to keep pace, the producer of pumpkin, and the tomato has not allowed himself to be crowded off the home-brew market. Tomatoes, formerly used only for table purposes, are now being made into wine, and the pumpkin, hitherto famed mostly for its pies and Jack-o'-Lanterns, has developed since the O.T.A. came into power into a life-sized still and liquor cellar in one.

There has been a big demand in this section for grapes, wild and domestic, and elderberries. The elderberries hardly had a chance to ripen this year. As soon as the first berries turned blue late in August automobile parties rushed to the swampy country where they grow, braving nettles and prickly blackberry bushes, to gather them. Before the O. T. A. the elderberry was allowed to dry on the bushes except the few that were gathered by housewives to compete with huckleberries in pies. Now the elderberries either are made into a wine themselves or are mixed with grapes.

White clover, properly handled, can be made into a wine with a tremendous kick, farmers say. As a result there has been a big demand for it all summer.

Grocers in Peterborough have experienced a run on sugar since the opening of the berry, pumpkin and tomato season. They say that men who never before have ordered more than 10 pounds at once are getting it in 100 pound lots now.

The apple crop is heavy and signs point to a long winter, so hundreds of farmers are putting in large supplies of sweet cider and are preparing to watch developments.

All signs point to plenty of conversation in the stove league this winter.

INCREASE IN CUSTOMS AND EXCISE REVENUES

OTTAWA, Nov. 1.—(Canadian Press).—An increase of $6,434,770 in customs and excise revenue for the month of October, as compared with October, 1921, is shown by the monthly statement issued through the department today. Total revenue for the month this year was $25,772,311, as against $19,337,541 in October, 1921. Collections of excise taxes amounting to $10,920,431 show an increase of $4,164,376 over October of last year. Customs import duties increased by $1,889,438, amounting to $11,417,614 for the month just closed. Excise duties totalled $3,331,485, an increase of $377,962 over last year, and sundry collections totalled $102,779, an increase of $2,992.

SUICIDE LEFT DOLLAR TO PAY FOR THE GAS

PATERSON, Nov. 1. Canadian Press. — Beside the body of Mrs. Carrie Kimball, in a gas filled boarding house room to-day, was found a note addressed to the proprietress: "Enclosed is one dollar bill for gas I use."

REPORT DENIED.

THE REPORT THAT THE HOUSE FOR "THE MESSAGE OF THE BLUEBIRD" HAS BEEN SOLD OUT, IS WITHOUT FOUNDATION. THERE ARE PLENTY OF GOOD SEATS AT DIFFERENT PRICES IN ALL PARTS OF THE THEATRE. 2d-104-6363.

COUNTY HOUSE OF REFUGE TO BE INSPECTED

Committe Will Make One of Its Regular Visits, Not Neglecting the Inmates.

NOT PEEVED AT JURY

The House of Refuge committee will visit the House of Refuge at Lakefield to-morrow. It is understood that the chairman, Reeve C. J. Darling, of Dummer, has not called the committee together for any reason arising out of the recent report of the Grand Jury. Inspections are made at regular intervals by the committee as a whole, apart from the personal calls made by the Warden and the chairman.

Only a few days before the Grand Jury examined the institution Warden Strickland had taken all the inmates for a motor ride in cars which he had recruited; that is all the old folks who could be persuaded to take the trip, for some of them preferred to remain at the home.

At that same time the winter's supply of winter underwear had been ordered, and other provisions were being made in the regular way for the comfort of the inmates. So far as it has been learned, the members of the committee have not complained about the Grand Jury's recommendations, but they feel that allowance should be made for the improvements which they had ordered before the Jurors made their inspection. The plumbing system had been under consideration for some time, and the County Councillors were anxious about the very condition which was emphasized in the report. But, it is claimed, the plumbing had not been neglected, and orders had been given for whatever repairs or changes that were needed. Some of the other recommendations could be similarly explained, and while the committee believes that the Jury's report will have good effect, nevertheless they could point to the report of the Inspector of such charitable institutions which was presented earlier this year giving Peterborough County's House of Refuge a high rating. Those who know the exceptional conditions with which the management of these conditions have to contend are aware of the everyday difficulties that are met with. To mention one of the least, it has been pointed out that the ventilation could be improved at the House of Refuge. Many of the old men smoke. In fact it is one of their remaining comforts, but when some one lifts a window or opens a door there is usually a chorus of remonstrance if the weather is cold.

PROVINCIAL AUTONOMY IN MATTERS OF EDUCATION.

TORONTO, November 1. — Canadian Press. — Absolute provincial autonomy in matters of education was the sole principle which succeeded in obtaining the endorsation of the Provincial Ministers of Education and their deputies who yesterday concluded their two days conference at the Parliament buildings here on educational matters.

YOUR EYES WILL TELL YOU!
If your eyes are laboring under an undue strain you must be conscious of something wrong. With normal sight you are never aware of 'trying to see" the eyes performing their function without effort. Have us examine your eyes. W. H. Lacey, Optometrist, 410 George street. 'Phone 1160.

SONS OF ENGLAND WERE VISITED BY SUPREME OFFICERS

Delegates From Lindsay Join in Welcoming the Guests — To Join in Memorial Service.

When the supreme officers of the Sons of England Fraternal Society visited Peterborough they were royally entertained by the members of the local lodge. The visitors were Supreme Vice-President Bro. W. H. Clay and Supreme Secretary Bro. W. J. Proctor, both of Toronto, to whom a warm welcome was also extended by a large delegation of S. O. E. members from Lindsay.

The Lodge was opened by President Bro. R. Starr at 7.45, and after the usual routine business had been transacted, the Supreme officers were introduced by Past President Bro. B. Lemmon and the official honors extended them by the members present.

The remaining items of business were then dealt with. The Lodge decided to send a wreath to the memorial service to be held at the G.W.V.A. cenotaph on Sunday next in memory of late Bros. F. Thomas, G. Chandler, R. Gifford and G. Sadler, who gave their lives in the great war. It was also decided that as many members as possible attend the memorial service on Sunday, Nov. 5, in the Opera House, and, if possible, sit together.

The Supreme officers then addressed the Lodge, and were listened to with great interest by the members, both speakers dwelling on the need of a national society for Englishmen, in order that there should be a place in every city where an Englishman could meet with Englishmen, enjoy social intercourse and extend a welcome to the Englishman who may be a stranger in the city. The Supreme Secretary also gave a thorough and exhaustive review of the position of the Society, its need for new members and the magnificent record in the past. A number of members joined in the discussion, and important points were brought out and satisfactorily explained.

A vote of thanks to the Supreme officers was moved by Bro. B. Lemmon, seconded by Bro. R. Waram and carried with enthusiasm.

Bro. Caley, of Lindsay, and Bro. Rev. Lloyd, curate of St. John's Church, also addressed the Lodge, and were accorded a very hearty reception. Bro. Lloyd was greeted as a new member to our city, and assured of a hearty welcome whenever he could find time to visit the Lodge.

Bro. P. Webb then expressed the appreciation of the Lodge to the visiting brethren from Lindsay. This was endorsed by the Lansdowne Lodge members singing "For they are jolly Good Fellows."

After closing the Lodge all present indulged in some rousing choruses, singing all the old time favorites and a few of the new melodies. Refreshments were then served and recitations given by Bro. R. Tivey, the oldest member of the Lodge, and Bro. Caley, of Lindsay.

A very successful evening was brought to a close with the singing of "Auld Lang Syne" and God Save the King.

KINDEST WISHES FOR SIR HENRY THORNTON.

LONDON, November 1 (Canadian Press). — Kindest good wishes were extended to Sir Henry Thornton, chief of the Canadian National Railways, when the Canadian Club dined him last night.

In welcoming Sir Henry as a new citizen of the Dominion, the Hon. P. C. Larkin, Canadian High Commissioner, mentioned the bountiful crop in Canada and the impending removal of the embargo against Canadian cattle in Great Britain, in support of his contention that Sir Henry was entering upon his new duties in the most favourable year this Dominion has ever experienced.

Sir Henry, in reply, said he saw no reason why public ownership of the Canadian Railways should not be successful, if it was handled on a business-like basis, and kept free from political interference.

PATRICIA PLAYS AT AN OLD GAME

A Number of People in Montreal Are Victimized Through Hard Luck Story Told By Young Woman.

MONTREAL, Nov. 1. — (Canadian Press.)—"Patricia O'Connell," a young woman who for the last ten days or so has been occupying the columns of the local press in connection with her efforts to obtain money by ingenious stories from the charitably inclined, was featured again yesterday as the heroine of a marriage romance. The banns of her marriage were called three Sundays in succession, but when the day of the ceremony dawned, neither she nor the bridegroom appeared. Enquiries at the latter's lodging elicited the information that "Patricia" had posed as an heiress, worth $4,000,000, and owning a Rolls-Royce car. The landlady stated that she had tried to pass a cheque which the former refused to cash.

"Patricia," it is stated, has victimized a number of people in the city by her pitiful stories of being left stranded in this country after coming from Ireland to join her husband. Some times she has been left with young children, but in every case the story has been told with such a plausibility and pathos that it has rarely failed to result in monetary help being given her.

About the busiest thing on earth is an idle rumor.

REPUBLICANS WILL STAY IN POWER IN U. S. LEGISLATURE

May Lose Some Seats in the House of Representatives But Will Still Have a Majority.

BUT LITTLE CHANGE.

WASHINGTON, Nov. 1.—(Canadian Press)—With the Congressional elections only about a week off, indications are that the Republicans will not be dislodged from their control of Congress. The best available information here is that the relative strength of Republicans and Democrats in the Senate will be little changed. In the House the Republicans may suffer losses, but probably not enough to give the Democrats control of that body.

The Republicans now have sixty out of 96 members in the Senate. Close struggles in eight or ten States may result in changing this slightly, but not enough to prevent the Republicans having a majority.

In the House, with a total of 435 members, the Republicans have 298 members. They outnumber the Democrats more than two to one. Analysis of the situation in the various close districts indicate that the Republicans are likely still to be left in control of the House by about 20 to 30 majority. The Republicans can suffer a loss of over 75 members and still have a majority of the House and the present indications are they will not lose so many.

Conditions which are safeguarding the Republicans against an overthrow are several. In the first place, unemployment in the last month or so has diminished and business has improved. Money is easier. The tariff law has not yet exhibited its effects and things are running along much the same as before it was enacted. The full effect of it in prices for the consumer will evidently not be realized until later. The Democratic Party, too, is poorly organized and has little money on which to conduct a campaign. The Republicans have ample funds. These are among the factors which are tending to prevent the Democrats from winning a decisive victory this fall, in the view of impartial observers.

"Cascarets" 10c

For Sluggish Liver or Constipated Bowels

Clean your bowels! Feel fine!
When you feel sick, dizzy, upset, when your head is dull or aching, or your stomach is sour or gassy, just take one or two Cascarets to relieve constipation. No griping — nicest laxative-cathartic on earth for grown-ups and children. 10c a box. Taste like candy.

Delight Pastry Flour:—

Has won, and is still winning an enviable position in the w ll conducted kitchen of o-day.

Bonar Law Announces Names of Those Who Will Form Ministry

The Minister of Pensions is Appointed Despite Threats to Abolish That Ministry — Winston Churchill Recovered.

BITTER CAMPAIGN.

LONDON, November 1 (Associated Press). — Premier Bonar Law last night issued the list of the remaining officers of his Government, in which there is again a fair infusion of members of the House of Lords.

His appointment of a Minister of Pensions does not necessarily mean that he has yielded to the Labourite clamour against the proposed abolition of that ministry, but is considered more likely merely a formal appointment to carry on the work until the ministry can be abolished by legislative Act.

Agitation against the abolition of the Pensions Ministry, however, is gathering force.

Winston Churchill, who has recovered from his illness sufficiently to be removed to his home last night, although he will still be confined to his rooms for a few days, sent a letter to his constituents yesterday strongly opposing the abolition of the Ministry, and expressing the hope that Bonar Law will, on further consideration, withdraw from a position hastily taken; otherwise, Mr. Churchill declares, he will resist this decision in Parliament. In the same letter Mr. Churchill recounts a number of economies which the late Government was contemplating, largely on his recommendations, amounting to nearly £50,000,000 annually, which were prevented by the overthrow of the Government.

Opposed Naval Cut.

Incidentally, Mr. Churchill mentions that the economies included £15,000,000 on naval estimates, but he regretted to say that these economies were obstinately opposed by Lieutenant-Colonel L. C. M. S. Amery, First Lord of the Admiralty in the new Cabinet, who was then Financial Secretary to the Admiralty. He adds that Colonel Amery took a leading part in the revolt of the Under-Secretaries, which led to the overthrow of the Government, and declares:

"I view with disquietude the fact that this junor minister has stepped into the shoes of his late chief—a reward of successful mutiny, which is certainly an unwholesome spectacle."

The former Colonial Secretary, who is still providing effective electioneering points, remarks how disappointing is the declaration of the new Chancellor of the Exchequer, Stanley Baldwin, that the reduction of the taxation is impossible, when all these projected economies have been hindered by the change of the Government.

Old Battle Renewed.

Meanwhile, the campaign is increasing in bitterness. The events of the last few days prove that the old struggle between Lloyd-George and Sir George Younger—"the Captain and the Cabin Boy," as they were called in former conflicts—is revived on an intensified scale.

It is daily becoming clearer how all party lines are confused and obscured by the fact that mainly through "Lloyd-Georgeism" both the Conservative and Liberal Parties are divided into opposing camps.

The Appointments.

The final appointments to the new ministry formed by Premier Bonar Law, announced yesterday, include Ministers of Labour and Pensions, although Mr. Bonar Law had previously intimated that the Pensions fortfolio would be abolished, and was understood to be also contemplating the abolition of the Ministry of Labour.

Sir Montague Barlow, who as Parliamentary Secretary to the Labour Ministry in the Lloyd-George Cabinet, becomes Minister of Labour, and the Pensions portfolio is taken by Major George Clement Tryon, who was also a Parliamentary Secretary under the Lloyd-George regime, being connected with the Ministry which he is now to head.

Sir Samuel Hoare is appointed as Air Minister, and Sir Neville Chamberlain is Postmaster-General.

Financial Secretary to the Admiralty—Commander Bolton Meredith Eyres Monsell.

Secretary for Overseas Trade—Sir William Joynson-Hicks.

Secretary to the Board of Trade—Viscount Wolmer.

Secretary to the Ministry of Transport—Lieut.-Colonel Wilfrid Ashley.

Secretary to the Ministry of Health—The Earl of Onslow.

Secretary to the Board of Agriculture—The Earl of Ancaster.

Secretary to the Treasurer—Lieut.-Colonel Leslie Orme Wilson.

Other appointments have been announced as follows:

Commissioner of Works—Sir John Baird.

Solicitor-General—Thomas W. H. Inskip.

Civil Lord of the Admiralty—The Marquis of Linlithgow.

The following Under-Secretaries have been appointed:

Home Office—Lieut.-Col. George F. Stanley.

Foreign Office—Ronald McNeill.

Colonial Office—William G. A. Ormsby Gore.

War Office—Walter E. Guinness.

Air Ministry—The Duke of Sutherland.

Air Ministry—The Duke of Sutherland.

India Office—Earl Winterton.

Financial Secretary to the War Office—F. S. Jackson.

For Indigestion

Sour, Acid, Gassy Stomach, Bloating, Flatulence, Try Stuart's Dyspepsia Tablets.

After eating or at any time chew one or two Stuart's Dyspepsia Tablets. They relieve the gassy, sour risings, flatulence, belching, bloating, heartburn, pressure and such troubles due to indigestion because they give the stomach the alkaline effect the same as when the stomach is working normally. Carry them loose in your pocket. Just chew them. Get a 60 cent box to-day, any druggist. They sure do the work. You know from experience that if the stomach works without gassiness, sour risings, belching and so on, you generally feel fine, no headache, no constipation, none of that dead, tired feeling. Be sure to get a box of Stuart's Dyspepsia Tablets known to wise people all over the U. S. and Canada as the one reliable relief for indigestion.

WEDDING BELLS

STEWART—HUTCHINSON

St. Paul's manse, Peterboro, at 11.30 Tuesday was the scene of a very pretty wedding, when Helen Ophelia Hutchinson, became the bride of James Alexander Stewart, both of Otonabee. Rev. Robert Pogue, pastor of St. Paul's Presbyterian church, officiated.

The bride wore a handsome suit of reindeer velour and blouse of melon canton crepe, with hat and gloves to match. Her flowers were a corsage boquet of ophelia roses and maidenhair fern.

Miss J. Saunder, Peterboro, cousin of the groom, and Mr. W. Hutchin, brother of the bride, witnessed the signing of the register.

Mr. and Mrs. Stewart left on the noon train for Ottawa, and on their return will reside in Otonabee.

OBITUARY

MRS. STEPHEN HAINES.

HALL'S BRIDGE, Nov. 1.—On October 25 death called to rest one of the oldest residents of Hall's Bridge in the person of Mrs. Stephen Haines, age 73 years. She had been ailing but a very short time, and her sudden demise fell as a severe blow on her many friends and relatives. A kind and loving wife and mother, a helpful friend to all whom she came into contact with, she had made many friends and leaves many to mourn her loss. Besides a sorrowing husband, she leaves three daughters and four sons—Mrs. L. Morris of Hall's Bridge, Mrs. A. Davis of Peterborough and Mrs. M. Jamieson of Toronto; Arthur, William and Harry of Hall's Bridge and Herbert of North Portal, Sask.

The funeral took place on Saturday to the Lakefield Cemetery.

No Reciprocity For Canada and the U.S.

WASHINGTON, Nov. 1.—(Canadian Press)—No reciprocity treaty with Canada is likely to be brought about, according to Senator McCumber, chairman of the Senate Finance Committee. He points out that the Tariff Act makes no provision for reciprocity and that a special treaty would be needed. He doubts whether this could be arranged or ratified by the Senate. Senator McCumber does not believe the tariff law will seriously cut down importations and predicts it will not seriously divert Canadian trade from the United States.

ITALY'S PREMIER WAS CHASED OUT OF OUR COUNTRY

Crossed the Frontier With the Gendarmes Only 100 Yards Behind Him—Expelled From Switzerland

FOUGHT IN WAR.

GENEVA, Nov. 1. — (Canadian Press.) — Benite Mussolini, whose spectacular rise to the Italian premiership, has excited world-wide interest, spent a few years in Switzerland during his youth. His entrance into this country was dramatic. He was pursued over the frontier at Chassio by Italian gendarmes who had a warrant for his arrest, but won his race for freedom by a scant 100 yards, and the Swiss Custom Officers refused to surrender him.

Mussolini at that time was about 20 years of age. Penniless, he crossed the St. Gothard Pass on foot, and upon arrival in Lucerne was arrested as a vagabond without visible means of support. Political friends, however, came to his aid.

Later he entered the University of Lausanne, but as he was a revolutionary socialist and wrote many fiery articles for the Swiss and Italian Socialist press he was finally expelled from Switzerland after several police warnings which he refused to heed.

Mussolini then went to Trent, in the old Austrian Tyrol, whence he was also expelled in 1911. Upon the declaration of a general amnesty he left Trent for Milan where he founded the newspaper Popolo Italia.

He aroused the hatred of the Socialists in the conduct of his paper, however, by his campaign in favor of Italy's entrance into the war on the side of the Entente, and later fought with the Italian forces at Monte Nero and at Carso, where he was severely wounded.

Mussolini left a number of small debts in this city and at Lausanne, which, upon his departure, he laughingly promised to pay when he should become a member of the Italian Government.

OSHAWA'S AFFAIRS IN A BAD SHAPE

Government Auditors Recommend Drastic Changes in Municipal House.

OSHAWA, Nov. 1.—Conditions in the municipal house of Oshawa are apparently in a chaotic condition, the remedy for which has been reported by auditors appointed by the Provincial Government by request of the town council.

Drastic recommendations to correct these evils are made by the auditors, the most outstanding of which is that the offices of town treasurer and town clerk be separated, each official being directly responsible to Council.

No Funds Misappropriated.

It is noteworthy that there is no suggestion of misappropriation of funds. The criticism, succintly expressed in the report is that "lack of proper records, absence of records, and incorrect records were the rule rather than the exception."

Elsewhere the report says: "I regret to say that no part of the accounting work can be said to have been efficient. Not only were the books in a very unsatisfactory condition, but the provisions of the Municipal and other Acts were not carried out in many cases, causing great loss of town revenue.

It was pointed out in the report that there had been no tax sales since 1914, and that there was not a list of tax arrears from 1917 to 1921. The annual penalty of 10 per cent. on tax arrears could not be added because of the condition of the collector's rolls, and as a result, without compounding the interest, the loss to the town would be about $10,500 in the four years.

VANCOUVER TO HAVE ANOTHER ELEVATOR.

VANCOUVER November 1 (Canadian Press). — If the city's charter will permit it, and the electors endorse the expenditure by the city of $500,000 towards the cost, Vancouver will have another grain elevator next year to help to handle the grain shipment overseas.

Alderman F. H. Woodside, at yesterday's meeting of the City Council, gave notice of a by-law to be submitted to the people next week for the expenditure of half a million dollars as part of the cost of a grain elevator of from 500,000 to 750,000 bushels capacity.

The balance of the amount necessary to build and equip the structure could be raised among the business men of the city, the alderman stated.

CONFERENCE POSTPONED.

WINNIPEG, Nov. 1.—(Canadian Press.)—The conference on natural resources between the Dominion Government and the Premiers of the three prairie provinces, previously set for November 13, has been postponed one day, according to word reaching Premier Bracken yesterday in a message from Premier Mackenzie King.

This delay, it is expected will permit Premier Dunning of Saskatchewan to reach Ottawa in time to participate in the full discussions.

Greatest Crop in Canada's History

Yesterday's Receipts on the Winnipeg Grain Exchange Were the Greatest in the History of Canada — This Year's Crop is Practically a Number One Grade Crop

WINNIPEG, Man., Nov. 1.—(Canadian Press)—History was made yesterday in the record movement of western Canada's record crop. It is a record crop both as quantity, quality and rapidity of movement. Yesterday's receipts on the Winnipeg Grain Exchange are the greatest in the history of western Canada. Total grain inspected was 2,824 cars, as compared with 1,295 cars last year. The inspections today contained 2,462 cars of wheat against 1,131 in 1921.

This year's crop is practically a Number One grade crop, nearly ninety per cent. of the inspections to date being contract grades. Of the 92,310 cars of wheat handled since September 1, the opening of the present crop year, no fewer than 82,461 have been contract grades, the greatest volume being No. 1 Northern. Of the total cars inspected, only 9.84 per cent. have been lower than No. 3 Northern.

SWISS WATCHING FACISTI MOVEMENT.

GENEVA, Nov. 1. — (Canadian Press.)— The Swiss Government is carefully watching the Fascist movement in Italy, as, since his accession to the premiership, considerable importance is attached to Benito Mussolini's recent reported declaration that the Swiss canton of Ticino shoul dbecome a part of Greater Italy if the Fascisti entered into power.

Ticino, which is situated on the Italian slope of the Alps, contains a large Italian population, and originally belonged Italy, by whom it was held until 1512. The Swiss precautions have not yet been extended to the movement of any military forces.

The canton of Ticino, which in French is called Pessin, is almost entirely mountainous, but there are considerable crops of wheat, maize rye and tobacco, and the district also exorts wine; and silk. The transit trade between the canton and Italy is considerable. Its principal towns are Bellinzons, Lugano and Locarno. Its population exceeds 100,000.

ANNIVERSARY OF BATTLE OF YPRES COMMEMORATED

Cornflowers Were Sold in the Streets of London For the Benefit of the Navy League.

WHERE 200,000 FELL.

LONDON, Nov. 1. — (Canadian Press.) — The anniversary of the Battle of Ypres was commemorated yesterday in London by the sale of corn flowers on the streets in aid of the Ypres League, which has decided to establish a permanent hostelry for the poorer people who journey there to visit the graves of their dead. Princess Beatrice, patroness of the League, drove through London yesterday morning briefly halting at various centres, including the Criterion Theatre, where she received a bouquet from Viscountess French, and the Mansion House, where the Lady Mayoress presented her with a bouquet and a cheque.

Subsequetnly the Princess placed on the Cenotaph a giant wreath of cornflowers, enclosing a shield inscribed "To the Glorious Memory of Over Two Hundred Thousand Britons Who Fell at the Ypres Salient, 1914-1918, from the Ypres League." The pipers of the Scots Guards then played a Lament as they marched slowly round the Cenotaph.

Finally Princess Beatrice placed a wreath on the grave of the Unknown Warrier, in Westminster Abbey.

TWO ARE THROWN FROM RAIL JIGGER.

One Man Suffers Broken Ribs and Bad Shaking Up.

LINDSAY, Nov. 1. — Monday evening while two members of the G. T. R. Bridge gang Robt. Spratt and Geo. Lee, were on their way home from Beaverton, the "jigger" on which they were travelling struck a stone at a crossing near Grass Hill The "jigger", which was travelling at a lively clip took to the ditch and the two men were hurled some distance to the roadbed. Spratt escaped unhurt but Lee was badly shaken up and had a couple of ribs broken. He was brought to Ross Hospital here and an X-Ray examination showed that he had sustained no other injuries.

LEASE OF PERCY TOWNSHIP FARM DISPUTED IN COUNTY COURT CASE

Allen C. Copperthwaite, Landlord, Seized Chattels of Tenants, Mr. and Mrs. E. R. Hubel, to Meet Rent and Taxes.

JUDGMENT RESERVED

The lease of a farm in Percy Township on the road between Hastings and Warkworth was involved in a County Court case on Monday in which Judge Huycke deferred his decision. Mr. and Mrs. Edward R. Hubel were the plaintiffs, and the defendants were Allen C. Copperthwaite and his sister, Elizabeth Copperthwaite, of Dartford; George A. Wiggins, bailiff, Warkworth, and Clark Sweet of Burnley.

The plaintiffs, who were tenants of Copperthwaite's, claimed $500 damages and other compensation for alleged illegal seizure of certain of their chattels by the defendant, Allen C. Copperthwaite, under a provision of the plaintiff's lease of the farm.

Mr. G. N. Gordon, K.C., M.P., was solicitor for Mr. and Mrs. Hubel, and Mr. W. L. Payne of Colborne represented the defendants.

The lease contained an agreement to the effect that should the plaintiffs sell and dispose of their farm stock and implements so that in the event of such sale or disposal there would not then be a sufficient distress on the premises for the then accruing rent, of which A. C. Copperthwaite was to be the sole judge, then the current and next ensuing year's rent and the taxes for the current year should immediately become due and payable.

The defendant, Copperthwaite, contended that the plaintiffs did sell some of their stock, so that, in his opinion, there wasn't sufficient distress on the premises for the rent and taxes. Accordingly, he instructed J. A. Williams, the bailiff, to seize certain goods and proceeded to arrange for their sale.

Mr. and Mrs. Hubel had been tenants of Mr. Copperthwaite's father, but upon the latter's death the defendant, who is a builder in Dartford, became the landlord, and in August of this year formally leased the farm to plaintiffs until March, 1923. Early in September he saw some of the plaintiff's cattle being driven along the highway and was informed that they had been sold. He forthwith proceeded to implement the agreement of the lease.

Mr. Wiggins, the bailiff, testified that Mr. Copperthwaite had told him that he didn't wish to put the Hubels to any trouble, but that he just wanted the rent and taxes or security for the amount. Plaintiffs wouldn't consent to do anything, Mr. Wiggins said, but this and other statements were denied by Mr. and Mrs. Hubel.

The seizure was made on September 18. It transpired that Mr. Copperthwaite had another tenant in view, Mr. C. Sweet of Burnley, but he did not obtain occupancy of the place.

In his evidence Mr. Sweet said he had seen Mr. Copperthwaite early in August about the farm. "On September 2 I saw Hubel and he told me to go ahead and do fall work on the farm. He said he didnt want it anyway. My wife was present. They said they were willing for us to move into the house, but afterwards we didn't move in."

Mr. Sweet said he had sewn two fields of grain. He believed that the lease he got from Mr. Copperthwaite gave him the right to do that work.

The valuation of the goods under seizure was one of the points in dispute.

In his address Mr. Gordon argued that plaintiffs had committed no act to cause the forfeiture of the lease, and also that no rent was due the defendant landlord. He also held that Mr. Copperthwaite had not notified plaintiffs of any specific breach of the agreement. Instead of going to Mr. and Mrs. Hubel and discussing the matter with them, the defendant had "swooped down on them at the time of harvest" and seized cattle and grain, which is still sequestered. The real motive, Mr. Gordon asserted, was the desire of Mr. Copperthwaite to get rid of the Hubels.

In his reply Mr. Payne declared that the tenants were bound by the lease. The whole case was that landlord was satisfied there wasn't sufficient distress on the Hubel premises to pay for the current rent and taxes. According to the agreement, he was the sole judge in that regard, upon his decision he issued the bailiff's warrant.

TO BE SOLE JUDGE.

SASKATOON, Nov. 1.—(Canadian Press)—Dean W. J. Rutherford of the Saskatchewan College of Agriculture, will be sole judge of Clydesdale horses at the International Show in Chicago in December. He decided to accept the invitation extended by the management of the fair.

This is the first time in the history of the show that the judging of clydesdales has been left in the hands of a single man.

CANADA'S RAILWAYS.

There is nothing surprising in the report that a valuable official at present in the employ of the Canadian National Railways, a man who is responsible for large gains in Western traffic, is to go over to the Canadian Pacific Railway at a large increase in salary.

Such changes occur in business daily, and the only wya they can be met is by generous treatment on the part of the employer.

The danger that valuable employees may be attracted by the rival transportation system is one of the many difficulties that Sir Henry Thornton will have to overcome in his endeavours to place Canadian National Railways on a paying basis.

If the executives who are needed in the service of the Canadian National are to be kept in that service, they must be paid what the competitor is willing to pay.

Otherwise the efficiency of the National roads is likely to suffer.

Complaints that the C.P.R. is not playing fair do not solve the problem or help to replace officials who may be going over to the rival line.

Canada's own railways need the best brains and ability that are to be found if they are to succeed, and the price will have to be paid.

DUKE ANDERSON.

"He always played the game as an honest man and a good actor, and never crabbed an act or stole a line from a comrade."

Couched in the picturesque language of the profession, this was the eulogy paid by his fellow-entertainers to Duke Anderson, the minstrel who was accidentally killed at Campbellford last week.

It was a tribute that any man would be proud to know that he had earned.

What more could any one ask than the verdict of his comrades that he had always "played the game."

Unfortunately it cannot be said of all of us.

Nor can we all claim that we "have never crabbed an act." In other words, few of us are truthfully able to say that we have ever endeavoured to live up to the doctrine of the square deal, that we have always tried to give the other fellow a chance, that we have followed the golden rule—that "we have never crabbed an act," as the minstrels so aptly put it.

And again it is recorded that the dead entertainer "never stole a line from a comrade," which can be interpreted as meaning that he was honest, that he was willing to get along on his own footing, that he did not seek applause or fortune under false pretences.

Altogether, that was a mighty fine tribute that these minstrels paid to their comrade.

If all of us lived so that such expressions could be truthfully used about us when we have passed on, there would be a good deal more sunshine and happiness and very few jails in this world of ours.

THE KU KLUX KLAN.

Some time ago there were rumours, happily foundationless, that the notorious organisation known as the Ku Klux Klan intended to establish branches in Canada.

The storm of newspaper protests which the report set loose, killed all chance of any attempt to establish the secret society on this side of the line.

If there ever was any justification for such an organisation in the United States, it has long since ceased to exist, and it is encouraging to note that the public there is being aroused against the folly of allowing a coterie of masked individuals to arrogate to themselves the rights of government and of regulating the individual citizen.

The Examiner said when the Canadian extension was mooted that there was no place under the Union Jack for the Ku Klux Klan.

Nor do we believe that there should be any room for the organisation under the Stars and Stripes, although that is for our neighbours to decide for themselves.

Signs are not lacking that they are so deciding, as evidenced by the fearless denunciation of the Ku Klux as a curse by Governor Henry J. Allen, of Kansas, who declared in a speech at Coffeyville the other night that he had instructed the Attorney-General to take action to expel from Kansas every official of the Klan.

"If we deliberately allow this organisation to take the law into its own hands," the Governor exclaimed, "then we break down all the safeguards of society."

Kansas has set an example for all the other states of the Union.

Let the Ku Klux be driven out, but always remember that Canada, anxious as she is for immigrants, wants none of the masked variety.

Individuals who attempt to develop racial and religious prejudice under the cloak of a secret society of this type would find no welcome in this country.

THE TOURIST INDUSTRY.

It is estimated that the tourist traffic in Canada this year has resulted in some $100,000,000 being spent in this country.

That is a sizeable sum even in these days, and the announcement of the figure should cause Peterborough to do a little quiet stocktaking.

Did this city get its share of the $100,000,000 this summer?

If not ,what can be done next year to see that more tourists come this way?

These are timely questions that should engage the attention of the City Council and the Chamber of Commerce.

Here is obviously a rich field to be developed, a new industry, as it were, that is merely in its infancy, and that is bound to grow as motor cars become cheaper and roads are improved.

The city that prepares itself for the advent of an influx of tourists is going to have a long lead over its competitors.

Peterborough must see to it that the scenic advantages of this district are properly advertised, and that the roads in the vicinity are placed in the best possible condition.

These are two things that must be attended to, and there are others nearly as important.

Not the least of these is the desirability of establishing a free camp site for motorists in this city.

The motor tourist is a new type, and we must prepare for him. It is clear that the centres which offer camp facilities are sure of many visitors, and the majority of them have money to spend.

It might just as well be spent in Peterborough.

A CHEERFUL OUTLOOK.

The extremely gratifying trade returns for the Dominion for the six months ended September 30, which are reported to show an increase of $53,000,000 in the value of the exports, as compared with the corresponding month last year, will be read by Canadians with much satisfaction, says the Hamilton Spectator. Especially so, since we are promised a still better showing when the evaporated surplus of the bumper wheat crop of 400 million bushels is later taken account of. The chief items responsible for the swelling of the exports have been lumber, pulp and paper, the great bulk of which went to the United States, and so helped to bring about the reversal in the exchange situation, whereby the American dollar has fallen below par in the Canadian money markets. Still more cheering is the information that a greater proportion of the exported lumber has been manufactured into paper on this side of the border. The United States took $51,806,000 worth of paper, wood pulp and pulpwood, $31,110,000 being the value of the paper exported to that country. If we are to ship our forests off to a foreign country, it is at least a comfort to know that so much employment has been given to Canadian workmen in the process.

Business all over the world is showing improvement, and greater demands for the exportable commodities of the Dominion may be expected as a consequence. Dr. Julius Klein, director of the United States Bureau of Foreign and Domestic Commerce, reports conditions "almost everywhere show decided improvement." In the Orient conditions are better than they have been any time since 1920. Business is picking up in Western Europe, "at a rate varying in different countries." Production is increasing everywhere. The United Kingdom, says Dr. Klein, "has shown an astonishing recovery toward its normal status." France is showing an excess of exports over imports and Italy has cut her unfavorable trade balance "to a remarkable degree." Eastern Europe, apart from Russia, is recovering gradually from the ravages of war. In view of this world-wide recovery, feelings of optimism are certainly well justified.

THE MASTER MIND.

From the front of our house we look away across the fields to the woods and the farm country beyond. Today most of the leaves have gone, although a few of them remain here and there to flaunt their autumn splendor in the fact of winter.

Not many months ago it was all covered with snow. There were places where the sides of the hills were used by the children, and farther on the frost had made ice all over an old gravel pit, and the riverbed was also frozen. Everything seemed to have been frozen hard.

After that the days began to lengthen. The sun stayed out a little longer in the afternoon. Sometimes you could see where the snow was starting to melt and run away at the side of the road, but at night the frost came and tied it all up tight again.

After a while a few tufts of dried grass appeared in the field. Then more of them, until one day it was seen that the hill couldn't be used because there was a big black streak on its face where the snow had melted and the mud showed through. Then came rain.

There was nothing particularly attractive about it yet, but the process kept on. One day we noticed on the lilac bushes that the buds were swelling. The hens were out, and on the sunny side of their house had found a dry spot, where they could dust at bit.

It didn't seem long after that before there was green grass and dandelions all over the fields, and away on the hills beyond men could be seen with horses, planting seed.

Then one day a number of men came with bags of seed potatoes and put them in a field where the weeds had grown before. In a few weeks we saw them there again, and this time they were busy with the hoe.

Summer came and summer went, and a few days ago we saw these same men at their field. They took away many more bags of potatoes than they planted.

Today it seems that the field and the bush and the country beyond are all getting ready for their winter covering. The flowers have gone, so they won't get frozen. The little patch of violets at the corner of the house had been covered with leaves. No person put them there, and so we take it that the violets can look out for themselves. The climbing rose bush holds bravely with its showing of green leaves, but it waits for the day when it will be taken down and covered for the winter.

It's not possible as you look at this scene day after day to see the change taking place. As we sat there in the evenings and looked away off over the country, and watched the sun dip down and out of sight, one evening looked very much the same as another. Nor could we tell exactly when the leaves came, nor the exact day or hour of their departure.

But all these things came to pass. And I couldn't help thinking that there must be a master mind behind it all. It has been so orderly, so true to season, and there has been no mistake in the carrying out of the scheme. Some people may come along and call it nature, or evolution, or something else, but to me it's simply the hand of God.—London Advertiser.

EDITORIAL NOTES AND COMMENT.

The fact that Port Hope has been aroused by charges that it is infested with chicken thieves and bootleggers will be a surprise to those who did not believe it could be aroused by anything.

The editor of the Axe, a Quebec newspaper, has been ordered arrested by the Legislative Assembly of that Province. Evidently the Axe has been cutting too deeply.

Every citizen of Peterborough should not forget on Saturday, and should not forget to wear it on Armistice Day. "The flower of remembrance" will signify that those who gave their lives are not forgotten.

At the same time the people should remember that the cenotaph at the G.W.V.A. will be decorated on Sunday afternoon, and that every family who suffered bereavement during the war is invited to place a wreath of poppies or other floral tributes on the cenotaph on that occasion.

"Bringing Up Father"

¶ One of the first essentials in the proper "bringing up of father," is to see that he has a good watch.

¶ It is positively hopeless to expect any man who is always too early or too late—always at sea as to "how the time is," to be his best or do his best.

¶ For his sake, your sake, and incidentally our sake, your first duty is to see that he has a "Schneider Bros." watch.

¶ Price should be no serious obstacle—In silver case from $12.00—best gold-filled from $15.00 — in solid 14K. from $40.00.

Guaranteed, of course.

VOICE OF THE PEOPLE

Editor Examiner:

Sir—As an appreciative listner to the band concert on Sunday evening last, may I be permitted through your columns to make a suggestion?

Would it not be possible for the band to continue giving such a concert once a month during the winter months, the proceeds of each to be given for some charitable purpose.

For supposition—The first concert to be given for the benefit of the Children's Shelter. The second for St. Vincent's Orphanage, and so on!

Sunday's concert was a succes financially, and besides helping along a very worthy cause, the offerings of the band and vocalists was an enducation; who, after having heard "Saviour Lead Me" sung as it was on Sunday night could say otherwise?

This being so, surely there can be no objections raised by any person, even those opposed to Sunday concerts.

If this idea should materialize, it would benefit all concerned—The Institution for whom the concert was given; the audience who listened, and the band, who would have some object on which to direct their practices. This is only a suggestion Mr. Editor, but I trust those concerned look at it as I do.

Thanking you,

C. WHITE.

LLOYD-GEORGE CLAIMED CREDIT NOT DUE HIM.

PAISLEY, Scotland, November 1 (Canadian Press). — In his speech here yesterday, H. H. Asquith declared that whatever House of Commons was elected, it could not be as bad as the one which had just been laid without a sigh of mourning in an unhonoured grave. He pointed to cases where the late Government had receded from such "reckless and costly adventures" as Russia, Mesopotamia, and elsewhere as a result of the Independent Liberal criticism. It was the same with the economic issue, and the same when he advocated self-Government for Ireland on Dominion lines. That sane and wise policy of Independent Liberals had now been adopted, and Lloyd-George Government had claimed credit for it.

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups, and saves about $2. Easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a 16-oz. bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made and saves easily $2. Tastes pleasant and never spoils.

This Pinex and Syrup preparation goes right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont

THE MYSTERY MIND

Arthur B. Reeve and John W. Grey

(Continued from yesterday)

The apparition faded, but the laughter continued to echo in Dupont's ears for many moments afterwards.

The attention of all, however, was directed to the centre of the carven. Here a blue flame sprang up, becoming gradually brighter and whiter until the vast dome of rock was revealed with daylight brilliancy. Standing straight and erect, with the clean-limbed tenseness of a marble figure, was Vera. Her clothes, falling from her in tatters, revealed the beauty of her form in silhouette against the flame. Her eyes, blazing with the fire which burned within her mind, stood out more bright than all the glare about her. The snake woman, at the last, was hopelessly mad. In her hand was a round ball of gold. This she cast into the flame. A terrific explosion blotted out everything, reverbrating louder than any thunder in the narrow crevices of the ravine.

Dupont returned to consciousness before the others. None of the party was hurt. A rock had fallen upon the form of Evil Eye, however, while there was not the slightest trace of Vera. In the light of a smouldering fire, where the altar had stood, Dupont found a new hole in the wall and he stole forward cautiously to investigate. Beyond was a little room, unhurt by the upheaval, lighted by a dozen candles in a rude candelabrum. On the floor, piled like so much coal, was the treasure of the black priests of Atlantis—gold, silver, and countless precious stones. Seated on the pile, as though mutely to proclaim his ownership, was a man.

Dupont recognized him. It was Stuart Steele, master of the magic art of the voodoos.

The Mystery Mind had lost its earthly shell.

Steele was dead.

THE END

CHARITY BOARD MET IN REGULAR SESSION.

Mother and Children Sent to England — Accounts Passed.

At the Peterborough Central Charity Board's regular meeting the following members were present: Messrs. H. Rush, Chairman; J. D. Collins, A. J. Johnston, W. G. Howden, J. C. Read and F. W. Miller.

To Mrs. W. R. Morris there was issued $20 with which to purchase railway tickets for Mrs. Pritchard and three children, ages were 11, 6, and 2, from Peterborough to Montreal. Arrangements have been made for their passage to England from Montreal.

The following accounts were passed and payment authorized:—

A. Allison, $21; Collins & Crowe, $44; Martin Flaherty, $3; E. A. Hammond, $5; R. H. Hunter $32; W. H. Hamilton, $16; T. R. Kennedy, $6; Mrs. W. J. Kirk, $12; Muskoka Free Hospital for Consumptives $46.65; E. F. Mason, $28; Peterboro Protestant Home, $313.50 J. Penrose, $30; A. Pearson $6; T. W. H. Young $10; John Yacho, $12.00.

The following statement of orders issued was submitted:—

Groceries: since last report, $182; during 1922, $2619.

Fuel: since last report, $30; during 1922 $1589.25.

Home and Sundries, since last report, $372.15; during 1922, $4136.02.

Total since last report $584.15; during 1922 $8344.27.

Relief Officer Miller reported quantities of wood and groceries distributed in relief.

CAMPBELLFORD HAS NEW CLUB

Officers Elected For "12 O'clock Social Club"—Campbellford News of Interest.

CAMPBELLFORD, November 1.—On Monday evening at a meeting held in the library to discuss the possibilities of forming a Social Club for the coming winter season, it was decided to organize, and the club to be called the "12 o'clock Social Club." The main item discussed was the running of a dance every two weeks, dispersing at 12 o'clock. Much enthusiasm was shown by those present and the club should fill a long felt want to bring the young people together socially. Owing to a number of other meetings, etc., a number were detained that would have attended; however the next meeting will be held in the Public Library Thursday, November 9th at 8 o'clock. Those who could not attend on Monday evening are invited to be present at the next gathering and to lend their efforts to make the club a real success.

The following officers were chosen:

Pres., Dr. Murphy.
Vice-Pres., Harold Nancarrow.
Treasurer, Clarence Brooker.
Lecturer, Miss Jennie Nancarrow.
With Miss T. Nado, assistant.
Committee: Mrs. Jack Nesbitt, Cecil Archer, Hazel Atkinson, Harry Gay.

Captures Chicken Hawk.

Fred Keller, proprietor of the Gibson House, captured a large chicken hawk, which he has on exhibition in the Bridge street window. Fred also caught an 8 1-2 lb. lunge in Crow Bay, on Friday last.

Lacrosse Club Offices.

The officers and members of the Campbellford Lacrosse Club for the season of 1922-23 are as follows:

Hon. Pres., E. M. Brunnelle.
Pres., S. J. Moore.
1st Vice-Pres.—J. A. Stewart.
2nd Vice-Pres., P. J. Sarginson.
Sec., W. C. Hankinson.
Treas., C. H. Nadoo.
Executive committee: R. H. Cole, W. J. Meiklejohn, F. A. Hendricks, M. Mulhearn, Mayor A. J. Meyers.

The Club is holding a dance on Monday, the 6th day of November, at 8.30 o'clock at the Music Hall.

Willing Workers Party.

The Willing Workers of Christ Church held their first Hallowe'en party on Monday evening at the Parish Hall; a number of visitors from adjoining towns were present, and a very enjoyable evening was spent. The Rev. C. E. Clark acted as chairman.

Mr. Plant of Hastings and Mr. Lane, Havelock, addressed the meeting on the work of the Youn Peoples' Societies.

Personal.

Dr. and Mrs. Watson gave a Hallowe'en party to a number of friends on Monday evening.

Rev. Mr. McIntosh and Mr. R. Bullen motored over to Warkworth on Sunday.

Dr. O'Hara, V.S., of Ottawa, arrived in town on Monday, and will take over Dr. West's practice. He is at present staying at the Windsor.

HIS CATTLE AND SEASON'S CROPS LOST IN FIRE

Harwood Farmer Suffers Serious Loss—Origin of Fire is Unknown—Hastings News.

HASTINGS, November 1. — Fire broke out in the barn of Frank Shearer, concession 1, lot 1, Township of Ainwick, last Monday evening at 12 o'clock.

Mr. and Mrs. Shearer and the hired man were in Harwood spending the evening and returned home about 11:30 o'clock, putting the car in the garage and then retired for the night, when Mr. Shearer was awakened by the reflection from fire showing on his bedroom window. Getting up and dressing quickly he ran to the barn but the fire had made such a headway that nothing could be saved. Mr. Shearer lost everything including 12 purebred Holstein cows, and a number of young cattle, 4 horses, season's crop, and implements, and a number of pigs and hens. The car was in the garage near the barn but was saved. This is a serious loss as Mr. Shearer only bought this farm two years ago. The property is better known as as the William Johnson farm.

Lacrosse Dance.

The officers of the Campbellford lcrosse club have been very generous in sundry invitations to the people of Hastings for their assembly to be held on November 6th.

Personal News.

Charles Pallisier of Campbellford, spent Monday in town on business.

Mrs. W. Hieman of Campbellford, is spending a few days in town, the guest of her parents, Mr. and Mrs. James Calherry.

Miss M. Kennely of Peterboro, is the guest of Mr. and Mrs. A. B. Spelman.

Vaughan Finley of Norwood spent Monday in town.

Mr. and Mrs. A. V. German spent Tuesday in Campbellford.

Howard Fairman of Campbellford, spent Monday in town.

David Owens spent Monday with friends in town.

RUN-DOWN, NERVOUS? Weak Women can Find the Help They Need

St. Thomas, Ont.—"Dr. Pierce's Favorite Prescription is a grand medicine for women who are at all nervous, weak or run-down, or who suffer with womanly ailments. I have not only taken it myself and been greatly benefited but I have known of many others who have been benefited, and in no case have I ever heard one word of condemnation against Dr. Pierce's Favorite Prescription, but always praise."—Mrs. Sarah Burke, 102 Scott St.

The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. A great many women in every part of Canada owe their good health of today to this famous Prescription.

HAVE YOU STOMACH TROUBLE? This Woman Had Suffered Great Distress and Gives Her Experience

Dundalk, Ont.—"I am only too glad to tell what Dr. Pierce's Golden Medical Discovery has done for me. I doctored three months and got no relief but, thanks to Dr. Pierce's medicine, I found a cure at last. I will recommend it to any poor sufferer with ulcerated stomach and mouth. When I started taking the 'Discovery' I weighed 93 pounds; now I weigh 119. No other medicine for me."—Mrs. Malcolm McLaren.

You can quickly put yourself in A-1 condition by going to your druggist and obtaining Dr. Pierce's Golden Medical Discovery in tablets or liquid; or send 10c to Dr. Pierce's Laboratory in Bridgeburg, Ont., for trial pkg. and write for free medical advice.

CHANDOS RESIDENT HAD MANY FRIENDS.

Death of Mrs. Archie Whitmore Took Place After a Brief Illness.

APSLEY, November 1. — A particularly sad death occurred in the township of Chandos on Saturday last when Mrs. Archie Whitmore, a well-known and highly respected resident passed away after a few days' illness at the early age of 44 years.

Mrs. Whitmore was a faithful member of St. Paul's Anglican Church, Lasswade, always taking a leading part in the church and the Sunday School work, and had many lovable qualities that endeared her to a wide circle of friends, by whom her death is deeply regretted. She leaves of her immediate family to mourn her loss, her husband and eight children, Mrs. Flora Dafoe of Trenton, and Fred, Nicholas, Edna, Maggie, Effie, Neil, and Violet, all at home, besides two brothers, William and Charles Dingman.

The funeral took place on Tuesday at St. Paul's Church, the Rev. C. A. G. Spence conducting the service, the body being interred in the family plot in the cemetery.

were then living. After her death he and his family of small children, moved to Vancouver to be near his wife's parents.

At Ploughing Match

All Cavan roads led to Bailieboro yesterday to the Cavan Annual plowing match. The weather was ideal for the event and many from this vicinity took in the event.

Personal Mention

Mr. and Mrs. Paul and Miss Maggie Paul visited Mr. and Mrs. Chas. Jenk, Manvers on Sunday.

Mrs. Paul is keeping house for Mrs. Albert Tinney for a few days, while Mr. and Mrs. Tinney visit Toronto, so that Mr. Tinney may consult a specialist, about his thigh which was dislocated in an automobile accident some weeks ago.

Church News

Fairmount Anniversary services on Sunday and Monday had the usual success which attends anything given by the Fairmount people.

On Sunday the many Cavan friends of Rev. Mr. Greatrix, Peterboro, were delighted to hear and meet him again. The music was good. On Monday there was a large crowd, a excellent dinner and good programme.

CAVAN LADIES' AID TO HOLD MEETING.

Cavan News of Interest—Former Resident Dead—Personal Mention.

CAVAN, Nov. 1.—The November meeting of the Ladies' Aid Society of Cavan Methodist Church, which was to have met at the home of Mrs. Richard Matchett, Thursday, November 2d., is withdrawn. A special business meeting to which all the ladies of the church are invited will be held at eight o'clock in the basement of the church. At this meeting arrangements for the fowl dinner will be completed. The President, Mrs. (Rev.) Rorke is away at the home of her son in Brantford.

Mr. and Mrs. R. T. Adams, Lindsay, called on several Cavan friends on Tuesday and took dinner with Mrs. Lowry, Fallis Line.

Ernest Leith Dead

The report has come to Cavan of the death of Mr. Ernest Leith a former Cavan resident but lately of Vancouver. His wife died in Lindsay last summer, where they

Severe Kidney Trouble

Mrs. F. Rinehart, Campbellville, Ont., writes:

"I had trouble with my kidneys and very frequent urination. This was followed by pains which at times were very severe. The doctor said I had inflammation of the bladder and that an operation might be necessary. To this I refused, and began using Dr. Chase's Kidney-Liver Pills. From the first few doses I felt the benefit. The pains left, urination was corrected, and I have had no recurrence of these ailments."

Dr. Chase's Kidney-Liver Pills

One pill a dose, 25cts. a box. All dealers, or Edmanson, Bates & Co., Ltd., Toronto

AT YOUNG'S POINT AND THE DISTRICT.

YOUNG'S POINT, November 1.—Mr. and Mrs. J. Northey and son, of Lakefield, spent Thursday visiting Mr. and Mrs. R. Northey in the village.

Mrs. J. Nugent, of Peterborough, visited friends in the village on Friday.

Registered at the Lakeview House this week were Mr. and Mrs. Restman, Port Credit, and Mr. G. Guloodivaid, Cannington.

Among the young people of the village who attended the Fireman's Ball in the Memorial Hall, Lakefield, on Thursday evening were Misses Agnes Young, Helen Brooks, Dorothy Wilson, and Messrs. Russell Brooks, Leonard Wilson, Jim Raddon, and Llewellyn Douglas.

Rev. Mr. and Mrs. Hughes spent Wednesday and Thursday visiting their parishioners at Haultain.

Born.

Foley.—At St. Michael's Hospital, Toronto, on Thursday, 26th October, to Mr. and Mrs. Joseph Foley (nee Miss Molly Young)—a son.

MASQUERADE AT LAKEFIELD WAS SECOND TO NONE

Very Merry Time Spent at A. Y. P. A.'s Annual Hallowe'en Event—Unique Costumes.

LAKEFIELD NEWS.

LAKEFIELD, Nov. 1.—The A.Y.P.A. held a Hallowe'en masquerade in St. John's school room on Monday evening, which was very successful indeed. The costumes were for the most part unique and decidedly original and the famous Philadelphia lawyers would have found it hard to decide who was who. Girls when unmasked, revealed themselves to be members of the sterner sex. Mr. Wm. Watson, in the costume of a Chelsea pensioner, Miss Marjorie Burtchall as an old woman, and Mr. Bob Somers as Charlie Chaplin, were outstanding figures and received the prizes.

After the unmasking the remainder of the evening was spent in games and contests.

The room was decorated for the occasion with appropriate adornments in which Jack O'Lanterns, black cats and witches predominating. The refreshments were also appropriate to the occasion, pumpkin pie being the piece de resistance.

Hallowe'en is always popular as a time for parties and has been the occasion of a special party by the A.Y.P.A. for a good many years. The 1922 event stands second to none and was enjoyed by the young people, who numbered about forty.

Well Known Here.

Mr. Wm. P. Gray, whose funeral took place in Peterborough on Monday, was a former well known resident of Lakefield. About eight years ago he and his wife sold their home on Clementi street and moved to Lindsay, where they have resided since. Mr. Gray is survived by his widow and one daughter, Mabel, and three sons, Wm. P. of Hamilton, Frank of Peterborough and Charles of Lindsay. The latter is the owner and captain of the steamer "Lintonia."

Personal Mention.

Mr. and Mrs. J. H. Chant, who spent the past five weeks visiting friends in Foam Lake, Sask., Saskatoon, Winnipeg and Edmonton and other western towns, returned home on Monday.

Rev. P. L. Jull is in Kingston this week attending the alumni of Queen's University.

Miss Griffin was the guest of friends in Peterborough this week.

C. F. Leonard, of Peterborough, spent the week end with Warden and Mrs. J. C. Strickland, at the Homestead.

Mrs. Towns, of Belleville, who hao has been visiting her mother, Mrs. M. Hynes, returned home on Monday.

Rev. and Mrs. Frank Vipond and sons left on Tuesday for their new home in Streetsville.

Miss Estella Watson is spending her vacation at Coboconk.

NINE SKELETONS.

SHERBROOKE, Que., Nov. 1.—(Canadian Press)—While men were working on the Bromptonville Road nine human skeletons were discovered. Their presence is not accounted for.

NEWS OF HAVELOCK AND THE DISTRICT.

Mrs. B. Haig Gave an Afternoon Tea—Show For Fire Sufferers.

HAVELOCK, November 1. — Mrs. B. Haig gave an afternoon tea on Saturday from 5 o'clock until 7, in honour of Mrs. Seymour, who is going to Montreal for the winter months.

Attend Dance.

A number of the young people attended the dance in Tweed on Monday night, and all report a good time.

Moving Pictures.

The picture show which was held in the Town Hall on Monday night, the proceeds from which were in aid of the fire sufferers in Haileybury, was largely attended. The picture, "Out of the Storm," being particularly good.

Personal Mention.

Misses Gladys and Olive Haig spent Saturday in Peterborough.

Mr. and Mrs. George Herrington, of Windsor, visited friends in town last week.

Mr. and Mrs. James Laing spent Sunday with friends in Norwood.

Mr. Walton Kennedy, of Toronto, spent the week-end at their cottage, Trent River.

Miss E. Brown, of the Public School staff, has returned from Warkworth, and has commenced her duties again.

PROBABILITIES.

Easterly winds; mostly fair and mild; some showers at night.

THANKSGIVING FETE

An Event Ladened with Good Things at Most Interesting Prices—Fete Lasts Four Days

Thursday, Nov. 2nd to Tuesday, Nov. 7th

KEEPING in close touch with the current needs of the Store's customers is the policy which inspired this Thanksgiving Fete. The merchandise presented is the sort to meet Fall and Winter requirements of the home and family. With the fullest satisfaction careful consideration of prices cannot fail to convince the discriminating of the extraordinary values in all departments.

Women's and Misses' Pull-Over Sweaters — A Real Surprise at $2.95

Dainty, Warm and Low in Price

The popularity of Slip-On Sweaters has been more evident than ever this season. The price of these will certainly not be an obstacle to anyone.

They exemplify the link and link weave and are so arranged that a drop-stitch stripe is formed. The semi-tuxedo collar and the cuffs are white, and also a band that adorns the lower edge; in some instances it is a stripe. Made with long sleeves and belt. Choice of Nile, orange, grey, navy, salmon, white. Sizes 36 to 44.

MAIN STORE.

In the Redfern Store

Men's $40 Fancy Suits, also Plain Greys and Blues at $29.50

All-wool materials from the best Canadian and English mills. Every one this season's up-to-date models and custom tailored at the factory. They'll give you lots of service. Sizes 34 to 46.

Men's Warm Overcoats For Bitter Cold Days at $28.50

The price is low enough, gentlemen, and yet the quality is in them. They are smart models, made by good tailors. Slip-ons, belters and Ulsters in plain grey, brown, lovat and heather mixtures. Double reversible materials with plain and checked backs; full and skelton linings.

Something New In Men's Neckwear, $1.00

Known as "Velvo." A Silk Tie that keeps its lustre and is the richest and most beautiful of silks. Made in a four-way cravat—you can tie either side or either end, thus giving it four right sides instead of one and rendering four times the length of service. Choice of ten different colors.

Men's "Velvatex" Combination, $2.29

Called "Velvatex" because it is soft to the touch. It is wool and cotton mixed; made with long sleeves and is ankle length, blue-grey color and finely and closely ribbed. Sizes 36 to 42.

THE SAME IN TWO-PIECE GARMENTS, FINISHED WITH SATIN FACINGS, AT $1.39 GARMENT.

Men's $10 Talbot Boots at $6.85 Pair

All our Men's Calfskin Boots in the season's smartest lasts with recede and semi-recede toes. Shapely comfortable models and of fine grades of calfskin. They were formerly known as "Just Wright." Some with and some without rubber heels. Sizes 5 to 9½.

Men's All-Wool Scotch-Knit Seamless Gloves, 73c Pair

Light lovat and grey shades, made with extra long wrists. Scotch-knit and well made. Small, medium and large sizes.

Men's Shirts, $1.79

Fine English Madras add Scotch Zephyrs

These are the wonderful new Shirts with the reversible cuffs that men are so enthusiastic about. When your cuff is soiled or worn you merely turn it over. It's like two cuffs on the one Shirt. Stripe patterns in a variety of colors. Sizes 14 to 16½.

Real Price Inducements on Home Furnishings

A WARM COMFORTABLE PLACE

TABLET UNVEILED TO CAPT. KLINGNER

Ceremony at St. Alban's Cathedral, Toronto, on Sunday.

TORONTO, Nov. 1.—There was an exceptionally large attendance at the Sunday morning service in St. Alban's Cathedral, it being the occasion of the presentation, dedication and unveiling of the war memorial tablet to the late Capt. L. W. Kilingner, M.C., erected by his brother officers as a token of esteem.

It was also the occasion of the formal dedication of the glass cruets for the Communion Office, which had been presented by Mrs. J. A. Mackie.

The congregation present was so large as to tax the seating capacity of the church. The dedication in each instance was performed by Rev. Canon A. W. MacNab, who also preached the sermon.

In referring to the late Captain Klingner, he drew attention to the fact that he had won the Military Cross for valor at the battle of the Somme. Going later to Mesopotamia, where he had charge of irrigation surveys, he was drowned through the accidental wrecking of his launch in the River Tigris.

The late Captain Klingner was a native of Toronto, born in this city in 1886. Canon MacNab stated the one honored had had a brilliant career as a soldier. He read letters from brother officers commenting on his straightforwardness, cheerfulness, obedience to duty and devotion to service.

The memorial tablet was unveiled and presented to St. Alban's by Colonel Wilgar, on behalf of the officers of the 10th Field Company, Canadian Engineers, and other units.

Those present included officers from Ottawa and Kingston and relatives and friends of the late Captain Klingner from Detroit, his brother from Ottawa and his sister, Mrs. J. H. Renwick of Peterborough, who was present at the ceremony, accompanied by her son, Jock.

HER THREE CHILDREN HAD WHOOPING COUGH

Many mothers make the mistake of thinking that whooping cough is not of serious importance, but it is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children.

DR. WOOD'S NORWAY PINE SYRUP

is highly recommended by mothers everywhere for the relief of this trouble as it helps to clear the clogged-up air passages of the mucous and phlegm that has collected, and in this way brings on the "whoop" which brings the so-much-sought-for relief and heals and soothes the lungs.

Mrs. H. W. Mahar, Kentville, N. S., writes: "My three children had whooping cough. I tried every medicine I could think of until an old gentleman told me to try Dr. Wood's Norway Pine Syrup. Before they had one bottle taken the cough seemed better, and after two bottles they were about well. It loosened the cough and relieved them of that hard, distressing and strangling feeling that goes with it."

"Dr. Wood's" is 35c. and 60c. a bottle. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

VAUGHAN FAMILY A RELIGIOUS ONE

Six of Father Vaughan's Brothers Priests, All His Sisters Took the Veil.

LONDON, Nov. 1.—(Canadian Press).—Father Bernard Vaughan, who died yesterday, was born in 1847 in Herefordshire, son of Colonel Vaughan. Of his eight brothers six became priests and all his sisters took the veil. In 1901 he went to London from Manchester and immediately became prominent as a slum worker in London's East End, and as a preacher at Farm Street Church, where he attacked all creeds and all sorts of men, including King Edward Seventh. His greatest sermons were on the "sins of society," race suicide and women's dress, and, curious to relate, those who crowded his church were members of nobility and England's most prominent families. In 1910 he was cathedral preacher at the Eucharistic Congress in Montreal. He denounced Germany during the war as "not playing the game." Mormonism and Socialism shared the fire of his denouncing oratory, and he also contended that Irish hunger strikers deliberately committed suicide. Father Vaughan took ill two or three months ago at Sheffield, but recovered sufficiently to be removed to the Jesuit College at Putney. There he was able to get about in a rolling chair. The famous priest was bedridden only three days before his end. His brothers in the Society of Jesuits were around his bedside when he died peacefully at eight o'clock yesterday morning.

SAYS S.P.S. INITIATION WAS SHEER BRUTALITY

"Varsity," the Undergraduates' Paper, Condemns Schoolmen's "Brutality" in Hazing

TORONTO, Nov. 1.—"S.P.S. initiation is exhibition of sheer brutality' is the caption of an article in yesterdays "Varsity," the students' paper, dealing with the Sophamore-Freshmen battle of the faculty of applied science in which ammonia gas played a prominent part. Concerning the maltreatment of the man "Varsity" editorially says:

"That a man who has served his country in her need, and who was innocent of any responsibility in the ammonia incident should be brutally maltreated by a gang of rowdy youngsters, barely out of high school, as was ex-Col. Smyth, D.S. O., M.C. and Bar, Croix de Guerre, D.C.M., is a disgrace to the university in which it occurs. That Col. Smyth is sportsman taken enough to have the gruelling he got and makes the efforts he has to prevent its becoming publicly known, only enhances the serious aspects of the case.

"Half a dozen men rendered unconscious, a broken wrist and numerous painful and more or less serious wounds featured the S. P. S. initiation on Friday last. A school graduate who was present described the affair as 'a disgraceful exhibition of sheer brutality.' Both the first and second years did many things which they will regret for the rest of their college careers. The whole evening was a vindication of the Varsity's stand on initiations, showing, as it did, the ill feeling and cruel treatment that characterizes hazing at its worst.

"The initiation had been called for 7.30 p.m., but the frosh under their executive had decided to have some amusement at the expense of the sophs., before the encounter. Waiting until the 2Ts men were inside the old gymnasium, they turned out the lights, barricaded the doors, and poured ammonia solution in through the room. It har been intended to have the solution very weak, but through some error a concentrated solution had been substituted. As a result the fumes were overpowering and the sopha inside were in danger of being asphyxiated in the darkness. The first year, when they discovered their mistake, removed their barricades, but only succeeded in making an opening through which one man could crawl at a time. Through this opening the sophs came out in the open air. The last dozen men could scarcely move, the last six were dragged out by their comrades.

QUIZ CORNER

We start today a new an unique copyright feature, which will appear daily, in Canadian Quiz corner with questions and answers on a wide range or subjects pertaining to the Dominion and which every reader should know. Other questions (with or without answers) of a local or district character, are invited from our readers. We would suggest that this corner be kept in a scrap book as it will lead to a book of Canadiana of rare interest.

NAME "CANADA"

Q.—Where did the name "Canada" come from?

A.—The name "Canada" is probably derived from the Huron word "Kanada" which means "a village or settlement." The early French writers used the term "Canadien" to designate the Algonquin tribes on or near the St. Lawrence, as distinguished from the Algonkin and Micmac. Jaques Cartier applied the name Canada to the country adjacent to Stadacona (Quebec), the chief of which he designated as "the King of Canada."

CANADA'S AREA.

Q.—What is Canada's area on the North American continent, and in comparison with that of the United States?

A.—Canada's area is estimated at 3,729,665 square miles, or 111,902 square miles larger than the United States and Alaska combined, of 3,617,673 square miles.

FOUND WONDERFUL RELIEF FROM CONSTIPATION BY USING MILBURN'S LAXA-LIVER PILLS

Constipation is one of the most prevalent troubles the human race is subject to, and is the greatest cause of many of our ailments, for if the bowels cease to perform their proper functions all the other organs will become deranged.

Keep your bowels working gently and naturally by the use of Milburn's Laxa-Liver Pills, and thus do away with the constipation and all other troubles caused by it.

Mrs. A. R. Spence, Springhill, N. S., writes:—"I have suffered for some time from constipation, and was advised by a friend to try Milburn's Laxa-Liver Pills. After taking a vial of them I have found wonderful relief, and would advise all those who are constipated to give them a trial, for I feel sure they will also receive the same benefit I did."

Price 25c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

MR. TAPLIN HERE FRIDAY AND SATURDAY.

May Be Consulted at the Peterborough Store, 376 George Street.

HELD THE FORT IN CUSTOM'S HOUSE

Captain Freeman Held the Prince Rupert Customs House All Day With a Loaded Rifle.

PRINCE RUPERT, B.C., November 1 (Canadian Press). — After holding the Customs House here with a loaded rifle since yesterday morning, Captain Freeman, of the launch Harbethood, who claims he has a grievance against the Federal Marine Department, yielded to the officials yesterday afternoon after a paper, signed by Fred Stork, M.P., had been given him, promising an investigation into the alleged wrongs.

Freeman threatened to resist the efforts to dislodge him. He took possession of the Customs House when H. T. Cross, appraiser, and other officials, arrived yesterday morning, the buildings remaining closed until peace negotiations were concluded.

Mrs. Ahern Says It Is Almost Miraculous

"Tanlac has put me in good health when nothing else would even so much as help me, and the way it has worked in my case just seems miraculous to me," declared Mrs John Ahern, of 1 Boultbec Ave., Toronto.

"Words just can't tell how much I suffered for the past ten years from a terrible case of rheumatism, and the pains in my hands and knees were just almost unbearable. Many nights the pain was so bad that I couldn't even lie in bed, much less sleep, and would have to get up and sit by the fire. The fingers of both my hands were so sore and swollen that at times they were altogether useless, as far as work was concerned, and the suffering and misery I had to endure was simply indescribable.

"I received wonderful results from my very first bottle of Tanlac, for it ended the aches and pains and four bottles have relieved me entirely of all symptoms. I feel just fine in every way now, can do all my housework with perfect ease and am as healthy and happy as can be. I never even dreamed it possible for anything to help me like Tanlac has, and I simply praise the medicine from the bottom of my heart for the wonderful blessing it has been to me."

Tanlac is sold by all good druggists.

TRAVELOGUE ON CANADA OF TO-DAY WAS A REAL TREAT.

Frank Yeigh Irresistibly Entertains and Instructs on Delightful Subject.

The large audience that filled the Normal School hall Monday evening came away prouder than ever of Canada, after enjoying Mr. Frank Yeigh's delightful travelogue on "The Canada of Today", illustrated with a set of strikingly beautiful lantern slides. Mr. Yeigh's lecture was a fitting accompaniment to the panorama of scenes in its graphic descriptions, its eloquent turns and its bright humor. One felt that it made an ideal subject for an audience of prospective teachers; indeed for any Canadian who wishes to know more of his homeland.

The pictorial journey took the audience across the Dominion from ocean to ocean, under the title of "The Silver East" and "The Golden West." The part devoted to the Maritime provinces came as a revelation to many of the scenic and other attractions of Nova Scotia, New Brunswick and Prince Edward Island, with glimpses of its growing industries, rich natural resources and historic sites.

Old Quebec added its note of romance in this Brittany of Britain, with the back ground of the old French regime and the foreground of the habitant in the country and the cities of Quebec and Montreal.

Ontario was also ably treated as the premier province ,with its great public enterprises, the rich mining areas of the north, and the playgrounds in every part. Our own province was most attractively presented.

The Golden West also received adequate treatment, across the thousand-mile-farm from Winnipeg to the Rockies, and across the mountains to the coastal cities. The mountain pictures were works of art and emphasized the heritage we have in the great peaks of the West.

Mr. Yeigh is rendering a high public service in thus making known our own country with its rich historic past, its progressive present and its alluring future. It makes an ideal entertainment, that is at the same time inspiring and educational.

Principal Walker acted as chairman of the lecture.

CLAIMS OF ULSTER.

BELFAST, Ireland, Nov. 1.—(Canadian Press).—A delegation of two hundred were on their way from Belfast to England yesterday to place the claims of Ulster before the British electors.

ANGLICANS MAKE SPECIAL EFFORTS

Contributing to Re-establishment in Haileybury District.

Appeals have been sent out recently by the Archbishop of Algoma to all the Anglican Churches in Ontario to assist the members of the church in their efforts at establishment in the district of Haileybury. An offering was taken in St. John's last Sunday which amounted to about seventy dollars. The following letter to the Canadian Churchman from the Rev. P. H. Hincks, rector of Haileybury, will be of interest.

"Sir,—Will you kindly give me space to express for myself and my people our deep appreciation of the many messages of sympathy and the generous gifts of clothing sent to us since our recent calamity. The bales and parcels sent direct to me have been contributed through our Women's Guild, and we have thus been enabled to provide for a number of people whom the general supply stores did not reach. The articles have all been most acceptable. The sums of money sent have been put into a special relief fund, which will be divided among the most needy sufferers and will in some measure help them to replace their homes I hope to be able very soon to acknowledge these gifts individually.

"The immediate needs of our people have now been well supplied. But we have before us the problem of rebuilding our church, rectory and parish hall, and rebuilding them in such a way as to be in keeping with the new and restored Haileybury. Our people here, all but a few of whom have lost their homes and all their possessions, are not in a position to do this by themselves. To those, therefore, who have written to me asking what they might do to help, and to all whom the sense of our need may touch, I would suggest that they send a contribution to our building fund and assure them that such assistance would be by many of us even more sincerely appreciated than the providing for our personal needs.

THANKSGIVING DAY.

A large number of people each year take advantage of the long week-end holiday provided by Thanksgiving Day to visit relatives or take a trip to some place of interest. The Grand Trunk are expecting heavy travel this year on account of the holiday, and provision has been made accordingly. Additional equipment, coaches, sleeping cars and parlor cars have been arranged for in anticipation of this traffic and extra sections of regular trains will be operated from Toronto on November 4th in order that convenient accommodation may be provided for all passengers.

First section of Train No. 45 will leave Toronto 4.30 p.m. for Barrie or beyond if necessary.

First section of Train No. 189 will leave Toronto 4.45 p.m. running through to Palmerston.

First section of Train No. 15 will leave Toronto 5.45 p.m. to London.

Above trains will make same intermediate stops as regular trains and first section of No. 15 will also stop at Ingersoll.

The service of the Grand Trunk Railway, (the double track route) to such points as Montreal, Ottawa, Toronto, London, Detroit and Chicago, is particularly convenient and attractive. For full particulars of service and all information, apply to Grand Trunk Ticket Agents.

HIGH SCHOOL GIRL MAKES LONG JUMP.

ST. PAUL, Minn, Nov. 1.—The journey from school to theatrical stardom is usually a long, obstacle-strewn journey. But Lorna Dunn, 18-year-old high school student, made it in one jump.

A musical comedy company playing here was in difficulties because the leading lady was called home by illness, and none of teh chorus girls could take her place. Miss Dunn, who had starred in local theatricals, was suggested and she appeared as the star two days later.

The girl's showing was so good that she was engaged to play the leading role during the rest of the company's road season.

SHINING, SPOTLESS AND LUXURIOUS

Louis' Cafe, a Restaurant of Comfort and Service, Opens Its Doors.

Thoroughly modern and up-to-date, sanitary, shining and spotless from the heavy plate glass in the front window to the hygenically-constructed refrigerator adjoining the kitchen, Louis' Cafe was opened to the general public this morning. This compact little restaurant is the latest contribution, under the management of Mr. Louis Yeotes, to the eating-house accommodation of the city, and has been luxuriously and expensively fitted up, to meet the demands of the most exacting of cafe patrons.

The decorative scheme is the outstanding feature of the bright new restaurant, and in every possible instance, the work was done by Peterborough firms and Peterborough individuals. Mr. Yeotes is the authority for the assertion that eighty per cent. of the entire cost of reconstruction and decoration of the establishment was expended in Peterborough. The walls are finished in unique and novel fashion, with British Columbia fir panelling in the natural finish extending half-way up, and outlining the mottled red and gold plastoric wall finish which catches the eye on entering, and is the work of A. R. Bennett, whose special process for contriving this effect gives a very attractive wall finish. Above, the smooth white surface extends to a beautifully-designed white metallic ceiling, the work of W. R. Turner and Son. A long counter, based with green-veined marble from the Vermont Marble Works, sided and topped with the pure white of the spotless Vitralite, and fronted by a row of specially-constructed stools, extends the length of the front portion of the cafe, which is separated from the private dining-room by an ornamental arch of the British Columbia fir with its bright coloring, from the A. McDonald Lumber Company, and by handsome curtains of blue silk repp, supplied by the Turnbull Company, Limited. The dining-room walls are finished in plain gold-leaf effect on the plaster, and the chairs are solid, decorative specimens in one piece shipped in from Jugo-Slavia by Belleghem & Sons. Messrs. Grant & Thorpe furnished the electric fixtures, the latest word in soft, overhead lighting in ornamental chandelier effects, and Messrs. J. J. Turner & Sons supplied the outside electric sign. W. H. Barry was the architect in charge of alterations, Ald. M. McIntyre the contractor, and R. G. Sturgeon & Company installed the heating and plumbing fixtures, with the kitchen fittings, modern and spotless in every detail. The floor is of Italian mosaic, with sanitary floor traps, there are separate containers for staple supplies beneath the large cupboards, plenty of light from two large windows, and an effective ventilating system.

Added minor attractive features are the art-glass canopy over the tea and coffee containers, the novel milk, cream and water cooler, the plate glass shelves on the wall cupboards and the cigar and tobacco cases, and the electric toaster on its white marble base in the window, where pancake-making will be in progress. Mr. James Connal is supplying the coffee for the new restaurant and Mr. J. Johns the tea, which will be made fresh in separate pots. Milk will be supplied in small individual bottles to each customer.

A competent staff has been procured, with two chefs in the kitchen, one for general cooking, the other for pastry. Meals will be served in regular cafe style, with the establishment open from 6 a.m. to 2 a.m., dinner served from 11.30 a.m. to 2 p.m. and supper from 5 to 8 p.m.

MINISTER RECOVERING.

OTTAWA, Nov. 1.—(Canadian Press).—Hon. W. Y. Kennedy, Minister of Railways, is well on the way to complete recovery, according to latest information received at his departments here.

DAUGHTER HAD TO HELP MOTHER

Now Can Do All Her Housework Alone Because Lydia E. Pinkham's Vegetable Compound Helped Her

Jasper, Minn.—"I saw in the paper about Lydia E. Pinkham's Vegetable Compound and took it because I was having such pains in my stomach and through my back that I could not do my work. I had tried other medicines, but none did me the good that your Vegetable Compound did. Now I am able to do all my work alone while before I had my daughter staying at home to do it. I have told a number of friends what it has done for me and give you permission to use my letter as a testimonial." — Mrs. Joseph Petersen, Route 1, Jasper, Minn.

There is no better reason for your trying Lydia E. Pinkham's Vegetable Compound than this—it has helped other women. So if you suffer from displacements, irregularities, backache, nervousness or are passing through the Change of Life remember this splendid medicine. What it did for Mrs. Petersen it may do for you.

The Vegetable Compound stands upon a foundation of nearly fifty years of service.

DEMOBILIZATION OF THE FASCISTI IS ORDERED

ROME, Nov. 1.—(Canadian Press).—The Fascisti high command has ordered demobilization of the Fascisti, and numerous members of that organization in Rome will leave for home after their patriotic procession which it has been planned will be held this evening.

Twelve Killed.

Twelve persons were reported dead yesterday as the result of attacks Monday in which the Fascisti were inovled. nipers fired at the Fascisti while they were crossing the workman's quarters in a bruzzi. Four Fascisti fell dead. The other eight deaths resulted from a clash between Fascisti and Communists in the Siburtino quarter.

As hma Suf rers

Hilton W. Parks, Waterdown, Ont., writes: "I can safely bless the day you left a bottle of Asthma Remedy with me. I had relief from the first dose and have been improving ever since; can lie down at night and rest; the cough has already left me; I have gained three pounds since I started the bottle, which is now nearly finished. The good news has spread around this district, and already several want to try it. I feel so good over the new life, as it were, I like to tell others."

Briggs' Asthma Remedy

$1.50 per bottle. Money back if not satisfied. For sale at Bond's drug store, corner George and Hunter streets, Peterboro, Ont., or by mail from H. T. Briggs, Whitby, Ont.

BETHANY AND THE DISTRICT

Hallowe'en Social By the Epworth League Voted an Unqualified Success—News in Brief.

BETHANY, Nov. 1.—The Hallowe'en Social held in connection with the Epworth League on Tuesday was a great success. The following program was rendered:—Song, by Miss Violet Jackson, "Kitty"; recitation by Ormand Wright, "When Father Carved the Duck"; song by P. C. Brown, "E. Bray"; reading by Miss Bray, "Experience with a Refactory Cow"; A witch's song by four girls dressed to represent darkies; reading by Bert Monk, "Mollie's Little Ram"; dialogue by three boys and three girls, "A Darkies' Singing School"; song by Miss Verna Belle Lee "Mammy's Little Coal Black Rose". Then followed guessing contests, fish ponds, fortune telling, Hallowe'en tricks, annd such like diversions. Refreshments of taffy, lolly-pops, pop-corn etc., were served. A collection was taken at the close and a real jolly time was spent by all.

The auction sale of Wm. Westlake's held on Tuesday was well attended; the weather was favorable and the auctioneer J. Wilson in fine trim. The stock of household goods cattle, horses, etc., brought good prices. Mr. Westlake has spent almost all his life in the village, for years had conducted the Temperance House and is now retiring to Toronto. He and his wife and daughter Miss Lillian will be greatly missed in this community and best wishes go with them to their new home.

Mr. Bert Rae and family of Cavan, were in the village on Tuesday.

Personal Mention

Mr. and Mrs. P. C. Brown, Mrs. Wm. Lee and daughter, Miss Verna Belle and Miss Violet Jackson attended the fowl dinner at Fairmount on Monday. They report a splendid time.

Earl Clark of Peterboro, was a business visitor to the village on Monday.

Mrs. Bertha Aikens is visiting her parents, Mr. and Mrs. Wm. Westlake.

SANTAL CAPSULES MIDY — Easy to Take—Quick to Relieve CATARRH of the BLADDER — Each Capsule bears name — Beware of counterfeits

THREE HUNDRED PEOPLE AT BAILIEBORO PLOWING MATCH

Weather Was Ideal For the Occasion—The List of Prize-Winners — Melville Heaslip Won Silver Cup in Boys' Class.

BAILIEBORO, November 1. — About three hundred people attended the ploughing match at Bailieboro, under the auspices of the Cavan and South Monaghan Ploughmen's Association, on Tuesday, 31st October.

There were large numbers of entries in most of the classes, and the work in all was followed with keen interest by the onlookers.

Captain George B. Little, of Agincourt, was the judge for the occasion. The contest was somewhat later this year than usual, but fortunately the afternoon was ideal, the only drawback being that dusk had fallen before the judge could finish his work.

The field for classes in stubble was on the farm of S. J. Waterman, and for those in sod on Ira Dawson's farm.

The Women's Institute of Bailieboro served hot meals at the Corner House, and, were well patronised, both at noon and tea time; part of the proceeds will be used for the relief of the fire sufferers in the North.

The prize-winners were:

Class I., Stubble—L. H. Winslow, 1st for crown, land, and finish; John Heaslip, 2nd.

Class II., Stubble—George Morrison, 1st for land and finish; John Lunn, 1st for crown, 2nd in land and finish.

Class III., Stubble (boys under 18)—Melville Heaslip, 1st for crown, land and finish; Reg. Atchison, 2nd; David Sharpe, 3rd; Edwin Hutchison, 4th; Amos Bonar, 5th; Harry McCamus 6th.

Class IV., Sod—R. J. McCamus, 1st for land and crown; Jas. Eagleson, 2nd; Gerald Armstrong, 1st for finish, 3rd for land and crown; T. Chambers, 4th.

Class V., Sod (boys 19 and under)—Russell Bonar, 1st for land and finish; Dawson Rutherford, 1st for crown, 2nd for land and finish; Thomas McCamus, 3rd.

Class VI., Two-furrow plough, Stubble—Vernon Hunter, 1st for crown, land and finish.

Class VIII., Stubble, tractors owned and driven by farmers—Harold Moncrief, 1st for crown, land and finish.

Demonstrators—J. J. Duffus, 1st with Fordson tractor; H. A. Tinney, 2nd with Samson tractor.

Bankers' and Business Men's Special—1st, Robert Johnston.

Special—Cash prize given by T. Ruth, Peterborough, Cockshutt plough to be used—L. H. Winslow.

Special for best outfit—1st, George Morrison; 2nd, Russell Bonar.

Special for youngest ploughman on the field—Harry McCamus, aged 12 years.

Won Silver Cup.

The handsome silver cup given by G. A. Gillespie, ex-M.P.P., of Peterborough, to the winner in the boys' class (under 18 years) was won by Melville Heaslip, the donor presenting the cup in the dining-room at the tea hour, adding a few well-chosen remarks congratulating the recipient on his splendid record, not only on Tuesday, but also at the International ploughing match held at Lindsay this fall.

Warm applause greeted the presentation, and also the brief reply made by the winner of the coveted trophy.

The officers of the Cavan and South Monaghan Ploughmen's Association who were responsible for the success of the match this year are: President, L. H. Winslow; 1st Vice-President, H. A. Fallis; 2nd vice-president, George Berry, Jr.; secretary-treasurer, C. L. McNeil.

Directors: A. J. Henderson, J. L. McCamus, G. Berry, W. R. Shape, T. A. Kelly, A. J. Fallis, A. Fair, Jos. White, John Greer, A. B. Kennedy, G. Armstrong, L. McNeil, R. O. Larmer, L. Fallis, I. W. Larmer.

CAMPBELLFORD CELEBRATED IN QUIET, ORDERLY MANNER

The Price of Pumpkins Went Up Ten Points — Golf Club Formed With List of Officers—Hallowe'en Social Events.

CAMPBELLFORD, Nov. 1.—The boys and girls celebrated Hallowe'en in a very orderly manner on Tuesday evening. There was lots of fun and some very fancy costumes. The stores did a thriving business. Pumpkins advanced ten points on the local market. There were many miles of crepe paper sold, orange and black being the prevailing colors in demand, and there will be very few false faces left to carry over. From general appearances, Hallowe'en has taken on a decidedly more refined tone than in the old days, when even your front gate was not safe, and the river had to be dragged the next morning to fish out lost buggies, push carts, and in fact any portable property. There were street processions as usual, some mighty fine looking "girls," whose walk gave them away. The small boys had the time of their lives dressed in costumes from Little Lord Fontleroy to wild Indians. There were many Hallowe'en parties, where witches with broom sticks, carrying black cats, were prominent among the guests. Everybody felt about ten years younger and if they didn't have a good time it was their own fault. It was a big night, and up to 12 o'clock nothing really serious had happened — just fun.

A Social Event.

One of the most charming social events of the season was the Hallowe'en party given on Monday evening by Dr. and Mrs. Watson, at their residence, Queen street. Promptly at 8.30 the guests, numbering forty-five, began to arrive and were ushered into the house by a trim little ghost, to the sounds of low, weird music, while another ghost at the head of the stairs, escorted the guests to their rooms.

The house was artistically decorated with black cats, witches, etc., which were quite in keeping with Hallowe'en, the only light falling form jack o' lanterns and ghosts, making semi-darkness and giving the whole a very spooky appearance.

Save for the wild, weird music, silence reigned supreme in the living room, which was prettily decorated with scarlet flowers and garden Chinese lanterns, and where the guests were all seated on cushions around the room, until with, as if a terrific explosion, the lights came on. At this juncture the host, dressed as a Turkish lady of the harem, in a gracious little speech, extended a most hearty welcome to the assembled spooks, who were free to frolicas they wished. The spooks then entered into the spirit of the night, rendering the following programme, which was one jolly round of mirth and pleasure: Mr. I. A. Humphriesm (spook of Sir Henry Irving) was at his best in a witty little speech, following which Mrs. F. de F. Free, (the spook of Madame Patti) contributed a pretty little solo, accompanying herself on the ukele. Miss Ethel Mary Goodman and Gertrude Maynard (as spooks of the Gold Dust Twins) made the hit of the evening in a catchy little duet, "I've a pain in my sawdust." Messrs. J. P. Archer (spook of W. Booth) and A. J. Jenkins (spook of Bobbie Burns, were thoroughly appreciated in their monologues, Mrs. J. A. Stewart (as the spook of A'bania) and Mrs. A. J. Jenkins (spook of Jenny Lind), Mrs. R. A. Linton (spook of Topsy), Mr. Nixon (spook of Charles Dickens), Messrs. A. J. Meyers (spook of Abraham Lincoln), J. A. Linton (spook of Mendlessohn), G. A. Payne (spook of Longfellow) acquitted themselves cleverly in speeches, monolgues and musical selections. During the intermission a very dainty mid-lunch was served. Following the programme, games and contests were heartily indulged in, Miss Goodman and Mr. J. A. Linton being the prize winners.

"The Banquet of the Spooks" followed, the guests being served from the dining table, which was a veritable bower of beauty and wholesomeness. The lighting dome was festooned with green foliage and from which hung pretty streamers of black and orange. The table was cleverly centred by a large pumpkin, prettily scalloped and filled and garnished with mountain ash berries, and was also tastefully decorated with shredded crepe paper of orange and black, and with a profusion of black cats, bats and witches.

The remainder of the evening was most pleasantly spent in dancing, which the spooks indulged in most merrily.

The costumes of the guests were decidedly original and vied with one another in loveliness, the hostess looking most charming in a gown of deep orange, trimmed with black lace, with a scarf of real Spanish lace over the head and wore jet ornaments.

The out-of-town guests were Mr. and Mrs. Walter Fowlds of Hastings and Mr. and Mrs. F. C. McRae of Norwood.

Masquerade Social.

A most pleasant evening was spent by the young people of St. Andrew's church when on Mondy evening they held a masquerade social in the school room. The young people were out in large numbers; all very prettily and suitably costumed for the occasion. Following promenades, Miss Faye Ketcheson rendered an instrumental solo which was heartily applauded. Solos by Misses Emma Meiklejohn and Hazel Atkinson were sweetly rendered, and Mr. John Storie delighted the audience with a comic song which elicited a hearty encore. A flower contest followed in which all took an enthusiastic part. Lunch, which consisted of buns, weiners, pumpkin pie and coffee, was then served. After singing the national anthem the happy party dispersed.

Golf Club Organized.

On Tuesday evening a meeting was held in Mr. J. A. Humphries' office for the purpose of organizing a Golf Club in Campbellford. The meeting was well attended and officers were elected as follows:

Pres., S. J. Moore.
Vice-Pres., A. L. Riendeau.
Sec.-Treas., I. A. Humphries.
Executive Committee, S. F. Heale, C. H. Harris, J. H. Hogg, P. J. Kelly.
Members: S. J. Moore, Fred Burgar, J. M. Ferris, P. J. Kelly, C. Weston, E. Brunelle, O. H. Gledhill, L. B. Glover, W. J. Wiggins, D. W. Douglas, A. Riendeau, J. H. Hogg, J. A. Humphries, S. H. Neale, C. H. Harris, J. C. Bingham.

There seems to be a keen interest taken in the new club and indications point to a successful season. A new club house will be built in the very near future.

Property Transfer.

Mrs. David Richardson has sold her fine brick residence on Rear St., to Howard Forest, who takes possession at once.

Mr. Percy Bartley has purchased the property consisting of frame dwelling and good sized lot known as the Robinson property, on Second street.

Both deals were transacted by Riendeau and Diamond.

Personals.

Miss K. McArthur was at Hoards on Friday evening attending a most successful concert given by the pupils of the school in which her sister, Miss Agnes McArthur, is the teacher.

Mr. Frank Walsh, Canrobert St., will hold an auction sale of his household effects at his residence on Saturday afternoon, November 4th.

Mrs. James Clarke and daughter Miss Hattie, are guests of Dr. and Mrs. George Gibson, Picton, this week, before going on to visit with friends at Havelock and Warsaw.

How Furniture sales are being increased
by Long Distance

Some quotations from recent reports:

"Some of our Commission travellers have made as high as $20.00 a day by using the telephone, without leaving their chairs."

"We respond to every letter of enquiry with a telephone call, as it enables us to close a deal, give advice or secure information immediately."

"L. D. is an essential part of our system for both buying and selling. Almost as good as a personal contact."

"We use L. D. to make collections."

"Much of our furniture is bought by Long Distance."

We can tell you how to apply Long Distance to almost any business

Make

plain foods better and you'll save

Use raisins to make plain foods more attractive and you can save food bills.

Add the raisin's zest to your rice pudding and bread pudding.

Serve raisins stewed with oatmeal to win the little folks.

Flavor isn't always a matter of expense. Use the raisin's *charm*.

Always ask for

Sun-Maid Raisins

THE HORRORS OF INDIGESTION

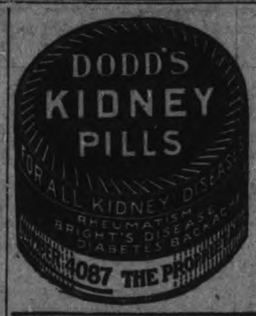
Relieved by "Fruit-a-tives" the Fruit Medicine

Indigestion, Weak Digestion or partial digestion of food, is one of the most serious of present-day complaints—because it is responsible for many serious troubles.

Those who suffer with Indigestion, almost invariably are troubled with Rheumatism, Palpitation of the Heart, Sleeplessness and excessive Nervousness.

"Fruit-a-tives" will always relieve Indigestion because these tablets strengthen the stomach muscles, increase the flow of the digestive juices and correct Constipation, which usually accompanies Indigestion.

50c a box, 6 for $2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.



News Briefs

DIED FROM FALL.

BROCKVILLE, Nov. 1.—(Canadian Press).—William Rickey, aged 80, of Domville, Grenville County, died in the local hospital Monday night as the result of injuries received in a fall from a ladder.

DIES AGED 97.

BROCKVILLE, Nov. 1.—(Canadian Press).—One of Leeds County's oldest residents died at his home in Elizabeth Township this morning in the person of Mrs. Philena Manhard, aged 97, who had spent all her life in this vicinity.

NOT A CANDIDATE.

OTTAWA, Nov. 1.—(Canadian Press).—"I wouldn't think of it, for a fortune," was the reply of Mrs. John Stewart, Appleton, when asked over the long distance 'phone if she would consent to be a candidate in the coming Lanark by-election. She added that Mrs. John Buchanan and Mrs. J. A. Turner had no intention of running.

BURNED TO DEATH.

SHERBROOKE, Que., Nov. 1.—(Canadian Press).—Two girls, aged four years and eighteen months, respectively, children of Mr. and Mrs. Joseph Rivet, were burned to death yesterday when their home was destroyed by fire. The parents and another child were absent from the home at the time. The victims were asleep when the fire broke out.

TAXPAYERS PROTEST.

MONTREAL, Nov. 1.—(Canadian Press).—Local Protestant taxpayers are objecting to having to pay any extra two mills for the education of Jews, Syrians and other non-Protestant elements who are at present studying in Montreal Anglican schools, and as a result of this dissatisfaction an appeal will probably be made to the Quebec Legislature.

PRODUCE MARKETS

PETERBOROUGH MARKETS.

Grains are up slightly in price, with small advances in wheat, oats, rye and buckwheat. Creamery butter has advanced also a cent or two on the pound, and live hogs are descending weekly in price. Grapes are plentiful in the fruit stores, with pears of the picking variety in quantities. On dealer has a large lot of the white onions at very low prices.

Grains—Fall wheat and Marquis, 95c-$1 bush.; spring wheat, 85-95c; alsike, $5-$6.50; No. 1 peas, $1.25-$1.35; No. 2 peas, $1; oats, 37c; rye, 65-70c; barley, 55-60c; flour, half bbl, 3.35-$3.50; pastry flour 24-lb bag 75-90c; red clover, $6-$7 bushel; buckwheat, 65-68c bush.; bran, $23 ton; shorts, $25 ton.

Vegetables—Beets, carrots, parsnips and turnips 25c peck; leaf lettuce, 5-10c bunch; cabbage, 10-15-20c domestic potatoes, 15-20c peck; 75-85c bag; domestic onions, 10 lbs. 21c, 23c peck, $2.00 bag; Bermuda onions, 10c lb.; spinach, 20c lb; celery 10c; cauliflower 15-20-25c; vegetable marrow 10-15-20c; pickling onions 25c qt.; sweet potatoes, 2 lbs. 25c; Spinach 70c peck; lettuce 5c.; bunch; egg plant, 15c-20c.

Hides and Wool—Cow hides heavy 10c; light 12c horse hides $2.50-$3; calf skins, veal, 15c deacons 75c to $1.00; kips, 8c; sheep skins 75c to $1.00; lamb skins, 40-50c; shearlings 20-25c; fine wool 18-19c; medium 15-16; coarse wool 12-13c.

Dairy Products — Creamery butter, 37-39c; dairy butter, 35-37c lb.; oleomargarine, 24-29c; eggs, 42-50c; shortening, 15-20c lb.; lard, 17-22c; cheese, 25-30c; old cheese, 35-40c.

Fruits—Bananas, 30-50c doz., 10c lb.; Calif. navel oranges, 40c-$1.20; grapefruit, 10-15c each; lemons, 30c doz.; mixed nuts, 25-30c; cocoanuts, 15c; Smyrna figs, 45-50c lb.; green peppers, 3 for 10c; watermelon, 25 to 50c each; Snow apples 70c peck; Wealthy apples, 40c peck; Red Roger, 60c basket; pickling pear, 50c peck, 60c basket; Duchess pears, 85c basket; Keefer pears, 75c basket; California honeydew melons, 60c each; cranberries, 20c qt.; Wolf River Apples, 30c peck; chestnuts, 60c lb.; California grapes 30c lb.; quince, $1.25 basket; grapes, 55-60c basket.

Fish—Pink salmon, 20c lb; white fish, 15c.; haddies, lb., 18c.; boneless 25c; halibut, 30-35c lb.; red salmon, 25c lb.; salmon trout, 20c lb.; kippered herring, 30c lb., oysters, 65c pt.

Hay—Old hay, baled, $20; new loose hay $15 to $16; new hay baled, $17; straw, $12-$15.

Meats—Beef, 10-30c lb.; hens, old, 25c; chickens, 35c; ducks, 35c; live hogs, $9.75; dressed hogs, $17.00; bacon, 37-50c; pork, 24-39c; sausage, 14-26c; veal, 5-30c; lamb, 15-35c.

CASH GRAIN.

MONTREAL, November 1. Canadian Press. — The tone of the market for spot cash grain supplies was steady yesterday and the prices were unchanged. A good business continues to be done in flour. There was no actual change in the condition of the mill feed market, although it was reported that sales of car lots of Manitoba bran advanced 50c per ton in price. The undertone of the rolled oats market was very firm. The market for baled hay was without feature. A firm feeling continued in eggs with prices as yet unchanged. Prices of potatoes show a five cent per bag advance. Owing to much stronger feeling butter prices were up 1-2c to 1c per pound. Prices for cheese advanced 3-4c to 1c per pound.

STERLING RATES.

MONTREAL, November 1. Canadian Press. — Sterling exchange rates were quoted here yesterday:

Demand, 4.4462.
Cables, 4.4487.

WINNIPEG CATTLE.

Winnipeg, November 1. Canadian Press. — Receipts 1995 cattle and calves; 300 hogs and 350 sheep and lambs.

The cattle market opened yesterday morning with a good demand for the bulk of killing classes on offer, and while the quality was mostly plain, the bidding generally was more brisk with spots around 25c stronger over Mondy. Real good stockers and feeders unchanged.

On the hog market packers bid $9.25 to 9.50 for thick smooth classes, being slightly firmer than yesterday.

Sheep and lamb packers bidding slightly firmer than yesterday. The sheep and lamb market was fairly active, but good lambs changed hands from $10.50 to $11, and light mutton sheep from $6 to $6.50.

EGG MARKETS.

Ottawa, November 1. Canadian Press. — Some states storage eggs continue to arrive costing around 32c delivered as compared with the cost of local storage to date 35 1-2 to 36c.

The export situation remains unchanged. Eggs that will grade specials are very scarce and in Toronto anything form 75 up to 90 can be obtained for them.

Toronto and Montreal unchanged.

Manitoba and Saskatchewan markets unchanged.

Alberta trade quoting on grade extras 32, firsts 28, seconds 22 delivered. The bulk of jobbing business being done in storage which are quoted extras 41 to 42, firsts 35 to 37, seconds 25 to 33.

British Columbia specials, jobbing 70, pullet extras 50, locals storage firsts 45, seconds 40.

Prince Edward Island country points straight gathered 35c, retail Charlottetown 40.

Do You Want a Bigger Salary?

It does not matter what you are Today or what you were Yesterday. Tomorrow is your bright clear day of Opportunity. Nothing can keep you *down* if you really make up your mind to go *up*.

For Thirty Years, Canadians in thousands have profited from the vocational and academic training of the International Correspondence Schools. Clerks have become salesmen, advertising and business managers; mechanics have become foremen, superintendents and engineers; carpenters have become architects, contractors and leaders in construction work; men and boys have risen from nothing at all to places of responsibility—because of I.C.S. Training.

Forget what you are today and decide on what you want to be. No man has failed until he admits it to himself. And no *real* man ever admits it. In just one hour a day—in the spare time you will never miss—you can fit yourself for a better job and a bigger salary.

This is all we ask: without cost, without obligating yourself in any way, put it up to us to prove how we can help you. Just mark and mail this coupon.

Examiner Road Race on Monday-Other Sport News of Interest

Good Prizes Offered For The Examiner Road Race

Entry Lists Will Close Friday Evening at 8 O'clock. Many Names Have Already Been Received and Many More Are Expected.

Prizes for the senior winners in the Examiner Road race were placed on exhibition in Grant and Thorpe's window today and it is expected that the prizes for the junior event will be on display tomorrow.

Entries have been coming in in good numbers but it will be necessary to remind all those who intend to run that the lists will close Friday evening at 8 o'clock. Up to that time entries will be received by Charles Thorpe, at Grant and Thorpe's. Douglas Loomis, at the Y.M.C.A. or by the Sports Editor of the Examiner. Entry blanks may be obtained from any of these men or may be clipped from the sport page of this paper. Entries may be delivered in person or forwarded by mail but they must be in the hands of the committee by Friday evening.

Junior entries will be expected to bring some proof of their age but a statement signed by any reputable citizen is all that is required. It is not necessary to send this with the entry blank as long as the committee is satisfied with the age of the runner before the race starts. The age or the junior event will be seventeen years and under and for the senior event eighteen years and over.

The runners in the junior event will leave from in front of the Y.M.C.A. at 10 o'clock and will be followed by the seniors at 10.30 from the same place.

The Harrier club from which a number of entries have already been received and from which more are expected was out for a run over the course Monday and reported it in first class shape.

The members will have their final practice before the race Friday evening and an invitation has been extended to any runners who wishes to take in the race to turn out with them and take a trip over the course. They will start form the Y.M.C.A. at 7.45.

An entry blank will be found on another part of this page. Fill it out and send it in NOW.

If any additional information is required it can be obtained from the Sport Editor of the Examiner.

Manifold Possibilities Make Rugby a Popular Game With English Fans

LONDON, Nov. 1.—(Canadian Press).—One of the attractions of Rugby game is its manifold possibilities, says a special correspondent of the London Times, who points out that as a counterited kingdom the rugby season has been lengthened in the west country, in the midlands and in South Wales, where rugby matches were in full swing early in September. By the many possibilities of rugby the writer means the variation of methods and tactics and style which can be discovered in different parts of the British Isles—not to mention the Dominions and France—and the way in which these variations themselves vary from time to time.

Incidentally it is regarded as remarkable that in spite of the tremendous popularity of professional sport, the rugby game is growing steadily in favor in Great Britain. Not only have the public schools and the Old Boy organizations resumed their activities with added zest since the war, but new clubs, like Birmingham, have more than justified their existence. As for the slow but steady revival of the rugby union in the north, it is perhaps the pleasantest phenomenom of all.

The Times' correspondent advises fast and open play, and clever and original, but scrupulous, methods as providing the keynote of a "good" season, and not merely a successful season as judged by the number of victories won. The English Fifteen of two seasons ago, with all their defects, played attractive, original and open—desperately so at times—rugby. They deserved their success, not so much because they won each of their matches, but because they made the selection committees and the critics and spectators think. They helped to prove once more what a great game rugby can be.

Guy's Hospital alone of the London clubs had played a match up to September 23, but with the exception of Richmond, that doubtful distinction ended on that date. Last season, until the strategy of too much warfare began to tell, Guy's Hospital was probably the best club in England. Their backs were undoubtedly the fastest combination, their half-backs as good as any, and their forwards grew more disciplined and intelligent than ever before. This year they will be without the very fast and effective wing. Daneel, but there remain some first-class men.

Blackheath had a rather disappointing record last season, largely due to repeated changes of the team and to divided counsels. The team this year is in better shape, though some valuable players have been lost through claims of the universities.

Richmond and the London Scottish have much ground to make up. Richmond's pack of forwards have proved their worth on many occasions but what with injuries and over-individualism, the back division has never done quite justice to a club with such a famous history. This weakness is being overcome this season.

There are cheering signs that the rugby game as played in the south-west of England is regaining its efficiency and popularity. Plymouth Albion have produced backs of the standard once associated with the defunct Davenport Albion club, and as there is a close association with the clubs of Newton Abbot, Torquay, Paignton, Totnes and Dartmouth, there is really much healthy local rivalry, which always produces a number of good players.

A similar state of affairs exists in Somerset, with Bath and Bridgewater as the chief hopes of their country. Bristol and Gloucester, of course, are generally accepted as "big clubs," but it is only fair to state that the former has a lot of rival competition with which to contend, whereas in Gloucester any game but rugby simply cannot live. And so on to Leicester and Northampton and Coventry and the rest of the Midland clubs. The advance made by the North Midlands in the county championship last season was no mean accomplishment, and London clubs who have fixtures with the Birmingham club will be surprised at the progress made in that area.

In South Wales the game of rugby still appeals strongly. The four big clubs may not be so brilliant as in the past, but the rise of the lesser clubs continues apace, and one has only to study the results of matches and the scores to realize whether for good or bad, or only temporarily, the old ascendancy of Newport, Cardiff, Swansea and Llanelly has been largely reduced. The effects of this were to be found in the Welsh international team last season, and they are likely to be found again this season.

SEVERAL SHIPS SINK.

SAN SALVADOR, Republic of Salvador, Nov. 1—(Canadian Press)—Several vessels have foundered in a gale along the Pacific Coast.

COBB HAD CORRECT DOPE ABOUT RUTH

Mighty "Ty" Predicted Last Season's Slump Three Years Ago.

Ty Cobb is wise in all things pertaining to baseball.

Three years ago, when Ruth was the talk of the baseball world, the biggest sensation the game has ever known because of his slugging ability, someone asked Cobb what he thought of the Babe.

"The big fellow is a wonder," remarked Cobb, "but he has a big job ahead of him to keep the place in the public's eye that he now holds.

"Hitting home runs day after day is far more difficult than doing the things that I have done to keep my name before the public.

"My task is to make base hits and show some speed on the bases. Ruth's task is to keep on hitting the ball farther than anyone else can.

"In order to continue doing that Ruth must take the best of care of himself. There must be co-ordination between the eye and the muscles of the body. He must be able to time the ball perfectly.

"If Ruth takes on weight, increases his waistline, his natural swing is certain to suffer. His eye won't be right.

"I am afraid Ruth is going to get heavy. If he does, the pitchers will soon gain the mastery over him. When they do he is going to slip rapidly. Ruth must be a well-conditioned athlete or his fame is going to be short lived."

Ruth's showing in 1922 certainly bears out the opinion Cobb expressed three years ago.

SCOTT--A CASTOFF MADE A COMEBACK

Pitched Only No-Hit Game in the World Series After Pat Moran Had Turned Him Adrift.

John McGraw, famous manager of the New York Giants, has been accused of buying many a pennant in the National League.

True, McGraw has often gone out and purchased some big star when his club appeared to be fading. His fat bank roll made such a thing possible.

Near the close of the 1922 race the pitching of the Giants began to falter. McGraw paid Boston a fancy price for McQuillan. While McQuillan helped considerable he was of no more value than John Scott.

Scott pitched the only shutout game of the World Series, allowing the Yankees only four hits. Scott had fair speed, nothing dazzling, yet the Yankees couldn't hit him, despite the fact that he pitched right in the "groove" to many of the Yankees' sluggers.

Scott didn't cost McGraw a cent. Had he been purchased from some National League club for a big sum that shutout victory would have caused all kinds of adverse comment.

Pat Moran, one of the wisest managers in baseball, turned Scott adrift. After carrying Scott for six weeks, with a hope that his arm would come around, Moran gave it up as fruitless.

Late in the season Scott reported to McGraw, asking that he be given a chance. He said he believed he could pitch winning ball.

McGraw proved himself a good judge of human nature by listening to what Scott said. Looks as if Scott might win as many games for McGraw next year as some of his high-priced stars.

STEAMER AGROUND

SANTIAGO, Chile, Nov. 1.—(Canadian Press)—The Chilean steamer Taltal, 1,151 tons has gone aground between Valparaiso and Coquimbo, Chile, according to a wireless report picked up at Talchahuno and forwarded here.

Be sure it's a man and not a deer.
The safest cap to wear in the bush is a red one.

DR. FRASER PLAYS IN SOFT BALL GAME.

Lakefield's Veteran Physician Held Down Second Base.

LAKEFIELD, Nov. 1.—Two softball games were played at the rink last night. In the first the Grove School team defeated the Veterans by 8 runs to 7. This was a league game. The other was an exhibition contest in which "Boo" Alford's All-Stars trimmed the Business Men by the score of 13 to 10.

The teams in the first game were as follows:

Vets—McFadden, c; Grier, p; Marling, 1b; Robinson, 2b; Weaver, 3b; Clark, ss; Stenner, lf; Elmsley, rf; Kennedy, cf.

Grove School—Massie, p; Barnard, c; Grey I., 1b; Fawcett, 2b; Grey II., 3b; Little, ss; Griffith, lf; Rainie, rf; Christmas, cf.

Umpires—J. Sabatino at the plate; B. Blewett on bases.

Score by innings:

Veterans	100021003—7
Grove School	13101002x—8

The personnel in the second game was:

Business Men—B. Blewett, p; J. Sabatino, c; Waldon, 1b; Dr. Fraser, 2b; W. Blewett, 3b; Mason, ss; Lake, cf; Murduff, rf; Somers, lf.

All-Stars—Rev. T. R. White, p; H. Brown, c; B. Whatley, 1b; P. Condon, 2b; P. Darling, 3b; H. Kidd, ss; W. Northey, lf; G. Murduff, rf; Bob Alford, cf.

Score by innings:

Business Men	30101302—10
All-Stars	41042002—13

J. McFadden was the umpire at the plate and Dr. Kennedy on the bases.

A feature of this contest was the peppery playing of Dr. Fraser, who was at second base for the Business Men. He was in the game all the time and with a keenness that surprised the spectators, including the Hallowe'en visitors.

BIG SCHEDULE FOR SCOTTISH CURLERS

Start From Halifax on January 4 and Go From Coast to Coast—In Peterboro January 22 and 23.

WINNIPEG, November 1. Canadian Press. — After visiting all the principal centres in Eastern Canada, the Scottish curlers will arrive in Halifax on January 4, will reach Winnipeg in time for the local bonspiel, arriving here February 4. The itinerary of the Scottish tour was made public here yesterday and is as follows:

Jan. 4.—Leave Halifax for New Glasgow.
Jan. 5.—Leave New Glasgow for Truro.
Jan. 5.—Leave Truro for St. John.
Jan. 8.—Leave St. John for Quebec.
Jan. 10.—Leave Quebec for Montreal.
Jan. 17.—Leave Montreal for Ottawa.
Jan. 18.—Leave Ottawa for Kingston.
Jan. 22.—Leave Kingston for Peterboro.
Jan. 23.—Leave Peterboro for Lindsay.
Jan. 24.—Leave Lindsay for Toronto.
Jan. 28.—Leave Toronto for Hamilton.
Jan. 29.—Leave Hamilton for London.
Jan. 30.—Leave London for Toronto.
Jan. 30.—Leave Toronto for Sudbury.
Feb. 1.—Leave Sudbury for Fort William.
Feb. 3.—Leave Fort William for Winnipeg.
Feb. 11.—Leave Winnipeg for Duluth.
Feb. 13.—Leave Duluth for Minneapolis.
Feb. 15.—Leave Minneapolis for Chicago.
Feb. 16.—Leave Chicago for Detroit.
Feb. 18.—Leave Detroit for Niagara Falls.
Feb. 19.—Leave Niagaar Falls for Buffalo.
Feb. 20.—Leave Buffalo for Utica.
Feb. 22.—Leave Utica for New York.
Alternatives:
Feb. 13.—Leave Winnipeg for Regina.
Feb. 14.—Leave Regina for Saskatoon.
Feb. 16.—Leave Saskatoon for Edmonton.
Feb. 18.—Leave Edmonton for Winnipeg.

IOWA-YALE CONTEST WAS JONES VS. JONES.

When Iowa played Yale the Jones family was a bit divided in its sentiments.

Yale, you know, is coached by Tad Jones; Iowa by Brother Howard.

Mother Jones hoped the game would end in a tie.

Dad Jones said if anybody must win he hoped it would be Howard, as the victory meant more to him than Tad.

Well, Howard won, as Dad Jones hoped, and the first one to congratulate him was Brother Tad.

Under Coach Howard Jones Iowa has been a big factor in college football for a number of years.

NO-HIT GAME HURT WORK OF PITCHER

Charlie Robertson's Perfect Game Against Detroit Spoiled Him.

Very often some spectacular feat on the part of a major league ball player works to the detriment of that particular athlete.

If you would believe most of the Chicago White Sox that is what happened to Pitcher Charley Robertson the past season.

Robertson, it will be recalled, pitched one of the greatest games ever turned in, a shutout of the hard-hitting Detroit club without a hit, not a player reaching first base.

Robertson pitched that wonderful game under the most trying conditions. During a greater part of the game the Detroit club protested the legality of his pitching, claiming that he was doctoring the ball.

In that game Robertson showed he had plenty of nerve, also the stuff to make a star pitcher. In all probability he would have had a much better season had he never pitched that perfect game against the Tigers.

According to the Sox players that perfect game rather spoiled Robertson's disposition. From a fellow willing and anxious to accept all the advice offered, he began to have more respect for his judgment of what should be pitched than Schalk, his star receiver.

Robertson failed to do anywhere near as well as expected, not nearly up to the standard of which he is capable. Perhaps, by next season, he will have forgotten all about that perfect game and hit his real stride.

SOFT BALL LEAGUE SCHEDULE ARRANGED

The following schedule has been arranged for the third section of games for the Peterboro Soft Ball Association. With the exception of the games for the last night on the schedule all cotnests will be played on Tuesday night. A winner will be declared by the week of December 4. It will be noted that the visiting team is mentioned first in each case.

The schedule is:

Tuesday, Nov. 7— 7.00, Wildcats vs Sergeants; 8.30, Privates vs Caledonians.

Tues, Nov. 14—7.00, Sergeants vs Privates; 8.30, Caledonians vs Wildcats.

Tuesday, Nov. 21—7.00, Caledonians at Sergeants; 8.30, Wildcats vs Privates.

Tues, Nov. 28.—7.00, Caledonians vs Privates; 8.30, Sergeants vs Wildcats.

Tuesday, Dec. 5—7.00, Wildcats vs Caledonians; 8.30, Privates vs Sergeants.

Friday, Dec. 8—7.00, Privates vs Wildcats; 8.30, Sergeants vs Caledonians.

TRACK CHAMPS WERE DECIDED LAST SATURDAY

Cold Weather Kept Many Contestants Away From Championship Events.

At Exhibition Grounds.

Only a few of Peterborough's athletes braved the cold on Saturday in order to compete in the city championship events. However, Doug. Loomis got the boys under way and many of the events were closely contested.

In the senior mile event Bates took the lead from the start and opened a wide space between himself and Tingley. However Tingley put on a grand spurt and beat him in the last hundreds yards.

Outram and Thornton were tied in the 220, doing it 28. Jack Thornton, in the Eastwood Trophy events, did the 100 yards in 11 seconds.

Following are the winners and their points, the winner of each event getting 100 points:

Peck Trophy (15 years and under)—Lewis, 490; Sturgeon, 478.

Huycke Trophy (16 years and under)—Miller, 490; LeBarr, 467.

Eastwood Trophy (17 years and under)—Thornton, 600; Outram, 538.

Howden Trophy (unlimited)—Tingley, 600; Bates, 531.

There would be keener competition and much better results if these events could be held early in the fall, say in September. As it was Saturday there were only about ten competing, and then the competitors could not do their best, due to the cold.

NORWOOD DISPOSES THE CASH BALANCE.

Gives $500 Towards Local War Memorial and the Remainder to the Public Library.

NORWOOD, Nov. 1.—A meeting was held in the Council Chamber of the Town Hall to decide as to the disposition of the cash balance from the Old Boys' Re-union. It was decided to give $500 to the local War Memorial Fund and the balance to the new library.

Personals.

Mr. E. C. Pakenham was in Peterborough on business on Monday.

Mrs. James McNichol is visiting in Peterborough, the guest of her daughter, Mrs. W. Grady.

WITH ALMA RUBENS

Social Events Throughout the City

There was a good attendance last night at the Grand Hallowe'en Masquerade Ball held at the G.W.V.A. hall, under the auspices of Court Chemong, No. 530, I.O.F. The costumes worn were varied and colorful, the ladies appearing in dresses of all the colors of the rainbow, the men's outfits ranging from the 'coon' of the Southern States to the stately crusader of historic times. Prizes were won by Miss Lawrence (best fancy costume) and Mrs. F. Millard (comic) and by George Moore (best outfit) and H. Dugan (comic.)

Tucker and Taylor's select four-piece orchestra provided excellent music for the dancing, which was kept up until one a.m. with an interval for the service of a very fine supper, served by the ladies. The committee in charge is very grateful to Mr. S. Whatley and his staff for the fine arrangements made for their entertainment.

MASQUERADE SOCIAL.

The choir of Murray Street Baptist Church held a very enjoyable masquerade social evening last night at the home of their organist, Miss Ida Sanderson. The evening was pleasantly spent in games of all sorts, prizes in the different contests going to Mrs. J. A. Morgan, Miss Nellie Curtis, Mr. Walter Kidd and Mr. W. J. Rome. The costumes worn were varied and dainty. The service of dainty refreshments concluded a jolly evening, which broke up with a unanimous vote of thanks to Miss Sanderson for her kindness in throwing open her home to the choir.

AT TRINITY CHURCH.

The Ladies' Aid Society of Trinity Church were entertained yesterday afternoon at the Manse by the Ladies' Aid Society of St. Andrew's Presbyterian Church. The splendid weather brought out a large number of ladies, who enjoyed a pleasant social hour in the bright rooms of the Manse, decorated attractively with the Hallowe'en symbols, in crepe paper cutouts, lighted pumpkins, ferns and flowers. The tea table, a colorful centre with its softly-shaded candles and small yellow 'mums, was in charge of Mrs. P. Allison, Mrs. Jas. McIntosh and Mrs. Adrian McDonald. Mrs. C. McFarlane and Mrs. T. Glover poured tea, assisted by Mrs. Weddell and Miss Alice McFarlane. Barbara McIntosh, in a charming orange and black Hallowe'en costume, made a dainty little door attendant. The guests were received by Mrs. Jas. Rollins and Mrs. F. L. Robinson, president of the society, assisted by Mrs. Chas. McClelland, Mrs. W. A. Conner, Mrs. G. Gilman, Mrs. R. F. Raines, Mrs. Geo. Mather, Mrs. Wilgar and Mrs. Weir. A much-enjoyed musical programme was rendered during the afternoon by vocal numbers from Mrs. M. H. Park, Mrs. Ford Turner, Mrs. G. McClelland, and Miss Ina Allen, with Mr. Leslie Unitt providing accompaniments.

Woodmen of the World.

The Woodmen of the World held a very successful Hallowe'en masquerade and social entertainment in their hall last evening, attended by nearly one hundred and fifty of the members and their friends. The majority were in costume, the prizes going to Mrs. T. Staples, Miss Bertha Clare, Miss Nina Isaac and Miss Armstrong. Miss Olive Saunders as a policeman attracted a great deal of attention. Dancing and euchre occupied the evening. The committee in charge of arrangements was composed of Mesdames Dinsdale, Cook, Staples, Huffman and Sproule and Messrs. Fry and Lightheart.

At St. Luke's Church.

The A. Y. P. A. of St. Luke's church were entertained at a pleasant Hallowe'en masquerade last evening at the home of Mr. Frank Patterson, corner of Smith and George streets. There were nearly thirty guests present, who enjoyed a jolly evening in dancing in Mr Patterson's vacant store, and in games and refreshments at the house, which was decorated in the season's fancies. Prizes for the best costumes were won by Mrs. F. Patterson and Mrs. P. Giles. During the evening a brief speech was given by the president of the society, Mr. Heber Rogers.

Hallowe'en Party.

A very pretty Hallowe'en party was given last evening by Miss Edna Bell at her home on the River Road. The house was beautifully decorated with suitable Hallowe'en decorations. The smiling faces painted on paper and pumpkins on the walls gave an unusually gay atmosphere. The evening was spent playing numerous games and in other pastimes.

The young people present were: Messrs. C. Doughty, A. Johnston, N. W. McConkey, M. Jones, D. Miller, C. Downer and O. Bickell, Misses Mildred Young, Alice Ebbs, Thelma Doughyt, Florence Batten, Wilam Downer and Lola Leitch.

Before leaving for home Norman McConkey made a speech in which he thanked Mrs. Bell and Miss Edna for the very enjoyable evening provided.

DESTRUCTIVE TORNADO.

One Woman Killed, Thirty Houses Demolished.

WEBB CITY, Mo., Nov. 1.—(Canadian Press.)—One woman was killed, fifteen persons injured and about thirty houses were demolished by a tornado which struck this city early to-day. One hundred persons are homeless. Four persons were unaccounted for and it was thought they were killed and buried and under the debris

CELEBRATED THEIR 50TH ANNIVERSARY

Mr. and Mrs. Andrew Allison Honored by Relatives and Friends.

Yesterday, at their home, 875 Water Street, Mr. and Mrs. Andrew Allison celebrated their golden wedding anniversary. Mr. Allison is 75 years of age, and his wife is 73. Both have lived in Peterborough for the last half century. Mr. Allison was born in Glasgow, Scotland, and came to Canada when a young man. He settled in Bobcaygeon, where he met and married his present wife. When he came to Peterborough in 1856, there was only one sleigh track road, which was the main street.

At the reception yesterday the members of the family, grandchildren and many friends were present. The family of Mr. Andrew Allison are: W. A. Allison, of Listowel; E. H. Allison and Roy H. Allison, of this city; A. N. Allison, of Brantford, and Mrs. H. L. Reeve, of Port Hope.

A large number of Mrs. Allison's friends were received during the afternoon, and about twenty-five sat down to dinner last evening.

Among those present were two who had attended the original wedding in Bobcaygeon fifty years ago, namely, Mr. and Mrs. James Lithgow, of Bobcaygeon.

Mr. and Mrs. Andrew Allison are active for their age, and have always enjoyed good health.

WORK C.P.R. GATES BY A NEW METHOD.

Derailing Device and Protecting Semaphores Being Installed.

A new system of operating the gates at the C.P.R. crossing on George street is being installed by the Hydro Commission for the Peterborough Street Railway. The work was started five weeks ago and P. W. Luff, the superintendent, told the Examiner that he expected to complete his job in another week.

A derailing device has been put in on the street car track on each side of the railroad track. The connecting pipes of the device are placed in concrete troughs connected to the sewers. This affords an outlet for surface water and prevents the pipes from being frozen in. The troughs are covered by steel plates, which can be readily lifted up to remedy trouble.

A semaphore signal is also being installed on the east side of George street for the main railway track, while tow little switch signals are being installed for the side tracks.

When the work is completed, the gate-keeper will have full control of the street car and railway tracks from within his little house. This will eliminate the need of a street-car conductor leaving his car to see if the railroad tracks are clear, before the car passes over them, and also the stopping of trains approaching the crossing. The present gates will still be used.

ENGLISH LABORITES PREPARE FOR FRAY.

Will Place More Than 450 Candidates in Field.

LONDON, Nov. 1.—(Associated Press)—The English Labor Party will place more than 450 candidates for the House of Commons as compared with 361 candidates at the 1918 election according to plans of the party leaders which have just been announced.

The Labor leaders are elated over their successes in the last election and the increased number of votes which were forthcoming in many of the country districts of England. Some additional strength has been shown by Labor candidates in the bye-elections held in various constituencies since 1918, notably in city districts.

Preparations for the forthcoming election have been elaborated, and practically every district in the country has already been organized. In this organizing work the Labor federations and unions have been allowed a free hand, and it is largely on their efforts and strength that the structure for the campaign battles has been built.

The National Association of Labor Agents has been training agents throughout the county, and hundreds of volunteer workers are qualifying for agency work. There are, at the present time, at least 2,400 local parties of one kind or another, and more than 800 women's sections in connection with these parties. The individual membership of the Labor Party, in addition to the affiliated unions and societies, includes 80,000 women.

Of the 75 Labor members in the present House of Commons, 71 will seek relection, and candidates have been chosen to contest remaining four seats. Ten women are numbered among the Labor candidates.

As soon as the election is announced the leaders will start an extensive campaign to include speeches, meetings and demonstrations in the cause of Labor.

SHINGLED ROOFS CAME IN FOR CONDEMNATION

HAILEYBURY, Nov. 1.—(Canadian Press.)— Shingle roofs came in for a sound condemnation from Daniel Merkley, fire chief, and Ernest Drury, his predecessor, when giving evidence yesterday at the Fire Marshal's enquiry into the Haileybury disaster. Both told of buildings catching fire from their roofs. They expressed approval of the suggestion to establish stations in each municipality, equipped with fire-fighting apparatus and thought their establishment should be made

BOYS THREW PAIL THROUGH WINDOW

Police Had Comparatively Quiet Night—Only Few Rubrics on the Record

A pail thrown through the window of an Ashburnham residence momentarily frightening the household, was perhaps the worst disturbance reported to the police last night. With a loud crash of shattered glass the pail bounded into the room like a bomb, but the reckless youths who hurled it, without thought of the possibility of injuring someone, had disappeared when a search was quickly made.

A fence was torn down on Antrim Street, and steps dislocated from a Bolivar Street verandah, were other minor property casualties, while another police call was to disperse a noisy demonstration outside a house on Park Street North, where a party was in progress.

Inspector Reid regarded it as a quieter celebration than had been anticipated. The police had never seen so many young folks celebrating in costume and otherwise, but most of them caused no annoyance or trouble. Uptown a group of boys paraded the main streets, headed by a carnival band composed of two kettle drums, one bugle, one fife, a string of sleigh bells, and about thirty strong voices. They gathered strength as other youngsters flocked to their ranks, suggesting a development of the carnival spirit which appears to be evolving. It might be predicted as the next stage of this holiday celebration that the masked parties will be the custom in a few years. Masks were common enough on George Street last night, and the number of costumes was never so striking.

BRINTON CARPET FIVE PIN LEAGUE

Kirman Won Two

Last night at Solomon's Alleys in The Brinton Carpet five pin league The Kirman took two out of the three games from the Ardebils. For the Ardebils D. Leether was high man with 572. For the Kirman, Shaughnessy was high with 562. The Brinton Carpet are now playing six men a side following are the scores:

Kirman				
F. Leether	70	114	79	263
Thomas	178	181	127	486
W. Curtis	186	120	126	432
Field	92	108	149	349
Shaughnessy	162	198	202	562
Arrowsmith	165	139	186	490
	853	860	869	2582
Ardebils				
Rose	149	167	126	442
Murray	52	110	92	244
S. Curtis	116	123	144	383
Blackburn	122	95	172	389
Anderson	128	139	218	485
D. Leether	194	183	195	572
	761	817	937	2515

MONTHLY MEETING OF THE PATRIOTIC LEAGUE

Meeting Held at the Home of Miss E. Scott—Matters of Interest Discussed.

The regular monthly meeting of the Ashburnham Patriotic League took place Monday evening at the home of Miss E. Scott, the president, Mrs. R. H. Parsons, in the chair. The regular routine of business was transacted, and several matters of interest to the society discussed. Refreshments were served at the close of the business session. The next meeting of the society will take place on the last Monday in November, at the home of Mrs. C. Perry, 367 Mark street.

At The Theatres

GRAND— Friday and Saturday, "Bringing Up Father" on His Vacation," with Danny Simons, a Peterborough boy, as Jiggs Mahoney.

ROYAL — Wm. Fox presents John Gilbert in "Honor First." Also Sunshine comedy, "Step Lively Please"; Christie comedy, "One Stormy Night"; Mutt and Jeff in "Stuck in the Mud."

CAPITOL—"The Valley of Silent Men," a Paramount picture as thrilling as the name. In this offering Canada is glorified in a famous story filmed amid the scenic splendors of Banff and Lake Louise.

AT THE GRAND.

FATHER ON HIS VACATION

The announcement of a new play based on the ever-popular and internationally famous George McManus cartoons, "Father on His Vacation" is sure to be of more than passing importance. The latest of the series, which comes to the Grand Theatre, Friday and Saturday November 3 and 4, is entitled "Bringing Up Father." It is in three acts and from all accounts runs the gamut of the best laugh-provoking ingredients embodied in any similar entertainment offered to the public in seasons. The famous Jiggs Mahoney, Maggie, Dinty and the rest of the Mahoney clan will be seen in the flesh. Jiggs this time is determined to secure a well-deserved and coveted "rest." Just how this is accomplished, this seemingly impossible task, and how the beloved "Father" fares will be disclosed to an ever-expectant and widely interested public.

S. HUROK AND THE RUSSIAN OPERA COMPANY

When S. Hurok the noted concert manager, assumed the management of the Russian Grand Opera Company last July, he issued the following personal statement explaining his position and relation toward the organization:

"My principle motive in taking over the Russian Grand Opera Company," said Mr. Hurok, "is to place this superb organization on a self-supporting basis, so as to enable it to continue its meritorious labors for years to come. The warm and glorious reception accorded these artists throughout the country is convincing proof of a strong interest in and keen appreciation of Russian arts in general —and the music in particular—here. Morever the educational and cultural value of an organization like the Russian Grand Opera Company to any nation is incalculable, for they are pioneers bringing to the world at large a marvellously rich and bountiful collection of musical gems, previously hoarded within the realms of the ex-Czars.

"Without the least expectation of deriving any material benefit for myself by my connection with the company, I am devoting every moment of my time at present, having cancelled reservations for a summer vacation, to preparing the organization for its coming tour. Under the circumstances, I feel that an appeal to the music-lovers of the country to lend their generous support will not be wrongly interpreted. Nor do I expect to be accused of any self-seeking purpose in making a further appeal to the wealthy patrons of music to aid a meritorious cause by lending financial encouragement to a venture which is certain to contribute a liberal share to the artistic growth of America."

This musical event of the season comes to the Grand on Tuesday, November 7.

"CHU CHIN CHOW" THE WORLDS GREATEST PRODUCTION.

So great has been the success of "Chu Chin Chow" during its phenomenal career that, however large the theatre, it is invariably unable to accommodate the throngs that seek admission. Many who delay until the last moment to secure seats often find themselves complaining that the best locations are not available, so it is well to take early advantage of the mail order privilege.

Not in the memory of the most ardent theatre-goer has a more beautiful or complete production, or such an excellent and numerous company, been brought to Peterboro, its local engagement opening at the Grand theatre on November 10 and 11. Comstock and Gest have made good on all their promises, extravagant though they may seem to be. Though the dictionary has been ransacked for glowing adjectives describing the greatness of "Chu Chin Chow," none nor all of

Chu Chin Chow

COMING SOON TO THE GRAND THEATRE

them have really done justice to the elaborate and many-sided beauties of this great play. One can hardly marvel at its long London run of five years and its two years' stay in New York. It seems to have every element of drama in one composite whole. There are dashing comedy and tragic climax. There are song and dance, burlesque and spectacle, satire and emotion—and with all, a notable array of stage artists to tell the story. Personal hits have been registered by Virginia Howell, Lionel Braham, Don Ferrandou, Albert Fromm, Adelaide Mesmer, and many others while a special tribute should be paid to the chorus and ballet, with its scores of lovely girls.

DRAMA AND COMEDY.

"Forget-Me-Not," the Metro picture which comes to the Capitol Theatre on Thursday, Friday and Saturday reproduces with great fidelity the life story of two foundlings.

In the orphanage where her mother has left her as a baby, Ann

A Scene From FORGET-ME-NOT

AT THE CAPITOL.

To-morrow.

Gordon had found one congenial soul, another foundling named Jimmy. But one day there comes a rich woman who chooses Jimmie for adoption and Ann is left alone. The other children eventually find homes but no one wants the little girl with a crippled leg. A street musician takes pity on her and she goes to share his meagre one-room home. Thus the paths of the two childhood sweethearts diverge but through the long years Ann carries the memory of Jimmy and from it dreams inspiration and courage in her struggle to become a successful violinist.

It is a story of faith and love and yearning for happiness that is thoroughly human from beginning to end.

The orphans are played by Gareth Hughes and Bessie Love who make the characters so lovable and so pitiful that there is a constant tug at the heart strings.

As an added attraction, Charlie Chaplin—in his second million dollar picture "Shoulder Arms" will entertain you in such a manner that you will consider your evening well spent.

AT THE ROYAL.

GILBERT SCORES IN NEW ROMANTIC PICTURE

One of the finest pictures that has made its appearance here this season will be shown at the Royal Theatre for tonight, when the William Fox production, "Honor First" starring John Gilbert will be flashed on the silver screen.

The story, by George Gibbs, is a romance of the war, the scenes being laid in the trenches in France. It portrays the activities of two brothers serving in the French army. One an officer, becomes panic-stricken in the face of an impending assault, and his brother saves him from disgrace by changing uniforms with him and leading his company to the attack. He is wounded and a beautiful love tale is wound around his mistaken indentity.

Scenes of the latter portion of the picture are laid in Paris, in the Latin Quarter, along the River Seine and in an underworld cafe.

John Gilbert's work in the dual role puts him in the front rank of moving picture artists. His sudden transition from the craven state of the coward to the exalted condition of the hero is a piece of noteworthy acting. The picture is worth seeing more than once. Not only is the story a clever one, written by a noted fictionist, but the photography and the direction are above par.

POPULAR VICTOR RECORDS

"Evening Chimes" and "Woodland Echoes" by the Neapolitan Trio are obtainable in the Victor Records, the two for seventy-five cents from Heintzman & Co., Ltd., Peterboro, Ont.

REAR-END COLLISION.

NEW ORLEANS, La., Nov. 1.—(Canadian Press).—Three persons dead, four seriously injured and two slightly hurt, was the toll of a rear-end collision yesterday of the Sunset express, running between New Orleans and San Francisco, and Sells-Floto Circus special en route to New Iberia, La. The dead and injured were circus performers.

A PIE SOCIAL.

A very successful concert and pie social was held on Friday, Oct. 27th. at the School-House in School Section No. 1, under the auspices of the Merry Maids and Champions, two organized classes of Lily Lake Sunday School, assisted by Miss Florence Little. The proceeds, which amounted to about $30, was donated to the Northern Ontario Relief Fund.

"FOUR SQUARE" MEETING.

Last evening a number of young men of Trinity Sunday school were entertained at the home of Frank G. Greatrix, 487 McDonnel street. The gathering was called to reorganize the old "Four Square Class," which had become disorganized during the summer months.

A large number of the old boys were present and the following officers were elected:

Pres., Harold Rehill; vice-pres., Harold McFadden; sec. and treas., Raymond Derrick, and Sherwood Kennet, convenor.

General business was discussed, and several proposals were adopted.

The remainder of the evening was enjoyed playing various games, Raymond Derrick proving the champion, carrying away the colors.

A very dainty supper was served by Mrs. Frank Greatrix and proved the last touch to a very pleasant evening. The meeting was adjourned by the president who expressed hearty thanks to Mr. and Mrs. Greatrix on behalf of the members, for their hospitality.

Social Calendar

On Thursday afternoon, October 26, at her residence, 211 Reid street, Mrs. Arthur J. McKenty, who was formerly Miss Irene Shea, held her post-nuptial reception. Mrs. D. G. Moloney, wearing a dress of orchid crepe and corsage of sunburst roses received with the bride, who wore her wedding gown of cream canton crepe and bouquet of violets and ophelia roses. Yellow chrysanthemums and ferns, with which were interminglded clusters of bronze pompoms, and yellow-shaded candles, adorned the rooms in which the many callers were received. In the attractive tea-room the table was effectively adorned with premier roses wreaths of smilox and pink candles, and was presided over by Mrs. J. H. Moore, sister of the bride and Mrs. Birchard assisted by Mrs. Loveless, Miss Gladys Brewster, Miss Violet Deacon and Miss Katie Masterson. The guests were met at the door by little Miss Ruth Allen daintily dressed in pale blue organdie. In the evening the assistants were entertained at a theatre party by Mr. and Mrs. McKenty.

Miss Dora Lafferty, 209 McDonnel Street, entertained between thirty and forty of her young friends last evening at a pleasant Hallowe'en dance.

Mr. G. B. Edie has returned from a three weeks' trip to Hartford, Conn.

Mr. Daniel Holland of Montreal, is spending a few days in the city.

Mr. Joseph Clancy of Toronto, has been visiting his home here for the past week.

GERMANS SAVE FRENCH.

Rescue the Crew of Ship Carsaire in Distress.

L'ORIENT, France, Nov. 1. — (Canadian Press.) —The crew of the French sailing ship Corsaire have been saved from death by the crew of the German merchantman, Hugo Stinnes. During a recent storm off the Island of Ushant, the most furious in the memory of the oldest sailor in the locality, and when the Corsaire had lost her lifeboats, the German vessel went to her rescue.

The crew of the Hugo Stinnes launched a boat, and at imminent peril of their own lives, reached the French crew and took them aboard their steamer. The Corsaire has been brought to port here.

TREATY SIGNED.

MADRID, Nov. 1.— (Canadian Press)—The Anglo-Spanish Commercial Treaty was signed last night.

349 George St. Diamond Hall

LLOYD GEORGE IS NOT A FAVORITE WITH ARISTOCRACY.

While Giving Him Credit For His Past Work They Think It's Time He Took a Vacation.

QUEBEC, Nov. 1.—Among the prominent passengers on board the Canadian Pacific liner Tunisian, when she docked here from Glasgow and Liverpool, was the Rev. R. H. A. Haslam, M.A. He is a graduate of the Toronto University, who spent 15 years in missionary work in connection with the English church at Pangeaubs, India, and returned to Canada in 1919, when he became secretary of the Upper Canada Bible Society, and lately or rather six months ago proceeded to England to carry out work in connection with the Colonial Continental Society work, to interest the Church of England at home of the need of training young men to come out to Canada and the Canadian west to work among the new settlers. Rev. Mr. Haslam, who has recently appointed rector in the charge of the Church of St. James at Saskatoon, Sask., and also carry on work in connection with the Emanuel College at that place under the jurisdiction of Bishop Lloyd, is now returning to Canada to take charge of this charge and th work in its connection. Rev. Mr. Haslam in the coures of an interview, said he spent six months in India, and during that time had a very interesting experience.

Though well posted on the political situation in the United Kingdom he did not care as a minister to discuss politics. He would, however, saw that Lloyd George was very popular with the masscs on England who recognized the very strenous work that he carried out for the empire and the allies during the late war. But on the other hand he was not a favorite with the aristocracy. In this regard there was very many leading men in England of this class who had a profound respect for Lloyd George, but nevertheless felt that after the very active and strenous work he had done he deserved a vacation.

Immigration Question.

Speaking of immigration from the British Isles to Canada, Rev. Mr. Haslam said: In my judgment if Canada wants to bring British immigrants to Canada and the west more propaganda should be carried out than is being done at the present. Australia and New Zealand are making every effort to attract British settlers in their country and if Canada is not more active in its propaganda the current of immigration will be directed to these two countries of the British Dominions.

WEDDING BELLS

ROUTLY—TAYLOR

The marriage took place yesterday at 3.30 p.m. at St. Paul's Manse, of Mary Irene Taylor, eldest daughter of Mr. and Mrs. J. Taylor, to Norman Thomas Routly, son of Mr. and Mrs. Thomas Routly, Branklyn, Ontario, Rev. Mr. Pogue officiated.

MARRIAGE A LA MODE.

When a Chinesecs proposes marriage he sends to the family of the woman of his choice a card bearing his ancestral name and the eight characters which denote the hour, day, month and year of his birth.

The family, if kindly disposed, consult a fortune teller who decides if the bethrothal would be auspicious.

If the decision is favorable the girl's family present a similar card which is presented to the suitor.

BROWN IS FAVORITE COLOR OF FALL

There is never any use ignoring navy blue, of course. And some women always wear black.

Nevertheless—brown is the color of the season and was used for this new fall coat and suit as well as for hundreds of others now on display.

All the shades have new names. However, it's not so bad as it might be since most of them are self-explanatory. Here are some of the shades—copper, sable, bronze, cocoa, amber, beaver, topaz, chocolate.

Muffin and maple sugar are new shades of tan. Canna and wallflower are new henna shades. Bobo-link is a new brown that is very popular.

A good thing to remember this season when asking for a certain shade of brown is that "wood browns" is a name that will cover them all if necessary.

(By Stuart P. West.)

NEW YORK, Nov. 1.— (Special.)— The prinicipal interest in the financial situation to-day lay in the outcome of further experiments by professional operators on the short side of the stock market.

Outside the stock exchange the day was almost featureless. Nothing of note happened in the commodity markets.

In the foreign exchanges sterling held steady and Italian lire had another quite sharp advance. Evidently this was a response to the change in governments, and the determination expressed by the new Italian Cabinet to introduce economies in the running of the government and to encourage an increase of production as the other essential to bettering the economic situation. French government bonds were noticeably soft again. Taking the investment market as a whole, its main characteristic was uncertainty as to whether the reaction of the past month and a half is over. Liberty bonds held their gain of the two previous days and so did the new United Staes' 4 1-4's. The general run of corporation bonds was very little changed.

The greater part of the session in the stock market was given over to efforts by large operators on the outside and by the trading contingent in the board room, to bring out real liquidation by offering down, one after another, supposedly vulnerable stocks.

In connection with these ventures there was little in the way of actual news. The United States' Steel Corporation report for the third quarter was not up to expectations and the sharp falling off in September earnings made it somewhat of a test for the steel shares. But the decrease was adequately explained on the grounds that the shortage of freight cars had held up shipments from the mills and that it was not until the first of October that the new price schedules went into effect to counter-balance the wage increases which began at the outset of September.

To account for such a downward movement as Wall Street has seen during the last fortnight, while business reports and trade data generally have in the main been decidedly favorable, might seem rather difficult. But it has to be remembered that the modern market, more than those of a decade or two decades ago, is a market expressing the shifting attitudes of large operators. Under these circumstances, the tendency is for the speculation, whether for the rise or the fall, to be carried to extremes.

FAIRMOUNT CHURCH HAD A FOWL SUPPER

Peterboro Talent Contributed to the Program—A Large Crowd.

The Fairmount Methodist church was filled Monday evening for the bountiful fowl supper served by the ladies of the church, which was enlivened by a very pleasing programme put on under the direction of Mr. George H. King, with several of his pupils taking part. The different numbers in choruses, solos and duets were rendered in a manner that brought applause from a delighted audience.

The vocal selections were given by the following: Sopranos, Mrs. H. Doig, Miss Isabel Black, Miss Etta Kemp; Contraltos, Mrs. E. Kitney, Miss Vera Payton, Miss Hilda Broome; Tenor, Mr. Harry Turner; Basso, Mr. Ernest Baldry; Pianists for the eevning were the Misses Alma Blanchard, Doris Phillips, Lillian Brown and Master Walter Townsend. Miss Marjorie Ingall gave several excellent readings.

Personal

Mrs. F. Pammett, Chamberlain street, was pleasantly surprised on the occasion of her birthday, Monday by a visit from her Bible class in the Salvation Army, who presented her with a pretty gift in cut glass, accompanied by a speech by Mrs. (Adjt.) Smith, referring to Mrs. Pammett's faithful service. The evening was pleasantly spent in games, followed by the service of light refreshments.

CIVILIZATION MENACED.

Superstructure Heavier While Its Supporting Pillars Weaken.

OTTAWA, Nov. 1.— (Canadian Press.)—Right Hon. Arthur Meighen told university students of Ottawa yesterday that mankind was multiplying from beneath and contracting on top. For decades there had been a weeding of the highest cultural attainments and a spawning of lower classes out of all proportion, so that civilization was menaced. The super-structure of civilization was becoming heavier while its pillars of support were weakening. There is a great need for the production of a virile race that would accept its responsibilities.

THE PRESIDENT DOES NOT DARE TO DRIVE

President Harding, distinguished as the Chief Executive of the United States, is not permitted by those who look after his personal safety to drive an automobile.

IN MEMORIAM.

In loving memory of my dear husband, Gunner H. Knowles, 26 Battery, late 33rd Battery, who made the supreme sacrifice, November 1st, 1917. Gone but not forgotten.

HUMANS TO BE PROOF AGAINST CANCER ATTACK

Possibilities of Developing Immunity From Dread Disease Held Out by London Professor.

LATE DESPATCHES

MONTREAL, Nov. 2.—(Canadian Press)—The possibilities of developing immunity from cancer were revealed in an address by Dr. Sydney Russ, Professor of Physics at the Middlesex Hospital, London, when addressing the Medico-Chirurgical Society and McGill Chapter of the Research Society yesterday. He made a strong appeal for the establishment of an international standard measure of X-ray energy.

STEAMER RUDDERLESS.

HALIFAX, N.S., Nov. 2.—(Canadian Press).—The Canadian Government steamer Canadian Seigneur, reported yesterday rudderless, and in distress, 800 miles north-east of Newfoundland, has not been heard from this morning by her agents here, but no fear is entertained for her safety.

OPPOSE ALL COMERS.

HAMILTON, Nov. 2.—(Canadian Press).—C. G. Booker, Mayor of Hamilton in 1917, 1918, 1919 and 1920, and defeated Independent candidate in East Hamilton, in the last Federal election, will make another effort to become Mayor of Hamilton. He announced to-day that he would oppose Mayor Coppley and all comers.

HUNDREDS VISIT NEW RESTAURANT

Louis' Cafe Had to Borrow Chairs to Accommodate Evening Crowd

Louis' Cafe opened yesterday and was visited by hundreds of people who were unanimous in their expressions of satisfaction at the service of the new restaurant. At all meals yesterday and after the theatre last evening, the cafe was filled, and at eleven o'clock last night it was necessary to borrow chairs from L. Haggis' ice cream parlor to accommodate the crowd.

The entire "Message of the Bluebird" company had an after-the-theatre supper at the restaurant.

Yesterday afternoon a number of women had afternoon tea there, and some were so pleased with the pastry that they went into the kitchen to congratulate the chef.

Many visitors remarked on the fittings and service as resembling those in a big city restaurant.

More than eighty people were served last night with pancakes from the electric grill in the window.

The management of the new restaurant wishes to thank the public for its patronage on the opening day and states that not only the same but better service will be given hereafter.

A feature of the cafe's menu is the combination or club breakfast, something new in this city. Prices are reasonable.

RUGBY NEWS.

A series of home and home games with the Strathconas of Toronto and the Peterboro Rugby team has been arranged to start a week from this Saturday. This will give the local fans a good chance to see a good game of Rugby.

U.F.O. STORE, PETERBORO. IN SPITE OF MISLEADING NOTICES TO THE CONTRARY, WE ARE STILL DOING BUSINESS AS USUAL.

SPECIAL BAND PROGRAM
BROCK ST. RINK TO-NIGHT.
Band Friday Night, Saturday Afternoon-Evening

The Parting Gift to Rev. J. R. Webb is Comfy Ford Sedan

Three weeks ago the members of Murray St. Baptist Church expressed in a formal way their appreciation of the services of their Pastor, Rev. J. R. Webb during the past sixteen years and their regret at the severance of such happy relations.

Last night, after the prayer-meeting, the Congregation re-expressed this appreciation in a tangible way. The Church Clerk read to Mr. and Mrs. Webb an address of which Mrs. Chas. Westbrook presented the pastor with a beautifully illuminated copy, the work of Mr. John Kennett. At the same time Mrs. Westbrook gave him the keys of a Ford Sedan, the parting of the congregation.

Though completely surprised, Mr. Webb recovered his usual poise and very graciously thanked the friends for this mark of their lasting esteem.

Mr. Webb will remain in the city until after the Women's Missionary Convention but next Sunday's services will be his last as pastor of the church.

CRANK LETTERS FLOOD LEAGUE

Daily Batch of Stupid Letters For Nations' Assembly a Nuisance.

GENEVA, Nov. 2.—(Associated Press)—The general offices of the League of Nations receive daily an enormous number of letters from pretty well all over the world, and in these contributions the crank is well represented. The mail clerks are busy individuals, for theirs is the duty of sorting and redirecting. Countries outside the League produce the largest number of correspondents. The United States is far in the lead, and the cranks in America who feel called upon to tell the League what is should do are seemingly without number.

But Germany and Soviet Russia also aid generously in keeping the mail clerks occupied. Africans and Asiatics, as well as Europeans and Americans, find the most extraordinary excuses for communicating with the League, showing there is a world-wide misconception as to what the League is and what it was set up to do.

The Secretariat gets a vast amount of mail matter that ought to go to the foreign offices of different governments, and it receives also a greater number of suggestions, applications and petitions that ought to go nowhere. Men and women bring the League in all languages of the world their heart-aches, their head-aches, and the aching voids in their pocket books. The Secretariat is asked the addresses of reliable doctors; begged to find lost husbands, and appealed to settle domestic as well as other quarrels. The requests for funds come along in a steady stream. The League has not even been immune from the beguilments of the confidence men, several Americans of this species having tried to use the Secretariat to help them out with their passport troubles.

Among the most frequent appeals are these: that the League makes the world bone dry, that it suppress tobacco as well as all drugs and drinks; that it institute a universal religion; that it reform the calendar; that it adopt a universal language; and that it give votes to women the world over.

The suggestions are mostly for the cure of the world's economic and financial ills, but some correspondents want to show the League how universal peace can be restored through the general adoption of their particular religion, want to design a new world flag, or make the League all over again after their fashion.

The League is often asked to settle strikes and to pacify divided families.

The latest curious demand was from a romancer who wanted material about the League; he was referred to the Near-East section.

Bank Clearings

Clearings for week ending Nov. 2, 1922, $703,891.
Same week last month, $800,139.
Same week last year, $887,649.
Same week 2 years ago $1,106,633.

BE SURE AND COME. 1d 105 6375

FRESH LIGHT ON DOUBLE SLAYING NOW HOPED FOR

New Brunswick Prosecutor Finds Discrepancies in Statement of Dead Pastor Hall's Widow.

AIR-TEST SCRUTINY

NEW BRUNSWICK, N.J., Nov. 2.— (Special.)— Mrs. Frances N. Hall's detailed statement covering every phase of the mystery surrounding the murder of her husband and Mrs. Eleanor Mills, was scheduled to the air-test official scrutiny to-day.

From the statement in the form of an interview which the slain pastor's widow granted newspapermen at her home yesterday, Prosecutor Mott and his aides hoped to glean fresh light upon the crime. Already the authorities have found discrepancies in the story of Mrs. Hall as told yesterday, and the testimony of other witnesses questioned concerning events the night of the double murder.

Declared Untrue.

Jas. Mills, husband of the slain choir singer, to-day declared untrue several staements made by Mrs. Frances Noel Hall, the rector's widow, in her interview with newspapermen yesterday concerning the double murder.

Detective Jas. Mason declared that discrepancies existed between the statements of Mrs. Hall and those of "other witnesses," while Mrs. Jane Gibson, who claims to have witnessed the dual murder simultaneously, attacked the declarations made by the late rector's wife) who, she charges, was present at the slaying. Mills, laying aside the meek demeanor he has assumed since the crime, took issue with Mrs. Hall's assertion that she notified the police of her husband's disappearance the morning after he left home.

Mills also declared he saw Mrs. Hall twice on Saturday, and added "she looked very much worried."

"I did not see her again," he said, "until after the bodies had been found. I went to tell her about it, but she already knew. She was not crying and was not nearly so broken up as I was. I had a fainting spell while I was there, and she got me some spirits of ammonia." Mills declared he "certainly still had confidence in his wife and Hall."

Thought It Peculiar.

Mills asserted he thought it "peculiar that Mrs Hall should not wish to offer a reward for the murderer.

The first time Mrs. Hall came to the Mills' home on Friday morning after the disappearance, the first question she asked was, "Was anyone sick at your house last night?" according to the church janitor, and afterwards spoke about foul play. Mills said he had seen facsimiles of one of the letters Hall is alleged to have written to his wife, and that he was satisfied that it was in the rector's handwriting.

Slain For Spite.

Usually mild mannered and timid, Mills betrayed flaring emotion again when he declared: "Whoever the murderers were, they certainly got me in an awful jam. All these theories about blackmail- and robbery are all rot. It was jealousy, and I think her throat was cut in spite against her singing."

Mills admitted that his wife "could have received letters from Hall without me seeing them." He denied he had ever been any nearer the Phillips' farm where the bodies were found than the "landing bridge."

MEMORIAL SERVICE IN OPERA HOUSE

Members 3rd Prince of Wales Canadian Dragoons Asked to Parade

A memorial service is being held on Sunday, November 5th, in the Grand Opera House.

Any member of the 3rd Prince of Wales Canadian Dragoons, and also any ex-members, are cordially invited to attend. The parade will start from the Armouries at 2 p.m., and proceed to the G.W.V.A. Memorial on Murray Street, where a short service will be held, and afterwards march to the Grand Opera House, for a memorial service.

The Quartermaster Stores of this unit will be open next Friday evening, November 5th, from 7.30 p.m. until 9.30 p.m. for the purpose of issuing uniforms. These must be returned to the stores not later than Tuesday night, November 7th.

TEST OF ENDURANCE.

TORONTO, Nov. 2.—(Canadian Press.)— Horace Megus and Lawrence McDuff, who are rolling barrels from Amherst, N. S., to Vancouver, 4,872 miles, have arrived here. They have undertaken the job solely to prove their endurance, there being no money bet on the outcome.

THE DEAD IS ALIVE.

TORONTO, Nov. 2.— (Canadian Press.)—Charles Forbes, missing 30 years and declared dead by a court order, has returned to claim his share of an estate left by his brother, Wm. Forbes of Hamilton.

IMMENSE FLOCK OF DUCKS AT RICE LAKE.

Late Varieties Resting on Their Migration to the South.

A great flock of wild ducks was seen at Rice Lake yesterday by Mr. Robert Reid, of Reid's Hunter street taxi service. From Hiawatha they extended in a long lane to Hatrick's Point, about half a mile off shore and their number was roughly estimated at several thousand. These are the late ducks which, having summered in northern lakes, are now migrating with their full-fledged young before the winter that is advancing out of the Arctic. As T. H. Hooper would say, these ducks may have been brought up in the wilderness, but when they reach the "bright lights" they display an instinctive caution and canniness that might profit blundering human adventurers. Instead of fluttering down close to the cites they seek an expansive lake and generally avoid the dangerous shelter of bays, coming down in the open water where every approach is clear and enemies are observable at safe distances.

These ducks remain at the Rice Lake feeding beds generally until late in November or whenever the increasing cold threatens to freeze over the lake.

HAPPY COUPLE WED 64 YEARS

Uneducated Pair Oppose Dry Laws — Both Are Users of Tobacco.

BEAUVOIR, Miss., Nov. 2.— George Washington Lowery, 86 years old, and Mrs. Prudence Lowery, 82 years old, have been man and wife 64 years and have never grown tired of each other.

Mr. Lowery is a Confederate veteran. He and his old-fashioned wife are now resting in peace at the Jefferson Davis Soldiers' home, where they have no work nor cares. The only thing they have to do is to sit in rocking chairs on their front porch and let the breeze from the Gulf of Mexico fan their furrowed brows while they think:

"Turn backward, turn backward, O Time, in Thy flight,
Make me a child again, just for tonight."

Reared with no advantages, neither of these dear old people ever attended school long enough to read or write. They are unable to read the Holy Bible, unable to read a line in a letter from a loved one.

Both are members of the Missionary Church. Mrs. Lowery was baptized early in life in a river and a few years later Mr. Lowery was baptized in a creek.

All Given "Toddy."

When Mrs. Lowery was a child her father gave all the children and the entire family a "Toddy" drink of whiskey every morning before breakfast every day of their lives. Just one drink a day.

"I never saw but one drunken man in my life. I wish those old days could come again," said the sweet, old lady, "so I could have my toddy every morning."

Both Mr. and Mrs. Lowery believe that the new prohibition laws have done incalculable harm in making a condition that causes unscrupulous people to make wild-cat liquor, the drinking of which is poisoning and killing so many people.

This old couple both use tobacco; they began to use tobacco early in life. Mrs. Lowery said she first began to use tobacco by chewing it; then took to smoking a pipe and afterwards began to dip snuff, and is still dipping.

Mr. Lowery was 20 years old and his bride 17 when they ran away and got married in a school house in Jackson County, Ga., 1856. A justice of the peace tied the knot in the presence of two witnesses and he tied it good and hard.

Witnessed Hanging.

Mrs. Lowery was a great stay-at-home. Except for going to church, she only attended two great public gatherings in her life. One was a hanging and the other was Ringling Brothers' circus. Mr. Lowery was 33 when he saw his first circus. He didn't have to pay to go in. He has seen two circuses in his life.

Mrs. Lowery does not believe in women voting. She says they could be much happier if they would stay at home and work.

Neither of them has ever heard about Santa Claus. The most fun Mr. Lowery said he ever had was chasing rabbits. He chased rabbits in the snow without any shoes on, because he never had a pair of shoes until he was 12. That was the happiest moment in his life, Mr. Lowery has been voting the Democratic ticket 65 years.

Mrs. Lowery has been a cripple 20 years, and can walk only by holding on to a chair and moving the chair in front of her. She was milking a cow. Another cow butted her over and broke her thigh near her hip joint.

LABOR LOST SEATS.

LONDON, Nov. 2. — (Canadian Press).—Incomplete returns of the municipal elections in the provinces yesterday show that Labor lost 160 seats and gained five. The Conservatives gained 100 and lost 11.

LABOR STUNNED BY THE DEFEAT OF CANDIDATES

British Laborites Are Intensifying Their Political Campaign for the Coming Election.

LONDON, Nov. 2. — (Canadian Press).—Stunned by the heavy downfall of their candidates in the municipal elections yesterday throughout England, Laborites intensified their political campaign today with the hope of making a better showing in the general election. In yesterday's balloting they lost 149 seats which they had previously held in London, and about 160 seats which they had occupied in eighty boroughs outside the capital, for the most part in Manchester, Liverpool, Birmingham, Derby, Plymouth and Southampton. Local contests are generally regarded as an index to the existing political feeling.

Losses Continue.

Returns from the London municipal elections, although they came in slowly during the day, showed a continuance of Labor losses in various districts. Of the nineteen boroughs which had reported up to 3 o'clock this afternoon, the Laborites had lost 132 seats and had captured only five new ones. The most notable losses reported to-day were 21 seats in Paddington, 10 in Hammersmith and eight in Chelsea. In the borough of Poplar, London, where extremely high taxes have caused so much commotion, Labor's loss was only three seats, however, the Laborites returning 36 of the 42 members in council.

PROGRAMME FOR MEMORIAL ON SUNDAY NEXT

Public Meeting at G.W.V.A. Cenotaph and Opera House as Tribute to Soldiers.

MAY PLACE WREATHS

The programme for Sunday's memorial tribute to Peterborough's soldier dead. Prior to the meeting in the Grand Opera House there will be a public ceremony at the cenotaph at the G.W.V.A. lawn promptly at 2 o'clock. All returned men, members of the militia units and fraternal organization, and members of the G.W.V.A. are requested to parade in front of the G.W.V.A. hall sharp at 2 o'clock. Those who wish to place wreaths on the cenotaph are requested to do so during the playing of the Dead March in Saul by the Peterborough Rangers band, after which the flag will be lowered to half mast and an address will be delivered by Major General Sir Archibald MacDonnell. This will be followed by the sounding of the Last Post by a quartette of cornets, and immediately afterwards the company will proceed to the Opera House for the memorial service, the details of which have been outlined as follows:

First Part
Opening.

O Canada, God Save the King—Peterborough Rangers Band.

President's introductory remarks—H. J. Staunton.

Address, secretary-treasurer G.W.V.A., S. Whatley.

Hymn
1st verse 'O God Our Help in Ages Past'; and verse 'A Thousand Ages in Thy Sight.'

Address, Commandant R. M. C., Kingston, Maj.-Gen. Sir A. MacDonnell.

Second Part.
Requiem.

Sentences, I Heard a Voice Saying, Rev. Captain J. Collins, overseas Chaplain.

Lesson, Rev. Captain J. Rollins, Overseas Chaplain.

Commendatory prayer, Rev. Captain J. Rollins, Overseas Chaplain.

The Last Post, quartette cornets, Rangers' Band.

Two minutes' silence.

Hymn, 'Nearer My God to Thee,' Sgt. F. C. Roberts, Sergt. Coleman, Pte. H. J. Devey and Pte. J. Smith.

Third Part.

Solo, 'There is No Death' Pte. J. Smith.

Address by His Honor Judge Huycke.

Hymn, 'Jesus High in Glory,' by a chorus of Veterans' sons.

Benediction.

Hymn, 'Peace, Perfect Peace,' Band and audience (one verse.)

Hymn, 1st verse 'Abide With Me,' Band and audience.

Hymn, 2nd verse "Hold Thou Thy Cross Before My Closing Eyes," Band and audience.

God Save the King.

Director of singing, R. J. Devey. The Peterborough Rangers' Band will supply the music under the direction of Lieut. W. Peryer.

FOR SALE — CHESTNUT COAL FOR DELIVERY TOMORROW. H. H. DINSDALE, 'PHONE 153 1d 105 6379

WOMAN OF 99 BELIEVES WORLD IS GOOD AS EVER

Mrs. Sarah Smith, Honored by Bible School on Birthday, Says More Temptations Are Abroad and Decries Fact Parents Ask Advice of Their Children.

NEW YORK, Nov. 2.—Members of the home department of the Baptist Temple Bible School in Brooklyn presented through the Rev. E. LeRoy Dakin, pastor of the church, a bouquet of flowers yesterday morning to Mrs. Sarah Smith, oldest member of the department. Mrs. Smith celebrated her 99th birthday yesterday. She smilingly thanked the members for their gift and told them she was sure she'd be with them next year.

Mrs. Smith lives at 48 St. Mark's avenue, Brooklyn. She has a seventy-year-old son in Hartford, Conn., where he is connected with a bank. Mrs. Smith's husband died twenty years ago and since then she has resided with a sister at the St. Mark's avenue address. Up to a few years ago Mrs. Smith taught in the Baptist Temple Sunday School. She uses glasses only when she reads.

"There are more temptations abroad today than formerly," she said, "and parents are not as strict with their children as they used to be. Fathers ask the advice of their sons today and mothers do likewise —they stand in the shade of their daughters.

"I was born during James Monroe's administration and I was married when I was 23. My wedding dress was a light silk with small hoops in the skirt. Some of the girls liked great hoops, but I always liked decent clothes. Fashions never troubled me much. I always preferred comfort to style. Hoop skirts were a very foolish fashion."

Mrs. Smith was born in 1823 at Belchertown, Mass., the daughter of Benjamin Eastman White and Sarah Weston. She takes a lively interest in current events and is convinced that the present day and its people are no worse than those of a hundred years ago. Her hearing has not been impaired and she has a good appetite. She still dresses herself and seldom has been ill. Her sister is seven years younger.

SLAV SLASHES MEN ON TRAIN

Russian Lodged in Jail After a Fight and May Face a Charge of Murder

QUEBEC, Nov. 2. — (Canadian Press).—A Russian who gave his name as Mickey, all that officers could understand, is behind the bars in Riviere Du Loup Jail, charged the the attempted murder of Fred Roe and his nephew, Charles Roe, both from Indiana. Two Americans were returning from a hunting trip and had boarded the train at Mont Joli, between Bic and St. Flavie. The Russian entered and sat facing them. Not a word had passed between them, when "Mickey," with a knife in his hand, leaped upon Fred. Roe and his nephew and slashed them repeatedly on the head and back, according to the victims. At Riviere Du Loup, the Russian was arrested after a struggle, and appeared before a Justice of the Peace this morning, and was remanded, as the charge against him will be changed if Charles Roe's injuries prove fatal, as the doctors fear.

News Briefs

REVOLT IN ALBANIA.

ATHENS, Greece, November 2. — A revolt is reported in Albanai and the government flees from Tiranto.

BACK AGAIN SOON.

LONDON, November 2. — Lloyd George is ill but is likely to be back in the election campaign by Saturday.

FINLAY MAY RUN.

OTTAWA, November 2. Canadian Press. — It is rumored that David Findlay, a prominent business man of Carleton Place has been offered the nomination of Liberal standard bearer in the coming bye election in Lanark county.

HELP FROM NEW YORK.

NEW YORK, Nov. 2. — (Canadian Press.)—The Canadian Club of New York has decided to co-operate with the New York Globe in a benefit function which that paper plans for the relief of fire sufferers in Northern Ontario.

The Relief committee of the club, under the direction of President Albert Oliver and Dr. Malcolm Nevin last night voted to take a block of 200 tickets for the performance, which will be held November 12 in the Ritz Carlton Hotel.

The Club has already contributed $1,500 to the relief fund.

KING RESPONSIBLE.

ATHENS, Greece, Nov. 2.—(Canadian Press). — King Constantine will be charged with the responsibility for the recent disaster to the Greek forces in Asia Minor, and will be given an opportunity to come to Greece and prove his innocence, according to a newspaper view. It seems certain, however, that Constantine will not return to Greece.

POVERTY TO RICHES.

TORONTO, Nov. 2.— (Canadian Press.)—Mary Jeanette Day, aged 50, who has lived in poverty for 30 years, has fallen heir to $50,000, left by a distant cousin.

FARMER BEATEN UP.

ST. CATHARINES, Nov. 2. — (Canadian Press.)—Andrew Cook, a farmer of Grantham, is in hospital as a result of being brutally beaten by two foreigners, who robbed him of $270 last night. He had just collected the money for a payment on his mortgage. Metro Kuzyk and Alex Pelsky have been arrested on a charge of assault.

CANNOT CARRY GUNS.

TORONTO, Nov. 2.— (Canadian Press.)— Provincial constables are forbidden by Commissioners to carry guns. This follows the Birch Cliff incident.

Lily Lake Sunday School Sends $30 For North Ontario

The latest subscription to Northern Ontario Fire Relief Fund is $30 from Lily Lake Sunday school, bringing the total amount subscribed through the Examiner up to $819.19—and surely the $1,000 mark will be reached! Why not?

The list now stands as follows:

Previously acknowledged	$768.69
Lily Lake Sunday School	30.00
In His Name	1.50
A Friend	2.00
Ladies' Aid Society of Bridgenorth Meth. church.	10.00
Wm. Taylor	5.00
A Friend	2.00

INVITATIONS FOR TELEPHONE WEEK

Labour Council See How the Machinery at Central "Goes Round."

Telephone week at the local branch of the Bell Telephone Company, from November 20th to 25th, is being arranged for the purpose of giving the public an opportunity of seeing "Central" at work, and otherwising observing the operations of the Telephone Exchange. Last night the Trades and Labor Council received an invitation from the company to visit the Bell plant during the week, and decided to accept the invitation of the local manager, Mr. J. McHardy. Some of the delegates last night remarrked that the Fall months should bring out greater activities in Labor circles than have been apparent all summer, and those who have been faithfully carrying on the work feel that they should not have to do the "Atlas" act alone.

POLICE CONSTABLES STAGED GUN PLAY

Four Special Provincial Officers Dismissed

TORONTO, Nov. 2. —(Canadian Press.)—Following an investigation which he held yesterday, General Victor Williams, head of the Provincial Police, announced that four special officers who had staged an incident at Birch Cliff, in which drunkenness and gun play showed prominently, had been dismissed from the service. It was also stated that three of the men would face trial to-day in the police court on the charge of drinking in an illegal place. The names of the men dismissed are M. McLaughlin, G. A. Wright, W. E. Partridge and J. F. Farish.

BRITAIN'S DEBT TO U.S.

Does Not Think America Will Quarrel With Her Good Friend.

BRISTOL, England, Nov. 2.—(Canadian Press.)— The subject of Britain's debt to the United States and money due to Britain from other countries was discussed briefly here to-day by Lord Birkenhead, who substituted for Mr. Lloyd George, who is indisposed. "The apparently happy prospect with which we are confronted is that we are to pay everyone we owe and that no one is to pay us anything owed us," he remarked caustically. "We do not think America is in danger of quarrelling with her good friend, Britain, when she politically reminds us that we owe her a considerable sum of money, and I don't see why other nations should be so very sensitive on matters of business.

ASPHYXIATED BY GAS.

ST. CATHARINES, Nov. 2. — (Canadian Press.)— Ernest Allen, aged 30, was asphyxiated at Lincoln Paper Mills, Merritton, this morning, when a gas pipe broke inside the tank which he was repairing. He was dead when removed from the tank.

SEWAGE PLANT NEARS END OF PRELIMINARIES

Expect Final Sanction of the Provincial Board of Health on Monday Next.

WORK FOR WINTER

The Provincial Board of Health's final sanction for the construction of the sewage disposal plant was deferred until next week at the conference which Ald. Stocker, City Solicitor Widdifield and City Engineer Parsons attended. Numerous queries have been made all summer by members of the Council as to when this project was to be set in motion, but it was generally understood that it would be held until late in the year for winter work.

No Monaghan representatives were present at the meeting, and for this and other reasons it was postponed until next Monday. The question to be determined at the present stage of the preliminaries concerns the extension of the sewer to the river at the proposed terminus.

BONAR LAW TALKS TO WOMEN OF HIS POLICY

LONDON, Nov. 2 — (Canadian Press).—Prime Minister Bonar Law, addressing a meeting of women here to-day, reiterated that his policy was one of peace and tranquility. He emphasized the need for reduction in expenditure at home in order to bring about reduction taxation, the early settlement of the Near East situation, and the maintenance of Britain's naval position.

"We must retain forces adequate for the security of the Empire," he declared. "But the strength of this country depends as much on its financial and industrial position as it does on its arms," he went on to say, "and in weighing dangers we must take one into consideration as well as the other."

He epitomized his policy in the declaration, "I repeat that my policy is one of negation, there are times when it is good to sit still and go slow."

TURNING POINT IN ITALY'S FORTUNES

ROME, Nov 2—(Canadian Press) The authority, energy and earnestness with which Mussafini has taken hold of the Italian situation has created a deep impression here, and strengthening of the lire on foreign exchange markets following his acceptance of the premiership has given added support to the feling that a change in government had indicated the turning point in the fortunes of the country. The dollar has dropped from three to four points, while French rancs have lost 8 points since last Friday.

Mussolini's Imperialism instructions to prefects of Italy:—Exacting their utmost endeavors and collaboration, are regarded as strong indication of the method the new government is going to use in dealing with business at home and abroad.

ENOUGH CLOTHES FOR THE NORTH

The last consignment for the Northern Ontario fire sufferers was made to-day by the local firemen, when they shipped nine large cases of clothing. The firemen were one of the first organizations in the city to start the relief work and have had remarkable success. The carting was all done by E. Cooney Express Co, who kindly took care of all the consignments made by the Hall.

The great need of clothing has been fulfilled and greatly appreciated by the northern people. Relief funds are the most needed now by the unfortunate fire sufferers.

A CHEESE BOARD AT CAMPBELLFORD

CAMPBELLFORD, Nov. 2.— At a meeting of the Campbellford Cheese Board this morning, 854 boxes of cheese were disposed of at twenty-one and three-quarter cents.

FOUR THOUSAND OIL MILLIONAIRES

FROM INVESTMENTS *OF NOT OVER $300 EACH* by persons of limited means, but with vision, pluck and ambition for fortunes.

Such is the Story of the magical fortunes of the south.

Don't fear a stock or bunco scheme. We are selling nothing but lands. Our President has brought to Peterborough the very strongest testimonials as to high character, integrity, veracity and dependability, furnished by the highest Southern officials and Canada's leading citizens.

The greatest geologists say we have the FIVE CONCLUSIVE EVIDENCES of oil and are at the crossing of the world's two great oil strata.

Our well now down over 3000 feet should come gushing in in 30 to 60 days, bringing to early investors wealth beyond calculation. Full information and easy terms.

SPECIAL CONCESSIONS TO IMMEDIATE INVESTORS.

Leave your Address at Box 1600 Examiner Office, and I shall be glad to call on you.

E. L. MARTIN, Pres., GREAT AMERICAN OIL CO.

LLD. GEORGE KEEPING OPPONENTS GUESSING

Ex-Premier Confined to His Home With a Bad Cold and Will Not Be Able to Speak Till Saturday.

BITTER CAMPAIGN.

London, November 2. Associated Press.— There was no development yesterday in the quarrel between Lloyd George and Sir George Younger, and political circles are agog to learn the upshot of the strange situation. Curiosity is increased by the fact that Lloyd George alone of all the party leaders has not issued any election address.

In the meantime he is confined to his house with a cold. This prevents him delivering two of his speeches, but his condition was improved last night and he appears confident that he will be able to speak in London on Saturday.

If Lloyd George still intends to carry out his threat to run his own candidates against the Conservatives he must hasten his decision for no additional candidates can be nominated after Saturday.

Despite persistent official denials there is little doubt that underground negotiations are afoot but nothing has been allowed ot leak out as to their nature or success.

Premier Bonar Law is credited with becoming resentful of the personal attacks on his ministerial colleagues and with intending to hit back vigorously, basing his position on the ground that Lloyd George has been more or less rejected by all parties and is banking on personal popularity.

In a letter addressed to the British Legion of Former Service Men, the Prime Minister explains his attitude with regard to the pensions ministry, reiterating that nothing is contemplated against the interests of the pensioners. He explains that the ministry canot be abolished except by legislation and that the new ministry of pensions will not be removed until the House of Commons has had the fullest opportunity to discuss the pensions matters, at which time the views of former service men will receive every consideration.

Election oratory is again in full flood and is notable for bitter personalities, especially between the supporters of Lloyd George and those of Sir George Younger.

Lord Birkenhead declared in a speech yesterday that it is Younger's intention to leave Lloyd George marooned and helpless in the new Parliament.

New candidates are being nominated daily, and there are now nearly fourteen hundred nominations. A striking feature is the large number of professional men standing under the Labor banner. These include several well known barristers and authors.

The Earl of Balfour spoke last night in Edinburgh and it was hoped that he might throw some light on the situation. He took the line that the Conservatives and the National Liberals were menaced by a common danger and he asked whether their forces were so overwhelming that they could afford to divide them in a manner the merest tyro in politics would declare insane?

When there was such advantage in the moderate men of all parties working together, he said it seemed sheer lunacy to throw away the opportunity of cooperation so fruitful in the past, by a hazardous experiment, unjustifiable by argument and defenceless at the bar of reason. So far as he was able to judge the Labor party would make themselves felt at the coming elections. If they came into power he thought it would be disastrous for the country, and those who would immediately and profoundly suffer would be the wage-earning classes.

PEACE TREATY CAUSE OF THE HUGE DEFICIT

Reparations Commission Now Visiting Germany to Study Conditions — Will Try to Stabilize the Mark.

FIRST MEETING.

BERLIN, Nov. 2. — (Canadian Press.) — The Allied reparations commission will occupy itself chiefly in connection with its present visit to Berlin with consideration of means for securing the equilibrium of the German budget, the stabilization of the German mark and with the problem of the floating debt, finance minister Hermes was informed by Louis Barthou, chairman of the commission in the course of their first formal conference yesterday. No impairment of German sovereignty is contemplated by the commission, M. Barthou told the finance minister but he added that the members of the commission counted upon the loyal co-operation of the German government, which would be called upon to give comprehensive replies to specific questions.

Secretary Schroeder of the Finance Ministry presented a detailed statement concerning the budget for the current year which he declared would in all probability show a deficit of 450 billion marks, chiefly accounted for through payments imposed by the peace treaty.

ONTARIO FARMERS ARE URGED TO CO-OPERATE

AT CAMPBELLFORD.

Hon. Manning Doherty.

Aaron Sapiro, California, and the Hon. Manning Doherty Spoke at Campbellford Yesterday.

CREATE DEMAND.

Campbellford, November 2. — The Ontario Co-operative Dairy Products Limited held a public meeting in the Music Hall yesterday afternoon which was very well attended. The principal speakers were Hon. Manning Doherty, Minister of Agriculture, and Aaron Sapiro, a California authority on co-operative marketing.

Mr. Sapiro fully explained the advantages of getting together and outlined the wonderful strides California farmers had made since adopting this system. They had, he said, expert representatives who studied the world's markets and who created a demand for their products by intensive advertising. Instead of allowing the buyers to name the prices these men sought the most favorable markets and never allowed them to become glutted. This applied not only to cheese but also to oranges, lemons, apples, pears, dried fruits of all kinds, as well as almonds, and walnuts, and in fact any product that the grower produced. Through this system of advertising certain lines, as raisins and oranges, had come to be daily necessities instead of Christmas and holiday treats.

In speaking of eggs, Mr. Sapiro said that if speculators could buy eggs and make fabulous profits by cold storage why should not the farmers benefit in the same way. It could be done by co-operation. The great thing is to grade the merchandise and to keep up a standard of quality. Ontario cheese, he said, should be branded as people in foreign countries want to know where such good cheese came from. People can be made to eat cheese every day by consistently advertising the product in the same manner as that employed to create a demand for raisins. $200,000 was spent in one year in advertising a certain brand, and as a result over 400,000,000 pounds were sold last year in the United States alone. Mr. Sapiro who is a splendid speaker, handled his subject so convincingly that he held the undivided attention of his listeners for nearly three hours.

Hon. Manning Doherty was the next speaker and in a brief address said: "I heartily agree with everything Mr. Sapiro has said. This is a system which has brought prosperity and you have heard from a man who has himself been actively engaged in your position. The farmers of Ontario should adopt the plan of co-operation.

Twenty-five years ago men were sent here and there from Guelph to speak to the farmers and give lectures on production. I appreciate the power of scientific production, but don't you think we paid too much attention to the province, and not enough to the markets? Could we not evolve a better scheme to show the farmers a better system of profits? I take off my hat to the State of California, and to the men who have made it prosperous, but have we not here in Ontario products which should compete with any market in the world?"

In the evening the speakers attended a meeting in Foxboro which was also very well attended.

WILLIAM WARNE DIES AT COBOURG

Had Relatives in Peterborough — News From Cobourg District.

COBOURG, Nov. 2.—William H. Warne, a brother of the late James Warne, of Peterborough, and a well-known agricultural and fruit grower, has passed away here after a long illness. His health failed about two years ago, and although he partially regained his strength at times, it was not for long. His widow, who with two daughters, Misses Hilda and Alma Warne, survives, is doubly bereaved, as her brother, Willis Curtis, died very suddenly at Fenella a fortnight ago.

The late Mr. Warne was a son of the late Mr. and Mrs. William Warne, who resided for many years on a farm between Cobourg and Port Hope, and which was occupied by deceased up to the time of his death. He had, however, just disposed of his property and was preparing to move to Oshawa, where his only brother, Charles Warne, resides. A sister, Mrs. George A. Carruthers, resides here.

The funeral service on Sunday afternoon was conducted by Rev. John C. Wilson, of Toronto, father of Rev. J. S. I. Wilson, pastor of the Cobourg Methodist church, who stated that just thirty-one years ago he conducted the service in the same home and in the same room of deceased's father, the late Wm. Warne.

Thank Offering Service.

Rev. J. P. Wilson, D.D., Belleville, a former Peterborough preacher, preached at Thank offering services in the Methodist church here on Sunday. He gave very fine sermons. The amount asked for was $700 and about $625 was placed on the plates. When all is in it is expected the offering will surpass the objective.

Young Folks Meet.

Rev. W. E. Smith, M.S., of China, who is home on furlough, was the outstanding speaker at the annual convention of the Young People's Societies of the Cobourg Methodist district, held at Port Hope on Friday. Dr. Smith formerly was supported by Peterborough and Cobourg districts, but upon the occasion of the silver jubilee of the Young People's Forward Movement in Missions (which was inaugurated in the Cobourg district), held two years ago, the Cobourg district undertook his support, and Peterborough district was given its own missionary. The Cobourg district has made good, the Young People's Societies last year raising over $1,800. Dr. Smith has seen twenty-seven years' service in China, but expects to go back when his furlough expires. He simply said: "I have work to do there yet," when referring to his expected return.

The Hawaiian islands number 20, though some of them are very small.

TINT GRAY HAIR

JUST brush or comb a little "Brownatone" into your gray, faded, streaked or bleached hair and take 10 years off your age. Thousands of prominent women in the United States and Canada have proclaimed "Brownatone" their best friend. Don't experiment. Acts instantly, easily applied at home and guaranteed harmless to hair, scalp or skin. Any shade from golden brown to black—50c and $1.50 at drug and toilet counters everywhere. Trial bottle sent direct for 10c. The Kenton Pharmacal Co., 616 Coppin Bldg., Covington, Ky.

BROWNATONE

Brownatone is sold and recommended in Peterborough by Bond's Drug Store and other leading dealers.

HEAVIER RAILS ON LOCAL LINES.

Track Between Peterboro and Port Hope to Be Relaid in the Spring.

LINDSAY, November 2. — Heavy rails will be laid on the Grand Trunk between Peterboro and Port Hope next spring, and heavy powered locomotives and other equipment will replace the present rolling stock, according to a statement made by a railway official here today.

Heavy rails will also be laid from Lindsay to Blackwater in the spring. The laying of these rails has been completed between Scarboro and Blackwater, and heavy power locomotives will replace the lighter ones almost immedaitely.

SHIP LOST HER RUDDER

HALIFAX, N.S., Nov. 2.—(Canadian Press).—The Canadian Government Merchant Marine steamer Canadian Seigneur has lost her rudder and is in need of assistance in latitude 55.32 north and longtitude 37.42 west, approximately 738 miles northeast o St. John's Nfld., according to advices received by the Marine and Fisheries offices here.

No government ships were available here last night to go to the Seigneur's assistance.

Will Observe Armistice Day

MONTREAL, Nov. 2.—(Canadian Press.—It is announced that the Canadian Pacific Railway will on Saturday join in the general memorial celebration of armistice day. At eleven o'clock, eastern standard time, all trains on the system will be brought to a full stop for two minutes, and all work in the company's other activities will be suspended for the same length of time.

PREPARING GIFT FOR EX-KAISER AND HIS BRIDE

Former Court Attendants Will Send Surprise Gift From Potsdam — Preparations Nearly Complete.

THE WEDDING DRESS.

POTSDAM, Germany, Nov. 2.—(Canadian Press).—Despite former Emperor William's expressed wish that no presents be sent on the occasion of his marriage to Princess Hermine of Reuss, it is learned that a big surprise gift is being prepared in former court circles here.

Each day brings an appetizing grist of details regarding next Sunday's event at Doorn, and these are eargerly devoured by the Monarchist colony in Potsdam.

Fraulein Goernitz, who presided over the Imperial kitchen here for decades, has been engaged to prepare the wedding breakfast at Doorn, Fraulein Goernitz also formerly superintendent the household of Royal Princes when they were enrolled in the cadet school at Plauen.

It appears that the property deed to be signed on the morning of November 5, will bear the first official designation of Princess Hermine's future title. It is understood this document will provide for a strict division of property between the ex-kaiser and his bride, since William's children will not be beneficiaries under the apportionment connected with his re marriage.

Princess Hermine's wedding dress has been ordered from a leading Berlin establishment, this being the first "imperial" trousseau prepared in Berlin, it is said, since the marriage of the Duchess of Brunswick in 1913.

The Princess' gown is of mauve chiffon and satin, lavishly decorated with rhinestones and steel beads. Mauve was chose by the ex-kaiser because this color was always worn by the late empress Augusta at court functions.

MONKEY FRINGE.

A short sports coat of ermine is made distinctive by the addition of a fringe of monkey fur about the lower edge. The coat ends at the hip line.

FLOW OF GAS AT STIRLING

Campbellford News of Interest — Property Transfers—Social Events.

CAMPBELLFORD, Nov. 2. — Yesterday afternoon, while digging a well for a school in the northern section of Stirling, workmen discovered a heavy flow of gas. One of the men lit a match to test it and there followed a great burst of flame. The whole town is in a state of excitment. The fire department was promptly on the scene, and all attempts to fill in the well were of no avail. These pockets sometimes burn for days, and the entire section is cloudy like a London fog.

Property Transfers.

Mr. Geo. Potts, of Campbellford, has sold his brick residence on Rannie street, to Mr. J. Rylott, of Peterborough, who takes possession about March 1st, 1923.

George Potts of Campbellford, has purchased the farm of Joe Rylotts near Havelock, consisting of 157 acres.

Miss Mildred McNaughton of Grand Road, is visiting friends in Madoc.

A Social Event.

Messrs. Ernest and Harry Ayrhart entertained a large number of their friends to a masquerade party on Tuesday night. The evening was pleasantly spent in games, Hawaian music. The costumes were very charming and unique.

Mr. John Miller of Castleton, and Mr. George Carlow of Warkworth, attended the farmers' meeting in the opera house in the interests of co-operative merchandising of farm products, addressed by Mr. Sapiro, of California and Hon. Manning Doherty. Mr. Sirett, of Brighton, agricultural district representative, also attended the above meeting.

Mr. Ernest Collard has installed a radio outfit in his home on Harris street, and has already been fortunate in catching concerts, and market reports from New York, Detroit, etc.

Mr. and Mrs. R. T. Cowell and family have removed to their new home on Queen street, north of Church street, the house formerly occupied by Mr. George N. Miller.

Mr. D. Bartels, of the well known summer resort, Healy Falls, (the former Keller property), who has recently sold out to Mr. Fred Keller, of town, will dispose of his entire chattels, household effects and furnishings, etc., on Wednesday, November 8th, with Mr. J. R. Battisby as auctioneer. Mr. and Mrs. Bartels intend visiting their former home in England for a time.

All Saints' Day Services.

Wednesday, November 1st being All Saints' Day, services were held in St. Mary's church and also in Christ church, with a goodly number in attendance.

Mr. Alfred Maun is greatly enhancing the appearance of his pretty bungalow on Major street, by the addition of pretty French windows, as well as making other improvements.

The Willing Workers of Christ church will hold a "bean supper" in Parish Hall on November 27th. Further announcements will be made later.

Thain and Little.

A pretty wedding was solemnized at 10 a.m. on Wednesday morning at the home of the bride's parents, Mr. and Mrs. Robert Little, of Seymour, when their only daughter, Irene, was united in marriage to Mr. Everett Thain, son of Mr. and Mrs. William Thain, of the English Line, Rev. J. E. Glover officiating. The young couple, who are very popular among their young friends, will reside in Seymour East.

The Methodist choir will meet for special practice of the cantata, "Rolling Seasons," to-night (Thursday) at the home of Mr. and Mrs. W. H. Ashton, Inkerman street.

From present indications it would appear that the Thanksgiving turkey will be rather scarce this year in town. Chickens and ducks seem plentiful and although some time ago it was thought we might have (Turkey?) for Thanksgiving, we shalu now have to be satisfied with a less expensive dinner.

Due to the excavating for the new Wellington street sewer, which is being rushed ahead by Foreman Fox and his men, that section of George street between Tice street and the Baptist church is closed to traffic, thus making a short detour necessary for vehicles traversing that section.

Little Lloyd Longman, son of Mr. and Mrs. J. H. Longman, narrowly escaped serious injury yesterday on Mill street, while playing with a little companion. A car driven by Mr. Samuel Covert was proceeding slowly along that section and in trying to avoid the one little fellow, the car struck little Floyd, knocking him down. Beyond a fright the little one was none the worse.

Mr. and Mrs. John Patrick and children, of Niagara Falls, who have been visiting relatives in town for a couple of weeks, returned home on Saturday. They were accompanied by Mr. Patrick's mother, Mrs. William Patrick who will remain a few weeks.

Miss Hilda Cowell leaves in the very near future for Brooklyn, N. Y., where she will enter Prospects Heights Hospital as nurse-in-training.

Mr. and Mrs. Harry Seaborn, Wellington street, entertained a large number of their friends on Tuesday night. The evening was very pleasantly spent in dancing, music and cards.

Mr. James Irwin is renewing old acquaintances in town this week.

MANITOBA GOVT. IS EXTENDING AID TO HER FARMERS

Department to Aid Farmers Who Are Hard Pressed By Their Creditors Can Handle All Complaints.

CROPS WERE GOOD.

WINNIPEG, Nov. 2.—(Canadian Press.)—The Department established recently by the Manitoba Government to aid farmers who are hard pressed by their creditors was declared to be sufficient to handle all such complaints as may arise in the province this year, according to an announcement made following a conference between members of the cabinet and business men here yesterday. To strengthen the present government organization, however, it was decided to form a committee representing the various credits interests of the province to give expert advice to the provincial department.

The statement issued said in part: "All were in agreement that Manitoba as a province had been blessed with a marvelous crop and that conditions were fundamentally sound, but that action in many cases by individuals actuated in some measure by impatience or fear had produced conditions of unnecessary distress.

"While the meeting recognized that there were individual cases of distress, it was felt that the number in comaprison with the whole was not of alarming proportions.

"From the many expressions of co-operation passed at the meeting it was felt that any alarm as to any serious state or affairs arising might be dismissed."

It was very emphatically stated at the meeting that all complaints would be thoroughly investigated in order to avoid any advantage being taken of present conditions to evade payment by persons in a position to liquidate their liabilities.

AGED RECLUSE BUILT OWN FUNERAL PYRE.

BAHIA BLANCA, Argentine, Nov. 2.—(Canadian Press.)—Juanna Sarreta, an aged recluse, committed suicide yesterday by burning herself to death on a funeral pyre which she had constructed herself.

According to the police, the aged woman piled a quantity of wood shavings in the centre of the stone floor of her kitchen, poured oil over the wood, and after saturating her own clothes, reclined upon the pile and touched a match to it.

Drink "Ovaltine" for Health!

MAKE "Ovaltine" your daily beverage and thus provide your system with the tonic food elements needed to maintain perfect health.

"Ovaltine" fortifies the body against colds, influenza and other ailments. It builds up reserve strength and vitality to offset the daily strain of work, and so avoids physical, mental or nervous breakdown.

Drink "Ovaltine" at meals. You will enjoy its delicious flavour and benefit by its tonic qualities. Drink it at bedtime and it will induce sound, restful sleep.

"Ovaltine" is concentrated nourishment extracted from ripe barley malt, creamy milk and fresh eggs. It contains all the vitamines essential to the protection of health.

"Ovaltine" is a delicious beverage, easily prepared and easily digested. One cup contains as much nourishment as 3 eggs, 7 cups of cocoa or 12 cups of beef extract.

THURSDAY, NOV. 2ND, 1922.

POPPY DAY.

On Saturday silken replicas of the poppies that grow on Flanders' fields will be sold in Peterborough and everywhere throughout Canada by the Great War Veterans' Association.

The poppy throughout the British Empire has been adopted as the "flower of remembrance," and it seems most suitable and fitting that the wearing of a poppy on Armistice Day in respect to the memory of those who were killed during the war should be adopted by Canadians.

At the same time those who buy poppies will be assisting the disabled Canadian soldiers who make these artificial flowers and will be replenishing the relief chest of the G.W.V.A. upon which there are constant demands.

In the past year the local branch has dispersed $2,000 in relieving cases of distress among veterans and their dependents.

That is noble work which every citizen should support, and in which they should be anxious to have a share.

The Examiner in heartily endorsing the objects which inspired the inauguration of Poppy Day, commends the drive to its readers and hopes that the total reached on Saturday will exceed last year's mark, realizing that the G.W.V.A. is likely to be called on frequently during the coming winter.

"MODERATION."

A branch of the Moderation League of Ontario has been formed in Hamilton. There can be no quarrel with "moderation;" it was the abuse of moderation which brought prohibition into being, and it is the abuse of prohibition which is responsible for the evils which the speakers at last night's inaugural meeting deplored, says the Hamilton Spectator. The difficulty is to secure "moderation," and avoid abuse. Deprivation, in the opinion of the majority of the electors of this Province, is better than excess. As to the criticism that only 33 per cent. of the voters endorsed the law as it stands at present, that is a reflection on the electorate, and not on the administration. If those who favored prohibition displayed a higher sense of their duties as citizens when the matter was put to the test, they are justly entitled to their victory. That victory certainly does not justify the assertion that the law, so enacted, is more honored in the breach than the observance, and any lawyer who preaches such views is not a safe guide.

There is dissatisfaction in some quarters with existing legislation, and many estimable citizens share that dissatisfaction; but it is no remedy to advocate lawlessness. If "temperance" legislation, as desired by the Moderation League, is to be introduced into this Province, it will not be through abuse of the people who have been instrumental in overthrowing the old system, which all admit to have been iniquitous and none profess a desire to see re-established. Halcrow, M.L.A., thought the people were not sufficiently educated at present to profit by prohibitive legislation. The Government, he is reported to have said, is too far in advance of the people. Yet the voice of the people directs the Government in this constitutional Province.

CANADIAN BOOK WEEK.

With the objects of the annual Canadian Book Week the Examiner is in thorough sympathy.

Canadian books have not the vogue in the country of their birth that they should have, although much of what is written by Canadians is true to life, wholesome and clever, and any movement that will lead our people to the reading of literature with a Canadian atmosphere deserves support and encouragement.

If the spirit of robust Canadianism is to be developed and fostered the reading of more Canadian and fewer foreign books must be made possible.

At the same time the Examiner cannot let the subject pass without expressing the opinion that the book publishers of this country should not expect the newspapers to carry without charge the bulk of the publicity propaganda that is the biggest factor in the campaign.

When other articles are to be "sold," the advertising columns of the newspapers are used to the greatest advantage.

Canadian books should be "sold" in exactly the same way.

Free reading notices and criticisms are an imposition upon the generosity of the newspapers, and it is not surprising to find that many dailies have refused to allow their space to be monopolized in this way.

The Canadian Bookman says: "We have no authoritative figures of the ratio of Canadian to non-Canadian products in the current sales of our booksellers and the circulation records of our public libraries. But we question very greatly whether Canadian volumes count for one per cent. in the total business of the book stores."

Not a showing in which Canadians can take much pride, and yet there is not the slightest doubt that the total could be raised materially by the use of the right kind of advertising.

The book trade should, instead of trading upon the good nature of the newspapers, try the effect of a vigorous selling campaign through the regular advertising channels.

MUST BE MADE SAFE.

As the Examiner pointed out the other day, the necessity of sifting out the causes of the Northern Ontario fire and of suggesting measures that will prevent a repetition of the catastrophe goes beyond the people of the affected district.

It is difficult to estimate the harm that has been done to the reputation of that section of Ontario because of the disaster.

Immigrants may be pardoned for being timid about settling in a country where thousands of homes can be wiped out by fire in a single night.

Newspapers and the moving pictures have carried the story of the Northern Ontario fire everywhere, and it makes decidedly poor advertising for that part of Ontario in particular and for the province in general.

The damage that has been done in this way can only be overtaken by the announcement of plans that will make another such disaster impossible, and the Provincial Government should see to it that the whole matter shall not be dropped until such plans are ready.

The Fire Marshal's inquiry should be followed by vigorous action. If the fire is merely to be accepted as a visitation of Providence and no effect is made to remedy the conditions that made such a visitation possible then it is idle to expect to be able to induce new settlers to risk not only their property but their lives in a district where somebody's carelessness, abetted by official indifference, is liable to cause another terrible conflagration at any time when the conditions are right for such a tragedy.

Northern Ontario must be made safe, and the people will look to the Provincial Government to see that so far as human action and foresight can ensure it, it will be made safe.

THE RED CROSS SOCIETY.

Canadians had reason during the war to admire the efficiency, resourcefulness and energy of the Red Cross Society, which rendered such untiring and valuable service on behalf of Canada's overseas forces.

From what the Ontario branches of the Society have been able to accomplish in assisting the Northern Ontario fire sufferers, it is evident that the Red Cross is as necessary and as valuable an organization in the piping days of peace as it was during the war years.

No sooner had the news of the disaster "broken" than the Ontario division of the Red Cross offered its services to the Government, and the Society's director, Dr. F. W. Routley, and superintendent of nursing, Miss Laura Holland, went north with emergency organization kits on the first relief train to leave Toronto, taking a leading part in the immediate relief work. In a short time the Red Cross had placed a staff of eleven nurses on duty in the burned area and had established two emergency hospital outposts at Englehart and Haileybury. It is the intention of the Society to maintain a staff at these hospitals during the winter and to remain in the field co-operating with the official agencies and using every effort to enable the fire sufferers to maintain their health.

It is pleasing to note that this good work has been officially recognized by the appointment of Mrs. H. P. Plumptre as Red Cross representative on the permanent Provincial relief committee.

"CANADA'S DOLLAR ABOVE OURS."

As measured on its home soil, the Canadian dollar is taller now by a fraction of a cent's width than the dollar of Uncle Sam. A Toronto street car conductor has refused an American dollar on the ground that it was not worth its face value in Canada and that he must protect his employer's interests. It is true that the sequel of the story is that the owner of the snubbed Yankee dollar complained to the railroad management and that the conductor was reprimanded.

But the fact remains. Our dollar is below par in Canada. That our northern neighbor should be proud of this is natural. It is only a short time since Canadian currency was at a discount of 16 or 17 per cent. in United States money.

The change registers a story of prosperity and sound business conditions of which any country would have a right to be proud. Several things have combined to bring about this happy state of affairs.

In the first place, Canada has turned an adverse balance on international trade into a favorable balance, and, of course, the very foundation stone of foreign exchange is imbedded in foreign trade balances.

Again, Canadian Government and industrial loans have met very hospitable receptions in American money markets, with the resultant flow of large sums across the border.

Large amounts of money have been spent in Canada by bootlegging outlaws. A substantial boost to Canadian prosperity came from these two sources.

American motor car tourists have contributed to it importantly In the last twelve months 600,000 American motor cars crossed the border into Canada. On the basis of an assumed seven-day trip and the expenditure of $25 a day for each car it is computed by Canadian statisticians that the total of American money thus left with our neighbor reached upward of $100,000,000. This is not a staggering amount, to be sure, in these billion dollar days, but it is a tidy sum.

Canada may well be exultant over the recovery of her currency—New York Herald.

EDITORIAL NOTES AND COMMENT.

Saturday is Poppy Day, and the "flowers of remembrance" should be worn everywhere.

Witnesses at the Haileybury fire investigation condemn wooden shingles. Many a small boy is willing to join in the condemnation.

Bonar Law declares that what Britain needs is tranquility. There is not likely to be much of that, however, during the election campaign.

According to the Deputy-Minister of Mines, Canada has enough coal to last her 30,000 years. There is a good chance for pessimists to worry about what will happen at the end of that time.

A Memphis paper contains the following want ad.: "For rent: Furnished room to gentleman looking both ways and well ventilated."

There will soon be use for the much overworked but still important slogan, "Do your Christmas shopping early."

The deer hunting season is at hand. It may be timely to remind hunters that if there is any place in the world where "safety first" should mean something it is in the woods during the open season.

The London Advertiser pertinently points out that many people who claim that their ancestors were early settlers are not living up to the family traditions.

LITERARY GEMS

NATURE IN OCTOBER.

Along the line of smoky hills
The crimson forest stands;
And all the day the bluejay calls
Throughout the autumn lands.
Now by the brook the maple leans
With all its glory spread;
And all the sumachs on the hills
Have turned their green to red.

—William Wilfred Campbell.

"Bringing Up Father"

One of the first essentials in the proper "bringing up of father," is to see that he has a good watch.

It is positively hopeless to expect any man who is always too early or too late—always at sea as to "how the time is," to be his best or do his best.

For his sake, your sake, and incidentally our sake, your first duty is to see that he has a "Schneider Bros." watch.

Price should be no serious obstacle—In silver case from $12.00—best gold-filled from $15.00—in solid 14K. from $40.00.

Guaranteed, of course.

Schneider Bros.
Diamond Importers and Jewelers

THE SCHOOL PATROLS ARE MAKING RECORD IN TRAFFIC DUTIES.

Major John Bauder Is Charge of Boys' Safety Squad — Make Better Citizens.

CHICAGO, Nov. 2.—Major John Bauder is the man directly in charge of Chicago's Boy Safety Patrol.

This is the organization composed entirely of grammar school pupils, all below the age of 14, which has been reducing the number of fatal accidents to public school children in the city for more than a year.

Believing that the idea as established here might be of service to Peterborough, he has told through NEA Service just how the organization was perfected, and with what success its efforts are meeting.

"We practically whipped Chicago's patrol into shape in a day," Bauder says. "Efforts of the mayor and School Board officials paved the way.

Makes Better Citizens.

"Boys leap at the chance to serve as officers. We have never had any difficulty in supplying the full quota of patrolmen for any school.

"Besides saving life, members of the patrol go into their home communities as small right arms of the law. They instill a high regard for constituted authority among their playmates.

"The effect of the organization is most wholesome. In fact, I believe it is paving the way for a better generation of boyhood in Chicago.

"Before any boy is sworn in as a safety patrolman he fills out a pledge card, promising to live morally and mentally clean, and to serve as an example for the rest of his playmates to pattern after.

"He pledges himself to be brave and manly, and above all, watchful for the safety of his playmates and other children at all times.

"Autoists in the city, too, have been co-operative. Through educational campaigns, all auto drivers have been instructed to obey the directions of the patrol at school street crossings. We have very few complaints of violations.

"All that is necessary it seems, is to put the thing into operation. From then on it works automatically, providing you have the right sort of boys, and instruct them properly.

Save City Money.

"I have found no inclination on the part of any Safety Patrol member to abuse the authority vested in him. Nor have I heard of any complaints that such officers have annoyed motorists with unnecessary halting and blocking of traffic.

"The whole key to the situation seems to be in reaching the boy's heart. Make him feel that the badge given him by the city marks him out as a moral and physical example for the rest of his comrades, and you have started a real man to the top of your civic ladder.

"We here in Chicago would not, and could not get along without our Safety Patrol boys. They have saved the city thousands of dollars and almost 200 lives in scarcely over a year.

"In addition, the Safety Patrol with its 3,000 members constitutes just that many emmissaries for clean living, who daily come in contact with future citizens of the city. "What better results could be hope dfor? We are making men."

DIED AT SUPPER.

TORONTO, Nov. 2.— (Canadian Press.) — Without warning, death visited Mrs. Edith M. R. Maynes at the supper table last night. She had suffered from heart trouble, but was able to be about. She died in her husband's arms.

THE C.G.I.T. GIRLS HAD SOCIAL EVENING.

Girls Were Auctioned Off As Partners For Supper—The Programme.

Bailieboro, November 2. — The C. G. I. T. girls of the Presbyterian church, Millbrook, held an entertainment and shadow social in the basement of the Presbyterian church.

There was a splendid crowd present. The building was beautifully decorated with cleverly carved pumkin faces, and black cats, made of paste board, to fit the occasion.

The president, Miss Loretta Barnard took the chair, and a splendid programme was enjoyed. Those taking part were as follows: Address and solo by Rev. G. S. Girven; solo by Mrs. G. S. Girven; duets by Mr. and Mrs. Hy. Johnston; readings by Miss Alberta Russel; solo by Miss Roma Roberts; choruses by the girls, violin solo by Wilfred Johnston.

After the programme the lights in the building were turned down, and the girls walked behind a white sheet one after another, masquerading in different Hallowe'en costumes.

The boys who desired a partner for supper were obliged to bid on the shadows as they walked by the light. Miss Anna Russel acted as auctioneer, and found ready sale for all of the shadows. The girls wore their masks until after supper. Some of the shadows sold as high as 35c.

A COBOURG WOMAN AND MAN ON SERIOUS CHARGE.

But Information Not Properly Laid and Case Dismissed.

PORT HOPE, Nov. 2.—Lewis Nixon, of Cobourg, appeared in court here on a very serious charge preferred by a local citizen residing near the C.N.R. station. The wife of the plaintiff who was also arrested appeared in court also.

Mr. D. H. Chisholm, who represented Nixon, pointed out that according to the action no prosecution could be instituted in this particular section unless it be at the instance of some recognized society for the protection of children, or by the Attorney-General of the Province. This had not been done and Mr. Chisholm contended that the action must be dismissed.

Magistrate Campbell stated the Act had not been complied with and he had no alternative but to dismiss both cases. It is understood that to comply with the section, both informations will be laid by Rev. J. T. Daley, of the Children's Aid Society, and the cases will likely come up this week.

A. J. ROSE HAD CONTRACT.

An omission, inadvertently made, in the list of contractors who were engaged in the re-construction work on Louis' new Cafe, was that of the name of A. J. Rose, who had the contract for the building and finishing of the dining room, kitchen, refrigerator, and the arch between the public and the private dining rooms. All work was done by him with the exception of the plumbing, electric wiring, painting and decorating, panelling of the dining room, and laying of sanitary kitchen floor.

Mother and Her Baby Are Relieved of Eczema

Mrs. Peter A. Palmer, Salt Burn, Sask., writes:

"Dr. Chase's Ointment has completely relieved me of eczema and piles. I also used this Ointment for my baby, who broke out in eczema. A few applications were all that was necessary in her case. Dr. Chase's Ointment has been worth a hundred dollars to me—before using it I had spent a great deal more than that in unsuccessful treatment from doctors. We have also used Dr. Chase's other medicines, the Nerve Food having restored my health after suffering from severe nerve trouble when a girl."

DR. CHASE'S OINTMENT

USE OF ALIAS SOMETIMES RESULTS IN PRISONER REMAINING IN JAIL

Many "John Smith's" Seem to Find Their Way Into the Clutches of the Police — Drunks Do Not Care.

"What's in a name?" might well be the query of desk sergeants and jailors at police headquarters through whose hands those arrested must pass. Ask them and they will tell you that the majority of those arrested give an alias.

"It is the Smiths that catch it," said one of the sergeants. "That comes quickest to the mind of the man seeking an alias. The consequence is that in our index book we are almost out of space in which to write up the Smith arrests.

"One would think that the man adopting the alias of Smith would then take the common name of John, but instead of that he exerts more care in the selection of a first name. Of course we have numerous John Smiths but nothing like the number one would expect.

Brown and Jones are other popular aliases adopted by those who have been arrested for the first time. More hardened cases always adopt more high-sounding names.

Names of Actresses.

"Women are not prone to adopt the more plebian aliases and our books will show that the names of well known actresses have been temporarily appropriated by our unwilling guests.

"Drunks are about the only prisoners who, as a class, do not attempt to disguise their indentity. Their condition is generally such that they do not care.

"If those adopting only knew how useless their aliases usually are they would not bother.

"The man with a previous criminal record is bound to be found out while in the case of others, friends come down to bail them out and invariably ask for the prisoner by his real name. Some of them have been the victims of hard luck, for when their friends call up by phone and ask for them by their real name we cannot tell them whether they are here or not as aliases have been given so the man who thought he was kidding the police has to remain in a cell all night, where, if we had known his right name, he would have been bailed out.

"The giving of an alias as a rule does little harm to anyone, but occasionally some of those arrested go further and appropriate the street addresses of persons who are surprised to get unwelcome notoriety through their home being mentioned in the press as the address of some arrested thief or lawbreaker.

Many Get Found Out.

"There is nothing the police can do to force a man to give his correct name if he does not wish to, and they accept the one he gives; but when his real indetity is established the correct name is noted on the charge book along with the alias, and there are exceedingly few cases where the real indentity has not been discovered.

SKELETON FOUND REVEALS PROBABLE SUICIDE CASE

SUDBURY, Nov. 2.— (Canadian Press.)—What appears to have been a deliberate case of suicide about eighteen months ago, came to light when a farmer named Hampton discovered the skeleton of a man in a bush near Long Lake. Provincial police believe it is that of John Tutinen, widower, of Copperciffe. Tutinen at the time was despondent and had gone to Long Lake district to look for work. He had then only eighty cents in his name, and this amount was found in the pocket of his clothing. The skeleton was found with the head suspended from a small tree by a shoe string.

WIDOW OF MURDERED RECTOR DISCUSSES MURDER MYSTERY

Mrs. Frances Stevens Hall Submits to Her First Interview Since Crime Was Discovered — Had Nothing New to Offer.

NEW BRUNSWICK, N. J., Nov. 2.—"What comment could I make? Of course that was not so, and that is all."

With these words, Mrs. Frances Stevens Hall opened yesterday her first interview, an interview planned by her counsel, in connection with the Hall-Mills murder mystery.

For the first time since she was widowed by the slaying of the Rev. Edward Wheeler Hall and his choir leader, Mrs. Eleanor Reinhardt Mills Mrs. Hall had emerged from the seclusion she has maintained for seven weeks, meeting a small army of newspaper reporters in her home, and subjecting herself to an hour's bombardment of questions.

At the end she retired as she had entered the room, wan but composed. She had shed no light on the mystery. Hers was a negative story. It amplified but did not materially alter the statements previously made on her behalf by counsel and friends.

Briefly it was that Dr. Hall had started out to his doom, saying that he was going on an errand of mercy—to discuss with Mrs. Mills a hospital bill which he was paying with church funds; that he was slain by a person and for a motive of which she has not the slightest conjecture; and that her memory of him is unsullied by the scandal in which his name has been involved.

It was half past two o'clock when Timothy N. Pfeffer, Mrs. Hall's lawyer, escorted her into the quaint library of the big Hall home, where 22 reporters were waiting in serried ranks.

A Trying Ordeal.

He introduced her and withdrew, leaving her alone to her ordeal of personal publicity—an ordeal from which she says that she has shrunk since youth.

Attired in a gown of black canton crepe with a light scarf of black silk about her shoulders, she seated herself in an old fashioned rocker.

At a round mahogany table at her side sat two court stenographers, to make a transcript of the interview.

The reporters watching her roving gaze with intent stares, saw a rather plump woman of 47—pale, obviously tired, and slightly nervous. Her gray hair was brushed back in a high pompadour that emphasized slightly the long oval of her face.

She braced one hand on each arm of her rocker, and the interview was on.

"Have you any comment to make, Mrs. Hall," the spokesman began, "on that part of Mrs. Gibson's story (Mrs. Jane Gibson, the so-called eye-witness of the slaying) in which she says you were present on the Phillips' farm on the night of September 14th?"

Mrs. Hall replied: "What comment could I make? Of course that was not so, and that is all."

"You were not there?"

"I certainly was not."

Could not Remember.

For an hour then one reporter after another volleyed questions at her taking her over her story of her actions before and after the murder; quizzing her sharply for any possible knowedge she might have had on the rector's affairs with Mrs. Mills; seeking some point at which an entering wedge could be driven into her story.

Three or four times she took refuge behind the reply, "I cannot remember," and on other questions she refused point blank to answer. But throughout the interview she maintained that she always had believed, and still believed, in the faithfulness of her husband to his marriage vows.

Brushin gaside the letters and the diary which her counsel admits were written in a hand remarkably similar to that of the slain minister, she declared:

"I had such faith in my husband. If he weer here he could explain."

She said that she had not even read the documents, most of which have been published in the newspapers, asserting, "they did not seem to interest me at all."

When she was pressed to express an opinion as to whether she did not think they might have a bearing on the solution of the murder, she said: "I don't even see that that would tell you who was the criminal."

"Don't you think it widens the sphere of motive if a married man and a married woman are conducting an illicit love affair?"

"I suppose it would."

The three questions Mrs. Hall refused to answer were:

First, a request for her estimate of the character of the woman slain with her husband.

Second, whether or not she believed in divorce, and would have sought a divorce if she had known of intimacy between Mr. Hall and Mrs. Mills.

And third, where Mr. Hall got half of the $20,000 in securities found in his safety deposit vault, and with which he was reported to have planned an elopement to the Orient with Mrs. Mills.

Her lawyer later explained that he refused to discuss the origin of the funds because she herself had given them to him and she felt a delicacy in going into a personal matter.

The questions on divorce came more nearly arousing her to resentment than any of the others flung at her in the long siege.

"I won't answer any such question," she flashed, almost before its propounder had finished.

Mrs. Hall was apparently deeply affected when the questions regarding Mrs. Mills were put, moving restlessly in her chair and folding her arms tightly across her chest.

"Was Mrs. Mills a vamp?—do you think she was a woman of good character?" one of the questioners barked near the end of the interview.

"I don't care to say."

"You do not think she deliberately set her cap for Mr. Hall?"

"I never saw any indication of it."

"Now, what do you think?"

"I do not know. I do not know—what—to—think."

The widow maintained throughout the interview that she harbored no malice toward her husband's slayer, and that she was not personally interested in seeing the murderer punished although she said she hoped for the good of society to see the guilty person or persons apprehended.

QUIET HALLOWE'EN IN HASTINGS TOWN.

But Main Bridge Looked Like Bailiff's Sale of Farm Chattels.

HASTINGS, Nov. 2.—Hastings resembled a deserted village Wednesday morning. But the boys celebrated Hallowe'en in a very quiet manner. The only place picturesquely decorated was the main bridge over the Trent Canal, which resembled a bailiff's sale of farm chattels. Every piece of machinery was there, from a stone boat to a threshing machine, and traffic was blocked for a few hours.

Personal News.

Messrs. L. Lamey, J. Lamey, J. Doherty spent Wednesday in Campbellford.

Hylton White was in Warkworth on official business Wednesday.

Mrs. A. V. German returned home Wednesday from visiting friends in Campbellford.

C. R. Fowlds, of Fowlds Co., Ltd., has returned home from a two weeks' duck hunting holiday at Margants Island. Charlie reports the ducks plentiful up that way.

Mrs. Geo. Lynch left on Thursday to visit friends in Toronto.

F. Long Co., of Campbellford, have opened a branch store in the Spellman block.

Mr. and Mrs. John O'Sullivan spent Wednesday in Campbellford.

On the Night before Wash Day

DO this, and you will have a pleasant, easy, work-free wash-day—with wonderfully clean sweet clothes:

For each tub of clothes take half a package of Rinso, dissolve in just enough cool water to make it as thick as cream. Then stir in two quarts of boiling water, and stir well. When the bubbles disappear you will have a clear, amber-colored liquid that is the magical Rinso washing solution. Pour it into your tub of cool or lukewarm water, and put in the clothes and soak. For extra hard water or extra dirty clothes add more Rinso solution.

In the morning rinse thoroughly and hang out to dry—the washing is done! That's why Rinso is different from all other Soaps and Washing Powders.

At All Grocers **Rinso** Made by the makers of LUX

IN MILLBROOK AND DISTRICT

Missionary Auxiliary Met Yesterday — Funeral of Mrs. Thomas Medd — Personals.

MILLBROOK, Nov. 2.—The Women's Missionary Auxiliary of the Methodist Church held their meeting yesterday at the home of Mrs. William Mullen, with a large number of members in attendance. After the routine business had been disposed of the Watch Tower was taken up, and in responding to Christian Stewardship Mrs. Fred. Smith gave a most interesting reading, entitled "The Mother Behind the Preacher." Miss Estelle Hetherington took up the second chapter from the study-book, which was of an unusual character and dealt with the industrial side of mission work—really presenting practical Christianity and showing what it is doing to counteract famine, disease and destitution, resulting from ignorance, dirt and superstition amongst heathen people. The book, "World Friendship, Inc.," is a new one this fall, and promises to be both interesting and instructive from a standpoint somewhat different to that of the studies of past years.

Mrs. Mullen served dainty refreshments at the close and a very pleasant social hour was spent before the guests left for home. The next meeting, which is in December, is the Christmas gathering, will be held at the home of Mrs. W. Lowes.

Attended the Match.

Amongst those from Millbrook and vicinity who attended the ploughing match at Baltieboro on Tuesday were: Messrs. J. N. McGill, R. J. McKnight, W. E. Ball, Reid Ball, Rev. E. Russell, W. Belch, H. Elson, H. Argue, A. J. Henderson, Rev. Canon Allen, H. Tait, H. R. Armstrong, L. Henderson, R. O. Larmer, L. H. Winslow, Tas. Hutchison, J. McKnight, J. R. Eakins, M. Brock, W. G. Hetherington, M. Ball, T. A. Kelly, I. W. Larmer, B. Sharpe, T. Harkness, W. McKnight, W. Walsh, H. Seabrooke (Peterborough), Hiram Fallis, H. A. Fallis, L. Hutchison, J. Cathcart, W. H. Hutchison, R. Swain, J. A. Vance, H. Grassett, H. A. Earle, E. Keegan, Jas. Thompson, A. J. Fallis, G. Elgar, S. Hall, Clifford Hall, M. Perrin, J. Thompson.

Funeral Yesterday

The funeral of the late Mrs. Thomas Medd, who passed away suddenly on Sunday, Oct. 29th., in her 77th year, took place from St. Thomas Church, Millbrook, at 1.30 p.m. yesterday, the rector, Rev. Canon Allen assisted by Rev. C. R. Spencer, having charge of the services both at the church and graveside. A large number of friends of the deceased, who had spent almost her whole lifetime here, gathered at the church for the solemn and impressive service. The scripture lesson was the 90th Psalm, the Song of Moses which illustrates so beautifully the Christian dwelling-place, and also from the 15th chapter of Paul's first letter to the Corinthians and the hymn used, "Lead Kindly Light", and "Peace Perfect Peace", expressed the same thought of hope and joy even in the midst of sorrow because of the assurance of Divine power, comfort and guidance. The pall-bearers were Messrs. W. Ackermann, C. Ackermann, R. Fair, D. Davidson of Peterboro, F. W. Medd of Montreal, and A. A. Needler, Millbrook. Many beautiful floral tributes were laid upon the casket and the sympathy of the entire community is extended to the two sons, Mr. S. T. Medd, of Peterboro, and Mr. F. W. Medd, of Montreal, both whom spent their boyhood days here.

Friends from Peterboro who were present at the church included Misses C. and M. Dickson, Mrs. Davidson, Miss J. Davidson, Miss H. Munro, Mr. and Mrs. S. T. Medd, and their two children, Mary and Scott, Mr. Ackerman, Sr., Mr. R. Fair, Mr. Dickson Davidson, Dr. D. C. King, Messrs. W. and C. Ackermann.

Interment took place in the family burial-plot at St. John's cemetery, Cavan.

Special Services

The Cavan Methodist church is holding its anniversary services on Sunday, November 5th., when Rev. H. M. Manning, of Peterboro, will preach the sermons for the occasion.

On Monday, November 5th, (Thanksgiving Day) the annual fowl supper will be served in the basement of the church, and afterwards an excellent program will be given by talent from Peterborough, Port Hope, and local artists. If the weather is favorable there will doubtless be a record attendance at both the Sunday's services and the entertainment the following evening.

Personal Mention

Mr. and Mrs. B. R. Raper, Mr. and Mrs. P. I. Bentley, Mr. and Mrs. G. W. Sayles, Mrs. Woodhouse, Misses Margaret Wood, Anna Keils, L. Clarke, and Mr. E. Morden were amongst those from Millbrook who motored to Peterboro, last week to attend "The Bat" at one of the local theatres.

Mrs. C. Needler, who has been the guest of her sisters, the Misses Roddick, in Cobourg, for the past week, returned home on Tuesday.

Mrs. Nicholls sr., with her grand daughter, Amelia of Port Hope, and Mrs. Cole, of Bowmanville, motored to Bailieboro on Tuesday, and were guests of Mr. and Mrs. S. R. Nicholls.

Rev. Mr. Harrington of Toronto will hold a public meeting in the Town Hall here on Wednesday, November 8th., in the interests of the Bible Society. The meeting will be at 8 p.m. and it is hoped there will be a large attendance and a liberal support give to this worthy cause.

The many friends of Mr. Wilfrid Elson, who has been seriously ill with an attack of flu which settled on the lungs, and who suffered a severe relapse recently, will be glad to learn that he has rallied again, and is now on the road to recovery, though his convalescene is necessarily slow.

98 Out of Every 100 Women Benefited

An Absolutely Reliable Statement Important to Every Woman

Remarkable Results Shown by a Nation Wide Canvass of Women Purchasers of Lydia E. Pinkham's Vegetable Compound. — 50,000 Women Answer —

For some time a circular has been enclosed with each bottle of our medicine bearing this question: "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

Replies, to date, have been received from over 50,000 women answering that question.

98 per cent of which say YES.

That means that 98 out of every 100 women who take the medicine for the ailments for which it is recommended are benefited by it.

This is a most remarkable record of efficiency. We doubt if any other medicine in the world equals it.

Think of it—only two women out of 100 received no benefit—98 successes out of a possible 100. Did you ever hear of anything like it? We must admit that we, ourselves, are astonished.

Of course we know that our medicine does benefit the large majority of women who take it. But that only two out of 100 received no benefit is most astonishing.

It only goes to prove, however, that a medicine specialized for certain definite ailments—not a cure all—one that is made by the most scientific process; not from drugs, but from a combination of nature's roots and herbs, can and does do more good than hastily prepared prescriptions.

You see, we have been making, improving and refining this medicine for over 50 years until it is so perfect and so well adapted to women's needs that it actually has the virtue to benefit 98 out of every 100 women who take it.

It's reliability and recognized efficiency has gained for it a sale in almost every country in the world—leading all others.

Such evidence should induce every woman suffering from any ailment peculiar to her sex to try Lydia E. Pinkham's Vegetable Compound and see if she can't be one of the 98

THE LYDIA E. PINKHAM MEDICINE CO., Cobourg, Ont. and Lynn, Mass.

OBITUARY

ROBERT SANDERSON.

The death of Robert Sanderson occurred yesterday afternoon at his home, Concession 10, Lot 3 and 4, North Monaghan.

Besides his sorrowing wife he leaves to mourn his loss two sons, William G. of Toronto, and Bert at home. Also three daughters, Mrs. J. W. LeBarr of this city, Miss Annie of Toronto, and Ella at home.

The funeral will take place from the family residence Friday afternoon, service commencing at 1.30, conducted by the Rev. G. I. Craw, of Springville Presbyterian church. Interment at Little Lake cemetery. (Motors.)

RUB RHEUMATISM OR SORE ACHING JOINTS

St. Jacobs Oil stops any pain, and rheumatism is pain only.

Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating St. Jacob's Oil right into your sore, stiff, aching joints, and relief comes instantly. St. Jacob's Oil is a harmless rheumatism liniment which never disappoints and cannot burn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest St. Jacobs Oil at any drug store and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. St. Jacob's Oil is just as good for sciatica, neuralgia, lumbago, backache, sprains.

LADIES! LOOK YOUNG, DARKEN GREY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody Will Know.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears, after another application or two, its natural color is restored and it becomes thick, glossy and lustrous and you appear years younger.

Fruits—Bananas, 30-50c doz., 10c lb.; C.lif. navel oranges, 40c-$1.20; grapefruit, 10-15c each; lemons, 80c doz.; mixed nuts, 25-30c; cocoanuts, 15c; Smyrna figs, 45-50c lb.; green peppers, 3 for 10c; watermelon, 25 to 50c, each; Snow apples 70c peck; Wealthy apples, 40c peck; Red Roger, 60c basket; pickling pear, 50c peck, 60c basket; Duchess pears, 85c basket; Keefer pears, 75c basket; California honeydew melons, 60c each; cranberries, 20c qt.; Wolf River Apples, 30c peck; chestnuts, 60c lb.; California grapes 30c lb.; quince, $1.25 basket; grapes, 55-60c basket.

Fish—Pink salmon, 20c lb; white fish, 15c.; haddies, lb., 18c.; boneless 25c; halibut, 30-35c lb.; red salmon, 25c lb.; salmon trout, 20c lb.; kippered herring, 30c lb., oysters, 65c pt.

Hay—Old hay baled, $20; new loose hay $15 to $16; new hay baled, $17; straw, $12-$15.

Meats—Beef, 10-30c lb.; hens, old, 25c; chickens, 35c; ducks, 35c; live hogs, $9.75; dressed hogs, $17.00; bacon, 37-50c; pork, 24-39c; sausage, 14-20c; veal, 5-30c; lamb, 15-35c.

CASH GRAIN.

MONTREAL, Nov. 2. — (Canadian Press.)— The foreign demand for grain here yesterday was much quieter than of late and the cash grain trade showed little demand.

The condition of the flour market is unchanged.

A very firm feeling obtains for millfeed and demand for rolled oats was steady.

Local trade in baled hay was quiet.

The tone of the egg market was firm and offerings in potatoes were ample without price changes.

Prices for butter were maintained. The cheese market was strong with every indication of higher prices in the near future.

STERLING RATES.

MONTREAL, Nov. 2. — (Canadian Press.) — Sterling exchange rates were quoted here yesterday: Demand 4.4628; cables 4.4653.

WINNIPEG CATTLE.

WINNIPEG, Nov. 2.—(Canadian Press,)— Receipts yesterday 2,400 cattle, and calves; 1200 hogs and 540 sheep and lambs.

There was a slower trade in progress on the cattle market yesterday morning due principally to the lack of quality among the offerings. The few good butcher cattle available and the better kinds of stockers and feeders appeared to move under a liberal enquiry at steady prices but the remainder of killing classes and the more common stockers and feeders were somewhat draggy with bidding showing a slightly easier tendency.

The sheep and lamb market maintained a firm tone. The bulk of good lambs from 10.50 to 11.00 and good light mutton sheep from 6.00 to 7.00.

Hog market was weaker and early bidding for thick months was at 9.25, around 25 cents lower than Tuesday.

CHICAGO CATTLE.

CHICAGO, Nov. 2.— (Canadian Press.)— Cattle, receipts 14,000; market slow, uneven; native beef steers, she stock and veal calves about steady; bulk run short fed and western grassers. Top matured beef steers, 13.50; weight 1,510 pounds; several loads 13.00 and 13.50; bulk beef steers of quality and condition to sell at 8.50 and 11.00; western grassers, stockers and feeders, weak to 15c. lower; bulk western grassers 6.50 and 7.00; bulls strong to 10c. higher; bulk bologna bulls, 3.85 and 4.00; few heavies 4.25 and above. Bulk veal calves to packers 9.50 and 10.25; bulk stockers and feeders 6.00 and 7.00.

Hogs, receipts 19,000; steady, with Tuesday's best time. Bulk 150 to 210 pound average 8.30 and 8.40; good 220 to 260 pound butchers 8.40 and 8.45; one load 8.50; bulk packing sows 7.15 and 7.50; desirable pigs mostly 8.50; estimated holdover 8,000.

Sheep, receipts 23,000; fat lambs steady to 25c. lower; top natives 14.00 to city butchers, 13.75 to packers; bulk 13.50 and 13.65; culls mostly 10.00 and 10.50; 900 tops from five cars Idaho lambs 13.00; seven cars Montana lambs practically straight at 13.40; one load choice 92 pound fed western lambs 14.00; fed, clopped lambs 12.50, average 90 pounds; feeders weak to 25c. lower; one load 56 pound feeding lambs 13.50; bulk 13.00 and 13.50; 700 western feeding ewes 5.25, with 120 out. Sheep, steady; heavy fat ewes 4.50 and 5.50; lighter weights up to 7.50.

CHICAGO WHEAT.

CHICAGO, Nov. 2.— (Canadian Press.)—Assertions that the winter wheat acreage of 1922 would show a reduction of 10 per cent., compared with last year, had much to do with bringing about more active dealings and decidedly higher prices in the wheat market yesterday. Closing quotations were unsettled at net gains of 1 1-2 to 2 3-4c., with December $1.16 1-2 to $1.16 5-8 and May $1.14 to $1.14 1-8. Corn finished 1 5-8 and 3-4c. to 2c. up; oats 3-8 and 3-4c. advance, and provisions varying from five cents decline to a rise of two cents.

BURDOCK BLOOD BITTERS

Relieved Her of Headaches

Headache seems to be habitual with many people, and some, if any, are seldom free from it, suffering continually, and wondering why they can get no relief.

In all cases of headache the treatment should be directed to the removal of the cause, and with the cause removed the headaches will vanish.

It is impossible to find a better remedy for headaches of every description than can equal B. B. B., acting as it does on every organ of the system.

Mrs. Douglas Riseborough, 280 McKenzie St., Sarnia, Ont., writes: "Having suffered from severe headaches for a considerable length of time I decided to try Burdock Blood Bitters, and found that it helped me wonderfully. It relieved the headaches, and I noticed a decided improvement in my health."

Burdock Blood Bitters is a remedy that has been on the market for the past forty-four years, so you don't experiment with some new and untried medicine. It is put up only by The T. Milburn Co., Limited, Toronto, Ont.

DUCK SHOOTING GOOD AT OMEMEE

Visitors Return Home With Large Bag of Wild Fowl—Omemee News.

OMEMEE, Nov. 1.—Mr. Owens and Mr. C. Swanston of Toronto, who have been duck shooting on our river for the past week, have returned to their home in Toronto, taking with them a wonderful array of the wild fowl.

Mrs. Holtworth of New York, is spending a few days with her cousin, Mrs. T. Boyd.

Mr. Walter Stocker of Peterborough, was a business visitor in town on Saturday.

Mr. James Boxall, of Lindsay, was a business visitor in town last week.

Mr. Ed. McConnell of York, attended the funeral of the late Mrs. Edward Sheridan on Sunday.

Mr. and Mrs. Claxton, of Lindsay, weer the guests of Mrs. R. F. Stillman at the parsonage on Sunday.

Mrs. McGregor of Renfrew, is spending a few days at the home of her friend, Mrs. A. Johnston.

Mrs. Lowery Johnston left last were the guests of Mrs. R. F. Stillter spending a few days with Mr. and Mrs. Robert Johnston.

Mr. Lawrence McGaughey, of Lindsay, visited his sister, Mrs. Wilbert Fee on Sunday.

Miss Menzie has returned to her home in Peterborough, after a pleasant visit with friends in town.

Mr. and Mrs. Harry Lush attended "The Bat" in Peterborough on Saturday.

Mr. and Mrs. W. G. Stephenson have returned home after a pleasant week spent with friends in Toronto.

Rev. E. R. James attended the funeral of a friend at Alliston last week.

Mr. William Robinson was in Lindsay on business during the past week.

Mrs. J. Henderson of Cobourg, is recuperating at the home of her sister, Mrs. Bert Sanderson after a recent successful operation for appendicitis.

Miss Gladys Fee was a visitor to Peterborough on Saturday.

Mr. and Mrs. L. A. Mahood visited the latter's borther, Mr. F. C. Nugent of Lindsay, on Saturday.

Miss Susie Clarke, who is general duty nurse in the hospital at Cochrane, is spending a month's vacation with her parents, Mr. and Mrs. N. P. Clarke.

Mr. George Balfour of Lindsay, visited his brother, Mr. Gabriel Balfour in town on Saturday.

Arrangements are under way for the annual High School commencement.

Messrs. Callendar and Ross, of Astabula, N.Y., are spending a week duck shooting down the river. These gentlemen visited here when the fishing season was at its best and were so pleased with their catch they have returned to try their skill at duck shooting before leaving on a deer hunt near Sudbury.

Dr. G. N. and Mrs. Earl and Mr. and Mrs. A. Weaver motored to Peterborough to attend "The Bat" on Saturday.

Messrs. H. and J. Larkin of Toronto are visiting their brother, Mr. Chris. Larkin.

Mr. W. G. Stephenson was in Peterborough Saturday on business.

Messrs. Gordon Bradley and Vernon Long returned last week after spending the past two months in the west.

Miss L. Curry has returned home after spending a few days with her sister, Mrs. Kimpton in Toronto.

Mrs. T. A. MacPherson attended the W.M.S. convention of the Lindsay district in Lindsay on Thursday.

Rev. Francis Johnston of Lindsay, was a visitor in town last week.

Mrs. M. Dodds left on Monday to spend the winter with her niece at Mt. Ridges.

Mr. Ira Rehill attended the funeral of the young son of Mr. and Mrs. James Wilson at Port Hope on Thursday.

Mr. Vincent Howden and his sister, Miss Lottie Howden, spent the week end with friends at Oshawa.

A Practical Prescription For Sour, Acid Stomach

Nine-tenths of all cases of stomach trouble nowadays are caused by too much acid. In the beginning the stomach itself is not diseased but if this acid condition is allowed to continue, the acid is very likely to eat into the stomach walls and produce gastritis with stomach ulcers. This may render a radical surgical operation necessary even to prolong life. Therefore, an "acid stomach" is really a dangerous condition and should be treated seriously. The excess acid or stomach hyperacidity can easily be neutralized by Bisurated Magnesia taken in teaspoonful doses in a glass of water after each meal. Larger quantities may be used if necessary as it is absolutely harmless. Be sure to ask your druggist for the pure Bisurated Magnesia especially prepared for this purpose.

CROP REPORTS

Following is a summary of reports made by the Agricultural Representatives to the Ontario Department of Agriculture:

The past week has furnished ideal weather for agricultural work, and most farmers have taken full advantage of it. Root harvesting is practically completed, and a considerable acreage has been plowed under. Threshing and other rural activities have also been engaged in. Some farmers are now arranging to drop regular hands and hire men for the day or for days as the work may call for.

The new fall wheat never looked better, judging by the unanimity of the reports in this regard. There is little or no mention of injury by the fly, and as a rule the top is heavy enough to meet the snow.

Kenora reports an average of 600 bushels of turnips per acre. A settler at Oxdrift threshed 800-bushels of oats from a 14-acre field, the grain running 39 lbs. to the bushel.

Welland states that apples range in price from $1 to $1.50 a bushel. Norfolk says that 60c a bushel orchard run is being paid in that county. Simcoe puts the average prices paid farmers at: Spy, $3.25 a barrel; Wagner, Snow and Peewaukee, $2.

Lincoln reports: "Large quantities of apples are being shipped in practically every kind of package known to the trade—boxes, baskets, barrels and a great many in bulk. They are netting about $1.50 per barrel to the farmers off the trees."

Huron says: "Apples are being shipped in every conceivable package and are bringing all the way from 35c per bag for evaporater apples to 50c per bush. for good domestic apples, shipped in bulk, and $1.50 per barrel for Nos. 1, 2 and 3 when picked by the farmer. All told these prices are about as satisfactory as our farmers have ever received here."

Harvesting of the grape crop is now practically completed. The sales have been made by the Niagara District Grape Growers' Association at about $75 a ton latterly. About 95 per cent. of the crop has been handled by this association and in a very orderly way."

Peel says: "At a recent sale of high-grade Ayrshires, prices ranged between $80 and $95. A carload of Percheron horses (all grey) was shipped from a local point this week."

Elgin states that at a pure-bred Shorthorn sale here this week prices were very discouraging, many animals not bringing more than beef prices.

Leeds reports: "A sale of high-grade pure-bred Holstein cattle was held on Tuesday last near Brockville. The breeder is one of the best known cattle men in Ontario, and probably has some of the best stock in America. Fifty head were sold. The highest brought $1,350, which was considerable below the prices which it was expected the best ones would bring.

Welland says that a number of farmers in that county have been purchasing western cattle to feed, paying from $3.25 to $4.25 per cwt. for same.

Kent remarks: "A number of stockers and feeders have been brought into the county, and the quality is high. Two carloads of Western cattle were brought in of real excellent quality. Of course, this stock was selected by the men intending to feed them. These men went to Winnipeg and brought back five carloads which were placed in the vicinity of Kent Bridge."

Grade cows are selling around $40 in Glengarry.

Everywhere lambs are being delivered. Prices are maintaining well. Many buyers are in the ring for the docked and castrated lambs, which are selling for 50c to $1.00 per 100 more than uncared for stock. It is paying to dock and castrate this year. Lambs should be graded at Toronto; hogs will be. The uncastrated lamb would then be sold at a heavy discount after July 15th. There would not be such serious losses with lambs arriving unexpectedly in the midst of winter, which would be another advantage.

AGE OF BREWING.

Prohibition may last a long time, but it is doubtful if it will reach the venerable age attained by brewing. Doctors Flinders Petrie, of the University of Pennsylvania, recently unearthed near Cairo a model of an Egyptian brewery 3,700 years old. The model, which is thought to have been made about 1800 B. C. shows a dozen workers making beer from barley. It will be placed on exhibition in the University's museum.

FASHION-CRAFT
CLOTHES

"Wanted: An Executive of good appearance"

HOW often that is the first stipulation when business men select men for important positions! Look your best. No business man—or woman—quite forgives a man who doesn't.

Fashion-Craft Clothes, signed like a cheque, with the Fashion-Craft autograph label, will bring out the good points in your personality.

Try them on and realize how perfectly they fit. Examine them after you have worn them a month and see how well they retain their shape.

Though hand-tailored and exclusive, the prices range from $35 to $65, thus meeting the requirements of men who wish to dress well at moderate cost.

PROF. SANDWELL GAVE ADDRESS

Opening Meeting of the Local Women's Canadian Club.

The first meeting for this season of the local Women's Canadian Club, occurring in conjunction with the celebration of Canadian Book Week, was marked by the fitting and appropriate address on "Why We Need Canadian Books," delivered by Prof. B. K. Sandwell, of McGill University, Montreal.

Prof. Sandwell, who is also editor of The Canadian Bookman and secretary of the Canadian Authors' Association, spoke on the need of Canada for a distinctive Canadian literature, and the duty devolving on Canadians to form what he termed the "audience" for the Canadian author.

"We have been accused, because of our efforts to inaugurate a Canadian book week and to encourage the reading of strictly Canadian literature, of conducting an advertising propaganda," said the speaker, "We are doing nothing of the kind."

Referring to the geographical position of Canada, in its small population scattered over a large area, the Professor said that Canadians were peculiarly situated with regard to the production of literature. Their attention was constantly claimed by the work of British and American authors, and the critics of these countries ignore to a great extent the efforts of Canadian writers. In this connection, reference was made to unjust and unthinking criticisms of Canadian books made by the Literary Supplement of the London Times.

Importance of Canadian Authors.

"It is just as important that there should be Canadian books as that there should be Canadian manufacturers," said Prof. Sandwell. "Literature performs an important and useful function in the development of a nation, but the attitude of mind that regards literature as a body of deceased and embalmed books, outside of whose covers nothing more of worth can be produced, is entirely wrong. It is really a process of production that is now going on in our midst."

The importance of a proper audience for Canadian literary work was particularly stressed, as an absolutely necessary adjunct to the production of worth-while books. Authors, through their powers of trained observation, their special knowledge, their study of social and economic conditions, were able to interpret Canadian life and Canadian manners in a way impossible to the untrained intellect, but it was necessary that encouragement be afforded their efforts.

Canadian Painters Prominent.

Referring to Canadian painters and Canadian dramatists, the speaker said that the Canadian stage belonged almost exclusively now to American producers, and that the Canadian playwright had no chance for success in his own country, unless the formation of a chain of small community theatres, which was being encouraged by a small group of men, were continued.

The artists of Canada were in better shape, owing to the entirely new field of art open to them in delineations of purely Canadian subjects, the scenery and atmosphere of the Dominion being strongly characteristic, with nothing to compare with it anywhere in the world outside of the Scandinavian peninsula, where certain aspects of nature were similar to those of Canada.

"From the Blue Books of the Alberta Government, you may obtain an accurate knowledge of the number of reaping-hooks imported into that province in the year 1921, but where can you in the east here obtain a knowledge of the spiritual or mental life of its people unless it is from the works of the men who interpret these things to you through books."

Bilingual Difficulties.

One of the great difficulties in a mutual understanding by the inhabitants of the Dominion of the spiritual and mental processes of other sections was the difference in language between the English and the French speaking inhabitants, a gap which had been bridged to a great extent in recent years, declared the speaker, by the work of one man, Louis Hemon, in his "Maria de Chapdelaine," a book which had received a very lukewarm reception from the reading Canadian public on its publication, but was acclaimed later as a work of genius after it had received the seal of approval from the Parisian critics. "The author might have died of starvation before the Canadian public awoke to a proper appreciation of his work," but the plight of Canadian authors who were forced to seek other, more lucrative but less inspiring, fields of endeavour to prevent this consummation was regarded as a sign of laxity in Canadian people, who would not support the efforts of their own countrymen to enrich the art of their land.

The speaker also questioned the advisability of authors whose work in literature was notable of engaging in other branches of endeavour, such as the campaign now being carried on by Emily Murphy of Edmonton, the well-known writer, against the drug traffic in Canada.

R.N.W.M.P. in New Light.

Much literary work was done according to preconceived ideas of what the public would like, said Professor Sandwell, referring to the flood of works on the market that depicted for foreign readers the life of Canada in ways that would be supposed to appeal to their imaginations. The novels which portrayed the Royal North-West Mounted Police, for instance, as constantly engaged in rushing around after criminals and shooting off their revolvers, were not as truthful, according to him, as the recent work of Robert Stead, entitled "Neighbours,' where the R.N.W.M. policeman was depicted mainly in the role of an ardent lovemaker, which role, declared the Professor, was far more true to life. "I am glad to see my friend Stead has pictured the R.N.W.M. policeman in a natural manner."

The duty of Canadians, the speaker summed up, was to provide an adequate audience for the work of their own countrymen, to applaud that work if it were veracious, to hiss it if it were presented as a cheap imitation and obviously intended to appeal to imaginary ideas of those who are not familiar with conditions in this country, and to take at all times an appreciative and critical interest in the work of Canadian writers.

A hearty vote of thanks to the speaker was moved by Mrs. Robert Harstone, seconded by Mrs. C. R. Widdifield, and presented by the president, Miss A. M. Lancaster, for his "extremely stimulating and thoughtful address."

If Piles, Send For Pyramid

Pyramid Pile Suppositories Are Known Everywhere for the Wonderful Relief They Have Given.

If you are one of those unfortunates struggling with the pain and distress of itching, bleeding, pro-

truding piles or hemorrhoids, ask any druggist for a 60 cent box of Pyramid Pile Suppositories. Take no substitute. Relief should come so quickly you will wonder why anyone should continue to suffer the pain of such a distressing condition. For a free trial package, send name and address to Pyramid Drug Co., 620 Pyramid Bldg., Marshall, Mich.

"It's Confidence That Counts"

Used Cars For Sale at the Duffus Motor Sales

Now is the time to buy a Good Used Car.

Prices were never lower; quite likely to be higher in the Spring.

We may have just the Car that you have been looking for.

No. 238—Ford Light Delivery, with wire screen body, newly painted and in running order, good tires. Reduced to $150

No. 254—A Dodge Touring Car, 1918 model. Owner is willing to sacrifice. Splendid tires and splendid appearance, 1922 markers. See this if you want a bargain.

No. 256—Ford Touring, 1922 markers. Reduced to $140

No. 267—McLaughlin Light "Six." Our customer has reduced the price from $375 to $285 for quick sale. This car is in good working shape, and has good tires, some of them are new, 1922 markers. Will take lighter car in trade.

No. 268—Ford Roadster, with a box on it, 1922 markers, good running order, good tires. Price only $160

No. 279—Ford Light Delivery, in the best of mechanical condition; must be sold. Price reduced to $165

No. 281—Ford Roadster with box, good tires and good appearance. Price reduced to $165

No. 285—A splendid Ford One-Ton Truck, with 1922 markers, freight platform and stake sides, and a grain box with a capacity of about 80 bushels loose grain. Investigate this.

No. 289—1921 Ford Sedan, splendid tires and splendid mechanical condition; about as near like new as you would expect to find. See this at once.

See us if you want a Good Used Sedan or Coupe. Also a Used Ford One-Ton Truck at a very low price.

If you do not see in this list just what you want, let us know, and we will make every effort to get it for you.

Free Demonstration in any car that you think would suit.

Free Instructions on driving and how to take care of your car. Clear title guaranteed.

GASSED OVERSEAS SHELL SHOCKED AND RHEUMATISM

Mr. F. M. Blaquiere, Morinville, Alta., writes: "After three years service overseas I returned to Canada almost a complete wreck. I had been gassed and was suffering from shell shock and rheumatism, and was so nervous I could not sleep at night. I tried many medicines and doctors but none of them did me any good for any length of time. I got so bad in the fall of 1919, my hands were so shaky I could scarcely hold anything, and it seemed as if I had a steel band pressing on my head. The least excitement would almost drive me into fits, and my whole system seemed to be in disorder. I had cramps in my legs nearly every night, and hot and cold chills running up and down my back nearly all the time. One day I decided to try Milburn's Heart and Nerve Pills and after I had taken six boxes I began to feel better. I kept on using them and after a while I was completely relieved."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

MR. TAPLIN HERE FRIDAY AND SATURDAY.

May Be Consulted at the Peterborough Store, 376 George Street.

V. E. Taplin, President and General Manager of Natural Tread Shoes of Canada, Limited, will be at Taplin Shoes of Peterboro store, 376 George street, on Friday and Saturday mornings 9 to 12 and may be consulted by those interested.

Mr. Taplin is conceded to be the leading authority on foot conditions produced by wrong shoes, and through hygienic shoes many thousands have been made happy.

Start now—protect your feet—don't wait until correction is necessary. (Advt.) 2d

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities, and found to be superior to 10 ordinary oil lamps. It burns without odour, smoke, or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, F. S. Johnson, 246 Craig Street, W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without experience or money make $250 to $500 per month.

MRS. EMMELINE PANKHURST

is registered at the Empress Hotel to-day. She will be here until to-morrow in the interests of the Social Hygiene Council.

Will not spread or get lumpy.

MICKEY WALKER NEW BOXING TITLE HOLDER

Defeats Champion Britton in Furious Clash

NEW YORK, November 2 (Canadian Press). — Mickey Walker, of Elizabeth, N.J., became the new title-holder boxing champion of the world last night, when he received the decision over Jack Britton, the veteran title-holder, in a fifteen-round bout in Madison Square Garden. It was one of the most furious contests seen here in a long time.

After twenty years in the ring, Britton, sage and crafty master of defence, twice holder of the crown that toppled from his head last night, was no match for the aggressive Jersey man, who displayed more than ordinary knowledge of the science of fisticuffs.

Britton knew that he was whipped at the end, and without waiting for a decision, said: "I wish you luck, boy."

Walker replied that the champion was the gamest man he had ever met.

QUIZ CORNER

THE ELECTRIC CITY

Q.—Which and where is "The Electric City" of Canada.

A.—Peterborough is known as the Electric City of Canada because of its abundant supply of hydro-electric power and the extensive works of the Canadian General Electric Co.

NIAGARA FALLS.

Q.—What is the respective flow of the Canadian and American Falls?

A.—95 per cent. of the waters of Niagara Falls flows over the Canadian Fall, and 5 per cent. over the American Fall. The international boundary line runs midway down the channel of the Niagara River, and some part of the Canadian Fall lies therefore on the United States side of the line.

THE CANADIAN COW.

Q.—What is the value of the Canadian cow?

A.—Canada had, in 1921, 3,736,832 milch cows. The value of dairy products for that year totalled $260,000,000 alone, apart from the live and dead meat industries.

KIND OF MANUFACTURES.

Q.—How many kind of manufactures has Canada?

A.—Canada now has nearly 400 different kinds of manufactures, compared with a comparatively few in 1876, and the number is steadily growing as industry expands.

HYDRO-ELECTRIC POWER

Q.—The development of hydro-electric power in recent years in Canada has been remarkable. To what extent?

A.—Over 90 per cent. of the prime motive power of Canada's central electric station industry is hydro power. On January 1, 1920, there were over 800 central electric stations in the Dominion.

A PRESENTATION

Miss A. M. Lancaster, superintendent of the Peterboro Protestant Home, who has been in charge of the local institution for the last ten years, was pleasantly surprised yesterday by the presentation of a handsome leather hand bag and a bottle of toilet water in a pretty case, accompanied by an address from the inmates of the Home, which was rather uniquely worded, as follows:

"We, the inmates of this Home, wish to express our appreciation of your ten years of strenuous work in making this house a comfortable home for the aged and infirm. Please accept this trifling gift in token of our gratitude. We wish we could have filled it with the little bits of dirty paper called bank notes.

"We wish you health and strength to be with us many more years as a friend and superintendent over us."

Miss Lancaster replied in suitable terms.

GENERAL ADVANCE TO-DAY

NEW YORK, November 2. — Stocks showed an advancing tendency around and after noon, and new highs on recovery were scored all through the list. Reading led a sharp rally in the whole rail group, selling 82 5-8. Public Utilities were featured by quick rush of P. S. Corporation, which had advanced to 97; this move was accompanied by reports stock would go on an eight per cent basis in near future. Mail stores further rose to 139 3-4 bid. Stimulus of speculative gossip regarding an immediate 50 per cent stock dividend.

Tobacco products Co. sold 53 1-2. There has been good buying of T.B. following break of approximately 13 points from recent high

AUTUMN FETE AND BAZAAR

The Autumn Fete and Bazaar supervised by the Board of Management of the local Y.W.C.A. opened yesterday, with a good attendance for afternoon tea, supper, and during the evening. Concentrated mainly in the large gymnasium, with one of the smaller adjoining rooms, used as a tea-room, the ladies in charge evidently spared no time and care in making their bazaar one of the daintiest affairs of its sort seen here in some time. The decorations of the different booths are novel and pleasing, the general colour effect bright and attractive, with the latest and prettiest ideas carried out in the arrangements of the various articles.

There are twelve centres of interest, each dedicated to a month of the year, with the several attendants in each gowned in a manner suitable to her section.

The small club room neare the gymnasium has been converted into a charming tea-room by the Business Girls' Club, who use Valentine decorations for this February section, with long strings of cardboard hearts and cupids in the dainty pink that is repeated in the carnations on the tables, where little silver horse shoes outline the cards.

The Harvest Home September section, where tea is served also, is prettily arranged with shredded crepe paper and brown and yellow 'mums; the Made-in-Peterborough booth, for July, with many little red flags, has a splendid display of Peterborough-made products, including woollen goods, clocks, brass locks in ornamental patterns, embroidered cushions, flour, a small tent and bed with tiny mattress, plants, and some of the pretty new pottery being manufactured here.

August is devoted to the Campers, and has a tent with canoe paddles, decorated ovrhead with Chinese lanterns and a large flag. Small paper canoes in colours contain home-made candy.

Th. December section, right next door, is a warm-coloured section with decorations in red and green, cedar boughs, nterspersed with holly, red bells and red candles, making a charming stting for the Christmas goodies on sale here.

June is the bride's booth, a lovely place of trailing artificial roses and rose-red paper, where a small bride and groom with their attendants stand guard over a lovely little miniature bride's cake, complete in every detail. Here roses and small bits of dainty fancy work are sold.

The May Pole is a brignt, colourful object, with streamers of pale pink, green, and mauve paper depending from the central pole, and cherry and apple blossoms in pink as wall hangings. In front of the pole is Treasure Island, where novelties are found by earnest seekers.

The April Easter booth, where chicken salad is sold, has overhead fans of mauve and yellow crinkly paper, festoons of wistaria, and tiny little chicks peeping out of small cardboard boxes.

The October booth is a Hallowe'en centre, surmounted by a spitting black cat in silhouette, with rosy apple spendant from long strings and the conventional cats, bats and witches as decorations. A tall witch stands on guard here.

Next door is the November hunting lodge, a cleverly contrived booth, where hemlock slabs and cedar boughs give a good imitation of life in the poen. Within are hung furs and skins, including a handsome leopard rug, and woven mat of blue and red squares.

St. Patrick's booth, right next door, where Irish stew, pratties in their jackets, and buttermilk are dispensed, is a study in green, its white walls decorated with the green and gold of the flag of Erin, its little tables holding pots and baskets of real shamrocks.

The January both is a rich-appear-

The January booth is a rich-appearing corner, hung with real skins of value and variety, with the words "January-Bazaar, Welcome," outlined in real tiny ermine skins against a background of seal. Fox furs in red, white, and black are on the walls.

Fancy and useful articles of all sorts, camping accessories, dainty foods that include cake, candy, pies, ice cream, doughnuts, and salads are among the good things on sale at this charming bazaar, where afternoon tea is served from a large table centred with a witch, complete from broom to pointed headdress, and decorated with Hallowe'en fancies in orange and black. The waitresses wear blazing caps and aprons of orange and black, and a large yellow flag with a large red lion rampant (the Scottish standard), covers one section of the wall.

A very enjoyable programme is given in connection with the May booth, with two new and charming dances; the lovely interpretative number, the Dance of Youth, and the novelty, the "Music Box Babies."

Those taking part in the former are Daisy Davidson, Marjorie Lawrence, "Teddy" O'Connor, Martha Kirn, Dorothy Tyrer, Vera Hiland, and Frances Park.

The Music Box Babies are Jean Robinson, Mary Dunlop, Margaret McCullough, Bertha Loban, Mathilde Dunlop, and Evelyn Armstrong.

Miss Gwen Donnelly acts as the pianist.

Miss Emma Morrow is general convenor for the bazaar, with a committee composed of Mrs. Gerald Wood, treasurer; Mesdames W. R. Widdess, T. Cruikshank, and Reg. H. Turner.

A radio concert will be a feature of the entertainment this evening and to-morrow.

PUBLIC SCHEME UP BEFORE COUNCIL

One of the matters to be brought up before the City Fathers at their meeting tonight is the proposed plain to have sanitary plumbing put into the house of those who cannot afford to pay for it in a lump.

The proposed plan is that the Board may direct certain work to be done, providing the owner is unable to pay for it at once, and the cost shall be paid out of the city treasury and charged in taxes against the property in five equal annual payments. The Board of Health recommended this proposal and it is now waiting for the Council's approval.

Adopted in Toronto

The city of Toronto has had this system for the last five years with a remarkable improvement in Health records. The same was also adopted by the city of Toledo, recently.

This is not only a new idea in the control and management of our cities but it evidently is a great step forward in the advancement of public health.

It is surprising to note the fact that the city of Winnipeg, with a population of over 150,000, has only about two hundred out-side closets, while in Peterborough we have over twelve hundred. As conditions at present are falling a long way short of the average health conditions of other cities as large as Peterborough it is hardly likely the Council will turn a deaf ear to the recommendation of the Property Committee and the Board of Health.

EPWORTH LEAGUE CONVENTION

The Peterboro and District Epworth League Convention is being held to-morrow Friday Nov. 3rd, afternoon and evening sessions. The afternoon session which commences at 2 o'clock will be held in Trinity church. At 6 o'clock a banquet will be held in the Reid street hall. The evening session will also be held in the Reid street hall. A good after noon and evening programme is promised. Come and encourage the Young People in their work.

BALDWIN READY TO PAY WAR DEBT TO U.S.

LONDON, Nov. 2. — (Canadian Press.)—The new Chancellor of the Exchequer, Stanley Baldwin, declared last night that his first duty will be to settle the debt to the United States. He made this announcement in a speech at Cardiff, when he alluded also to the necessity of a prompt settlement of the reparations problem.

Regarding the amount owing to the United States, he said: "It is a heavy debt, but we have told America that we are responsible for it to the last penny, and we are going to pay it."

The Chancellor advocated continuance of close co-operation with Britain's war-time allies, France and Italy, and co-operation as far as possible hand in hand with the United States.

PLAYER SIGNED.

VANCOUVER, November 2 (Canadian Press). — The eighth player to be signed by the Vancouver Hockey Club is Alf Skinner. It was reported some time ago that Skinner would play with a prairie team this season, but he has decided to remain here.

VICTIMIZING PEOPLE.

CORNWALL, November 2. Canadian Press. — A young woman suspected of being Patricia O'Connell, who has been victimizing people in Montreal by getting money by posing as a deserted wife, is under arrest here.

RECEIVED REPORT OF FIGHT BY RADIO

Complete detailed returns of the Britton-Walker fight in Madison Square Garden, New York, last night, were received by Mr. C. H. Ackerman by radio last night. The announcer at the broadcasting end of the series told of every movement of the boxers, round after round, giving a graphic account of the fight. Other receiving instruments picked up the cheering of the big crowd and other features of the affair. Mr. Ackerman said that the service was particularly interesting and clear.

RESOLUTION FOR BAPTIST PASTOR

Rev. R. M. Fraser is Leaving Gilmour Memorial Church.

At a recent meeting of the Board of Deacons of Gilmour Memorial Baptist Church, appreciation of their pastor, Rev. R. M. Fraser, B.A., B.D., was expressed, and the following resolution was unanimously adopted, and a copy of it presented to Mr. Fraser. The resolution was as follows:

"Whereas, our pastor, Rev. R. M. Fraser, B.A., B.D., has placed in our hands his resignation, to take effect in the month of November,

"And whereas we are convinced that no act of ours would avail to change his decision,

"Be it resolved that we acknowledge to ourselves and to our neighbors, the sense of real loss that we sustain in this separation.

"Further, that we put on record our conviction that we have had in Mr. Fraser's ministry, the devoted, reverent, and faithful service of a cultured gentleman, who has always been true to God's word, to his own conscience, and to every member of our church. We have learned to admire Mr. Fraser for his talent as a preacher, and for the high ideals he has chosen for himself, and has always inspired us to seek and to make our own.

"Be it further resolved, that we assure him that we will follow with prayerful interest, one who, we are convinced, will have an ever widening sphere of influence in our denomination."

Thos. H. Graham, Chairman.
G. W. Mann, F. W. Scott, Wm. G. Telford, Alex. Scott, Jas. A. Young.

Peterborough, Oct. 22, 1922.

Rev. Fraser closes his ministry in Gilmour Memorial Church on Sunday, Nov. 5th.

A. Y. P. A. HELD SOCIAL EVENING

Last evening in St. John's Parish House the A.Y.P.A. held an enjoyable social evening in the form of a Hallowe'en Masquerade. There were about one hundred young peopeople present.

The hall was prettily decorated in the season's colors and with numerous flags hanging from the walls.

A short programme was carried out, starting with a grand march. During this the judging of the costumes took place. The ladies' fancy dress prize was given to Miss G. Nicholls, who was dressed in a cavalier suit; Ethel Cooper as a Fairy, Thelma Freeman as a Witch, and Lilian Armstrong as Fatima. The men's fancy dress prize went to Mr. Gordon Ham in an English cavalier costume, and the men's comic dress to Mr. R. Carveth, as an old Irish washerwoman. Special mention was made of costumes worrn by Ted Boune and Bert Graham.

NEWLY WEDS HERE DOUBLE IN NUMBER

Birth Rate Also Higher During October

The number of marriages which took place in this city last month were almost double those of the same period last year. The births range higher, while the deaths are considerably lower than those of the corresponding month of 1921. The vital statistics records show:

	Oct. 1921.	Oct. 1922
Births	57	66
Marriages	16	30
Deaths	32	20

A PAPER STOCK SHIPMENT DELAYED

Paper Mills Extremely Busy With Both Domestic and Foreign Business

A car shipment of newsprint from the mills at Windsor Mills, Quebec, due to reach the Examiner on the 25th of last month, has so far failed to arrive owing to congestion of orders at the mills, and as a consequence, to-day's Examiner is printed on single sheets, having been forced to use a smaller size paper roll on hand than what is required. Two shipments are on the way, and it is expected will arrive in time for following issues.

PORT ARTHUR SUGGESTS NEW ONTARIO PROVINCE

PORT ARTHUR, November 2. — Canadian Press. — The Board of Trade here last night asked the city council by a resolution to take a plebiscite as to whether the citizens favored the formation of a new province distinct from old Ontario, and with boundaries between White River on the east and Manitoba on the west.

The Board will also ask the co-operation of municipalities in Thunder Bay and Rainy River and Kenora districts, and will request that they take a vote on the question.

DENUNCIATION OF FUSION.

Farmers' Official Organ Issues a Warning to Progressives.

CALGARY, Nov. 2.—(Canadian Press.)— Denunciation of the suggested fusion of Progresives and Liberals in Federal politics is contained in the current issue of the "U.F.A." official organ of the farmers' movement in Alberta. "The time has come," it says, "when these principals," referring to those connected with fusion negotiations, "must declare themselves publicly, plainly and without equivocation." It adds that no elected member representing organized farmers is entitled to commit himself to reversal of the plan of democratic action he was elected to maintain.

WHY GIRLS CAN'T KEEP BOY FRIENDS.

Many girls these days want to know why they can't keep boy friends, let me tell you something:

If you want to have a friend, and you want to make him learn to like you don't kiss him the first few weeks you know him. If you think he likes you for it, you are wrong, he doesn't. Take this case for instance. A fellow meets a girl, takes her to a show. When they get to her home he asks her to kiss him goodnight. She does. After that he takes her out regularly for about 5 weeks, always getting good night kisses. Maybe the girl has learned to care for him —never a word of love spoken. Then he leaves off going to see her. He gets tired of her. The question you ask is this: Did he love her? No. Did she value her kisses? No. Did he think of her as a friend? No. The next girl he meets he will treat the same. Maybe if the girl had made him wait for his kisses he would have thought differently of her So take a tip from me girls, don't kiss your boy friend until he tells you he loves you.

FROM ONE WHO KNOWS.

PICTURE HAT.

A large black velvet picture hat is lined with cloth of silver, and has elaborate silver lace patterns appliqued on the crown.

THEY'LL ENTERTAIN FOR RELIEF WORK.

Next Monday evening, the Catholic Women's League is holding an entertainment at St.Alphonsus' Lyceum to augment their funds to be expended for relief work throughout the coming season. This society, like so many others in the city, does a great deal of charitable work, and the calls on their treasury are many and varied. No deserving case is neglected, and the ladies busy themselves the year round with good works, the cold weather with its accompanying lack of fuel and employment in many cases, making extra demands on their time and attention.

STRIKING SUCCESS BLIND MASSEURS.

Are blind masseurs more competent at their work than those possessed of sight? This question is prompted by the striking success of the blind masseurs who have been trained at Pearson Hall.

Doxens of these men, blinded during the war, are now earning very good incomes as masseurs in various parts of the country. Their success is largely due in every case to the exceptionally clever blind teacher of massage at the Canadian National Institute for the Blind.

The Revellers of Hallowe'en

"Are you one of the just departed?" siad a sepulchral voice, as two small ghosts ran from behind a tree and embraced us with white-sheeted arms. In snowy draperies, with clanking chains about their necks, and death's head masks on their faces, they were eerie little things under the moon. "Have you something for us to help us on our way?" they whispered, holding a hollowed-out pumpkin suggestively under our noses. We took the hint, and dropped a nickel for the poor souls in the little orange receptacle, and they straightway deserted us for a young man who greeted them effusively with: "Is that you, old dear? How are you?"

At the corner, we were stopped for a moment by a tall figure in pyjamas, gaily decorated with orange and green ruffles, a striking hat in inverted bowl effect with lofty feathers, and a bright pink smiling face. Little tell-tale feet peeped out from below, and a light cane helped the progress of the ornate figures. "When did they let you out?" we asked. "Yesterday," came the answer in a faint whisper, as the owner drifted up the street.

From a passing motor-car emerged a dignified Prince Albert with shining silk hat, escorting a Spanish gypsy in fringed shawl, wide-leaved flat hat and red rose over her ear. In a pile of autumn leaves frollicked a quartette of rag-bag children, decked in old skirts, poke bonnets and tight jackets. Two little coons sped by on one bicycle, and down the street came a group of girls in boys' suits, giggling behind their masks. An Indian chief in full array marshalled his gang of pale-faced tramps, with a small Charlie Chaplin; and up Hunter street marched a chef in white smock, apron and cap, attended closely by two small bags of flour, terminating in twinkling black legs.

A group of little boys, in outfits wild and wonderful, "with all the rummage sales there have been, you'd wonder where they got the things," said an onlooker, invaded a Charlotte street candy shop. Mutt was with them, in the full glory of his large pink nose; "he lay down on the railroad track, and the train went over it," explained his companion, there was a black-faced youth with a monstrous feather in his old stove-pipe hat, and a multitude of little boys, in skirts. Here is where the adaptability of the feminine world shows itself anew. Whereas the girls marched straight ahead in their unaccustomed trousers, the boys, forgetting the necessary petticoats, jerked and dragged at their encumbering skirts, which presented a sorry and bedraggled spectacle, and found them much in the way of trouser pockets.

Down town, there were plenty of holiday-makers; Turks in red and green, a gallant cavalier who doffed his hat to passers-by and escorted a wonderfully-bedecked and be-feathered lady; newsboys selling papers with black faces and masks and Charlie Chaplin moustaches, a cheerful little skeleton clinging to his mother's hand, a red-bearded policeman, "Number 49," draped negligently against a corner, a gang of roisterers in wild costumes careering up George street in an open truck; Pierro: and Pierrette; Hawaiian dancers with shredded-wheat skirts.

The door bell rang all evening. "Please, have you any taffy?" a small voice from a ferocious-looking countenance with a purplish red mask and, when the supply of taffy gave out, "Well, have you anv cents?" The little tramps and hoboes and Charlie Chaplins and soldiers accepted dates and apples with alacrity, running off to watch the band of musicians marching down the street, with horns and drums and old sleigh-bells to make music.

The town belonged to the children on Hallowe'en night, and little figures, in colorful get-ups, consorted with the pixies and the elves and the goblins that were abroad on the clear, moonlight, frosty weather that graced the eve of All Hallows this year. Even the train signals, as one particularly clever observer remarked, were all dressed up in green and red lights for the occasion.

CHILD'S FROCK SANS SLEEVES.

Party frocks for little girls have acquired that delightful fashion of being Frenchly sleeveless— very much like mothers' evening gowns.

And who would not do away with sleeves when there's a charming yoke that caps the armhole, giving the Frenchiest kind of a "dropped shoulder."

Since pleats are the most graceful style for youthful fashions crepe de chine, georgette crepe, chiffon cloth or the softest of silk muslins or dotted swisses are used for these juvenile fashions.

At least one dancing school frock this year should be in the sleeveless style, and worn too with the tiny short kid gloves that the French kiddies love.

THESE WOMEN DO ALL THE WOOING.

Among the Gavos of India, instead of the bride pleading unwillingness to marry, the groom plays the role of the one who does not wish to wed, and who is forced into submission.

The Gavos woman calls at the house of the man of her choice, and "pops the question" to his mother. The mother then negotiates with the father and her son, telling them what the would-be member of the family offers in pigs and beer for a husband.

Great grief is shown by the parents of the groom on the wedding day. Sometimes their grief exhibits itself in such loud bursts of sorrow that the Gavos bride must bribe them to be less boisterous by offering more beer and pigs. If they play their cards well the wedding day of their son brings them much of value.

Simple Way To Take Off Fat

There can be nothing simpler than taking a convenient little tablet four times each day until your weight is reduced to normal. That's all—just purchase a case of Marmola Prescription Tablets from your druggist for one dollar, the same price the world over. Follow directions—no starvation diet or tiresome exercising. Eat substantial food—be as lazy as you like and keep on getting slimmer. And the best part of Marmola Prescription Tablets is they are harmless. That is your absolute safeguard. Purchase them from your druggist, or send direct to Marmola Co., 4614 Woodward Ave., Detroit, Mich.

THE GUERDON OF MARS.

(By Jeanette)

"When you come back, the world will be yours,
Everything yours for the say",
We told the men who went to fight,
The lads who marched away.

Those first few lines with their awkward gait,
And their coats of blazing red,
They went away with a wave of the hand,
A grin and a lifted head.

Martial the beat of the rattling drum,
Merry the call of the fife,
Some came back from those lurid years,
Those stayed who gave their life.

The grass grows green in sunny France
O'er many a gallant head.
The poppy drops its crimson tears
Where Canada's heroes bled.

And here—the fruits of glorious war—
A sleeve where an arm had been—
At the base of a piece of painted wood.
A flower in a battered tin—

Cuticura Is The Best Beauty Doctor

Daily use of Cuticura Soap, with touches of Cuticura Ointment now and then, keeps the skin fresh, smooth and clear. Cuticura Talcum is also ideal for the skin.

Soap 25c. Ointment 25 and 50c. Talcum 25c. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, 344 St. Paul St., W., Montreal.

Cuticura Soap shaves without mug.

Mother says, "It must be FRY'S."

MARRIAGE A L AMODE.

A little game called "Helen's Hunt" follows the wedding ceremony in Wales. The bride mounts her horse and gallops away on horseback accompanied by one of the men of the wedding party.

The husband must follow and recapture her and take her to the home he has prepared for her. The coquettish bride often gives her husband a long ride before she permits herself to be overtaken.

HEADACHES COME FROM GAS ON STOMACH

If you are bothered with gas, your system is poisoned, often causing headache, nervousness and weakness. Simple buckthorn bark, glycerine, etc., as mixed in Adlerika, expels poisons and gas and stops headaches almost INSTANTLY in many cases. Acts on BOTH upper and lower bowel. Adlerika removes matter you never thought was in your system, which poisoned stomach and caused gas. EXCELLENT to guard against appendicitis. McDermid & Jury and E. L. Payne, druggists.

FALL FOOTWEAR.

Fashion says the low, flat heel is not to be so popular for street wear this winter, and it will give way to a moderately high Spanish or Cuban heel.

IT'S PRACTICAL, THOUGH TINY.

Heretofore "smallest" radio sets have been made merely for the fun of it. But here's one that's being distributed for sale throughout the country. Robert Scott, 8-year-old radio fan, is showing holding it alongside a 50-watt transmitting tube for comparison. He's exhibiting the set at the New York radio fair.

Household Hints

FUR PANELS

A novel use of fur is noted on a black velvet gown — it makes the loose panels that are fastened at the low waistline, and extend below the hemline. The fur used is mole.

DECIDED CONTRASTS

Colors grow more brilliant as the season advances, and contrasts more violent. One of the newest sports suits has a short coat of black velvet with a orange-colored vest, worn with a skirt of orange and white stripes.

ANKLE REDUCERS

To combat the thick ankle, which some believe comes from wearing low heels, and others attribute to the present tendency to discard high shoes ankle reducers are appearing on the market They are worn at nigt on the market. They are worn at night to counteract the injurious work of the day.

EMBROIDERED VELVET

Not only is the velvet gown of this season beaded and braided, but frequently it is entirely covered with embroidery, usually of self color. However, peasant embroidery, in gay colors, is also used.

DANCING FROCKS

have sashes, tied in large bows at the hips. Taffeta and velvet frocks are most frequently treated this way.

SPORTS COAT

A smart sport coat is of black and white checks, the checks being about four inches square, with a large collar of gray Russian wolf. A deep orange lining is an other striking feature.

HANDSOME HANDBAGS

French tapestry and bits of old Indian and Persian fabrics are in demand for handbags. They are mounted on silver or metal frames, and cords and tassels of harmonizing colors are used. They are carried with semi-dress costumes.

IF YOU ARE WELL BRED

You never make people conscious of your clothes, jewels or the advantages you have had which were possible to you because you had the money to secure them.

Rather you relieve self-consciousness in others by detracting attention from these things and impressing people with your charm and your thoughtfulness and the innate character you have developed.

THEY'RE NOT DEAD.

"They are not dead— the soldier and the sailor
Fallen for Freedom's sake.
They only sleep with faces that are paler
Until they wake.
They will not weep, the mother, in the years
The future shall decree.
For well they know that these have died that
The sorrow and the tears shall cease to be."

GAVE HER COPPERS.

One of the contributions to the Fire Zone reported at the meeting of the Ontario Command of the Ladies' Auxiliaries to the G.W.V.A. was that of the small Stratford girl of eight years of age who made the gift of her box of coppers. The total, amounting to $1.08, was used or the purchase of material of two little shirts, and doubtless the small wearers won't get any more comfort out of them than the small giver who saved up her pennies for such a good use.

As against more than 7,000 deaths in the country yearly in railroad accidents, there are 97,200 deaths due to disease spread by insect carriers.

MORE NEW ARRIVALS

SEVERAL HUNDRED MORE PAIRS OF OUR NEW FALL BOOTS AND SHOES HAVE JUST BEEN UNPACKED AND PUT IN STOCK TO GO OUT AT SALE PRICES. THIS MAKES OUR STAR SALE, WITH HEADLINE VALUES, THE MOST ATTRACTIVE SPOT ON GEORGE STREET JUST BEFORE THE HOLIDAY.

LADIES' OXFORDS, $2.98
These are made of black kid or gunmetal leather, with medium rubber heels and medium toes. All sizes 2½ to 7. Regular $4.50. Sale Price **$2.98**

LADIES' BLACK HIGH HEEL OXFORD, $1.98
Made of fine vici kid and some come in patent leather with white kid lining. All have spool heels and Goodyear welted soles. Sizes 2½ to 7. Regular $6.00 and $8.00. Sale Price **$1.98**

LADIES' BROWN OXFORDS, $2.98
Made of fine calf leather, round toes, with flat heels. Makes a nice walking Shoe. Reg. $5.50. Sale Price **$2.98**

Examiner Road Race on Monday-Other Sport News of Interest

EXAMINER ROAD RACE PRIZES WERE PLACED ON EXHIBITION

Most Attractive and Valuable Prizes Ever Offered For the Annual Thanksgiving Day Classic Are on Display in Grant and Thorpe's Window.

SENIOR AND JUNIOR PRIZES.

The prizes for both the Senior and the junior winners in Examiner Road Race which will be held Monday morning, were placed on display in Grant and Thorpe's window yesterday afternoon. It was remarked by more than one interested spectator that the prizes this year were better than had been offered on any previous occasion.

The four prizes for the senior event were donated by the Examiner and those for the junior runners by the P.A.A.A.

Frist prize for the seniors consists of a beautiful 06 piece dinner set valued at $35. This set is of a handsome and attractice design and the numerous pieces harmonize with one another to the last degree. It is a prize that is worthy of a supreme effort to win.

The second prize for the seniors is a fine gold watch. This is usual pocket size with a guaranteed gold case and dial and a Waltham movement containing seven jewels. It is valued at $20.

Fort third prize in the senior event the Examiner has provided a handsome gentleman's gold ring with ruby setting valued at $15.

Fourth prize is a dandy gold tie pin with a whole pear setting which though it is valued at $6 would be hard to replace at that price.

The Junior prizes were supplied by the P.A.A.A. and are equally attractive. First prize in this class consists of an open-face gold watch This watch has a gold dial with the latest design in raised gold figures. It contains a high grade Swiss movement with fifteen jewels and in appearance and durability leaves but little to be desired. It is valued at $20.

A gold signet ring has been given for the second prize. This in an extremely good looking ring and in addition to its value as a signet ring the face on which the initials are to be engraved is fitted with a snap and hinge to form the front of a small locket which is hidden in the body of the ring. This prize was valued at $10.

For third prize the Association provided a nice pair of gold cuff links. These have a plain gold face and with the signet ring will be engraved with the winner's initial free of charge by Warne Bros. The links are valued at $7.

The fourth prize is a small but imposing clock of a silver and black design. The body of the clock is triangular in shape and one of the most attractive looking time pieces on the market. It is valued at $6.50.

These prizes should attract the largest entry list in the history of these races. Many entries have already been received but the lists will close Friday evening at 8 o'clock and those who wish to get in and win one of these prizes must get their names in soon.

Entries should be mailed or delivered in person to the Sports Editor of the Examiner, Charles Thorpe at Grant and Thorpe or Douglas Loomis at the Y.M.C.A. An entry blank will be found on another part if this page. Get your entry in today for if it is left to the last minute make a great deal of additional work for the committee. No entry fee will be charged.

IS PARKER SECOND EDITION OF DIVINE?

Jumped Into the Limelight When He Handled the Iowa-Yale Game Like a Veteran.

Has Coach Howard Jones of Iowa unearthed another Aubrey Devine in Leland Parkin?

When Devine, who captained the Iowa champions of last year, and who was an all-America selection, was graduated in June it seemed Iowa suffered a blow from which it would take more than a year to recover.

In the game with Yale Parkin's play featured the work of the great Iowa eleven. He was a second edition of Aubrey Devine.

Perhaps some of the success for Parkin"s great showing in the Yale game is due Devine. The former star quarterback is now assisting Coach Jones at Iowa.

When the squad reported in the spring Howard Jones put it up to Devine to develop a successor to himself. Parkin was the most likely candidate.

Since football training started Devine has paid particular attention to Parkin. He has instructed the Iowa quarter in every trick of the trade to which Devine resorted. It seems that Parkin has proved an apt pupil.

In his first big game Parkin came through in great style, He ran the Iowa team like a veteran field general and scored the lone touchdown of the game that gave Iowa its triumph over Yale.

Yale had been warned to watch Fullback Gordon Locke. He had been touted as the star of the Iowa team. Parkin received no advance notices, but when the game was over the Yale eleven knew all about him.

In California and Arizona a plant called the Devil's Bur punctures automobile tires with its spiny seeds.

WESTERN CHAMPIONS ARE PLAYING OFF.

It is expected that the Western Canada rugby champions will be declared in two weeks' time and ready to come east when ordered by the Canadian Union. The tentative date of the final for national honors is Saturday, Dec. 2, in Toronto.

Next Saturday Regina visit Edmonton to complete in the semi-final of the western championship. Regina dropped a number of its old stars this year and started developing a new machine from the youngsters, and seem to be getting results, as the team has hung up some big scores, though it only nosed out a two-point victory over Saskatoon in the final. The Regina team has a powerful player in Timmis, who can both run and hits the line with equal success, while there are enough veterans on the team to keep the youngsters on their toes. Whether Edmonton is as good as last year will, to a great extent, be decided Saturday when the two teams come together for the first time.

The Winnipeg Victorias, who have won the Manitoba championship, travel west on Nov. 11 to battle the winners of the semi-final to decide which team will make the trip east after the national title.

OLD COUNTRY RUGBY.

LONDON, November 2 (Canadian Press). — Results of rugby football games played yesterday were:

Cardiff 18, St. Bartholomew's Hospital 0.

Oxford University 5, Neath 10.

Birmingham 8, Guy's Hospital 8.

County Championship Games.

Hampshire 34, Middlesex 0.

Rugby League.

Featherstone 14, Bramley 10.

Leeds 35, Keighley 0.

OTTAWA RUGBY CHAMPS.

OTTAWA, November 2 (Canadian Press). — Superior weight and generalship won the senior rugby football championship of the city of Ottawa for the red, white and black garbed representatives of the Big Four at Lansdowne Park yesterday afternoon. They defeated St. Brigids of the Ontario Rugby Football Union, by 20 to 6 in sixty minutes of splendid football before about 4,000 people.

ROLL YOUR OWN.

The Kingston Standard soberly announces that the Queen's players were allowed one cigaret each after the Varsity victory. If they beat Varsity at Kingston a week Saturday they will probably get a whole package of Tull Durham.—Toronto Star.

Thanksgiving Day, Nov. 6, 1922

Name .....

Address .....

Age ..... Jr. Sr.....

Entries must be left with Charles Thorpe, Douglas Loomis at the Y.M.C.A. or at THE EXAMINER Office Not later than 8 p.m. Friday, Nov. 3.

Pays Compliment to Canadian Hope

ELZEAR RIOUX

By BILLY EVANS.

During the World Series Jack Dempsey acted as a baseball expert.

Like all the other dopesters Dempsey picked the Yankees to win, qualifying Jack for honorary membership in the "goat club."

Dempsey was unquestionably the busiest man in the press box. He wore out a couple of fountain pens autographing baseballs and score cards. Before the close of the series his voice was little better than a whisper from answering questions.

"Who is the huskiest fellow you ever faced?" someone asked Dempsey.

"A fellow up in Canada who as yet hasn't achieved any fame in the ring. His name is Elzear Rioux," was Dempsey's reply.

Thereby hangs a very interesting tale.

Dr. Gabbois, a prominent Canadian sportsman and a great lover of boxing, has for 30 years been looking for a physically perfect Canadian who might develop into the heavyweight champion of the world.

In Elzear Rioux, the learned doctor believes he has found such an individual.

After discovering Rioux the doctor put him under a course of training that reduced his weight from 265 to 215 and his waist measurement from 37 to 33. His chest measurement has been increased a number of inches.

For six months Rioux trained carefully, but never once was he allowed to box. He made his boxing debut with Champion Jack Dempsey.

Dempsey said he hit Rioux with his entire repertoire of punches in the one round that he boxed, but was unable to floor him. The meeting with Dempsey was to test the courage of the French-Canadian and he came through with flying colors.

It is the intention of Dr. Gadbois to have Rioux take all instruction possible in boxing for about a year and then if he shows something turn him loose on the crop of heavies.

Rioux is 23 years old. His weight is 215 and he is 6 feet 4 1-4 inches in height. His reach is 81 inches.

CENTRAL ONTARIO BOXING TOURNEY.

OSHAWA, Nov. 2.—The date set for the amateur boxing tournament, which is to be held here under the rules sanctioned by the Ontario branch of A.A.U. of C. is Wednesday, Nov. 22. The card will consist of seven classes—flyweight, 112 lbs., bantamweight, 118 lbs., featherweight, 126 lbs., lightweight, 135 lbs., welterweight, 147 lbs., middleweight, 160 lbs., and light-heavyweight, 175 lbs. This one-night tournament is open to all towns in Central Ontario and the towns to be represented are: Lindsay, Whitby, Bowmanville, Port Hope, Cobourg, Belleville, Peterboro and Oshawa. The object in promoting this material to to develop the green material.

LAWN BOWLERS IN TEN-PIN LEAGUE.

Last Tuesday night at Solomon's alleys, the Lawn Bowlers all had a hand in and some good scores were put up. In ten pins Nelson Routly was on hand to show the boys how to make strikes, rolling 229 and 233 scores and hitting for 599 in the three games. Geo. Cairns rolled a steady game of 554. Gillespie was next with 538, Gilliam 526. Gillespie took two from King out of three. Cairns took three straight from Ross. Gilliam took two out of three from Curvin. Following are the scores:

Gillespie—				
Routly	137	233	229	589
Dummy score	125	125	125	375
Gillespie	175	180	183	538
	437	538	537	1512
King—				
Copping	174	145	133	452
Morden	143	149	154	449
King	147	150	147	444
	464	444	437	1345
Cairns—				
Mayneord	131	158	147	436
Dummy score	125	125	125	375
Cairns	156	185	213	554
	412	468	485	1365
Ross—				
Hendry	73	148	150	371
Elliott	145	133	111	389
Ross	153	125	132	410
	371	406	393	1170
Gilliam—				
Craig	169	133	145	446
Gimblett	155	159	157	471
Gilliam	168	255	153	526
	492	496	455	1443
Curvin—				
Freeman	120	133	176	429
Ross	146	119	184	449
Curvin	155	164	147	466
	421	416	507	1337

TO STOP CONNACHER.

If Argos and Queens meet in the final for the dominion championship "Bud" Thomas, the Queen's outside wing star, says he will stop Lionel Connacher, Argos' star. Thomas made a pretty fair job of the task of stopping the big fellow last fall in the last game of the Big Four between Argos and Ottawa, and with his added weight this year, promises to make an even better job of it. However, Connacher is bigger and stronger this year. There is no gainsaying the fact that Thomas is a star outside wing.

Final Gordon Cup Game To Be Played on Monday

Fast Football Game Will Be Big Sporting Event For Afternoon of Thanksgiving Day.

WOOLLENS-QUAKERS.

Monday afternoon will see the final battle between the local soccer teams for the possession of the Gordon Cup. This trophy is one of the most coveted of the local football honors and the competition throughout the series has been the keenest seen in some time. The two teams to meet in the finals at Riverside will be the Canadian Woollens and the Quaker Oats representatives Both these aggregations have had to win against the hardest kind of opposition to reach the finals, both are strong teams, and both are playing at the top of their form. The result will be a football game that will certainly be worth watching for it will probably be the fastest and be of the season.

Arrangements had been made on several other occasion to play off this game but each time the Peterboro and District Football Association was asked to release the park for an important baseball or rugby game and each time were good enough to comply with the request. It was then decided to make the affair a Thanksgiving attraction and as a result the local football fans will probably have a holiday opportunity to see one of the best games of the season.

G. N. Gordon, the donor of the cup, will attend the game and at the close will present the trophy to the winning team.

THIRD BASE WAS A JINX POSITION

Washington Americans Had Three Third Sackers Injured During Season.

Often a weakness in the infield seriously handicaps the defense of a ball club.

The New York Yankees were faltering because of a weakness at third last season until Joe Dugan was secured from Boston. The acquisition of Dugan made it possible for New York to again win the American League pennant.

The Washington club of the American League was up against it in the same way all last season. Third base was the jinx position on the ball club.

No less than a half dozen players essayed to fill the position. Howard Shanks was picked as the regular to start at third. A broken bone in his hand caused his retirement.

This gave the recruit Lamotte a chance. He was doing as well as could be expected when he was injured. Shanks came back and again suffered a broken bone in the hand. Luege, another recruit, who may win a regular berth in 1923, played a few games.

As a matter of fact the Washington club really had no regular third baseman last season.

FOOTBALL

The Comrades Juniors and the Canadian Woolens will meet in a Yeotes Cup series game at King Edward Park Saturday afternoon at 2 o'clock. S. Calladine will be the referee.

The finals for the Gordon Cup will be played at Riverside Park on Thanksgiving day. The game is called for 3 o'clock. At the close of the game the cup will be presented to the winning team by the donor G. N. Gordon, K.C., M.P.

MUCH EXPECTED OF JACK BENTLEY.

If He Fails as a Big League Pitcher, He Still Is a Great Hitter.

BALTIMORE, Md., Nov. 2.—John McGraw needs pitchers to win another National League pennant and three world's championships in a row. That's why he owns Jack Bentley, three years star of the Baltimore Orioles.

McGraw didn't take a sudden notion to buy Bentley. His scouts have watched the big lefthander for two seasons through. While Giant scouts watched him others were watching, too. All of these scouts believe he'll make good. Indication number one.

Bentley is no kid. He's a seasoned veteran of 27. He had a fling at pitching in the big league once, but failed. His arm went back. He recovered his arm while playing first base for Jack Dunn. For three seasons he has pitched remarkable ball, showing a steady improvement all the time. In three years he has won 41 and lost six games. He would have pitched in more games, but his position was first base, and Dunn didn't need him in the box often.

In the "little world's series" competition with St. Paul in 1920 and 1922 Bentley pitched and won five games, three in 1920 and two in 1922. He didn't pitch against Louisville last year.

Bentley is a finished pitching product. He probably has better control than any lefthander in the game—better control than a majority of right handers.

Jack Dunn says he's invincible—the greatest southpaw pitcher in baseball to-day.

His only handicap is temperament, but this is only an outgrowth of his great earnestness to be a winner at all times.

If he fails as a pitcher he still is a hitter, and always will be.

In 1921 he hit .401, and this year's unofficial average shows him hitting .349. In 1920 he hit 20 home runs; in 1921, 24, and in 1922, 22.

NEW RECORD FOR MOTOR CYCLE RUN.

NEW YORK, Nov. 1.—(Canadian Press)—A new motorcycle record for a transcontinental run from Los Angeles to New York was established here late yesterday when Wells Bennett, of Portland, Oregon, holder of a number of speed marks, reached his destination in the actual running time of six days, 15 hours, and 13 minutes. His time was seven hours and 30 minutes faster than the record established a month ago by Erwin G. "Cannonball" Baker, of Los Angeles who covered the distance of 3,206 miles in six days, 22 hours and 52 minutes.

This was Bennett's second attempt to lower the transcontinental mark. Barker's feat was accomplished on his sixtieth cross-country dash.

Bennett, who also holds the world's 24 hour, and 1,000 mile records, left Los Angeles last Tuesday at midnight and crossed the finish line at 6:14 p.m. yesterday, according to an official announcement by Motorcycle officials.

KICKING IMPORTANT

Kicking as usual, will play a prominent part on the gridiron during the 1922 season.

As a matter of fact the kicking end of the game becomes all the more important because of the new scrimmage rule after a touchdown.

All college football coaches are specializing in kicking with special street being placed on drop kicking and goals from placement.

PLAYERS' UNION NOT "BOLSHEVIKI."

Attorney Cannon Insists That New York Giants Are Members.

NEW YORK, Nov. 2.—With the charge that the baseball players' union was trying to use John McGraw's name to boost its organization, James Tierney, secretary of the Giants, denied the story that twenty one of the world's champions had joined the organization and that McGraw had approved it.

"Every player on the Giants, with the exception of a few young utility players, has joined the union. Does Mr. Tierney want a list of his own players who have joined? We think not. Surely an official in close touch with his players could not help be aware of it," was the answer given by Raymond J. Cannon, Milwaukee attorney, who has directed the union.

"If the New York club wishes to deny that McGraw is not opposing the organization, we do not wish to enter into a controversy as it is a subordinate issue. We do not need any support from the club owners and if they try to belittle the organization publicly they are certainly doomed to failure," he said.

McGraw was out of town but one of his close friends said he had never expressed an opinion publicly for or against the union, but that he did say:: "If the players enrolled it was their own business and did not need my approval."

While none of his players are enrolled, the American League not yet being organized, Col. Huston, half-owner of the Yankees remarked that he couldn't see what the union could do that would make things worse for the club owners. He would not express an opinion, however, until he knew what players were in the [illegible] what their purposes are and how they figure on accomp-

It is probable that the union will elect its officers within a short time and the president, or a committee, may be sent before the club owners at their December or January meetings to explain their reasons for organizing and to ask for co-operation if the club owners do not care to recognize them.

It is understood that the union will ask for a representative on the advisory board which now consists of Commissioner Landis and John Heydler and Ban Johnson, the presidents of the two leagues.

The union will surprise the club owners, according to Cannon, when they do not turn "bolshevikI" and make the radical demands that some of the club owners fear they have already.

RUGBY TEAMS NEED HIGH-CLASS TACKLES

Few football teams achieve greatness if lacking in high-class tackles.

The tackles play a most prominent part in the success or failure of any line.

Iowa, which recently scored a brilliant 6 to 0 victory over Yale, boasts a good line.

No forward is playing a better game for Iowa than Tackle George Thompson of Webster City, Ia.

Thompson is big, fast and full of fight, three great essentials to an aggressive linesman.

Under Coach Howard Jones he has come fast and is now rated one of the most valuable players in the Iowa squad.

Johnny Kan Doing Good Work in Squared Circle

No boxer in the country at the present time is showing better than Johnny Karr of Cleveland.

Karr is under the guidance of Jimmy Dunn, who piloted Johnny Kilbane to a championship and who has a claimant for the middleweight title of Byran Downey.

The fact that Dunn is handling Karr is sufficient proof of his worth for Dunn deals only in live wires in the pugilistic game.

Karr's best weight is around 150, but he is willing, yes anxious, to make the welterweight limit any time Jack Britton is ready to give him a whirl at the title.

Weight, however, doesn't make much difference with Karr. He meets as many middleweights as welters and is always able to take care of himself.

His manager, Jimmy Dunn, is confident there will be a new welterweight champion if Britton ever gives Karr a chance over a 12 or 15-round bout to a decision.

Karr is a most peculiar boxer. He does most things contrary to ring custom. In fact he is a second edition of Harry Greb.

In his amateur days Karr was known as the jumping jack of the ring. I refereed many a bout in which he did little fighting, but plenty of clowning. While he never hurt any of his opponent, he seldom was hit, as he never was in the same place more than a few seconds.

Jimmy Dunn saw possibilities in Karr when the rest of the world looked on him as a joke of the ring. Dunn has made a mighty clever boy out of him. When he sets he can hit, and he has a tantalizing left jab.

Despite the fact that he is now rated as a clever boxer, Karr still persists in using many of the maneuvers that made him talked about as an amateur. His peculiar style is most difficut to solve.

Like Harry Greb he possesses a great pair of legs. He can step as fast at the close of the bout as at the start. He is a most aggravating boxer to oppose because he is constantly dancing in and out. He is a moving target and therefore a mighty hard man to hit with a real wallop. In addition he keeps throwing punches at his opponent from every angle.

Within the next year Karr should be heard from in boxing circles in a most emphatic manner.

I see where Kid Williams, former bantamweight champion, is essaying another comeback. In his first bout with Joe Dundee he won on a foul in the tenth round after scoring over Dundee all the way.

Williams as a bantam was a great little fighter. He always gave patrons of the game a run for their money. When Williams was scheduled to fight he did that very thing.

The greates mistake Williams made during his career was his insistence to fight with Johnny Kilbane. It was the turning point in his career. Williams began to slip after that bout.

For months Kilbane ignored the various challenges issued by Williams and his manager. Then out of a clear sky came the announcement from Kilbane that he would meet Williams.

The match was staged at Philadelphia and resulted in nothing short of a massacre. From the tap of the gong to the end of the sixth round, Kilbane battered Williams all over the ring. Never did a champion receive a worse beating.

That bout robbed Williams of some of his confidence and much of his fight. He never has been the same. Possibly he may come back, but I seriously doubt if he gets anywhere.

Discipline Won Series Says Frank Chance

Frank Chance, known as the "Peerless Leader" in the days when he was winning pennants with the Chicago Cubs, still retains a keen interest in baseball.

Chance came on from California to take in the world series. In his days as manager Chance was always a stickler on discipline. On any ball club that Chance ever managed his word was law.

At the finish of the world series Chance was asked to express an opinion of what was the determining factor in the series.

"Neither pitching nor brains decided the series between the Giants and the Yankees", was his reply, "discipline was the thing that turned the trick."

"The Yankees and the Giants were evenly matched despite the fact that the American Leaguers failed to win a game. That was very unusual, decidely out of the ordinary. In three of the games it looked as if the Yankees were certain of winning, yet they failed to grab a single game.

"The Giants won because every player on that club had the utmost respect for McGraw's judgment. His decision in all things was final.

"With the Yankees it seemed as if a number of players were doing things as they saw fit, not the manager.

"Yes siree, discipline, nothing else, was the determining factor in the outcome of the 1922 series."

A GREAT FINISH.

Speaking of "thrills," the worst of all—for Queen's—came in the very last minute of play, when by a prodigious kick from his own ten-yard line Somerville punted far over the heads of the Queen's backfield division, and before the ball was finally retrieved and held by Leadley (with four Varsity men swooping down on him like demons of destruction) the ball had rolled to Queen's ten-yard line. If Leadley had fumbled or lost his head—but then he didn't! The ball was snugly secure in his arms, and a half minute later the game was over—and won. It was a wonderful kick, a wonderful recovery—and a wonderful ending.

Important Meeting at the Chamber of Commerce To-night.

A report with a number of recommendations, in the interests of the game, will be made by the hockey committee to the Executive of the P.A.A.A. to-night. The meeting will be held at the Chamber of Commerce.

Organization of the membership campaign will be completed at the meeting.

LACROSSE EXECUTIVE TO MEET TONIGHT

A meeting of the combined lacrosse executives will be held at Dr. Sutton's office to-night at 7.30 o'clock. A full attendance is requested.

CALEDONIANS ENTER SOFT BALL LEAGUE

The Caledonians associated with Caledonian Club have organized a team for the Soft Ball League. None of the members have played the game, but intend making a creditable debut in the league, in spite of this handicap. Caledonians practice on Friday evening at 9.30 sharp.

GALT AFTER HOCKEY COACH

Galt A.A.A. is looking for a hockey coach. All the players of Galt's intermediate champions of 1921-22 are still available, and during the past summer three new players have located in the city—the Hoffman twins of Zurich, Clayton having been appointed assistant principal of Victoria school. The third players is Henrich formerly of Elmira, who is employed by a paving company.

Counting everything from cotter keys to motor blocks, the average automobile has approximately 4000 parts.

MURINE FOR EYES

"THE MESSAGE OF THE BLUEBIRD"

Mr. Asa Huycke's wonderful light opera production "The Message of the Blue Bird", which evoked such remarkable tributes when presented here last winter won fresh laurels for the composer last evening, when the opera was repeated at the Grand to the enjoyment of a large audience The favourable first impressions created by "The Message of the Blue bird" have been confirmed by last night's performance for the sparkling score which Mr. Huycke has given is in this work seemed every more melodious and captivating than when it was first heard.

That the entire score the lyrics and the libretto of the production have been written by a resident of Peterboro and that the delightful music is sung in most artistic fashion by a company of Peterboro vocalists, are matters in which this community should take the greatest pride. Judge O'Connell of Toronto, who was among the many visitors from out of town, who heard "The Message of the Bluebird", last night, laid stress upon that feature in a neat speech when called upon to address the audience and the Examiner can only echo his words and say that Peterboro is to be congratulated upon having such splendid musical talent in its midst.

It is most pleasing to be able to announce that Peterboro people are to have another opportunity of hearing Mr. Huycke's opera, for it is to be repeated at matinee and evening performance on Thanksgiving Day.

Of the music of "The Message of the Bluebird" it would be difficult to say too much. Most modern musical productions of this kind are considered a success if they contain two or three musical numbers of a captivating nature. Mr. Huycke has not been satisfied with that kind of a score on the other hand he has produced gem after gem, until the selection of the most meritorious number becomes a most complicated cast These is a sextette "Lo I See the Stars in their Array", that is nothing less than grand opera in calibre. There is a waltz song "The Legend of the Bluebird", that would be a hit in any musical comedy production. There is a double quartette number "For It's Getting Quite Old-Fashioned" that has a melody that is irresistible. There is a duet "Love's Own Way" that is a masterly bit of writing and there are a half a dozen other numbers. "The Little Brown Thrush' a recitative and "No hope is there for Heart so filled with Sorrow", "I am a Prince of Pots and Pans" "If I were a Peppy old Thing like you" (and a peppy old thing) — Mr. A. Everitt.

Miss Jane Wrenn (Aunt Jane—Ida G. Sanderson.

Marion, Bluebird, Marcel's Sweetheart—Mrs. A. A. Perrin.

Marcel, A Swiss Shepherd Boy—Mr. A. Huycke.

Count de Falcon (very much in love with Cleo's fortune)—Mr. "Kit" Picard.

Innkeeper of Tyrolstol (Marion's father)—Mr. Carmel Le Gendre.

Capt. Burke—Mr. R. A. Brown.

First Mate—Mr. B. Quinn.

Ship's Cook (A Prince of Pots and Pans)—Mr. Chas. Perry.

Major Harrison (Canadian Army Officer)—Dr. S. J. Graham.

Marie (Aunt Jane's Maid)—Miss G. Lebarr.

Ruth—Miss V. Walsh.

Sophia—Miss Sophia Yeotes.

Joe—Mr. Joe Nasimok.

Chorus of peasants, passengers, sailors, ladies' maids, etc, etc.

MUSICAL NUMBERS

Act I

Overture "Bluebird"

Opening Chorus—"See We Dance the Merry Measure".

Solo, Cleo—"Come Gallant Lads".

Marcel, Recitative, Comrades Song—"I once did Fly".

Cleo, Aunt Jane, Prof. Wren—"For I Can Smile Divinely".

Cleo, Marcel and Chorus—"Game of Blind Man's Buff".

Cleo and Marcel—"Little Brown Thrush Song".

Song, Count—"I am a Count of no Account'.

Sextette, Marion, Count, Marion's Father, Marcel, Cleo, Aunt Jane—"Lo! See the Stars in their Array".

Recit. and Aria, Marion—"No Hope is there for Heart so Filled with Sorrow".

Duet, Marion, Marcel, —"Sweetheart I have come to tell You".

Act II

Capt. Burke and Chorus—"She's a Rip of a Ship".

Ship's Cook—"I am a Prince of Pots and Pans".—(Marion disguised as his little daughter).

Prof. Wrenn, Marie Yvette, Joyce —"If I were a Peppy old Thing like You".

Double Quartette, Maids and Sailors—"For Getting Quite Old-Fashioned".

Trio, Capt. Major and Count—"I told my Love to a Blue-eyed Gal".

Life's Fashion Show: —

Oriental Date, 300 B.C.—Miss I. Taylor.

Gainsborough, 1750—Mrs. (Dr.) Morgan.

Marie Antoinette, 1775 — Mrs. Pearce.

Dolly Varden, 1800—Miss L. Freeman.

Jenny Lind, 1850—Miss K. McCarthy.

Bustle Belle, 1875—Miss Gillespie.

Maid of To-Day, 1922—Miss R. Lewis.

Aunt Jane, Song, —"A Society Bride I'm Going to be".

Marcel and Marion—"Legend of the Bluebird".

Cleo, Aunt Jane, Marion—"Evolution of the Fox-Trot".

Duet, Major and Cleo—"Love's Own Way".

Prof. Wrenn, Marie and Chorus—"In Days of Old".

Closing Chorus—"America.

Act III

Bass Solo, Marcel—"Old Mother Sea".

Closing —Medley Entire Company. God Save the King.

Miss Jane Wrenn (Aunt Jane—Ida G. Sanderson.

Marion, Bluebird, Marcel's Sweetheart—Mrs. A. A. Perrin.

Marcel, A Swiss Shepherd Boy—Mr. A. Huycke.

Count de Falcon (very much in love with Cleo's fortune)—Mr. "Kit" Picard.

Innkeeper of Tyrolstol (Marion's father)—Mr. Carmel Le Gendre.

Capt. Burke—Mr. R. A. Brown.

First Mate—Mr. B. Quinn.

Ship's Cook (A Prince of Pots and Pans)—Mr. Chas. Perry.

Mr. Asa Huycke's wonderful light opera production "The Message of the Blue Bird", which evoked such remarkable tributes when presented here last winter won fresh laurels for the composer last evening, when the opera was repeated at the Grand to the enjoyment of a large audience The favourable first impressions created by "The Message of the Blue bird" have been confirmed by last night's performance for the sparkling score which Mr. Huycke has given is in this work seemed every more melodious and captivating than when it was first heard.

That the entire score the lyrics and the libretto of the production have been written by a resident of Peterboro and that the delightful music is sung in most artistic fashion by a company of Peterboro vocalists, are matters in which this community should take the greatest pride. Judge O'Connell of Toronto, who was among the many visitors from out of town, who heard "The Message of the Bluebird", last night, laid stress upon that feature in a neat speech when called upon to address the audience and the Examiner can only echo his words and say that Peterboro is to be congratulated upon having such splendid musical talent in its midst.

It is most pleasing to be able to announce that Peterboro people are to have another opportunity of hearing Mr. Huycke's opera, for it is to be repeated at matinee and evening performance on Thanksgiving Day.

Of the music of "The Message of the Bluebird" it would be difficult to say too much. Most modern musical productions of this kind are considered a success if they contain two or three musical numbers of a captivating nature. Mr. Huycke has not been satisfied with that kind of a score on the other hand he has produced gem after gem, until the selection of the most meritorious number becomes a most complicated cast These is a sextette "Lo I See the Stars in their Array", that is nothing less than grand opera in calibre. There is a waltz song "The Legend of the Bluebird", that would be a hit in any musical comedy production. There is a double quartette number "For It's Getting Quite Old-Fashioned" that has a melody that is irresistible. There is a duet "Love's Own Way" that is a masterly bit of writing and there are a half a dozen other numbers. "The Little Brown Thrush' a recitative and "No hope is there for Heart so filled with Sorrow", "I am a Prince of Pots and Pans" "If I were a Peppy old Thing like you" and others equally as effective that make "The Message of the Bluebird" a treasure trove of harmonious numbers. The superb score interwoven around a pretty story of the shepherd boy and his sweetheart puts the opera on a plane of excellence that makes one forget that he is present at an amateur performance.

Of the cast it is simple justice to say that they are worthy of the opportunities that Mr. Huycke has provided for them. Mrs. A. A. Perrin and Mrs. Dorothy Allan Park in the respective roles of Marion, Marcel's sweetheart and Cleo the American heiress, not only sing magnificently as might of course be expected of them but they show genuine histrionic ability as well. Mrs. Perrin's singing of the aria in the first act was a veritable triumph and she was equally successful in her other numbers. Mrs. Park scored heavily in all her song numbers and was particularly happy in her first solo "Come Gallant Lads". Mr. Huycke himself sang the role of Marcel in splendid voice. Dr. S. J. Graham as the Canadian officer was heard to great advantage in the duet "Love's Own Way" with Mrs. Park Miss Ida Sanderson is most happily cast as "Aunt Jane" and gave a capital performance. Charles Perry made a notable hit in his "Pots and Pans" number. Kit Picard was an excellent Count. Miss Greta Lebarr in the soubrette role of Marie contributed much to the enjoyment of the occasion. Mr. R. A. Browne as the Captain sang splendidly, Arnold Everett was excellent as Professor Wrenn and the other parts were well looked after while the chorus did magnificent work in the ensemble numbers.

A spectacular feature was Life's Fashion Show, in which Miss I. Taylor, Mrs. (Dr.) Morgan, Mrs. Pearce, Miss L. Freeman, Miss K. McCarthy, Miss Gillespie and Miss R. Lewis were seen to great advantage.

The staging of "The Message of the Bluebird' was in charge of Mrs. Perrin who deserves great credit for the smoothness of the performance.

Mr. J. H. Renwick was the musical conductor and was of great assistance to the success of the occasion. An augmented orchestra helped to bring out the full beauty of the score.

The cast and musical numbers follows:

Cleo, an American Heiress (summering in Switzerland), — Dorothy Allan Park.

Professor Wrenn —Cleo's father

NORMA TALMADGE in "THE SIGN ON THE DOOR" at the ROYAL TO-NIGHT, FRIDAY AND SATURDAY

Norma Talmadge, in "The Sign on the Door," is the irresistible lure for picture play enthusiasts at the Royal Theatre to-night. Supporting Norma in prominent roles are Charles Richman, Lew Cody, David Brenon. Norma has the part of Ann Proctor, Helen Weir and Paul McAllister. "The Sign on the Door" is a screen version of Channing Pollock's stage play of the same name. It was directed by Herbert Brenon.

STECHER DEFEATS CUTLER.

NEW YORK, November 2 (Canadian Press). — Joe Stecher, former world's champion wrestler, last night defeated Charley Cutler, of Montreal, former American title-holder, in two straight falls.

VLADIMIR DAMILOFF, BARITONE, RUSSIAN GRAND OPERA COMPANY.

At The Theatres

CAPITOL—Charlie Chaplin in irresistible comedy, "Shoulder Arms." Also the dramatic story of a girl nobody wanted, entitled, "Forget Me Not."

ROYAL—The favorite screen star, Norma Talmadge, in "The Sign on the Door." Also balance of a Royal high-class, first-run programme.

GRAND— Friday and Saturday, "Bringing Up Father" on His Vacation," with Danny Simons, a Peterborough boy, as Jiggs Mahoney.

GLOOM CHASER HERE IN "SHOULDER ARMS"

Charlie Chaplin that real gloom chaser in his second million dollar picture "Shoulder Arms" starts a three day run at the Capitol today. This is one of his real wonder pictures, and has been very popular wherever shown. Of course you know Charlie, as usual he is always up to something and in "Shoulder Arms" he certainly has his trouble, but Charlie keeps going and always finishes up that old song "Pack your troubles in your old Kit bay and Smile—Smile—Smile.

Along with the comedy will be shown "Forget-Me-Not" a picture which maketh the heart glad. Given a story human to the last degree, with a cast which brings to each character a sympathetic impersonation and direction which shows unusual knowledge of life, and especially of the heart of a child, the result is a picture which cannot fail to win favor with everyone who welcomes photoplays which are free from hoakum and which have some semblance to life as it really is.

"Forget-Me-Not" is a love story but it is more than that. It is the life story of two foundlings who find in their devotion for each other some compensation for the unkind fate which has deprived them of home and the affection of parents. But even this consolation is denied them, for Jimmy is adopted by a rich woman and passes out of Ann's life to reappear under conditions that seem at the time to shatter her faith in the goodness of life.

"Forget-Me-Not" is a Louis Burston production for Metro in which Gareth Hughes and Bessie Love play the leading roles. They make the characters stand out with vivid lifelikeness.

AT THE GRAND.

DANNY SIMONS HERE FRIDAY AND SATURDAY

What is undoubtedly a national institution and which has been acclaimed as something apart from the conventional is the next offering at the Grand theatre commencing Friday, November 3 with the customary matinees. The title of the new piece is "Father on His Vacation". It is in three acts and is based on the world-famous cartoons of George McManus, "Bringing up Father." No comics of recent years have ingrained themselves into the hearts of the public as have these unique creations. And the answer is easy. They are the personificiation of life, the embodiment of real humor and human nature. Jiggs Mahoney, who will be seen in flesh, along with Maggie, his wife, Dinty and the rest of the Mahoney clan, is a character as beloved as he is popular. This year Jiggs has decided to take a rest—a respite as it were, from all the turmoil, tribulations, strife and incessant disturbances that invariably beset the loyal family man. Just how Jiggs intends to carry out his "rest" forms the nucleus of one of the most rollicking sort of entertainments offered hereabouts in a generation. The play, with original music, a bevy of beauty, scenic embellishment, comedy, screams, innovations, surprises and other incomparable features should surpass any other attractions in town.

REMARKABLE TRIBUTE TO RUSSIAN GRAND OPERA COMPANY.

To the eminent music critic of the Los Angeles Record the Russian Grand Opera Company is indebted for the most remarkable tribute ever accorded any organization of this kind by a frank and unprejudiced journalist. We take the liberty of quoting the following excerpts:

"The excellent proportions of the audiences that are attending the performances of the Russian Grand Opera Company's two-weeks' engagement at the Mason Opera House indicate that the people of Los Angeles have become aware of the remarkable thing that is happening in their city.

"The season of the Russian Grand Opera Company is the most significant event of an operatic nature in Los Angeles in recent years. More: It offers at the prices in effect unquestionably the biggest money's worth ever given to opera patrons on the Pacific Coast.

"From other companies, at high prices and low, Los Angeles have had a liberal and excellent presentation of Italian and Wagnerian opera in the past few seasons. The Russian Grand Opera Company is introducing to this city some of the masterpieces Russian operas none of which, until the company arrived, have been heard west of Chicago, most of which have been given only rarely and only in New York, and some of which are entirely new to America.

"This in itself is a musical event of first magnitude, added to it is the fact that the company is recreating these operas as only Russians can recreate them, and one of the best voices ever heard in Los Angeles are contributing to the performances."

This city will have an opportunity of hearing these unrivalled masterpieces by this sterling company which will give performances at the Grand Theatre, Tuesday, November 7.

"CHU CHIN CHOW" NEXT WEEK.

"Chu Chin Chow" will arrive at the Grand theatre and for 3 performances, will doubtless play to audiences that will test the capacity of the play-house.

Advancing on its triumphal tour this sensational Oriental extravaganza, with its famous London and New York records behind it and its metropolitan cast unimpaired, has been receiving everywhere with that old-time acclaim which seems to have restored for the moment the days when only the best and greatest came to our stage. It is many a long season since an attraction of such magnitude and importance came to our city. "Chu Chin Chow" therefore, promises to be not only the high-spot of the current theatrical year, but also of recent years — the years since prohibitive traveling costs and increased production expenses began to make the southern circuit a hazard for the "big show" but Comstock and Gest seem to know nothing of this. There is but one "Chu Chin Chow," and all America will see it—not as a road organization, but the genuine metropolitant production, with the same actors, costumes and scenery(both the latter entirely renewed however) that Boston, Chicago, Philadelphia and all the other great centers have admired.

F. Ray Comstock and Morris Gest who bought "Chu Chin Chow" for America, presented it at the Manhattan Opera House, New York, on October 22nd, 1917; in January 1918, they moved it to the Century theatre, New York, where it finished the season, and the following year they brought it back to the Century for a second engagement. Since then it has been presented on tour, always with remarkable success. It has always been hailed everywhere as the crowning artistic achievemeat of the decade, as well as one of the smartest, most brilliant and most alluring stage productions ever made.

A notable cast will appear in "Chu Chin Chow" including Lionel Braham, Virginia Howell as Zahrat, the desert woman; Albert Fromm as Abdullah, the steward; Don W. Ferrandou as the merry Ali Baba; Blakely Thompson as Nur Al Huda; Hannah Toback as Marjanah, the singing girl; Charles Jones as the cobbler; Louis Le Vie as Kasim Baba; the miser; Maude Files as Mabubah; Adelaide Mesmer as Alcolm, the wife of Kasim; Hattie Carmontell as the slave buyer, and many others including a ballet of 60 dancers. Seats will go on sale Wednesday morning at 10 a.m.

AT THE ROYAL.

HARD STUDY PRELUDE TO FILMING HIT.

"In the Days of Buffalo Bill" Is Faithful Historical Narrative.

The extensive growth of the motion picture business in advance of all other American industries is proved beyond any doubt in the Universal chapter play "In the Day of Buffalo Bill," which opens at the Royal Theatre to-day.

Months were spent in extensive research in securing accurate data and equipment for each of the eighteen chapters. As is true of all great periods of history, historians differ widely in their accounts of famous events and it was difficult in preparing the script for production to know exactly what accounts to choose. Robt. Dillon who wrote the story and continuity from history perused every text book on history in the library, and with the assistance of professional research workers succeeded in getting in his script the real events as they actually happened.

The next step was choosing the players to re-live the famous events, and the recording of their efforts by the camera. Each character was selected with the strictest attention to his or her physical likeness to the personage he or she was to represent. Incidentally Edward Laemmle, the director, was fortunate in securing the services of certain actors who were qualified for their roles for other reasons as well. Joseph Hazleton, seen in the role of Gideon Wells, secretary of the Navy in Lincoln's cabinet was a programme boy in Ford's theatre the night of the assassination; Duke Lee, playing the part of Buffalo Bill, was a rider and roper with the scout for seven years, Chief Lightheart playing the role of Sitting Bull, is a full blooded Cherokee Indian.

A WHIST DRIVE NEXT WEDNESDAY BENEFIT FIRE VICTIMS

The Caledonian executive decided last evening to hold a whist drive for the benefit of the fire sufferers in Northern Ontario in the Woodmen of World Hall, next Wednesday evening, Nov. 8th, at 8 o'clock sharp. Splendid prizes have been donated by four members of the Club. The Public are invited.

SHE TRAINED FOR A LONG HUNGER STRIKE

OAKLAND, Cal., Nov. 2.—Hunger striking reduced to a science. Months of preliminary preparation including a "hunger rehearsal!"

Such are the unusual elements in the case of Dr. Minnie Leach, woman chiropractic, who is protesting her arrest on a charge of practicing without a license.

Because of the state laws Dr. Leach figured that some day she would be arrested. The means of protest she adopted has been used so often within the past few years as to almost become commonplace But Dr. Leach went about it differently.

"I secured all the obtainable works on scientific dieting and fasting," she explained. "I began carefully to prepare for the inevitable. To prepare myself I rehearsed a hunger strike at home. I went ready 20 days without food, and found myself better or the fast.

"I learned from the psychologists the state of mind that must be assumed and I have given myself a course in what to refrain from doing and what to do.

"Proper amounts of water form the basis for such a fast. I take about three quarts a day. Many people would be far better off if they would put themselves on a hunger strike as a protest against indigestion and dypepsia."

Social Calendar

Miss Eva Fife, George Street, has returned home after spending a very pleasant holiday in Niagara Falls and New York.

Mrs. James Scott, residing about two miles north of the city, was hostess at an enjoyable Hallowe'en party on Tuesday evening, when a number of her friends motored to her home and spent the evening in games and dancing, with the service of a dainty repast by the hostess. Among those present were: Mr. and Mrs. B. Fleming, Mr. and Mrs. P. O'Brien, Mr. and Mrs. Geo. Plumpton, Mr. and Mrs. Pringle, Mr. and Mrs. J. Johnson, Mr. and Mrs. J. Mahoney, Mr. and Mrs. D. Tooley, Mrs. L. O'Brien, the Misses Nora, Nellie, Aileen and Carmelite Hobbins, Frankie Cadigan, Kate Mahoney, and Messrs. Patrick Hobbins, Herbert Cadigan, M. Scott, R. Lucano, F. Lucano, R. Bullied, O. Dorgan, E. Brady, J. Smith, E. Tooley, Joseph Hobbins, Jas. Scott, R. Geinge and B. McFee.

Miss Eva Fife, who has been visiting in New York and Niagara Falls, has returned home.

Mr. and Mrs. G. H. Popham and family left this week to spend the winter in Florida.

Mr. and Mrs. F. D. Carver have returned from a pleasant visit in Haliburton and Eagle Lake.

Following the presentation of "The Message of the Bluebird" in the Grand Opera House last evening, the entire company was entertained by Mr. Asa Huycke at an after-theatre supper party at Louis' new cafe, which opened yesterday.

The President and Executive of the Women's Art Association will be at home to members and their friends in the studio at the Conservatory of Music on Saturday afternoon, November 11th, from 3.30 to 6. This opening rally had been planned for Saturday of this week, but was postponed on account of the holiday on Monday.

Mrs. Willis Tully, of Springville, left last week to spend two months in Vancouver, B.C., with her sisters and other friends.

Mrs. (Rev.) Langford held her first reception yesterday afternoon, from three to six o'clock, at the Trinity church parsonage. There was a large attendance of ladies, received by Mrs. Langford, assisted by Mrs. M. A. Morrison, Mrs. F. L. Neal, Mrs. R. J. Kidd and Mrs. Howard Follis. Mrs. W. C. Switzer and Mrs. Joseph Walsh poured tea, assisted by Mrs. Giles, Mrs. F. Greatrix, Mrs. Howden and Mrs. Geo. H. King. The reception room was prettily decorated with carnations, roses and mums, the yellow chrysanthemums, large and small, forming the floral decorations of the tea room.

Mr. Joseph Charlesworth and family, 15 Hilliard Street, have left for Truro, Nova Scotia. Mr. Charlesworth was manager of the Auburn plant of the Canadian Woollens, Limited.

Judge D. O'Connell, of Toronto, came down laslt evening and attended the performance of "The Message of the Bluebird" at the Grand Opera House. He was the guest of Mr. and Mrs. F. D. Kerr.

LITTLE PROSPECT OF GRAIN FROM RUSSIA

LONDON, November 2 Associated Press. — "The exportation of grain from Russia this year is in the highest degree unlikely," says Dr. Lincoln Hutchinson, of Berkeley, Calif., special agricultural investigator for the American Relief Administration who has just returned to London from Moscow.

It was on Dr. Hutchinson's investigations of last winter that the A.R.A. based its relief measures for the Ukraine and Trans-Caucasia and he has recently been making trips through the Volga Valley and the Ukraine with the object of assessing the present harvest.

In spite of an adequate crop for the whole country there will be localized shortage areas in both the Volga valley and the Ukraine, Dr. Hutchinson declares. Whether these areas will be supplied by those with surplus crops, depends on the system of distribution.

Dr. Hutchinson says there is no danger of a repetition in Russia of the famine of last year.

PLANS TO ENLARGE MONTREAL DOCKS.

MONTREAL, No. 2.—(Canadian Press).—Carrying one and a quarter million feet of lumber the first shipment of an order of five million feet for Harbor Commissioners of Montreal, the Canadian Pacific Steamship Monteagle arrived in port yesterday from Vancouver via the Panama Canal. The lumber will be used by the commissioners for the extensions to Alexandra, King Edward and Jacques Cartier Piers, work on which is now in progress and which, when completed will add three hundred feet to their present length of one thousand feet each. The additions were made necessary by the larger types of vessels visiting the port.

ABOLISHING TRIBUNALS.

MOSCOW, Nov. 1.—(Associated Press.) — Revolutionary tribunals which have been administrating justice in Soviet Russia for the last five years, are to be abolished, according to announcement by N. Krylenko, state prosecutor and chairman of the supreme tribunal. Ordinary and unified courts of justice will be organized instead.

The revolutionary tribunals came into existence at the time of the Red Terror in 1918. They were a kind of revolutionary death-striking weapon outside court jurisdiction, with power similar to those of the Cheka. They acted by special court law, which gave them wide scope both in court procedure and in delivering sentence behind closed doors.

(By Stuart P. West

NEW YORK, Nov. 2.—(Special) —Further recovery in both stocks and bonds, another advance in wheat prices and fresh weakness in French and German Exchange were the principal incidents in the markets to-day.

It has been insisted all along that the downward movement on the stock exchange of the last two weeks had little or no significance so far as the outside trade situation was concerned. The rapid rebound of Wednesday afternoon and to-day confirmed the correctness of this view. The objective of the previous decline had been to undo the excess of the mid summer speculation. In accomplishing this, operations for the decline were in their turn overdone.

What occurred in the last hour Wednesday and a gain in the trading to-day was simply the natural recoil of a market which had been pressed down further than was warranted by general conditions. The up turn in the bond market was even more notable than in stocks. A number of the number of the railway issues, even those belonging to the strictly investment class, rose over a point.

The Foreign government group under the lead of the Belgian bonds which at one time were up over 2 points, was also exceptionally strong in bonds there was no question, as there was in stocks, of an over extended short account. But there was the same recognition on the bond-market, as in the stock market, that the recent selling has been exaggerated.

Recovery in stocks was very general. Naturally it was more rapid in the industrials, which had borne the brunt of the previous short selling than it was in the rails where operations for the decline had not been so much of a factor.

MEMBER FIRM HERE.

Mr. Roffey, a member of the firm of Bryant Bros., Limited, stock brokers, Montreal, is on a tour of inspection to their many correspondents' offices and is in the city for a few days in the interests of the local firm of Nelson and Martyn. Mr. Roffey will be pleased to meet any who wish to discuss the many features of the stock market, and especially the bond business. 'Phone 229J, or call at Nelson and Martyn's Office, 332½ George Street.

WRITING BY RADIO.

Correspondence might be conducted by radio. This suggestion has been made in seevral quarters on basis of the recent invention of the teletype, a radio operated typewriter. If this can be done, mails would be supplanted by radio.

MRS. PANKHURST SEES A WONDERFUL CHANGE IN WORLD'S HISTORY

Suffragette Crusader Visits Peterborough on a New Mission—Has Faith in the Eight Million Women Voters in England.

ABOUT WORLD EVENTS

Recollections of the days when the militant women of England, tiring of futile appeals to reason and justice, filled the newspapers of the world with accounts of their exploits, when they destroyed pillar boxes, wrecked public buildings, and went on hunger strikes in their efforts to attain their object—the vote for women—were strong in the mind of at least one of those who listened to Mrs. Emmaline Pankhurst chat about world events in general, last evening.

This lady, whose newspaper photographs have given to the general public an impression of rather hard fanaticism, has, on the contrary, a mild, pleasing expression. With her soft, cultured voice, her blue eyes and grey hair, the pretty pink flush in her cheeks when she talks, she is an interesting and attractive personality, with an unassuming manner and a little nervous catch occurring occasionally in her speech. Small, dainty hands, a dress of soft, dark material with moderately low neck, velvet ribbon neck-band, and modish little hat with massed blue flowers in the front, completed a picture of one who would probably be adjudged by the casual observer as a real home woman, quite at ease in an atmosphere of afternoon tea, cooking recipes and knitting stitches.

Long, Bitter Struggle.

But the impression of the crusader is about Mrs. Pankhurst also, when she talks of those movements in which she has been interested. Just as she led the van for long, bitter years in the struggle for female suffrage in England, and finally accomplished her object, just as she toured the Empire in the war days on recruiting expeditions, and fired many a lagging mind with her eloquence, so now she is heart and soul in the object that brought her to Peterborough—the furthering of the work of th Social Hygiene Council.

Mrs. Pankhurst fired up when someone asked her if she thought the eight or more million women voters in England would follow the lead of their men in the coming political struggle. She was firmly of the opinion that they would follow no one's lead but their own, remarking, however, that they had a variety of parties to choose from.

"When we were fighting for the vote," she said, "people said that we were fighting the Liberals, but

(Continued on Page 2).

Mrs Pankhurst Will Return in December

Following up the visit of Dr. Bate of Toronto to Peterborough some time ago, when he endeavored to organize here a branch of the Social Hygiene Council of Ontario, Mrs. Emmeline Pankhurst, the well-known English lecturer and woman suffrage worker, visited Peterborough yesterday, and was met by a number of local people who are interested in the formation of such a branch in Peterborough. After lunching with Mrs. Pankhurst, a brief conference was held at the Empress Hotel in the afternoon, at which were present: Mrs. James Kendry, Mrs. A. Mowat, Mrs. W. R. Morris, Mrs. Joseph Knox, Mrs. E. Maybee, Miss A. W. Pike, the public health nurse, and Dr. G. McDougall.

Mrs. Pankhurst explained fully the ideals and aims of the Council, and their method of organization. During the afternoon, Mrs. W. R. Morris accompanied her on a series of brief visits to interested people in the city. She will return early in December to give a number of addresses on the subject of Social Hygiene.

PROTEST AGAINST TOBACCO LICENSE

Merchants Petition Council Not to Impose Fee—Would Create Monopoly

Protest against

Objecting to any increase in the cigarette license fee and to the imposition of a charge for the sale of other tobaccos, a petition signed by grocers and barbers was read at last night's meeting of the Council.

"We are of the opinion," the signatories declared, "that in the event of the present license fee being increased it will result in the smaller merchants being forced to discontinue the present sale of cigars, tobaccos and cigarettes, and will result in a monopoly of the large stores on George street.

"Any increase in the present license fee will result in our having to discontinue the sale of these articles, and will further result in a great inconvenience to our customers, who would be forced to go to the centre of the city after their working hours."

Some of the merchants who signed the petition were M. H. Halpin, George and Perry streets; A. Brault, 180 Simcoe street; A. Inkpin, 166 Park street; Fitzpatrick & Geraghty, 196 Rubidge street; J. Penrose, 546 Sherbrooke street; Dawson Bros., 559 George street; Jos. Henderson, 260 King street; Bert Heard, 239 George street; Vic. Sullivan, Hunter street East; T. B. Maniece, Hunter street east; R. H. Hunter, A. Allison, G. Goheen, John Kerr and others.

Other Petition Astray.

Another petition which is understood to request the Council to increase the license fees, presumably went astray in the mails, as the city clerk had not received it.

Mr. Brooks, speaking for a supporting deputation, said that many grocers didn't handle cigarettes, but they objected to the imposition of a fee on the sale of other tobaccos. They would be deprived of their present trade, their customers, especially those of stores on the outskirts of the city would be inconvenienced, and the central tobacco stores would virtually have a monopoly.

The petition was referred to the Finance committee and the deputation were assured that the Council had no intention of imposing a new license or increasing the fees. To Mr. G. Goheen's question, the Council gave its promise to invite representatives of the petitioners in the event of any later discussion of the tobacco license. Ald. Gainey moved to that effect, seconded by Ald. Gainey.

ONE PERFORMANCE ONLY

There will only be one (evening) performance of 'The Message of the Bluebird' on Monday and no matinee, as announced. This is to give everyone a chance to see this splendid attraction. The popular prices are 75, 50, 35 and 25c., and a packed house is looked for at this positively last Peterborough performance. No advertising is needed for Monday night's offering. Just ask anyone that has seen it. Will the people who sold tickets kindly make returns promptly.—Advt.

WITH FLASHING OF EYES MILLS SEEKS JUSTICE

Husband of Murdered Singer Visits Phillips Farm and Cooly Discusses Double Slaying.

EXPECTS WARRANTS

NEW BRUNSWICK, N.J., Nov. 3.—(Special).—James Mills, husband of the murdered choir singer, stood on the scene of the Hall-Mills crime to-day and declared he believes there is a "great deal of truth" in Mrs. Jane Gibson's eye-witness story.

"My wife and the Rev. Hall were murdered by some one very close to one of them," said Mills, who has thrown off his meek, inoffensive demeanor and is demanding "justice" in the case.

His form straightened and his eyes flashed a spark of fire as for the first time he went to the Phillips farm, and without emotion cooly discussed various phases of the murders.

"The murder could never have been committed by a stranger," he deducted. "The person who killed my wife and Hall evidently wanted their bodies to be found and identified immediately. Otherwise they would have been thrown in the thicket of locust bushes there," he said, pointing to the bushes.

"The murderer, in my opinion, was related to one of them," Mills added.

Warrants Issued.

Warrants charging two persons with the murder of Rev. Edward Hall and Mrs. James Mills have been drawn, it was learned authoritatively to-day.

The final signature and service of the complaints await only the closing up of minor loopholes in the evidence in the hands of Prosecutor Mott, it was declared.

Simultaneously, however, it was denied from Mott's office that the arrests are "probable before the first of the week."

The dramatic inspection by James Mills, the meek husband of the murdered singer of the Phillips farm "murder scene," stood out in to-day's developments in the case.

Mills, for the first time, went to the Phillips place and cooly, and without emotion, examined the spot where the bodies were found.

"I suppose this is where they dug up the ground with the blood on it," he remarked, lighting his pipe, and pointing to the earth under the crab apple tree.

"I wonder she ever got out here," he exclaimed, surveying the lonely place.

"My wife was always afraid of such places after dark."

CONTROL OF POLICE BY CITY COUNCIL

Peterboro to Unite With Other Municipalities to This End.

In response to an invitation from the municipality of St. Thomas, the City Council's Legal Committee decided last night that representatives of this municipality shall meet with those of other Ontario municipalities on the question of police control. The object is to arrive at some uniformity of view for petitioning the next sesion of Legislature for greater control by City Councils over their local police. A motion by Ald. Phelan and Holloway in this direction carried unanimously.

Mayor Taylor said no reason why the project should not work satisfactorily, were the Council thoroughly represented on the Police Commission, and Ald. Crowe thought the idea of the late Mayor of Brantford had been for the Police Commission to be composed of three elected members (aldermen and otherwise) and the Judge and Magistrate.

Ald. Holloway inclined to the view that perhaps the majority of municipalities favor an elected commission, and Ald. Phelan reiterated his oft-repeated complaint that this city's ratepayers have no actual control over expenditures by the police department. Concurring in the latter protest, Ald. Crowe again voiced his objection that such by-laws as those, providing for the weighing of bread and coal, are not strictly enforced by the police, as provided for in the Act.

Conference Will Have to Back Up Says Mr. Burnham

In reply to the Quadrennial Methodist Conference which, according to the following report in the Christian Guardian, refused to take Mr. Burnham's telegram seriously, Mr. Burnham says: "Conference attached a disgrace to the use of tobacco and if it still thinks that it is a disgrace to use anything that God has made, it will have to back it up. The report referred to in the Christian Guardian is as follows:

A telegrams was read from Mr. J. H. Burnham, of Peterborough, which said: "Now that you have condemned the use of tobacco, what are you going to do with Almighty God, who gave it to the world?" The Conference refused to take Mr. Burnham seriously and we think they were wise. We wonder if he really takes himself seriously! We wonder if Mr. Burnham thinks that God made poison hemlock and the deadly nightstake, and tobacco for human consumption! However, at least he gave the Conference a hearty laugh.

VAST PROFITS BOOTLEG GAME

Bootlegger Says He Can Earn $2,500,000 Out of $200,000 in 3 Months.

LONDON, Nov. 3. — Whisky makers in Scotland are working overtime, in extra night shifts, in order to supply liquor to the dry throat of thirsty America.

In the Highlands the passengers on the night expresses flash past great lighted buildings, from whose tall chimneys the smoke belches nightlong. They are better distilleries of Scotland, where liquor is made on mass production principles, in order that Mr. Jones, of New York city, or Mr. Brown, of Detroit, may have his quart bottle "Old Scotch."

Whisky Costs $1.50 Quart.

Not for years has the liquor trade in Scotland been as prosperous at today. Whisky can be made at say, $1.50 a quart, sold in England for $2 and smuggled to the United States for a sale of anything from $12 to $14 per quart, is a gold mine somewhere.

Since prohibition in the United States, the whisky trade of Scotland has practically quadrupled itself.

Millions of gallons of yellow, Scotch whisky are smuggled yearly into the United States.

For every rum-runner that is captured at least ten arrive safely at their destination, landing their cargo undisturbed, according to statements of local agents of the United States prohibition forces.

It is not hard to arrive at the amount of liquor thus being brought to "dry" America. The other day a vessel was taken by the authorities with forty thousand gallons of whiskey in her hold—consigned from Cadiz from which port she has called at Glasgow. She at that, was only a small vessel. Ten other landed their cargo unmolested. There's four hundred thousand gallons.

Profits are Vast.

So great is the profit in Scotch whisky that one prominent bootlegger openly boasted here that he was able, with a deposit of $200,000 placed in a London bank, to turn that amount into $2,500,00 in the space of three months.

Another bootlegger declared in a London hotel, that he had paid out as much as $300,000 in one day in "Largesses"—a polite name for draft—in order to put through a deal which netted him the little pocket money of $1,000,000.

DISPLAY YOUR FLAGS FOR ARMISTICE DAY

Citizens of the city are urged to make a display of flags for the Armistice Day celebration over the week-end. When noted visitors come to our city, when any special ocasion occurs that demands a display of patriotic fervor, when celebrations take place at particular occasion occurs that demands a not time nor attention spared in decorating for their observance. Why not remember, in small fashion, the day when the whole world rejoiced over the news of peace, and honor, at least as much as possible, the memory of the unreturning brace?

MINISTER MAY BE APPOINTED OTTAWA HEARS

Political Gossips in Ottawa Busy Over Appointment of Canadian to Washington.

OPINIONS DIFFER

NEW YORK, Nov. 3.—(Canadian Press).— The Washington correspondent of the New York World reports that he had learned authoritatively that Canada is to have either a minister or high commissioner with ministerial powers as her diStates, this is regarded as significant tates, this is regarded as significant "As first step in what ultimately may mean like representation for Irish Free State and other British Dominions".

General impression in Washington says the World is that Sir Charles Fitzpatrick is not likely to be appointed.

WILL RESTRICT SCOPE

OTTAWA, Nov. 3—(Canadian Press.—Definite action in appointment of Canadian representative at Wasington will it is expected here, not be long delayed. "Questions was under consideration in conversations between Hon. W. L. MacKenzie, Prime Minister and Sir Auckland Geddes, British ambassador at Washington in Ottawa early in present week, if however, Canadian representative to Washington is appointed his scope of action is likely to be more restricted than was contemplated in arrangement reached between Sir Robert Borden then Prime Minister of Canada and Lloyd government in 1920, under that arrangement, Canada was to have minister plenipotentiary at Washington reporting to Canada taking instructions from Canada and ordinary channel of communication with United States Government on matters of purely Canadian concern. In absence of British ambassador and it is feature that Premier King, then leader of opposition differed most sharply, Canadian minister was to take charge of whole embassy "and of representation of Imperial as well as Canadian interests". Mr. King while agree ing with general principle of Canadian representation at Washington, opposed proposal that Canadia representative should take charge of British Embassy, he feared that it might lead to strained relations between Canada and Great Britain and would be putting representative of Canada in most unfair position, in view of attitude then taken by Mr. King and Liberal party in House, it is not thought likely that present Government would appoint a Canadian minister clothed with wide powers expressed in 1920 arrangement, but, although no official statement is yet available belief is current in political circles that appointment of Canadian representative at Washington will probably be made in near future.

Canada will send minister to Washington to represent that country directly in its dealings with United States. This is settled in principle and it is said on high authority that proposition will be carried out. It is understood here however, that actual sending of Minister by Canada will wait on Result of British elections and the formations of British elections and formation of government in accordance with result of these elections. Whatever new government there may be, according to information here would stand by arrangement already made in principle but assumed Canadian government will desire to await elections and consult new government as to details, rank, procedure and kindred matters.

WEAR A POPPIE, LEST YE FORGET THE SOLDIER DEAD

Replicas of Poppies, Which Grow in Flanders Fields Will Be Sold Tomorrow for Benefit of Returned Overseas Men and Their Dependents in Hard Luck.

To-morrow will be "Popy Day," and imitation flowers, symbolising the poppies "In Flanders Fields" which bloom in myriad numbers over the graves of those of Canada's sons who went but did not return, will be sold on the streets for the benefit of returned soldiers and their dependants who have hit the "hard luck" path since their return. But the inspiration for this custom—which promises to become a fixture on our calendar—is a greater one than to aid the living.

The day is one which, for the past few years, has been set aside that the sacrifices of the glorious men who died may be periodically and forcibly brought to the attention of a public who might otherwise forget. Many there are who will never forget. For them the hand of death rested heavily on some loved one who now sleeps where "poppies blow." For others the great war god Mars passed lightly, and their fathers and sons, husbands and sweethearts, were returned to them.

Poppy Day will recall to them the long nights and days of anxious waiting and the prayers for the return of their loved ones. Their prayers were answered, but the day must also bring back to them the fact that in other homes the boys who went forth to war did not return. So To-morrow they will be asked to wear a poppy in memory of the soldier dead.

The poppies will be sold by a corps of returned men in uniform, who will be grouped in fours, and allotted to different sections of the city.

The flowers to be sold to-morrow were made by disabled Canadian soldiers, and every care has been taken this year to ensure the fact that they did come from this source. Last year the poppies were advertised and sold as having been made by the children of the devastated areas of France, and the G.W.V.A. discovered afterward that the majority of them were made in the United States. A strict check has been kept this year to see that such a thing did not occur again.

On Sunday a special programme will be held as a memorial to Peterborough's dead. All returned men and others who are to take part in the parade will assemble at the G.W.V.A. Hall at 2 o'clock, where wreaths will be placed on the cenotaph and an address delivered by Major-General Sir Archibald MacDonnell. The company will be parade to the Opera House, where a memorial service will be held.

ENGINEER PARSONS UNDERBIDS OTHERS FOR SEWER WORK

His Estimate for Constructing Park Street Main Sewer, From King George Street to the River, Accepted by Council and Will Effect a Saving of $21,896.

DO WORK IN WINTER, AND BY DAY LABOR

The Park street main sewer to the river, and its connections with those on King George and Lock streets, are to be constructed by day labor, under the supervision of City Engineer R. H. Parsons.

This conclusion was reached last evening by the City's Board of Works, on motion by Ald. Crowe and Turner, after tenders for the work showed a saving to the municipality of $21,896 by accepting the City Engineer's estimate of $31,-301.50, the next lowest tender being that of R. Sheehy & Sons, of $53,-197.50. Two other tenders were to hand as follows: F. F. Fry, Toronto, $54,121.25; Jonn Carrol, city, $71,101.49.

This work constitutes excavating for and laying a little less than 1,600 feet of concrete sewer pipe from the corner of Park and King George streets to the river, besiding linking up Park street sewer with King George and Lock street sewers and constructing a special outfall chamber, the whole completing a service in connection with the new sewage disposal plant to follow.

In discussing the several figures submitted, Ald. Crowe thought the Engineer's estimate quite convincing that all such work should be done by day labor and thus effect considerable saving to the ratepayers, to say nothing of assuring employment for men resident here.

To the board, City Engineer Parsons replied that his figures were based in part on the city making its own concrete sewer pipes, and that he had practically all equipment needed for the whole work. At the most, he qualified, an expenditure of $400 or $500 would provide any little additional plant that may be found necessary. Criticising the other tenderers' high prices, he thought they had evidently figured too safe, owing to troublesome soil conditions, with which, however, he had acquired considerable practical experience when laying in that locality some 5,800 feet of sewer pipe.

Winter Work.

To Ald. Phelan, Mr. Parsons replied that construction of this sewer may be carried on during the winter months; in fact, he said, summer or winter makes but little difference to the cost of such work in that locality, the soil being sandy.

The board's action on the foregoing matter was subsequently adopted by Council later on in the evening.

THE ITEMIZED FIGURES.

	Sheehy	Engineer	Fry	Carrol
Concrete pipe, 30 inch, lineal foot	4.50	3.50	3.65	6.25
Concrete pipe, 33 inch, lineal foot	5.00	4.00	4.50	7.22
Concrete pipe, 42 inch, lineal foot ...	6.00	4.50	5.40	8.50
Excavation, per cubic yard, including back filling	4.90	2.55	5.43	6.50
Concrete, per cubic yard	15.00	13.25	17.50	25.00
Manholes, each	175.00	81.00	145.00	250.00
Concrete, per 1,000 feet board measure	70.00	40.00	60.00	75.00
Special outfall chamber at the Otonabee river	800.00	480.00	555.00	1200.00
Special manhole corner of Lock and King George streets	325.00	200.00	540.00	800.00

THRACE IS EVACUATED.

CONSTANTINOPLE, Nov. 3.Canadian Press. — Lieut. General Harrington yesterday announced that Greek troops had completely evacuated Thrace.

GUILTY OF MURDER.

WINDSOR, Nov. 3.—(Canadian Press).—After deliberating one hour and a half, the jury at Essex Assizes in Sandwich, yesterday afternoon found Frank Bianchi guilty of the murder of William Fraser.

NEW SANITARY REQUIREMENTS WERE ADOPTED

Council Approves of Plan for Payment of Plumbing in 5 Year Period--Install Conveniences.

DRAIN GARBAGE

On and after January 1st next, sanitary plumbing consisting of at least a sink and a closet must be installed in any house or other place intended for habitation that is built on "a street that has a sewer or on any street upon which the construction of a sewer has been authorized by by-law," was the import of a new regulation passed by the Council last night at the instance of the Board of Health.

Another by-law reduced the city's license fee for pool and billiard tables from $40 to $35 for each table.

An amendment to the garbage by-law calls for the collection on holidays from districts that are ordinarily covered on such days, and this collection shall be made on the holiday or the following day.

Ald. Jones asked whether the collectors were to be deprived of the statutory holidays. Ald. Crowe replied that this change embodied the preference of the present garbage collection contractors.

The new enactment will not be enforced until next year, and was particularly devised for holidays during warm weather.

Another clause requires all garbage to be properly drained. These changes arm Sanitary Inspector Stapleton with authority which he has been urging for a long time, not only to prevent the accumulation of garbage over a holiday, but also to smooth out difficulties at the incinerator caused by careless householders who have been setting out garbage that almost extinguished the incinerating fires.

The garbage collectors must also provide a tarpaulin or other suitable covering for their waggons. These new regulations are to be applied at the discretion of the Sanitary Inspector.

Paying For Plumbing.

The Property committee's report read by Ald. McIntyre, defining the items on which the cost of installing plumbing under certain conditions may be paid by the city and collected in the taxes, was adopted as follows:

"That a by-law be passed to provide in cases in which the local Board of Health recommends that the sanitary conveniences be installed in buildings and is of the opinion that the owner of the premises is unable to pay the expense of the same at once, that the city instal the same at the expense of the owner upon such recommendation being approved by a resolution of the council, and that upon such recommendation being approved by resolution of the Council and upon direction to that effect by the said Board, the cost, including interest at the rate of six per cent. on the deferred payments be paid by the owner in equal successive annual payments extending over a period of five years and that such annual payments be added by the clerk of the municipality to the collector's roll and collected in like manner as municipal taxes, and further that upon such recommendtaion of the said Board being adopted by resolution of the Council the local Board of Health be authorized to have the plumbing installed and that the City Treasurer be authorized to pay the cost on the order of the said Board.

GENUINE TESTIMONIALS

James Lynch, druggist, says: "We recommend Dr. Norvall's Stomach and Tonic Tablets, because we get better results from them than from any other similar preparation we keep in stock."

SERVICES BRIDGENORTH CIRCUIT.

The services on the Bridgenorth Circuit on Sunday, November 5th, will be held as follows: Bridgenorth 10.30 a.m., Fairview 2.30 p.m., and Selwyn 7 p.m. Sacrament will be administered at each service. 1d

MRS. PANKHURST

(Continued from Page 1).

that was true only because they were the party in power then, and would not give us what we wanted. We were wishing constantly that they would be as liberal as their name implied." For ten years, Mrs. Pankhurst said, the women followed and attended every election campaign in England, in their efforts to attain their end, and thus became conversant with every aspect of the political situation. The Scots were cordial in their treatment of the suffragettes, so she declared. "Through their hard common sense, and their quick mentality, they saw the reason of our demands, and then, too, we appealed to their sentimentality."

Upheld Allegiance.

But disappointment ultimately awaited the women at the Scottish polling booths. After all their efforts, when the ultimate decision was to be made, the Scotsmen upheld his allegiance to his party, and the majority were strong Liberals. "What is the reason that these men, who were so friendly to us when we talked to them, give us such dark looks when they go to vote?" the women asked and the answer came back, "that is the way a Scotsman always looks when he is doing something he knows he shouldn't do, but is bnoud to do it, anyway."

Mrs. Pankhurst believes in compulsory education for the youth of the country in some form of military drills for the men, and in work for the women that would give them tuition in nursing, or cooking. "Prevention, not cure," is her motto, and the preparedness that would prevent a recurrence of the Germanic catastrophe, "for the Germans were so anxious to make war that they knew that we had a very small standing army, and were not prepared for anyting." She thinks the Australian system of military service is a splendid one, and would apply the same reasoning of prevention to the furtherance of the work of the Social Hygiene Conucil, so that some day people will be educated to refrain from doing things, instead of being punished later for their commission. And she is a firm advocate of the power of education in all things.

Old Recruiting Days.

Harking back to the old recruiting days in England, Mrs. Pankhurst recollected the time when the women were doing so much public speaking on the subject that no men would come to their meetings. She recalled the occasion, when, addressing a monster gathering of men and women when everything possible had been done to waken the patriotic fervour of the men, even to bringing wounded soldiers from the hospitals and placing them in view of the audience, she was addressing the meeting on the subject of the German atrocities, and was constantly interrupted by the elderly General who stood beside her, and, plucking at her dress, adjured her in loud whispers to "Go on, give them more atrocities!"

Mrs. Pankhurst also favours the system of conscription as the only fair method. "The best of England's men went in the first days," she said, "and left the worthless. It wasn't fair."

With a light touch that yet betrayed a wide knowledge of world affairs, she remarked on different aspects of the world situation at the present time. Wondering at the world-wide importance given to Kemal Pasha and his sudden spectacular rise to a position of menacing power, she considered that the fate of the world hinged during some weeks recently on the question whether Christian or Mohammedan peoples should be its ruling nations, but the restless ascendancy of the Fascisti party in Italy just attained, had started speculation as to the possibility of the Latin races proving the saving factor in the situation. The allowing of Constantine of Greece to return to his throne was a disastrous error in judgment, in her opinion.

"In England just now, you know, they are making great material out of the Kaiser's marriage in their campaign against Lloyd-George," she said. Reminded by one of her hearers of a characteristic mot made by her at one time when asked her opinion of Mr. Asquith' she said: "If you had asked me that later, I would have said that I thought nothing at all of him."

Mrs. Pankhurst looks on the present age as a wonderful and vital epoch in the existence of the world, and considers the coming few years as probably productive of some of the greatest changes in the history of man.

FOOD WANTED FOR NORTHERN ONTARIO

The Committee Has More Clothing Than Can Readily Distribute.

The need for clothing by Northern Ontario fire victims seems to have been fully met, and that food or its equivalent in cash is now the sufferers' chief wants, is intimated in the following letters received by Fire Chief George Gimblett.

"New Liskeard, Oct. 31.

"Dear Sir:

"Answering your inquiry of the 26th inst. re shipment of supplies,—the Committee has on hand at present more clothing than we can readily distribute at the present time. This, however, does not refer to food.

"If your people have any food supplies which they wish to denote to the fire sufferers, kindly ship them to New Liskeard instead of Cobalt. We have opened a central warehouse here at which point we will receive all food supplies.

"Your very truly,

"(Signed) A. J. Young, chairman."

GET CONDENSED MILK.

"New Liskeard, Oct. 31.

"Dear Sir:

"We have received the ten cases of condensed milk which came in good order and the committee desire to thank you sincerely for the interest taken.

"Yours very truly,

"(Signed) A. J. Young, chairman."

WALKED HALF A MILE AFTER ARM CUT OFF

Saw Mill Hand Shows Grit Seldom Equalled

KINGSTON, Nov. 3.—(Canadian Press.—After having had his left arm taken off by contact with a saw in a mill near Harlowe, Ross Gernsey walked half a mile to his board ig house, where he received first aid and then started to walk to Flinton where the nearest physician has his office.

On the way he was pcked up by a couple of travellers who rushed him there, but when they arrived at Flinton the physician was not at home, and it was necessary to make the trip to Tweed to get medical aid. The doctor at Tweed fixed Gernsey up, and had him taken to Belleville Hospital.

Lake Baikal, in Siberia, comes between Lake Erie and Lake Huron in point of size.

PRICE THREE CENTS — PETERBOROUGH, FRIDAY, NOVEMBER 3, 1922 — PRICE THREE CENTS

LABOR DEFEAT IN THE MUNICIPAL ELECTIONS WAS A BIG SURPRISE

Vote of Women Formed a Big Factor in the Defeat —Same Tendencies in the Parliamentary Elections.

Lloyd George Silent.

LONDON, Nov. 3.— (Associated Press.)—Almost the entire attention of the political world yesterday was absorbed in the surprising result of the municipal elections, in which Labor suffered an overwhelming defeat. The returns in seventy of the leading boroughs in the Provinces shows that out of 574 Labor candidates only 215 were elected, while the Conservatives elected 350 of the 450 nominated.

In London there has been a similar landslide. Labor had 573 seats on the old Councils, but has only 253 on the new. Labor now holds only four London borough councils, namely, Berondsey, Battersea, Poplar and Woolwich, as against twelve councils formerly held, while in eleven London boroughs not a single Labor representative was returned.

This complete reversal of the success Labor had in 1919 in the municipal elections is undoubtedly a severe disappointment to the Labor Party and the question on all sides is whether it forebodes a similar landslide in the coming political struggle. No doubt the action of the Poplar Council in paying exorbitant unemployment doles and the tendency of the Labor Party generally to indulge in costly reform in the services for sanitation, education and poor relief, which, however beneficial to the community, have their own heavy burdens on the ratepayers, have frightened householders into voting against Labor.

There is this difference, however, between municipal and political elections, that in the former only a very small percentage of the voters go the polls, as compared with the political contests; hence, it is unsafe to draw inferences from the municipal results. Nevertheless, the returns have caused a certain amount of dejection in the Labor Party and satisfaction to those political parties opposing Labor.

Women's Votes Helped.

Sir Robert Horne, former Chancellor of the Exchequer, in a speech at Glasgow last night, expressed the belief that the chief factor in the defeat of Labor had been the women's votes and he believed the same tendency would be shown in the Parliamentary elections.

Former Premier Lloyd George is still silent on his intentions, among others, that of his possible return to the Liberal fold and the re-union of the Coalition Liberals with the Asquithians. Looking at political history of the past six years, this appears to be somewhat far-fetched speculation, but it is alleged that there is a considerable number in both camps favoring the idea if Lloyd George were disposed firmly to separate from the Conservative Party.

This proposition leaves out of count what may happen to his colleagues, like the Earl of Balfour, who followed Lloyd George into the wilderness. Another question arises —who should make the first move? Mr. Asquith is reported to have no objection in re-uniting the party under Lloyd George, but is disinclined to make the first move himself. The whole matter for the present remains in the realm of interesting speculation. It is generally asserted that the quarrels between the Conservatives and the Coalition Liberals have greatly strengthened the prospects of the Asquithian Liberals in the elections, and most of the political speeches indicate a feeling of considerable doubt as to what the outcome of the elections will be, and evidently the leaders are revolving in their minds all sorts of possibilities.

Asquith at Paisley.

Mr. Asquith, speaking again at Paisley last night, replied to a question propounded by Sir Robert Horne a few days ago as to whether Mr. Asquith would be willing to join with Labor in the event that the Independent Liberals and Laborites combined would have a majority in the next Parliament. Mr. Asquith rather parried the question and said that personally he would not join any Government if the conditions of adhesion meant submersion or slackening in either legislation or administration of the Liberal principles and policy.

Premier Bonar Law, in his speech yesterday, contrary to rumor, rather refrained from personal invective or indulgence in sharp replies to the attacks of Lord Birkenhead, Winston Churchill and others, although he was somewhat sarcastic at the expense of Lloyd George, whom he compared to a drummer in the army, serving a useful purpose in wartime. Lloyd George, he remarked, did the drumming better than anyone; but when the charge ended and some had fallen and others were in the hospital a drummer would be out of place if his drumsticks were taken away from him.

At another point Bonar Law contended that the fact that the nation owed an unforgettable debt of gratitude to the former Premier for great services in the war, was no reason why Lloyd George should hold the premiership for life or why the country was not enttiled to a change of government.

Both the Prime Minister and Lord Curzon, Secretary for Foreign Affairs, sent messages replying to Premier Mussolini of Italy expressing a strong desire for loyal and friendly co-operation with that country.

Labor entered the field against Viscountess Astor at Plymouth last night, the Labor nominee being Captain W. Brennan, who after retiring from the army visited Russia in connection with relief work. It is understood that the Liberals will not oppose Viscountess Astor, but will give her general support on her temperance policy.

350 Chinese Lead Go Back to China

BOSTON, Mass., November 3. — Canadian Press. — The steamship Esther Dollar, sailing from this port for the Orient on November 18, will carry with her the bones of 350 Chinese who have died in New England, some of them as long ago as 1889, it became known yesterday.

This part of the steamship's freight (350 ton boxes, each inscribed with the name of a Chinese and the date of his death) will be landed at Hong Kong, where relatives of the dead will claim the remains for interment in ancestral soil. The work of exhuming the bodies from cemeteries throughout New England is now proceeding.

NEWS TRENT RIVER AND THE DISTRICT.

TRENT RIVER, Nov. 3. — The hunters are preparing for their annual trip to the northern woods and expect to leave first of next week.

Mr. Will Christie came down from Toronto this week to the Christie cottage and expects to leave for the deer hunt next week.

The auction sale of farm stock and implements, poultry, etc., which took place yesterday at Mr., Sherwood Scea's farm was of great success. A big crowd attended. Mr. Scea is renting his farm, to Howard Johnston, and intends moving to Havelock to reside.

A number from here went to Havelock to attend the Fowl Supper and dance the proceeds of which was to go towards relief for the Northern fire sufferers.

Invitations are out this week for a big dance to be held at Sedgwick's pavillion. A good time is expected.

Mr. W. Wight's many friends are glad to see him improving in health. He has been suffering with a sore knee.

COMPETITION IN MANUFACTURE OF RED POPPIES

Commercial Firms Have Entered the Market and are Competing Against the Work of Disabled Soldiers.

G.W.V.A. PLANS.

OTTAWA, Nov. 3.— (Canadian Press.) — Unexpected competition against the work of disabled soldiers in the manufacture of the silken poppy, sold by branches of the Great War Veterans' Association on Armistice Day as the "Flower of Remembrance," is causing great indignation among the officials of the Dominion Command of the Association heer.

They claim that this competition on the part of commercial firms will, if continued, prove a big factor in preventing disabled veterans earning an independent living. Last season it will be remembered, the poppies were manufactured by the children of the devastated regions of France.

This year the G.W.V.A. prepared plans to have the poppies made in Canada by disabled ex-service men, C. G. MacNeil, Dominion Secretary Treasurer of the Association stated in commenting on the situation. It was not possible to put the scheme in full operation in time to secure the number of poppies required for Armistice Day this year and a temporary arrangement was made with a private firm to make up the deficiency on the condition that disabled veterans or veterans' dependents were employed in the work.

Plans for next year called for the manufacture of the full requirement of poppies by disabled men, with continual work and remunertation for the men concerned. This arrangement, Mr. MacNeil intimated, might have to be modified if the competition from commercial firms was kept up. The idea of a non-competitive business was highly attractive to the disabled and the Dominion Command, Mr. MacNeil declared, did not gain a dollar through poppy day campaigns.

Mr. MacNeil sketched the objects of the poppy day campaigns under three headings. First to provide every Canadian with a token of remembrance; secondly, to establish an industry capable of providing permanent employment for the disabled and thirdly to establish the nucleus of local funds to alleviate distress among veterans and dependents. These objects, he asserted, were in danger of defeat through the entry of commercialism. When the disabled men commenced manufacture of the poppies last spring a firm came into existence in Toronto either manufacturing or importing silken flowers, this was followed by another in Western Ontario and a third in British Columbia, the latter manufacturing paper flowers, he stated.

Steps should be taken by the people of Canada to see that the manufacture of poppies was preserved for the disabled veterans, Mr. MacNeil said.

OBITUARY

MRS. MICHAEL HYNES.

The death took place very suddenly on Thursday, November 2, at Lakefield of Mrs. Michael Hynes, aged seventy-five years and six months. A week ago the home of the deceased in Douro was burned down and she was not enjoying the best of health it is felt the shock of the fire hastened her death, which was due to heart failure. Mrs. Hynes was all ready to go to mass when she took a weak turn and collapsed.

She was one of the oldest members of St. Paul's Roman Catholic Parish, a very charitable woman, well-known, and highy respected.

Four sons and two daughters survive. Michael of Lakefield, Maurice and Patrick of Peterborough, and John of Smith township; Mrs. Michael Towns of Warkworth and Miss Margaret of Lakefield.

A Requiem High Mass will be sung at St. Paul's church, Lakefield, at 8 o'clock Saturday morning. Interment at St. Joseph's Cemetery, Douro.

IGNITION WIRE CONNECTION

To insure a firm contact and prevent wires breaking off, every ignition wire should have a terminal soldered at each end. If the terminal breaks off, be very careful in fastening wires, as a single strand of wire touching another metal part may ground the current, thus preventing the ignition system from working or ruining the storage battery.

Delight Pastry Flour:—
Has won, and is still winning an enviable position in the well conducted kitchen of o-day.

Hunters Unable to Shoot Albino Deer

SARANAC LAKE, N.Y., November 3. Canadina Press. — The first Albino deer to be seen in the Adirondacks this season has been sighted near Ampersand Mountain. Several hunters and others have seen the buck's ghostly outlined figure, and have been so startled by the strange creature that they have been unable to raise their rifles to shoot.

Dick Disco was one of the hunters suddenly confronted by the white deer and admits that it so unnerved him that he was unable to raise his rifle to his shoulder. Disco's story of sighting the white deer is corroborated by William Harrington, fire observer on the mountain peak.

Another nimrod saw the deer in the dusk of an evening. The animal as it stood in the murk of the woods appeared as though carved of marble.

A CAVAN FARMER KILLED BY TRAIN

BETHANY, Nov. 3.—This morning, while crossing the C.P.R. tracks about a mile and a half from Bethany, Thomas Williamson, aged about sixty years, was struck by the Port McNicholl C.P.R. train, and instantly killed. The deceased resided in Cavan township. The accident occurred about nine o'clock.

REPORT OF PUBLIC SCHOOL, HASTINGS

HASTINGS, Nov. 3.—Following is the standing of pupils in the Public school here as a result of the monthly examinations:

Sr. IV— Ruby Cruickshanks, W. McMillan, E. Brooks, K. Cruickshanks, F. Richardson, L. Scriver, W. Turner, F. Hubbs, I. Doughty, S. Whitred, T. Dodd, S. Dainaird, Y. Sharpe, O. Abbott, C. Scriver, A. Scriver (absent for part.)

Sr. III — V. Montgomery, M. Fowlds, L. Ketchum, M. Dodd, E. Stewart, T. West, R. West, J. Dodd, E. Simpson, H. Waye, P. Abbott, J. Stewart, B. Sharpe, E. Langley, W. Livingston, E. Sharpe, G. Franks, M. Petusoil, A. Scriver, absent for part, F. Hubbs (absent for part.)

Sr. II— P. Ketchum, E. Radford, E. Killenbeck, J. Baker, J. McKee, C. Scriver, F. Sargent, A. Brownell, W. Scriver, E. Whitred, H. Smith, J. Stewart, A. Hubbs, H. Fowlds, G. Hinton, H. Kelly, W. Mildenhall (absent for part), G. Dainard (absent for part), C. Scriver (absent for part.)

Junior Room.

NEWS BAILIEBORO AND THE DISTRICT.

Debate Held in the Public School--Personal Mention

BALIEBORO, Nov. 3.—On Tuesday afternoon the children of the Bailieboro Public School, held a Hallowe'en concert in the school house. Miss Dorothy Falls took the chair and made a very capable director.

A very interesting debate was given entitled: Resolved, that a rich man has more temptations than a poor man. The affirmative was ably taken by Edna Dawson, and Charlie Barnard, while the negative was taken by M. Seens and Vincent Jewison. The affirmative winning by several points. The judges were Miss S. Southern, teacher, Edna Byers Kathleen Barnard.

Several good recitations and vocal solos were rendered by the children after which home made candy was served and a very merry time was spent.

Personals

Among those from a distance who attended the ploughing match on Tuesday were Messrs. Kidd, Hodgins of Peterboro. Mr and Mrs. Asa Barnard of Port Hope. Mr. G. A. Gillespie of Peterboro, Mr. and Mrs. N. Armstrong, Port Hope.

Mr. Jos. Grahame of Winnipeg, has returned home after spending a few weeks with friends here.)

FASCISTI BURNS TOWNS.

Attacks on Communists Reported in Various Parts of Italy.

ROME, Nov. 3. — (Canadian Press).—The quarters of all Communist organizations in the town of Bari have been sacked and burned by the Fascisti, says a despatch to Epoca. Attacks on Communists are also reported from other centres.

MONEY NEEDED TO CARRY ON WORK OF PRESBYTERIAN CH.

Dr. Robert Land Points Out That If Funds Are Not Forthcoming Some Church Work Will Be Dropped.

GOOD PROSPECTS.

EDMONTON, November 3. Canadian Press. — That continued and increased givings to the regular budget schemes of the church was necessary for the coming year, was emphasized by Rev. Dr. Robert Laird, treasurer of the Presbyterian church in a statement to the Alberta Synod in session here yesterday.

Otherwise the only possible alternative would be retrenchment in the work and the withdrawal of workers in both the home and foreign fields.

Expenses had already been cut to the bone and there would be nothing left to do but to do less work, in places crying for more work, unless the church people rose to the occasion and furnished the necessary funds.

Dr. Laird believed this would be done. Splendid results already had been secured, and in 1921, the hardest financial year in the history of Canada, as he put it, thousands of business men, farmers and workingmen had come through without reducing their givings to the church. Of $5,250,000 subscribed in the forward movement nearly $4,000,00 had already been paid.

TAX ON CANADIAN CEMENT

WASHINGTON, November 3. — Canadian Press. — The Collectors of Customs were instructed yesterday by the Treasury Department to assess duty on cement imported from Canada at the rate of 18 cents per 100 pounds under the provisions of the new Tariff Act.

British Elections

LONDON, November 3 (Canadian Press). — Following is the "time-table" of the British election:

Proclamation dissolving Parliament—26th October.

Nomination Day—4th November.

Elections—15th November.

Assembly of new Parliament—20th November.

ALL THE FAMILY HAD BAD COLDS

"Did you ever notice that if one of the family contracts a cold it generally runs to all the other members?"

Many people when they contract a cold do not pay any attention to it, thinking perhaps it will pass away of itself in a day or two. This is a great mistake for before they know it, it has become settled on the lungs.

Never neglect the first symptoms: get a bottle of

DR. WOOD'S NORWAY PINE SYRUP

and see how quickly your cold will disappear.

Mrs. A. Coghlan, Magnolia, Alta., writes:—"Last Winter we all had bad colds in our family, and I didn't know what to do. Some friends told me to try Dr. Wood's Norway Pine Syrup, so I went and got a couple of bottles and in a short while our colds were all gone. Now we always keep a bottle on hand in case one of us might catch a cold."

"Dr. Wood's is 35c and 60c a bottle; put up only by T. Milburn Co., Limited, Toronto.

Though the membership of the G. A. R. as been sadly reduced by death, the latest figures show that there are still 93,171 of these veterans in the United States.

Usually when a man reaches the turn in the lane he finds that it turns in the wrong direction.

CRERAR DESCRIBED AS AN ABLE AND A DIGNIFIED LEADER

L. H. Joliff Comes Out as a Strong Supporter of Alberta's Leader of the Progressive Party.

MEMBERSHIP DROP.

LETHBRIDGE, Nov. 3.—(Canadian Press.)—Speeches of Alberta federal members and resolutions of U.F.A. locals criticizing the leadership of Hon. T. A. Crerar of the Progressives, are not shared by L. H. Jelliff, former member for Lethbridge.

"Crerar is good enough for me," he said yesterday in announcing his intention to attend the Winnipeg conference of Progressives on November 10.

"At the same time it is possible that he may retire from the House leadership as it was generally understood that he accepted for the one session only. His connection with the United Grain Growers might make it advisable for him to step down but that will depend on his attitude when the western farmer members meet in Winnipeg. I think he has been an able, dignified spokesman of the western farmers."

Mr. Jelliff declared that the fact that the membership of the U.F.A. had fallen from 38,000 to 15,000 in the past year is no indication that the solidarity of the farmers' organization is being impaired, but due wholly to the depression forced by the fall in the price of farm products. Wheat is lower than it was in 1914, but a binder costs $100 more to-day than then. This is why the farmers have not paid their U.F.A. dues."

PROBABILITIES.

Moderate west to north west winds, mostly fair and mild.

FRIDAY, NOVEMBER 3RD, 1922.

WHY THE DELAY?

The complaint of Mr. H. H. Dewart, M.P.P., in regard to the delay in publishing the Journals of the proceedings of the Ontario Legislature seem to be well founded.

Mr. Dewart alleges that agricultural reports and U. F. O. propaganda have the right-of-way, and that while the record of the Government's administration is not yet published, although nearly five months have elapsed since the House rose, bulletins on such subjects as "The Cabbage Maggot" and "Rural Literary and Debating Societies" continue to be issued by the Government.

While there is, of course, some value in bulletins of this kind, it is the opinion of the Examiner, and doubtless of every other newspaper that finds its mail cluttered up with publications of this sort, that far too many are being issued, and that the service rendered does not begin to equal the expense involved.

Certainly there is no reason why the publication of such important matter as the Journals of the Legislature should be held back to allow a mass of agricultural literature, much of which is never read, to be turned out.

Two by-elections have already been held without these publications available for use, and Mr. Dewart does good service in calling public attention to the delay.

JUST A LAST REMINDER.

The Examiner, in once more calling the attention of the people of Peterborough to the fact that to-morrow will be Poppy Day, does so in the hope that the local branch of the G.W.V.A. will realize enough out of the proceeds to be ready for the demands that will undoubtedly be made upon its relief funds during the winter that is at hand.

"Poppy Day" is a Dominion-wide campaign under the auspices of the Great War Veterans' Association, and it has two great objects in view, both of which were incorporated in the first constitution adopted by the organization.

The honoring of the memory of departed comrades is the first of these, and it is felt that there could be no more fitting nor simpler tribute than the universal wearing of the flower that was so well-known to the men who fought, and which grows so profusely in the land where they are buried.

In the second place, the men who came back are helped, not only because the sale of poppies make more work for the disabled soldiers who make them, but because returned soldiers who are in difficulties will have a relief fund available to tide them over their period of trouble.

"If ye break faith with us who die
We shall not sleep though poppies grow
In Flanders' Fields."

MAJOR-GENERAL MACDONELL.

Major-General Sir Archibald Macdonell, commandant of the Royal Military College, Kingston, who will be the principal speaker at the memorial service on Sunday, was one of the most popular as well as one of the most efficient officers in the Canadian overseas forces, and the Peterborough G.W.V.A. is to be congratulated upon having secured his attendance on Sunday.

Major-General Macdonell commanded the 1st Canadian Division in France, and he was most proud at all times of the gallant troops of that division. They in their turn loved and respected their commanding officer, and every man who served under him will be delighted to hear that he is to visit Peterborough.

None of them have forgotten the General's final order of the day, a portion of which it may be well to quote upon this occasion. Here is his farewell to his men:

"This is a solemn time for us all.

"No Canadian can view the demobilization of the 1st Canadian Division and all that means and stands for —the Old Guard Division of the Canadian corps—without emotion.

"Memories crowd fast upon us in our victories, our glorious dead—who fell battling for the right and therefore fell in the peace of God and live to-day as never before — our maimed and mutilated comrades, Canada's care and ours through life.

"The 1st Canadian Division has proved on many a bloody triumphant field that it is the last word in military efficiency — for nearly four years front line troops and uniformly successful.

"One does not know which branch or aim to praise most. All are so splendidly gallant, loyal and efficient of proved worth and valour.

"I cannot view the breaking up of my beautiful 1st Canadian Division, the men of the 'Old Red Patch,' with equanimity. It breaks me up too. That is the truth.

"I shall soon only be a memory to you. It will, however, I trust, be the pleasant memory of a Canadian General who believed in you, trusted you, cared for you, gloried in your steadfast courage, discipline and wonderful achievements, and who hopes none of you will be the worse for being 'Macdonell's men.'

"Canada is proud of you and Canada is grateful.

"For myself, my pride in my Division is immeasurable, my gratitude complete.

"Remember that we of the 1st Canadian Division, Canada's 'Old Guard,' stand present for the King."

Major-General Macdonell should get a warm reception in Peterborough.

TIME FOR A CHANGE.

The province does not seem to be particularly fortunate in its choice of special officers for the enforcement of the Ontario Temperance Act, and while the difficulty of securing operators of the required standard is recognized, the people have a right to demand that an improvement in this respect should be made as soon as possible.

Four officers who, under the influence of liquor, flourished a revolver and made threats, have been dismissed from the service.

If there are any others who have been known to get drunk they should be given similar treatment.

The carrying out of the O.T.A. should not be entrusted to men who themselves show contempt for the law.

Nor should officers who are liable to at any time to becloud their judgment and dull their senses with liquor be allowed to go about armed with revolvers.

Drunken operators and loaded fire-arms make a combination that is far more deadly and dangerous than the man who takes a drink in an unlawful place.

If it comes to a choice between running the risk of having somebody shot by a drink-crazed operator and having the Ontario Temperance Act violated, the people of Ontario are likely to prefer to see the O.T.A. broken wide open.

Hon. Mr. Raney should see that his force is cleared of all such officers.

MUNICIPAL GOVERNMENT.

That is a shocking state of affairs shown by the auditors appointed by the Provincial Government to inquire into the municipal affairs of Oshawa, says the Kingston Standard. They report that they found among other things "failure to collect taxes and penalties involving losses amounting to several thousands annually; unequal division of taxes, prejudically affecting the general body of ratepayers; misapplication of funds raised for specific purposes; consistent contravention of many of the provisions of the statutes; no tax sales since 1914, not a list of tax arrears from 1917 to 1921. The annual penalty of 10 per cent. on tax arrears could not be added because of the condition of the collector's rolls, and, as a result with compounding the interest the loss to the town would be about $10,500 in the four years.".

This is bad enough without considering what other things there might be, and of course it opens up the question as to whether audits in other municipalities might not show some startling results. We do not say they would, but only suggest from reports which we have seen in the past from various parts of the country that they might. The point, however, which we wish to make is that the auditors give a series of twenty-five recommendations as to how the municipal affairs should be managed, and that it would be worth while for those concerned with municipal affairs to study them.

EDITORIAL NOTES AND COMMENT.

Buy a poppy to-morrow and wear it in respect to the memory of Canada's dead.

By so doing you will at the same time be helping the men who came back.

The Labor candidates in the English borough elections met with such a frigid reception that Labor's aspirations in regard to the next Parliament would seem to have met with a sudden and unexpected check.

Another cause for Thanksgiving, so far as Peterborough is concerned, is that we had no bridges to build this year.

"Remember the dead by helping the living," Lord Byng remarked last year. Peterborough people can do both by buying and wearing a poppy to-morrow.

Lloyd George is ill, and some of the things he has said about them have not made his opponents feel very well, either.

McGill University has been presented with an egg a million years old. There will be much mild speculation as to how the specimen ever got away from the restaurants.

The C. P. R. has annexed one of the strongest executive heads of the Canadian National Railways. Public ownership cannot allow private ownership to outbid it for talent, says the Globe.

Although a German has invented a watch that runs without ticking, Germany will still continue to run on tick.

WEATHER STATIONS.

WASHINGTON, Nov. 3.—(Canadian Press)—Canada is to be asked to participate in an international project for the establishment of a chain of weather stations along the Artic circle. The scheme has been launched by Prof. Eckarold, one of the foremost weather experts in Norway, who is now in Washington interesting the U.S. Weather Bureau in his plan. The Artic stations, experts say, would increase the period for making accurate forecasts from one week to two—in other words, double the efficiency of the weather service.

NEW CENTRE MEAT MARKET

Two Phones 760 Mail Order Box 938 192 Charlotte St.

START TOMORROW AND KEEP IT UP EVERY MORNING

Get into the habit of drinking a glass of hot water before breakfast.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath"? you say. Well, it is guaranteed to perform miracles according to hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood, causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

ROSENEATH NEWS

ROSENEATH, Nov. 3.—James Duff spent Tuesday in Hastings.

Mr. W. Waldin has returned home from Trent River.

Mr. and Mrs. James Angus spent Sunday with Mr. and Mrs. Robt. Brown.

Chas. Gregg spent Monday in Hastings on business.

Mr. Yuh motored over to Norwood and spent Sunday with Mr. and Mrs. John Hibbert.

Mr. and Mrs. John Grant were the guests of Mr. and Mrs. W. Cuffe.

Chas. Brown, Miss Annie Brown, Mr. W. Montgomery and Miss Laura Montgomery motored up to Peterboro Sunday to visit friends.

Mr. and Mrs. George Broadworth spent Sunday in Norwood.

The many friends of F. Nichol will regret to learn of his serious illness.

A large number from here attended the oyster supper at Bethesda on Monday night.

Mr. and Mrs. M. McMillan spent Sunday in Peterboro.

Mrs. John Murphy is visiting friends in Detroit.

CRANKING THE MOTOR.

When it is necessary to crank an engine by hand, use the left hand, and keep the thumb on the same side of the handle as the fingers. In case of a backfire, the handle will spin backward. The left hand being weak, the handle flies out of it without doing any harm. Using the right hand, with its stronger grip, the driver's head is likely to be thrown against the radiator, and the hand is more apt to be hit by the revolving crank.

Dad, Mother, Ironized Yeast for Rheumatism

Do You Realize What Ironized Yeast-Vitamines Will Do for Rheumatism and Lumbago?

Do you know that vitamines and iron are part of your very life? Do you know that the tissue-and-blood factory in your body needs these two materials, and needs them badly? Do you know that if your body furnace does not get enough of these, that

"Whoopee! Rheumatism Pains and Agony All Gone. Ironized Yeast Is Surely Wonderful!"

queer poisons, joint poisons, muscle poisons, acid poisons are formed instead of the healthy flesh and the rich blood you used to have in days gone by? If you hobble in your gait, if pains distort your body, if bending over is an unspeakable agony, if dull pains make you breathe heavily and moan, do not grumble at the roughness of the way,—smile sweetly, there is a rainbow ahead. Things are different now than they used to be, in the days of liniments, salves, complicated drugs, and all that,—remember? The happy secret today is ironized yeast, one of the greatest body-and-blood builders of all time. Begin taking Ironized Yeast today. Beware of imitations and substitutes, because Ironized Yeast is not a mere combination of yeast and iron, but is yeast ironized, which is a substance all by itself. There is only one Ironized Yeast in all the world. Sold at all drug stores at $1.00 a package and containing 60 tablets, each tablet sealed. They never lose their power. Harold F. Ritchie & Co., Ltd., Toronto, Sales Agents. Say goodby to rheumatism from now on!

Dreams of Pure Candy Come True!

Your best anticipation and dreams of Candy perfection come true in "SWEETEST MAID" CANDIES. No finer confections can be made. That's because they are made with rich dairy cream and every ingredient is pure. And, yes, there is every opportunity to cater to every desire and taste because of the vast variety of coatings, flavours, and centres. Besides the favourite, simple Creams, there are the newest combinations, many of which are distinctive with "SWEETEST MAID" CANDIES alone.

Pure Chocolates in Bulk

Every Candy maker has some-pieces of which the coatings are not quite perfect. They are slightly scratched or chipped, but the centres are practically unaffected. We are giving the People of Peterborough an opportunity to buy the Chocolates of one of the best manufacturers in Canada at a very reasonable price. These Chocolates are of a very high quality, with the following centres: Orange, Strawberry, Butter and Cream, Bordeaux, Almond Rolls, Pecan Maple, Maraschino Cherries, Burnt Almonds—selling for 60c a pound, and higher. We are offering them at—per Pound **29c**

These Candies have Just Arrived for THANKSGIVING BUYING.

"What a Splendid Loaf"

THE housewife who uses Quaker Flour in all her baking is justly proud of her bread, cakes and pies—of their feathery lightness, their delicious flavour, their perfect texture and colour.

She enjoys consistent success in her baking because every single sack of Quaker Flour is of uniform excellence. Each day's "milling" is tested in our own bakery, and proven to be up to the Quaker standard—*a standard which is not maintained by any other flour.*

The chemists and bakers at the Quaker Mills take the "chance" out of your baking if you use

Quaker Flour

Always the Same-Always the Best

Packed in usual sizes. Try Quaker the next time you order flour.

A HISTORY PRIZE FOR NORWOOD BOY

Norwood News of Interest —Hallowe'en Parties— Personal Mention.

NORWOOD, November 3.—Master Barclay McGee was the successful pupil of the Norwood Public School to secure the 40th Northumberland I.O.D.E. prize for history at the recent High School Entrance examination.

Society Meetings.

The 40th Northumberland I.O.D.E. held their regular monthly meeting in the Government Armouries on Wednesday afternoon.

The W.M.S. of the Methodist Church held their regular monthly meeting on Wednesday afternoon at the home of Mrs. Robert McMillan, Asphodel, when about forty members were in attendance. After the meeting was over, lunch was served, and a nice sum was realized for the work of the society.

Hallowe'en Party.

The pupils of the Public School enjoyed a Hallowe'en party at the school on Tuesday evening. A short programme was rendered, after which the ghosts and witches paraded to the business section of the village. The children seemed to thoroughly enjoy themselves, and voted it one of the best Hallowe'en parties they had ever had.

The children were not the only ones who were out for fun. It is said that three generations were out on parade.

An Appointment.

Mr. and Mrs. Percy Sackville, of Guelph were guests of friends in the village on Sunday last. Mr. Sackville, who was formerly local representative of the Department of Agriculture and who has recently been on the staff of the Ontario Agricultural College, Guelph, has received an appointment to a Professorship on the staff of the Alberta College at Edmonton.

The ladies of the Presbyterian church are sending a bale of quilts and clothing to the Northern Ontario fire sufferers.

The Catholic Woman's League of St. Paul's church, Norwood, have subscribed $25 to the Northern Ontaroi Relief Fund.

Personal Mention.

Mr. and Mrs. John Marks and Mr. and Mrs. Bert Scott spent last Sunday at Stirling.

Miss Clarice McColl was visiting friends in Cobourg recently.

Mrs. Ferguson, who has been visiting her niece, Mrs. J. E. Roxburgh, returned to her home in Uxbridge last week.

Dr. and Mrs. Clarke and sister, of Pontypool and Miss Cruickshank, of Bowmanville, were guests of friends in the village the first of the week.

W. J. Fuller was in Peterborough on Tuesday on business.

Mr. Gerald Andrews was a recent guest of friends in Lakefield.

Mrs. John MacNaughton spent Tuesday last in Peterborough.

Mrs. Kirkness, who has been the guest of Mrs. A. Marks, returned to her home in Toronto on Saturday.

Mrs. Wm. Andrews has returned home after a visit with friends in Lakefield.

Miss Laura Buck was a recent guest of friends in Peterborough.

Mrs. Samuel Wildman spent a few day in Peterborough during the week.

The many friends of Mr. Chas. O'Reilly will be srory to hear that he is confined to his home through illness.

Mr. and Mrs. Howard Ford returned home on Saturday after their honeymoon trip through the Niagara district.

Mr. J. O'Shea was in Peterborough on Tuesday.

Col. Birdsall and Mrs. Birdsall and Mrs. Gregg of Birdsall, were in the village on Wednesday.

Mr. and Mrs. F. C. McRae were guests of Campbellford friends on Monday last.

Mrs. T. H. Rogers, who has been a guest at the Methodist parsonage, has returned to her home at Carnarvon, Haliburton Co.

Mr. Thos. Korabeck had the misfortune to fall and break some ribs besides getting a severe shaking up. His many friends wish for him a speedy recovery.

A shaving service—not just another razor

Go into your favorite dealer's and examine the New Improved Gillette.

Ask him to point out the features that make this new razor not simply a beard-cutting device, but a shaving service that eliminates shaving drudgery for all time.

See for yourself why it gives such cool, clean, satisfying shaves. Compare it point for point with any other razor you have ever known.

You won't go another day without the comfort of shaving with the New Improved Gillette.

ATTACK RICHARD MULCAHY.

One Civilian Killed As Per Usual—Armed Guard Escape.

LONDON, Nov. 3. — (Canadian Press).—The Dublin town house of Richard Mulcahy, Irish Free State Minister of Defence, and his suburban home at Rathmines, were attacked last night by a band of armed men, says a despatch to the Times. Guards at the gate returned the fire and one civilian was killed.

AXE EDITOR IN JAIL.

John H. Roberts Handed Over to the Charge of Sergeant-at-Arms.

QUEBEC, Nov. 3. — (Canadian Press).—On the order of the Quebec Legislature, John H. Roberts, editor of the Axe, was yesterday afternoon handed over to the charge of the Sergeant-at-Arms, to be produced either in the House or any law court when required. The action followed the appearance of Roberts in the House after he had been arrested on the charge of seditious libel in connection with the publication in his paper of an article on the murder of Blanche Garneau two years ago.

HALLOWE'EN DANCE HASTINGS I.O.D.E.

Unique Decorations and Irresistible Music Contributed to Festival Event.

HASTINGS, Nov. 3.— The girls of the Doronthal Chapter, I.O.D.E., Hastings, were the hostesses of a very successful and joliy Hallowe'en dance on Monday night, held in Lynch's hall, which the girls artistically decorated for the occasion.

Orange and black streamers, proverbial black cats, fantastically carved pumpkins, lighted with candles and itnerspersed with sprays from the harvest field togetther with decorated flower hoops, gave a spectacular setting to the gay costumes of the merry revellers.

Seger's four-piece orchestra furnisthed the music and the hall was crowded with many guests from the surrounding towns and country, while the villagers were much in evidence. Many kind remarks were heard about the excellence of the floor and beauty of the decorated hall.

The following guests from outside points were present: Misses Malloy and Kennaly, Peterborough; Bertrand and Mason, Campbellford; Messrs. D. Owen, H. Cosby, F. McCoun, H. McIlmoyle, J. Scott, L. Locke and H. Bertrand, Campbellford; Dr. Green, Messrs. Steen, Vincent, McGee and Finley, Norwood; Messrs. Fluer, Condon and Dr. Allen, Warkworth; J. R. Chapman, Keene; J. Elliot, Peterborough.

Personal Mention.

George tSevenson spent Wednesday in Warkworth.

Mrs. A. B. German and daughter, Florence, returned home Tuesday from an extended trip to the coast.

Mrs. A. Knight, Mrs. W. H. Chapman, Misses Pansy and Queenie Runnels and Mr. Carlos Runnels motored up to Peterborough on Thursday.

Scarlet Fever.

One or two cases of scarlet fever have developed in town.

Occasionally a widow flirts with a married man merely to see whether his wife will get busy.

PRODUCE MARKETS

EGG MARKETS.

OTTAWA, November 3. — Canadian Press. — The egg situation remains practically unchanged. No new export sales reported and States eggs continue to arrive. In the United States it is reported that the Chicago market is weak and likely to go lower for refrigerators.

Toronto firm and unchanged, for specials and extras. Some States seconds jobbing at 35c.

Montreal firm, specials jobbing 58 to 60; extras 48 to 53; storage first 40, seconds 35 to 36.

Winnipeg receipts of fresh practically nil, jobbing prices unchanged. Car of storage firsts reported seaboard for export to Glasgow.

Saskatchewan and Alberta markets unchanged.

British Columbia local fresh 63c country points with 65c offered for specials.

WINNIPEG CATTLE.

WINNIPEG, November 3. Canadian Press. — Receipts were 1800 cattle and calves; 60 hogs, and 700 sheep and lambs.

Plain and medium stockers and feeders weak at the opening but the remainder of the offerings maintained a firm tone at steady prices.

Good demand for sheep and lambs. Fair to good lambs, $9.50 to $11; good yearlings around $7 and fair to good mutton from $4.50 to $5.

The hog market was slightly easier packers bidding 9.25 for thick smooth classes.

CHICAGO CATTLE.

CHICAGO, November 3. Canadian Press. — Cattle receipts were 13,000, slow, general beef steer market steady to unevenly lower; short fed hardest sellers; top beef steers 13.35, weight 1176 pounds; best long yearlings 13.10; bulk native beef steers 7.50 and 11.00; bulk western grassers 6.25 and $7.00; beef cows and heifers steady to weak; very uneven; canners and bulls steady to strong; veal calves, stockers and feeders largely steady; bulk desirable vealers 10.00 to 10.25; few lots 10.50; bulk bologna bulls 3.85 to 4.00; few desirable heavies 4.25 and above, bulk stockers and feeders 6.00 to 7.00.

Hogs, receipts 32,000; generally 10c higher; closing firm at advance; bulk 160 to 210 pound average 8.35 to 8.50; good 215 to 280 pound butchers mostly 8.50 to 8.60; top 8.65, bulk packing sows 7.10 to 7.05; desirable pigs around 8.50; estimated holdover 9000.

STERLING RATES.

MONTREAL, November 3. — Canadian Press. — Sterling exchange rates were quoted here yesterday:

Demand, 4.4600.

Cables, 4.4625.

CHICAGO WHEAT.

CHICAGO, November 3. — Although on account of scantiness of foreign stocks wheat scored a fresh upturn in price yesterday, the market then easing down influenced by selling from tarders who contended that a set back was due. The close was unsettled at the same as Wednesday's finish to 3-8c lower, with December $1.16 3-8 to $1.16 1-2 and May $1.13 7-8 to $1.14. Corn gained 1-8 to 3-8c net; oats 1-8 to 1-4 and 3-8c and provisions 5 to 37c.

Warm Air Held in Place

The temperature of the air in contact with the skin regulates the temperature of the body.

Stanfield's Unshrinkable Underwear is the best protection against the dangers of passing from overheated rooms into shivery streets, over-exertion and subsequent chilling, exposure to draughts and biting winds.

The soft, pure wool of Stanfield's Unshrinkable, worn next to the skin, its fixity and finality of fit, hold the body-warming air in place and hourly protect health and life itself.

Made in combinations and two-piece suits, in full length, knee and elbow length, and sleeveless for men and women. Stanfield's Adjustable Combinations and Sleepers for growing children (pat.)

The two kinds of cream your skin needs — what each is for

To give your skin a special freshness and really hold the powder— *a certain kind of cream*

Something to make the skin look its best at a moment's notice. Every woman wants to know about it.

Something that will actually make your skin feel and *look* softer and smoother the moment you apply it.

A cream to do this must be one that your skin will absorb instantly. It must be delicate and made of soothing ingredients yet not contain a drop of oil.

This is Pond's *Vanishing* Cream — the cream to use whenever you want to look your best at a moment's notice.

How to make the powder stay on

If you want face powder to go on evenly and stay on don't put it directly on your face. Powder put directly on the skin seldom goes on evenly and it cannot stay on long. Bits of it catch on little rough places and soon fleck off.

Always smooth Pond's Vanishing Cream on your face *before* you powder. It gives your skin a clear transparent tone. The powder goes on evenly and clings for hours to the smooth velvety surface the cream gives your skin.

And how to protect your skin

The skin is in constant need of protection. Wind whips the natural moisture out of an unprotected skin, sun burns it, cold chaps it. Any of these three will make it dry and rough. To protect your skin, smooth on Pond's Vanishing Cream before you go out. This cream, which is absorbed instantly and completely, holds the natural moisture in the skin and acts as an invisible shield against the drying effect of wind, cold and sun.

Use Pond's *Vanishing* Cream every day before you go out. Use it whenever your skin needs instant freshening and always before you powder. It is indispensable for daytime and evening use.

Only a cream that your skin can absorb will give it that clear fresh look in an instant

For cleansing—a cream with just enough oil to remove every bit of dirt from the pores and not overload them

A totally different cream for a thorough cleansing

Your skin must be kept really clean or it becomes dull looking.

Ordinary washing cannot reach the dust and fine particles of dirt that every day bore deep into the pores of your skin.

For thorough cleansing you need a cream with an oil base. Made with *just the right amount of oil*, Pond's *Cold* Cream works into your pores, loosens every bit of dirt, and comes out again bringing the dirt with it.

Use it every night before retiring and whenever you come in from a dusty trip. Pat it on with your finger tips. You will delight in its use, as it is very soft and light. After you have let it stay a minute wipe it off with a soft cloth. The grime on the cloth will convince you how thorough a cleansing the cream gives.

Keeps the skin supple

This delicate oil cream keeps your skin supple and elastic. Little lines first appear when the skin begins to lose its suppleness.

To avoid this, you must give your skin proper attention every night. Smooth Pond's Cold Cream into it. The nightly use of this delicate oil cream will help to keep your skin in the supple condition that resists the coming of lines.

Use both creams every day

Use both these creams every day, each for its own purposes, and you will keep your skin fresh and lovely.

Many women have really never known the correct use of creams. They use one cream for all purposes, or a good cream for the wrong purpose, and do not get all the benefit they should.

Go to any drug or department store anywhere and buy a tube or jar of each of these two creams that every normal skin needs for 50 cents each. Neither contains anything that can clog the pores or promote the growth of hair. The Pond's Extract Co., 123a Brock Avenue, Toronto, Ont.

"Mother *makes the best doughnuts in the world!*"

"She says she mixes them up with Cooket, then drops them into a sizzling panful of Cooket, and they come out crisp, and dandy. No other doughnuts are half so good as the ones Mother makes."

For deep frying, Cooket ensures delightful results because it can stand a much higher temperature than ordinary shortenings. This means it cooks quicker and better, without soaking the doughnuts all through with fat. Doughnuts made the Cooket way are cooked to perfection and have a flavor that satisfies and delights."

COOK IT WITH— COOKET

A pure vegetable shortening for all frying and baking.

All good dealers sell Cooket in tins of 1 lb. and 3 lb. net weights.

LEVER BROTHERS LIMITED, TORONTO

CHICAGO BOYS ACT AS TRAFFIC POLICE.

He is One Who Qualifies For a Captaincy and Refuses Promotion.

CHICAGO, Nov. 2.—Best traffic cop in the world!

That's what Chicago police call Harold Craft, 14-year-old colored boy, who's a member of the city's Safety Patrol.

This organization, composed entirely of grammar school pupils, has been saving the lives of public school children for over a year.

But to get back to Harold. He weighs just 79 pounds and can scarcely be seen over the top of a drinking fountain.

Yet with all the grace and dignity of a full-fledged bluecoat, he stops trucks and limousines alike while doing duty on the avenue near his school.

To see Harold work is a charm. "Natural born traffic man"; is the way the district superintendent of police speaks of him.

"Just Like Cop."

With a majestic wave of his right arm, to which has been affixed the regulation blue Safety Patrol emblem, Harold holds back a half-mile of traffic while some youngster scoots home across the street just as though the matter were an everyday occurrence to him.

In fact, Harold has become such an adept traffic regulator that his captain has moved him out to a boulevard post.

"I may be just a cop," he says. "But when I put up this here arm"—and he indicated the arm with the blue emblem pinned to it—"those autos, they stop. Not one of them gets by this chicken."

Harold has been serving as a Safety Patrol officer ever since the Safety Patrol was first organized over a year ago.

Won't Be Captain.

Promotion to the grade of captain has repeatedly been offered him because of his evident fitness for the work. But Harold just as often declined, explaining that he'd much prefer being just a plain cop for reasons which he considered good and sufficient.

"I don't want to be a captain," he said. "Because then I'd have too much figuring and report making to do.

"Being a cop is better. I like to stop these critter cars on the boulevard."

The interview with the young traffic regulator stopped momentarily while he halted a limousine and "bawled out" the mouse-liveried chauffeur for parking near a fire plug.

"No brains" Harold explained when he stepped back to his post, which reference was meant for the chagrined driver.

"Yes, man, you can tell 'em I like my job plenty. And when I gets older, you'll see this chicken in a regular uniform. Stopping traffic is the best thing I do."

And with a condescending gesture with his law-enshrouded arm, Harold ever so majestically beckoned to a string of vehicles and—LET them pass.

"It's Confidence That Counts"

Used Cars For Sale at the Duffus Motor Sales

Now is the time to buy a Good Used Car.

Prices were never lower; quite likely to be higher in the Spring.

We may have just the Car that you have been looking for.

There will be no delivery by letter carrier. All outgoing mails due for despatch after noon on that day will be closed at that hour.

All money order, savings bank, and postal note wickets will be closed.

There will be two collections only made from the street letter boxes, commencing at 8 a.m. and 9 p.m.

LONDON EXPERIMENTING WITH RUBBER PAVEMENTS

LONDON, Nov. 2.—(Associated Press)—Streets paved with gold were a fiction in the days of Dick Wittington, London's first Lord Mayor, but street paved with rubber are distinct possibilities of the near future.

A test is being made in St. Martins-Lane with rubber blocks instead of wood and asphalt, and although the former is far more expensive, it is hoped it will last 25 years as against 12 to 14 years for wood block paving.

ANNIVERSARY AT OMEMEE, SUNDAY

Methodist Church Will Celebrate Annual Event—Ladies' Aid Plan Bazaar.

OMEMEE, Nov. 2.—Mr. and Mrs. George Mulligan of Peterborough were visitors in town on Sunday.

Dr. G. S. Cameron of Peterborough came up on Sunday evening to express sympathy for the McCrea family in the hour of their bereavement.

Mr. and Mrs. Melville Earl, accompanied by Mrs. William Earl, motored to Lindsay on Monday evening.

Mrs. Jackson of Bobcaygeon visited her brother, Mr. Harry Miller, on Sunday.

Mr. and Mrs. Melville Stuggett of Fleetwood attended the funeral of the late William Brown on Friday last, as did also Mr. and Mrs. Joseph Hickson of Mount Horeb.

Mrs. W. Bradburn was a business visitor to Lindsay on Friday.

Mr. and Mrs. F. G. Sandy were visitors to Lindsay on Sunday.

B. Dunn of Oshawa, also Mrs. Staples and Mrs. Coburn of Cobourg, attended the funeral of Mrs. T. B. Laidley last week.

Misses Edith Curry and C. Cornwall were the guests of Mrs. Murphy of Peterborough on Saturday.

Mrs. (Rev.) Earl and daughter have returned to their home in Port Credit after a pleasant visit with Miss Edith Robinson.

Miss Ferguson of Peterborough was the guest of Mr. and Mrs. F. G. Sandy over the week-end.

Anniversary services will be observed in the Methodist Church on Sunday next. Rev. Taunton of Jancetiville will occupy the pulpit. A fowl supper will be held in the Sunday School room on Monday evening, after which a splendid programme will be given. Miss Scott of Peterborough, Mr. James Mackey of Lindsay and Rev. E. Rolland of Brooklyn will assist.

Mrs. D. Rea has returned to her home in town and her many friends wish for her continued good health after her recent break-down.

Wesley Wilson visited his sister-in-law, Mrs. Robert Wilson, at Cobourg last week.

Mrs. Isaac Fee entertained a number of her friends at a quilting at her home on Thursday last.

Mr. and Mrs. Vincent Jones entertained the A.Y.P.A. of Christ Church to a masquerade party on Monday evening, and a most enjoyable time was spent.

Master John David Eaton of Trinity College, Port Hope, attended the funeral of his grandmother, the late Mrs. McCrea, on Monday.

Third Generation is Using Syrup Pepsin

No other Laxative can replace Dr. Caldwell's Laxative Syrup Pepsin in the confidence of those who use it

THERE are thousands of healthy, robust young men and women who have never in all their lives taken any other laxative for constipation than Dr. Caldwell's Laxative Syrup Pepsin. Their parents were given it by their parents; the grandparents are using it today. It is the one laxative ideally suited to all the family, safe for the little ones, effective in grownups, so compounded that elderly people, who are constantly forced to take a laxative because the intestinal muscles are weakening, find increased dosage unnecessary. This wonderful constipation remedy has been used continuously for 30 years, and over 10 million bottles are now sold annually, the largest selling family laxative in the world! The cost averages but a cent a dose. Every druggist sells it, and under a guarantee to do as claimed or your money will be refunded.

Millions of carefully conducted homes are never without a bottle of Dr. Caldwell's Laxative Syrup Pepsin.

ANY FAMILY MAY TRY IT FREE

Thousands of parents are asking themselves, "Where can I find a trustworthy laxative that anyone in the family can use when constipated?" I urge you to try my Laxative Syrup Pepsin. I will gladly provide a liberal free sample bottle, sufficient for an adequate test. Write me where to send it. Address Dr. W. B. Caldwell, 23 Caldwell Building, Toronto, Ont. Do it now!

Dr. Caldwell's Laxative Syrup Pepsin. Mr. Henry Ricker, Chippewa, Ont., says it is the best medicine they have ever used, and Mrs. M. Martin of Massey, Ont., uses it herself and recommends it to her friends. There is scarcely a day that someone in a family does not need it for constipation, flatulency, auto-intoxication, biliousness, intestinal poisoning, headaches, colic and cramps, and to break up fevers and colds.

Dr. Caldwell's Laxative Syrup Pepsin is a scientifically-balanced compound of Egyptian senna with pepsin and pleasant-tasting aromatics. The formula is on the package. As the popularity of this natural vegetable laxative increases, the public discards the harsher physics like calomel, coal-tar in candy form, salt waters and powders. Dr. Caldwell's Laxative Syrup Pepsin empties the bowels more cleanly and without any danger.

TAKE DR. CALDWELL'S LAXATIVE **SYRUP PEPSIN** *The family remedy*

Mr. and Mrs. W. G. Stephenson entertained a number of their friends at a masquerade party at their home on Tuesday evening.

The Ladies' Aid and Mission Band of the Presbyterian Church intend holding a bazaar in the basement of the church on Thursday, Nov. 16. More particulars later.

Misses Vivian Parsons and Byrl Hart visited friends at Bobcaygeon on Sunday.

Miss Alderson was a visitor to Peterborough on Saturday.

The annual thank-offering of the W.M.S. of the Presbyterian Church will be observed next Sunday morning. A special missionary service will be held.

Mrs. Armstrong Windrim was a visitor to Peterborough on Tuesday.

The following floral tributes were sent to the home following the death of Mrs. T. B. Laidley: Anchor, family; pillow, grandson. Hillas Bryson; wreath, Miss N. Werry, Peterborough; wreath, Mrs. Wm. Werry and sons, Lindsay; star, Mr. and Mrs. Henry Laidley, Omemee; cross, Mr. and Mrs. I. B. and Dr. Laidley, Lindsay; spray, Dr. and Mrs. Phelps and Miss M. Phelps; crescent, Mrs. Hugh MacLean, New Tonawanda, and Mrs. Holtworth, New York; spray, Ladies' Aid, Methodist Church, Omemee; spray, Mr. and Mrs. W. Connell and family; spray, Miss B. Johnston, Peterborough; spray, Mr. and Mrs. O. A. Wilson, Toronto.

WORK ON TRENT CANAL IS NEARING COMPLETION

BOBCAYGEON, Nov. 2.—Work on the canal here is drawing near completion. The levelling and sodding are about completed and make an attractive appearance. The whole work done here during the past two years is going to add greatly to the appearance of this part of the Trent Waterway.

WASTE RESPONSIBLE FOR COST OF GAS.

It Is Estimated 200,000 Gallons a Day Are Wasted in United States Alone

High price of gasoline may be attributed by some automobile owners to stock market manipulation or other suspicious practices, but perhaps the real cause is the waste accompanying the storage and sale of the fuel.

Investigation by experts of the United States Bureau of Mines and Engineers of a national asbestos manufacturing organization, shows that there is a wastage of 200,000 gallons of gasoline each day. That means an annual loss of more than 72,000,000 gallons of fuel. At 20 cents a gallon, the experts figure, the annual economic loss in the nation is $14,500,000!

Although this is scarcely 2 per cent. of the amount of gasoline consumed annually in the United States, it is enough to run an automobile seven times back and forth between the earth and sun.

The cause of this great wastage, say the investigators, is the lack of heat insulation around the 775 tanks storing the fuel in various parts of the country. The old in the uninsulated tanks is subject to evaporation from the day's heat, and there is a resultant loss of some 6,000,000 gallons a month.

According to the experts, a 55,000-barrel storage tank holding gasoline will lose about 6 per cent. of its contents in one year. A similar tank, storing crude oil, will lose about 3 per cent. from evaporation, and this 3 per cent. loss will be almost entirely gasoline.

This waste can be stopped, say these men, by insulating the storage tanks against the warmth of the outside air and the direct radiant heat of the sun.

THE AUTOMOBILE AS AN AID TO HEALTH.

By ROYAL S. COPELAND, New York Health Commissioner.

Motoring is one of the most effective forms of health insurance that modern life has produced, as a palliative to its intensified speeded-up social and commercial processes.

Without the motor car it would be impossible to maintain our every day life on the plane on which it is now pitched.

The most obvious effect of the motor car on the health of America is its contribution in getting out into the open air and the inspiring country many thousands of people who would otherwise spend their spare time sitting indoors, to their physical and mental detriment.

Are Your Corsets Comfortable?

They should be, for that is really why you wear them. True corset comfort comes only from accurate designing.

Fullness should be given where fullness is essential. Strong, but flexible, boning must come where it is needed to give easy comfortable support. Hose supporters must have the strength and elasticity to keep the corset always in its proper place.

Warner's Rust-Proof Corsets

MADE IN CANADA

are designed by Specialists who know the needs of the figure. Each pattern is fitted, revised, graded, and refitted on living models over and over before it is finally approved. And then, in order that the finished corset will keep its shape and give the service that it should, we hold to long established standards of material and construction.

Consequently Warner's are not the cheapest corsets, but we believe them to be the most economical corsets you can buy.

There are models as low as $1.50, but it pays to buy better corsets, and we recommend $2.00 as a minimum price to pay on the market costs of to-day. At $3.00, $4.00, $5.00 and up, there are other Warner Styles, and at each successive price you will find value for the money paid—in Style, Comfort, Wear, and general satisfaction.

SIR HENRY THORNTON WILL SAIL NOV. 22.

LONDON, Nov. 2. — (Canadian Press.)— Sir Henry Thornton, the new president of the Canadian National Railways, will sail on the Olympic on November 22, and will take up his new duties as head of the National Railways in Canada upon his arrival in the Dominion. The former General Manager of the Great Eastern Railway has been much feted and dined since his return from Canada to wind up his business in England, preparatory to taking over his new duties—individuals and organizations vieing with one another in giving him a good send-off.

Sir Henry's social engagements are keeping him pleasantly busy before he leaves for the new scene of his labors.

NORWAY STRUGGLING TO ENFORCE PROHIBITION.

Norway Finds Herself Confronted With Unique Problem.

CHRISTIANIA, Nov. 3.—(Associated Press).—Norway is confronted with an unique problem in attempting to enforce the prohibition laws of the country, in spite of the commercial treaties which are in force with a unique problem in attempt- treaties Norway agrees to import huge quantities of strong wines which are banned under the prohibition laws.

From France the government has agreed to import 400,000 quarts of brandy, to be used for medical and technical purposes, and from Spain 500,000 quarts of wine which contain more than 14 per cent of alcohol. Included in this amount is 50,000 quarts of cordial which are of no use medically.

For medical purposes, according to census figures, there is use for only 100,000 quarts of these imported goods, and no provision has been made for the disposal of the remainder. The treaties provide that these wines may not be re-exported, and the alcoholic content may not be lowered by mixing with water.

At present there is a misunderstanding between Norway and Portugal over Norway's exports of fish to Portugal, and as a result Portuguese merchants have cancelled shipments entailing the loss of millions of crowns to Norwegians. Negotiations for a new treaty have been going on for some time but have made little headway, as Portugal is insisting that Norway import a million quarts of strong wines, port and Madeira, yearly in return for the fish trade of Norway.

According to the Norwegian prohibition law, strong wines may be sold only in drug stores on a doctor's prescription. In this way not more than 150,000 quarts can be disposed of in a year.

Prohibition politicians are favouring a more lax prescription law, but a majority of the present cabinet have expressed themselves in favor of lifting the lid on strong wines.

Tanlac Does the Work States Rickson

Still another who vouches for the fact that "Tanlac make you eat better, sleep better, work better and feel better" is Jerry Rickson, 1001 4th St., West, Calgary, Alberta, Canada, ayltued employee of the Robin Hood Milling Co. In telling how the medicine helped him to regain his robust health, Mr. Rickson said:

"For four years I was in a terribly run-down condition, and kept getting worse. I was in such bad shape I fell off from a hundred and fifty-eight opunds to an hundred and thirty, and I tell you it took a mighty effort to keep on working. Somehow I stuck it out, but my nerves were certainly very shaky, and I got but very little rest nights. My appetite dwindled to almost nothing and even when I did venture to eat a regular meal it did me no good whatever.

"I saw by the papers where Tanlac was being praised by lots of people, so I started taking it, and I sure am glad I did. Five bottles put me in fine shape again, I eat heatry, sleep soundly, and have gained back a lot of my lost weight. Tanlac does the work without a doubt, and I am more than glad to recommend it."

Tanlac is sold by all good druggists.

BOOTLEGGING WAYS IN BERMUDA WATERS.

How Some Rum-Runners Are Said to Operate.

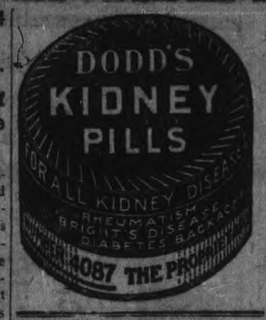
HAMILTON, Bermuda, Nov. 3.—(Associated Press). — This is how some marine boot-leggers are believed to operate in Bermudan waters. Such a man comes to Hamilton and engages a steamer of small dimensions, or a motor boat. Then he buys whiskey ashore, loads his ship to the rails with the product of the Scotch distillers. He clears for a Canadian port and puts to sea.

Within a day or so, sometimes within 24 hours, the vesel is back in Hamilton, but without her cargo. Were he pressed for an explanation the boot-legger doubtless would say, with a smile, that he was caught in a storm which washed away his deck load, and that he had even to throw overboard the cases below decks to lighten the ship.

Ships entering American ports may not be permitted to carry liquor but with this law the man with a local charter does not necessarily concern himself. His interest is limited to these waters. He has been known to talk of latter day pirates, but he does not seem particularly to fear them. A "pirate" with a desire to sell a bottle for $12.00 what he can lift at sea for nothing, perhaps, sails for an American port and heads for Bermuda. He lays off and on until he meets a victim in the shape of a small motor boat. He overhauls her, and with a display of force sufficient to warrant a recital on the docks when the motor boat gets back to Hamilton, he transfer the cargo he desires.

YORK TOWNSHIP FUNDS SHORT SEVERAL THOUSANDS

TORONTO, Nov. 3.—(Canadian Press).—As a result of the disclosure some time ago that the funds of the treasurer's department of York Township were short several thousand dollars, representing monies paid in for taxes but not shown on the books, York Township Council yesterday passed a resolution, calling upon Judge Denton of York County to undertake a full inquiry.



FOR DANCING.

A graceful dancing frock for a young girl is of orchid georgette with a many-paneled skirt of irregular hemline, picoted in silver. The girdle is a wreath of silver flowers. The blouse is practically without trimming and is sleeveless.

Milburn's Laxa-Liver Pills The Great Liver Regulators

The duty of the liver is to prepare and secret bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

Therefore when the liver is inactive and failing to secrete bile in sufficient quantity constipation and other liver troubles soon follow.

Mrs. H. D. Hutchinson, Peterborough, Ont., writes:—"I have been using your Milburn's Laxa-Liver Pills and they have done me a lot of good.

My liver bothered me a great deal; I was drowsy and tired all the time and didn't feel like doing anything, let alone my housework, I tried everything, but your Pills seemed to do the work for better than anything I had ever taken."

Price 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

DISCOVER HEAD OF AN UNKNOWN MAN.

Evidence Points Strongly to Foul Play — Fourth Mystery of This Nature Within a Month.

NEW YORK, November 3. Canadian Press. — The head of a man apparently about 70 years old, was found yesterday in a patch of woods on Staten Island, near Travisville.

The eyes had been gouged out and the teeth extracted. A white cross had been chalked on a tree at the spot where the head was discovered.

From the condition of the skull, detectives thought that death had occurred a month ago. Scars on the bearded chin and a hole in the top of the head evidently made by a bullet, indicated foul play.

The discovery of the head records the fourth dismembered body discovered in the Greater City within the space of little more than a month. Detectives of the Homicide Squad were impressed by the fact that in two cases parts of bodies were wrapped in oil cloth which recalled the Long Island mystery of 1921 when the torse of an unidentified woman bound in linoleum, was discovered in a pool of rain water near Jamaica, N. Y.

PROTESTS TO VATICAN

DUBLIN, November 3. Canadian Press. — De Valera's supporters in the Dail have adopted a resolution instructing De Valera as president to make representations to the Vatican, as head of the state, against the unwarrantable action of the Irish hierarchy, in presuming and pretending to pronounce authoritative judgment on the question of the constitutional fact now at issue in Ireland, namely, whether a provisional parliament was the rightful legislature and government of the country or not.

STRENGH AND HEALTH

Bad Blood, Vim, Vigor, Vitality Follow This Advice

Niagara Falls, Ont.—"As my parents have used Dr. Pierce's remedies with such wonderful and quick results I take great pleasure in sending a good word to boost the cause of 'Freedom from Illness.' I have used the Golden Medical Discovery at times for the past three years. Am a pressman by occupation and the labor is quite fatiguing and injurious to the system. But today business has no drawback for me. Three cheers for Dr. Pierce's Discovery!"—William H. Dempsey, Jr., 82 Bridge St.

As soon as you begin to take this "Discovery" you begin to feel its bracing, appetizing effect. Buy of your neighborhood drug store in tablets and liquid, or send 10c to Dr. Pierce's Laboratory in Bridgeburg, Ont., for trial pkg. tablets and write for free medical advice.

AFTER GRIP

Colds, Fevers or a Rundown Condition, Take This Advice

Pleasantville, N. S.—"Four years ago I was a very sick woman. The doctor said it was pneumonia. It kept me in bed for five weeks and left me so weak that I could hardly get about. A dear friend advised me to try Dr. Pierce's remedies and I did so. After taking a bottle of the Golden Medical Discovery and one of the Favorite Prescription I found I was getting so much stronger that I continued using them, together with Dr. Pierce's Pleasant Pellets, until I fully recovered my strength."—Mrs. Agnes Brunell.

NEWS EAST EMILY AND THE DISTRICT.

Bethel Church Epworth League Held a Social—Personal Mention.

EAST EMILY, Nov. 2.—The Epworth League of Bethel church held a pie social in the Orange Hall on Monday night.

Mr. and Mrs. Wilfred Jackson were visitors to Peterborough on Saturday.

Miss Marjorie Franks was a business visitor to Peterboro on Saturday.

After making a lot of good friends many a man goes into politics and loses them.

LUX

Is recommended by leading maker of Children's Woollens

The finest woollens can be laundered repeatedly the gentle Lux way. One of the most widely known makers of infants and children's knitted garments, says:—

"Lux is ideal for woollens. It is so pure that it cannot injure the sensitive wool fibre."

Wash your woollens the gentle Lux way. Just press the rich suds through the garment again and again, and in a moment it is clean, it is new, and as soft and fluffy as the day you first saw and loved it. The thin, satin-like flakes of Lux which are made by our own exclusive process—dissolve quickly in hot water.

There is nothing equal to Lux—it is sold only in sealed packets—dust-proof!

Telephone Thanksgiving Greetings

By Long Distance

"Tell Tom I'm cutting the second joint of the turkey's leg—his favorite portion—this minute"—calls out Father, as Elizabeth answers the Long Distance call.

And next to sitting down with the home folks to Thanksgiving Dinner, Tom will treasure those hearty greetings from all the family by Long Distance. They make him realize how much he means to them.

We all of us crave such re-assurances, and never more so than on a lonely holiday—away from home.

Our operators will have their hands full arranging for Thanksgiving messages, but we will gladly add yours to the list.

Use Station-to-Station messages if you can. After 8.30 P.M. the evening rate on Station-to-Station calls is about one-half the day rate.

IN MEMORIAM

MAGEE.—In loving memory of Francis John (Jack) Magee, son of Frank and E. J. Magee, formerly of this city, now of Toronto, who departed this life Nov. 3rd, 1919.

"Fresh in my heart his memory lies,
Dear son of mine, you have only gone before.
Tread gently o'er our dear son's grave,
Let fall a silent tear.
For underneath the green grass sod
A mother's love lies there;
How we long to see your dear face,
But the river flows between,
And our aching hearts are calling
For the dear one gone before,
Just three years ago to-day.

—Sadly missed by Father, Mother, Brother Willie.

IN MEMORIAM.

MAGEE.—In loving memory of Jack Magee, son of Frank and E. J. Magee, of Toronto.

A father's pride, a mother's care,
Came in this world their joys to share,
He did not long with them remain
Till Jesus called him home again.
An angel took our flower away,
But we will not repine,
For Jesus in His bosom wears
The flower that once was theirs.

—Sadly missed by his Grandparents, Mr. and Mrs. Jas. Armstrong, Aunt Lizzie and Uncle Percy.

IN MEMORIAM.

A DREAM OF PEACE

Written by Flight Lieut. Percy Llewellyn Brown, R. A. F. and lovingly dedicated to his mother, on the event of his "birthday", Nov. 3rd 1917. Died Oct. 16th, 1918.

Peace! and at last I have come home again
Home to my native fields in summer haze
My purple vineyards and my gold-brown hills
Gladden my heart as in the olden days
Before the sudden, clarion call of war
Shattered the stillness of that August noon
Before the startled plains of France ran red
Beneath the pallor of an outraged moon.

Peace! and the grim, long, sullen skies have smiled,
And gaily donned their azure robes again
Earth sings to Heaven, and the world is sweet—
Sweet like the breath of roses in the rain.
Wars weary guns stand cold and mutely still;
Her limping ghosts no longer rise and pass;
A new sun shines—and down the clover glade
A merry breeze runs laughing in the grass.

Far down the valley sounds the bleat of sheep;
A thrush is piping in the tranquil sky,
His song is one Peace—his glad heart knows
That drums no longer call men forth to die
Like whispers in some great Cathedral's hush
The warm winds stir among the poplar leaves,
And on the barn a strutting pigeon coos
To his young mate beneath the nesting eaves.

The old house hides among the patient pines,
Half shy, half fearful, dreading change, I gaze
Into the lover, remembered rooms and find
The same sweet place I knew in other days.
Old pictures smile to me; the peat fire burns;
My father's chair stands in its wonted place;
These tender things remain—and I am glad!
Take me dear home into your warm embrace.

Take me into your arms and give me rest
On dreamless pillow through the quiet night,
Soothing the scars of my red pilgrimage,
So that they may be soon forgotten quite

. . . . . .

Then in the blush of dawn I will go down
Happy, into my fields of fragrant hay
And as my gleaming scythe sings in the sun
So will my heart sing to the radiant day.

. . . . . .

Alas, heart for thy song—another dawn
Paints the chill east with pale unpassioned hue;
Dim figures stir; starting I wake to hear
A muffled voice—it cries—stand to! stand to!

. . . . . .

My false dreams scatter to the fading stars
As the gun's lightning stabs young morning through.

CONCERT FOR RELIEF.

Frank Oldfield, Canada's Greatest Baritone, will Sing.

The concert being arranged by Mr Leslie Unitt on behalf of the Northern Ontario fire sufferers fund, will definitely take place on Friday, Nov. 17th. The concert will be held at the Conseravtory of Music Hall.

Mr. Unitt is glad to announce that in order that the fund may benefit to the greatest possible extent, the artists have agreed to accept very much reduced fees and the use of the hall has been granted at a reduced rate.

The artists taking part in the programme are Dorothy Allan Park (soprano), Maurice Park (tenor, Frank Oldfield (baritone), Leslie (pianist.)

The stands let out a yell;
He was to be the hero—
But he fell.

LAWN BOWLERS

TEN-PIN LEAGUE.

Cairns Won Two.

Last night, in the Lawn Bowlers' Ten-Pin League at Solomon's Alleys, Cairns took two out of three from Curvin. Jack Mayneord was the high man of the night with 518, Curvin next with 511. The following are the scores:

Cairns.

Mayneord	166	174	178—	518
Martin	91	—	—	91
Fox	—	147	142—	289
Cairns	168	147	165—	477
	425	465	485—	1375

Curvin.

Freeman	112	140	124—	376
Ross	177	139	119—	435
Curvin	172	178	161—	511
	461	457	404—	1322

THE MERCANTILE FIVE-PIN LEAGUE.

The Mercantile Five-Pin League will have a lot of new teams represented from the different factories and most of last year's teams. This will be one of the best leagues organized in the city.

THIS CITY GETS 90 PER CENT OF CALL FOR FLOUR

In checking up the purchases of the Department of Justice for flour used for bread making, for Dorchester, St. Vincent de Paul, and Kingston Penitentiaries, Mr. G. N. Gordon told the Examiner this morning that Peterborough got 90 p.c. of the business, since the ned Government came into power.

Mr. Gordon stated this morning that he believed there would be an announcement of a very radical improvement in the railway service and construction in this neighborhood, at a very early date.

MINES MARKET ..OLIDAY

TORONTO, November 3. — With a party of prominent brokers absent on a four days' trip to the mines the total mining sales only reached 112,096 shares.

Two days will be spent at Porcupine and one day at Kirkland Lake.

Baldwin featured the trading by breaking to 5 cents although the close was 5 1-2 to 8.

McIntyre closed at $17.75 and Hollinger at $12.60, both being slightly easier.

Teck Hughes was active between 91 and 90. Cons. West Dome Lake, sold at 40. Theer will be no session of the mining exchange Saturday or Monday.

JEWEL PIPELESS FURNACE

Made in Three Sizes

The Most Efficient and Economical Heating Appliance for the Home

As dealers familiar with all lines of furnaces, we take special pride in handling the JEWEL PIPELESS FURNACE, made by the well-known Burrow, Stewart & Milne Co., of Hamilton.

Jewel Pipeless sectional view shows the method of heating and circulating the air.

The Jewel Pipeless Furnace provides the most scientifically perfect system of heating yet devised. It takes less than a day to install, and will heat your house thoroughly and economically. Elimination of heat pipes keeps the cellar cool and the house warm—and *cuts your coal bill in half.*

Come in and let us tell you more about it—we also handle the Jewel Pipe Furnace which is made in five sizes.

CONTINUING FIFTEEN DAYS' SALE

TREMENDOUS VALUES OFFERED THIS WEEK

In this attempt to Clear our Shelves for our Christmas Stock, we are offering Dry Goods, Ladies' Wear, Millinery, Etc., without regard to profit, at prices far less than they can be bought for elsewhere.

WOMEN'S AND MISSES' FALL COATS

Plenty of styles to choose from, all at reduced priced. For this special Sale we have reduced our prices on our entire stock of Women's and Misses' Coats. You will find in this assortment some very amazing values. The materials are the newest. Before selecting your new Coat it will pay you to have a look at our stock. A few Coats to clear in a variety of styles and different materials—some velours, some blanket cloths. Among them some are worth as high as $25.00. To clear at..... $12.49

29.50 COATS, $23.50

A few Coats left over from last week's selling. Good quality of velour, with fur collars, nicely made and well tailored. Regular $29.50..... $23.50

$32.50 COATS, $27.50

This lot contains a fine quality of velour, with shawl fur collar and cuffs, lined all through and interlined. A good assortment of colors and styles to choose from. Regular $23.50. Sale price, $27.50

$30.00 LADIES' FASHIONABLE DRESSES, $22.50

This range contains a few special Dresses which we purchased at a very low price. In this lot you will find Canton crepe, tricotine and Poiret twills. All of the newest designs—some with panels, others with the new drape effect, and very nicely embroidered and trimmed in a big variety of colors in all of the materials. Regular prices up to $30.00. Sale price..... $22.50

LADIES' DRESSES, $4.79

Some left over from last week's selling. This line includes a few of last season's styles. Among them you will find silks, serges, and also jersey cloth and silk poplin. Some worth up to $15.00. While they last..... $4.79

$6.00 SILK AND SILK CREPE DE CHINE AND GEORGETTE WAISTS, $3.98

Many New Values Added Bearing Decided Price Concessions

Women's Special $1.25
Pure Wool Black Cashmere Hose - 98c

Remarkable fine Hosiery at a remarkable Thanksgiving Fete price. Good weight, but soft and fine, and made with three ply toes, heels and soles. A price that will encourage quantity buyng. Sizes 8½ to 10.

Women's 75c Heather Cashmere Hose 39c

"FACTORY SECONDS" PAIR -

Thirty-nine cents is very little money for such fine Stockings as these. The fact that they are "seconds" does not matter, because the imperfections will never affect the wear or appearance. Seamless cashmeres in browns, greys, fawn and bronze mixtures. The "firsts" in this same grade are regular 85c value. Every size 8½ to 10.

STREET FLOOR AND BARGAIN ANNEX.

THANKSGIVING FETE

An Event Ladened with Good Things at Most Interesting Prices—Two Remaining Days

SATURDAY And TUESDAY

A Bigger and Better Towel Than Our Regular $1 Value
Jacquard Bath Towels, Each - - 79c

A beautiful Towel with a deep, thick nap and extra size and extra quality. All-over jacquard pattern with colored borders of pink, helio, blue and gold. They retail everywhere at $1 each, and are worth it.

STREET FLOOR.

About 1,000 Yards, Yard-Wide MADRAS SHIRTING, Yard - - 29c

A superior line of shirting fabrics marked at an inferior price. Not a particle of dressing and yet the material is fine and closely woven. Handsome cord stripes and every piece a yard in width. The same material the shirt makers use.

Women's and Misses' Pull-Over Sweaters
A Real Surprise $2.95

DAINTY, WARM AND LOW IN PRICE

The popularity of Slip-On Sweaters has been more evident than ever this season. The price of these will certainly not be an obstacle to anyone.

They exemplify the link and link weave and are so arranged that a drop-stitch stripe is formed. The semi-tuxedo collar and the cuffs are white, and also a band that adorns the lower edge; in some instances it is a stripe. Made with long sleeves and belt. Choice of Nile, orange, grey, navy, salmon and white. Sizes 36 to 44.

MAIN STORE.

$37.50 Buys a Fine Coat Value

Women's or misses', in swagger style, of velour and duvetyne. A splendid assortment of smart styles, depicting the season's most favored models. Loose and belted backs adorned with strappings, stitchings and touches of embroidery. Nearly all boast of fur collars, and also fur cuffs; collars in shawl and chocker effects. Shades of reindeer, elk and dark brown. All fully lined and interlined. Sizes 16 to 42.

Misses' Serge Dresses at $9.95

SWAGGER, INEXPENSIVE AND GOOD

The school miss, the miss who goes to business or the miss who stays at home needs a Dress of serge. If she wants to pay little and secure much, then she'd do well to secure one of these.

Straight-line affairs of fine all-wool Botany serge. Made with round necks, ¾ sleeves, some with collar and cuffs of white organdie, narrow belt of material and others of ornamental chain. Several are prettily touched with wool embroidery. Sizes 16 to 18.

About 700 Yards, All New Fancy NOVELTY RIBBONS, Yard - 25c

MANY LESS THAN HALF-PRICE!

See this Thanksgiving display of beautiful new Ribbons, featuring the season's most popular floral and stripe designs in a host of colorings. The widths are 4½ to 6 inches, and many pieces are marked at less than half their regular value.

STREET FLOOR, ARCADE ENTRANCE.

Silk and Wool Canton $2.59 Yard

The season's lowest price and is the same good fabric that always sells for much more. A soft drapable material and in the most popular shades—black, ivory, henna, brown, jade, sunset, whirlpool and Mohawk. The width is 40 inches. Lowered for the Thanksgiving Fete.

Fine Quality Crepe de Chine $2.39 Yard

A special Thanksgiving price for a heavy quality Crepe de Chine that is worthy of $2.75 and $3 a yard. Forty inches wide and choice of black, ivory and pink.

36-Inch Colored Pailette Silk $1.98 Yard

A glorious Silk at a gloriously low price. Note the lovely range of colors—black, navy, bittersweet, navaho, tangerine, poinsetta, sand, rubellute, castor, tea rose, sapphire, samara and negro. A clearaway line at a low price from one of the best silk houses in Canada. Guaranteed to wear.

Fifty-Inch Serge at 99c Yard

Navy, black, brown and burgundy—a splendid range of Serges, possessing good wearing qualities and good appearance. Fine enough and substantial enough for suits, coats, dresses, children's wear, etc.

Re-Opening of Our Manicuring and Hair-Dressing Parlors

In Charge of Miss Roberts

NEW NOVEMBER SHIPMENT

Windsor Crepes, Butterfly and Bluebird Patterns, per Yard - 33c

These Bluebird and Butterfly Crepes just seem to fly in and away again. They no sooner arrive than they take to wing again and are gone. Ground colors of pink, sky and maize with blue patterns. Thirty inches wide.

STREET FLOOR.

THE Bargain Annex

FEATURES SATURDAY'S SELLING

Women's Excellent Quality, Long Sleeve, White
Flannelette NightGowns 99c

You'll find comfort in the price, for it is very low, and great comfort in the Gowns also, for they are a good weight and have a warm nap. "V" shapes and high buttoned neck styles.

Men's Heavy Quality Wool Ribbed Combinations $1.84

Such garments as these must feel insulted by such a low price. They possess everything that good Combinations should—fine wool, fine ribbed, light natural color, long sleeves, ankle length. Sizes 36 to 44.

NEW NOVEMBER SHIPMENT

Men's Boyd Caldwell HEAVY WOOL SOCKS, Pair 39c

These Socks will have the happy faculty of keeping feet cozy when the air nips. Choice of greys or lovat shades. A Boyd Caldwell product at our lowest price of the year.

Women's $1.35 House Dresses at 79c

The sort of Dresses that women feel free to work in and not be particular about being soiled. A sound quality of Canadian print in neat blue, black and grey stripe patterns on light grounds. Self belts, two pockets and plain blue chambray trimming at the neck. Small, medium and large sizes.

Navy Blue Taffeta Dress with cuffs, collar and pockets made of an Oriental patterned material as trimming. Silk and Wool Crepe Dress, displaying long sleeves, caught in at wrist with rose and silver baby ribbon, and it matches the trimming on girdle and neck. Colors are rose, blue and canna in this one line only. Each Dress is an exceptionally good buy, having the style and quality of material to back them up. Your choice on Saturday at, each $25.00

Homespun and Jersey Dresses---Choice New Style Effects at $8.50

The Homespun Dresses are shown in tan, rose and helio mixtures and are tailored on the straight silhouette effect, caught in at the waist with a narrow belt. The Jersey Dresses have Bromley collars and cuffs to match. Just a real, smart, well made range of Dresses, regularly marked at $12.50. All at the one price for Saturday, each $8.50

English Utility Coats of All-Wool Tweeds and Burbury Weaves at $22.50 Each

Such shades as brown, grey and other heather mixtures in herringbone and rough surfaced materials. They are half-lined with good wearing lining and have patch or slash pockets. Leather buttons and belt are the only trimmings—quite sufficient in themselves. These mannish style utility Coats are priced at $22.50

A New Sport Hat for Thanksgiving--They are Remarkably Low at $1.89 Each

Scratch felt and polo cloth are the materials. Scratch felts in plain sand or grey and Polo Cloth Hats with rows of gold braid in colors of sand, blue, navy, etc. Each $1.89

Also Sand and Brown Polo Cloth Hats with embroidered brims in colors of red, green and maize. These Sport Hats are much in vogue for present wear. Saturday, each $1.89

Seasonable Underwear for Women

Ribbed Union Vests and Drawers at $1.98 Garment

Half-wool with silk threads woven through, giving a beautiful, soft and nice to feel surface. Vests have "V" neck and short sleeves; button front. Drawers are ankle length. This is a very reasonable price for Silk and Wool or Union Underwear. Garment $1.98

Vests and Drawers, Winter Weight, 75c Garment

They are not a real heavy weight, but just a nice weight for comfort. Vests have high, low or "V" necks, with long or elbow sleeves; also sleeveless with strap shoulder. Drawers are ankle length and open or closed. Grey or white shades. Rib weave with crochet trimmings. Garment 75c

Fine Wool Combinations, $2.50 Per Set

Combinations that have great warmth, yet are not heavy. Woven from fine white wool yarns. Styles—"V" neck and short sleeves and low neck with no sleeves. Finished with tubular tops or crochet edge. Drawers are ankle or knee length in closed style. Sizes 36 to 40. Per set, $2.50

Favored Hosiery to Wear Thanksgiving

Silk and Wool Hose, $1.98 Pair

In mixed shades of navy and black, black and white and brown and white. Very fashionable indeed for present wear, and not only fashionable, but practical. Deep stitch rib effect and extra widened top. All sizes. Pair $1.98

Heather Hose of Pure Wool, $1.98 Pair

None the less popular for this present season than they, because they are all-wool. Shown in shades of green, brown, grey or blue. Wide rib or plain weave may be had. Fashioned and seamless. Good range of sizes. Pair $1.98

'Tis a Handkerchief Sale

An Advance Shipment of Christmas Handkerchiefs, Regular 35c, for 19c each, 3 for 55c

Real Hand-Embroidered Handkerchiefs. An advance Christmas shipment. Buy them for the holiday at this special Saturday price. The regular 35c kind. Each, 19c, 3 for 55c

More Moderate in Price—Pure Wool Heather Hose $1.39 Pair

Not quite so heavy, but nevertheless a seasonable and much preferred line. Black and white mixture and plain shades in grey, brown or blue. Shown in plain weave. Sand shade only in wide rib. Double heel and toe. Pair $1.39

Substandards in Pure Wool Heather Hose 87c Pair

The only defect to be found in these is a widened stitch, caused when weaving by a faulty machine. The imperfection will not interfere with the wearing. Colors are navy, brown or green mixtures. Pair 87c

HALLOWE'EN PARTY IN S.S. NO. 7, SMITH

The Parents and Scholars Enjoy a Very Happy Event.

LAKEFIELD, Nov. 3.—On Tuesday, October 31, at 8 p.m. over one hundred parents and scholars of S. S. No. 7 Smith gathered at the school-house for a Hallowe'en party. The school had been tastily decorated by the children with pumpkins and jack-o'-lanterns, and was lighted with candles. Promptly at eight o'clock the following program was given by the scholars in costume: Chorus, Swanee River; recitation, Doreen Davis; recitation, Bernice Northey; recitation, Lois Mallory; reading, Margaret Northey; chorus, Lead Kindly Light; song, Mary Webster; recitation, Ormond Davis; recitation, Dorothy Mallory; recitation, Hugh Preston; reading, Oretha Northey; dialogue, "Seeing A Ghost"; recitation, Audrey Preston; recitation, Orethea Northey; chorus, "Massa' in the cold, cold ground."

After the program, games were played and jokes told. Then pumpkin pie, candy and apples were served and everyone enjoyed this part of the evening immensely. A very pleasant and enjoyable event was brought to a close about ten o'clock by the singing of the National Anthem.

RADIO NEWS

Universities, churches, banks and public utilities are some of the organizations that have obtained licenses to broadcast their programs to radio listeners.

Out of nearly 380 broadcasting stations in the United States and Canada a survey shows more than half are being conducted by radio manufacturers, dealers or others interested financially in wireless. There are 49 private individuals who have obtained broadcasting licenses, and most of these may also be included among those having some financial interest in the science.

In other fields newspapers excel in the use of radio for broadcasting. At last reports there were 44 newspaper broadcasting stations in the United States and 11 in Canada.

Universities.

Six cities have their own broadcasting apparatus. Twenty-one universities have already entered this field and more have applied for licenses. In the same category are three churches and one Bible institute, three banks and eight music, jewelry and watch firms.

Interest, however, lies in the unique A physician in Louisville, Ky., is conducting a broadcasting station. Among others, throughout the country, are also one amusement company, a yachts club, an automobile club, a plumbing and heating concern, a farm machine company and a milling farm.

Public Radio.

The Seattle public market is conducting a similar station in conjunction with the city's department stores. The United States army has three public broadcasting stations. They are at McCook Field, Dayton, O., at Fairfield, O., and New York City.

To help housewives buy wisely and economically the Missouri State Marketing Bureau has opened a broadcasting service out of Jefferson City. Entertainment also is provided from this station.

In Canada the Canadian National Railways has erected a station for the dissemination of news and entertainment of radio fans. It is located at Toronto. Another source of such service, outside of the purely business sources, is that of the Abitibi Power and Paper Co., at Iroquois Falls.

FIERY, ITCHY ECZEMA HEALED RIGHT UP BY APPLYING SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers skin trouble should get a little jar of Mentho-Sulphur from any good druggist and use it like a cold cream

TRANSFERING WEALTH.

LONDON, November 3. Canadian Press. — Canadian Press. — Major John Jacob Astor, brother of Viscount Astor who is contesting Dover in the coming elections, replying to heckling questions, said yesterday: "I am transferring my wealth from America to this country." He is part owner of the London times.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffing, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

WHAT ARE PEPS?

READ HOW THEY ACT

The best protection for the throat, chest and lungs is contained in a handy box of Peps.

As Peps tablets are dissolved in the mouth, powerful medicinal fumes are carried with the breath straight through the air passages into the lungs, where liquid medicine cannot reach.

The throat and lungs are always more sensitive in cold weather. Peps will strengthen them. Therefore, keep Peps handy wherever you are, and occasionally dissolve a tablet in your mouth. You never know what infection of colds, "la grippe" and even lung trouble may be carried about by people with whom you come in contact.

Because of their direct action, Peps give almost immediate relief to the chronic bronchitis sufferer, and provide young and old with a safe defence against Coughs, Colds, Sore Throat, Laryngitis and Pneumonia.

FREE TRIAL: Send this advertisement and 1c. stamp (for return postage) to Peps Co., Toronto. and free trial package will be sent you.

INDIAN RIVER

On Sunday, Nov. 5. at 7.30, Pastor F. Chorley will commence a series of special addresses on "What the Bible Teaches About the Lord's Return." These will be in the nature of Bible expositions.

Friends of the Baptist church will be very glad to know that pews have been installed, which will make the church comfortable and attractive. You will always find a glad welcome at the people's church. Dedication of the pews will be held in the near future.

NEAR CAR LOAD OF GOODS SENT NORTH ONTARIO

People of Dummer and Douro Rise to the Occasion in a Generous, Sympathetic Spirit.

WARSAW NEWS.

WARSAW, Nov. 2.—On Friday nearly a car load of goods from this section of Dummer and Douro was shipped from Lakefield to Northern Ontario. Several farmers drove their own contributions to the station. The Warsaw U.F.O. club did the overseeing and financing and practically every one contributed. The U.F.W.O. collected good clothing, pillows and etc. The U.F.O. also kindly offered to take care of any other contributions, and the Women's Institute gladly accepted the offer. The latters' donations (from others besides Institute members) consisted of good clothing, new quilts, beans, etc. One woman from near Stoney Lake came in with her two bags of grain. Oats, barley, wheat, potatoes, shingles and lumber constituted the principal contribution. Some gave money, totalling over $140.00 with which were purchased flour, rolled oats, for the fires' victims. About $60.00 taken in at the concert on Oct. 21 is being sent separately as will all clothing and other goods contributed in the village. The Methodist Missionary society will shortly send a large box of clothing, quilts and preserves.

Personal Mention.

Reginald Thurston of Peterboro, attended the Payne-Thurston wedding at Bethel.

Mr. and Mrs. A. F. Choate and Mrs. Smith spent a few days last week at McCrackens Landing.

Mr. and Mrs. Weir attended the Methodist Institute at Lakefield, also Mr. and Mrs. George Taylor.

Mr. and Mrs. Wm. Dewart and little daughter, were in the village on Sunday.

Rev. Mr. and Mrs. Clare and family of Marmora were guests of Mr. and Mrs. George Taylor over Sunday.

Rev. F. G. Weir took Mr. Clare's work in Marmora. Mrs. Weir accompanied him.

There were several quiltings last week in relief for Northern Ontario.

Miss Petrie commenced her duties as teacher in the 3rd Line School on Monday morning.

News Paragraphs.

Rev. Hughes conducted service in the Anglican Church Sunday.

Rev. Graham conducted the morning service in the Presbyterian church last Sunday at the Cottesloe in the afternoon. There were no evening services.

Rev. Chorley preached in the Baptist church, Sunday. There are prayer meetings every Thursday evening.

The anniversary services in the Methodist church were well attended. Mr. Clare's old friends were glad to see and hear him again. At the evening service the church was filled.

Water is growing more scarce every day, and getting the stock watered entails a lot of extra labor.

Measles seem to have gone the rounds of all the little children, and now the young people are being attacked.

A Pie Social.

On Friday evening the St. Marks Guild gave a pie social in the town hall, in aid of the Church's finances. Pie and tea were served from 6 to 8 p.m. Rev. Hughes was chairman. Warsaw orchestra contributed several selections, and there were many songs by Rev. Hughes, Henry Batten and Ralph Selby. Also a debate, "Resolved that wealth is the cause of more misery than poverty." For the affirmative, Mrs. David Miller and Mr. Lawrence; for the negative, Miss Simpson and Verne Selkirk, The judges were: Mr. Hughes, Miss Adelaide Batten and Hector Munro. Decision went in favor of the negatives.

A sale of pies followed the programme.

Anniversary Event.

On Monday evening, November 30, the Methodists held their anniversay entertainment in the church, with Rev. Weir in the chair for the following programme: All sang "Onward Christian Soldiers". Mr. Clare lead in prayer. A selection was given by the choir. Miss Dunford recited "Thanksgiving Reminders. Duet by Messrs Clare and Weir, "The Crown that His forehead adorns." Humorous address by Rev. Reddeck of Lakefield. All sang "My God, the Spring of my Joys." Dorcas Lloyd recited "A Little Girls' Wish. Selection by the choir. Mr. Clare's address. Henry Batten sang "Oh Thou Who Guidest". Miss Dunford recited "Playing the Man". Duet by Misses Myra and Esther Thompson. Laura Bowen recited "The Blind Child". Duet by Mesdames Wasson and Hawthorne. The Doxology.

At the close of the program all repaired to the basement, where sandwiches, cake and tea were served.

ZAM-BUK

THE GREAT SKIN REMEDY

Try It For All Skin Injuries & Diseases

BAL-SA-ME-A FOR COUGHS AND COLDS

A few doses of Balsamea—and coughs and colds disappear completely. Balsamea loosens the phlegm and clears the lungs and bronchial tubes.

BALSAMEA, although powerful in action, is free from all harmful drugs. Children take it willingly because it tastes good. Relief guaranteed or money refunded.

RECORD TIMBER SALES.

Ontario Government Disposes of Large Wooded Area.

TORONTO, November 2 (Canadian Press). — By disposing of timber limits which totalled 187 square miles in area, the Ontario Government yesterday made a record for this year in the matter of a single day's timber sales.

The successful tenderers are the Continental Wood Products Company, of Elsas, Ont.; Mageau Lumber Co., Ltd., of Field, Ont.; Pigeon River Lumber Co., of Port Arthur, Ont.; and the Hope Lumber Co., of Thessalon, Ont.

The principal limit sold was that in Sherlock Township, in Sudbury District, which was secured by the Continental Wood Company.

PAINLESS CHILDBIRTH OBTAINED

Use of Nitrous Oxide Oxy gen Held Boon to Motherhood By U.S. Anaest hesia Society—Complications Eliminated.

COLUMBUS, Ohio, Nov. 3.—Painless childbirth is possible through administration of nitrous oxid oxygen, it was announced here Anaesthia Research Society.
thia Research Society.

Dr. Arthur E. Guedel, Indianapolis obstetrician, is the discover of the anaesthetic, which was hailed in medical circles here today as a boon to motherhood.

"In many cases through this method," Dr. Guedel said, "it is possible for the mother to use nitrous oxid oxygen herself, under the direction of the obstetrician.

"It also eliminates all complications following childbirth, often due to the poisonous effects of other anaesthetics."

Babies born under this method seldom have to be resuscitated, Dr. Guedel claims. They are pink and cry lustily at birth.

Pedestrians' Identification Tags.

Realizing the constant danger that the people of Paris face on the highways, it has been propesd to use identification tags, such as hung from soldiers' necks during the world war, for the pedestrian. These would preclude the necessity of taking the unfortunate to the morgue when he finally falls a victim to reckless driving.

IN LAKEFIELD AND DISTRICT

So-Called Prankers Destroyed Property Hallowe'en Night—Social and Personal News.

LAKEFIELD, Nov. 3.—Hallowe'en was celebrated here by numerous parties which seem in some measure to have taken the place of pranks of other days. But one says this with reservations as a few happenings of Tuesday night overstepped in some respects the bounds of fun and resulted in wanton property destruction, which should be punished by law. Crossings torn up and left lying in the gutters may be funny to those who delight in horse play, but these people should have no place in either polite society, or a self-respecting community. The crowning trick was the breaking of window panes in the school building which is owned by and paid for by the ratepayers of the village. There are many taxpayers whose patience has nearly reached the limit, and the breaking of windows as a crowning "joke" will be the last straw on the back of the exasperated public.

Ladies Entertained.

Mrs. Trude Waldon entertained the boys of her class in St. John's Sunday school at a Hallowe'en party at her home on Tuesday evening The little chaps spent a delightful evening.

Memorial Service.

A memorial service for the men who fell in the Great War will be held in St. John's Church on Sunday morning, November 12th (the day immediately following Armistice day). Special music is being prepared and the various organizations of the village are invited to attend.

Prepare for Curling.

At a meeting held in the Council Chamber on Friday night last in the interest of the Lakefield Curling Club, plans for the coming season were discussed. About thirty-five members were present with the President, B. O. Dench, in the chair. The club has arranged terms with the management of the rink and the enthusiasm displayed at the meeting augers well for curling prospects for 1923. H. G. Fitzgerald has donated a handsome cup for local competition and Theodore Crawford will present the prizes which accompany it.

The fees are altered somewhat from last season as this season the fees for skips will be $6, for active members $5 and for associate members $2.

The last day for registering will be December 15, when another meeting will be held, when the skips will be elected and the rinks drawn for.

Personal News.

E. R. Tate is in Toronto on business this week.

Mrs. Osborne was in Peterboro on Wednesday.

Isaiah Graham of North Smith was in the village on Tuesday.

Mrs. A. T. LeFevre, who spent the past three weeks in the village en route from England, left on Wednesday for New York, where she will sail for Peru to join her husband.

Keith Tate is in Toronto this week with friends.

On Monday, December 4, St. John's Church will hold a Yuletide Fair in the memorial hall.

WORK FOR A CIVIC CLUB.

A welfare organization of any city or town can make a safety diagnosis of its community and practically cure the accident evil. Make a map of the city. Place a white pin at every point weher a child accident occurred during the last year and a blue pin for every adult accident on the highways. This will be a basis of determining accident causes. When there are pins concentrated at certain points, better lightning, more signs and more police are needed there. When most of the pins are found in the middle of blocks, rather than at intersections, then a campaign to urge crossing at crossings is needed. If the child pins are prevalent, then more attention is needed in school instruction in home training and in local playgrounds.

"I Was Terribly Weak After Baby Was Born"

Mrs. H. McClure, Norwood, Ont., writes:

"After my baby was born, I was terribly weak and run down, with pains across my back. I had heard so much of Dr. Chase's Nerve Food that I decided to try it. Three boxes proved enough to make me quite strong and well again. I also used Dr. Chase's Ointment for a rash which broke out on the baby, and the rash disappeared completely in a short time."

See That Your Hosiery Bears The Stamp of "Kayser"

We Stock Kayser Hose because we know it to be Quality Merchandise. Nowhere else in Petrborough will you find a complete assortment of Kayser Stockings; and rest assured, nowhere else will you find Better Values.

EXTENSION OF CRICKET PLACE

Will Be Voted on by the Ratepayers at Municipal Elections.

The city's agreement with Cornelius Clancy, Hunter Street East, respecting a slight change in the bed and course of the creek through his property on the north side of the street, occupied the Council's attention to such an extent that it took on the importance of some grave affair of state.

Ald. Stocker explained that a concrete bottom was to be laid in the section of it leading to the culvert under Hunter Street. This will cost about $70. Ald. McIntyre and Ald. Holloway wished to satisfy themselves that this undertaking would not give a similar right or claim to the owners of the property along the course of the creek south of the street.

The by-law embodying the agreement carried by 7-2.

The narrow strip of property at the blind east end of Cricket Place, which was retained by Mr. E. A. Peck to preclude the erection of a house on the frontage of the street's width is being bought by the city for $100. The treasurer was authorized to pay Mr. Peck a cheque for that amount.

At Ald. Gainey's suggestion, and on his motion, seconded by Ald. Morrison, a by-law will be presented to the ratepayers at the municipal election for their approval of the opening of Cricket Place to Mark Street. The property through which the right-of-way should pass is held by Mr. F. Rome for about $5,000, but expropriation proceedings may be resorted to if the by-law passes. The Council also consented to an advertising appropriation of not more than $40 for the purpose of explaining to the ratepayers the necessity of extending Cricket Place.

Ashburnham affairs bulked large in the Council business last night, although none of them were of exceeding importance. Ald. Jones enquired as to whether the toboggan slide at Riverside Park would be prepared for the coming winter. It would require the filling of the old tail-race along the east side of the ball grounds, but it was pointed out that a trestle could be built over it.

China, supposedly very densely populated, has only 97 inhabitants to the square mile the country over, which is surpassed by 17 other countries, led by Belgium with 658.

THE 21ST ORIGINALS BANQUET TONIGHT

Seventeen Peterborough Members of Unit Join Their Brethren.

The 21st Battalion's annual banquet will be held in Belleville tonight, celebrating the November 3, eight years ago, when that unit left here for France. About seventeen of the old originals left this city on the noon train to-day for Belleville. Accompanying them are David Grant, the celebrated Highland piper, who will play from Belleville Station to the Hotel Quinte, where the banquet is to be held, and Miss Anna Logan and Miss Muir.

Very few of the original members of the battalion returned from the war, but those fortunate few sit down once a year at one of the most successful banquets given by the Canadian veterans. This annual event was held in Peterborough last year, and will be held in Ottawa and Kingston, following the gathering in Belleville to-night.

Woman's tears and a dog's limp are not always what they seem.

Farmers Praying For Good Crop Rewarded; Give Thanks to Deity.

NEW ENGLAND, N.D., Nov. 2.—The wheels of time turned backward 300 years here when an entire village forgot the dizzy pace of the modern world and knelt as did their puritan fathers to give thanks to the divine favor that granted them a bountiful harvest.

For four years farmers of this community watched their crops wither and die. Last spring the community joined in a common prayer for a more successful season. Yesterday the people gathered again to give thanks to the divinity who, they believe, heard and granted their prayer.

Pastors of the Catholic, Congregational, Lutheran Churches led the thanksgiving service in the large gymnasium of New England's public schools, when 600 farmers and their households who are not "too busy to believe in modern day miracles" turned their faces upward in the old hymn of harvest and thanksgiving, "Come, Ye Thankful People."

The harvest of the last season has been the most bountiful in the history of this community.

No winds have been found in the upper air by the United States Weather Bureau, in many years of observation, that much exceed 100 miles an hour.

CANDY SPECIALS FOR THIS WEEK

(By Stuart P. West)

NEW YORK, Nov. 3.—(Special).—The rising tendency was again uppermost to-day in both stock and bond markets, although in stocks there was a good deal of irregularity, due to speculative realizing and to the fact that the demand from the short interests was not as keen as on the two preceedings days.

Under the lead of the Liberty Loans and the new treasury 4 1-2 S the whole bond market did better. Foreign government issues were in demand as they had been Thursday, especially the Belgians. Railway bonds of the investment class were up only fractionally, but some of the more speculative group had quite a sharp upturn.

German marks made another new low, coincident with word from Berlin that in answering the Allied reparations commission the finance minister had insisted upon the necessity of an international loan. This was hardly a matter of surprise for everybody who has examined the reparations question with unprejudiced mind as melt til along that either there must be such a loan or the indemnity program must be radically amended.

The rest of the foreign exchanges were steady, but French francs continued to show the strain of the reparations uncertainty by sell ing as they did on the previous day very close to the lowest of the year.

The advance in cotton carrying prices up almost to the 25 cent level was one of the most noteworthy incidents of the day. It was a further response to the census bureau complication indicating a very considerable excess of consumption over production during the current year.

KILLED BIG WOLF WITH BARE HANDS

Took an Hour to Choke the Breath Out of the Animal.

FORT WILLIAM, Ont., Nov. 3.—Canadian Press. — With his bare hands J. W. Tripp, a farmer, killed a big wolf at Cloud Bay, and his victim was presented to George Coo, the clerk of the court here, for the government bounty.

When he visited the trap he found the wolf nipped by one leg but in a fighting mood. Dared by a companion he engaged in a combat with the animal and after an hour's tussle he fell with his knees on his back and his hands at his throat. When his gripping fingers had crushed the last breath out of the animal, he fell across its body entirely exhausted.

News Briefs

MODIFY COASTING LAWS

OTTAWA, Nov. 3.—(Canadian Press).—The government is considering modification or suspension of Canadian Coasting Laws and decision in regard to that matter may be expected shortly. It is possible that this decision may be made at a meeting of the cabinet this afternoon One effect of suspending these laws would be to permit American vessels to engage in Canadian coasting trade.

UNIFY POSTAL SYSTEMS

OTTAWA, Nov. 3 Canadian Press. —Postmaster General Work will come to Ottawa the first week in December to participate in the postal conference between representatives of the United States and Canada, having for its object, the unification of both systems. Among the proposals to be discussed will be the transit of United States mails through Canada and of Canadian mails through the United States —also uniform money orders and reciprocal exchange of equipment.

GUARDING EX-KAISER.

DOORN, November 3. Canadian Press. — The ex-Kaiser's castle is under heavy guard in readiness for Sunday's wedding. The imperious manner in which Wilhelm orders the precautions taken angers the Dutch.

FATHER WHELAN SINKING

OTTAWA, November 3. Canadian Press. — Rev. Father M. J. Whelan, Pastor of St. Patrick's church, was reported early this morning to be sinking fast. Reports of the attending physicians hold out slight hopes of recovery.

TO STABILIZE THE MARK

LONDON, November 3. Canadian Press.— The German Cabinet, according to a Central News despatch, has decided to ask the Reparations Commission for permission to negotiate a foreign loan of five hundred million gold marks for the purpose of stabilizing the mark.

Best Cough Mixture Is Home Made

Acts With Speed—Loosens the Phelgm—Stops the Irritation and Coughing Ceases

Fine for Chest Colds Too and Is Cheaply Made at Home.

When you can make, in two minutes, a world beating remedy that acts directly on the membrane and often overnight causes stubborn coughs and even hard chest colds to disappear, why trifle with things that will probably disappoint?

Hawking and snuffling and also soreness of the muscous membrane go and you will feel fine in almost no time.

Just get one ounce of Parmint (double strength) add to it a little sugar and enough hot water to make a half pint and you've got an inexpensive remedy better than you can buy ready mixed.

Its soothing, healing action on the membrane is the reason so many people use it for Catarrh and acute nasal colds.

Special Opportunties

THREE GIRLS KILLED AND THREE DYING

Fatal Fire in New York Factory This Afternoon

NEW YORK, N. Y., Nov. 3.—(Canadian Press.)—Three girls were killed, three more are reported dying and about a dozen were taken to hospital seriously injured after a fire had broken out in a celluloid factory on East 13th street this afternoon and flames had quickly enveloped the three storey building.

About forty girls were employed in the factory. Several jumped from windows as the panic spread. More escaped over the roofs. Others were taken down ladders to safety by the firemen.

ALL TREATIES NULL.

Angora Government Repudiates Those Made by Constantinople Administration.

ANGORA, Nov. 3. — (Canadian Press.)—The Government at Angora has announced that it considers null and void all treaties and conventions concluded since March 6, 1920 by the Constantinople administration.

CONSTANTINOPLE, Nov. 3. — (Canadian Press.)—The Angora Assembly decided last night that it is invested with sovereign rights and that the Turkish Nationalist government is the keystone for the Caliphate.

The selection of Caliphs is to be made by the National Assembly of Turkey, which will choose that member of the Imperial family who is best instructed, best educated, the most honest and wisest. The Assembly also decided that the Caliphate was vested in the Imperial family of the Osman dynasty.

CANDY CRATES AFIRE AT REAR OF CHICLE CO.

Last evening at 6.30 the local Fire Brigade was simmoned to a fire at the Chicle Company's premises on Rink Street. A bonfire had been made during the afternoon beside some wooden crates in the rear of the factory, and it is thought that a spark ignited the crates, which were soon blazing merrily.

The blaze was quickly extinguished, but not before between 75 and 100 crates, valued at $1.00 each, had been destroyed.

Oh, what is so rare as a ton in October.

CANADA SHOULD FEEL PROUD OF IT!

Canadian Dollar is Taller By a Fraction Than That of U.S.

NEW YORK, Nov. 3.—(Canadian Press)—The New York Herald, commenting on the fact that "the Canadian dollar is taller now by a fraction of a cent's width than the dollar of Uncle Sam", declares it is natural that Canada should be proud of this fact as it is only a short time since Canadian currency was at a discount of 16 or 17 per cent. in the United States money.

"The change registers a story of prosperity and sound business conditions of which any country would have a right to be proud," continues the Herald. "Several things have combined to bring about this happy state of affairs.

"In the first place Canada has turned an adverse balance on international trade into a favorable balance, and, of course, the very foundation stone of foreign exchange is imbedded in foreign trade balances.

"Again, Canadian Government and industrial loans have met very hospitable receptions in American money markets, with the resultant flow of large sums across the border.

"Large amounts of money have been spent in Canada by bootlegging outlaws. A substantial boost to Canadian prosperity came from these two sources.

"American motor car tourists have contributed to it importantly. In the last twelve month 600,000 American motor cars crossed the border into Canada. On the basis of an assumed seven day trip and the expenditure of $25 a day for each car it is computed by Canadian statisticians that the total of American money thus left with our neighbor reached upward of $100,000,000. This is not a staggering amount, to be sure, in these billion dollar days, but it is a tidy sum.

"Canada may well be exultant over the recovery of her currency."

HAD FOOT CAUGHT IN GEAR OF A MOTOR BOAT

A son of Mr. V. Lancaster, Charlotte street west, had his foot badly crushed while out moter boating this week with his father. The party were making a cruise to Bobcaygeon, and during the trip across Ball Lake, the boy had his foot caught in the gearing of the engine. The foot was badly crushed. Medical aid was secured at Bobcaygeon.

Deer hunters reports an excellent crop of rabbits.

YOUNG PEOPLES' MEETING TODAY

Trinity Church is Scene of Interesting Gathering

A convention on Young People's work by the Peterborough and District Young People's League is being held this afternoon and evening at Trinity church and the Reid street hall, with a banquet at the hall at 6 o'clock, when preparations have been made to accomomdate 200 people. A good programme of addresses is promised for the evening, including speeches by Rev. W. H. Young, M.A., and Rev. S. T. Tucker, B.A., B.D., of Millbrook.

In the eyeletting department of the shoe industry an expert worker can finish 2,000 pairs of women's shoes, or 48,000 eyelets, in one day.

WOMAN TAKES EVERY CHANCE

To Recommend Lydia E. Pinkham's Vegetable Compound, for It Helped Her So Much

Fredericton, N. B.—"I was weak and had some troubles women often have, and usually I was unfit for my work. I saw your advertisements and decided to try Lydia E. Pinkham's Vegetable Compound. I am very much pleased with the result and recommend your Vegetable Compound whenever I have a chance. You may use this letter for the benefit of others."—Mrs. WANDLESS, 360 Church St., Fredericton, N. B.

Mrs. Wandless, like many, many other women who have found relief by taking Lydia E. Pinkham's Vegetable Compound, is anxious to let other women know of this splendid medicine. So by word of mouth and by letter, one woman to another, its virtues are made known.

Women suffering from female ailments, indicated by such symptoms as backache, nervous troubles, hot flashes, pain in the side and a general run-down condition of the whole system, should take Lydia E. Pinkham's Vegetable Compound.

For nearly fifty years it has been helping women. Let it help you.

Lydia E. Pinkham's Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

GRANT $100 TO POULTRY SHOW

Aid From Council Less Than Sum Sought by Deputation.

A deputation from the Peterboro Poultry Association asked the Council last night for a grant of $300 to assist them in the expansion of their work this year. The president of the Association, Mr. T. Darrah, said that this amount was equivalent to only ten cents from each family in the city. The annual exhibition next January had to be planned and prepared for now and had reached proportions which the public realized from the bigger shows of the last few years.

Ald. Phelan said that the proposed grant would have to be paid out of next year's funds and therefore should be left for the new Council to decide.

Mr. Darrah replied that this year's grant should have been paid in 1921.

Mr. Jas. T. C. Lang urged the Council to help the Association in the energetic and successful efforts that were being put forward by Mr. Darrah.

Grant of $100.

Later the Council gave the Poultry men the sum of $100 on a motion by Ald James Hamilton, seconded by Ald. Jones.

Ald. Crowe advocated a generous response to the request of Mr. Darrah and his friends about a dozen of whom were present. Ald. Turner however, said he could not approve of the proposed grant in face of the fact that the Council had turned down the Playgrounds Association. He moved, seconded by Ald McIntyre, that no action be taken and that this matter be referred to next year's Council. Only the proposers of this shift supported it when the vote was taken.

Ald. Crowe believed that $150 would be acceptable to the Poultry Association, but his motion seconded by Ald Stocker drew only two other votes.

"Why should the city grant them money if the County Council turns them down" asked Ald. McIntyre.

Ald. Hamilton's suggestion of a $100 grant finally secured a majority and was adpoted.

Weller Street Drain.

To Ald. Phelan's enquiry as to what had been done in regard to a petition from Weller street residents for better drainage, Ald. Stocker said he had invetigated the conditions.

"They certainly need a new drain" he said "but it would have to be laid along a whole block. We though it better to leave it until spring, when we could do the job right."

FOOTBALL NOTES.

The following Owls' players are asked to be at the King Edward Park, on Monday, November 6th, at 10.15 a.m., for a game with Comrades:

AT THE GRAND. SOON

TWO O.H.A. TEAMS AND CITY SERIES

Hockey Committee Recommend Junior City League to Replace Senior Series.

Recommendations that Intermediate and Junior teams be entered in the O.H.A. this coming season; that J. P. Bond be nominated for the O. H. A. Executive, and that a junior hockey series be substituted for the local senior series, with a view to developing players for the O. H. A. teams, were presented, by the hockey committee of the P.A.A.A. executive last night.

Due to some members of the Executive being detained at other activities in which the P.A.A.A. is interested, definite action on the recommendations was deferred until this morning when they were approved.

The problem of securing a coach and a trainer was also left in the hands of the hockey committee, which is coposed of . R. Widdifield H. A. Cranfield, F. E. Convery, J. P. Bond, Ed. Wright and Don. Loucks.

Nineteen years is suggested as the age limit for players in the junior city series.

At The Theatres

CAPITOL—Charlie Chaplin in irresistible comedy, "Shoulder Arms." Also the dramatic story of a girl nobody wanted, entitled, "Forget Me Not."

ROYAL—The favorite screen star, Norma Talmadge, in "The Sign on the Door." Also balance of a Royal high-class, first-run programme.

GRAND— Friday and Saturday, "Bringing Up Father" on His Vacation," with Danny Simons, a Peterborough boy, as Jiggs Mahoney.

AT THE ROYAL.

One of the most interesting pictures in which Norma Talmadge has appeared recently, and this favorite actress has many screen successes to her credit, is the "Sign on the Door," in which she is starring at the Royal Theatre just now. The beauty of Miss Talmadge and her wonderful powers of portraying strong and vital emotion, have full scope in a fascinating picture that is a representation of the complex society life of the present day.

As Mrs. 'Lafe' Regan, in an atmosphere of easeful luxury, she became involved in the murder of a masculine 'vampire' with whom her young sister is infatuated. Going to his rooms she secretly witnesses his murder by her husband, who locks the door and leaves her with the dead man. This is where the strong emotional powers of the actress have full play in a scene that touches the heights of dramatic expression and culminates in a sudden wild decision that leads to her taking the murder on her own shoulders. Right up to the last minute of this enthralling picture the fate of the woman hangs in the balance, the last reel only adding to her danger, but there is a peculiar twist to the ending that leaves the audience still with the question mark ascendant in their minds.

There is a side-splitting comedy entitled "Oh, Promise Me," dealing with the adventures of a kidnapped bride who later rushes to her wedding riding astride a motorcycle, with long white veil trailing in the dust, and her frantic bridegroom, who chases her madly on a bicycle.

The opening chapters of the new serial, "In the Days of Buffalo Bill" promise something decidedly new to lovers of the long drawn out thriller in pictures. With the life of the open plains, of the red men and of the roaming buffalo herds for a background, it is something novel in this line.

ACTORS KEEN ON HISTORY ROLES.

The meaning of a role—does it affect an actor's emotional ability in the portrayal?

It does. So say member of the casts of Universal's historical production, "In the Days of Buffalo Bill." This serial based on chronicles that eevryone has read, is attracting the attention of the public and exhibitors everywhere to the fact that Universal is making Chapter plays for someone else beside children and the thrill hounds.

Though, for that matter, the children who are getting their history study pretty well in mind, will be materialy benefitted by the unique films of famous stories.

Duke R. Lee plays Buffalo Bill in the American history serial that is based on the building of the Union Pacific, the union of the east and the west with bonds of steel. Lee has had unlimited experience but to him this role seems the most vital of all he has played. Not entirely because it's a historical figure, however. It is now at the Royal Theatre and is showing the first episode.

Capitol Entertainment

The shadow of Charlie Chaplin evidently never grows less. In the manner and with the method that is all his own, he starts the funny bone going in every member of his audience from his first appearance on the screen, and the resulting reels are just a succession of mirthful chuckles or peals of laughter. As the doughty doughboy, "Number 13," in "Shoulder Arms" he is a scream straight through, from the moment when he rolls into his watery bunk in the trenches with a phonograph horn as a respirator, and phonograph and the candle floating by, to the instant when he wakes from his dream of conquering power. Charlie captures Germans without number; he allows a passing shell to serve him by knocking the head off his beer bottle; he volunteers for dangerous service and, dressed as a scarecrow, engages in a mad race with a fat German captain, whom he later entices into a sewer pipe; he makes love to a lorn French damsel while the enemy waits below with a small trench mortar for his downfall and ends up with the capture of the Crown Prince, the Kaiser, and General Hindenberg, in one fell swoop.

The feautre picture, "Forget-Me-Not," is one of those delicate, ethereal productions that seem to have used up all the varied artistic experience of seasoned film makers in its production. Striking constantly the note of poignant heart interest, it is a picture of smiles and tears, of pathos and humour, with a wealth of little picturesque detail in every scene. The presentation of the poverty-stricken home in the first episode does not depend for atmosphere on long speeches and dramatic attitudes, but on little homely details that picture the empty gas meter, the mending of the woman's broken shoe with a piece of cardboard, the baby's bottle empty on the table, the hand of the bill collector at the door.

Five minutes of time by the Cathedral clock makes the difference in the life of a woman that sends her down the years with an empty-seeking heart, leaves the bringing up of her child in the hands of orphanage authorities and works out in a picture that for pathetic human interest can hardly be surpassed. The little foundling of the orphan asylum, with her crippled leg; the wandering street musician and his lovable dog, Queenie; the lad with the bright, shining face; the wan-faced mother, come and go on the silver screen in a series of pictures that work out to a lovely finale, through heart-burnings and tears. There are funny little minutes, such as the negro woman who comes to the orphanage, and adopts the two little darky youngsters at once, the trained little dog limping for pennies; the little girl knocking over her violin stand to get away from tiresome technique, and play her own soft melodies, the exchange of presents, with the dancing slippers for crippled feet, and the book for blind eyes. A lovely, haunting picture, with a delicate touch of the heart strings, it has gathered a number of wonderfully good artists in its presentation.

AT THE GRAND

BRINGING UP FATHER.

The latest of the "Bringing Up Father" series, the musical farce based on the world-famous cartoons of George McManus, will be the next attraction at the Grand theatre, Friday and Saturday, November 3 and 4, with the customary matinee. It is in three acts and entitled, "Father On His Vacation." From all accounts it is the last word in fun, comedy, innovations, scenic adornment, surprises, screams and real unalloyed and up-to-the-minute entertainment. Jiggs, Mahoney, Maggie and Dinty and the remainder of the Mahoney clan all will be seen in the flesh. This in itself is an assurance that there should be plenty of doings in the world of mirth and guffaw before we mortals are very much older.

RUSSIAN GRAND OPERA.

A backwash of the revolutionary movement in Russian has tossed out our Western world a drift of Russian operatic music forming perhaps the most unified expression of lyrical dramatic art from that intense and emotional race that has ever reached our shores, and perhaps ever will. Moreover, most of the Russian operas being presented by these exiled artists have never before been presented in this country and only through the Russian ballets have we had a few beautiful fragments of Slavic melody and harmony. Never, however, have we been offered the compact unit of one national impulse such as is to be found in the productions of the Russian Grand Opera Company that tragic chance brought to our land.

Only a most unusual combination of circumstances could have brought us this wholesale transplantation of a company, including all its pure Russian tradition of stage art. Reaching us from the Orient, and entering, as it were, by the back door, this organization brings to us a thing so rare and exotic, so strangely different from what we have been accustomed that we cannot but bless the good fortune fate has cast in our path.

All those who are conversant with the world's art, be it in musical composition, painting, stage setting, dancing or literature, realize well that there has been no racial movement in the arts that has approached for pure genius that of Russia. Other less thoroughly mixed lands have begotten great individuals, but the Slavic melting pot of east and west has produced a homogenous grouping of unmistakable distinction.

This city is fortunate in being placed in the itinerary of the Russian Grand Opera Company which is to be at the Grand theatre, Tuesday, October 7.

ANIMAL ACTORS IN "CHU CHIN CHOW"

In the mentioning of the players, famed and otherwise, appearing in the cast of "Chu Chin Chow" when this greatest of all spectacles is seen here for the first time at the Grand theatre, on Friday and Saturday next, November 10 and 11, one should not overlook its four-footed actors. There are three camels, eight donkeys, and two sacred yaks from Thibet.

If you don't know what a yak is, get out your dictionary and you will find that a Yak is a queer-looking animal, larger than a goat, smaller than a cow, with horns and a big hump on his back. The Yak is used in India as a beast of burden to haul small carts; but in Thibet, the Yak is regarded as a sacred animal in which the souls of the dead take refuge until another incarnation. The two Yaks in "Chu Chin Chow" are in the care of an Indian high caste servant who believes implicity that in caring for those animal actors, he is guarding the souls of two of his ancestors. Needless to say, therefore, the sacred Yaks get the best of care and attention. They appear in the street scenes of Bagdad.

It is altogether an extraordinary company numbering into the hundreds, that F. Ray Comstock and Morris Gest have assembled for "Chu Chin Chow" and the 2 day engagement promises to be the most notable event ever produced in our theatre world.

LAST OPPORTUNITY TO ENTER FOR ROAD RACE

Entries Close at 8 O'clock This Evening — Excellent Prizes on Display—Dressing Room For Runners at the Y.M.C.A.

Today is the last opportunity to enter for the Examiner Road Race which will be held on the morning of Thanksgiving Day, November 6. The entry lists will close this evening at 8 o'clock and up to that time names will be received at the Examiner office, the Y.M.C.A. or by Charles Thorpe of Grant and Thorpe.

On previous occasions this race was entirely run by the Examiner office but this year the co-operation of the P.A.A.A. was sought and this organization very materially assisted by providing an excellent set of prizes for the junior event as well as many of the officials who will help to look after the race. The prizes for the senior event were provided by the Examnner. All the prizes are now on display in Grant and Thorpe's window.

Both the Junior and senior races will start from in front of the Y.M.C.A. and will end in front of the Examiner office. The juniors will get away at 10 o'clock and the seniors at 10:30. Every runner should be at the Y.M.C.A. at least half an hour ahead of the time set for the start of their event. The races will start promptly on time and those who are not there on time will be "out of luck."

Through the kindness of the Y.M.C.A., dressing quarters will be provided there for the comfort of the runners before and after the race.

If any other information is required regarding the race it may be obtained from; Charles Thorpe, of Grant and Thorpe; Douglas Loomis of the Y.M.C.A. or Ian Murray, Sports Editor of the Examiner.

OHIO COLLEGE HAS BIG ATHLETIC PLAN

Will Have 100 Tennis Courts — 24 Baseball Diamonds — 8 Football Fields and Then Some

By BILLY EVANS.

While the building of the Ohio State stadium might make it seem that the big universities were specializing in sport, is far from the truth.

The horeshoe stadium at Ohio State is simply the center of Ohio State's sport or athletic activity.

The slogan today is athletics that will interest many instead of merely a few who have great proficiency in their particular line of sport.

The horseshoe stadium which will seat close to 70,000 was built to take care of the big spectacles, the varsity football programme.

However, varsity football and the stadium is just one of the many athletic activities at State. The others appeal to those who desire exercise for pleasure, health and efficiency, rather than the glory that goes to the college hero.

While at Columbus recently attending the game between Michigan and Ohio State, I looked more closely into this feature of State's intramural plan.

A program has been mapped out by the university which calls for the ultimate construction of 100 tennis courts, 24 intramural diamonds, eight football fields and scores of horseshoe pitching courts.

It was chiefly for this feature of college life that 92 acres were set apart for the recreational unit around the stadium, which would take care of every phase of that feature of college life.

In thus centering the athletic activities it will be possible to eliminate many of the ball fields, tennis courts and other branches of play that are now scattered over the campus.

Not only will this add interest in athletics but will give the opportunity to further beautify the campus.

No university in the country pays more attention to intramural athletics that Ohio State. However, with the new conditions it will far surpass all others.

YANKEES MAY GET HERBIE PENNOCK

Star Red Sox Southpaw is Expected to Change His Uniform Next Spring.

It wouldn't be at all surprising if Pitcher Herbie Pennock of the Boston Red Sox was with New York next season. Pennock is about the only Red Sox player who appeals to the New York owners.

For two years, or ever since the Yankees sold George Mogridge to the Washington club, the New York Americans have been without the services of an experienced left hander. When the deal with Washington was made it was hoped that "Lefty" O'Doul would come through but he failed.

There is a strong likelihood that several changes will be made in the Yankee lineup and one or two pitchers are liable to be sent elsewhere. If such is the case, Pennock in all probability will become a Yank.

The New York club has wanted him for several years. No doubt by the time spring rolls around Owner Frazee of Boston will need some ready cash and Pennock will be the means whereby to secure it.

It is a cinch that Pennock would welcome such a change as the Red Sox seem to be destined to fight for the cellar championship again in 1923.

RENAULT-COLLAND BOUT.

NEW YORK, November 3 (Canadian Press.)— Jack Renault, the Canadian heavyweight, who acted as Jack Dempsey's sparring partner, will meet Jim Colland of Baltimore in a twelve-round bout at Trenton, N.J., next Monday night.

Age ..... Jr. Sr. .....

Entries must be left with Charles Thorpe, Douglas Loomis at the Y.M.C.A. or at THE EXAMINER Office Not later than 8 p.m. Friday, Nov. 3.

QUAKERS SWAMPED BRINTON CARPET

Gilchrist Fanned Fourteen and Equalled the League Record By Allowing But Three Hits.

The Quaker Oats nearly blanketed the Brintons in a Men's Soft Ball game played last evening, beating them 20 to 2. The Raybestos managed to slip across two runs in the ninth after great efforts.

The Quaker men started piling them up in the third, getting four runs in that innings. In the fourth they got five, and in the fifth they batted all around and got five more. The Brintons threatened to score in the sixth when they got two hits and had the bases full, but they failed to send across any for counts. The score stood twenty to nil at the end of the eighth. The Quakers failed to get any more in the ninth and the Brintons saved themselves from a whitewash by hitting across two runs.

Gilchrist pitching for the Quakers whiffed them across with lots of steam and gave fourteen of the Brinton batters quick passes to the bench. He was a little wild and walked five, but equaled the record for this league set recently by "Benny" McLean of the Woollens, in allowing but three hits, two of them being very scratchy.

Odette played a good game for the Brintons grabbing some hot ones.

The teams:

Quakers—Butcher 3b, Vincent rf, Brooks 2b, Kirn 1b, Graham lf, Gandy ss, Kearns ss, Turner c, Gilchrist p.

Brintons—Odette ss, Jenkins rf, Bishop p, Ross 2b, Anderson 1b, Shaughnessy ss, Corbett 3b, Rose lf, Taylor c.

Score by innings:

Quakers	0	0	4	5	5	3	1	2	0	—20
Brintons	0	0	0	0	0	0	0	0	2	— 2

BARNSTORMING CHARGE RAISED

Judge Landis Uses Wireless to Investigate the Charges Laid Against All-Star Team.

VANCOUVER, Nov. 3.—(Canadian Press)—A charge that rules applying to "barnstorming" exhibitions were violated when major league all-stars played a local team here before sailing for the Orient is being investigated by Judge Landis, chief of organized baseball it became known here today. The regulations prohibit teams playing more than three world's series players from participating in any exhibition contest. When the all-stars performed here four world's series men were in the line-up. They were Kelly and Meusel of the Giants, and Hoffman and Bush of the Yankees.

Some one communicated this to Judge Landis and he sent a wireless to H. H. Munter in charge of the players on the Empress of Asia demanding an explanation. Hunter wirelessed Robert Brown, manager of the local team to inform Landis on the exact facts.

The local magnate sent a message to the Judge emphasizing that the exhibition game was a great boost for baseball and stated that while rules may have been violated the all-stars did not believe their action would have any serious result.

BENTLEY COST THE GIANTS A BIG SUM

Landis Announced Terms of Purchase as $65,000 and Three Players Worth $2,500 Each.

CHICAGO, Nov. 3. — (Canadian Press.)— Jack Bentley, Baltimore pitcher, cost the New York Giants $65,000 in cash and three players to be delivered on or before next March 20, according to Commissioner K .M. Landis yesterday. In the event the players are not satisfactory they are to be returnd to the New York Club by April 5, and in lieu of them the minor league club is to receive $2,500 for each man, making the total amount of money involved $72,500. Speculation as to the cost of Bentley had ranged all the way from $50,000 to $100,000.

AMATEUR BALL

London will nominate Geo. Martin for the O.B.A.A. executive for the annual meeting here Nov. 11.

Peterboro had 60 amateur ball players three years ago. This season 650 were registered.

Chatham, Windsor and a second London team are expected to swell the ranks of the S. Ontario Amateur League next year.

Quakers and Woollens Will Meet in Gordon Cup Finals

Fastest Game of Season is Expected — Dressing Rooms Have Been Supplied.

TO PRESENT CUP.

The final game Thanksgiving Day afternoon at Riverside Park between the Canadian Woollens and the Quaker Oats for possession of are Gordon Cup is scheduled to start at 3 o'clock sharp. The players are expected to be on hand at least half an hour ahead of the time set to start the game.

Both these teams boast some exceptionally fast players and both have been playing at the top of their form the result should be one of the fastest games of footfall seen this season. In battling through the preliminary games for possesion of the covered cup both teams met and overcame some of the fastest and best teams in the district.

Through the Kindness of the management of the Quaker Oats plant a dressing room will be provided in the Quaker Oats building for both teams G. N. Gordon, who donated the cup will be among the spectators of the game and at the close will present the trophy to the winners.

The teams will picked from the following players:

Quaker Oats: Griffin, Honour, J. Willshaw, Young, Clarke, Logan Mayette, R. Willshaw, Russell, J. Logan, Croft an Foster.

Canadian Woollens — Williams, Perry, Cridland, Rapee, Monkman, Roberts, Hillman, Reid, Gasgill, Shuttle Chambers and Downes.

BRINTON FIVE PIN LEAGUE

Last night at the Water St., Alleys the Carltons won three straights from the Sarouks. Joe Marsden showed up in last year's form when he rolled the grand total of 649, which is the highest three game score in the Carpet League. The following are the scores:—

Sarouks			
Ross	141	153	165
Martin	109	133	111
Ross	120	120	125
Wilson	92	85	103
Yarrington	121	125	186
Bishop	153	59	174
	716	675	867
Carltons			
Taylor	147	147	96

ROTARIANS NOSED OUT BY CASEYS

Mike Sheehy's Homer in the Eighth Broke the Tie and Won the Game.

The best game yet witnessed in the Club section of Men's Soft Ball League was played in the second game last night when the Rotary Club and the Knights of Columbus met. The Knights won by the score of 6 to 5. These two teams are now tied for leadership in their section of the League.

Both teams were on their toes and played snappy ball. The Knights were the first to score putting two across in the fourth. Neither team scored in the fifth but both came strong in the sixth each getting three. The Rotarians evened the score in the seventh getting two. A fast double play in which Matthews and Caise figured kept the Knights in their half of the seventh. Mike Sheehy, first man up for the Knights crashed out a home run, breaking the tie and scoring the run that eventually won the game. Fast work by the Knights retired the Rotarians in order in the ninth. Murphy pitched nice ball for the Knights fanning seven, but he weakened slightly at critical moments.

The teams:

Rotary—Caise 1b, MacDonald 3b, Matthews p, Primeau ss, Young 2b, Rogers lf, MacPherson ss, Graham c, Laurie rf.

K. of C.—A Primeau ss, Sheehy 1b, O'Hern c, Rutherford 2b, Grady 3b, Murphy p, Cronin rf, J. Rutherford lf, D. Sheehy ss.

Score by innings

Fur Expected to Fly at National Hockey League

"Newsy" Lalonde Case Is Expected to Cause Trouble Again—Changes Proposed in Waiver Rule

OTHER MATTERS.

OTTAWA, November 3 (Canadian Press). — The Citizen sport page to-day carries the following:

With the annual meeting of the National Hockey League scheduled for Saturday at Montreal, it is a mortal cinch that the fur will soon be flying among the clubs in the big Eastern circuit. A number of important resolutions are on the order papers and indications point to a resumption of hostilities which ceased at Hamilton four weeks ago when President Frank Calder, as a result of repeated clashes over the "Newsy" Lalonde case, abruptly declared the session adjourned.

Possibly the banquet which is to be tendered to Leo Dandurand, manager of the Canadiens, has been proposed as a love feast, but the breach between Canadiens and other clubs over th Lalonde matter is said to be as wide as ever.

The St. Patricks Hockey Club of Toronto has given notice of the following motion:

"No club in the league shall have the right to sell outright, option or otherwise exchange any of its players to any other league without first offering the services of such player or players to all clubs in the National Hockey League at a price not exceeding $1,000."

The Ottawa Hockey Club in this connection has proposed the following addition:

"In the event of waivers being asked on any player the club asking such waivers must deliver up the player to any club refusing to waive. If more than one club refuse to waive then the president shall allot the player. Similarly any club refusing to waive on a player must take delivery of said player."

The Toronto motion really increases the waiver price to one thousand dollars and the Ottawa addition, if carried, will put a stop to this waiver bluffing. For instance in the Lalonde case, once Canadiens put "Newsy" on the waiver market they would have to surrender him.

The Ottawas have offered to second the Toronto motion if Toronto will back up their suggestions. Canadiens will of course, fight against both, while Hamilton are said to be neutral.

Leo Dandurand now claims he will break the deadlock through "Newsy" Lalonde buying his own release, but this, according to the Ottawas cannot be done. Both Hamilton and Toronto want Lalonde and are absolutely opposed to having him "railroaded" out of the National League. In the meanwhile talks of three cornered trades are in the air.

It is said that Toronto will again offer Reg. Noble for Lalonde and that Hamilton will offer Joe Malone and Joe Matte for "Newsy." Canadiens would like to get Malone so it is possible Newsy will go to Toronto via a three-cornered deal. Canadiens offered Lalonde to the Ottawas for George Boucher and it is possible if the Ottawas can land Noble through the deal, that they will consent as the Senators are well fixed for defence players, but need another high class forward.

No important changes in the rules are forecasted. The Ottawa club would like to see the play-off abandoned but the offer owners are very much in favor of it and strengthen their arguments by pointing out that the Ontario Hockey Association, the Mantioba Hockey Association, the Western League and the Ottawa City Leagues all have playoffs. The penalty system worked satisfactorily last winter and will likely be continued, though it is understood that a match foul will henceforth carry with it an automatic suspension.

So far the Ottawa hockey club has not declared itself as to this winter's plans. Rumors are rife of a decided shake-up in the ranks of the Senators and one report is that three of last year's regulars will be missing when the N.H.L. race gets under way. It is well known, however, that the Ottawa management is making desperate efforts to lay plans for another championship team, though Secretary Gorman states that the player problems would not be tackled until the National Hockey League had cleared decks for action.

OAK HALL

Great Value-Giving for Thanksgiving Day in

SUITS & OVERCOATS

YOU NATURALLY WANT ALL THE VALUE YOU CAN GET FOR YOUR CLOTHES MONEY. WE ARE GIVING IT TO YOU IN THESE QUALITY OVERCOATS, BOUGHT AT 50c ON THE DOLLAR.

ROYAL THEATRE TURNED 'EM AWAY

Capacity Audience Last Night With Norma Talmadge in Feature Film

The standing-room only sign was hung out at the Royal Theatre last night, and several hundred persons had to be turned away. The big programme offered by Mr. Pappas packed the house early. Norma Talmadge in "The Sign on the Door" and the opening episode of "In the Days of Buffalo Bill" were the special attractions, backed by four reels of comedies and entertaining music by Mrs. Foster and Miss Hurley.

IF YOU ARE WELL BRED.

You never wipe hands that have fruit juice on them on a napkin before you have rinsed them in a finger bowl. To do so leaves an indellible stain which the hostess who prides herself on he linen abhors.

All juicy or sticky foods should be eaten with a fork. The reason for this is that the sight of a person covering his face with whipped cream as he eats a cream puff by his hand, or by dripping with juice as he sucks his peach, is not a pleasing sight.

NEW SLEEVE.

A new type of sleeve comes down to the elbow in a close, fitted line, then finishes in straps of braid or ribbon, each piece left loose but gathered together in a close band at the wrist.

PARIS UMBRELLA.

A Paris umbrella is of navy blue taffeta, mounted on a red frame and with a very large red handle.

A forest, at maturity, contains scarcely 5 per cent of the trees that started life there, the death of the other 95 per cent having been necessary to the survivors development.

TURN INTO CASH THE HAPSBURGS' VAST HOLDINGS.

Final Report Expected to Show Disposal of Properties Valued at Milliards of Crowns.

VIENNA, Nov. 3.—(Associated Press)—The liquidation of the vast Hapsburg holdings in Austria, with the exception of the possession considered private, will be completed shortly, and the final report is expected to show the disposal of properties valued at many milliards of crowns. Most of the funds realized through the sale and the leasing of former court buildings will be used for the benefit of war invalids.

The large reduction in territory now under the government of Austria has greatly diminshed the amount of space required for administration purposes, and many blocks of office buildings have been rented to private individuals.

The possessions considered as private have been reduced to the minimum. Many personal presents made to former Emperor Francis Joseph, Empress Elizabeth, and the late Emperor Karl by foreign monarchs, Austrian cities and communities, were included in the sale. A large number of costly vases, clocks, pictures and china; the Czar's present of mangnificent tables and vases of lapis lazuli, and works of art presented by the Emperors of China and Japan, were among the objects sold to foreigners, particularly Italians, who paid large amounts for their purchases.

The Old and New Court Palaces; the Court Stables; and a number of famous castles, villas and estates in the provinces were the principal buildings sold.

TYPEWRITERS TO THE FRONT

We have in transit some very fine NEW and REBUILT Oliver typewriters. Wait for our NEW PORTABLE Machine. Our NEW SUPPLY of carbon paper and ribbons is real genuine quality. Get some.

OBITUARY

MRS. GEORGE McBAIN, Sr.

The death of Mrs. George McBain, Sr., occurred to-day at her home, Lot 19, Concession 13, Cavan township. The late Mrs. McBain was 77 years of age, spending her whole life on their farm in Cavan. She is the widow of the late George McBain, and daughter of the late Charles Wesley Lowes, who predeceased her a number of years ago.

She leaves to mourn her loss one daughter, Mrs. Emma G. Thompson, of Toronto and two sons, F. A. of Omemee and G. C. of Cavan.

The funeral will take place from the family residence Monday afternoon, Nov. 6, at 2.30. The services will be conducted by the Rev. Mr. Rorke, of Cavan. Interment at the Little Lake cemetery.

MRS .F. FRANK.

The many friends of Dr. R. W. Frank will regret to learn of the death of his mother, which occurred early this morning at Erin, Ontario.

The funeral will be held on Sunday, 5th November.

Dr. Frank left for Erin to-day.

ERNEST C. FOY.

The many friends of Ernest C. Foy will be greatly shocked to learn of his death at six oclock last evening in the Mountain Sanitarium at Hamilton. Deceased served overseas with the 93rd Battalion, but was invalided home and has been in poor health since. He went to the sanitorium two months ago, but gradually grew worse although death was unexpected. The long illness he bore with Christian fortitude, and he will be greatly missed.

Besides his sorrowing wife, he leaves his father and mother, Mr. and Mrs. George Foy, one brother, Nelson, six sisters, Olive, Sadie, Ada, Ruby, Clara and Hilda, all at home.

The funeral arrangements will be announced later.

THIS MAY MEAN THAT TURKEY'S SULTAN DEPOSED

LONDON, Nov. 3.—(Canadian Press).— Report that the Turkish Nationalist Assembly at Angora has passed law suppressing the Sultanate of Turkey and law of succession to the throne is contained in a despatch to the Exchange Telegraph from Constantinople. Such action by the assembly means of course, that the sultan is deposed. In future says the despatch, the only Caliph in Turkey will be periodically elected without government prerogative, all power being in the hands of the assembly.

We often think the old gray matter ain't what she used to be.

Social Calendar

Mr and Mrs. Harold Consaul, of Rochester, N.Y., have been spending the past week in the city, the guests of Mr. and Mrs. F. J. Drake, Bolivar street.

Miss Eleanor Garden is home for Thanksgiving.

On Monday evening of this week, Mr. and Mrs. Alfred Burton, 141 Rubidge street, were pleasantly surprised by a visit from a few friends who had discovered that the day with the twenty-fifth or silver wedding anniversary of their hosts. Mr. and Mrs. Burton, whose two sons are far away from home at present, were very appreciative of the kindness and consideration of their friends, particularly Mr. and Mrs. Muir of Rubidge street, and Mr. and Mrs. Jack Smith and family of Perry street, whose knowledge of the occasion prompted the surprise visit. The evening was pleasantly spent in music and conversation.

Mrs. W. R. Morris went up to Toronto to-day. She will return to the city to-morrow evening.

Mr. Cumberland McQuigge of Toronto of the McQuigge, McCaffey company, was the guest of Mr. and Mrs. Joseph Knox, Gilmour street this week.

Mrs. R. R. Hall and Miss Lillian Hall poured tea at the Y.W.C.A. bazaar on Wednesday. Mrs. A. J. Langford and Mrs. Thos. Cruikshank presided last evening. Mr. W. R. Widdiss was the fortunate winner of the sweater yesterday.

Rev. W. Harold Young and Rev. Jas. Rollins dined with Mrs. Pankhurst at the Empress Hotel last evening.

Dr. Lionel King and Mrs. King of Prince Albert, Sask., are in the city visiting Mr. King's mother, corner Charlotte and Stewart Streets.

Mr. T. James Foley of Indian River, and M r.J. F. McCarthy, Reid street, left this morning for North Bay, where they will join Rev. Father Collins in a deer hunt.

Prior to her departure for the South, where she will spend the winter months, Mrs. G. H. Popham, president of the Catholic Women's League, was presented by the executive of the society with a gold Eversharp pencil, in token of gratitude for her work in the interests of the organization. The presentation made by Miss Mary Lonergan, accompanied by an address read by Miss Josie Collins, took place at the White House on Tuesday evening.

CHARGED WITH LIBEL

QUEBEC, November 3. Canadian Press. — John H. Roberts, editor of the Axe, will have to appear before a jury on the charge of seditious libel, by the decision announced by Judge Choquette this morning. As the next terms of the court will not open before April the accused will have to remain in custody until then unless bail is furnished. Bail is fixed at five thousand dollars and a personal bond of like amount.

PUBLIC LIBRARY TO BE OPEN ON SUNDAY

Reference And Reading Room Open In the Afternoons

Commencing next Sunday, November 5th, the Public Library will be open to readers during the hours from 2 to 5.30 p.m. The reference room will also be open to those desiring to use it.

SAY BUSINESS IS GOOD IN SWEDEN.

Industrial and Financial Situation Indicate New Trade Cycle.

STOCKHOLM, Nov. 3.—(Associated Press)—The most optimistic official quarterly report since the war has just been issued by the Swedish Foreign Office, and along these same hopeful lines the Swedish Board of Trade has declared that "the present industrial and financial situation points to the beginning of a new business cycle."

The foregin office report, as usual, constitutes a conservative appraisal of the situation as a whole. It says that the spring and summer of this year have witnessed a marked improvement as a whole. It says that the spring and summer of this year have witnessed a marked improvement in the wood products, pulp, and paper trades, while the iron and mechanical industries are moving very slowly out of the depression. The textile industry is working up to full capacity, and the chemical factories are steadily increasing production. During 1922 prices have in general been practically stabilized, but the tone is firm, and there seems to be a slight upward trend in some of the basic industries.

With regard to internal money and banking conditions the undertone is now confident, and the importance and strength of the three large Stockholm banking houses in which Sweden's banking system is mainly concentrated is now the same as before the war crisis.

Foreign trade shows strong activity. Thus the total exports of lumber will reach 1,000,000 standards which represents the pre war level, before the end of the year.

The increasing trade with the United States is hailed with satisfaction, especially as new lines of export have recently been added to the staple commodities. Large shipments of Swedish cement have been going to the United States for several weeks, and a high quality of salted mackerel has also begun to move in the same direction.

The fastest recorded day's trip by a sailing ship was 437 miles, made by the Sovereign of the Seas on a voyage from New York to San Francisco.

CALLS POLICY OF BONAR LAW ONLY A 'YAWN'

Ex-Premier Lloyd George Warns England Against the Danger of Conservative Watchword.

ROUSING RECEPTION

LONDON, Nov. 4. — (Canadian Press.)— Lloyd George received a rousing reception from the great audience which crowded into a motion picture theatre when he appeared to make his speech this forenoon just a few minutes before the time limit expired for nominating candidates for Parliament. More than twenty-five thousand persons applied for the three thousand available seats.

The address was regarded as the biggest event of the day in London, and on the platform with the ex-Premier were Lord Birkenhead, Austen Chamberlain and some of his former Ministers.

His speech was interpreted as a strong plea for a centre party in the new Parliament.

Referring to Bonar Law's characterization of him as a drummer-boy, the little Welshman said he was not ashamed of the description, and added that Germany lost the war because she had no drummer boy.

Dealing with the Conservative watchword, "Tranquility," he declared that the policy of tranquility was dangerous. "It's not a policy, it's a yawn," he said. The achievements of the late Government were not results of a mere negative policy, they were the fruits of initiative and hard work.

"Avoid extreme of Socialism," he admonished, "but let us also avoid the etxreme of standstillism. A great nation like ours cannot stand still." Add calls policy (fiCT(

Makes Strong Defence.

Former Prime Minister Lloyd George, in delivering to-day his first popular address in London since the fall of the Coalition Cabinet, made a strong defence of the late Government's policy, and pleaded for a vigorous middle course free from both revolution and reaction, which he described as equally dangerous to the interests of the nation.

If the attitude of Mr. Lloyd George's audience and that of the throngs of people clustering about the door seeking admission are any criterion, the former Prime Minister has by no means lost his popularity, even in London, where most of the criticism of the late Coalition has centred.

CAN GALL STONES AND KIDNEY STONES BE REMOVED WITHOUT AN OPERATION?

Some say they cannot, basing their contention on the fact that the tubes through which these rock-like formations would have to pass, are too fine for anything but a small particle, making it impossible.

We believe the Stones are formed because the Liver or Kidneys are not functioning properly. Restore them to healthy action and this false formation is arrested and the stones already formed are disintegrated. What these organs have done they should be able to undo. Nature, with assistance, has done more miraculous things for her children than this.

Five years ago R. B. had an X-ray examination which revealed a Kidney Stone the size of a pigeon's egg. He was too weak to undergo an operation, so began taking Gallagher's Blood Purifier and Kidney Remedy, also using a plaster of Golden Drops over his kidneys to relieve the inflammation. He soon got relief and claims the last particle of the stone passed away in the urine and was recovered. He has enjoyed splendid health the last four years and looked it when in the Office a short time ago. This case is known to many in the City.

Within the last two years, we know of numerous cases of persons who have been saved the pain and expense of an operation for Gall Stones, by using our Remedies. Does this satisfy you that the correct answer to the above is that "They Can."

See Grave Menace in Electric Lines

Canadian National Railways Said to Be Behind the Project--Run as Far as Port Hope.

TORONTO, Nov. 4.—(Canadian Press.)—Supporters of Hydro-Radials and of public ownership see a grave menace in reported decision of certain Canadian National Railway officials to electrify the lines east of Toronto at the request of the municipalities lying between Toronto and Port Hope as reported in a local paper last night. While no direct official confirmation of conference at C. N. R. offices could be obtained from officials of the railway last night, Premier Drury when questioned about his attitude on the matter did not deny that the conference had taken place or that he had been present.

It is stated that as a result of representations made a deputation from eastern municipalities, S. J. Hungerford, Vice President and General Manager and Gerrard Ruel, General Counsel and Director of Canadian National Railways stated specifically that they would recommend to the National Board of Directors that the old Canadian Northern line from near Cobourg to Orono be electrified and that Toronto-eastern line be extended from Bowmanville to Orono and completed as eastern end into Toronto by way of Canadian Northern line down the Don valley and also electrified.

LETTER BEARS OLD POSTMARK

Emily Township Man's Correspondence of the 19th Century—Of Interest Here.

Mr. John G. Best, of Glencoe, dropped into the office with a specimen letter which was one of a number he possesses, written in the first half of the nineteenth century.

This particular sample was dated 12th July, 1847, written by Mr. William Best, of Emily, Ontario, to Mr. John Best's grandfather, Alexander Best, postmaster at Dannville, Columbia County, Pennsylvania.

The letter, written on pale blue paper of excellent quality, with ink and writing in a fine state of preservation, was folded in the old manner to form its own envelope, closed with two little red seals, and bearing on its face "10, paid." Evidently ten cents was the rate for such a letter in those days, and the postage was paid in cash at the starting point. The receiving postmark and the forwarding stamp at "Lewiston, N.Y." are remarkably plain

The letter, recording the safe arrival of the writer after a visit just paid to his correspondent, gave the manner of his conveyance.

They took the "cars" to Trent River in time for the stage, "which took us over the mountain in time for the cars for Corning. We reached it a little before dark on Tuesday evening, and the next morning took the coach at 7 o'clock, and at 12 o'clock got to Seneca Lake. We came to Geneva on Wednesday, and on Thursday at 8 o'clock took the cars for Rochester, where we arrived at 11 a.m. of Friday." That evening they proceeded to Port Hope where they were met by men with horses, which conveyed them home.

Mr. Best, in his letter, mentions a Mr. George Jamieson and a Mr. Dunk, neighbours of his, and also a place called Quay's, at Port Hope.

He speaks of the excellent condition of the crops in that year, and of the absence of some sort of "insect" which he neglects to name. He also refers to his neighbour getting the sum of $2,680 for his flour, but does not say what quantity was sold, information which would be interesting at the present time, three-quarters of a century since the letter was penned.

SAFETY ATTACHMENTS.

Mirrors on trucks and rear lights on horse-drawn vehicles are being sought for universal adoption in the United States. They are asked for safer for motorists. Thirteen states require mirrors on trucks and only a few have any regulations for horse-drawn vehicles.

WILHELM WILL WED HIS SECOND WIFE ON SUNDAY

German Gossips Have It That Former Emperor and Hermine Will Be Happy Couple.

MUCH IN COMMON.

THE HAGUE, Nov. 4.—(Associated Press)—Gossip in Germany has it that the marriage tomorrow of former Emperor William of Germany and Princess Hermine of Reuss augers a far more wise and workable union than that between William and his first wife, Princess Augusta Victoria, which took place in February, 1881 and terminated just 40 years and two months later when she died an exile from her beloved Potsdam.

There are many who are able to see much in common between the ex-Emperor and his bride-to-be, despite the difference in their ages: while back in 1881, when the whole German Empire was in festive attire to celebrate the marriage of its heir apparent, even the most optimistic were compelled to admit that the two royal scions could not have been farther apart had they been of different worlds.

Princess Augusta was shy, trustful, essentially feminine, a lover of her home, and with no sympathy for pomp and ceremony. For more than 12 years of her married life she was a semi-invalid.

The bridegroom, on the other hand, was already feverishly active and possessed of insatiable ambition. He loved display, never tired of arraying himself in gaudy uniforms, and was happy only when he could play a leading part before the whole world. These were the differences that the world at large saw. Those who were intimate with either or both of the principals, however, knew that the private order of their lives was even farther from agreement.

Choose Own Wife.

In matters pertaining to love and marriage, Prince William had his own ideas, which he lived up to with almost nosy scrupulousness. He believed, first and always, that a man, whether he be exalted or not should choose his wife as she would her gown—for qualities that would wear well. Intellectual strength or brilliancy, emotional vigor, and pronounced character were not among the qualities he looked for in a wife.

Fortunately, it was many years after her married life began before Princess Augusta had any important roles to perform, thus she managed to continue with her simple habits without provoking unfriendly comment. She had no experience with Court life and knew little if anything about cities, therefore it was years before she mastered the details of her royal social status.

Yet with all their disparity of temperaments, those who had predicted an unhappy union for the Crown Prince were forced as the years wore on, to admit that their judgment had played them false. Never were there any well founded rumors of a separation, or even of disagreement. The political wiseacres, who usually are able to assign a reason for all royal utterances or actions, were hopelessly at sea when one day William issued a statement characterising Empress Augusta as "a precious pearl; the type of all the virtues of a Germanic Princess. To her I owe it that I am able to tackle and perform in a cheerful spirit the difficult duties of my position."

Was Quite Docile.

Docile and uninterested in affairs of state, Empress Augusta nevertheless was supreme within the palace walls. The accounts, the orders, the supplies, the arrangement of the bill of fare, and the management of her seven children were under her immediate supervision. Once the Emperor told one of his officers that he wanted the young princes to learn how to paddle a canoe. When the officer mentioned this to the Empress, she refused to hear of them taking such risks.

"But the Kaiser has already given the order" said the officer.

"That may be as you say," she replied, smiling, "he is the Kaiser of Germany, but I am the Kaiser of the nursery."

Princess Hermine, on the other hand, is understood to enjoy and respect all the royal traditions which Princess Augusta abhorred. While she is hardly known beyond the German borders, and seldom if ever was mentioned, even in the newspapers of Germany before her engagement to the ex-Emperor was announced, still there are many households in Central Europe which profess to have an intimate knowledge of her character, and in these the preponderance of opinion is that she has all the qualities to make her a valuable and sympathetic companion to the Imperial Exile of Doorn.

Sat in Commons 22 Years Without Making a Speech

LONDON, Nov. 4.—(Canadian Press). —So acute is controversy in the coming elections that even J. D. Hope, M. P. for Berwick and Haddington has raised his voice in a speech. He has sat in Commons for 22 years ond has not made one single speech. He has been a staunch Coalition Liberal, but Lloyd George cannot find a place in his party machine for virtues such as Hope's. Conservatives and Liberals of Haddington asked him to retire, but he refused. He says the ex-Premer has thrown him over and that he will stand as an Independent against "this outrage upon the amenities of public life.

The silent member is now speaking out."

TWO MOUNTED POLICE KILLED

Slain by Four Eskimos, Now Arrested and Are Awaiting Trial.

LATE CABLE NEWS

VANCOUVER, B. C., Nov. 4. — (Canadian Press.)— Two Mounted Policemen were killed by Eskimos north of Herschel Island last summer, and four Eskimos are now awaiting trial for the crime. This is one of the news items from the Arctic brought back the Hudson Bay Company's steamer Lady Kindersley.

JUDGE'S TRIBUTE TO COL. MILLER

Set a High Standard as Efficient Public Servant

At the opening of the Division Court on Friday morning, His Honor Judge Huycke addressed those assembled as follows: "It is with very keen regret that I have learned that Colonel J. W. Miller, who has served so long and faithfully as Division Court Clerk, has tendered his resignation and that this will be the last Division Court whch will see him in his official capacity. It will be hard for me to accustom myself to the change. Col. Miller has always shown me and all concerned in the Division Court so much attention a nd courtesy that it will be hard for his successor to measure up to the standard he has set in an efficient and faithful public servant. I wish him many long years of active life still."

After a few words of thanks from Colonel Miller, Mr. S. T. Medd, the president of the Law Association expressed the deep regret felt by all members of the Bar on the fact of the resignation, and joined Judge Huycke in wishing him many years yet of active and helpful life.

THANKSGIVING DINNER VERY LARGELY ATTENDED

The annual Thanksgiving dinner at St. George's parish hall last evening was very largely attended. After dinner, a programme was rendered which included the following contributions: Piano solo, Miss Greta Brownlee; vocal solos by Mrs. Ryerson Ritchie, Mrs. Rew, Jr. and Miss D. Walker, with a vocal duet by the Misses E. and D. Walker, reading by Miss J. Hamilton. The Misses Flowers and Brownlee acted as accompanists for the evening, assisted during the community singing, which was heartily enjoyed by all ,by Miss Manley. The dinner was served by the Ladies' Guild of the church, wilth a committee composed of Mesdames Courage, Moore, Rew, Brownlee, Lester, Hopkins, Soden, Arnott, J. McWilliams and T. McWilliams, assisted by Mesdames Manley and Bell. The ladies, and those who contributed to the success of the gathering in any way, deserve great credit, their labors being rewarded by a very enjoyable evening's entertainment.

TURKEYS FOR THANKSGIVING AT 35c. POUND

Quite a Few on the Local Market This Morning With Prices Varying Up to 50c.

BUTTER PLENTIFUL

There was a mammoth market this morning, with a particular rush and bustle about the basket section, where every available table, even the sections in the extreme south alcove, which are rarely used, were loaded with fowl for Thanksgiving dinner tables. At twelve o'clock there were hundreds of birds still available, and their prices ranged over a wide area.

Turkeys, which were fairly plentiful, were selling from 35 to 50 cents per pound, in sizes that included a small bird of 6¼ lbs. to a lordly gobbler of 23 pounds, for which its owner asked 40 cents a pound. There were quantities of ducks and geese, and the tables groaned with chickens. Ducks sold from 23 to 30 cents a pound, geese from 22 to 30, and chickens of varying ages from 20 to 28 cents a pound. One woman offered a fine eight-pound goose for $1.25.

Eggs were scarce, selling from 45 to 65 cents per dozen, but there was a good deal of butter at 35 to 38 cents a pound. Honey here in two-quart sealers sold for 65 cents for the dark variety, $1.10 for the light. Downstairs, it was 10 and 12½ cents for the former, and 15 for the clover brand.

There were quantities of potatoes, selling at 80 and 85 cents a bag, and plenty of apples: No. 2 Spys at $7 a barrel, Snows at 35 cents a peck (one man was using his nose, rather than his teeth, to test these), the yellow sweet apples at 25 cents, with red, tart Scotch winter apples at the same price. Sweet little green apples for preserving were offered at 20 cents a basket.

Turnips were 75 cents, carrots $1, and white onions $2 per bag; pears were 70 cents a peck, citrons 10 cents apiece. Pork was selling at 18 and 20 cents, with half a dollar for a large pig's head. Guinea hens in a crate, alive and active, but destined for an early grave at the hands of the restaurant keeper who purchased them, were 75 cents apiece; red cabbage for salad was ten cents a head, and butternuts were 35 cents a peck.

The auctioneer and the patent cement man were doing a brisk trade, the former disposing of an entire light summer suit for a quarter, and dilating on the merits of a sawing machine. Wood was selling from eight to twelve dollars a load on the open market, with a couple of loads of hay at $15 a load.

SUNDAY SERVICES AT MURRAY ST. BAPTIST

The Farewell Service of Rev. J. R. Webb—Last Sunday as Pastor.

At the morning service at Murray street Baptist church the ordinances of Baptism and the Lord's Supper will be administered.

As the pastor, Rev. J. R. Webb, leaves for Kitchener during the week, he will to-morrow evening preach his last sermon as pastor. His many friends, however, sincerely trust that he will be a frequent visitor at Murray street.

ANGLO-IRISH TREATY.

LEEDS, England, Nov. 4. — (Canadian Press.)— Premier Bonar Law, addressing an audience of three thousand persons here to-day, said the whole attitude of the Unionist party was that the Anglo-Irish Treaty must be given a fair trial. "Those who are carrying on the government in Ireland may think the new government and party that supports the new government is hostile to in its heart, but it isn't, he declared.

ST. JOHN'S CHURCH WITHIN 13 YEARS OF THE CENTURY MARK

Historic Old Sacred Edifice Stands Today a Connecting Link Between Pioneer Days and Modern Electric Peterboro'

DEDICATION FESTIVAL SERVICES TOMORROW

Rising from the summit of the hill bordered by Victoria Park, Hunter, Water and Sheridan streets, and overlooking a broad expanse of picturesque country, stands old, historic St. John's, a connecting link with decades past and mayhap a cathedral of the future. Originally erected 87 years ago, its sturdy, vine-clad stone walls and square turreted tower rise heavenward, an age-enduring monument to those English and Irish pioneers of old in whose Anglican loyalty and unswerving Christian faith St. John's Church found its being.

Springing from the loins, so to speak, of a little old log school house, its first cost of $10.750 cheerfully contributed from the lean purses of a thinly scattered community, composed of early British settlers, this church-like sacred edifice still remains a memento of British Empire expansion.

First erected in 1835, when vigorous, intrepid Anglo-Saxon immigrants were carving out of the primeval forest the nucleus, first of a prosperous lumbering town, to be followed in turn by the present modern electric city of Peterborough, old St. John's reminds one of a little bit of ancient England rising from the midst of a twentieth century Canadian centre. For, in antique architectural structure, this edifice is nothing if not English, and, exteriorly at least, presents a pretty faithful replica of many an Anglican church in the Mother Country.

Successive Alterations.

St. John's Church has undergone many successive alterations since its inception, the earliest being in 1865 at a cost of $2,000. But in 1882 it was completely restored at a cost of over $15,000, and re-dedicated to its patron Saint, St. John, on All Saints' Day of that year. Hence, last Wednesday was the 40th anniversary of the restoration of this beautiful ecclesiastical edifice, the festival of which, as customary, will be the feature of tomorrow's services, especially so at night, when the occasion is to be marked by a service fully choral. The dedication of two handsome exterior lamps, donated by Mrs. Claribel P. Denham in memory of the Denham family, will take place at the 11 a.m. service.

The Incumbents.

With Rev. Samuel Armour as first rector of St. John's, his successors

Radicals Gathered At Petrograd Talk World Revolution

PETROGRAD, Russia, Nov. 4. — Several hundred Radicals from Russia and many foreign lands are assembled here to-day for the opening of the fourth annual congress of the Third International.

The perspective of a world revolution was listed as the chief topic for discussion.

Lenine and Trotzsky will attend.

A PRESENTATION TO MR. JOHN FRY

Woodmen of the World Had an Enjoyable Gathering Last Evening.

The home of Mr. and Mrs. C. Cooke was last evening the scene of a very interesting and enjoyable presentation. Members of the local W. O. W., Sherwood Forest Camp, No., 50, and friends of Mr. John Fry, who is taking up residence in Toronto, gathered together to wish him success and happiness in his new surroundings.

A beautifully engraved sterling pocket fruit knife and gold chain were presented by Mr. Lightheart, and the following address was read by Mr. Dummitt:

Dear Mr. Fry,

We, the members of Sherwood Forest Camp, No. 50, of the Woodmen of the World, wish to express to you our sense of deep loss upon your leaving Peterborough to reside in Toronto.

During your stay with us in this city, extending over the very many past years, we have learned to appreciate your many excellent qualities, and particularly your splendid support you have given to the Woodmen of the World.

During that time you have been chairman of the Managing Board, and chairman of the Woodmen Hall Trust; and you have been most loyal and faithful to the cause of fraternalism.

Your efforts to improve the standing of Sherwood Forest Camp have been persistent and untiring, and the present standing of this Camp is due in no small way through your splendid efforts.

Each of us feels a sense of grief that one who has been so near to us, and one who has been so sympathetic with all the activities of this Order, should be removed from the circle of

YOUNG MEN TO TAKE PART IN CITY'S SERVICE

Form Section of Chamber of Commerce With the Election of Temporary Officers.

LARGE ATTENDANCE.

The inceptive stage of the organisation of a young men's section of the Peterborough Chamber of Commerce was accomplished last night with bright presages of permanence and successful achievement. The large assembly of prospective members elected a temporary slate of officers, who were authorised to proceed with the preparation of a constitution and set of by-laws, and also to lay out a programme of endeavour and work.

The officers unanimously appointed were as follow:

President—F. J. Overend.
Vice-president—D. Loucks.
Secretary—C. E. Newman.
Treasurer—M. A. Fitzgerald.
Executive—A. H. Munro, James Milby, J. E. Sullivan, and C. M. Thornton.

The next meeting will be held on Friday, 17th November, in the Chamber of Commerce Rooms, and is expected to bring out even a larger attendance thon last night's.

Mr. J. J. Duffus, president of the Chamber of Commerce, explained the purposes of the Junior Chamber, a term, by the way, to which the fledglings took objection the various comments and opinions they expressed.

It is proposed that all young men who are not executive heads of business shall be eligible for membership, and while certain special activities will be outlined in the near future, one of the objects of the projected organisation is the enlisting of young men for public and civic service, to kindle their interest and pride in Peterborough, and to provide opportunities for their active engagement in the promotion of the welfore of their city.

It is contemplated that they will assume some of the responsibilities which have been borne by the major Chamber, upon whose council they will be represented by one deputy for every fifty of their own members, and with a minimum of two councillors.

The meeting got under way with the suggestions of Mr. Duffus, and a report by Mr. J. E. Sullivan of the committee that recently visited the similar organisation in Toronto.

Following these preliminaries, Mr. J. J. Turner, Mr. D. R. Wren, and Mr. C. E. Jamieson of the parent Chamber heartily commended the Young Men upon the interest they were manifesting by turning out in such large numbers, and assured them that they could exercise an important influence upon the city as a whole.

When suggestions or opinions were invited the audience seemed a little reluctant to offer their ideas, most of the speakers stating that they had come for information as to how the Young Men's Chamber was to be launched.

(Continued on page 9.)

NOTICE TO CREDITORS

IN THE MATTER OF the Estate of Nicholas Minicola, late of the City of Peterborough, in the County of Peterborough, Merchant, deceased.
NOTICE is hereby given pursuant to section 56 of The Trustee Act (R.S.O. 1914, Chapter 121) that all creditors and others having claims or demands against the estate of the said Nicholas Minicola, who died on or about the Twenty-third day of September, 1922, are required on or before the Tenth day of December, 1922, to send by post prepaid, or deliver to the undersigned Solicitors for the Executors of the Last Will and Testament of the said deceased, their Christian names and surnames, addresses and descriptions, the full particulars of their claims, a statement of their accounts, and the nature of the securities (if any) held by them.
AND TAKE NOTICE that after such last mentioned date the said Executors will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which they shall then have notice, and the said Executors will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received by them at the time of such distribution.
DATED at Peterborough, this second day of November, 1922.
PECK, KERR & McELDERRY, 416 Water Street, Peterborough, Ont., Solicitors for the said Executors.

CHALLENGE OF THE BLUENOSE WAITS A YEAR

Captain Angus Walters Sends a Good Reply to the Challenge From the Schooner Mayflower.

AGREEMENT OF 1921.

HALIFAX, N.S., Nov. 4.—(Canadian Press.)—Captain Angus Walters ,of the International champion fishing schooner Bluenose, replying last night to a challenge from Captain Henry Larkin of the schooner Mayflower for a matched race between the two vessels, tells the Boston vessel skipper that the Bluenose offer for an ocean voyage race from Newfoundland to Turks' Island and back with cargoes both ways, has been ignored for the past year. The Blenose's share of a ten thousand dollar side bet has been lying idle in the meantime, Captain Walters says, and adds:

"Let us stick to the original proposition of 1921, the proposition that appeals to fishermen with red blood in their veins. After that is disposed of we will consider your Hollywood proposition."

WOMAN ACQUITTED DOUBLE MURDER

Defence Built Up on a Plea of Emotional Insanity.

PHILADELPHIA, Nov. 4. — (Canadian Press.)—Mrs. Catherine Rosier was yesterday acquitted on the charge of murdering Miss Geraldine Reckitt, her husband's stenographer and shortly afterwards was freed of an indictment charging her with killing her husband, Oscar Rosier at the same time. Defence was built on a plea of emotional insanity.

Nomination Lists Will Be Closed in England

Official List Now Numbers 1,370 Candidates—Many Three-Cornered Contests to Be Held.

RESULT UNCERTAIN.

LONDON, November 4 (Canadian Press). — The lists of Parliamentary candidates in the approaching elections, representing all the parties, were issued last night for publication to-day. Altogether 1,370 candidates have been nominated, distributed as follows: Conservatives, generally called Unionists, 465; Asquithian, or Independent Liberals, 325; National, or Georgian Liberals, 170; and Labourites, 410.

There may still be a few more nominations before the lists are made official to-day, but they are considered to be practically complete, and although there were conflicting reports on the subject yesterday, apparently Lloyd-George has no intention of carrying out his threat to nominate a host of candidates to oppose the Conservatives.

One candidate was nominated yesterday to oppose Sir William Joynson-Hicks, the new Secretary for Overseas Trade, but no others are known, and the former Premier's opponents do not hesitate to declare openly that he has been outwitted by Sir George Younger who, they say, has again shown his superiority in electioneering tactics.

The first actually elected members of the new Parliament were announced yesterday. They are the three members for the "Combined Scottish Universities," two Conservatives, Sir Henry Craik and Sir George Berry, and one National Liberal, D. M. Cowan, who, being unopposed, were declared duly elected.

Three-Cornered Contests.

An outstanding feature of the nominations is the wholesale nature of the contests between the Conservatives and Coalition Liberals and between the Independent Liberals and the Labourites. There are very few Labour candidates throughout the country but will have to fight for their seats, and in no less than 190 constituencies Liberals and Labourites will be fighting each other with Unionists waiting to take advantage of this split in the Progressive vote, as the Labour Party still decline to agree to any accommodation with the Liberals. Thus, there will be an enormous number of three-cornered contests making any forecast of the outcome of the elections almost impossible.

Approximately forty Conservative candidates are unopposed, but of the 170 Georgian Liberals, only eight are unopposed.

Former Premier Lloyd-George's speech to-day is awaited with intense interest to discover whether he has any new programme or policy to announce.

The general view is that Premier Bonar Law and Lloyd-George are waiting for each other to make the first definite announcement of policy. A week ago when an unofficial pact of co-operation was thought to be in effect between the Conservatives and the National Liberals, the former Premier's prospects were considered good because he still commands tremendous popularity, but the fact that Sir George Younger, chairman of the Unionist Party organisation, has roughly brushed aside the proposed election pact, has brought about a changed situation, and seemingly Lloyd-George's chief hope now is to utilise the enthusiarm he is able to evoke wherever he speaks to secure the return of a sufficient number of his followers to give him a "balancing party."

According to the last reports the constituencies in which Conservatives and Lloyd-George Liberals will be fighting each other will number 36, unless Lloyd-George should make an eleventh-hour decision to put up more candidates to-day, which is now considered unlikely.

Lloyd-George Unopposed.

Lloyd-George himself expects to secure an unopposed return for the Carnarvon district of Wales to-day, which will be the first time in his career he has had a walkover. He has been through altogether eight hotly-contested elections, in one of which his majority over his opponent was only 18 votes.

It is anticipated that altogether 61 candidates will be returned unopposed to-day, distributed as follows: Conservatives, 35; Irish Unionists, 11; Labour, 6; Independent Liberals, 5; National Liberals, 4.

First Members of The New Cabinet

LONDON, Nov. 4. — (Canadian Press.)—The first members of the new parliament were elected yesterday when the three representatives of the combined Scottish Universities were elected without a contest. They are: Rt. Hon. Sir Henry Craik, Sir George Berry and D. M. Cowan.

INQUEST OPENED AT BETHANY, ONT.

Crossing Fatality to Be Investigated by Coroner's Jury.

BETHANY, Nov. 4.— Yesterday afternoon an inquest was opened here in connection with the death of Thomas Williamson, who was killed by a C.P.R. train shortly after nine o'clock yesterday morning. The deceased was sixty years of age and resided with his son William on the homestead. His wife predeceased him some time ago. The accident happened at what is known as Herb Biglow's crossing. The train struck the back of the wagon, throwing Williamson off. He died within a few minutes after the accident. Coroner Dr. Clarke, of Pontypool was summoned and decided to hold an inquest. Mr. Williamson was a member of Millbrook Presbyterian church.

PROBABILITIES.

Light winds; partly fair, and mild.

ANGORA GOVT. MAKES AN END OF SULTANATE

Announce That a New Caliph Will Be Chosen From Osman Dynasty—Sultan Doesn't Quite Agree on the Subject.

COUNCIL CALLED.

CONSTANTINOPLE, November 4. Canadian Press. — An end to the Sultanate in Turkey has been unanimously decreed by the Grand National Assembly sitting at Angora. The Executive and Legislative powers of the country have been conferred by the assembly upon the nation and the palace of the Sublime Porte, which "through corrupt ignorance for several centuries provoked numerous ills for the country, has passed into history."

A caliph is to be chosen by the Assembly from a member of the Osman Dynasty to succeed the Sultan, but the resolution of the Assembly announced that the Turkish government would remain the keystone of the Caliphate.

The choice of the Caliph is to be that member of the Imperial family who is the best instructed, the best educated, the most honest and the wisest.

The Assembly also decided that all treaties entered into by the Constantinople Government since March 16, 1920, were null and void. The decision of the Assembly was followed by the proclamation of a national holiday and the firing of a salute of 101 guns.

Notwithstanding the Assembly's decree that the era of liberation had at last been entered into the Sultan presided yesterday afternoon at an extraordinary council of his ministers. The Grand Vizier, Tewfik Pasha, and his colleagues kissed the Sultan's hand on the occasion of the Prophet's birthday, renewed their pledge of loyalty and expressed the utmost indignation at what was termed the rash action of the Angora Government in proclaiming an end to the Sultanate.

While nothing definite can be ascertained regarding the decision reached at the council yesterday, it was reported in high quarters that there was good reason to believe the Sultan has disputed the legal character of the National Assembly's decision, it being declared the Assembly was elected under abnormal circumstances.

Some of the Turkish afternoon newspapers yesterday announced that the abdication of the Sultan is only a question of hours, but the ministers of the Sublime Porte apparently take no such pessimistic view of the situation. The Sultan's resignation, according to tradition, would be handed to the members of the Imperial family, and no Crown Council was called yesterday at the Yildiz palace.

Monarchist and Turkish moderate circles anticipate internal dissension in consequence of the action of the National Assembly.

DOCTORS MADE A STARTLING FIND

Found Male Infant Growing in the Body of a Man.

SPRINGFIELD, Mass, Nov. 4.—(Canadian Press.)— Medical examiner F. D. Jones and C. A. Schillander in performing an autopsy on the body of an aged man killed by an automobile, made an astounding discovery. They found in the man's abdomen the body of a male infant weighing five or six pounds, fully formed with the exception of the head. The body was in a sac which was filled with fatty fluid and growth had increased in size so that it pressed upon the man's internal organs. Surgeons from Western Massachusetts, who have flocked to medical examiners office to examine the growth, say it is the most remarkable example of anatomical or embryological aberration of which they ever heard. Theory which they believe to be the most tenable is that it is a peculiar example of the "Siamese Twins."

AMERICANS FED UP ON THEIR ANCESTORS

BOSTON, Nov. 4. — (Canadian Press)—Professor Albert Bushnell Hart, of Harvard University, speaking on Samuel Adams before the Twentieth Century Club here recently, took occasion to dissent from the prevalent laudation of the "revolutionary heroes" of the United States.

"We have been fed up on our ancestors," he said, "and we are all getting a little tired of these panagyrics and this indiscriminate praise of everybody born before the year 1800."

Both Samuel Adams and George Washington had their defects, Professor Hart declared he was bound to admit, adding:

"I do not like this attempt to make out that the fathers of the revolution and of the Constitution were all great, immaculate and impeccable. If that was the case it looks bad for us."

CONDITIONS ANNOUNCED UNDER WHICH BRITISH EMBARGO ON CANADIAN CATTLE WILL BE REMOVED

But Little Change is Noted in Conditions Under Which Breeding Animals Will Be Admitted But Regulations Are Generous As Applied to Non-Breeding Stock—Shipment Must Be Direct From Canadian to British Ports — Agreement May Be Modified After Full Text Arrives By Mail.

OTTAWA, Nov. 4.—(Canadian Press).—Hon. W. R. Motherwell, Minister of Agriculture, announced last night the terms of the agreement with the British Government under which the embargo on Canadian cattle will be removed. The agreement is subject to the approval of the British Parliament.

The main features of the agreement are:

1—Cattle not capable of breeding are subject to three days' quarantine before shipment, daily inspection on voyage, and must be accompanied by certificate of health before leaving point of shipment.

2—Cattle capable of breeding are subject to the foregoing regulations and in addition must be tested for tuberculosis within one month of shipment.

3—The three day quarantine may be observed either at initial point of shipment, in rail transit, or at point of ocean embarkation at the option of the shipper.

4—Reciprocal terms is one of the features of the agreement.

5—Shipment must be direct from a Canadian port to a British port.

Mr. Motherwell, in making his announcement, warns that these terms, which were cabled from the Old Country, may require some modification when the full text of the agreement arrives by mail.

The agreement, negotiations for which were opened with the Lloyd George government, was approved by the new British government following the recent conference in London. Canada was represented at this conference by Hon. W. S. Fielding, Hon. Ernest Lapointe, together with Dr. J. H. Grisdale, Deputy Minister of Agriculture and Duncan Marshall, Commissioner of Agriculture.

Mr. Motherwell's announcement follows:

"As announced in the House last session, the Right Hon. Mackenzie King was then in cable communcation with the British authorities on this important question and has continued in direct communication with them throughout the summer until, ultimately, success has been attained

Generous Terms

"It will be noted that the regulations, while quite generous as applied to importations of non-breeding stock, are on the usual terms as regards the importation of animals capable of breeding. The substance of the proposed regulations is as follows: Canadian store cattle, that is, animals born and reared in Canada and rendered incapable of breeding will be admitted under the following restrictions: Shipments shall be from Canadian ports only and direct to Great Britain. For three days immediately before shipment and during the ocean voyage the store cattle shall be kept separate from any other other animals and periodically examined by a veterinary officer of the Dominion of Canada. Thorough examination at initial shipping points shall be made by a Dominion veterinary officer, who will certify that animals are not affected with cattle plague, pleuro-pneumonia, foot and mouth disease, or mange. During the voyage this examination shall be made daily. The animals shall be landed at specified ports and there thoroughly examined by a veterinary officer from the British Ministry. The movement from port of landing is to be controlled by a license in the same manner as in the movement of imported cattle from Ireland.

Breeding Cattle

"As regards cattle capable of breeding, such as cows, heifers and bulls, authority will be required in form of general order from British Ministry of Agriculture, laid down in draft form before both Houses of Parliament, either of which can, in effect veto the proposals. An essential part of any such order is that animals must be accompanied by a certificate from authorized officers of the Dominion, stating that such breeding animals were within one month previous to shipment effect ively tested for tuberculosis and found free of that disease. To sum up in brief, the regulations provide that cattle of capable of breeding are subject to a three day quarantine prior to ocean shipment, subsequent observation while in transit and be accompanied by usual certificate of health before leaving initial point of shipment, whereas animals capable of breeding while subject to the same quarantine of three days, and under the same observation in transit, etc., are in addition to be tested for tuberculosis within one month of shipment. The three days quarantine provided may be observed either at the initial point of shipment, in rail transit or at point of ocean embarkation at the option of the shipper. Reciprocal terms is one of the features of the agreement.

"When full text of agreement arrives by mail, these cabled terms may require some slight modification.

"Except in the case of well bred and well fed animals it is not expected that the removal of the embargo will materially influence our livestock trade with the United States and a continuation of exports (live or dressed) to the South, commensurate in volume with the opportunities offered, will doubtless be maintained.

Only Well Bred Animals

"As possibly too great expectations have been aroused on the part of some livestock men by the anticipated effects of the removal of the embargo, it would be well to remember that it is only the best class of well bred and well fed steers that will stand the heavy carrying charges, especially from the more interior parts of Canada to the United King dom. On the other hand the poor offgrade stuff, in which there is no profit for anyone will continue to seek the closest available market as it is not sufficiently valuable to carry itself very far from its source of origin.

"In giving publicity to these regulations it is done with the assurance that the country will welcome the improved trade relations with Great Britain, especially since they carry with them the reasonable assurance of a permanent outlet for a good class of stock which can be successfully produced by our live stock men and which could be raised in much larger numbers in Canada than they are at present.

"Special mention should be made of the acceptable activities of our present High Commissioner, Mr. Larkin, on the important part he played in bringing about the embargo removal and thus demonstrating the practical use to which the offices of the Canadian High Commissioner may be put.

"As a first preparatory step, looking to the removal of the cattle embargo, a conference of representatives of the various railways and the federal live stock branch was held in Ottawa last week, with the view of providing more adequate terminal facilities at our ports of embarkation".

TARIFF FIRST ATTENTION OF NEW MINISTER

If New Canadian Minister Is Sent to United States He Will Investigate the New Tariff Act.

MUCH TOO HIGH.

WASHINGTON, November 4 (Canadian Press). — If a new Canadian Minister is sent to the United States, as now appears probable, one of the subjects to which he will have to direct his attention is the flexible provisions of the new Tariff Act.

According to high tariff leaders in Congress, in spite of the fact that there has been much said about the use of the flexible provisions to liberalise the Tariff Act, few changes in the rates are to be expected. This is the view of Senator McCumber, and it is the view of others who adhere to the doctrine of exalted tariff rates.

Inasmuch as little encouragement is given in Washington for the idea of a reciprocity treaty with Canada at this time, it looks as if whatever relief Canada gets from the operations of the new tariff law of the United States would be through the flexible tariff.

It is the conviction of the opponents of the present law that many of its rates are far above the points where they measure difference in the cost of production.

Hence it is assumed here that the new Minister will exert himself to have an investigation made by the Tariff Commission into the workings of a number of these rates, with a view to getting reductions recommended to the President, who, under the new law, has power to make reductions if the facts warrant.

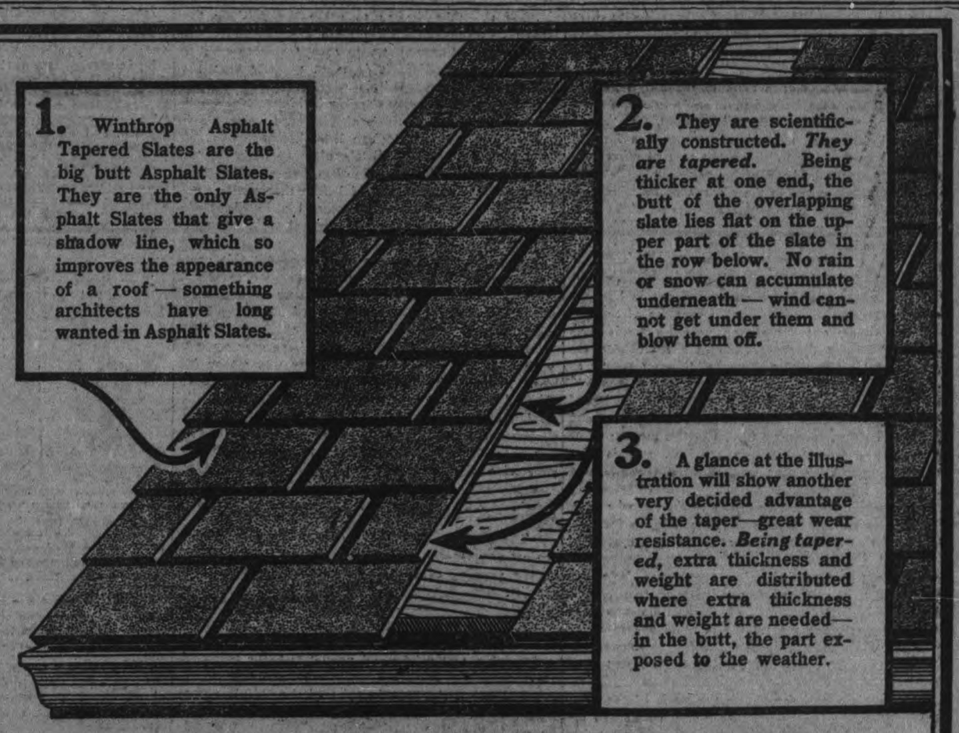
Supreme quality and proven excellence.
The flavor is delightfully mild, yet soundly satisfying.

IMPERIAL TOBACCO COMPANY of CANADA, LIMITED.

1. Winthrop Asphalt Tapered Slates are the big butt Asphalt Slates. They are the only Asphalt Slates that give a shadow line, which so improves the appearance of a roof — something architects have long wanted in Asphalt Slates.

2. They are scientifically constructed. *They are tapered.* Being thicker at one end, the butt of the overlapping slate lies flat on the upper part of the slate in the row below. No rain or snow can accumulate underneath — wind cannot get under them and blow them off.

3. A glance at the illustration will show another very decided advantage of the taper—great wear resistance. *Being tapered,* extra thickness and weight are distributed where extra thickness and weight are needed—in the butt, the part exposed to the weather.



We have obtained a special license to manufacture these slates under the brand

Brantford Winthrop Tapered Asphalt Slates

(the Big Butt Shingle)

THE same careful selection of materials and experienced workmanship are employed that have given other Brantford Roofing products their high reputation.

Distributed under Brantford Roofing trade marks, through Brantford Roofing Dealers. Stock carried, information furnished and service rendered by our dealer in your district.

Write for our valuable history of roofing "Shelter." On every page is a photograph of a different kind of a roof, in a different part of the world. It will be mailed free to responsible parties.

SATURDAY, NOV. 4TH, 1922.

THANKSGIVING DAY.

Of all countries on earth, surely Canada has every reason to give thanks, and Canadians need not conduct a very exhaustive search for causes over which to rejoice on Thanksgiving Day.

Compared with the lot of people in other lands, the inhabitants of this beloved Dominion of ours occupy a position that is enviable.

There is peace within our borders, and with our neighbors to the south over a hundred years of unbroken friendship have existed.

The depression that was inevitable after the false prosperity of the war years had vanished is steadily passing. The unemployment situation has improved, and signs are not lacking that in a short time the word "unemployment" will be meaningless in Canada.

One of the greatest crops in our history has been safely harvested, and our farmers are in much better circumstances than for several years, a condition that is bound to be reflected in larger business for our mercantile concerns and consequently in more orders for Canadian factories and more work for Canadian workmen.

The exchange situation has rapidly shifted in Canada's favour, a transformation that gives Canadians every reason to rejoice.

Thanksgiving Day should pass a real meaning for us this year. As a people we have been blessed beyond measure, and our gratitude should be boundless on this day that is set apart for the giving of thanks.

There has been nothing half-way in the blessings we have received, nor should our acknowledgment of them be half-hearted.

MONDAY'S ROAD RACES.

In connection with the road race on Monday morning, the Examiner craves the co-operation of the public in ensuring a fair chance for the contestants and a minimum of interference or confusion.

We recognize that we have no particular claim on the streets of Peterborough or the highway, but, at the same time, we would respectfully suggest to motorists that so far as possible they endeavour to make the conditions favourable for the boys who take part in the races.

They will greatly assist in the success of the annual contests if they will keep George street clear in the vicinity of the finishing line at the Examiner office, and if they will refrain from attempting to drive through when the races are finishing.

To the public generally a similar request is made. If people will be satisfied to line the sidewalks the runners will have an open road to the finish, and, at the same time, everybody will be able to get a clear view of the race. It is well to remember, too, that to crowd into the road after the first man has finished may spoil an exciting finish on the part of other contestants who may be battling for positions.

The Examiner invites the citizens of Peterborough to witness Monday's race and trusts that these suggestions may be accepted in the spirit in which they have been written.

INTELLIGENT GIVING.

The system that has been carried out in Toronto for several years of federating the charities of the city and conducting one drive each year for funds with which to finance the operations of the affiliated organizations, is one that will appeal to most people as sensible and business-like.

It is significant to note that Winnipeg has adopted the same plan, covering twenty-eight organizations, and will hold its first campaign for funds this month; while Victoria has federated fifteen charities, and is also inaugurating a drive next week for the establishment of a community chest.

The outstanding feature of this method is, of course, that it puts an end to indiscriminate begging for this, that or the other organization and sets up a system of intelligent giving.

Without such a federation people are from one year's end to the other being called upon to subscribe for different charities. All of them, of course, are worthy enough, but the trouble is there are so many calls that the public is dismayed and deserving organizations sometimes do not receive the support they merit.

Toronto's experience shows the merit of the community plan. It has been found that the affiliated organizations which used to have trouble in financing themselves are flourishing under the new system, and the cost to the people of Toronto has been lowered from several dollars to less than one dollar per capita of the population. Charities and welfare institutions are given all they deserve and no more.

In other words, everybody is helped, but nothing is wasted.

It looks as if many other cities might with advantage adopt Toronto's plan.

A FORWARD STEP.

A big step forward in the direction of a healthier and better city is represented in the action of the City Council in passing at the request of the Board of Health a regulation requiring the installation of sanitary plumbing in every house situated upon a street upon which there is a sewer or upon any street on which the construction of a sewer has been authorized by bylaw.

There are far too many houses in Peterborough at the present time that do not possess sanitary conveniences, and they are not only an indication of lack of progress, but they are a menace to the health of the people in their neighborhood.

Up to the present attempts to remedy this condition of affairs have been a failure because half measures were employed, and there was little indication of a stern determination on the part of the authorities to force the issue.

Pleas that many people could not afford to pay for the installation of modern plumbing were accepted without much investigation of the facts, and the result has been that this city has allowed an unusually large number of dwellings to remain without the sanitary equipment that the health of the community demands.

This excuse will no longer stand in the way.

The Council has provided in cases where the owners of houses are unable to meet at one time the whole cost of the work—the city shall instal the conveniences on a recommendation from the Board of Health and the cost will be paid by the owner in five equal successive yearly payments; to be added to the Collector's roll and collected in the same way as municipal taxes.

This method does away with the objection that to order all owners of houses to have their premises connected with the sewer would be too drastic and too expensive.

The new regulations will have the approval of the community generally.

MUSSOLINI.

Belgrade is said to be the source of a report that fighting has already started on the Italian-Serbian frontier because of the Fascisti success. It is hard to believe that anything serious has yet occurred. The Jugo-Slavs will, of course, be anxious; but it is incredible that they would begin a war which they must almost certainly lose. And it is equally difficult to believe that the Fascisti feel themselves as yet firmly enough in the saddle to attack a neighboring nation.

Mussolini says that he wants an entente with France, but that there must first be a rectification touching Tunis. Tunis was Italian until France took it away from her. If Mussolini proposes to postpone his entente with France until the French return Tunis to Italy, this part of his policy may tarry by the way. The Fascisti leader will learn presently—if he does not know it yet—that ententes are not the creation of wishing or sentiment, but of stern political necessity. They are a natural outgrowth of existing international conditions. And the international conditions of Europe today render an entente between France and Italy most unlikely. They are natural rivals.

Mussolini is credited with much vituperative criticism of Britain. Superficially this might seem to align him against Britain and with France on any issue that would arise; and this impression receives apparent support from the last-hour co-operation between France and Italy at Mudania. But the events at Mudania only go to prove the theory that it is international conditions and not sentiment which makes political bed-fellows. France and Italy were in the same boat regarding Kemal Pasha, both having made peace with him under pressure of their Moslem nationals and commercial needs a year earlier. Hence they were driven together at Mudania when it was a question of a competitive currying favor with Kemal during his clash with Great Britain.

* * * *

The collapse of Greece has, of course, somewhat shifted the weight in the boat in the Eastern Mediterranean. But if this has any effect it would be to move Italy nearer to Britain; for Greece had been regarded as our naval outpost in Near Eastern waters. This possibly diluted a little the enthusiasm of Italy for our traditional friendship—as Italy is ever jealous of Greece. But now Greece ceases to be a serious rival.

For decades—even during the hey-day of the Triplice—Italy put the friendship of Great Britain first. Her Mediterranean competitor was France never Britain. If she now desires to make the Adriatic "an Italian lake" and to dominate the Mediterranean, and if she proposes as a first step toward this to re-raise the Tunisian question, it is most unlikely that she would alienate Great Britain which holds no menace to Italian ambitions, save possibly in Malta. She would be much more apt to think of Bizerta, Corsica, Tunis and the whole North African littoral.

Italian feeling immediately after the Washington Disarmament Conference was that they were left in a worse position than they held before the war, because they were now between France and a hostile Jugo-Slavia, instead of having an allied Austria on their Adriatic flank. Their only fear touching Great Britain was that she would stand aside and permit this combination to cripple—though not to crush—an enfeebled Italy. And there has been no evidence of a change, unless we regard the arrival of the free-talking Mussolini as such.

But the best friends of Italy will hope very earnestly that his bark will prove immensely worse than his bite. The very fact that Italy's neighbors are at once alarmed by his success should sober the essentially solid elements behind him. Italy cannot afford to challenge the suspicion and fear of the world. But in any case the nation least likely to suffer from any aggressive folly would be Great Britain.—Montreal Star.

EDITORIAL NOTES AND COMMENT.

The Ottawa Journal is conducting a campaign against unnecessary noises. It is not quite clear whether the popping of corks over in Hull is included in the list.

A Boston contemporary remarks that we are rapidly becoming a soft people. First it was soft shirts and collars, then soft drinks and now it is to be soft coal.

Did you notice that in spite of the O.T.A. pumpkins did not seem to have much trouble in being lit up on Hallowe'en?

There is a prominent place in the scheme of things for the man who makes people laugh, and in that respect Peterborough should be proud of Danny Simmons.

Truro, N. S., reports a fowl which lived for two hours after its head was cut off. Many of us have run across tough birds like that at great risk to our molars.

Tomorrow's memorial service in memory of the Peterborough soldiers who lost their lives overseas should demonstrate unmistakably that Peterborough has not forgotten.

It is now said that Lloyd George is run down. Well, he undoubtedly has been by his political opponents and his newspaper enemies.

LITERARY GEMS

THE SPIDER.

The spider builds little but cobwebs, but they are not cobwebs for the spider. It is only men that call them cobwebs. The work of the spider's way is to make such weaving and he does no other building than God intended he should do. Can man say always so of his own earthly plans?—G. E. Ward in "The Wayfarer."

Family Treasures From the Schneider Bros. Store

NEXT to the family jewels — articles of Silver are the most prized heirlooms.

Silver purchased at the Schneider Bros. store today will be treasured as the family silver by future generations.

The dominant idea back of all our silver is that it shall possess all those essentials which make it good today and insure its being cherished tomorrow for something more than sentiment.

Would not be Without Zutoo Tablets At Any Cost

Mr. A. O. Norton, the millionaire Jack Manufacturer, of Boston, who recently died, was a great "booster" for Zutoo Tablets.

He suffered from headaches from childhood and when he found Zutoo Tablets stopped these headaches in a few minutes and left no bad effect, he began recommending them to his family and friends. In an unsolicited letter, Mr. Norton says in closing:—

"My family use them when ever needed with equally good results. I have frequently given them to friends who were suffering from Headache and they never failed to give quick relief. I always carry Zutoo Tablets in my grip on the road and WOULD NOT BE WITHOUT THEM AT ANY COST."

25 cents per box—at all dealers.

TWO LIVES WERE SAVED BY KITTEN

Ernest Phillip's Life Was Saved By Kitten That He Was Going to Kick Out of the House.

MONTREAL, Nov. 4.—(Canadian Press).—Ernest Phillips, 288 Mackay Street, stated in the Fire Commissioners' Court here yesterday that if his kitten had not awakened him by pawing on his cheeks, both he and his wife might have lost their lives in the outbreak of fire which occurred in their residence on Sunday last. When Commissioner R. Lalutippe questioned the witness in regard to the discovery of the fire, Mr. Phillips testified that a kitten in the house used to make its bed on a chesterfield, and that after he had been awakened by the animal's persistent pawing on his cheek he smelled smoke, and found that the chesterfield was in flames.

"Well, keep that cat," replied the Commissioner. "I most certainly will," declared Mr. Phillips. "I said I would kick it out of the house when my wife first brought it in, but I am fond of it now since it probably saved our lives."

BEDDING FOR STABLES

Straw, Peat Moss, Sawdust and Shavings Considered.

The materials used for bedding domestic animals are generally straw from the grain fields, peat moss straw the swamp, or shavings from the saw or planing mill. Straw is used to a greater extent than any other material, first because of its abundance secondly because the stable offers a medium for transferring this by-product of the field to manure and thereby facilitating its return to the land; thirdly because it is a good absorbent of liquids. Straws from oats, peas, rye, wheat and oats vary in value as a litter or bedding material. The hard rye and wheat straws, while durable to the wear of animals, is not as good an absorbent as the softer oat, barley and pea straws. Wheat straw not being highly valued as a feed finds its greatest use as a stable bedding. The nitrogen, potash and phosphorus contained in a ton of wheat or rye straw has a value at commercial fertilizer prices of $2.25, oat straw $2.60, and barley straw $2.10. Straws have a further value in that the organic matter content is large and of such a nature as to be particularly valuable in soil improvement. Peat moss is valuable as an absorbent of liquids it is also valuable for its nitrogen content. The manure from stables where peat moss is used as bedding is generally of considerably higher value than the manure from any other source. It has one objection in that it is not as clean as straw. Sawdust and shavings, while serving the purpose as a litter or bedding material, add little value to the manure. Useful as an aid in keeping the animals clean and preventing the loss of the liquid portion of the manure, sawdust or shavings serve a good purpose; but it must be remembered that the fertility value of sawdust is low. Those who have straw should use it. Those who have neither straw or peat moss should then use the sawdust or shavings.—L. Stevenson, Sec., Dept. of Agriculture, Toronto.

Canada's Greatest Vocational School

FOR Thirty Years, Canadians, in thousands, have profited from the vocational and academic training of this the World's Great Home-Study University.

Clerks have become salesmen, advertising and business managers; mechanics have become foremen, superintendents and engineers; carpenters have become architects, contractors and leaders in construction work; men and boys have risen from nothing at all to places of responsibility, because of I.C.S. Training.

In 1921 approximately 7,000 Canadian Students of this Institution prepared more than 80,000 Recitations and Drawings, requiring more than two million study-hours to accomplish. No single institution can show such a record of educational achievement, nor is any other institution so adequately equipped to provide the commercial, technical and industrial training for the men and women necessary in the commercial life and development of the Country.

With unrivalled texts, easy to study, easy to remember, and easy to apply; with such texts arranged into comprehensive, practical scholarships; with these scholarships conducted by an educational staff trained to help, to criticize and correct—you have training of so practical a character that you can apply it day by day to your advantage and profit.

What are your chances of success? Can you afford to let another priceless hour pass without making your start toward a more scientific knowledge of your work? The Coupon printed below has been the means of bringing advancement and increased salaries to many thousands of men. Read it carefully—mark the work of your choice and get it in the mail today.

Northern Ontario Fire Relief Work

A Message to Mayors, Reeves, Municipal Officers, Associations and to the Public Generally.

The need for money and supplies is still urgent. Winter weather is now upon the Northern Ontario fire-swept regions.

IMPORTANT!

Will all those who wish to send clothing and other supplies please first write the undersigned Committee for information as to what is now most needed, and for directions as to where and when to ship?

This will avoid over-amounts of certain kinds of supplies. It will save food, fruit, etc., from the danger of freezing in transit. It will help very much in the work of distribution.

Keeping the Committee advised of all help that can be given will be in the real interests of the fire sufferers, and tend to make your gift fully effective.

Northern Ontario Fire Relief Committee

CAMPBELLFORD AND DISTRICT

Men's Club Held a Smoker — Business Changes — Personal Mention.

CAMPBELLFORD, November 5.—The men's club of Christ church held a smoker in the parish hall on Thursday evening which was well attended. The speaker of the evening was Rev. Mr. Grobb of Peterboro who gave a very interesting and entertaining lantern slide lecture on his trip to the old country. There was also a mandolin selection given by Messrs Ayrhart and Hutton, solos by Messrs Gledhill, Dunk and Mouns Refreshments were served and a most enjoyable evening was spent.

Cheese Board.

The cheese board met at Stirling on Thursday; 860 boxes were sold, and all sold at 21 7-8 to usual buyers.

Harold Petherick has purchased the frame dwelling on Rear street, from Mr. W. Wrigley; deal was transacted by R. J. Allan.

Miss Lillian Stephens left for Keene, Ont., on Saturday, where she will spend the holiday with her friend, Miss Lillian Moore.

Mr. Ralph Stanbury of Toronto University is home for Thanksgiving Day.

Miss Verna McKelvie left for Peterboro on Saturday where she will be the guest of her friend, Miss Nettie McClure, of Lewis street.

The Misses Dafoe and Smith of the High School staff, have gone home for the holidays.

Mrs. J. J. Collins of Hastings, is visiting her mother, Mrs. B. Mulhearn, Front street.

Mrs. P. M. Howard, Mrs. A. B. Spellman, the Misses Kennealy and Miss K. Barry, motored over from Hastings and were the guests of Mrs. Duncan Kerr.

Mrs. Fanning of Wellman's, was a visitor in town on Friday, the guest of her sister, Mrs. Robert Dunk.

Dr. Macoun had the misfortune to fall and injure his leg on Thursday afternoon and will be confined to his home for some days.

Mr. and Mrs. Ben M. Ibey announce the birth of a baby boy on Thursday, Nov. 2nd.

HOUSES FOR SALE.

FOR SALE — Two good frame dwellings situated on Garry street, right in the residential section; good deep lots; will make snug little homes; price $2500, or will sell separately. Apply C. H. Coveney, Queen's Hotel, Campbellford. Phone 33 for particuars. 3d108 6400

CHEESE MARKET.

The above figures show an advance of 3 1-4 cents per pound, as compared with th sale held a week ago.

SCHOOL THEFTS ARE CLEARED UP

Guilty Parties Now Under Arrest -- Joy Riding in Borrowed Car Cost $15

CAMPBELLFORD NEWS

CAMPBELLFORD, November 4.—The school robbery has been cleared up, and the guilty parties are under arrest. The ammunition was located, and will be returned after the trial, which will be held in the Magistrate's office on Saturday afternoon at 2 o'clock.

Annual Vacation.

Chief of Police Duncalfe leaves on Monday for Cedardale Camp, on Beaver Creek, for his annual deer hunt and holiday. Constable Thos. Crawford will be acting Chief during his vacation.

Police Court News.

It cost a party of young men just exactly $15.00 for taking a car belonging to a Stirling man, out for a little joy-ride on the night of 1st November.

Another young man was fined $9.35 for using obscene and grossly insulting language towards Charlie Lee, proprietor of the Royal Cafe on Front Street on 1st November.

Still another young man, charged with a breach of the O.T.A., was fined $10.00, and costs ($17.85), which was promptly paid. This was on 3rd November.

More Deer Hunters Away.

Messrs. Arthur Kelliher, Claude Duncalfe, Frank Sarginson, and Will Sarginson leave for Cedardale Camp on Monday. Fred Keller and Vincent Farrell will follow in a few days. Wesley Wannamaker was the advance guard, and will have everything in readiness for the arrival of the hunters.

Seymour Institute.

The Seymour West Women's Institute purposed packing a box of clothing on Wednesday of this week, at the home of Mrs. Robert McCullough in aid of the Northern Ontario fire sufferers, but owing to the busy time, it was decided to postpone the packing until the latter part of next week. Anyone who has clothing and would like to help in this worthy cause, kindly send the donations to Mrs. Thomas Dunham's, and they will be included in the box.

SAID HE COULD NEVER BE WELL

"Fruit-a-tives" Restored Him to Health

159 AVENUE PIUS IX, MONTREAL

"For three years, I was a *terrible sufferer from Dyspepsia* and my general health was very bad. I consulted a physician and took his medicine but I did not improve; and finally he told me that *I could not be cured.*

At this time, a friend advised me to try *"Fruit-a-tives"*. After taking two boxes, I was greatly relieved; and this fruit medicine *made me completely well.* My digestion and general health are now splendid".

GASPARD DUBARD.

50c a box, 6 for $2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

"A Trip Through Europe."

A very pleasant evening was spent at the Parish Hall by the members of the Men's Club and their friends on Thursday night last, when Rev. R. B. Grobb, M.A., Peterborough, gave his illustrated lecture, "A Trip Through Europe." Rev. Mr. Grobb's address was full of interest, and was thoroughly enjoyed by all present. Musical numbers also contributed to the evening's pleasure.

Missionary Service.

At the Sunday morning service, which will be of a special missionary character, in St. Andrew's Church, Miss E. McGregor, Field Secretary of the W.M.S., will give an address. Miss McGregor is a fluent speaker, and her address will be full of interest and help.

Recital Jean Val Jean.

The school room of St. Andrew's church was crowded to its capacity when last evening Rev. Herbert Piercy, the well known interpreter of literature, gave his famous lecture on Victor Hugo's most popular character, "Jean Val Jean." Eight years ago Rev. Mr. Piercy appeared in St. Andrew's church when he presented works of "Henry Van Dyke." Last year he presented "Enoch Arden" in the Baptist church and each time he is met with a full house. To appreciate Rev. Mr. Piercy's remarkable dramatic power, as he held his audience in rapt attention, one must hear him, and he certainly appeared at his best last evening (in spite of the fact as he told the audience, he had partaken of a delicious chicken supper.) The story was divided into four parts and between the parts, Mrs. (Dr.) F. Free, Mrs. (Rev) C. F. McIntosh and Miss Emma Meiklejohn, in their usual pleasing voices, rendered solos which were much apreciated. The speaker however did not dwell all on the serious, the humorous in little readings, "George Washington," "A Married Man's Advice," and "A Colored Mammy, with Her Children," created peals of laughter. The evening's entertainment was an intellectual treat to all who attended, and the Women's Missionary Society, under whose auspices the lecture was given, are to be congratulated upon its grand success. Rev. Mr. McIntosh, the pastor, in his usual capable and gracious manner, occupied the chair while Mrs. Hawley acted ac accompanist for the eevning.

To-day is Poppy Day.

There is a fine display of Flanders poppies in a Bridge street window and to-day everybody is wearing a poppy.

Personal Mention.

Miss Rose Hamilton of Toronto is spending the week end at the home of her sister, Mrs. W. C. Wallace, Burnbrae.

Mr. George Smith, Front Street, who is undergoing treatment for his arm at the military hospital, Kingston, is spending the week end with his family here.

Mr. J. H. Longman has disposed of his fine residence on Mill street, to Mrs. Nathan, of Cobourg, who will take possession this fall, when Mrs. Longman and family leave to join Mr. Longman, in Streetsville, where he has secured a lucrative position.

Mr. and Mrs. Samuel Johnston, Miss Eva Martin, Mrs. James Thomson and Miss Ethel Thomson motored to Toronto on Friday, where they will visit Mr. and Mrs. William Thomson.

Mrs. Clifford Maybee and little Miss Lois of Belleville, are visiting at the home of her parents, Mr. and Mrs. Thomas Atkinson, Rear street.

Miss Edith Abar, teacher at Shannonville, iss pending the holidays with her parents, Mr. and Mrs. John Abar.

Friends of Mr. Erle Turner will regret to learn he is confined this week to his home through illness but hope to see him soon about his duties again.

Mr. Thomas McManus returned to Toronto on Thursday.

Mr. and Mrs. Matthew Johnston of Wellman's Corners, were in town on Tuesday.

PURSE OF GOLD MISS SWITZER OF EAST EMILY

Also a Miscellaneous Shower — Presentations From Bethel Methodist Church and Epworth League.

EAST EMILY, Nov. 4—On Friday evening, Nov. 3, the congregation of Bethel Methodist Church gathered at the home of Miss Ella Switzer to present her with a purse of gold and a miscellaneous shower, before she enters her new home in the near future. The address was as follows:

"To Miss Ella Switzer, East Emily.

"Dear Friend,—We, the members and adherents of Bethel Church, are assembled to-night to convey greetings to you on the eve of your departure from our midst.

"We wish to express to you our appreciation of your services as organist of our church, so cheerfully and faithfully given, during the past sixteen years. Your regular attendance and musical ability have done much to make the service of song an inspiration to us all.

"Both in our Epworth League and the Sunday School you have rendered splendid service, for which we desire to tender our thanks.

"We ask you to accept this purse of gold as a slight token of our regard, and we assure you ot our best wishes for your future happiness.

"Your fellow-Epworth Leaguers also present to you this miscellaneous shower, and trust it may prove to be a shower of blessings through the coming years.

"May it often remind you of the happy associations we have enjoyed together.

"It is with a deep sense of regret we contemplate your going out from our midst, but be assured we shall follow you with our prayers that God may abundantly bless you in your new home and make you the blessing you have been to us.

"Signed on behalf of the church,
"R. F. Stillman, Pastor.
"Herbert Jackson, Choir Leader.
"Eugene Switzer, S.S. Supt.
"Harry L. Jackson, Pres. E.L."

Miss Switzer replied in a very pleasing way, after which all present joined in singing "For she's a jolly good fellow."

Games and music were indulged in for the remainder of the evening. Refreshments were served and every one retired to their homes, wishing the bride every joy and happiness in her future home.

THE DOMINION BANK

PETERBOROUGH BRANCH,

JOHN CRANE, ... Manager

GERMANY IS OUT FOR WORLD TRADE IN TOYS

NEW YORK, Nov. 4.—(Canadian Press)— A large consignment of German toys arrived recently in the hold of the Royal Mail liner Orduna. Of the 3,000 cases loaded at Hamburg 325 were left at Southampton for transhipment to South Africa, which, Pursar Chamberlain said, indicated that the Germans are out for the world trade in toys.

Germany's toy industry, the purser added, has been a remarkable recovery and the wizard workers of the Black Forest, where most of the toys are fashioned, are busy from dawn till dark. Many memorials of the war are shown in the lists of miniature mechanisms, including airplanes, sailplanes made on the German glider plan and submarines for use in the bathtub or pond.

Teddy bears on roller skates, acrobatic bears and monkeys equipped with self propelling machinery, bullfrogs that say "jug-o'-rum", defying the ultra-prohibitionists, geese, swans, ducks, chickens that do all the vocal stunts of their respective species, dolls that talk a little walk a little, Christmas tree ornaments, and, of course, Noah's arks, are included in the shipment. Also, little moving picture machines, trolley cars and radio outfits.

CHICAGO CATTLE.

CHICAGO, Nov. 4. — (Canadian Press.)—Cattle, receipts 4,500; slow, uneven; beef steers weak to lower; quality plan; run composed mostly of short fed natives and western grassers; best medium weight steers 11.25; bulk native steers under 9.75; western grassers 5.00 and 7.10 according to quality and finish. Beef cows and heifers, canners and cutters moderately active at fully steady prices; bulls steady to strong; veal calves 25 to 50c. lower; mostly 25c. off, quality considered; stockers and feeders dull; weak to 25c. lower; bulk stockers and feederes 5.75 and 6.75; bulk vealers to packers 9.00 and 10.00; bulk bologna bulls 3.85 and 4.15; desirable heavy sausage bulls up to 4.35.

Hogs, receipts 22,000; steady to strong; occasional sales 5 to 10c. higher; closing firm; bulk 160 to 200 pound average, 8.40 and 8.50; 210 to 260 pound butchers mostly 8.55; few desirable weight butchers 8.60 and 8.65; packing sows 7.00 and 7.75; desirable pigs mostly 8.50; estimated holdover 7,000.

Sheep, receipts 7,000; fat native lambs steady; top 13.75 to packers; bulk 13.50 and 13.65; culls 10.00 and 10.50; fat western lambs on sale, feeders steady; good 52 to 55 pound feeding lambs 13.50 and 13.65; western feeding ewes 5.25 and 5.35; choice 77-pound yearling wethers to killers 13.25; other desirable 90 pound yearlings 12.00; some heavier 115 pound 10.00; sheep steady; heavy fat ewes 4.50 and 5.50; 300 good 95 pound fat western ewes 7.00.

A bank teller always has something of inteest on hand.

WILL COME BACK AGAIN.

"They will come back, come back again,
As sure as the green earth rolls.
He never wasted a leaf nor a tree
Do you think He would squander souls?"

ANNUAL MEETING "THURSDAY CLUB."

The annual meeting of the Thursday Club of this city took place recently, when a report was presented which showed a surprising amount of good accomplished by what is primarily a social sewing club. The results that have been accomplished by this small organization with a membership of about tweny-six active members, meeting on Thursday afternoons to sew and knit at the houses of the different members, made a splendid showing.

Definitely organized for the purpose of war work in 1915, the second year of the Great Struggle, with a war record that included sewing for the soldiers, sewing for local charitable societies, and a contribution of fifty dollars monthly toward the Patriotic Fund, the members did not wish to disband when war was ended, and have carried on ever since with sewing at their weekly meetings for local charitable societies. A monthy fee from each member fines collected from absentees and late arrivals, and the private disposal of knitted articles by the different members, constitute their several contributions to the common treasury. From this source, nearly one hundred and fifty dollars was realized last year, the societies that benefited by gifts of money from the Thursday Club including the Grenfell Mission, the Christie Street Hospital in Toronto, and local organizations: the King's Daughters, (for Christmas cheer); the Children's Aid Society, the Well Babies' Clinic, the Health Association, (for the Children's Camp at Jackson Park), and the Rotary Club, (for the Boys' Camp).

Added to this, was the largest amount of sewing done for local charitable organizations, and for the Grenfell Mission Hospitals. One hundred and two articles, including scarves, sweaters, night-gowns, bloomers, dresses, comforters, tuques, etc. were the contribution of the Thursday Club for the Labrador bale last year, dozens of pairs of socks went to the Christie hospital in Toronto, a box of clothing was sent to the Big Sisterhood, a large comforter to the Health Association clothing made for many destitute babies in the city, and no less than eight complete layettes, with thirty articles in each outfit, were made for the Well Babies' Clinic, which is always particularly enthusiastic over the help accorded its endeavors by the kind offices of the Thursday Club. Many a mother, too sick and perhaps too unhappy to make the necessary provision for a small newcomer, has benefited by the dainty outfits made by the members at their weekly meetings.

Altogether, the year's record of this small sewing society, with its weekly meeting, is a very worthwhile and creditable one, the members, while enjoying a pleasant social hour together, doing work with busy hands that must bring a great deal of comfort in many homes.

The officers re-elected at the annual meeting were: President, Mrs. G. S. Cameron; Vice President, Mrs. F. D. Kerr; Secretary, Miss Helen Hugel; Treasurer, Miss Edwards.

THE HISTORIC NAME HAS BEEN CHANGED.

The historic name of the Epworth League has been changed to that of the Young People's League. For many years the society which had for its several branches work in Christian endeavor and missionary, as well as literary and social fellowship, has functioned under the name of the Epworth League, named after the Epworth parsonage of the founder of Methodism, John Wesley. The change in the name was aimed primarily to affect the inclusion with this society of the activities of the Tuxis Square boys, the Trail Rangers and the C.G.I.T. programme, which are all classed under the head of the Young People's League.

A professional saxophone player is not the worst thing on earth. There are amateurs.

A VERY NOVEL BIT LADIES' FOOTWEAR.

The new radio boot has just been turned out from fashion's labaratories. This novel bit of footwear, exhibited at the Nation Shoe Exhibition of Chicago, has a number of virtues to recommend it.

First, it will make the flapper flapless, because it has no buckles to swish about after the fashion of the well remembered golosh.

Then, too, it is very chic, being a hybrid cross between an old-fashioned rubber and a pair of trout-fishing leggings, with a layer of lamb's wool about the top to heighten the Russian effect and make for durability.

Though the fashion calls for the dress being worn outside, the wearer may, if she prefers, tuck in her petticoat around the boot tops and be ready for any weather.

One mystery remains—why radio boots?

"Perhaps they'll SOS hubby's pocketbook all over the country," was the explanation of one matron who was buying a pair.

A TEA DANSANT IN G.W.V.A. HALL.

The Peter Robinson Chapter, I.O.D.E., is holding a tea dansant at the G.W.V.A. Hall on Monday next. This chapter is one of the most active clubs of its kind in the city, and has a reputation for putting through with vigor and effectiveness anything it takes in hand. The amount raised by the members throughout the year in various ways, mainly through social affairs and their ushering activities at the Grand Opera House, totals a surprisingly large amount, and their donations are many and varied, comprising a lengthy list which covers charity of many varieties both at home and abroad. Reports from the Peter Robinson Chapter, I.O.D.E., are always received at district meetings with boundless enthusiasm, their large range of activities and vigorous spirit in prosecuting their undertakings being a distinctive feature of this chapter.

WOMEN! DYE THINGS NEW IN DIAMOND DYES

Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her worn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything, even if she has never dyed before. Buy "Diamond Dyes"—no other kind— then perfect home dyeing is sure because Diamond Dyes are guaranteed not to spot, fade, streak, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.

ORANGE BLOSSOMS ANCIENT CUSTOM.

The ancient mandarins of China, the swarthy queens of the Nile, the fiery Saracens and romantic French, all knew and cherished the little white flowers of the orange tree, and with them decked out their brides thousands of years ago, says a complimentary brochure issued by a Detroit jewelry manufacturing concern.

In China, the orange has, from time immemorial, been an emblem of good luck, and is freely used to present to friends and guests. The orange is said to have been first brought by the Portuguese from China in 1547, nevertheless this fruit is supposed to have been the golden apple which grew in the garden of Hesperides. The golden apple was presented to the Queen of Heaven upon her marriage with Jupiter.

In Crete, bride and bridegroom, according to Folkard, are sprinkled with orange flower water, and in Sardonia oranges are hung upon the horns of the oxen that draw the nuptial carriage

Cheer up. The first 1922 years are the hardest.

COWAN'S COOKERY COLUMN

Cocoa Fruit Tarts

- ¼ cup butter
- 1 cup sugar
- 2 eggs
- ½ cup milk
- 1½ cups flour
- 3 level teaspoons baking powder
- 3 tablespoons Cowan's Cocoa
- ¼ teaspoon salt
- 1/8 teaspoon cinnamon
- 1 teaspoon vanilla

Method:—Cream butter, add sugar gradually. Add egg yolks thoroughly beaten. Mix and sift dry ingredients three times. Add alternately with milk, add vanilla. Fold in egg whites beaten until stiff and dry. Turn into greased and floured patty pans, and bake 30 minutes in a moderate oven. Cool, scoop out centre, fill with date filling and cover with whipped cream or meringue glacé.

COWAN'S Perfection Cocoa comes packed in tins and thus retains its delicious flavor.

The COWAN Company LIMITED - TORONTO.

FUR-TRIMMED HATS

Satin hats fur-trimmed are very much the vogue now. Brown satin is particularly the rage in all shades from tan to the shade that is almost black. Golden brown is very much liked and is much worn with navy blue and black.

GUARD THE CHILDREN FROM AUTUMN COLDS

The Fall is the most severe season of the year for colds—one day warm, the next cold and wet, and unless the mother is on her guard, the little ones are seized with colds that may hang on all winter. Baby's Own Tablets are mothers' best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet. An occasional dose of the Tablets will prevent colds, or if it does come on suddenly their prompt use will relieve the baby. The tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

BROADCLOTH, ERMINE

White broadcloth and ermine are combined in a very charming coat dress. Wide cuffs and the long narrow collar which reaches to the waistline are of the fur. The gown is on straight, easy lines and is worn with a stunning turban of draped black velvet and silver.

THE MAN WHO WAS POPULAR

There was once a man who was very popular. He was a kind-hearted gentleman, and whenever he went out on the street he invariably met people who stopped him and made anxious inquiries regarding his health and general well-being. He was a cheerful and conscientious man, and always made courteous response to his friends' remarks.

Now it came to pass that he had a certain friend who was very garrulous, and always buttonholed him on every opportunity. Venturing out one day, the popular man met this friend, and with him a lady was introduced with effusion. In the course of their conversation, it transpired that this lady lived in Detroit, and the popular man had once upon a time visited that city. Whereupon the lady immediately gave him the address of a second cousin of hers who lived in that city, whose domicile was within the "second house from the corner of ..... and ..... streets, on the left hand side." The popular gentleman was adjured to go and see this cousin at any time that he should visit Detroit. He thanked the lady and departed on his business way.

Thereafter, this lady was encountered twice by the popular man, and upon each occasion, she repeated her initial invitation regarding the visit of the second cousin who lived in "the second house from the corner of ..... and ..... streets, on the left hand side." And whenever the gentleman chanced to meet his friend, he heard about this same lady who lived in Detroit.

Being a man of methodical and conscientious habit, he was unable to dismiss the matter entirely from his memory and constant repetition of the invitation fixed the idea at last so firmly in his mind that finally, in desperation, he decided to make a visit to Detroit and get the thing settled once and for all.

It had become, to him, somewhat like a duty that must be performed in time, and might rid him of the perpetual and repeated invitations of his garrulous friend. So at last, in an attitude of mind that reasoned, "Eventually, why not now", he made a social visit to Detroit, and went immediately to the corner of ..... and ..... streets, to look up the second cousin. His duty obscured everything else that might possibly distract his attention. And, behold, he was unable to find the object of his search. Returning, weary and disheartened, with an unaccomplished errand still heavy on his brain, he encountred the garrulous friend and to him related his misadventure. "But, my dear fellow", rejoined the other, "she just moved last month. Now she is living in Cleveland, on ..... avenue, Number 1,001. You have relatives in Cleveland, I know, and the next time you go there, be sure to see her. She is a charming woman." Pale with apprehension, the conscientious gentlemen hurried homeward. He realized that Fate was upon him, that hereafter, the mention of the cousin in Cleveland would haunt him constantly. Packing his grip, he fled away on the night train, and was no more heard of in the city of his birth.

Moral: Never extend an invitation to a casually-met acquaintance. He may be a conscientious man, and take you seriously.

TEACHERS SEND $70 TO NORTH ONTARIO

In response to an appeal on behalf of those teachers who suffered loss in the recent disaster in Northern Ontario, the Public School teachers of this city have forwarded seventy dollars to Mr. A. E. Bryson Toronto, chairman of a committe to distribute the contributions from the teachers of Southern Ontario.

Previous to June of this year, Mr. Bryson was principal of Cobalt Public Schools.

GOOD HEALTH

Good health is coming into its own as never before. It is to be systematically taught in schools, the health nurse is to be a health asset in every county; touring camping, playground activities and general outdoors appreciation are contributing Even college girls, aforetime "pale and intellectual," have now only half the death rate of their less educated sisters. This is attributed to their better knowledge of how to live and calls attention anew to the possibility of preventing needless life-wastage.

THE "LIFTUP"
(Patented)
The "Liftup" a patented invention with non-slip elastic inside belt, gently supports the abdomen and is very beneficial for use after an operation involving an abdominal incision. Most effective in relieving those physical ailments from which many women suffer. *Write for the name of a Bias Corsetiere near you.*

MARRIAGE A LA MODE.

Mourning customs in China are very definitely established. A woman mourns three years for her husband.

During the first year she wears coarse cotton, during the second a somewhat finer grade, and the third year she may wear silk.

The color of mourning is white, which is supposed to indicate pure sorrow. A widower's term of mourning is only one year.

HOW TO REGAIN YOUR GOOD HEALTH

It Can be Done Through Keeping the Blood Supply Rich and Pure.

There is not a nook or corner in Canada, in the cities, the towns, the villages, on the farms and in the mines and lumber camps, where Dr. Williams' Pink Pills have not been used, and from one end of the country to the other kind words have been said for this medicine.

You have only to ask your neighbors, and they can tell you of some rheumatic or nerve-shattered man, some suffering woman, ailing youth or anaemic girl who has been benefitted by Dr. Williams' Pink Pills. For more than a third of a century these pills have been known not only in Canada, but throughout the world as a reliable tonic, blood-enriching medicine.

The success of Dr. Williams' Pink Pills is due to the fact that they go to the root of the disease in the blood, and by making the vital fluid rich, they strengthen the organs and nerves of the body. Mr. A. M. Large, Victoria, P.E.I., adds his testimony to that of thousands of others who have found benefit through the use of this medicine. He says:—"About three years ago I became dreadfully run down. So much so that I had to stop work altogether, and being a carpenter, and busily engaged, the outlook was gloomy. I became so reduced that I would have to rest even after a short walk. My appetite almost completely failed. The doctor whom I consulted told me I would have to take a prolonged rest, and gave me a bottle of medicine, which, however, did not help me. Then a good friend urged me to try Dr. Williams' Pink Pills, and I got a supply and before long felt an improvement. From that on I continued to gain and was able to resume my employment. I continued taking the pills for some time longer and now feel as vigorous as I ever did."

You can get these pills through any medicine dealer, or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Household Hints

SILVER TRIMMING.

Large bows of silver ribbon trim some of the newest felt hats. They are mushroom-shaped and brighten up tailored suits or dark wraps.

DINNER FROCK.

A stunning straight-line frock in white Canton crepe has an artistically draped skirt and wide flowing sleeves trimmed with bands of jet beads. The square neckline is unrelieved as to trimming.

ON DARK SERGES.

Many of the dark blue serges seen on Fifth Avenue are trimmed with insertions of bright-colored plaitings, intones of scarlet, henna, green and Alice blue.

SKIRT LENGTHS

Short jackets of brown caracul are effectively worn with brown velvet or duvetyn one-piece dresses. A narrow, straight skirt, escaping the ground by from five to eight inches, gives the best line with the short fur coat.

EVENING COSTUME

One of the most lovely evening gowns exploited on Broadway is of silver cloth, gracefully draped, and beaded with the tiniest of cut steel beads.

WHITE SATIN

White satin is no longer exclusively for the bride, but for the society bud and the matron as well. Frequently it is made sleeveless, and depends upon its smartness for its line and drapery. Often it is beaded with white or colored beads.

PUFF SLEEVES

Shoulder puffs are seen on many of the new sleeves. Sometimes the puff constitutes the entire effort at a sleeve, but in other cases there is a long, tight sleeve below which reaches far over the wrist.

VICTORIAN STYLES

Quaint draperies with puffs over the hips and sashes that tie in huge bows are reminiscent of the Victorian days. Bishop sleeves also are being revived.

BRONZE SLIPPERS

Bronze slippers are seen in a number of attractive shapes, adorned with the new tongue and buckle effects. The most elaborate ones are beaded on the toe and some are beaded about the heel.

PAINTED PLUMAGE.

A gown of electric blue velvet banded at the hem and sleeves with Australian opposum, has a large tropical bird painted on the front of the skirt.

Desserts

THESE desserts will furnish the needed amount of protein in a dinner without meat. Too often when we serve meals without meat of some sort we go to such pains to have "plenty" that we overdo it and serve a meal too rich in muscle building foods.

A cream vegetable soup, French fried potatoes, plain cooked spinach with lemon juice, toasted bread sticks with the soup and hot bran muffins with the main dinner and one of these desserts will make a perfectly acceptable dinner for early spring.

Apple Custard

Two pounds apples, ¾ cup sugar, 4 eggs, 2 cups milk, 1-8 teaspoon salt.

Pare, core and slice apples. Stew with ½ cup sugar until soft. Add 2 or 3 tablespoons water to prevent burning. Rub through a fine sieve or beat to a pulp with a big spoon. Scald milk.

Beat yolks of eggs with remaining sugar. Pour scalded milk slowly on yolks, stirring constantly. Return to fire and cook over hot water till custard coats the spoon. Do not let the custard boil during cooking.

Beat the whites of two of the eggs till stiff and dry. Beat in 4 tablespoons sugar. Put apple pulp in baking dish, pour over custard and cover with meringue. Bake eight minutes in a moderate oven. Serve cold. This dessert contains the needed calories of protein to maintain a balanced diet.

Orange Custard

Three oranges, ¾ cup granulated cane sugar, 4 eggs, ½ cup whipping cream, candied orange peel or citron.

Squeeze juice from oranges and strain. Cut rinds in very thin slices. Put juice, sugar, rinds and 2 cups boiling water in stew pan and let stand two hours. Strain and bring to boiling point. Beat eggs and stir into hot liquid.

Cook over hot water till mixture thickens. Let cool and pour into sherbet glasses. Chill and top with whipped cream and thin strips of the candied orange peel or citron.

Hot Chocolate Pudding

One-fourth cake baker's chocolate, ½ cup cake crumbs, 4 tablespoons flour, 2 tablespoons butter, 2 tablespoons sugar 4 eggs, 1 cup milk, ½ teaspoon vanilla.

Break chocolate in small pieces and put in a pan with milk. Heat slowly until chocolate is melted. Let cool. Melt butter, stir in flour and stir over the fire for two minutes. Do not let Mixture brown. Add milk slowly, stirring constantly, and bring to the boiling point.

Add cake crumbs and sugar and cook until the mixture is very thick and leaves the sides of the pan. Let cool while beating the yolks of the eggs till thick and lemon colored. Stir in yolks and add vanilla. Beat whites of eggs till stiff and dry and fold into mixture.

Pour into a well buttered mold, cover with buttered paper and bake an hour in a slow oven. Serve hot with boiled custard or vanilla sauce.

Once politicians tossed their hats into the ring, but now some use them for megaphones.

Double action—Goes farther—Try it and you'll be delighted with the results.
EGG-O Baking Powder
ORDER FROM YOUR NEIGHBORHOOD GROCER

Black and Silver Fall's Color Combination

Black and silver is the latest color scheme—several of the largest and several of the most exclusive of the women's shops in New York have been devoting their attention to it.

Black and silver matelasse is used for elaborate three-piece suits for fall. Suits of black fabrics trim themselves with gray lynx or gray squirrel collars.

Silver thread embroideries are very good on black and are seen not only on suits and coats but on dresses of all kinds.

Black evening gowns are effectively trimmed with silver lace and black velvet uses silver embroidery, silver lace or steel and crystal beads as the fancy takes it.

Even footwear shows the tendency—the smartest thing for fall is patent leather colonials with buckles of cut steel.

MORE STRINGENT PLANS FOR FIRE PREVENTION.

TORONTO, November 4. Canadian Press. — Adoption of more stringent programme of fire prevention is the course of action toward which the Ontario government has been inspired by the recent Northern Ontario disaster. It was stated at the Parliament buildings yesterday that not only would the present precautions be intensified, but that a conference woul dalso probably be held soon to consider additional plans.

BLACK AND WHITE.

A fashion novelty is a short jacket of white matelasse trimmed with tailless ermine, worn with a smartly draped skirt of black velvet.

Keep a Little Songbird in Your Home

Glad, joyous, spirit-lifting music—the song of a canary. Who can feel blue or depressed when they live in an atmosphere charged with cheerfulness by this lively little songster. Its ecstacy is contagious. Every home needs the inspiration of a singing canary. Are you living without this captivating little companion? Don't deny yourself and the household the pleasure of this charming pet.

Brock's Bird Seed

Canaries are moderate in price. They can be shipped safely and you need have no hesitation in ordering one. If you are interested, write us and we will tell you where to get one. To keep a bird healthy and in good voice, use BROCK'S BIRD SEED, a Scientific Mixture of Imported Seeds, sold by all Grocers, Druggists and Seedsmen throughout the Dominion of Canada.

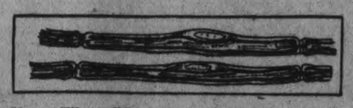
New and Interesting Facts from Science and Life

Outwit Your Nerves and Keep Well



Nerve Fibers Which Carry Messages from the Brain to the Muscles.

Nerve Fibers Surrounding an Artery.

WHEN man learns how to outwit his nerves he will reduce by 75 per cent. the many ills to which he is heir, according to many leading medical authorities. This fact is emphasized in a book entitled "Outwitting Our Nerves," by Dr. Josephine A. Jackson and Helen M. Salisbury and published by the Century Company. In the chapter entitled "The Drama of the Nerves," the authors give the following tersely worded summary of the subject under discussion:

"Disease may be caused by physical or by psychic forces. A 'nervous' disorder is not a physical but a psychic disease. It is caused not by lack of energy, but by misdirected energy; not by overwork or nerve depletion, but by misconception, emotional conflict, repressed instincts, and buried memories. Seventy-five per cent. of all cases of ill-health are due to psychic causes, to disjointed thinking rather than to a disjointed spine. Wherefore, let us learn to think right."

Another medical authority who has had much experience in treating cases of "nerves" is Dr. G. M. Heiron, an English physician, who explains in the London Graphic just how the human body's wonderful nerve system may be kept in working order.

"How often in these days do we hear that our friend, Mr. Jones, or our neighbor, Miss Smith, is suffering from nerves," says Dr. Heiron. "Obviously they are not desperately ill, for we see them going to and from the station, doing their shopping, or trying to take part in the social life of the town. But under whatever circumstances we happen to meet these unfortunate people they are always looking ill and complaining of some vague ache or pain; nor are they backward in pouring into our ears long accounts of their poor sleep, their lack of appetite, their irritable tempers and their inability to perform any small task without soon becoming exhausted."

What, then, are the nerves from which these unhappy people suffer? Dr. Heiron answers this question by explaining "that within the human frame there are at least two sets of nerves, whose functions are not the same.

"The first variety," he says, "are those that connect the brain and spinal cord (collectively known as the central nervous system) to the muscles of the whole body, so enabling these important structures, whereby we move about and keep our erect position, to be under the control of our conscious will.

"It is nerves of this type, which, when injured or cut, cause paralysis. For just as when our telephone wires are blown down by a storm, no message can be received or sent, so no movements of our muscles can take place if the nerves are unable to transmit orders to or from the brain. There still remains, however, another equally important, though less obvious, system of nerves to consider."

This English authority next relates how about fifty years ago a French monk, named Claude Bernard, working with very primitive apparatus, discovered that he could cause a rabbit's ear to turn red or white at will. His own further investigations led him to conclude that there were certain nerves whose duty it was to constrict and dilate the arteries and blood-vessels, and these he appropriately called constricting and dilating nerves. It is now known that not only in the ear, but in every part of the body, the arteries are accompanied by these nerves, whose function it is to allow more or less blood to pass through them by the simple expedient of making them larger or smaller.

"It may seem strange," Dr. Heiron goes on to explain, "why such very small structures, as many of these arteries are, should require special nerves to enable them constantly to adjust their size, but modern research has proved that it is a partial failure of these particular nerves that causes the ailments of which Mr. Jones and Miss Smith complain. Unfortunately, as the result of certain debilitating diseases, and also as middle age approaches, the power of the constricting nerves slowly diminishes. Instead of the blood-vessels being kept constantly at the right size they gradually become distended, and the blood consequently tends to collect in the most dependent parts of the body, that is to say, in the legs and abdomen. This produces a definite train of symptoms, which gets worse as time goes on.

"They give to their ailments different names. With one it is nerves, with another nervous dyspepsia, a third has been told he suffers from atony of the stomach, and if no other name can be found the condition is labelled neurasthenia."

The real trouble, Dr. Heiron points out, is not a failure of the digestive apparatus, of the heart, or of any other particular organ, but a failure of those nerves which, instead of keeping the blood-vessels under proper control and in a well-toned-up condition, allow them to become flabby, semi-stagnating pools.

For some years past many physicians have realized, more or less clearly, what was the condition of their patients, but they had no means of acting directly on the defaulting constrictor nerves and encouraging these to resume their functions. Recently, however, a scientist who has given many years to the study of the stimulation, both electrically and mechanically, of different varieties of nerves, has evolved a technique whereby the constricting and dilating effects can be produced upon any organ quite irrespective of all the others.

"It has been found out," says Dr. Heiron, "that at different levels of the spine these nerves emerge from the bony canal that surrounds and protects the delicate spinal cord, and, by acting upon them at these points, each organ in turn can be stimulated. An electric vibrator is used, and the results are little short of magical. Almost at once the weakened constricting nerves begin to resume their work. The blood-vessels are again controlled, and the blood, finding itself in a narrower channel, is slowly squeezed onwards. Instead of lying in a semi-stagnant condition it begins to circulate briskly and to reach the lungs, there to rid itself of its poisons and to receive adequate supplies of oxygen.

"As the weight of fluid is removed, the stomach, which was formerly hanging like a limp sack, becomes toned up, enabling it to pass on its contents before the food has time to decompose and produce gas. In a like manner the movements of the intestines become more marked, and the constipation, which is always present, becomes relieved. The brain also gets its fair share of nourishment and the feeling of weariness and lack of energy formerly experienced passes away."

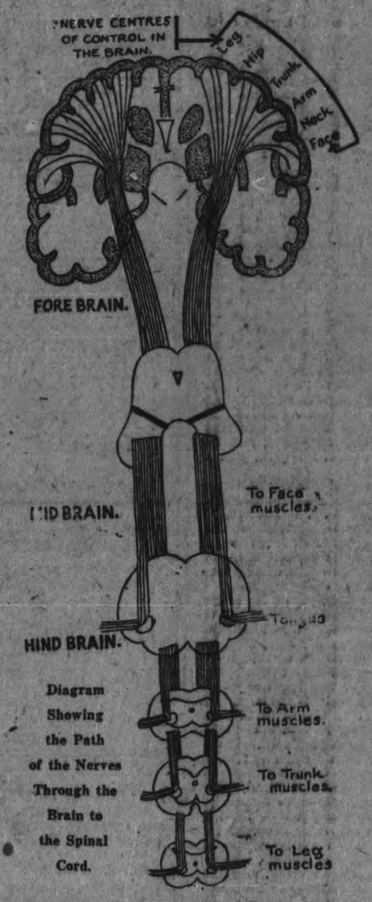


Diagram Shewing the Path of the Nerves Through the Brain to the Spinal Cord.

LAUGHTER Is Now DEFINED As an EXPRESSION of INSTINCT

MANY explanations of laughter have been given, one of the most recent being that given by Max Eastman, in "The Sense of Humor," in which he proposes that laughter is the expression of an instinct as specific as those which find expression in fear and anger. Prof. William McDougall of Harvard, however, offers an amendment to Max Eastman's theory.

In Psyche, he propounds his own, which the London Lancet summarizes and criticises, saying that according to Prof. McDougall, Eastman "fails to explain what is the essential nature of the ludicrous and what biological service is performed by laughter. The ludicrous consists in the discomfiture, usually unexpected, of our fellow-men, and philosophers have deduced a theory of pure malevolence—that it is the nature of man to rejoice at the misfortunes and defects of his fellows—or a theory that we laugh from the pleasurable thought that we are immune from such tribulations.

"As Prof. McDougall says, these theories imply a dark view of human nature, and he propounds one much more flattering to our moral self-appraisement. It is a generally recognized fact that expressions of feelings in our fellowmen tend to throw us into similar states of feeling, and in virtue of this fundamental principle we all tend to share the emotions and pains of our fellows. If, however, we always responded to minor mishaps in others by feelings of sympathy, and suffered all the minor pains of our fellow-men, we should be constantly subjected to depressing influences entailing a lowering of our own vitality; by using laughter as a defence we arrest the train of disturbing thought and benefit by the pleasing bodily stimulation.

"Laughter, Prof. McDougall suggests, is an instinctive reaction of aberrant type. The objects which primarily excite this instinct are such actions, situations and aspects of human beings as would excite in us some sympathetic pain or distress if we did not laugh. Thus there is an instinctive tendency toward sympathy and a secondary tendency to laughter as a defence against the pain of sympathy. If we accept this view we need no longer be ashamed of laughing when sympathy is due, and the hypersensitive among us who fear the pitying smile or the derisive laugh may take courage and read into them the sympathy of our fellows. Nevertheless, it is hard to believe that the man who laughs most easily at the misfortunes of others would feel the most sympathy if he did not laugh.

"Prof. McDougall has arrived at a modified conception of the ambivalency of feeling, the tendency to react emotionally in opposite ways to the same stimulus, as expressed by the phrase which he repeats, 'Laughter is akin to tears,' or by the idea that love and hatred are akin, or by the psychoanalytical claim that fear and desire arise from an identical impulse. A full conception of ambivalence could accept the theory of pure malevolence, masked indeed by the social sentiment which only allows the evil in us to appear in a disguised and comparatively harmless form, as laughter.

"The behavior of mankind in these days does not encourage us to reject theories simply because they imply a dark view of human nature; but if we do allow ourselves to be influenced in our psychological theories by what we should like to believe we might just as well be really optimistic and picture the laugh as a satisfactory and pleasure-producing defence against the evil that is in us. Then we can laugh ourselves and, thankful that good comes out of evil, have understanding of others when the laugh goes against us."

FUNGI That Will DESTROY WOOD

FUNGI that attack timbers in buildings cause enormous losses every year, particularly in textile mills, paper mills, and canning factories, where moisture and temperature conditions are unusually favorable to their growth. The problem has become more serious with the increasing use of woods of poorer quality. The United States Department of Agriculture, which has investigated this matter with a view to reducing the losses, recently issued Department Bulletin 1053, "Studies of Certain Fungi Timbers," by Walter H. Snell.

The timber formerly used in mill construction consisted in many instances of white pine and white oak, both of which are highly durable woods. In more recent years, however, these timbers have been supplanted largely by southern yellow pine, spruce and hemlock. High-grade resinous long leaf pine gives good service under exacting conditions, but the inferior grades of pine, often of more rapid growth and frequently containing a high percentage of sap-wood, have not proved satisfactory in parts of buildings where the conditions are favorable for decay. Spruce and hemlock have given poor service also under similar conditions. In one Massachusetts cotton mill built in 1900, 85 per cent. of the roof planking and a large number of the floor supports had rotted and had been replaced by hemlock, in some instances twice, between 1908 and 1914. The same investigator says that hemlock, put in green, lasted about two years. The bulletin cites a number of examples of large losses owing to rapid decay.

The main purpose of the bulletin, however, is to report a technical and scientific study of the fungi causing all this damage made with a view to gaining a better understanding of the life processes of these plants and to determine under what conditions they thrive and are spread within buildings. Considerable attention is paid to the spores, or "seeds," of these plants, the kinds that may be found within structures such as cotton mills, their abundance and lengths of life.

What a BULLET Wound TELLS DOCTOR and DETECTIVE

THE determination of the course of a bullet is frequently of as vital importance to the operating surgeon as it is to the medico-legal expert, and occasions will arise when the obtaining of a roentgenogram prior to operation is impossible. Careful study of the wound will, however, give the desired information in a large proportion of cases," says Dr. Ernest M. Vaughan of Brooklyn, medical assistant to the District Attorney of Kings County, New York.

Dr. Vaughan worked out these data in the Kings County Morgue in conjunction with Dr. W. W. Hala, pathologist of Kings County Hospital, and Dr. Carl Boettiger, Assistant County Medical Examiner.

"A bullet at long range, uninterrupted in its flight by any object of sufficient density to deflect it and striking the skin at right angles," explains Dr. Vaughan in a contribution to the Journal of the American Medical Association, "will leave a round wound with seared edges but without brush-burn. It makes a hole in the skin over soft parts that is approximately one-half the diameter of the calibre of the bullet if it enters at right angles to the presenting surface.

"If the missile strikes the skin at an acute angle to the presenting surface, the tissue will be pushed up in front of the bullet until enough has been crowded up to permit of its penetration, and, as it skids or slides on the skin before entering, it will cause a brush-burn on that side of the wound from which the bullet came. The brush-burn will vary in length with the angle at which the bullet struck the skin. Hence, the longer the brush-burn, the shallower the penetration. An imaginary line drawn through the centre of the brush-burn and the centre of the opening at which the bullet entered will give the course of the bullet within the body. To illustrate: If the brush-burn is on the right side of the opening, the bullet came from the right and its course is toward the left; and if it is on the left, the course is toward the right.

"Steel-jacketed and cupronickel lead filled bullets will travel straight ahead, and are not deflected when striking bone equally on all sides until their force is all expended. Should they hit bone on only one side of the bullet, as a bullet clipping the edge of a rib in passing, that bullet will be deflected toward the side meeting the greater resistance; i. e., the side striking bone.

"Lead bullets may or may not be deflected in their course, depending on the resistance of the bone encountered. When striking hard bone in their course, particles of lead are likely to be found along the tract.

"Bullet wounds, when the muzzle of the gun is held against the skin or clothing, are called contact wounds. Here the bullet usually enters at right angles to the presenting surface. The point of entrance may be large enough to be mistaken for a point of exit, but is surrounded by a blackened ring which is made by some of the exploding gases escaping between the end of the barrel and the surface to which it was pressed. These wounds are of such character that it is difficult to determine whether they are wounds of entrance or exit until one has demonstrated the absence or presence of powder or smudge on the skin, or until the tissues are explored for powder grains.

"Gas wounds are contact wounds, and are gaping, extensive, ragged-edged wounds into which the exploding gases have entered the opening made by the bullet and undermined the tissues, scorching and tearing them apart, and usually occur where there are layers of soft tissues overlying dense bone, as in the scalp.

"When a gun is exploded within short range of the skin or clothing, the characteristic odor of exploded powder persists, and the powder or smudge deposit on the skin or clothing indicates the direction the bullet took, the greater amount being on the side of the point of entrance of the bullet opposite from which the bullet came, as has been pointed out by Hamilton and Wadsworth.

"Revolvers in common uses, 0.25, 0.32, 0.38 and 0.45 calibres, flash about 4, 5, 7 and 9 inches, respectively. Black powder gives the greater amount of smudge and unexploded powder grains. If the gun is held in contact with the skin or clothing, a blackened ring will be formed about the wound. If the gun is held away from the skin or clothing, but near enough to be within the zone of igniting gases, the flash will make an area of smudge and powder marks. This area will be of deeper color and smaller diameter the closer the gun is held, and will gradually increase in diameter and lessen in density up to the point of the greatest flash of the gun. As the distance the gun is held from the object increases beyond the point of greatest flash, the powder and smudge area decreases in size but differs from the closer range in that the color of the smudge area is lighter. If the skin or clothing is within the area of igniting gases, it will be scorched and the skin will have the appearance of the rind of smoked ham."

Does FOOD Affect FORM of FACE?

THE preponderance of any one food in the diet, scientists have found, is a determining factor in the form of the face. An entirely vegetable diet may keep some people in good health, but it certainly produces changes in the face. Vegetarians get wrinkles sooner than those who live on a mixed diet. This results from the lack of fat-forming material, and can be rectified by a plentiful use of butter and cream.

Too much starchy food coarsens the features, and it is the immense amount of vegetable food, such as sweet potatoes or yams, and bananas, which has had much to do with giving the negro his peculiar short nose, wide mouth, and thick lips.

The Basques, a race of Northern Spain, are easily recognizable by their receding and pointed chins. This peculiarity has been caused by the fact that onions form so large a part of their diet.

Onions in moderation are most useful and healthful, but they contain a sulphurous oil which, in the long run, has the effect of relaxing the tissues of the lower part of the face.

Similarly, alcohol causes a relaxation of the face tissues, and children of drunkards are frequently seen with badly receding chins. These unfortunate children are also noticeable for lack of hair on the face and for thin hair on the head.

In caricature, an Irishman is usually represented with a long upper lip and snub nose. The cause of such a characteristic, long upper lip, according to a writer in Pearson's Weekly, is the subsisting on a potato diet for generations past.

The Eskimo folk have very small and narrow eyes. Science says that the cause of this is that their diet consists so largely of fish.

All races who live mainly upon fish have these small eyes, while, on the other hand, a diet consisting mainly of meat enlarges the size of the eyes.

This result takes time to show, but in the third and fourth generation of an Eskimo family which has been living mainly on meat the eyes are nearly always notable for their unusual size.

Sugar has a distinct effect upon the lips. Children who are fond of sweetstuff, and whose appetite has been freely indulged, will nearly always grow up with full lips. So well is this recognized that the term "sugar-mouth" is well known in medicine.

The effect of tea drinking is equally rapid. The tannin in tea has a peculiar effect upon the gums, shrivelling them up. The result is that a person who over-indulges in tea nearly always has too prominent front teeth.

Under-feeding for several generations has the curious effect of narrowing the head. The temples appear to be pinched. They do not develop as they do in a well-fed family.

Preserved INSECTS Worn as JEWELRY

THE Pharaohs of old Egypt had their scarabs, and in collections and museums today are seen these curious jewels. But modern times have not seen any material use of insects or insect patterns in the jeweler's arts. Today, however, there is quite a vogue in Paris calling for the incorporation in pendants, necklaces and pins, not of the mere counterfeit presentment of insects, but of the actual insects themselves, preserved in one way or another. The Parisian jewelers follow here the lead of the Egyptians, in that they employ for the most part exotic coleoptera (in the vulgar tongue, beetles) of warm and iridescent colorings.

Beetle jewelry, in spite of its bizarre character, has certain features of attractiveness. The smaller species, like the lady-bugs or lady-birds or lady-beetles, known under one or another of these names wherever English is spoken, are for the most part seen in the form of necklaces or circlets of some description, while the larger beetles are nicely available for use, single, in more pretentious ornaments of the clasp or brooch or stick-pin order.

The originators of this curious fashion say that the insects worn in this manner are by no means stone replicas, but actually the natural insects themselves, metallized or ossified according to one of several processes known for this purpose. The variety of treatment of which this type of jewelry is susceptible is wide.

How the MUSICAL TYPEWRITER Plays MUSIC While IT IS Being WRITTEN

THE music world has been revolutionized by a new contrivance—the musical typewriter—a combination of two devices, perfected by Dr. Moritz Stoebs, a professor of bacteriology—one which transposes mechanically while the other writes down music while it is played. Finished composers and amateur music-writers can now rest easy, for they will be able to save much time and monotony which hitherto has annoyed them.

These new contributions consist of a portable keyboard, which may be superimposed upon any piano and a typewriter device which operates in such a way that the keys of the piano are indirectly the keys of the typewriter itself, so that, as one plays, the music performed is transcribed to paper.

If, however, the composer does not own a piano, he can place the contrivance on a desk or chair and play the silent keyboard while the roller records the harmony or discord.

The illustration shows a young composer operating this latest invention, using her desk in place of a piano.

Playing the Musical Typewriter. A Desk Takes the Place of a Piano.

PETERBORO' DISTRICT HELD A SUCCESSFUL CONVENTION

Afternoon and Evening Meetings in Trinity Church—Officers Elected—District Well Represented.

A successful Convention on Young Peoples' Work, under the auspices of the Religious Education Council of the Peterboro District, was held in Trinity Methodist church yesterday and though all the Leagues on the district were not represented by delegates, yet both information and inspiration were gained by the workers present that will be of valuable assistance in carrying out the year's program. The president of the district, Miss Pearl Burnham, Millbrook occupied the chair at the afternoon session, and in the absence of Rev. R. M. Paterson, who was to have given the opening address on, "Why are we here?", Rev. A. J. Langford prefaced his address on "Worship in the League", with a brief remarks which induced the spirit of thoughtfulness as to the real reason for the gathering, and made a keener interest manifest when the importance of the occasion was realized. The purpose of worship, the speaker said, is to experience the presence of God, and to bring about a consciousness of unity between the human and the Divine. The attitude of worship is conducive to its spirit hence in our League meetings kneeling in prayer is preferable to sitting upright and quite possibly having the attention distracted, and an entire absence of any real worship during the prayer period. We may worship in silence, or through song, thanksgiving, petition, the study of the topic, or other accessories, but the resultant of real worship is an absolute accord with the Divine will.

Missions in League

Rev. P. Greatrex led in prayer for our missionary in China, Rev. E. W. Hibbart, before Rev J. E. Beckel of Bethany, spoke on "Missions in the League". Mr Beckel explained that the objective this year is $2000, divided equally between the Sunday Schools and the Young Peoples' Societies on the district. In the Bay of Quinte Conference Peterboro district is second only to Bowmanvill in its missionary givigs, but some increase will be necessary if the objective is to be fully reached. Mr. C. E. McKee, president of the George Street League spoke on, "Loyalty in the League", throwing out many helpful suggestions, and Mr. F. Alcorn, Millbrook, followed with "Citizenship in the League", summing up some excellent points whereby this department may be made of real value to the community.

The district secretary, Rev. C. S. Reddick, who always has some thought-provoking suggestions to offer, gave a brief outline of the subject, "What do our weekly programs mean?" making it clear that while we are training for service we must not forget that all Christian living is service and what we need is a program that will leave out no important phase of the life of our young people. Perhaps what is wanted is a program similar to that used by the Tuxis Square, and if headquarters does not provide such, would it be possible for the district officers to plan one that would cover, say, a year's work, and that would meet the present lack in co-relating the different departments in our young people's societies?

The two-minute reports from the Leagues on the district were amongst the most interesting items of the afternoon gathering, though unfortunately only six out of the eleven were represented including: George street, Peterboro, Trinity, St. James, Millbrook, Lakefield, and Bethany; however it was quite evident from the work being done that the League is for from a decadent institution, but rather fills a most important place in the training and religious life of our young people. Rev. Harold Young gave the concluding address bringing out two practical points, viz., That the sense of the importance of League work needs to be emphasized. It is a big job worth while putting all of ourselves into it; second, That there should be definite, positive progress, the command, "Arise, let us go hence being literally carried out; do bigger things, and get every person in the League behind the work of the Society.

A Joint Meeting

A joint meeting of the District Religious Education Council and the League Executive was held between the afternoon and evening sessions for the discussion of business items, particularly the appointment of the officers for the ensuing year, the following being chosen: President, Mr John Kennett, Peterboro, 1st vice-president, Mr. C. E. McKee, Peterboro, 2nd vice-president, Mr. M. H. Monk, Bethany, 3rd vice-president, Mr. Edwin Rowe, Peterboro, 4th vice-president, M. F. Alcorn, Millbrook, 5th vice-president, Mrs. S. R. Nicholls, Bailieboro, secretary, Rev. C. S. Reddick, Lakefield, treasurer, Mrs. W. H. Morton, Peterboro, Conference representative, Rev. H. Wilkinson, Pontypool.

A banquet, under the direction of the four Methodist churches of Peterboro, was held in the Reid street S. S. Hall at 6.30 p.m. the guests remaining seated about the tables while the evening program was carried out Rev. Andrew McLaughlin of Keene, showed some views of the Conference Winter School, which will be held at Cobourg, January 8 to 15, 1923, and also brought greetings from the Conference League to the Convention, and a statement of some of the changes made by the General Conference in regard to the Young People's organizations. A special offering to provide a Christmas gift for our missionary in China Rev. E. W. Hibbart, was taken up and met with a generous response.

Evening Address

The first speaker was Rev. S. T. Tucker, who gave a splendid address on the "Spiritual Aims and Principles of Religious Education", emphasizing the fact that while we have divorced moral and religious teaching in secular education, yet the church is aiming to develop the fourfold life of the boys and girls, learning from psychology how to adapt truth, and from pedagogy how best to present it to the varying ages. To teach that religion is life, not just a compartmen; that it is the capstone of all science and is couteracting materialism, and atheisism, is the aim of the religious education program of the church. As a result of it the growing lives realize God manifest in a very real form, and that they are a part of His great plan for the universe.

Rev. Harold Young followed, using as the basis of his remarks an extract from H. .D Thoreau, "I have in my cabin at Walden three chairs, one for solitude, two for friendship, three for crowds, and going on to show that while periods of solitude are necessary for introspective thinking, yet no life is complete which hardes itself to the call and needs of the world without. Neither can any life be rounded out to full completeness without friendship—one of the holiest relationships God has given to enrich our journey here; Dante and Beatrice, Robert Browning and his devoted wife, Tennyson and Hallam are notable examples: 'to live one's life into some other life in a time of need", this is to gain a vision of God through love seen in the eyes of a friend, "Three for crowds", service to humanity is a duty; Jesus might have lived His life in the carpenter shop, but He went out into the city streets, into te highways, and byways, though it meant at the end a cross. Our obligation the is to "Live in a house by the side of the road, and be a friend to man".

A very impressive closing service was conducted by Rev. J. E. Beckel, binding all the workers together in a circle of prayer and consecration after which Rev. H. Wilkinson pronounced th ebenediction. Rev. C. S. Reddick acted as chairman for the evening gathering.

CASCARETS 10¢

For Constipated Bowels—Bilious Liver

The nicest cathartic-laxative to physic your bowels when you have

Headache Biliousness
Colds Indigestion
Dizziness Sour Stomach

is candy-like Cascarets. One or two to-night will empty your bowels completely by morning and you will feel splendid. "They work while you sleep." Cascarets never stir you up or gripe like Salts, Pills, Calomel, or Oil and they cost only ten cents a box. Children love Cascarets too.

INTERDENOMINATIONAL

REVIVAL SERVICES

Will Open On

SUNDAY

AT 3.30 P.M. IN THE

ROYAL Theatre

"Billy" Matheson

noted Evangelist, ex-saloonkeeper, prize fighter, gambler and general bad man, now carrying on a real "fight to save souls."

Rev. J. J. McCaskill of St. Matthew's Presbyterian Church, St. John's, N. B., says of him:

"He has proved again that the ancients were true when they said regarding this Book; 'There is none that hath made an end of learning it, there is none that will ever find out all its mystery, for its wisdom is richer than any sea, and its words deeper than any abyss.' And how he does preach! Summoning to righteousness, arousing enthusiasm, recreating visions of the living Jesus, and doing it all in the most natural, vivacious, animated way. There is no man in any pulpit today, as far as I am aware, who is more completely saturated with the poetry and vision of the Bible. He proves again that Christianity is built on the simple faith of simple souls."

Hear him in the afternoon, and again at the Royal Theatre in the evening at 8.30, when he will tell his thrilling life experience.

Big, earnest, forceful, eloquent Mr. Matheson is a most impressive speaker, handling his subjects in a most original style.

WEEK-DAY MEETINGS

During the week the meetings will be held in Bethany Tabernacle at 7.30 every evening, including Saturday.

Further announcement will be made from time to time.

PRODUCE MARKETS

PETERBOROUGH MARKETS.

Grains are up slightly in price, with small advances in wheat, oats, rye and buckwheat. Creamery butter has advanced also a cent or two on the pound, and live hogs are descending weekly in price. Grapes are plentiful in the fruit stores, with pears of the pickling variety in quantities. One dealer has a large lot of the white onions at very low prices.
